INVITING TENDERS FOR NORTH SHORE RESIDENCE

Tenders are being invited, up to July 3, for the erection of a six room bungalow at North Vancouver for Dr. Thomas Verner. Plans and specifications may be seen at Dr. Verner's office, 92 Lonsdale avenue, North Vancouver, or H. B. Watson, architect, Crown Building, 615 Pender street west, Vancouver.

EXTENSIVE ADDITIONS FOR JERICHO COUNTRY CLUB

Architect Bernard C. Palmer, Credit-Foncier building has let a contract for the first portion of extensive additions to the Jericho Country Club to Mr. J. K. Sinclair, 601 12th avenue east. The heating has been let under a separate contract to David Ross & Co., 571 Howe street. The improvements will cost approximately $7,000 and work will be started at once.

PLANNING BUNGALOW FOR POINT GREY ROAD

Architect Gillam & Mountain, Northwest building, have been commissioned to prepare plans for a bungalow to be erected on the Point Grey Road for a Vancouver businessman. The new home is to be strictly modern and will contain a number of innovations designed to improve its convenience and make it notable even among the many handsome homes in that district. As soon as the plans are ready, which is expected to be in about two weeks' time, tenders will be asked for from selected contractors.

TO REMODEL PENDER ST. BLOCK FOR TAILOR SHOP

A contract has been awarded to Messrs. Johnston & Allen, 148 Lorne street east, for the remodelling of the ground floor stores in the premises at 625 Pender street, west, under the Record Publishing Company's office. A complete re-fitting of the premises there will be made at a cost of about $3,500 to fit them for occupancy as an up-to-date tailoring establishment to be conducted by Messrs. Walker & Robinson, Ltd. Work has already been commenced on the remodelling.

ANOTHER FINE HOME FOR SHAUGHNESSY HEIGHTS

Architect A. Campbell Hope, Metropolitan building, has been commissioned by a well known Vancouver man to prepare plans for a cosy, 6-room modern bungalow to be erected on a site secured on Shaughnessy Heights. The new dwelling will cost about $7,000 and will embrace a number of decidedly up-to-the-minute features in its construction.

The plans will be ready to receive tenders from a number of selected contractors about the end of the present week.

TO START DEEP CREEK VIADUCT WORK SOON

Work on the erection of the Deep Creek Viaduct of the Pacific Great Eastern railway is ready to begin according to word to the local offices of the railway. The Canadian Bridge company, to which the contract for the fabrication of the steel portion of the bridge was let last year at a figure in the neighborhood of $350,000, has been getting equipment on the ground, including two large derrick cars. A considerable portion of the steel is at Deep Creek and the remainder is on the way from the east.

It is expected that the bridge will be completed by September 1.

CONTRACT IS AWARDED FOR BANK AT MARPOLE

The contract for the erection of a two-story hollow tile and brick bank building for the Royal Bank of Canada at Marpole, has been awarded to the firm of Hodgson, King & Marble, 508 London building. The award was made by Architects Gardiner & Mercer, 827 Birks building, who prepared the plans for the building which will form a decided acquisition to the business and financial structures of the growing community on the North Arm of the Fraser. The building is to cost approximately $30,000 and is to have full concrete basement in addition to the two stories. The upper floor will be fitted up as a residence for the local manager while the ground floor will have up-to-date bank fittings and be equipped with massive vaults.

No sub-contracts have as yet been awarded by the general contractors but it is understood that they are open to receive bids on the plumbing, electrical fittings and other sub-trades. These will close shortly, as work is to be started on the building at once.

OFFICIAL ORGAN.

The British Columbia Record is the official organ of The Architectural Institute of British Columbia, federated with The Royal Architectural Institute of Canada and as such is used by them as the medium through which to make their official announcements to the general public.

By such selection the British Columbia Record is no wise pledged to editorial support of any policy advanced by these societies, but maintains an absolutely independent position on all matters subject to editorial opinion.

URGE CO-OPERATION WITH THE JOURNEYMEN IN NEW BUSINESS.

All forecasts be eminent authorities on the state of business during the next few years, the building business particularly, are practically unanimous and confident of but a single experience—the building business must boom, as the urgent need of new construction is so great that nothing can stop it. The question of prices has always been one of serious moment, especially the question of high prices; yet it is accepted by nearly everyone in a position to know, that high prices will prevail and that the recession will be but gradual and will not commence for a few years. This is because the economic factors which make and control prices are clearly defined in this situation and are immovable except by gradual change.

On the other hand, it is pointed out that a tranquil prosperity is not so certain, and the debatable ground on this point is found in the region of labor sentiment. Will the men in busy and abundant times work with any zeal and contentment, or will constant labor agitation and unrest seriously embarrass the trend of prosperity? This is the question and practically the only one left, for high prices will not deter building, because the construction in many cases, must be had at any cost.

