CALLING FOR TENDERS.

The North Vancouver City school board is calling for tenders for carpenter, plaster, heating, electric lighting and painting work in connection with the High School Commercial classroom, etc., in Queen Mary School, North Vancouver. A notice of the tender appears on page four of this paper.

WORK STARTS IMMEDIATELY ON ORPHANAGE CAMP

Contracts will be let at once by Architect A. E. Henderson, 39-40 Davis Chambers Building, for the construction of one of the buildings to be used for a permanent summer camp at Crescent Beach. The work will be rushed to completion so as to be in readiness for the summer.

CONTRACT IS LET FOR MILITARY ANNEX

Architect J. A. Benzie, Standard Bank Building, has awarded a contract to S. J. Newitt, 954 17th Ave. West, for the construction of the Military Annex at the Vancouver Hospital. The new addition will be used for sun rooms for returned soldiers, and will cost $4,000.

GAS CONTROL SYSTEM INSTALLED.

The Vancouver Gas Appliance Co., 767 Robson St., are changing over the gas system at the Vancouver General Hospital.

The new system is a one control and in case of fire the gas throughout the entire building can be shut off by one operation.

GOVERNMENT CONTRACT AWARDED TO LOCAL ELECTRICAL FIRM

Mundy Rowland & Co., Standard Bank Building, have been awarded a contract from the Provincial Government for the electrical work on the Manitoba Parliament Buildings which amounts to over $100,000 and the work will be handled through their Winnipeg office. A contract for the electrical installation of the Saskatchewan Co-operative Hospital at Port Arthur, Ontario, for $25,000 has also been awarded to this concern.

WESTMINSTER NOTES

Having leased from the provincial government a portion of the old jail farm in Queensborough, on the waterfront, it is the intention of the B. C. Manufacturing Co. to erect a new box factory and sawmill. The company is already operating a box factory in Queensborough and the new mill will be erected a short distance west of it. The new plant will be equipped to turn out ship and railway timbers in addition to its box-products. The company propose to employ as many returned men as possible. About 200 men are at work in the present factory and when the new one is started this number will be doubled.

NORTH VANCOUVER NOTES.

No time has been lost in arranging for the initial work on the proposed permanent bridge over the Capilano River, in connection with the Pacific Great Eastern Ry. Messrs. Robertson & Partner will make an immediate start with the work which it is expected will be completed by Dominion Day.

The permanent structure will be about twenty-three feet north of the present bridge and will be on the Howe truss principle, at a height of nine and a half feet over the existing span. There will be three piers supporting the bridge from the river bed with a rail span of about 400 feet.

VICTORIA NOTES.

B. C. INCORPORATIONS.

Burnaby Oil Wells, Capitalized at $65,000, Has Headquarters Here.

The following companies were granted certificates of incorporation during the week ending today:

Delia Mines, Ltd., $25,000, Vancouver.

Vancouver Island Fish & Cold Storage Company, Ltd., $20,000, Nanaimo.

Sentry Manufacturing Company, Ltd., $10,000, Vancouver.

Archie Johnson, Ltd., $10,000, Kelowna.

Grindrod Farmer's Hall, Ltd., $2,000, Grindrod.

Burnaby Oil Wells, Ltd., $65,000, Vancouver.

The instruction which the City Council has issued with regard to the closing down of two fire halls follows the lines of the course adopted in Vancouver and New Westminster. In Vancouver the most strenuous objection developed, but the council ignored the opponents on the ground that by the adding to the motor equipment the area could be served by less apparatus covering a wider range. In New Westminster two halls were closed and one of them moved to a location centrally situated to embrace the area formerly covered by the two.

The whole of the Victoria Fire Department now being motorized, with the exception of the aerial ladder truck at headquarters, it is expected that the rea-arrangement to be made will be based on quick motor service to the outlying sections. Tenders for certain repairs to halls are tabled pending a decision as to how many of the seven district halls will be closed. No 8 hall is affected by the special agreement with Oak Bay for fire protection, for which the city is paid $150 a month by the district municipality.

POVINCE TO BORROW TWO MILLION DOLLARS

SHIPBUILDING AND MARINE NEWS

PACIFIC NORTHWEST WILL BUILD HALF OF TONNAGE

SEATTLE—That Washington and Oregon will get about 50 per cent. of the new contracts for 200 wooden ships to be awarded by the emergency fleet corporation, is the estimate of William Pigott, supervisor of wooden ship construction for the corporation in the Washington district, who arrived home recently from Washington, D. C.

START WORK MONDAY ON NEW SHIP PLANT

ABERDEEN, Wn.—Pile driving for the ship machinery plant to be constructed by the Douglas Bros. Company has been started.

