WILL AWARD BUNGALOW CONTRACT THIS WEEK

Architect A. Campbell Hope, Metropolitan building, has opened tenders for the construction of a new bungalow in the Shaughnessy Heights section, which is to be erected for a prominent Vancouver business man. He expects to award the contract this week after a conference with the owner. Six figures were submitted for the new dwelling, ranging from $7,000 to $7,800.

TENDERS INVITED FOR MATSQUI SCHOOL WORK

MATSQUI — Secretary S. Leslie Brice of the Matsqui School Board is inviting tenders for the construction of an additional room to the Aberdeen school, and also the task of raising the Mt. Lehman school and putting in a concrete basement to form a lower story. Tenders will be received up to noon of August 2. Plans and specifications may be seen at the secretary's house, Mt. Lehman.

TENDERS CALLED FOR SCHOOL AT PENTICTON

PENTICTON—The Penticton school board is now calling for tenders for the erection of the proposed new eight-room public school for which the plans have just been completed by Architects Bell & Curtis of Vernon. Tenders will close at noon of Tuesday, August 26, and will be received until then by Mr. George A. McDonald, secretary of the school board. The new school is to be of brick construction and is expected to cost in the neighborhood of $80,000. All tenders must be accompanied by a deposit equal to five per cent. of the amount of the tender.

INTEND TO BUILD WHARF AT SUMMERLAND SOON

NARAMATA—Plans are being prepared by the Naramata Supply Company for the construction of a wharf and fruit storage shed, to be erected at Summerland, B. C., on Okanagan Lake. Application or permission to construct the wharf has already been made to the minister of public works at Ottawa in compliance with the regulations of the Navigable Water Act. The new wharf is to be 275 feet in length with a width of 50 feet. As soon as the necessary permission has been obtained from Ottawa, the company proposes to call for tenders for the construction of the wharf and storage warehouse.

GEORGE WILSON GETS CONTRACT FOR DEPOT

NANAIMO.—Mr. George F. Wilson, of this city is the successful bidder on the erection of the new depot for the E. & N. Railway, which has been under consideration for some time. The contract for the new station was signed last Saturday and Mr. Wilson is to start work on it at once.

The new station is to be of mill construction with brick veneer and rough-cast finish. It will be 131 feet long by 36 feet wide with a concrete foundation and full cement basement. It is to be erected on the vacant space between the present depot and Selby street. A spur line which runs across the site will be torn up and when the new station is completed the tracks will be relaid to run immediately in front of the new depot.

Involving an expenditure of about $25,000, the new depot will give much better railway facilities to Nanaimo, which have been sadly needed for some time. The central portion of the station will be two stories high, with offices on the ground floor and rooms above for accomodation for station staff. The baggage rooms, waiting rooms and other depot accessories will be located in the one-story wings at either end of the station building.

PLANS NEW ATHLETIC PARK FOR MAIN STREET

Mr. Con Jones, the well known local sports promoter, is out with a brand new plan for a big athletic park right in the heart of the city, just off Main street, on the reclaimed

OFFICIAL ORGAN.

The British Columbia Record is the official organ of The Architectural Institute of British Columbia, federated with The Royal Architectural Institute of Canada and as such is used by them as the medium through which to make their official announcements to the general public.

By such selection the British Columbia Record is no wise pledged to editorial support of any policy advanced by these societies, but maintains an absolutely independent position on all matters subject to editorial opinion.

BUILDING EXPERT PREDICTS PRICES WILL NOT DROP FOR FIVE YEARS

The building situation with its accompanying high prices and growing scarcity of materials is an all-absorbing topic with architects, engineers and contractors, and opinions are varied as to just what is to be the outcome. Whether construction will proceed with a boom, or whether there will be a complete cessation of building operations in the hope of seeing material prices drop are questions which would seem time alone will answer. Builders are advised to wait no longer in an article in the Literary Digest, which says:

"Do not put off till next year the building that might be started this summer, is, in short, the advice given to prospective builders and investors concerned about building, by Mr. Allen E. Reals, secretary of the Dow Service Daily Building Reports. Building costs are excessively high, but this expert insists that nothing is to be gained by waiting unless one is prepared to wait five years or more. In a signed article on the financial page of the New York American reminds us that "after the American civil war thirteen years elapsed before the price of building materials reverted to pre-war levels."

