MAKING GOOD PROGRESS NOW IN CONSTRUCTION OF BOYS' TRAINING SCHOOL

Taking advantage of the present spell of fine weather, construction work on the groups of buildings that will comprise the Boys' Training School at Essondale, is now being rushed by the general contractors, Messrs. Robertson & Partners, 422 Metropolitan building. They have increased their staff on the work since the rainy spell broke and now have the roofing completed on three of the principal buildings and the other two buildings are also well under way. The firm expects to have the walls finished and the roof on the other two buildings in a couple of weeks now, if the fine weather lasts, and then rain

LOCAL FIRM TO SUPPLY ASBESTOS INSULATION ON BIG STORE FITTINGS

Comprising one of the largest single contracts awarded for the supply of insulating material in the city for some time, the Canadian Johns-Manville Company, of this city, has been given the task of supplying asbestos covering and insulation material generally for the pipes and fittings of the big Hudson's Bay Company's department store at Victoria.

The contract will involve an outlay of about $13,000, and will require a considerable number of lines of the firm's well known insulating materials. Not only does the contract involve all the pipe covering and heat-retaining protection in the equipment

TO REMODEL BLOCK BOUGHT FOR $70,000

Extensive Changes Are Planned In Lee Building, Victoria, By New Owners.

VICTORIA (Special)—Following the completion last week of a deal for the purchase of the Lee building, at the corner of Broad and Johnson streets, by the Canadian Fairbanks-Morse Company, Ltd., it is now announced that extensive alterations and the construction of an additional story to the building are contemplated by the new owners, according to an announcement by Mr. H. N. Anstie, local manager of the company.

Architect C. E. Watkins and Contractor J. L. Skeene are already at work preparing to remodel the building for occupancy by the new owners. The company has invested about $70,000 in its new quarters and the alterations and additional story which is to be added will run into a sum in five figures. The structure at pres-

ATHLETIC PALACE TO COST $2,400,000

Toronto Plans Huge 14 Story Club Building As Canadian Sports Centre.

TORONTO (Special)—As the culmination of three months' work in studying the best features of the leading athletic clubs in the United States and Canada, and selecting a Toronto site, the 100 charter members of the York County Athletic club, which is soon to erect a 14 story clubhouse at the corner of Bay and Temperance streets, have now completed their organization, with the result that the plans for this gigantic project are now well under way.

The new athletic palace which it is planned to make a national centre for Canadian sport as far as the east is concerned anyway, will have as one of its features, the largest swimming tank on the American continent. Spacious accommodation will also be provided for bowling gallays, hand-

GRANVILLE MANSIONS TO HOUSE BRANCH BANK

Another new local branch is to be opened by the Canadian Bank of Commerce, quarters having been secured in Granville Mansions, at the corner of Granville and Robson streets. The new branch bank is to be located on the Robson street frontage of this centrally located block, which is to be remodelled shortly to provide modern bank premises. A new front is to be built and large vaults and the usual bank fittings installed. It is expected tenders will be called for the alterations shortly and it is planned to have the new branch open for business on January 2.

ROYAL CITY SHOWS BIG INCREASE IN BUILDING

NEW WESTMINSTER (Special)—The Royal City has been following Vancouver's lead in the matter of increased building activity this year, and is making it about an even break with the Terminal City in the matter of practically doubling the value of the buildings started this year so far as compared with the same period of 1919.

Building Inspector Turnbull reports that for the month of October the building permits issued shows a slight decrease amounting to $1,000 as compared with the same month last year. But he ascribes the falling off for October as due mainly to the abnormally wet weather that prevailed during nearly the whole of the month, making it unfavorable for building operations.

For the first ten months of the year the aggregate value of the permits issued were $266,415, which is almost double the total for the same period last year when they amounted to $146,000.

LAST SUB-TRADES LET ON LEAGUE BUILDING

Architect Edwardes Sproat announces that the last of the sub-contracts for materials and equipment in connection with the completion of the Chinese Nationalist League building at the corner of Hastings and Pender streets, has been awarded and that the building was expected to be completed and turned over to the owners in about a fortnight at the latest.

Among the recent sub-trades awarded were the special electric fixtures to Messrs. Farr, Robinson & Bird; linoleum, to the Hudson's Bay Company; mosiac and tile work to Mr. W. Bradshaw; marble supply and installation to Patterson, Chandler & Stevens; tile work in baths and toilets, Wm. N. O'Neill & Company; oak fittings, Mr. R. D. Helmar; floor and stairway coverings, the San San Asbestos Company.

The new building will be easily the finest, most modern, and best equipped building which any of the local Chinese colony has yet erected in the city. It will form a striking testimonial to the progressiveness of the Chinese Nationalist League.

BUNGALOWS FINISHING UNDER HOUSING SCHEME

VICTORIA—Under the Housing scheme a $3,000 dwelling is now being completed by Lamble & Co. on Bay Street for T. H. Rindell, of this city.

Another Housing scheme bungalow is nearing completion on Ross Street for Arthur Davis. Frank H. Wills is the contractor. T. L. Boyden has the sub-contract for the electric work and the plumbing is being put in by the Dominion Plumbing Company.