The Douglas company will have a frontage on the harbor of 165 feet and their holdings extend northward a distance of about 500 feet so that the plant will be of considerable area to start with. J. R. Douglas, who has been in Chicago purchasing machinery for the new plant, will go to Washington before his return here.

CAPACITY OF NORTHWEST STEEL PLANT TO BE DOUBLED

By securing a 40-acre tract south of the Coast Shipbuilding Co., the Northwest Steel Co. plans to not only double the capacity of their present plant by constructing four ways, which is the number of ways in the present plant, but full equipment necessary to outfit the vessels will be installed. The outfitting is now being done in the plant of the Willamette Iron & Steel Co.

The Columbia River Shipbuilding Co., which has three ways, will soon construct two additional ways.

SITE IS SECURED AT TACOMA FOR CONCRETE SHIP PLANT

TACOMA—E. S. E. Stelwyn, of the Standard Concrete Shipbuilding Corporation, just organized and incorporated for $250,000, announced that concrete ships will be built on a large scale here. The company has obtained a 40-acre site on which it plans to build ten ways. Preliminary work on the construction of the yards will start immediately.

RECENT LAUNCHINGS.

TACOMA—Named the Noyon, after the town which has been the scene of many bloody conflicts on the western front, the second ship built at the Foundation Shipyards here for the French government was launched Wednesday.

British Columbia Yards

Following is a list of the Shipbuilding companies of British Columbia now actively engaged in ship construction or recently organized:

Mining News

At Fernie the Crow's Nest Pass Coal company has almost 2,000 men on the payroll.

The Laurier mine, near Laurier, will soon begin shipping at the rate of 100 tons a month. The copper content of this ore is about 5 per cent.

Duham & McDonnell have found a new lead on the surface of the Freemont, the property that they are operating under lease near Greenwood.

The St. Keverne group on Payne mountain in the Slocan will be worked this summer. Oscar White, formerly of the Slocan Star, will be manager.

The recent strike made in the property of the Standard Silver-Lead company at Silverton is growing in importance daily as development proceeds.

The Copper King near Whitehorse is working a five-foot lead of copper glance and bornite, that assays from 40 to 60 per cent. copper and 13 ounces in silver.

E. Jacobs, of Victoria, and formerly of the Boundary, who has been one of the most steady and consistent writers on mining in the province for the last 25 years, is now in California.

Transformers loaned by the French Complex Ore Reduction company at Nelson to the Pacific Steel company at the coast have been ordered returned by the minister of mines, Hon. Wm. Sloan.

Some $7,000 or $8,000 worth of ore has been sacked at the Mastodon mines on Laforme creek, in the Big Bend country beyond Revelstoke, ready to take out to the smelter. Men are now working on the wagon road to the property.

PACKARD COMPANY OFFERS $5,000 IN PRIZES FOR BEST EXAMPLES OF TRUCK EFFICIENCY.

Mr. A. W. Cruise of the Consolidated Motor Company, distributors of the Nash, Packard and Maxwell lines, received the following information as to a competitive test to hold to further efficiency of the truck: "The Packard Motor Car Company, in an effort to get the greatest possible efficiency out of every Packard truck, thereby aiding in carrying out the general plans of the council of national defense, will run a truck efficiency test during the months of June, July and August, 1918. Every Packard truck owner should enter his truck or trucks for his own as well as the national welfare. The test is open to all owners of Packard 1 1-2 to 6 1-2 ton trucks in the United States and Canada. Full information may be had by calling the Consolidated Motor Company who will gladly do all in their power to help any desirous of entering a truck.

DAVIE VULCANIZING COMPANY OPEN AUTO REPAIR DEPT.

The Davie Vulcanizing Co., 1234 Granville St. announces that a motor repair shop will be opened in connection with their present tire and vulcanizing business.

The new department will be in the hands of two experts, both of whom were in the mechanical transport division in France for more than two years, where they have had a thorough training in their line. The Davie Vulcanizing Co. is very fortunate in securing the services of these two men, as a shortage of good mechanics is causing the motor repair shops along auto row no little worry at this time, as any number of shops have been unable to handle their business, being without men to do the work.