Even though the price peak of materials may be reached in less time than that, it seems to this authority on the building market that there will be a high price level either at or above the present prices which will be maintained for a long time. So the best things for the builder to do is to start his plans at once instead of waiting until next spring and finding that prices are still higher. The builder need not expect a speedy job. Up to the present the lack of labor has been interfering with the completion of much of the work under way in the Eastern States, but Mr. Reals believes that "from this time forth the regarding factor will concern itself to the ability of getting materials as they are needed." But there are things that are decidedly in the builder's favor, he believes. They include the present market price, for building material will not suddenly recede. The man who builds now will be assured of high returns upon his enterprise for at least two years after the supply of building material and their prices return to an approximate normal level, and he will get probably a better constructed building because less reliable contractors are now out of the market.

Discussing the whole building material situation, Mr. Reals notes that "since the armistice a year and a half ago, the building interests have passed through a vale of paradoxes that has no parallel in war or any other era in the memory of business men."

PENTICTON PLANNING TO ENLARGE HOSPITAL

PENTICTON—The Penticton Hospital Board has a man's size problem on its hands at present and has already held one meeting and will hold another conference with the city council soon to wrestle with the question of whether to build a new wing to the existing hospital or an entirely new modern fire-proof building.

While the majority of the board favor the latter course and there is no question but that a new hospital building is needed, the question of raising the $100,000 or $150,000 needed is a big problem and one that apparently offers no easy solution at present.

At the meeting of the board last week Mrs. Runnions, matron attended and strongly pressed for the construction of a maternity wing to the present hospital building, claiming that was the most urgent necessity at present. She pointed out she had nine maternity cases at one time recently, which overtaxed the accommodation available. Architect Lindsay Swan, of the firm of Swan & Augustine, also attended the meeting and submitted alternative sketch plans for a new maternity wing and also a new main building. The board is to meet again this week to decide what to do in the way of a building programme. It is considered probable that effort will be first centered on a new wing to accommodate maternity and other cases as being what is best needed to fill a pressing need. The new wing will cost about $19,000.

EXAMINING BOARD FOR PLUMBERS APPOINTED

An amendment to the city health bylaw was passed by the city council on Monday which further amends that bylaw and provides for an examining board which will pass upon the credentials and qualifications of all master and journeymen plumbers in the city. This is in connection with the recent decision of the council to again enforce the registration, examination and licensing of plumbers in the city. The new examining board as appointed by this bylaw comprises Mr. H. R. Simmers, city plumbing inspector; Mr. J. G. Morgan, former city plumbing inspector; Mr. W. Paton, and Mr. H. Goddard.

They will arrange to hold the examination of the first batch of applicants sooon.

PREPARING PLANS FOR RESIDENCE AND BARN

Architect Wm. Frederick Gardiner, 701-705 Vancouer block, has been commissioned by Mr. Stuart G. Johnston of Annacis Island, to prepare the plans for a handsome farm residence, a large stock barn and other farm buildings. These are to be erected on the Annacis Stock Farm, Annacis Island, of which Mr. Johnston is one of the directors.

The dwelling is to contain all modern conveniences and will be a model of its kind. The stock barn is intended to accommodate from 75 to 100 head of stock and will have concrete floors, automatic hay and feed carriers and the very latest equipment throughout. Other farms buildings designed for special purposes will also form part of the building programme of this model farm. Mr. Gardiner expects to have the plans ready for tenders about the middle of August.

LARGE GAIN SHOWN IN BUILDINGS FOR JUNE

The value of building permits issued for June and for the corresponding month of 1919 for the undermentioned cities were as follows:

City	June 1920	June 1920
Winnipeg	$1,236,450	$ 22,900
Edmonton	544,075	306,285
Vancouver	236,630	62,921
Regina	158,900	192,700
Victoria	53,550	24,979
Prince Albert	40,920	14,700
New Westminster	33,400	8,575

ASK BIDS ON STORE AND OFFICE BUILDING SOON

Plans are now being prepared and tenders will be called shortly by Architects Townley & Matheson, 325 Homer street, for the erection of a two-storey store and office building in a town in the interior. The structure will be 50 by 100 feet in size and built of hollow tile and face brick. The ground floor will be used for stores while the upper floor will be laid out for offices and apartments. The building will cost in the neighborhood of $25,000. It is expected that the plans will be ready for tenders in about a fortnight, due notice of which will appear in these columns.

