BUILDING PERMITS.

9063—R. Roxburgh & Robertson, addition, 2928 Granville St., $350; Adam Jack, contr.

9064—Campbell Storage Co., raise warehouse, 857 Beatty St., $250.

9066 Geo. Taylor, bld. garage, 803 7th E., $75.

9069—F. E. Harrison, bld. garage, 2128 Arbutus, $75; J. P. Morris, contr.

NEW WESTMINSTER—T. J. Trapp & Co., are receiving tenders for the construction of a garage which will be situated between the Brackman-Ker Milling Company's plant and the St. Mungo Cold Storage, directly opposite the Front Street side of the Trapp Block. The plans for the garage call for an $8,000 building of two story construction, 116 x 64 ft in dimensions and will have a corrugated iron exterior.

VANCOUVER—In round figures the log scale in the Vancouver district during February amounted to 41,000,000 or about 8,000,000 feet more than in the corresponding month last year. The total was made up of 21,000,000 ft. Douglas fir; 1,800,000 ft red cedar; 1,500,000 spruce; 7,500,000 hemlock; 950,000 balsam fir; 1,000,000 cottonwood, 220,000 white pine.

SUMAS, Wash.—A mill for the purpose of hulling, splitting and cleaning peas is to be erected at Sumas, Wash. The mill will be completed and fully equipped for handling this season's crop, and Mr. George, of Bellingham, who is the builder, states that the pea industry of Whatcom country is only in its infancy and that there is a great future before this branch of agriculture. The mill will cost about $8000.

NEW WESTMINSTER—Work on the Marine Driveway connecting Crescent, Ocean Park and White Rock has commenced and the Surrey Council are taking steps to establish the same by gazetting such extra portions as are necessary to connect over the "Bluffs," North Bluff or Quomais Point. This marine highway will eventually run from the South Westminster end of the Fraser river bridge, thence following the river banks and the shores of Mud Bay and Semiahmoo Bay as far as the boundary line at Douglas, B.C., and Blaine, Wash.

NANAIMO—The Granby Consolidated Company, is making rapid progress with its development work at Cassidy's with the opening of spring weather. The property Mr. Fraser is opening out is located at Cassidy's, about midway between the Nanaimo River and Haslam Creek. Verging on the west side of the E. & N. track at this point there is a stiff bluff, but on the other side of the bluff there is a fine level plateau of about 100 acres in extent. This will be the site of the new colliery which the Granby company is opening. The surface clearing work, as well as the building of roads and the laying of a track to the E. & N. is being carried out under contract by the Taylor Engineering Company of Vancouver. Ground was recently broken for the slopes, whereby the coalfield will be exploited. There are three of them. One will be used for ventilating purposes, a second for hoisting the coal and a third as a travelling way for the men.

SHIPBUILDING NOTES

WASHINGTON—Oregon and Washington can furnish between 400 and 800 wooden ships a year, witnesses from the Pacific coast told the senate commerce committee, if the emergency fleet corporation would furnish the lumbermen with a standardized programme. Fears of the shipping board that the lumber supply in the Northwest is inadequate were declared unfounded.

VANCOUVER—Preparations are being made by the Wallace Shipyards to build a third ship's berth immediately to the east of the ferry wharf. A clam dredge has been in operation during this week filling in along the waterfront of this location. A number of the small stores along the east side of Lonsdale between the ferry wharf and the alley have been vacated to make way for the Wallace Shipyards plans to make their main entrance to the yards from Lonsdale avenue.

VANCOUVER—Owing to the non-arrival of gear the three launchings of Imperial Munitions Board steamers set for Thursday have been called off. The Lyall shipyard was to put the War Cariboo into the water early Thursday morning, but the date has been altered to March 28. The Coquitlam yard and New Westminster had also planned to send vessels into the water, but the launchings are all ready to go in but the board has expressed the wish to have as much work as possible done around the decks before sending them into the water.

VICTORIA—Following is a list of names of nine ships and the firms building at Victoria:

1. War Songhee, Foundation Co., Ltd
2. War Masset, Foundation Co., Ltd.
3. War Babine, Foundation Co., Ltd.
4. War Camshin, Foundation Co. Ltd
5. War Nanoose, Foundation Co. Ltd.

7. War Haida, Cameron-Genoa Shipbuilders, Ltd.
8. War Skeena, Cameron-Genoa Shipbuilders, Ltd.
9. War Stikine, Cameron-Genoa Shipbuilders, Ltd.

