NEW HOME PLANNED FOR HARWOOD STREET

Plans are being prepared by architects Gardiner & Mercer, 827 Birks Bldg. and will be ready Tuesday for figures for the erection of a residence on Harwood street for Mr. Saunders.

The new home will be of early English design, two-storeys, containing seven rooms and will have every modern convenience. The estimated cost is $6,000.

ROYAL BANK PLANS NEW BRANCH AT ENGLISH BAY

With the object of providing needed facilities for banking and financial accommodation for the fast-growing colony around the English Bay bathing beach during the summer months, the Royal Bank of Canada is arranging to open a new branch in that district. The site secured for the new branch is at the south-east corner of Denman and Davie streets in the premises at present occupied by the English Bay Tea Rooms.

A lease has been secured of these premises and it is understood that the bank will start work shortly on extensive alterations to fit the premises up for bank occupancy. This will be the first branch bank established in this district and the convenience will no doubt be much appreciated by the summer colony there.

FINE NEW GARAGE TO BE HOME OF ROAMER CAR

Still another handsome and ultra-modern garage is to be erected in the 1300 block on the east side of Granville street, for Mr. Rod Campbell of this city. The new garage, which has already been leased by Mr. Patterson will comprise the home for the Roamer car, for which he has the agency. The building will be near the Cecil Hotel.

Architects Gardiner and Mercer have just completed the plans for this notable addition to the garage buildings of the city and are now calling for tenders. The plans show that the new home of the Roamer car will contain many new features in the way of show rooms. The building will have a frontage of 50 feet on Granville street with a depth of 120 feet to the lane in the rear. The plans call for the erection at present of two stories but the foundation and walls are designed to allow of the addition of two more stories later, should circumstances require it.

Absolute fireproof construction has been aimed at in this new garage. The material will be reinforced concrete unusually heavy construction being called for in the floors, while the walls will be of hollow tile. The main show room facilities will be especially attractive and will have a terrazo floor, with ladies and mens' rest rooms and wash rooms adjoining. Private offices are also provided for. The estimated cost of the structure is $32,000.

The plans show that the front will be quite imposing, being designed with pressed brick and stone trimmings. The main entrance will be on the Granville street front, while there will also be an entrance in the rear and a large elevator to take cars to the top floor. Hot water heating will be provided throughout the whole building.

PLANS BIG GARAGE ON SITE ON DAVIE STREET

Behind a deal which was put through last week by Sharples & Sharples for a row of five houses which occupy three lots at the south-east corner of Davie and Hornby streets, lies the first move to erect a big and strictly modern garage and service station. The purchasers of the property, it is understood, are a local automobile concern who intend, as soon as the present rentals expire at the end of the year, to have the houses torn down in order to erect the garage. The site is considered an admirable one for that purpose. Plans for the garage are to be prepared shortly.

VETERANS WILL ERECT BIG GARAGE ON HOWE ST.

Signalizing the entry of a returned soldiers' organization into still another line of industrial activity in the city, the contract has just been awarded by the Veterans' Garage, Ltd., of which Mr. C. H. Leitch is president, to the Veterans' Engineering & Contracting Company for a large, strictly modern garage to be erected at 660 Howe st., near the corner of Georgia street.

Mr. Leitch, who is also president of the Veterans' Engineering & Contracting Company, announces that the new garage building will be somewhat similar to the one erected recently on the corner of Georgia and Bute streets for the Terminal City Motor Company. The new veterans' building will cost in the neighborhood of $24,000 and will include in its design some of the very latest ideas for the economical care, storage and repair of motor cars.

A large show room, 30 by 50 feet in

OFFICIAL ORGAN.
The British Columbia Record is the official organ of The Architectural Institute of British Columbia, federated with The Royal Architectural Institute of Canada, and The Engineering & Technical Institute of British Columbia, and as such is used by them as the medium through which to make their official announcements to the general public.
By such selection the British Columbia Record is no wise pledged to editorial support of any policy advanced by these societies, but maintains an absolutely independent position on all matters subject to editorial opinion.