LINDENLEA, OTTAWA'S GARDEN SUBURB, IS BUILDING UP FAST NOW

Lindenlea, the new garden suburb of Ottawa, the development of which is being carried out under the administration of the Ottawa Housing Commission, has already established a standard for housing development which might well be studied by Vancouver and other Canadian cities which have any ambitions toward proper town planning. The sort of street system—if lines at right angles to each other can be called system—by which most of our housing developments have been straight-jacketed, cannot stand the competition of such projects as Lindenlea, which is but fifteen minutes ride from the heart of the city.

Such developments are bound to have a profound effect for good throughout the country. They represent an escape from the gridiron development and give a freedom to domestic life which is spiritual as well as physical. Workers who have lived in such towns will not be content with less advantageous surroundings. Building operations must equal these developments or go out of business sooner or later. If it is worth while, as a civic policy, to encourage escape from congestion to better and healthier living conditions, it is worth while to study out and provide means whereby recreation and neighborship can be stimulated.

There is however, an imperative need for social and recreation facilities in developments of this kind. This movement has come into prominence since the war, and must be taken into account in preparing housing and town-plannig schemes. Men and women returning from service in the army, used to the recreative huts in camp, have awakened their fellow citizens to the need for social centres, where they can meet their friends and enjoy mutual intercourse during the evenings or find means of self-expression in music, dancing or art. Suggestions are now under consideration at Lindenlea to promote such a social community project, with the hope of realization when the Community Hall is built.

The progress made with this scheme will be appreciated by recalling that it was not until the autumn of 1919 that building operations were commenced, whereas now over 60 houses are completed and further contracts have been placed for the erection of another fifty. The roads are now taking shape, emphasizing the physical expression of the development. Also, by utilizing the surplus rock and boulders incidental to the excavation of the houses, the wading pool is being formed. Even the casual visitor is impressed by the rewarded efforts of the home builders' random rubble paths, grass lawns and beautiful flowers, which are only part of the evidence of the effect of community life under favorable conditions.

USE AYRES PAINTS

ATHLETIC PALACE TO COST $5,400,000

(Continued from page 1)

ball and squash courts, indoor golf course, a boxing room, a boxing auditorium, shower baths of all kinds, Russian and Turkish baths, card rooms and a billiard room. The building will also have a couple of floors of up-to-date bedrooms, dining rooms, a grill, a roof garden and a ballroom. There will be ladies' and juniors' privileges, the gymnasium and swimming tank being turned over for their use during certain hours.

The Prince of Wales has already accepted an honorary membership, and it is expected that before long the club will be strong enough to offer one to King George.

To carry on the work of purchasing the property and constructing and furnishing the club it is estimated that there will be a gross capital of $2,400,000 on hand. Of this $1,450,000 will be derived from membership fees alone, while the remainder will come from a first mortgage bond issue. It was pointed out that a second mortgage of $40,000 could easily be raised, but it is not expected that this will be done. The principal items in the cost will be $368,000 for the property, $1,843,000 for the erection of the building and $400,000 for the interior furnishings.

TECHNICAL MEN GATHER AT ENJOYABLE SMOKER

The Vancouver branch of the B. C. Technical Association held a most enjoyable smoker in the Old Country tea-rooms on Wednesday evening. The gathering was the first of a number of get-together functions which they plan to hold during the winter months. Mr. A. S. Wooton presided and Mr. J. E. Holden officiated at the piano and also contributed a number of songs and led the choruses. Mr. Robert Lyon, chairman of the public service committee, in addition to contributing to the vocal part of the programme, also pointed out the necessity of closely watching the activities of both "solid sixes" which had been nominated by the leading political parties, in case that anything should creep into legislation that would be inimical to the interests of the technical men or tend to nullify the act granting recognition to the engineering profession, which was secured at the last session afaer such persistent effort.

Among those who contributed to the very varied and enjoyable programme were Mr. A. S. Wootton, Mr. E. Smith, Capt. Fairhurst, Mr. Wm. Menzies, Mr. W. R. Dunlop, Mr. E. Dundas Todd, and Major Swan.

PREPARING PLANS FOR COLONIAL RESIDENCE

Architects E. Evans & Son, 207 Duncan building, are preparing plans for a seven-room house of fine colonial design, which is to be erected for Mr. J. M. Doyle, on Angus avenue, Shaughnessy Heights. The new residence is to have full concrete basement, hot water heating and hardwood floors throughout.

Plans will be ready by November 8 for tenders which will be invited from selected contractors.

MAKING GOOD PROGRESS ON BOYS' TRAINING SCHOOL

(Continued from page 1.)

will not delay the work so much.

Another sub-contract has just been awarded on the Boys' Training school group of buildings. This is the painting which is to be undertaken by Mr. H. P. Hudson of New Westminster.

Robertson & Partners are also making good progress now on the erection of the C. N. R. roundhouse at Victoria, a contract which they were awarded some time ago. Two sub-contracts on this work have also just recently been awarded. The plumbing of the big locomotive garage will be done by W. R. Menzies & Company of Victoria, and the painting has been let to Mr. George Douglas of Vancouver. The building is now ready for work on both of these sub-contracts.

