ANOTHER POINT GREY HOME

Architect H. H. Simmonds, Carter-Cotton Building is preparing plans for a seven-room residence to be erected in Point Grey. It has not been definitely decided yet whether the tenders will be received by the owner or architect.

FINE NEW RESIDENCE FOR MARINE DRIVE

Architects Townley & Matheson, 325 Homer Street, are preparing plans and will be inviting tenders in about two weeks for the erection of a 9-room stucco residence and garage on Marine Drive for a prominent Vancouver business man. All of the latest improvements are embodied in the plans and include hardwood floors, concrete basement, hot air heating, etc. The cost of the new home is estimated at $10,000.

CONTRACT AWARDED FOR WATER ST. WAREHOUSE

Architects Gardner & Mercer, 827 Birks Building have awarded a contract to A. D. & A. W. Snider, for alterations and additions to Swartz Bros. Warehouse at 131-33 Water street to cost $10,949.

The improvements consist of a one-storey and basement brick addition and interior structural alterations. The electrical and other special work is not included in the above contract.

PREPARING PLANS FOR TWO FINE RESIDENCES

Two more fine residences are planned for the Shaughnessy Heights district. The plans and specifications are now being prepared in the offices of architects Gillingham & Korner, 1502 Tower building, and it is expected will be ready for tenders in a couple of weeks time.

One of these is to be a seven-room dwelling on Angus Avenue. It will be a two storey structure with billiard room, fireplaces, hardwood floors and all modern conveniences. It is to be built for Mr. H. S. Vaughan.

The other new home will be a six-room bungalow on Granville street, south, near the Golf Club for Mr. O. M. Allen. It will be of frame and stucco construction with two bed rooms and a sleeping porch on the upper floor. It will have hardwood flooring, hot air heating, full concrete basement and fully modern in all other appointments.

TO PAVE SECOND UNIT OF PACIFIC HIGHWAY

NEW WESTMINSTER—It is expected that tenders will be called within the next two weeks by the provincial public works department for the second unit of the Pacific Highway paving scheme. This second unit calls for the hard surfacing of an additional 2½ miles from the end of the present contract at the cut-off to the Johnston Road. This route will lead through Cloverdale, which means that the Semiahmoo trail route will not be adopted.

Completion of the paving work on the first unit is not expected until early in July. During the paving operations on the second unit, it is expected the necessary detour will be made by way of the Scott and McLallan roads.

FUNDS AVAILABLE TO FINISH UP CAUSEWAY

The civic board of works will have before it tomorrow a request from the board of park commissioners to put the Coal Harbor Causeway in shape to afford better accommodation for the big crowds of summer traffic expected during the next few months.

As there is still some $40,000 available for work on the causeway, it is probable that the board will authorize the laying of the concrete sidewalk along the sea wall, the grading and laying of another roadway and the completion of the lighting system along the sea wall.

PORTLAND PLANNING $10,000,000 HARBOR

PORTLAND—A project for the improvement and extension of the harbor facilities of the Port of Portland, involving a cost of $10,000,000, has been approved by the various port bodies of the Columbia river port, which will mean the widening of the Willamette river to 1,600 feet and dredging it to a depth of 30 feet. To facilitite this work, it is proposed to enlarge the Port of Portland by giving it jurisdiction over the docks and harbor facilities of the harbor commission. Other improvements pro-

OFFICIAL ORGAN.

The British Columbia Record is the official organ of The Architectural Institute of British Columbia, federated with The Royal Architectural Institute of Canada and as such is used by them as the medium through which to make their official announcements to the general public.

By such selection the British Columbia Record is no wise pledged to editorial support of any policy advanced by these societies, but maintains an absolutely independent position on all matters subject to editorial opinion.

PAINTING AN ASSET IN BEAUTY, SANITATION AND PRESERVATION

A greater interest in paint and painting is being evidenced each day, and those interested in the merchandising of the decorative idea are selling painting rather than paint. Of course, building managers and property owners actually buy cans or barrels of paint or varnish, selecting from the great array of colors shown on the average chart, and often buy any old color with definite recommendations for service, and as a rule purchase at the lowest price—or perhaps some advertisement has made a definite impression with them which predisposes the buyer in favor of certain trade-mark materials. But there is much more to painting than there is to paint.

Paint is merely a means to an end. The end is definite and constructive, and when properly applied saves millions of dollars, eases the nerves, protects the eyes and generally builds up the health of those who live within the painted walls. A good paint salesman will sell the painting idea; will sell the service and the advantage which proper paint supplies. There is a definite distinction, as a little study will soon show. Proper painting, varnishing, enameling, etc., will help to keep your tenants healthy, will also help to keep your own family in good health.