GOOD OUTLOOK IN THE BUILDING FIELD NOW

Building operation are going forward on a healthy basis, according to local architects, although it is universally admitted that house building has not yet reached that point where the supply is abreast of the demand. Although the September record of building permits shows general operations to be on the increase, architects freely predict that the high point in building activity will not be reached until some time next year—possibly well on in the summer.

Aside from one large job in the new Union Bank building, a number of good-sized public garages, and some other important construction jobs contemplated in the near future, the activity of late has been mainly confined to the erection of new homes. And the most of these new houses are for returned veterans who are taking advantage of the provisions of the Soldier's Housing Act.

Home building generally continues to occupy the attention of the leading Vancouver building firms, with every indication that as far as moderate priced frame construction is concerned, it will continue brisk all winter. Many of the residential jobs now going forward are homes notable for their attractive architectural design. Local architects are catering to the demand for moderate priced but attractive homes of the bungalow type in a manner never before experienced in the city's history.

It was recently claimed by a noted Belgian financier that the chief credit for Belgian thrift was owing to the fact that 50,000 workingmen in Belgium owned their own homes—or did so before the war broke out and the Huns came and destroyed them. That may be a good record for a small country in Europe, but Canada's eight million people can show about four million owners of the property they live in. Which is to say, in other words, that every second person in Canada, man woman or child, owns its own home or at least a prospective homesite. It is true that Vancouver as yet perhaps cannot claim this record. But as far as Vancouver is concerned, seekers after houses for rent are convinced that there are about four million owners—more or less—for each house here, and that every one of the four million wants enough rent out of it to buy the property outright.

size, will occupy the front of the building. A large, handsome fireplace will be one of the features of the show room, while there will be rest rooms, lavatories and locker rooms opening off the main show room.

The second floor will contain the manager's office, stock room and repair department. The latter will be equipped with all the latest tools and machinery for handling all sorts of repair work as well as the expeditious assembling of cars. A ramp from the lane in the rear will lead direct to the second floor and allow autos to be driven directly to that floor.

Work on the new garage is to be started immediately and the construction is to be rushed with all possible speed so as to have the garage ready for the spring trade. Tenders for the various sub-trades are being invited by the contractors, notice of which appears elsewhere in this issue.

CONCENTRATOR FOR MINE TO BE STEEL; COST, $1,000,000

SPOKANE, WN.—Designed to treat the ores of the Rossland camp by a process that has been worked, elaborated and tested for some months, on a scale of 200 tons daily at the Trail test concentrator, the big concentrator which the Consolidated Mining and Smelting Co. of Canada will erect at Rossland or Trail will be the latest thing in America in its line, according to information from Rossland. The big plant, which will involve an outlay of $1,000,000 will have an area of an acre. The buildings will be of steel. The capacity will be 1500 tons a day.

SEATTLE IS ASSURED NEW HOTEL COST $5,000,000

SEATTLE—A wire received Friday evening from New York City from the Bowman interests is to the effect that official announcement has been made by company officials stating that construction work on the new "Hotel Olympic" in Seattle would be started without delay. The block bounded by Spring, Seneca, 4th and 5th Avenues has been selected as the site and the 700-room hostelry will shortly be under construction at this location, according to advices contained in the wire.

The architectural firm of Warren & Wetmore of Chicago will plan the structure, which is to be, by far, the finest in the Northwest and will cost between $3,500,000 and $5,000,000 to build.

OREGON ARCHITECTS GIVEN CERTIFICATES

PORTLAND—The registration of Oregon architects made necessary by the passage of the law by the last legislature has been completed and 89 architects have been given certificates and passed by the board.

THE HARPYTECT

(With Apologies to R. W. Service)

I hailed me a Draughtsman from the street
Useless, but Oh! so smart;
And I bade him sit in my last man's seat,
And I told him to turn out Art.

For I'd hid all trace of that last man's spleen,
And I laid it on the shelf;
And I drew the plans as they might have been
If I'd done the thing myself.

He laughed at my plans and he wouldn't stay:
Then came on a gentle breeze,
My client, who asked in a sneering way,
"Am I paying good cash for these?"

So I twisted it round and upside down,
And I sold it by one of my tricks,
And its built in a little backwoods town,
As a home for lunatics.

