BUILDING PERMITS.

9049—F. Bowness, bld. garage 2250 Pender E.; $100.

PRINCE RUPERT—F. S. Clements has succeeded Peter Lorenzen as city engineer.

KASLO—Dr. King, minister of public works, in a letter to the Board of Trade, stated that if sufficient funds become available, the completion of the wagon road between Kaslo and Ainsworth will be undertaken as early as possible.

PRINCE RUPERT—The building of a shingle mill at Tyee, near the mouth of the Skeena River is being undertaken by local business men, who will probably organize a company. It is planned to cut large cedar areas along the railway and river.

NEW WESTMINSTER—The project of paving the Pacific Highway from New Westminster to Blaine was unanimously endorsed by speakers from adjacent cities and municipalities at a meeting of the New Westminster Automobile Club Friday evening.

VANCOUVER—Preparations are being made by the Hopkins Boiler company for resuming operations at the local plant which is located at 1103 Columbia street, on the old B. C. Mills property. It has been standing idle on account of a dispute over the Canadian patent rights.

PORT CLEMENTS—The urgent demand for aeroplane spruce promises to make Port Clements, Queen Charlotte Islands, a busy centre within the next few months. It is expected that upwards of 1,000 men will be working in the spruce logging industry in that district shortly.

VANCOUVER — The cannery at Butedale, Work Island, of the Western Fisheries, Ltd., is to have its capacity doubled by the owners, the Western Fisheries, Ltd. Will Draney is to act a manager. The Fidalgo Island Packing Co. has completed negotiations for the purchase of the cannery at Point Ellis of the Pillar Bay company. The plant is to be extended.

VANCOUVER — The International Cordage Co., with offices at 509 Richards St., will call for tenders about the 15th of April for the erection of their building at South Vancouver.

Judge Bard, who has been here for some time making arrangements for the opening of the new works, expects to leave in a few days for the east, where he will inspect plants similar to the one that will be erected here.

BUSINESS NOTES.
and other items of interest to the business man.

VICTORIA—Victoria fire loss in February aggregated $408, according to the figures given out by Fire Chief Davis. Loss on buildings was $353 and on contents $55. The value of the property at risk was $330,000, on which insurance to the amount of $19,800 was carried.

REGINA—The annual joint meeting of the committee of commerce and agriculture will be held here March 13 to 14, which will bring together the Canadian Council of Agriculture and representatives of the commercial, financial and transportation organizations of Western Canada.

VANCOUVER—The steamer War Camp, the second steel steamer building at the Coughlan Shipyard, will take to the water on March 16, and the steel steamer Alaska, launched at the Coughlan yards in January, will pass out to sea on or about April 15, according to an announcement made by Mr. J. J. Coughlan.

CLAYBURN—J. J. Plommer, manager of the Clayburn Company, states his company is completing a large contract for special fire-clay blocks for the By-Products Cookery Plant to be erected at Anyox. This plant will be the first of its kind in British Columbia, and will utilize the gases which ordinarily go to waste in the manufacture of coke for fuel to generate power.

VANCOUVER—In an application for an extension of time in which to hold the statutory meeting of the Century Logging company, Robert Gelletly informs the supreme court that he and Gilbert G. Davis are the only subscribers. The company has not yet commenced business, but it is proposed to log spruce near the limits of the Davis Trading & Logging company, near Port Renfrew, on the west coast of Vancouver Island.

VANCOUVER—Thirty carloads of engine parts for the fleet of wooden steamers being built for the Imperial Government in British Columbia have arrived in Vancouver, and will be ferried across the Gulf to Victoria, by which time the slip at the assembling plant for the unloading of the cars from the scows will be completed. Three sets of boilers, the first to arrive on this coast for the Imperial Munitions Board are also here, and will be taken to Victoria on the Princess Sophia.

VANCOUVER—The aggregate value of the building permits issued during February by City Building Inspector R. A. McKenzie, was $55,415, which was made up largely of repairs and alterations. Of the 44 permits issued during the month, 41 were for repairs and alterations, two for new warehouses, and one for a store. It was the first month for a long time that no dwellings or apartment houses were started.

March has started out well so far as far as building activity is concerned, and Building Inspector McKenzie believes that the city is due for a considerable revival in building operations, as well as much repair work on old dwellings to place them in condition to meet the demand for fairly modern houses.

