BUILDING PERMITS

9201—J. S. Reid, repairs and alter., 1929 Union St., $300.

9202—Mrs. A. Purdy, repairs and alterations, 1336 Victoria Dr., $100.

9203—Alexander Hotel, alterations Water St., $450, J. S. Brown.

9204—P. Ramsay, alteration, 621 Lakewood Dr., $50.

NO ACTION TAKEN ON CRESCENT SCHOOL TENDERS

[illegible] school tenders were opened but no action was taken and the matter of the Hall's Prairie and White Rock school water supply was left over for reports to come in at the next meeting.

ALTERING FOR STORE PURPOSES

Alterations are being made to the interior of the Alexander Hotel building, on Water street, to be used for store purposes.

RAISING HOUSE

J. S. Reid, 1929 Union street, is raising his home and making repairs and alterations to the extent of $300.

CALLING FOR TENDERS.

Architects Gardiner & Mercer, 827 Birks Building, are calling for tenders for the alteration and addition to a residence in New Westminster for the Sun Life Co. of Canada.

NEW STORE FRONT COMPLETED

Dixon & Murray have just completed work on the new store fronts at 410-12-14 Hastings street west. The new fronts add materially to the appearance of this side of the street.

The Muir Electric Co. have opened up a second store at 412 of this building, in addition to their store at 22 Hastings. This concern does a general electrical contracting and appliance business.

ARCHITECTS PROTEST

Are Asking to be Protected Against American Competition.

TORONTO—Claiming that the Dominion government's discrimination against Canadian technical men in favor of professional men of other countries on public works was spreading to builders generally, architects and engineers are asking for protection against competition from the United States.

It having been announced "that the government had decided to correct the balance of trade which exists between Canada and the United States by prohibiting the importation from the United States of a number of lines of manufactured articles," they draw attention to the fact that "to no less degree does the employment of foreign construction agents lead to a reversal of trade balance against Canada, and it should have the immediate, careful and discriminating attention of the government."

SEATTLE FIRM TO BUILD 14,000 BOX CARS

Orders for 14,000 of the 100,000 box cars to be built for the government railways have ben placed with the Pacific Car & Foundry Co. with offices in the Alaska Building, Seattle, according to advices received by large lumber operators recently. Fred H. Gilman, Seattle manager of the American Lumberman, received similar advices from E. G. Hole, the Chicago publisher.

The cars will likely be built on a cost plus certain per cent profit basis and an outstanding feature of the orders appears to be the urgent desire of the government to have the cars completed at the earliest possible moment.

POINT GREY NOTES.

Improvements on Twenty-ninth avenue and also on McKenzie street have been authorized by the municipal council at a cost of about $1100.

HUNTINGDON NOTES.

The handsome residence of Mr. Jasper Fadden was destroyed by a forest fire which has been burning in this district for several days.

EBURNE NOTES.

The Pacific Steel Works are putting in a new electric furnace.

Some of the land in the vicinity being largely of clay formation, had become so hard due to the continued dry weather, that it could not be worked. Yesterday rain was very welcome.

WESTMINSTER NOTES

A contract has been let to Mr. Robert Buckland to rebuild the Mercer home on Ninth street, which was partially destroyed by fire. The loss has been adjusted by the payment of $2,000 on the house and $500 on the contents.

Assurance that at least a porton of the work desired on the Fraser River this year would be undertaken, was given city officials here yesterday by Mr. A. R. Dufresne, assistant chief engineer of the Dominion publice works department, after an inspection trip on the river yesterday.

MILNER NOTES.

The B. C. E. R. will erect a freight shed and milk stand combined, measuring 20x40, nearly opposite the station, should the deal now pending for the sale of the present shed to the Grain Growers' Association go through. The proposed shed will offer the best shipping facilities of any in the valley.

The B. C. Telephone office has been remodelled and now presents a very neat and attractive appearance. Four carpenters were employed for a week on the job.

VICTORIA NOTES.

Tenders will be received up to 3 p.m., Monday, May 13th, by Wm. W. Northcott, Superintendent of Public Works, for repairs and alterations to several fire halls.

The building on Carey road for the Saanich fire hall and works building is making good progress, and has certainly been designed for use rather than appearance, the character of the structure being of the severest type.

SHIPBUILDING AND MARINE NEWS

BUILD MORE SHIPS.

Standard Shipbuilding Co. Gets Orders for Two 3,500-Ton Steamers from Brazil.