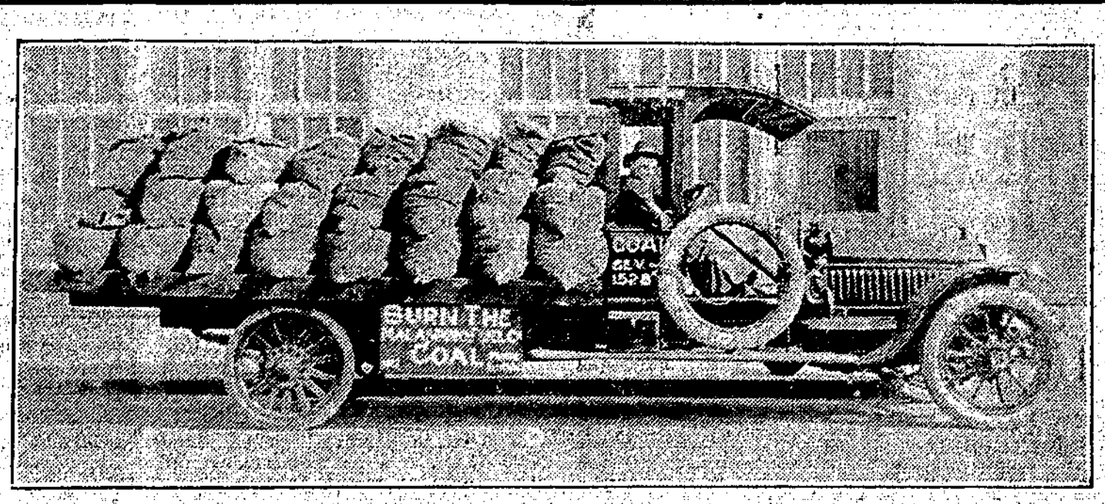
The new department will be equipped with all of the latest appliances necessary in maintaining a modern and efficient repair shop and motorists can make no mistake by taking their repair work to this old and reliable establishment.

SALES HEAD OF MAXWELL IS VISITOR IN CITY

L. Logie, Supervisor of the Maxwell Motor Company, of Windsor, Ont., visited the Consolidated Motor Company headquarters last week and conferred with Manager A. W. Cruise regarding several important plans under way for the Maxwell line this season. Mr. Logie will also visit the Maxwell Distributor at Victoria before returning east.

Girls of the Goodyear Tire and Rubber Company, Akron, Ohio, are now learning how to do surgical dressing. They meet once each week at the local Red Cross rooms for this instruction.

TRUXTUN USED IN HEAVY HAULING WORK RECENTLY DELIVERED TO VANCOUVER COAL FIRM.



New Truxtun Equipment

This interesting photograph shows a Truxtun recently purchased by the Malaspina Coal Company. It cost the owner $950.00. Carries four tons continuously, and is giving excellent satisfaction. Made in British Columbia by Black Bros., Limited.

DAVIE VULCANIZING CO.
Auto and Tire Repairs

Ship that bursted tire to us; we can repair it, and you can get hundreds of more miles for a small expense. That tire you have with the rubber worn off can be made to give you thousands of more miles; send them to us—we will retread them Plain or Non-Skid, and you will be satisfied that our work is right.

$5000.00

FOR THE BEST EXAMPLES OF TRUCK OPERATING EFFICIENCY

Attention is called to the following announcement recently made by the Council of National Defense:

"The Council of National Defense has given its formal approval to all measures designed to facilitate the use of the motor truck in transportation wherever it can be utilized. It is urging all communities as far as possible to adapt the motor truck to their local needs and encourage its use in any way to help existing transportation problems."

To promote maximum results in motor transportation, the Packard Motor Car Company offers a total of $5,000 in awards to owners and drivers for greatest efficiency in hauling. The awards will be based on certified records of Packard truck operation over a period of three months, beginning June 1. Best results are obtained through full loads, careful routing and proper maintenance of the trucks. To win the awards records must be kept in accordance with the National Standard Truck Cost System. Transportation experts not connected with the Packard organization will be the judges. Full particulars will be furnished by us or any Packard dealer. Every Packard truck owner and driver is invited to compete for the awards.

EFFICIENT HAULING is now a patriotic duty. It will release railway cars for government use.

ing for tenders for a $2,000,000 loan for the government of British Columbia.

Instructions in accordance with the decision were received by wire from Hon. John Hart, minister of finance, and the action is the result of the visit of Premier Oliver and Mr. Hart to Toronto. The two ministers came to the conclusion that conditions were sufficiently favorable for the immediate flotation of this additional loan. All tenders will be opened on Tuesday afternoon next by the minister of finance at the head office of the Canadian Bank of Commerce in Toronto.

HOQUIAM, Wash.—Fire believed by the authorities to be of incendiary origin, last week destroyed the entire plant of the Northwest Lumber Co. here, with loss estimated at $150,000. Ten million feet of airplane spruce lumber stored in the millyard was threatened, but was saved.

NOTICE TO CONTRACTORS.

NORTH VANCOUVER CITY SCHOOL BOARD

Tenders Invited for Interior Finishing of Classrooms, Etc.

