BUILDING ON HASTINGS ST. IS UNDERGOING REPAIRS

Dixon & Murray, 1065 Dunsmuir street, general carpenters and store front contractors, are making repairs and alterations to 60-62-70 Hastings street east. A new marble base front is being installed and the interior of the buildings are being given a general overhauling.

CONCRETE TENDERS ARE BEING ASKED FOR

Tenders are being asked for by the firm of Matheson & DeGuerre, architects and Engineers, 508 Northwest Building, for approximately 100 yards of concrete work in connection with the construction of the First Church of Christ Scientists, which is being erected in the 1100 Block, on Georgia street.

COOPERAGE SHED AND BARREL FILLING HOUSE

The Imperial Oil Company have awarded a contract to the Taylor Engineering Company, Credit Foncier Building, for the construction of a one storey brick and concrete building, 40x60 feet, to be used for a cooperage shed and barrell filling house. The new building will cost $6,000.

WILL COMPLETE ORNAMENTAL WORK FOR TELEPHONE BUILDING

The Westminster Iron Works who have just completed their contract for the ornamental iron work of the B. C. Telephone Co.'s new building on Seymour street, have been awarded a contract for the second portion of this work which is required to complete the building.

FIVE STOREY BRICK BUILDING IS PLANNED

Will Be Located on Pender St. East.

The Chin You Fon Company, a large Chinese exporting and importing concern, have just purchased a piece of property on Pender St. East, between Main street and Gore avenue, and have had plans prepared for the construction of a 5-storey brick building which will cost in the neighborhood of $70,000. It is expected that work will be commenced in the very near future, but whether the Company will call for tenders for the construction work is not known at this time, but further details will be published later.

YOUR PLEDGE AND MINE

The Allies shall win his war. Therefore I will work, I will sacrifice, I will endure, I will fight—cheerfully and to my utmost—as if the whole issue of the struggle depended on me alone.

VICTORIA NOTES.

Forest fires in the Vancouver district alone cost the province $5,000 last week, and while the general situation in all sections of British Columbia was considerably relieved by the rains, the report reaching the forest branch of the department of lands this morning indicates that conditions are still extremely hazardous. Kamloops reports the situation as safe for the moment.

The Kimberly fire in the Cranbrook section is under control. There is a bad fire at Gateway. A large fire at Osprey Lake, in the Vernon district, is still smouldering. A big fire in the Atlin district is still raging, but no material damage is reported.

BURNABY NOTES

Mr. A. E. Foreman, public works engineer, Victoria, notified the council that an appropriation of $10,000 has been made for continuing the hard surfacing of the Hastings-Barnet road, provided the council spends a similar amount on the work. He asked what steps the council proposed to take to carry out the work, which must be in accordance with plans and specifications approved by the department. The clerk was authorized to reply.

Board of works estimates for the two weeks commencing July 22 totalled $2086.75, including $877.50 for oiling. Contingent expenditure for the period ending July 12 amounted to $292.15.

The proposed expenditure was allocated as follows: Ward One, $204; Ward Two, $459.50; Ward Three, $98.50; Ward Four, $474.50; Ward Five, $270.50; Ward Six, $524.75; Kingsway, $55.

IOCO NOTES.

In addition to facilitating transportation by road for the company's commerce there is a scheme afoot to build thirty or forty cottages for employees outside the plant but conveniently near for the workmen.

CLOVERDALE NOTES.

Improement to and enlargement of the plant of the Liverpool Canning Co. across the Fraser River from New Westminster depends largely

SHIPBUILDING AND MARINE NEWS

LYALL YARDS LAND LARGE SHIP ORDER

It was learned on Saturday that Montreal interests have placed a contract for the construction of twenty-four wooden steamers with the Lyall Shipbuilding Company of North Vancouver. The agreement was reached in the early part of the week, when officials of the contracting firm were in the east. Work on the vessels is to be rushed with the utmost despatch.

The steamers will be of a slightly larger type than those which have been constructed in British Columbia under previous contracts, being 3500 tons instead of 2700 tons.

The timber required for the construction of the vessels will be obtained from all the mills in the province which are able to furnish the sizes and descriptions needed.