It has been suggested that the co-operation and good-will of the journeymen might be won by granting them, in modified form, a share in business profits, in a manner that would assist business itself. The idea is that the men be granted a salesman's status to the extent that they be encouraged to push the sales of whatever lines of building material or supplies that they are connected with. Thus a journeyman plumber would be encouraged to push the sales of plumbing equipment at every opportunity when in touch with the customer, particularly right on the job and in the form of "extras."

The suggestion appears to have merit; so much merit in fact, that it has already been adopted to a certain extent by some leading firms. Certainly, if it worked well in practice, it would mean increased business for the employer and added income for the worker. If a journeyman is sent to a dwelling say, to install a new bathroom, and performs his work with neatness, despatch and good workmanship, so that he wins to a certain degree the respect and confidence of the house owner, and if the journeyman then elicits from the owner an order for a new set of wash trays, or an automatic gas water heater, surely he has performed his employer a creditable service and for his trade in general a certain benefit. It seems fair, and at the same time good enterprising business management, to offer the journeymen in such instances the reward of proper commission on the sales he effects.

MAY PUT IN BULKHEAD ON GEORGIA STREET, EAST

City Engineer Fellowes has under consideration a plan for the bulkheading of a portion of Georgia street, east between Raymur and Campbell Avenues, in order to provide a better grade over that portion of the street where it crosses the gully there. There were really two plans under considerations, one of which, however, made no provision for railway development of the possibility of it being necessary in a few days to have a viaduct there the same as on Hastings street east. In view of the railway development that is fully expected will take place there following the erection of the new Ballantyne Pier and the resultant connecting up of the Canadian National Railway Terminals on False Creek with the new government wharf and elevator, the city engineer has been requested by the civic board of works to report on the safety of the bulkheading plan. The report is to be submitted to the next meeting of the civic board of works.

The engineer estimates that the necessary filling and rocking together with the building of a bulkhead to maintain approximately the present grade of the B. C. E. R. tracks will cost about $5,000.

'TIS NOT A LONG WAY TO THIS NEW TIPPERARY

Reflecting much artistic skill in construction and design is the quaint and picturesque rustic tea gardens and pergola recently completed near the summit of the Capilano Canyon, close to the Capilano hotel, by Mr. Charles Anderson, and which was recently opened under the appropriate title of the Tipperary Tea Gardens. Situated at a strategic point where all the scenic beauty of the world-famed canyon can be seen to the best advantage, the new tea gardens affords an added attraction to the ever-increasing throng of tourists who visit that locality and fills the proverbial longfelt want for some place where tourists might rest and partake of refreshments while feasting their eyes on the glorious panorama of mountain and valley.

The design of the little pergola and refreshment stand has been carried out entirely in rustic, and shows what the raw product of the B. C. forest is capable of when used so artistically. The place has been much admired by visitors and tourists to the Capilano Canyon, nearly all of whom have warmly complimented Mr. Anderson for his artistic talents as shown in the workmanship of the pergola, as well as his progressiveness in opening up such a place there.

TO PROCEED WITH NEW SCHOOL AT PENTICTON

PENTICTON—Tenders will shortly be invited for the construction of the proposed new brick school to be on Main St. about fifty feet north of Ellis school. It is expected that an award will be made about towards the end of July and construction will be proceeded with during the late summer and the fall.

The school board has realized $71,000 from the sale of its $85,000 issue of bonds and as the provincial government will give a grant of one third of the cost of the building the total sum available will be approximately $100.000.

The proposed new building is to be of brick and heavy mill consrtuction, somewhat similar to Ellis school. It is planned to have metal window sash and concrete corridor floors and stairs. Ellis school built about seven years ago, cost $50,000 or about half of the anticipated cost of the new building.

The new structure will have eight class roms, together with a large auditorium on the ground floor, seating 500 persons, a manual training room under the auditorium and a domestic science room also in the basement. The building will have two or three offices and recreation rooms as well as a good sized room for library purposes.

SOUTH VANCOUVER PERMITS

3878—A. Kirkhicker, 288 45th Ave. E., alterations, $100.

3879—O. Dumont, 21st Ave. W., Chicken House, $100.

3886—Jno. Hansen, 249 Chatham St., dwelling, $1,000.

3887—Geo. Slater, 1411 61st Ave., dwelling, $1,600.

3888—Jno. Kildall, 5363 Ross St., addition, $1,000.

3889—T. M. Mitchell, 206 19th Ave. W., garage, $100.

3890—C. L. Copeland, 160 53rd Ave., dwelling, $1,000.

TENDERS NOW OPEN FOR PAVING OF TRUNK ROAD

LADNER—Tenders for paving the first three and a half miles of the Delta trunk road were opened in Victoria on Saturday last, and it is expected that the contract will be let this week.