Mr. Patrick J. Donohoe, general superintendent of the Standard Shipbuilding Company of this city, announced yesterday that his company had signed contracts to construct two wooden steamers of 3,500 tons deadweight capacity for the Brazilian government, making a total of eight such vessels to be built at the company's yards at Ruskin, at the junction of the Stave river with the Fraser river. The six vessels previously contracted for with the Standard Shipbuilding Company are for the French government.

First Delivery.

The first delivery for the Brazilian government is set for October 15 and the second on November 15th of this year. The first of the six vessels to be built for the French government will be delivered on October 1, if unexpected delays do not take place, and one will be completed every fifteen days after that.

Work is at present going ahead in fitting up the yards at Ruskin, and machine shops, a foundry, a sawmill, blacksmith shop, joinery shop and various other buildings have been erected, and others have been begun. The piling for the launching ways is being assembled and it is expected that the first keel will be laid within thirty days.

"War Atlin," the fourth Munitions Board boat to be launched from the Lyall Yards, will go down the ways Saturday evening next.

RECENT LAUNCHINGS.

Marshfield, Ore.—The first ship to be launched by the Coos Bay Shipbuilding Co. took to the waters Sunday.

British Columbia Yards

Following is a list of the Shipbuilding companies of British Columbia now actively engaged in ship construction or recently organized:

Steel Shipbuilding Plants.

Lyall Shipbuilding Co., North Vancouver.
New Westminster Eng. & Const. Co., Poplar Island.
Pacific Construction Co., Ltd., Port Coquitlam.
Standard Shipbuilding Co., Vancouver.
Wallace Shipyards Ltd., Vancouver.
Western Canada Shipyards Ltd., Vancouver.

MINING

The mining committee of the Revelstoke Board of Trade decided last week to proceed with preparations for a big mining convention to be held in July irrespective of any action by the Vancouver Chamber of Mines suggestion to forego the convention altogether. General support from all the big mining centres on the continent has been assured the Revelstoke convention.

The driving of the lower tunnel at Copper Mountain was completed last Tuesday, says the Princeton Star. This will be the main working tunnel, and its length is nearly 3,000 feet. It will be connected with the upper workings by a 720 foot raise. The dimensions of the tunnel are 9x 11 feet. It was driven at the rate of 18 feet a day, with timbering included.

Roy C. Lammers, of Spokane, and associates, who bought the Slocan Star mine in the Slocan district, will reorganize and resume the operation of the plant. The old Slocan Star Mining Company, one of the well-known corporations of the district, will go out of existence. The new company will have no obligations except debentures of $98,000. All shareholders in the old corporation will be reinstated in a company to be known as the Silversmith Mines, Limited.

The work of developing has been carried on aggressively for nearly two years now and there are quantities of high-grade silver lead ore on the dump awaiting the completion of a wagon road to allow of easy shipment. A compressor and machine drills for the working of the Sitting Bull are on order and should be installed in the early part of the summer.

Along Auto Row

LITTLE GIANTS SHIPPED BY THE CARLOAD

The apple crop of the Okanagan a year ago totalled nearly 1,800 carloads and one of the greatest problems of the Okanagan United Growers, Ltd., a co-operative organization of the fruit growers, was getting the crop to the shipping points. When cars were spotted considerable time was lost in moving the fruit from the orchards. This year, however, they have considered ways and means and will settle the difficulty with Little Giant motor trucks. Leslie W. Pearson, manager of the Little Giant Motor Truck Company, last week shipped a carload of trucks to the Okanagan Valley, which will be used by the farmer in getting the big red O. K. apple to market.

Another Satisfied Owner

Being so well pleased with their 1 and 2-ton models which they have had in service for some time, Burke & Cameron Cartage Co., 150 Water street, of this city, have placed an order with Mr. Pearson for the delivery of a Little Giant 3½-ton model.

REO RUCK OUTPUT INCREASES.

Truck production of the Reo Motor Car Company for the month of March was 735 compared with 325 in March, 1917. The present output of fifty per day will be increased. April 15 the sales department was 1,119 trucks behind its orders, of which 270 are heavy-duty trucks.

AUTO IS PLAYING MAJOR ROLE IN LIFE'S SCHEME

Hughson Shows How Important Part Motor Car is Taking In

"One only needs to watch the increasing number of motor cars on our business streets and residential thoroughfares, as well as in the suburban districts, to appreciate the important part the automobile is playing in the whole scheme of our business and social life," says W. L. Hughson of the Kisselkar.

"I do not believe that even the manufacturers know what changes they have brought about in business methods—in our entire economic system.