Proper finishes, furthermore, preserve wood to a very marked degree. Tests have shown that a floor which has been properly varnished from time to time, lasts six and one-half times as long as a flooring which has been left unprotected. The same applies to the trim in buildings. You know how it is if a bit of plaster is chipped out and does not receive proper attention. Soon the cracks lengthen and spread. Before long a big piece of the plaster falls down, entailing expense which could have been avoided. You know the old saying: "A stitch in time saves nine."

The bests paints in these days have a sanitary feature which is not to be overlooked. There are certain wall finishes which contain an odorless disinfectant which is death to the average germ—that is, if they are stirred up in the dust or are in the air, they immediately die upon coming in contact with these wall finishes. There are also certain varnishes, glass enamels, etc., which tend to shed the dirt and are easily washed. This factor is an aid in keeping rooms in a sanitary condition. One may enter a building and at first glance consider it clean and sanitary. But a little cleaner applied to a door reveals dirt and dust—both unsanitary. It is well, therefore, to use finishes which can be easily cleaned. This saves the recurrent expense of redecorating, and gives a periodical freshness to homes and offices.

NAIL OUTPUT LARGER; PRICES REMAIN FIRM

NEW YORK—The wire and nail trade has improved materially during the past week insofar as mill operations are concerned. Production has been maintained on a higher basis and shipments have been sufficient to meet urgent calls of the consuming trade, although spot trade is extremely limited.

The outgo of nails and wire, too, has kept jobbers' stocks in a more satisfactory shape.

WHO'S WHO, WHERE AND WHY, IN LOCAL BUILDING CIRCLES

Architects Fred L. Townley & S. N. Eveleigh left on Friday for a business trip to San Francisco. They will be away from the city about ten days.

Mr. W. Holt of W. Holt & Son, Glass Dealers, has returned to Vancouver after a five months vacation in California.

Mr. Wm. Frederick Gardiner plans to visit Courtenay and Duncan during this week on a business trip in connection with some construction jobs there.

Mr. T. G. Jung, representing Thos. W. Lamb of New York, Architect for the proposed new Regal Theatre to be erected on Seymour street, arrived from the east last week. Mr. Jung will be in Vancouver about two weeks making arrangements for the erection of the new photo play house.

Stage struck Maiden (after trying her voice): "Do you think I can ever do anything with my voice?"

Stage Manager: "Well, it may come in handy in case of a fire."

TENDERS WANTED FOR REMODELLING SCHOOL

Architect Joseph H. Bowman, 716 Yorkshire Building is desirous of receiving tenders immediately for remodelling of the school at Kingsway West, Burnaby.

PAINTING TENDERS WANTED

Tenders are being invited up to March 30, by D. E. Mackenzie, secretary of the R. A. & G. Society, New Westminster, for the work of painting the grandstand, fences, gates, etc., to the Stadium at Queen's Park.

INVITING TENDERS FOR TWO SCHOOL BUILDINGS

Tenders for the erection of a two-room school at Kimberley in the Cranbrook Electoral District, and a four-room school at Granby Bay in the Atlin Electoral District, are being invited by the Hon. the Minister of Public Works. Notice of tenders appears elsewhere in this paper.

PREPARING PLANS FOR TWO POINT GREY HOMES

Architect Joseph H. Bowman, 716 Yorkshire Building, is preparing plans for two modern residences to be erected in Point Grey for prominent Vancouver people. It has not been definitely decided at this time as to whether tenders will be called for by the architect or if the work will be done by the owners by day labor. Further particulars will appear in the Record.

TAKING TENDERS FOR COLOR PRINTING WORKS

Architects Dalton & Eveleigh, Davis Chambers, have plans ready and are receiving tenders from the general trades for the erection of a large lithographing plant for the B. C. Printing and Litho. Ltd. The contract for excavating the property has been awarded to Nicholas Cosco, 1367 Seymour street.

INVITING TENDERS FOR THREE SUB-TRADES

Architect Edwardes Sproat, 403 Dominion Building, is receiving tenders for plumbing, heating and electrical work in connection with two office buildings in the down-town district. One of these is a five-story modern, reinforced concerte structure to be erected at the corner of Gore Avenue and Pender street for a local Chinese society. The other is also on Pender street, near Gore avenue and compriss a three-story structure.