Total Estimated Cost, $2,500.

Separate bids for work in the following branches of the building trade will be received by the School Board, in connection with High School Commercial classroom, etc., in Queen Mary school, North Vancouver:

Carpenter; Plaster; Heating, Electric lighting; Painting.

Plans and Specifications obtainable from the undersigned, with whom sealed tenders, accompanied by 5 per cent. deposit, to be lodged not later than Tuesday, June 4th, 1918, at 5 p.m.

Acceptance of the lowest or any tender in any department optional with the board.

GEO. CAMPBELL, Secretary,
School Board Offices,
North Vancouver.

DEPARTMENT OF WORKS.

NOTICE TO CONTRACTORS.

SOUTH WELLINGTON SCHOOL.

Sealed tenders, superscribed, "Tender for South Wellington School," will be received by the Honorable the Minister of Public Works up to 12 o'clock noon of Monday, the 27th day of May, 1918, for the erection and completion of a four-room schoohouse at South Wellington, in the Newcastle Electoral District.

Plans, specifications, contract, and forms of tender may be seen on and after the 27th day of April, 1918, at the office of J. Mahoney, Government Agent, Court House, Vancouver; S. McB. Smith, Government Agent, Court House, Nanaimo; J. E. Parrott, Secretary of School Trustees, South Wellington; and the Department of Public Works.

By application to the undersigned, contractors may obtain a copy of the plans and specifications for the sum of ten dollars ($10), which will be refunded on their return in good order.

Each proposal must be accompanied by an accepted blank cheque on a chartered bank of Canada, made payable to the Honorable the Minister of Public Works, for a sum equal to 20 per cent. of tender, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheques of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer.

The lowest or any tender not necessarily accepted.

A. E. FOREMAN,
Public Works Engineer.
Public Works Department.
Victoria, B. C., April 20, 1918.

PROPOSALS WANTED

Sealed tenders addressed to the undersigned and marked on the face of the envelope, "Tender for Sliammon Timber," will be received until noon of Wednesday, June 19 next, for the merchantable timber on approximately 1,100 acres of the Sliammon Reserve situated on the northern shore of Malaspina Strait, in the New Westminster district of the Province of British Columbia.

Tenderers should state the amount of cash bonus they are prepared to pay over and above dues at the rate of $1.00 per M feet B. M.

An annual license will be granted to the successful tenderer and five years will be allowed for the removal of the timber under the Regulations of the Department.

The license fee is $50.00 and ground rent of five cents per acre is payable annually together with a renewal fee of $2.00.

A plan of the Reserve showing the portion to be placed under license, and any further information may be obtained from the undersigned or from Mr. Peter Byrnes, Indian Agent, New Westminster.

DUNCAN C. SCOTT,
Deputy Superintendent General of Indian Affairs.
Ottawa, April 24, 1918.

PROPOSALS WANTED

MISCELLANEOUS PROPOSALS

Architects Gardiner & Mercer, 827 Birks Building, are calling for tenders for the alteration and addition to a residence in New Westminster for the Sun Life Co. of Canada.

Architect J. A. Benzie, Standard Bank Building, is working on the plans of the Rotary Clinic and it is expected that everything will be in readiness to call for tenders in about three weeks.

Architect A. E. Henderson, 39-40 Davis Chambers Building, is at work on plans for several new homes to be erected within a block of the finest portion of Connaught Drive, Shaughnessy, and will call for tenders shortly for their erection.

TENDERS FOR CAST IRON PIPES, Etc.

Sealed tenders addressed to the undersigned, and endorsed "Tenders for furnishing cast iron pipes and specials and lead for William Head, B. C., Quarantine Station," will be received at this office until 4 p.m. on Friday, June 7, 1918, for above piping materials for water service, at Quarantine Station, William Head, B. C.

The following quantities are required: (1) Cast iron pipes about 372 tons. (2) Standard special castings about 34 tons. (3) Pig lead for jointing pipes about 35 tons. Each person or firm may tender for any or all of the above materials, but a separate tender shall be submitted for each. (No bulk or conditional tender will be entertained.)

Specification and forms of tender can be obtained at the offices of the Chief Architect, Department of Public Works, Ottawa; of the District Engineer, Victoria, B. C.; Chipman & Power, Engineers, Mail Building, Toronto, Ont., and the Overseer of Dominion Buildings, Post Office, Montreal, P. Q.

Persons tendering are notified that tenders will not be considered unless made on the forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and the place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Minister of Public Works, equal to ten per cent (10%) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
R. C. DESROCHERS,
Secretary.
Department of Public Works,
Ottawa, May 17, 1918.