"The automobile has greatly increased the efficiency of all classes of business men by conserving their time and thereby enabling them to accomplish more in a day. It has brought a man's business headquarters nearer to his home, enabling him to make productive many hours formerly lost in getting from one place to another. It has freed the owner from dependence upon uncertain transportation methods—it brings him to his office, factory or store not only in less time, but also in better condition—thus increasing his efficiency, which everyone realizes is a patriotic thing to do right now.

"After new and important ways of getting greater efficiency out of some existing device or machine have been developed gradually it is hard to understand why they were not thought of before. It will be so with the automobile. It will become of still greater importance in the daily activities of the world. Indispensible as it is today, its uses in saving time, multiplying efficiency and increasing productin will be immeasureably broadened until even the far-sighted business man will wonder that its full utility was not sooner realized."

"These trucks are converted Second-hand cars"

TRUXTUN is the way out of the hauling problem—the easy way, the economical way, the short way, the satisfactory way. Take nearly any pleasure car, new or second-hand. We will convert it at once into a dependable *shaft-driven* 1¼- or 2-ton truck.

It doesn't only mean cutting down your expenses. It will do the work of three teams. It means having one driver do three times as much—most important in these trying days of labor shortage. It means increasing your delivery radius and keeping things moving regularly "day-in and day-out."

With a TRUXTUN you are independent of the sorely taxed railroads for shipping to nearby points and anything which helps the railroads now helps the whole country—*helps win the war.*

Let us send you complete details or arrange for a demonstration.

CORRECTION.

In our issue of Monday, May 6, we stated that Contractor S. J. Newitt was remodelling the Shaughnessy Heights Golf Club. We wish to correct this statement, as the building is not being remodelled, but an addition is being built to it. Architect Bernard C. Palmer, 616 Credit Foncier Building, designed this building.

MODERN HOSPITAL MAY BE BUILT

Tranquille Sanitarium Will Cost About $200,000, and Will Be Up-to-Date.

Plans of the new department of soldiers' civil re-establishment are to make the sanitarium at Tranquille the most improved hospital for tubercular patients that there is on the continent, judging by details of the programme for this institution made public in Victoria by Mr. S. A. Armstrong, Deputy Minister of the new department, who returned to Vancouver Saturday. Work is to commence on July 1 on a 100-bed infirmary for discharged soldier patients, new dining room and kitchen of most modern improvement, and a power building. The expense will be close to $200,000. In addition there will be a vocational department installed and arrangements whereby the men may take physical exercise.

DEPARTMENT OF WORKS.

NOTICE TO CONTRACTORS.

SOUTH WELLINGTON SCHOOL.

Sealed tenders, superscribed, "Tender for South Wellington School," will be received by the Honorable the Minister of Public Works up to 12 o'clock noon of Monday, the 27th day of May, 1918, for the erection and completion of a four-room schoohouse at South Wellington, in the Newcastle Electoral District.

Plans, specifications, contract, and forms of tender may be seen on and after the 27th day of April, 1918, at the office of J. Mahoney, Government Agent, Court House, Vancouver; S. McB. Smith, Government Agent, Court House, Nanaimo; J. E. Parrott, Secretary of School Trustees, South Wellington; and the Department of Public Works.

By application to the undersigned, contractors may obtain a copy of the plans and specifications for the sum of ten dollars ($10), which will be refunded on their return in good order.

Each proposal must be accompanied by an accepted blank cheque on a chartered bank of Canada, made payable to the Honorable the Minister of Public Works, for a sum equal to 20 per cent. of tender, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheques of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer.

The lowest or any tender not necessarily accepted.

A. E. FOREMAN,
Public Works Engineer.
Public Works Department.
Victoria, B. C., April 20, 1918.

TIMBER SALE X1334.

Sealed tenders will be received by the District Forester, Vancouver, not later than noon on the 11th day of May, 1918, for the purchase of License X1334, to cut 375,000 feet of Fir and Cedar on an area adjoining L. 2308, Prince of Wales Reach, N. W. D.

One (1) year will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B. C., or District Forester, Vancouver, B. C.

TIMBER SALE X1325.

Sealed tenders will be received by the District Forester, Vancouver, not later than noon on the 10th day of May, 1918, for the purchase of License X1325, to cut 115,000 feet of Cedar and Fir, on an area adjoining L. 3004, Queen's Reach, N. W. D.

One (1) year will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B. C., or District Forester, Vancouver, B. C.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. No more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall permitted to purchase whatever available surface rights may be considered necessary for the working of the mine furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined, and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee may be at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.
