DIFFICULT PROBLEMS SOLVED IN SURFACING OF PACIFIC HIGHWAY

Now that the much-discussed Peterson contract on the Pacific Highway has been completed, and another important section of the Ladner Trunk Road is also finished and both surfaces hardened sufficient to allow of a preliminary inspection of the finished work, it is becoming increasingly apparent that the contractors on both of these paving jobs had to overcome many very difficult problems in the surfacing of these sections of through highways. These problems would have been difficult enough owing to the nature of the terrain and the hardships and extra work involved in securing a proper foundation, even if

BEGIN RECONSTRUCTION OF FRUIT WAREHOUSE AT VICTORIA THIS WEEK

VICTORIA—(Special)—Messrs. A. P. Slade & Company, who recently purchased the four-story Pither & Leiser block at 535 Yates street, have commenced work on the extensive remodelling and reconstruction of the building. The building is to be made into a strictly modern fruit warehouse with cooling, ripending and extensive show-rooms. Another story is to be added and the show window space on the ground floor is to be entirely redesigned.

Other building operations started this week include those by J. Moggey at Sutlej and Vancouver Streets, P. R. M. Walter at 1326 Hillside Avenue;

(Continued on Page 2)

FRUIT WAREHOUSE CONTRACT AWARDED

Snider Brothers & Son Are Successful Bidders On New Water Street Structure.

Architects Dalton & Eveleigh, Davis Chambers, who prepared the plans and design for the projected new fruit warehouse on Water street, now announce the award of the contract for the erection of this structure. The successful bidders are Snider Brothers & Son, whose tender is approximately $5,000 for the general contract.

The new warehouse which will fill up the last remaining gap in "Wholesale Row" on the north side of Water street between Cambie and Abbott streets, is to be erected for the Vancouver Trading Company, of which Mr. F. W. Welch is president. The building is to be a one-story structure with a frontage of 30 feet and a depth of 90 feet. It will be of tile construction on a concrete foundation and a cement floor. The roof will be of mill construction, covered with three-inch splined planking and surfaced with tar and gravel. Provision is made in the interior finishing for collapsible mesh doors to facilitate ventilation and also for gas heating for the protection of fruit stored there in the event of frosty weather.

REMODEL ODD FELLOWS' BLOCK AT LADNER SOON

LADNER, (Special) — The Royal Bank of Canada intends to enlarge its banking facilities here soon and with that object in view has purchased the Odd Fellows' block. It is intimated that the bank management will be making extensive improvements and alterations to the building soon to fit it for enlarged banking premises. Mr. W. H. Mackenzie's store will also be incorporated in the enlargement of the bank premises.

Mr. Mackenzie also intends to build a new store shortly to take the place of the premises taken over by the bank. His new store will probably be near the Odd Fellows' block.

STILL ANOTHER HOUSING LOAN

What will probably prove the last loan to be made out of Vancouver's allocation of $300,000 from the provincial government for soldier housing, was approved by the city council on Monday, on the recommendation of City Comptroller Pilkington. The applicant was Mr. H. G. Grumplin who gets a $3,500 loan and will erect a new home in the east end. This loan was only made possible by the withdrawal of a previous applicant, as practically all of the city's allocation was previously granted various applicants. This will make a total of 85 houses erected in the city under the provisions of the Soldier Housing Act.

GET CONTRACT FOR SCHOOL ADDITION

Mr. Thomas Carson To Construct $20,000 Extension To Powell River School

Mr. Thomas Carson, 4592 St. Catherines Street, has received official notification from the provincial government department of public works that his tender for the erection of a two-room addition to the Powell River school has been accepted. The figure submitted by Contractor Carson, which was the lowest of a number of close bids, amounted to approximately $20,000. Mr. Carson intends to start work on the structure at once, and will probably get most of his material from the mill at Powell River. The addition is to be of frame construction on a concrete foundation.

With the recent completion of twenty-one new cottages in the residential section of the model industrial town, and the occupation of these new homes by practically the same number of new families, the need for increased school accommodation became quite acute recently. It led to plans being hastily prepared and tenders called for the school addition which will do much to relieve the congestion that prevails in the present overcrowded school building.

POINT GREY STARTS SIX NEW HOMES DURING WEEK

Building Inspector Fugler of Point Grey reports that twelve new permits were issued during the week ending November 11, which authorized construction of a total value of $33,035. Included in this list for the week were six new residences of an aggregate value of $29,500. The balance was made up of four garages at $975, one addition costing $1,500, and one alteration costing $60.00. Point Grey officials believe that the municipality will again surpass the city this month in the total value of new residence construction.