LOCAL FIRM TO SUPPLY ASBESTOS INSULATION

(Continued from Page 1)

of the big store, but it also covers the borders, fire protection, electrical cabinets, and boiler protection material required to complete the huge emporium now receiving its finishing touches in the capital city. The local firm has already commenced the work of making the installation on the Victoria store.

TO REMODEL BLOCK BOUGHT FOR $70,000

(Continued from page 1.)

ent has two stories with a basement, and has a frontage of 60 feet on Broad street with 80 feet on Johnson street.

The four stores which at present occupy the main floor will all be remodelled into one large show room to be used as a sales floor and general offices. The entire front of the ground floor is to be remodelled and equipped with modern plate glass, show window facilities. A new freight elevator is to be installed and a heating plant. The firm hopes with the increased floor space available to be able to carry a much greater stock which the growth of their business in the capital demands.

TENDERS FOR PIPE

The undersigned will receive Tenders up to Tuesday (noon) November the 23rd for the supply of 2,650 feet of 16-inch steel rivetted pipe.

Particulars and specifications can be obtained at the City Engineer's office.

JAMES STUART,
City Purchasing Agent.

ARCHITECTS REGISTER AT ONCE.
Architects Act of B. C. 1920

To all Architects practicing in the Province of British Columbia. Take notice that the organization of the Council of the Architectural Institute has been completed and notice thereof has been published in the British Columbia Gazette in accordance with the Act. Now, therefor, it is necessary for all persons practicing Architecture to cause his or her name to be registered with the Secretary of the Institute, together with credentials satisfactory to the council or being competent and in practice and by paying to the secretary the fees made payable in that behalf.

Forms of application for registration can be obtained from the secretary.

All communications, requests for forms or information must be made in writing addressed to the secretary.

Absolutely no information will be given by telephone.

By order of the Council,
F. L. TOWNLEY,
Secretary.
325 Homer Street,
Vancouver, B. C.

PRINCE RUPERT COURT HOUSE. NOTICE TO CONTRACTORS.

Sealed tenders, superscribed "Tender for Prince Rupert Court House and Heating Prince Rupert Court House," will be received by the Honorable the Minister of Public Works up to 12 o'clock, noon of Thursday, the 25th day of November, 1920, for the erection and completion of a Court House at Prince Rupert and the heating arrangements in connection therewith, in the Prince Rupert Electoral District, B. C.

Plans and specifications, contract and forms of tender may be seen on and after the 4th day of November, 1920, at the office of J. Mahony, Esq., Government Agent, Court House, Vancouver; J. H. McMullin, Esq., Government Agent, Court House, Prince Rupert; or the Department of Public Works, Victoria, B. C.

The lowest or any tender not necessarily accepted.

A. E. FOREMAN,
Public Works Engineer.
Public Works Department,
Victoria, B. C., October 26, 1920.

NOTICE TO CONTRACTORS
CITY OF VICTORIA, B. C.
JOHNSON STREET BRIDGE, CONTRACT NO. 1.

Sealed Tenders, addressed to the City Clerk, either on a lump sum or schedule basis, for the construction of the greater part of the substructure, will be received up to noon on November 22, 1920. Plans and specifications may be obtained from the City Engineer, on and after October 29, 1920, by depositing the sum of ten dollars ($10.00), which will be returned upon receipt of a bona fide tender.

The lowest or any tender will not necessarily be accepted.

J. L. BAYMUR,
Purchasing Agent.
City Hall, Victoria, B. C.

NOTICE TO CONTRACTORS

Sealed tenders addressed to the undersigned and endorsed "Tender for Dry Dock at Esquimalt, British Columbia," will be received at this office until 12 o'clock noon, Thursday, Dec. 9, 1920, for the construction of a Dry Dock at Esquimalt, British Columbia.

Plans and forms of contract can be seen and specification and forms of tender obtained at this Department, at the offices of the District Engineers at Victoria, B. C.; Equity Building, Toronto, Ont.; Shaughnessy Building, Montreal, P.Q., and at the Post Office, Vancouver, B. C.

Tenders will not be considered unless made on printed forms supplied by the Department and in accordance with conditions contained therein.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Minister of Public Works, equal to five per cent. of the amount of the tender. War Loan Bonds of the Dominion will also be accepted as security or War Bonds and cheques if required to make up an odd amount.

Note.—Blue prints can be obtained at this Department by depositing an accepted bank cheque for the sum of $50, payable to the order of the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

By order,
R. C. DESROCHERS,
Secretary.
Department of Public Works, Ottawa,
Sept. 14, 1920.

are largely dependent on approaching your prospect at the right time. You can obtain full information regarding the right moment at which to put forward your estimates for
Building & Engineering
contracts through the service offered by MacLean's Daily Reports. They will give you news of the projects in which you are interested until they are fully completed. You will know when tenders are called and contracts awarded, when to offer materials or service—in short, all the data you could wish for.
Write for full information.
