INVITE TENDERS FOR DREDGING NORTH ARM

Tenders are being invited by the Department of Public Works to July 30, for dredging at North Arm of Fraser River. Notice of tender appears elsewhere in these columns.

CONTRACT AWARDED FOR REMODELLING OLD SAFE BLOCK

Architect A. E. Henderson, Davis Chambers Building, has awarded a contract to J. B. Arthur for remodelling of the Old Safe Block on Seymour street. The amount of the contract is $4,653.

The heating contract, amounting to $1,295, was given to the Vancouver Gas Co., who will install the Rector system of gas heating.

TO BUILD ATTRACTIVE BUNGALOW IN POINT GREY

Estimates have been received by Architect Edwardes Sproat, 303 Duncan Building, for an attractive bungalow to be erected in West Point Grey for D. Fairbank, Esq., and notice of the successful contractor will appear later in these columns. The bungalow is having an open pergola to the front with plassic columns and will be finished in stucco. Hardwood floors and hot water heating is also included. The estimated cost is $4,500.

Mr. Sproat is preparing plans and will be calling for figures shortly for the construction of an eight room home in Kitsilano, a bungalow in Point Grey and one in Grandview.

TO START WORK SOON ON NEW CORDAGE FACTORY

NEW WESTMINSTER.—Announcement was made by Capt. O. B. Eller, manager of the Western Cordage Company, a new organization composed of returned soldiers, that it had been definitely decided to locate the proposed $100,000 cordage factory and plant in the Royal City. The company, which has been duly incorporated with a capital stock of $300,000, of which the returned men have already put up $60,000 in cash, expects to be in a position to call for tenders for the main building of the plant in a couple of weeks at the most.

The company also expects to receive within the next few days the first instalment of the $200,000 loan which they will receive from the Provincial Government under the provisions of the Industrial Development Act. Orders have already been placed in the East for the most modern machinery and equipment for a cordage plant, but it is not expected that deliveries of machinery will be received for at least six months. The interval, however, will be employed in getting the factory erected and all ready to instal the machinery when it arrives. The plant will provide work for between 80 and 90 men, and there are considerable orders already in sight.

ROYAL CITY TO START BUILDING SOLDIERS' HOMES IN FORTNIGHT

NEW WESTMINSTER.—The special civic housing committee has prepared a report for submission to the city council at its next meeting, showing that everything is now practically in readiness for a commencement by the city on the erection of the new dwellings under the Soldier Housing Act. There are a few minor details and technicalities to be arranged with the Provincial Government, and Mayor Gray plans to visit the capital about the end of the week to clear up these matters with the cabinet, so that the housing scheme can be put into effect within the next fornight anyway.

MEMORIAL HALL CAMPAIGN

SOUTH VANCOUVER.—Complete reorganization has been effected in the South Vancouver Memorial Hall Fund campaign, which is to be launched on July 19, and it is expected that as a result of the new plan to be put under way on that date there will be little delay in securing sufficient funds to make an early start on the Memorial Hall.

RUBBER TIRE COMPANY WILL ERECT FACTORY IN SOUTH VANCOUVER

SOUTH VANCOUVER.—As a result of negotiations which have been under way for some time Commissioner F. T. Gillespie announced to The Record yesterday that the Gregory Tire & Rubber Company had decided to locate its new plant in South Vancouver. The concessions offered the company and which led to the choice of South Vancouver for the factory, were ten years' exemption from taxation and water supplied at a very low rate—simply what it cost the municipality.

WHAT OF OUR HOUSING SCHEME?

Now that the labor storms and the squalls of unrest have died down, the problems of housing are sure to come to the front again in Vancouver. The past month and a half have been practically lost to the city, and a strong and concerted effort will have to be made to pick up the ends of the various civic and soldiers' housing projects which were just in process of being realized in some sort of concrete form when the strike was called.

The housing problem confronting Vancouver is no light or simple one. This has already been made quite apparent in the difficulty the authorities were having in arriving at acceptable or workable schemes whereby fairly large building operations could be set in motion. It was thought more than two months ago that too much time was being wasted in arriving at a plan when the need for prompt action was so pressing. But the tense situation and the deadlock and stoppage of building operations produced by the strike—incomplete though it was—will perhaps make it more difficult, than ever to form a rapid decision as to how a housing scheme should be carried through.

But while special committees and civic authorities are still somewhat blindly groping their way along what is all new ground to them, a plan that certainly looks logical has been outlined by a Winnipeg journal which should go a long way to benefitting returned soldiers who are settling in the city and want to own their own home here. Briefly speaking, this plan comprises making the soldiers' gratuity money the neucleus of a loan which would cover the cost of erecting suitable houses on such sites as the soldiers might select, the balance of the loan to be made up from the Government Housing Fund, and from money loaned by private loan companies, interest in no case to exceed 5½ per cent.

This plan, which has been declared quite feasible and practicable by a number of returned soldiers and officers, would have enabled immediate action to be taken as far as the returned men were involved. It would have given the choice of location to the buyer of the house himself, and it would also have put the soldier's gratuity allowance to probably the very best use that could be made of it. This scheme also involves taking advantage of purchasing all building material in large lots so as to secure the lowest possible prices.