A general scale of prices has been arranged and the details of the various sub-contracts are all practically settled.

CONTRACTS LET FOR STEEL VESSELS

TACOMA, WN.—While not fully advised, it is believed that the Todd Drydock & Construction Corporation plant here has secured contracts for 12 additional 7,500-ton ships of the type now building at the yards. It is possible that this word, which was received from the Emergency Fleet corporation, may relate to the signing of contracts for vessels awarded this company some months ago. This means an expenditure of from $15,000,00 to $18,000,000 for these vessels.

GETS CONCRETE SHIP CONTRACT FOR EVERETT

A special despatch from Washington, D.C., reports that contracts for building concrete ships to the total value of about $2,000,000 had been awarded to the West Coast Shipbuilding Co. of Everett, Wn.

British Columbia Yards

Following is a list of the Shipbuilding companies of British Columbia now actively engaged in ship construction or recently organized:

Steel Shipbuilding Plants.
Coughlan Shipbuilding Co., Vancouver.
Wallace Shipyards, North Vancouver.

Wood Shipbuilding Plants.
Cameron Genoa Mills Shipbuilders Ltd., Victoria.
Foundation Company of B. C. Ltd., Victoria.
Lyall Shipbuilding Co., North Vancouver.
New Westminster Eng. & Const. Co., Poplar Island.
Pacific Construction Co., Ltd., Port Coquitlam.
Standard Shipbuilding Co., Vancouver.
Wallace Shipyards Ltd., Vancouver.
Western Canada Shipyards Ltd., Vancouver.

Mining News

At Camp McKinney, Mader & Savage have installed machinery, and will begin milling the Cariboo dump. Some ten years ago a bunch from Phoenix spent over $20,000 on the mine, and did not get a cent out of it—not even a stock certificate.

There are 40 men at the Bosun mine, near New Denver. The product is shipped to the Rosebery mill where about 20 men are employed, and about 150 tons treated daily. The Surprise company recently re-built this mill at an expense of $30,000.

The fiscal year of the Granby Consolidated ended on June 30, and it is expected the report will show a copper yield of approximately 43,000,000 pounds, compared with 42,000,000 pounds in the 1916-17 period. Cost of production, it is expected, will be a little higher, but with only 150,000 shares outstanding it is believed that an excellent showing will be made. Earning are at the rate of $350,000 to $400,000 per month, less bond interest, dividends, and other items.

For the first half of the year 1918 the tonnage of ore received for treatment at the Trail smelter of the Consolidated company from both custom and company properties, is almost identical with the amount received for the same period of time in the year 1917—the difference being but 119 tons. In six months of 1918 the receipts of ore and concentrates were 179,274 tons, while in 1917 they amounted to 179,493 tons. March showed the largest receipts of any month this year with 41,725 tons, and June has the record of the smallest month thus far, having but 17,965 tons.

HOBOES REPORT LOVELY RIDE IN PACKARD MODEL

The fine sense of appreciation of J. Footsore Finnegan—and other peripatetic birds of the bumpers—is proverbial. Rarely does he enjoy the hospitality of some absent host without leaving a note expressing his gratitude. And invariably that is about all he does leave. Witness this from the salubrious Pacific slope:

A Packard brougham was shipped to Earle C. Anthony, the Los Angeles dealer, in a closed freight car containing other merchandise, including three hoboes. And it may be assumed that when three bo's find themselves traveling across country with a luxurious passenger car they are not going to spend their sleeping hour on a shipment of horseshoes or drain tile. In this case they didn't. When the car unveiled at Los Angeles it was very evident that the satorial derelicts had used it for a traveling hotel. And as is customary with certain hotel guests they annexed all movable articles, such as interior fittings, for later use. But they left the usual note. It read:

"Packard Motor Car Company:

"We have just had a delightful demonstration ride in your lovely Packard limousine, and we are delighted with it. While it is true we did not see much scenery, the sides of the box car preventing, the vehicle rode very smoothly, with an unsurpassed degree of comfort, and the next automobile we buy, will surely be a Packard. There is just one request we would like to make, and that is, that in the future your company build your limousines about six feet longer, as we found considerable difficulty in three of us sleeping comfortably in this bed at one time.