NORTH VANCOUVER—The iron work on the six new vessels to be built by the Lyall Shipbuilding Company for their own use will be manufactured by themselves instead of contracted for with some engineering firm, as was done in the case of the Imperial Munitions Board steamers. Manager Cook as having installed under the superintendence of Supt. F. Davey, a large blacksmith shop, equipped with two steam hammers, furnaces and modern machinery for the carrying out of part of the ship construction. The new addition to the plant will be in charge of R. Simpson, formerly of the Mainland Engineering Works, Vancouver.

SPOKANE, Wash.—Organization of the Master Builders' Association of Spokane, was completed at a meeting last week in the Title Building. S. G. Morin presided as temporary chairman and W. G. Meyer was secretary. It was announced that practically all of the building contractors of the city are included in the new association, which is to be composed of general building contractors. VICTORIA—It is understood that the government after a reconsideration of the tax as applied to the mining industry, is to make some alterations under which the industry will not suffer so greatly as various members of the legislature have claimed. The subject of changes are to be before the caucus this week, according to report, and members from the mining districts and others who have studied the situation, will urge that more relief than is contemplated be given the industry. During the 1917 session an amendment to the Taxation Act was passed which, according to the intepretation of the government, assesses the gross income 10 per cent. This is in addition to 2 per cent. tax on the assessed value of all ores mined, which, when it was passed in 1911, was declared to be in substitution of all taxes on land and personal property used in or the income derived from the working of the mine. Representatives of mining companies have advised the government frankly that they cannot continue operations under the act as originally passed, and are anxiously awaiting information as to relief which has been promised. They say this relief will have to be very much lower than the original contemplation of the act, or they will not be able to go ahead with development.

THE MEDIUM.

Did you ever notice that 95 per cent. of the big successful firms are firms who advertise? They figure advertising as an investment not an expense. The secret of advertising is the selection of a medium which reaches those people who are or will be the most likely "purchasers of their product. If you are in the building supply or machinery line don't select a moving picture publication in which to do your advertising. Because of the fact that the RECORD is the only paper published in the province devoted exclusively to the contracting business it is read by practically every one you would like to sell your products to. Your ad. where they will see it will put a capital C [illegible]

a constitution and bylaws and the election of permanent officers will be considered at a meeting next Tuesday night.

"This association has been organized for the general good of the building industry," said George Groschuff, one of the members. "We want to protect the property owner as well as the builder and see that building costs are kept within reasonable bounds. We later expect to get in touch with other organizations affected by the building industry and see if some plan of mutual co-operation can not be worked out."

VANCOUVER—The sheet metal workers of Vancouver will ask for an increase of wages on May 1. They are now getting $5 and will ask $5.50 from that date. About 30 shops will be affected and the union does not anticipate any trouble.

SASKATOON, Sask.—J. H. Ashdown Company's wholesale hardware house here was totally destroyed by fire which started Sunday morning at 9:30 o'clock. The loss on the building is $100,000, and on the stock $500,000. The company will rebuild.

PROPOSALS WANTED

TENDERS WANTED FOR HEATING AND VENTILATING EQUIPMENT

Parliament Buildings, Ottawa.

Sealed tenders will be received by the undersigned until noon, March 18, 1918, for heating and ventilating equipment required in the reconstruction of the above building.

All tenders to be based on the execution, erection and completion, together with the furnishings of all materials, tools, appliances, scaffolding, apparatus and labor required for the installation of the heating and ventilating equipment as called for in the plans and specifications.

All information can be obtained at the office of the general contractor, P. Lyall & Sons Construction Company, Limited, Ottawa. A set of plans and specifications may be had by depositing an accepted bank cheque for twenty-five ($25) dollars made payable to the Honourable the Minister of Public Works, which will be returned if the intending bidder submits a regular bid.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works for a sum not less than five per cent. (5%) of the amount of the tender, which will be forfeited if the parties tendering decline to enter into a contract when called upon to do so. If the tender is not accepted the cheque will be returned. If the tender is accepted an additional cheque for a sum equivalent to five per cent. (5%) of the amount of the tender must be deposited before the contract is signed. The total security will be forfeited if the contractor fails to complete the work contracted for.

Payments will be made monthly and will not exceed in the aggregate ninety per cent. (90%) of the value of the labor and materials furnished and set in place.

The lowest or any tender not necessarily accepted.

Envelopes containing tenders to be marked "Tenders for Heating and Ventiating Equipment," and addressed to the undersigned.

JOHN A. PEARSON, Architect.
J. O. MARCHAND, Associate.
Centre Blk, Parliament Bldgs, Ottawa.