The main thing, however, is to review the building question and devise ways and means that will lead to action. Mayor Gale has urged on the civic housing committee the need for some immediate action, and he has pointed out that the city has a serious housing problem on its hands. There is an ever-increasing shortage of moderate priced houses, and already the evils arising from this shortage are hurting the city's growth and welfare as well as giving a false and bad impression of the city to the many returned soldiers from other parts of Canada who are coming here in the belief that it is the most promising locality in the whole Dominion. The thing now is to tackle the problem—to go after it hard.

CONTRACTS AWARDED

WINNIPEG.—Contracts aggregating $180,948 have been awarded by the provincial department of public works for work connected with the Portage la Prairie power transmission lines.

MINING

The last shipment of 280 and a half tons from the Premier on Salmon river to the Tacoma smelter gave returns of $101,000.

Operations have been resumed at the Telkwa Colleries and the company has several teams hauling the output to the bunkers at the depot.

The annual general meeting of the shareholders of the Cork-Province Mines, Ltd., will be held at the head office of the company on the 16th of July.

The Consolidated of Trail has closed a deal with A. Grade of Prince Rupert for five claims on Sibola Mountain, about fifty miles from Dean Channel. The amount is $250,000, and the first payment has been made.—Greenwood Ledge.

Stewart, B. C.—Advices from here state that very rich veins of silver ore have been encountered in the Premier mine on the Salmon River. Financial interests from New York, Butte and San Francisco are making examinations of the mine.

GAS HEATING IN THE HOME
By means of the Rector system of gas radiators you can heat your home as economically as with coal and the system is no more costly to install than a hot water system.
You can decide the temperature of each room and the thermostat does the rest. You can attach an alarm clock to the radiator in your bedroom and have the heat shut off at night and turned on before you wake up.
All the drudgery of tending a furnace, all work you used to do in the basement can be done by us at the gas works.
Your inquiries are solicited.

WINNIPEG RIVER POWER PLANT

WINNIPEG.—The Winnipeg River Power Company has started constructing a huge power plant at Du Bonnet Falls, on the Winnipeg River, 75 miles northeast of Winnipeg. The project, which will be completed in two years, will cost between $6,000,000 and $7,000,000. The company, which is closely allied with the Winnipeg Electric Railway Company, intends not only to sell power to this company, but to develop an extensive power business in towns throughout Manitoba.

CALL TENDERS SOON FOR BETTER HOUSING SCHEME

It is expected that during the month tenders will be called for the first set of houses to be erected under the better housing scheme for Vancouver.

Plans are now on file in the office of the City Building Inspector. Mr. R. J. Williams City Claims Agent, is in charge of the Administration work.

NEW GARAGE BUILDING PLANNED FOR KINGSWAY

Tenders are being invited by Architects Honeyman & Curtis Credit Foncier Building for the construction of a Commercial Garage Building to be erected at the corner of Eight avenue and Kingsway for the Vancouver Motors Limited.

The plans call for a one-story and basement ,hollow tile and reinforced concrete structure with an attraction show room and space provided for the storage of cars and repair department.

The fellow who has lots of "gray" matter is seldom blue!

Every lie is a liability!

TENDERS FOR HIGHWAY CONSTRUCTION.

* * *

Dominion Parks.

* * *

Sealed tenders addressed to the Deputy Minister, Department of the Interior, Ottawa, and marked on the envelope "Tenders for Highway Construction," will be received at this Department until Friday noon on the Eighteenth Day of July, 1919, for the construction of:—

(No. 2) Castle-Laggan Highway Second Section from Station 355 x 00 to Station 960 x 00, Rocky Mountains Park, Alberta. Contractors may tender for the complete work or separately for two timber bridges, one over Corral Creek at Station 785 x 00 and one over Pipestone Creek at Station 732 x 00.

(No. 4) Mount Revelstoke Highway from Station 643 x 00 to Station 747 x 00, Mount Revelstoke Park, Field, B. C.

Each item must be tendered for separately.

Each tender must be accompanied by an accepted cheque on a chartered bank in favor of the Deputy Minister of the Interior to a sum equal to 5% of the total amount of such tender. The deposit of the unsuccessful tenderers will be promptly returned to them, while that of the successful tenderers will be retained as a guarantee of the acceptance of the contract and the satisfactory completion of the work.

Plans and copies of contract may be examined and specifications may be had from the Commissioner of Dominion Parks, Ottawa, Ontario; the Superintendents of the Dominion Parks at Banff, Alberta; Jasper, Alberta, or Field, British Columbia; the Dominion Lands Offices at Moosejaw, Edmonton, Calgary, Revelstoke, Kamloops and New Westminster, and the Office of the Inspector of Dominion Lands Agencies, Winnipeg, Manitoba.

The lowest or any tender not necessarily accepted.

The unauthorized insertion of this advertisement in any newspaper will not be paid for.