INVITES TENDERS FOR PLUMBING OF SCHOOL

NEW WESTMINSTER — Tenders are being invited by the school board for the remodelling and installation of the necessary plumbing fixtures for the new technical school, formerly the provincial jail building, which has now been made over into a fine school building. Tenders for this work will be received by Secretary R. H. Gray of the school board up to 4 p.m., on Wednesday, July 28. The plans and specifications can be seen at the office of Mr. E. G. W. Salt, architect for the building, Westminster block, between 2 and 6 o'clock daily.

NEW WHARF PLANNED FOR LYALL HARBOUR

Tenders are being invited up to Tuesday, August 17, 1920 by the Department of Public Works at Ottawa, for the construction of a wharf at Lyall Harbour and the renewal of the wharf at Moresby Island, District of Nanaimo, B. C. All tenders must be sent to R. C. Desrochers, Secretary of the department of public works at Ottawa, accompanied by the usual ten per cent. check. Plans and specifications and forms of contract can be seen and forms of tender obtained at the office of the istrict Engineer at Victoria, B. C., and at the Post Office, Vancouver.

CAMPGELL RIVER WHARF TO UNDERGO REPAIRS

The federal department of public works, Ottawa is inviting tenders up to Tuesday, August 17, 1920, for repairs to the wharf at Campbell River, District of Comox, Atlin, B. C. Plans and forms of tender may be obtained at the office of the District Engineer at Victoria, and at the Post Office, Campbell River.

GOVERNMENT INVITES BIDS ON NEW WHARF

The federal department of public works, Ottawa, is inviting tenders for the construction of a floating wharf at Princess Creek, on Kootenay Lake, in the Kootenay district. Bids will August 10, at the office of Mr. R. C. be received up to noon of Tuesday, Desroochers, secretary of the department, Ottawa. Plans and specifications and form of contract can be obtained at the office of the district engineer at Nelson, and the post office at Ainsworth, B. C. Each tender must be accompanied by the usual ten per cent. check.

Sidney Roofing and Paper Company Limited.

OFFICE: VICTORIA, B.C.

We have about completed our plant for the manufacture of felt and building paper. For eight years we have been bringing this raw material from Eastern Canada, with our new plant we will manufacture it at Victoria.

Our plant is located on two lines of railroad and has boat connections. We can assure our many customers of quicker delivery and the same high quality of building material, all home made. Let us figure on your requirements for fall delivery.

(Continued from page 1)

area of the False Creek upper basin, in a proposal submitted to the city council on Monday, Mr. Jones offered to spend at least $10,000 in improvements to the proposed athlethic park if given a five-year lease of a tract of 150 by 125 yards of the reclaimed area located just opposite the city market and adjoining Main street. The annual rental of the tract is to be agreed on and the date of the lease, if granted, is to start on May 24, 1921. Mr. Jones specifies, however, if granted the lease, that he is to have possession on January 1 next so as to have time to improve the tract and have it ready for the opening on May 24. One feature of the proposal which appeals particularly to the aldermen is the fact that Mr. Jones agrees that all improvements are to revert to the city at the expiration of the five-year lease term.

The tract in question, which was filled in about a year and a half ago, has had plenty of time to settle and is in fine shape for to be made into an athletic field, as it is as level as a billiard table and only requires underdraining, seeding and fencing. There are seven main street car lines passing the front of the proposed park and it is only a few minutes' walk from the heart of the city.

The proposal was referred by the council to the city engineer to report to the next meeting of the board of works, when Mr. Jones will be given an opportunity of appearing in support of his proposal. The majority of the aldermen appear to favor the plan if the city's title to the property can be cleared to alow of it.

THE TRUTH

Although water isn't intoxicating, it makes barrels tight.