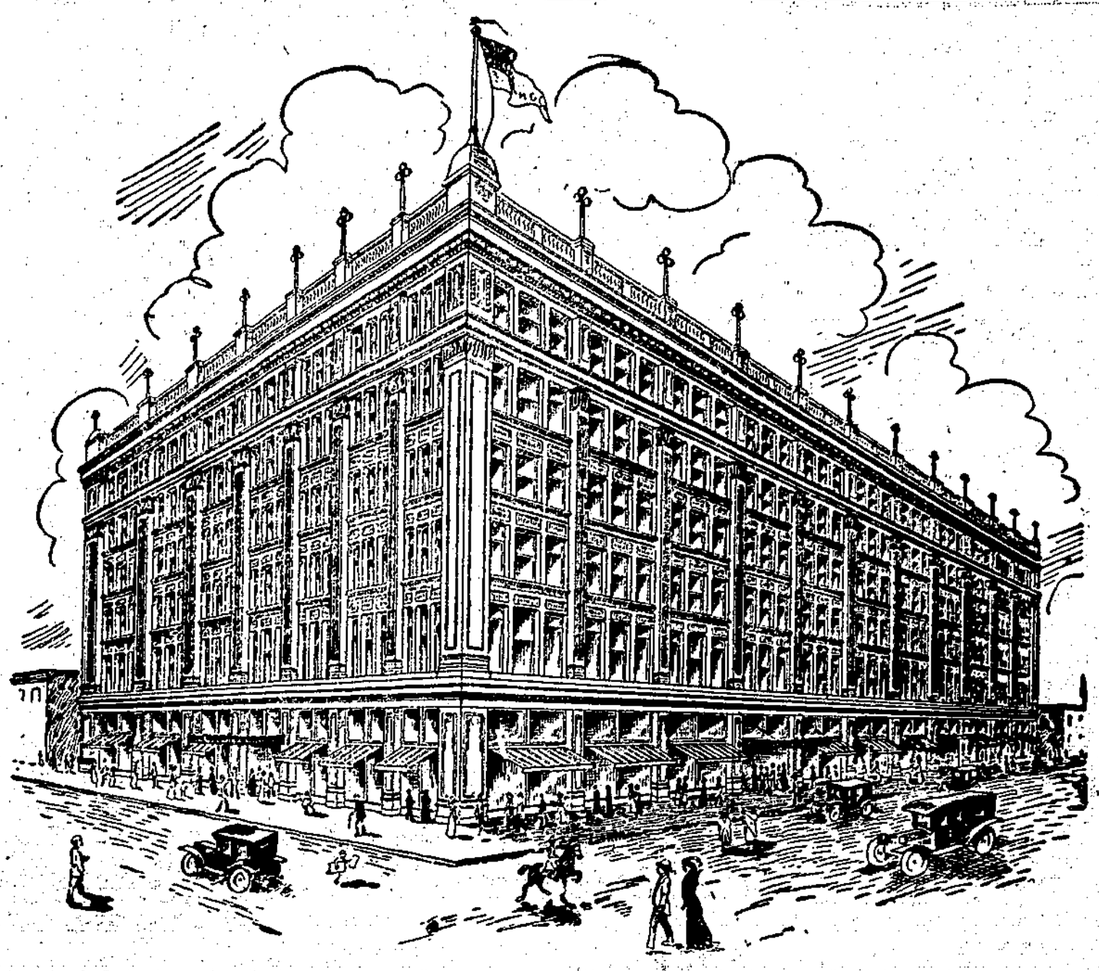
HUDSON'S BAY COMPANY PLANS BIG BUILDING PROGRAMME FOR NEXT YEAR



HERE is about what the north-east corner of Granville and Georgia street will look like when the present building on that site occupied by the Hudson's Bay Company, is razed and a new six-story structure uniform with the company's new Seymour street wing, is erected there making the whole end of the block uniform. It will not be commenced this year, according to announcement by officials of Canada's oldest and biggest commercial concern. For with the observance in a fitting manner of the 250th anniversary of the founding of the company, and the holding of the monster pageant which is to mark that historic birthday as far as Vancouver is concerned, the officials of the company will be too busy to think of commencing any building extensions this year. Besides, the company's building programme for this year has been mapped out as comprising the completion of the firm's big stores in Victoria, which is quite an ambitious undertaking in itself in these times of high building costs.