(Signed) "A PACKARD TOURIST."

EMPLOYS WOMEN.

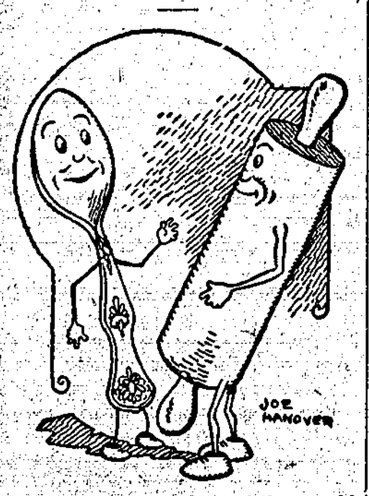
The Federal Motor Truck Company, Detroit, has started to employ women in its assembly department. Nearly fifty women are at work in this plant and are proving very satisfactory. The company is planning to add to the number.

AUTO'S VALUE IN LIFE GREAT, SAYS HUGHSON

"It can be truly described as remarkable how the passenger car has become interwoven with the broad scheme of life," says W. L. Hughson of the KisselKar.

"It has become a necessity—an every-day utility—which we could not get along without. It plays an important part in solving new problems that bear on the saving of time and increasing greater efficiency—the two great essentials to our national economic life."

COOKING UTENSILS



Sugar Spoon—I'm one of those golden spoons that get born in people's mouths.

Rolling Pin—You haven't got anything on me in the wealth line. I'm rolling in dough all the time.

AT YOUR SERVICE.

If you want to reach the man who buys: Building Materials, Machinery, Hardware, Electrical and Plumbing supplies, Motor Trucks, Iron and Steel, etc., it will pay you to be represented in the British Columbia Record.

The British Columbia Record is the only building and construction newspaper in British Columbia consulted every other day by Contractors, Engineers, Architects, Building Material Dealers, Shipbuilders, Lumber Mills, and Mining Companies.

upon the result of an apeal by representatives of the concern to Surrey Council on Saturday. They ask for access to the plant off the Yale road, and so urgent is their appeal that the municipal engineer will prepare a plan of the work at once.

It is pointed out that the plant is an important adjunct to the industrial life of Surrey, inasmuch as its payroll for the past year was in excess of $39,000 and from 30 to 100 hands employed.

PEMBROKE HAS $300,000 FIRE

Ontario Town Visited by Second Big Conflagration in One Month.

...PEMBROKE, Ont.—July 15.—Starting where the conflagration of June 15 raged, Pembroke this morning had another disastrous fire visitation, involving a loss of $300,000, in which is included one of the town's most important industries, the plant of the Thomas Pink Company, Ltd., munitions manufacturers.

The damage to this firm's premises is estimated at $250,000.

NOTICE TO CONTRACTORS

New Denver School

Sealed tenders suberscribed "Tender for New Denver School," will be received by the Honorable the Minister of Public Works up to 12 o'clock noon of Tuesday, the 23rd day of July, 1918, for the erection and completion of a two-room school and outbuildings at New Denver in the Slocan Electoral District, B. C.

Plans and specifications, forms of contract and further particulars can now be had at the office of the Government Agent, Court House, Vancouver.

Lowest or any tender not necessarily accepted.

A. E. FOREMAN,
Public Works Engineer.
Department of Public Works,
Victoria, B. C., June 27th, 1918.

PROPOSALS WANTED

MISCELLANEOUS PROPOSALS

Architects Gardiner & Mercer, 827 Birks Building, are asking for tenders for the construction of a large cannery building, to be erected for Watson Bros., fish curers and smokers, on lot 47, Industrial Island.

Plans are now being prepared by architects Gardiner & Mercer for Schaake Company Ltd., Industrial Island, for the enlargement of their present shop building, store house, new pattern shops and a new foundry building 120x40 feet. As soon as the plans are completed tenders will be called for, a notice of which will appear in this paper.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. No more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall permitted to purchase whatever available surface rights may be considered necessary for the working of the mine furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined, and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.