MERRITT SCHOOL
NOTICE TO CONTRACTORS

SEALED TENDERS superscribed "Merritt School," will be received by the Honorable the Minister of Public Works up to 12 o'clock noon on Monday, the 16th day of August, 1920, for erection and completion of a four-room addition and certain alterations to existing two-room school at Merritt in the Yale Electoral District, B.C.

Plans and specifications can be seen after the 28th day of July at the office of J. Mahoney, Esq., Government Agent, Courthouse, Vancouver; J. A. Murchison, Esq., Government Agent, Courthouse, Merritt; W. H. Young, Esq., Secretary to School Board, Merritt, or the Department of Public Works, Victoria, B.C.

Lowest or any tender not necessarily accepted

A. E. FOREMAN,
Public Works Engineer.
Public Works Department, Victoria, B. C., July 23, 1920.

BIDS ARE ASKED ON NEW WHARF AT THETIS ISD.

The department of public works at Ottawa is inviting bids on the construction of a new government wharf at Thetis Island, near Nanaimo. The bids will be received up to noon of Tuesday, August 3. All tenders must be sent to R. C. Desrochers, secretary of the department of public works at Ottawa. Plans and specifications of the new wharf may be seen at the office of the district engineer at Victoria and also at the post offices in Vancouver and Nanaimo.

NOTICE TO CONTRACTORS

Sealed Tenders will be received by the undersigned up to 12 noon on Friday, July 30th, for the construction of a High School Building of Frame Construction on Block 642, between Forty-third and Forty-fifth Avenues, in the Municipality of South Vancouver, B.C.

Separate Tenders are invited for the Plumbing and Heating trades.

Contractors submitting Tenders will be required to enclose a certified cheque for a sum equal to five per cent. of the amount of Tender. Such cheques will be forfeited should the Contractor fail to enter into a contract when called upon.

Copies of the Plans and Specifications and Forms of Tender may be obtained at the office of the Architects on the deposit of a sum of Ten Dollars which will be refunded when the Plans and Specifications are returned in good order.

The lowest or any Tender not necessarily accepted.

TWIZELL, BIRDS & TWIZELL,
Architects.
719 Metropolitan Bldg., Vancouver, B.C.

NOTICE TO CONTRACTORS.
CLINTON LOCK-UP

Sealed Tenders superscribed "Tender for Clinton Lock-Up" will be received by the Honourable the Minister of Public Works up to 12 o'clock noon of Friday the 30th day of July, 1920, for the erection and completion of a Court House and Lock-Up at Clinton, in the Lillooet Electoral District.

Plans and Specifications can now be seen at the Office of:—

J. Mahony, Esq., Government Agent, Court House, Vancouver; S. Milburn, Esq., Government Agent, Court House, Clinton, and the Department of Public Works, Victoria, B. C.

Lowest or any tender not necessarily accepted.

A. E. FOREMAN,
Public Works Engineer.
Public Works Department,
Victoria, B. C., July 7, 1920.

NOTICE TO CONTRACTORS
Prince Rupert Wharf Extension.

TENDERS will be received by the Honourable the Minister of Public Works up to noon, the 9th day of August, 1920, for the erection of New Timber Wharf Extension to the Present Wharf, at Prince Rupert, B. C.

Plans, specifications, contract, and form of tender may be seen on and after the 14th day of July, 1920, at the office of the Provincial District Engineer, Court House, Vancouver, B.C.; Provincial District Engineer, Prince Rupert, B.C.; and the Department of Public Works, Victoria, B. C.

By application at the above-mentioned offices, contractors may obtain a copy of the plans and specifications for the sum of five dollars ($5) or a marked cheque for that amount, which will be refunded on their return in good order.

Each tender must be accompanied by an accepted bank cheque on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works, for a sum equal to five per cent. (5%) of the tender, which shall be forfeited if the party tendering declines to enter into contract when called upon to do so, or if he fails to complete the work contracted for. The cheques of unsuccessful tenderers will be returned to them upon the execution of the contract.

The lowest or any tender not necessarily accepted.

A. E. FOREMAN,
Public Works Engineer.