The ratepayers of the municipality passed the bylaw authorizing the municipality to go into this scheme on a fifty-fifty basis with the provincial government by a vote of two hundred and thirty for, with only some forty against.

Sixty per cent. of the upkeep of the paving will be borne by the municipality, the government paying the remaining forty per cent.

The total mileage to be paved is seven and one half miles and will be of the utmost advantage to the Delta farmers when completed.

Reliable Advance Information for You
The success of every business demands it. Are your travellers making productive calls or are they wasting time on "missionary" work and hazy tips? MacLean Reports on your desk every morning gives you definite information of contracts for
Building & Engineering
that you might otherwise never hear of. Give you concrete, reliable "prospects" that mean a big percentage of orders. Hundreds of the best houses use us year after year. Why not you?

PREPARING PLANS FOR HANDSOME BUNGALOW

Plans are now being prepared by Architect H. H. Gillingham, 422 Richards street, for a handsome bungalow to be erected on Shaughnessy Heights, for Mr. C. A. Calkins. The new home which will be equipped with all modern conveniences, will cost about $6,000. Architect Gillingham expects to have the plans ready to call for tenders early in the week.

INVITES DESIGNS FOR BEST OFFICIAL SEAL

The Council invite designs, in pen and ink, for the common Seal of the Institute. Design to be made three times full size. The finished seal to measure 2 inches in diameter with the words "THE ARCHITECTURAL INSTITUTE OF BRITISH COLUMBIA" thereon.

It is suggested that the body design be simple and lend itself to clear reproduction on the stationery of the Institute to a smaller size. Drawings to be on board or mounted. The successful design will be awarded $25.

Designs to be sent in or before Wednesday, July 7th, to Mr. F. L. Townley, 325 Homer St., Vancouver, B. C.

Architectural Institute of B. C.

INVITES TENDERS ON CHURCH ALTERATIONS

The congregation of the Robertson Presbyterian church at the corner of Napier street and Salsbury Drive, recently commissioned Architect H. S. Griffith, Dominion building, to prepare plans for alterations and an addition to that edifice to give additional space for a school room and vestry. The plans are now ready and Architect Griffith is calling for tenders for the work. The bids will close about July 3. The alterations and additions are expected to cost between $5,000 and $6,000.

TENDERS INVITED FOR A BANK AT WILLIAMS LAKE

WILLIAMS LAKE, B. C.—A new two-story bank building is to be erected here by the Canadian Bank of Commerce, which recently commissioned Architect Wm. Frederick Gardiner, 701 Vancouver block, Vancouver, to prepare the plans for the new structure which will be one of the most modern for its size in the Cariboo district. The building will be two stories in height with a frontage of 24 feet and a depth of 44 feet. It will be equipped with concrete vaults and the usual bank fittings of the most modern kind.

Architect Gardiner is now calling for tenders for the erection of the branch bank.

RECEIVING TENDERS FOR CENTRAL PARK RESIDENCE

Architect J. H. Bowman, 716 Yorkshire Bldg., will receive tenders until about July 1st for the construction of a seven-room residence at Central Park for Mrs. W. Payne. Plans and specifications may be seen at the office of the architect.

Sidney Roofing and Paper Company Limited.

OFFICE: VICTORIA, B.C.

We have about completed our plant for the manufacture of felt and building paper. For eight years we have been bringing this raw material from Eastern Canada, with our new plant we will manufacture it at Victoria.

Our plant is located on two lines of railroad and has boat connections. We can assure our many customers of quicker delivery and the same high quality of building material, all home made. Let us figure on your requirements for fall delivery.

ROOFING PLANT NOW TURNING OUT LARGE QUANTITIES OF ROOFING

CORDAGE PLANT TO BE READY IN THREE WEEKS

Good progress is being made by the E. J. Ryan Contracting Company on the construction of the Western Canada Cordage Company's plant at New Westminster. The fine weather of late has been taken full advantage of by the contractors and Col. Ryan of the contracting firm announces that he expects to have his part of the general contract for the plant completed in about three weeks now. The various sub-contractors are also busy completing their sub-trade work and the directors of the cordage plant are anticipating having the plant in full operation by the first week in August. There are already orders enough ahead to keep the plant in operation for the balance of the year.

The E. J. Ryan Construction Company is also rushing to completion the handsome new home for Mr. George Kidd, general manager of the B. C. Electric Railway Co. This fine home on Marine Drive, Point Grey, will be a decided acquisition to the resdential structures in that locality. It is expected it will be ready for the painters and decorators to give it the final touches in about a month's time now.

TWO WATER EXTENSIONS APPROVED BY COUNCIL

The civic waterworks committee has approved of two extensions to the city waterworks system on Seventh Avenue, which will cost about $900. One of the extensions is just west of Macdonald street, on Seventh Avenue west, and comprises laying an additional 300 feet of 6-inch main at a cost of $410. The extension is on Seventh Avenue east, where some 330 feet of 6-inch main is to be laid from Clinton street eastward at a cost of $462. The work is to be done by the city waterworks department.