R. A. L.

Must Subscribe More

Dividing the people of Canada into three classes — the comparatively poor, the moderately wealthy, and the very wealthy — it would seem that if contributions to the Victory Loans constitute service to the nation, the moderately wealthy class is hardly doing its share. Of the money subscribed to the Victory Loan 1918, two hundred and seventy-one million dollars were in bonds of $5,000 and under, ninety-four millions in bonds of between $5,000 and $25,000, and three hundred and one millions in bonds of $25,000 and over.

Be true to yourself. Buy Victory Bonds.

You did it before. You can do it again. Buy Victory Bonds.

Canada pledged her last man and her last dollar. Redeem that pledge in Victory Bonds.

If the fighting were still raging, you wouldn't hesitate to buy Victory Bonds.

To make the Victory Loan a success is a national obligation. It may be that you are the deciding factor.

If you are concerned about the future welfare of Canada, buy a Victory Bond and make it a sure thing.

Don't forget the future of your children. Lay a good foundation with a Victory Bond.

Would you lend a soldier $50 if you knew it would save his life? Buy Victory Bonds and keep the military hospitals up.

If you appreciate a good investment you will buy a Victory Bond.

You deceive no one but yourself when you say you can't afford a Victory Bond.

MODERN ELECTRIC CONVENIENCES
are imperative in the up-to-date house. If you are building, see that your architect or contractor includes the latest equipment.
Wire your house for an electric range. Do without the kitchen chimney.
Put wall or baseboard plugs in every room, to be ready for electric labor-saving appliances.
Have your meter box open to the outside, so that meter reader will not disturb you at home.

12x12x2 in., 13c per square foot.
12x12x3 in., 13c per square foot.
12x12x4 in., 14c per square foot.
12x12x6 in., 18c per square foot.
12x12x8 in., 22c per square foot.
Dennison Interlocking tile, 12c each.
Wage—Bricklayers, $8.00 per day.
Hod Carriers, $5.00 to $6.00 per day.

Building Paper—(Local Manufacture).
Pure Sulphite—Plain $1.15 per 400 ft. roll.
Asphalted, $1.30 per 400 ft. roll.
Wage—Roofers $7.20 per day.

Concrete Work—Material at Warehouse.
Rock, Course, ...$3.00 per yd.
Rock, Medium ..... 2.50 per yd.
Gravel, Fine ..... 2.75 per yd.
Gravel, Medium ..... 2.50 per yd.
Sand ..... 2.50 per yd.
Cement—(Delivered)
20 Sack lots, per bbl.....$3.70
(Sacks Extra)
Over 20 Sack lots, per bbl..... 3.45
(Sacks Extra)
Rebate on Sacks, each.....20c
Wage—Cement finishes, $8.00 per day.
Laborers, $4.00 per day.

Dampproofing—
Concrete Water Proofing, 18c per lb.
Concrete Dampproofing, $2.25 per gal
Concrete Oil Proofing, 35c per lb.

Electrical Wiring—
Residences—(Knob and Tube)
Ceiling Outlets with drop $5.00 each.
Wall Outlets (No fittings) $3.50 each
Wall Switches, Complete, $5.00 each.
Heater Plugs, $10.00 each.
Vacuum Cleaner Plugs, $7.50 each.
Bell Pushes and Annunciator (per point) $5.00.
Apartment Houses and Office Bldgs.—(Conduit)
Ceiling outlets with drops, $10.00 ea.
Wall outlets (no fittings $8.50 each.
Wall Switches, $10.00 each.
Base Plugs, $10.00 each.
Heater Plugs, $15.00 each.
Meter Loops, $10.00 each.
Store Buildings—(Conduit)
Ceiling Outlets, drop $15.00 to $25.00 each.
Wall Outlet, $10.00 each.
Windows (On transom bar) $4.00 ea.
Wall Switches, $10.00 each.
Meter Loops, $10.00 each.
Wage—Electricians, $8.00 per day.
Helpers $5.00 per day.

Excavation—
Residence, $1.25 per yard.
Business Blocks, $2.00 to $2.75 per yd.
Team, $12.00 per day.
Truck, $30.00 per day.
Above figures are an average without water. Steam shovel work in large quantities, less, hard material such as rock, will run considerably more.