PRINCE RUPERT—Another party of loggers, numbering about fifty, arrived here en route to the Queen Charlotte Islands. The men were brought north by Mr. Higgins of Vancouver, who has government contracts for filling airplane spruce orders.

VANCOUVER—Claiming to have been awarded the contracts for ten wooden steamers for the Imperial authorities, a local concern is contemplating commencing shipbuilding operations at Ruskin, B. C. The organization, known as the Standard Shipbuilding Co., with offices in the Dominion Building, is said to have been awarded the contracts from London direct through Sir Joseph McClay, controller of shipping in the Old Country.

Operations may be commenced toward the latter part of the month. Ruskin is located at the confluence of the Fraser and Stave rivers and should prove an ideal site for shipbuilding.

PROVINCIAL ESTIMATES ARE TABLED IN THE HOUSE

VICTORIA.—A revenue of just under $6,000,000 and an expenditure of $11,000,000 for the year commencing April 1 next is predicted in the provincial estimates which were tabled in the House by Hon. Lorne Campbell, Minister of Finance, on Monday. The revenue shows a falling off of about $1,000,000 for the anticipated revenue for this year, while the expenditures show a slight increase.

The exact estimated revenue is $5,944,015, as compared with $7,134,615 for the present year, a difference of $1,095,600. The estimated disbursements are $11,301,374, as compared with $11,163,056 for the previous year, an increase of $138,000. The increase is more than accounted for by the increased fixed charges, which are over $300,000.

Summary of Expenditure

The summary of estimated expenditure indicates that in four of the 14 Government services there will probably be an increased expenditure over last year. In the rest a reduction is predicted.

The following are the totals:

	1915-16.	1916-17.
Public debt	$1,152,376	$1,422,254
Civic government (salaries)	1,709,566	1,687,736
Administration of justice (salaries)	68,000	67,428
Legislation	89,820	167,620
Public institutions (maintenance)	467,426	472,575
Hospitals and charities	374,100	525,800
Administration of justice	378,000	308,670
Education	1,594,600	1,524,500
Transport	83,000	43,000
Revenue services	50,000	25,000
Public works	3,067,315	3,023,010
Miscellaneous	2,128,752	2,032,000

In this year's report of the estimates the service "miscellaneous" is divided into three distinct services. "Lands," upon which $565,000 is to be spent this year, and "agriculture," upon which $176,500 will probably be expended, are each given a service to themselves, thus greatly reducing the "miscellaneous" total.

Present conditions have also necessitated more and larger hospitals, the result being an unusually large increase for hospitals and charities. Last year $16,000 was voted in the way of assistance in the construction of hospitals. This year about $150,000 will probably be granted for that purpose. Grants to refuge homes, aid societies, etc, is increased from $19,000 to $80,000.

University of B. C.

Among the appropriations in this year's estimates is a conditional one of $200,000 for the University of British Columbia. Last year's estimate was $175,000. Included in the works and buildings to be constructed by the Public Works Department are the following: Okalla prison farm, $15,000; improvement of government reserve, Burnaby, $10,000; mental hospital and colony farm, Essondale, $35,000; provincial government buildings, London (completion and maintenance), $175,000; maintenance, $8,000. The appropriations provincial normal school, Vancouver, for roads, streets, bridges and wharves in each constituency are the same as last year. Chilliwack gets $33,300; Delta, $22,500; Dewdney, $68,500, and Richmond $40,000. Eighty thousand is revoted for Kingsway through the Municipality of Burnaby. Point Grey gets $10,000 for roads, and Nicomen Island the same amount for dyking; $13,500 is a subsidy for the Ladner-Woodward ferry.

Other Appropriations.

The vote of $400,000 on last year's estimates for the Second Narrows bridge is left off. For bridges generally $450,000 is set down, while for the bridge over the Fraser River at Prince George there will be an appropriation of $150,000.

An item in the Land Department appropriations is that for $20,000 for "timber testing and investigation of wood products." An indication that the government intends to continue seeking overseas markets for the B. C. lumber trade is that another $50,000 is appropriated for salaries, travelling expenses, and purchase of material.