CORPORATION OF THE DISTRICT OF BURNABY

Tenders are invited for the erection, under the provisions of the "Better Housing Act" of two dwellings in accordance with plans and specifications to be seen at the office of E. Evans & Son, 198 Molson's Bank Building, Vancouver. The Contractor will be required to furnish a surety bond in an amount satisfactory to the Housing Committee.

Sealed tenders, accompanied by a marked cheque for 10 per cent. of the amount of the tender, will be received by the undersigned up to noon on Wednesday, June 30th, 1920.

A NEW GAS SERVICE -- HEATING --
YES, you can heat your home, office building, store or factory with GAS economically, conveniently and satisfactorily—without the dirt and dust of a furnace—without the work of carrying ashes or shoveling fuel.
There are gas-heating systems that fit any type of house or building from the hot air system that uses your present registers and pipes to the automatic unit radiator system that controls your heat to a nicety.
Think of the convenience of a gas-heating system—think of the clean basement and the freedom from work that gas means—and then call up our New Business Department. Seymour 5000.
WE SHALL BE GLAD TO ADVISE YOU ON YOUR HEATING PROBLEMS

NOTICE TO CONTRACTORS

Kingsway—South Vancouver District, Earle Street to Park Street 1.26 Miles.

Sealed tenders, endorsed "Tender for paving, etc., Kingsway, South Vancouver District," will be received at the office of the Honourable the Minister of Public Works, Victoria, B. C., up to 5 p.m. of Monday, the 5th day of July, 1920, for the sub-grading and paving, etc.

Plans, specifications, contract and forms of tender can be seen at the office of the undersigned, Victoria, B. C., and at the District Engineer's office, Court House, Vancouver, B. C. Copies of Plans, etc., may be had on payment of $10 deposit which will be refunded on return of plans, etc., in good condition.

Each tender must be accompanied by an accepted bank cheque for an amount equal to ten (10) per cent. of the tender. The cheque of the successful tenderer will be retained as security for the due and faithful performance of the work till the satisfactory completion of the work. A bond in an acceptable Surety Company for an amount equivalent to twenty (20) per cent. of the amount may be accepted as security in lieu of the successful tenderer's deposit cheque.

All cheques to be on chartered banks of Canada, and made payable to the Minister of Public Works.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer.

The lowest or any tender not necessarily accepted.

A. E. FOREMAN,
Public Works Engineer.
Department of Public Works,
Victoria, B. C., June 23, 1920.

NEW PIER WORKS AT BURRARD INLET.

CONTRACT NO. 2.

Sealed tenders, addressed to the undersigned, and endorsed "Tenders for the Construction of Reinforced Concrete Pier and Transit Sheds" will be received at this office until 12 o'clock noon, August 7th, 1920, for the construction of Reinforced Concrete Pier and Transit Sheds for the Harbor Commissioners, to be known as "Ballantyne Pier," at Burrard Inlet, Vancouver, B. C.

Plans and specifications can be seen and forms of tenders obtained at the office of the Harbor Commissioners, 712 Pender St. W., Vancouver, B. C., or at the office of A. D. Swan, M. Inst. C.E., Consulting Engineer to the Commissioners, 10 Phillips Place, Montreal, P. Q.

Tenders will not be considered unless made on the forms supplied by the Commissioners and in accordance with the conditions set forth therein.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Harbor Commissioners, for the sum of One Hundred Thousand Dollars ($100,000.00).

Copies of plans can be obtained on application to the Harbor Commissioners or the Consulting Engineer on payment of the sum of $50.00, which will be returned when the plans are returned. Or, if contractors desire further copies, they can have same on payment to the Engineer of $50.00 per folio which will not be returned.

The Harbor Commissioners do not bind themselves to accept the lowest or any tender.

By order,
W. D. HARVIE,
Secretary.
Dated at Vancouver, B. C., 19th June, 1920.

KIMBERLEY SCHOOL
NOTICE TO CONTRACTORS

Sealed Tenders superscribed "Tender for Kimberley School" will be received by the Honourable the Minister of Public Works up to 5 o'clock p.m. of Monday, July 5th, 1920, for the erection and completion of a two-room School and outbuildings at Kimberley, in the Cranbrook Electoral District, B. C.

Plans and Specifications can now be seen at the offices of:—

N. A. Wallinger, Esq., Government Agent, Court House, Cranbrook; N. W. Burdett, Esq., Secretary to School Board, Kimberley, B. C., or the Department of Public Works, Victoria, B. C.

A. E. FOREMAN,
Public Works Engineer.
Department of Public Works,
Victoria, B. C.,
June 16th, 1920.