Behind the purchase some time ago of the New York block, adjoining the company's Granville street frontage, lies the first move in what will be ultimately an extensive building programme for Vancouver. Unless present plans miscarry, it is probable that possession will be taken of the New York block late this fall and arrangements made to fit these quarters up for occupation by some of the big store's many departments that will be moved in there out of the present building at the corner of Granville and Georgia. That will allow that structure to be razed probably next spring to make way for a large and more modern one possibly a couple of stories higher than the fine building completed a couple of years ago on the Georgia-Seymour frontage.

Then, still later, when those new premises are occupied, the temporary quarters in the New York block can be vacated and that structure also razed to make way for further extensions northward on Granville of a type that will be in keeping with the ideals and progressive methods of this ancient but vigorously active concern.

WONDER WHEN HE INTENDED TO PAY

A Pacific Coast contractor wrote to a firm in the East ordering a carload of material. The firm wired him:

"Cannot fill order until you pay for your last consignment."

"Unable to wait so long," telegraphed the contractor, "cancel the order."

posed include the construction of a gigantic mole to provide adequate means for building terminals and docks as well as modern piers and machinery required by all large ocean terminals.

FIVE ROOM BUNGALOW

Architects Maclure & Lort, 816 Credit Foncier Building will be asking for tenders on Monday, March 29, for the erection of a 5-room bungalow in North Vancouver for Mr. W. A. Nicholson.

CONSTRUCTION OF PYRAMIDS

How the Egyptians managed to haul the gigantic stones used in the building of the pyramids has been for centuries a subject for speculation. Of late years some who have examined the pyramids have come to the conclusion that the stones are artificial, a kind of concrete. If so they were probably made where they are, and the sand of the desert was the principal material used.

KIMBERLEY SCHOOL.
Notice to Contractors.

Sealed Tenders superscribed "Tender for Kimberley School," will be received by the Honourable the Minister of Public Works up to 12 o'clock noon of Monday the 19th day of April, 1920, for the erection and completion of a Two Room School at Kimberley in the Cranbrook Electoral District, B. C.

Plans and specifications can be seen on and after the 1st of April, 1920, at the office of:

J. Mahony, Esq., Government Agent, Court House, Vancouver. N. A. Wallinger, Esq., Government Agent, Court House, Cranbrook. N. W. Burdett, Esq., Secretar yto the School Board, Kimberley or the Department of Public Works, Victoria, B. C.

Intending tenderers can obtain one copy of plans and specifications by applying to the undersigned with a deposit of Ten dollars ($10.00) which will be refunded on their return in good order.

PRINCE RUPERT BOARD OF SCHOOL TRUSTEES
NOTICE TO CONTRACTORS

Sealed tenders, addressed to the Secretary of the Prince Rupert Board of School Trustees, Prince Rupert, B. C., and marked on the envelope "Tender for School Building," will be received up to and including April 14th, 1920, for the erection of a twelve-room public school in the city of Prince Rupert, B. C. Tenders may be bulk or separate for the following trades: Masonry, hollow tile and brick; concrete, plain and reinforced; plastering, art stone work, carpentry and joinery, roofing and galvanized ironwork, steel sash, fire escapes and steel work, painting and glazing, ferrazzo floors, electric wiring, plumbing, heating and ventilation.

Each tender shall be accompanied by a certified cheque on a chartered Bank of Canada, for five per cent (5%) of the amount of the tender. Cheques of unsuccessful tenderers will be returned immediately the tenders are opened. The lowest or any tender not necessarily accepted. Plans and specifications and all information may be obtained from the office of the Architect.

J. W. POTTER, Architect,
Prince Rupert, B. C.
W. D. VANCE, Secretary,
Prince Rupert, B. C.

Sealed Tenders addressed to the undersigned, and endorsed "Tender for improvements at Nicomen Island, B. C." will be received at this office until 12 o'clock noon, Tuesday, March 30, 1920, for the construction of a dam in Slough, from Devil's Run Island to Nicomen Island, Fraser River, District of New Westminster, B. C.

Plans and forms of contract can be seen and specification and forms of tender obtained at this Department, at the office of the District Engineers at New Westminster, B. C.; Victoria, B. C.; and at the Post Offices, Vancouver, B. C., and Deroche, B. C.

Tenders will not be considered unless made on printed forms supplied by the Department and in accordance with conditions contained therein.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, equal to 10 per cent. of the amount of the tender. War Loan Bonds of the Dominion will also be accepted as security, or War Bonds and cheque if required to make up an odd amount.

Note—Blue prints can be obtained at this Department by depositing an accepted bank cheque for the sum of $20, payable to the order of the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

By order,
R. C. DESROCHERS,
Secretary.
Department of Public Works,
Ottawa, March 1, 1920.