Among the other appropriations are the following:

Grant to B. C. regiments $5,000, grant to patriotic fund $6,000, grant to boy scouts $1,000, grant to Victorian Order of Nurses $500, grant to returned soldiers' aid commissions, $15,000; Royal Commissions $15,000 (last year $50,000), cougar bounty $35,000. Contribution to Vancouver toward purchase of certain lanes in Ward VIII., $5,000. Fraser River Bridge, New Westminster, maintenance and repairs, $20,200. Songhees Reserve improvements, $240,000.

THE MEDIUM.

Did you ever notice that 95 per cent. of the big successful firms are firms who advertise? They figure advertising as an investment not an expense. The secret of advertising is the selection of a medium which reaches those people who are or will be the most likely "purchasers of product." If you are in the building supply or machinery line don't select a moving picture publication in which to do your advertising. Because of the fact that the RECORD is the only paper published in the province devoted exclusively to the contracting business it is read by practically every one you would like to sell your products to. Your ad. where they will see it will put a capital C on your case.

OTTAWA—Incorporation has been granted to Levison's Limited, Vancouver, capital $50,000.

VICTORIA—Teners will be received up to noon on Monday, the 11th inst., at the office of the Public Works Engineer, Victoria, for the diversion of McKenney Creek. The length of diversion will be a mile more or less, and the quantities 12,000 or 13,000 yards of earth excavation. Plans and specifications may be seen at the office of the District Engineer, Court House, Vancouver.

CLOVERDALE — At the monthly meeting of the Surrey school board held here on Saturday afternoon the question of a new school building at Crescent was taken up. It was decided that Trustees Hugh and Stevenson should be a committee to interview the former Liberal member for the Delta, A. Paterson, to get his endorsation of a $2,000 grant towards the building of this school, after which the committe would personally see Hon. Dr. J. D. McLean, minister of Education, at Victoria, with reference to securing this grant. The secretary of the school board, S. Cunningham, was instructed to take the plans of the present Newton school to an architect with a view to building the Crescent school on similar lines. It was decided to call for tenders for repairs to the Strawberry Hill school, which requires some extra windows.

KAMLOOPS—A meetng of the joint committee of the chamber of commerce and the city council, appointed to prepare data regarding the establishment of the steel industry in British Columbia, conferred recently with F. J. Fulton, M.P.-elect, and F. W. Anderson, M.P.P. This committee, which is composed of Mayor Miller, Alderman Galloway, J. T. Robinson and A. E. Sjoquist, discussed the question of how Kamloops can aid in the establishment of this industry, and were fortunate in having Mr. R. J. Kinghorn, of Sorrento, present, who is a practical iron and steel man. It was decided that all the data regarding the iron deposits in the Kamloops district be prepared for presentation. The appointment of a Kamloops representative on the delegation that is preparing to leave the coast shortly for Ottawa, to present the case of the establishment of a steel industry in this province to the Federal government, was left over until further particulars had been received from Mayor Gale, of Vancouver.

PROPOSALS WANTED

TENDERS WANTED FOR HEATING AND VENTILATING EQUIPMENT

Parliament Buildings, Ottawa.

Sealed tenders will be received by the undersigned until noon, March 18, 1918, for heating and ventilating equipment required in the reconstruction of the above building.

All tenders to be based on the execution, erection and completion, together with the furnishings of all materials, tools, appliances, scaffolding, apparatus and labor required for the installation of the heating and ventilating equipment as called for in the plans and specifications.

All information can be obtained at the office of the general contractor, P. Lyall & Sons Construction Company, Limited, Ottawa. A set of plans and specifications may be had by depositing an accepted bank cheque for twenty-five ($25) dollars made payable to the Honourable the Minister of Public Works, which will be returned if the intending bidder submits a regular bid.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works for a sum not less than five per cent. (5%) of the amount of the tender, which will be forfeited if the parties tendering decline to enter into a contract when called upon to do so. If the tender is not accepted the cheque will be returned. If the tender is accepted an additional cheque for a sum equivalent to five per cent. (5%) of the amount of the tender must be deposited before the contract is signed. The total security will be forfeited if the contractor fails to complete the work contracted for.

Payments will be made monthly and will not exceed in the aggregate ninety per cent. (90%) of the value of the labor and materials furnished and set in place.

The lowest or any tender not necessarily accepted.

Envelopes containing tenders to be marked "Tenders for Heating and Ventiating Equipment," and addressed to the undersigned.

JOHN A. PEARSON, Architect.
J. O. MARCHAND, Associate.
Centre Blk, Parliament Bldgs, Ottawa.