A. E. FOREMAN RE-ENGAGED BY GOVT. ON PAVING WORK

Former provincial government engineer A. E. Foreman, whose resignation from that position took effect on November 1, has been re-engaged by Hon. J. H. King, Minister of Public Works, to look after the completion of the Pacific Highway paving, until his successor is appointed. The government is anxious to have the work rushed with all possible dispatch, and as Mr. Foreman was so well acquainted with all the details of the various contracts, his choice to look after the work is considered a wise one.

Mr. Foreman is now district engineer for the Portland Cement Association, with offices at 907 Birks building, Vancouver.

ARCHITECTS REGISTER AT ONCE

Architects Act of B. C. 1920

To all Architects practicing in the Province of British Columbia. Take notice that the organization of the Council of the Architectural Institute has been completed and notice thereof has been published in the British Columbia Gazette in accordance with the Act. Now, therefore, it is necessary for all persons practicing Architecture to cause his or her name to be registered with the Secretary of the Institute, together with credentials satisfactory to the council of being competent and in practice and by paying to the secretary the fees made payable in that behalf.

Forms of application for registration can be obtained from the secretary.

All communications, requests for forms or information must be made in writing addressed to the secretary.

Absolutely no information will be given by telephone.

By order of the Council,
F. L. TOWNLEY,
Secretary.

THREE HUNDRED LIVES, 8000 BUILDINGS IN CANADA'S ANNUAL FIRE TOLL

The Department of Insurance at Ottawa has issued a little booklet in which they tell us that every year in Canada we burn up a town of 8,000 buildings, and destroy the lives of 300 persons in the conflagration.

When our Dominion's terrible fire waste is stated in terms of this kind, we begin to realize that we have an enormously and costly celebration of our carelessness every year. When the loss is stated as $85,000,000 we do not fully appreciate what the waste actually amounts to, simply because the most of us do not realize what a million dollars is, never having had such a sum.

No person, especially in business, can afford to shut his eyes to the ever-present possibility of fire, but must always be vilgant to see that every human precaution is taken to guard his own and his neighbors' property against this ruthless non-respecter of persons—the fire fiend.

Fire insurance gives no more protection against fire than does life insurance against death. Therefore, our responsibility to the community does not cease when we have placed an insurance policy on our property to cover us against mere monetary loss. We must, however, ascertain the fire hazard of everything around us and safeguard accordingly. The rubbish piled in the backyard against that frame building should be destroyed today. The litter in the cellar and attic should be moved today and not allowed to again accumulate. Heating equipment which is liable to be used to its limit in case of a cold snap should be prepared for that eventuality and not neglected with that "take a chance on it" spirit. Has all combustible material been removed in the basement of your home and are the pipes and chimneys in good order? Did you buy that hand fire extinguisher which you saw demonstrated not long ago, and which you agreed was worth its weight in gold? Why not buy one right away—now—today? Did you connect up the garden hose to the tap in the basement when you put it away last? Have you got a couple of pails of sand in your garage in case of an oil or gasoline blaze? Are all these easily foreseeable emergencies provided for? Are they?

In reality let us wake up to our individual responsibility to this national crime and assume our share in removing the elements of danger from any community, TODAY.

USE AYRES PAINTS

(Continued from page 1.)

E. E. Blake at 2114 Victor Street, and James Atkins, of Lee Avenue.

Miss Bruce has started the reconstruction of the building at 153 Olive Street and is having it enlarged.

Other building operations started this week are by H. H. Rowley, 1069 Joan Crescent, T. S. Moffatt, 926 Heywood Avenue, and M. McIntyre, 235 Front Street.

Pat Burns, the meat king of Calgary, has bought the home of W. T. Williams, 428 St. Charles Street, for $16,000. Half an acre of ground goes with the house.

WILL SPEND MORE THAN HALF MILLION ON ROADS

WINNIPEG, (Special)—Expenditure of $587,000 for market roads and Provincial highways in five municipalities of the Province has been approved by the Good Roads Board.

MINING NOTES

One of the mining properties that will be served by the road being built from Three Forks, up the north fork of Carpenter Creek is the McAllister, from which the road is now about a mile distant. Hitherto the McAllister has had to pack out its ore for shipment.

A surface lead on the McAllister, exposed for about 100 feet, has lately been opened up, and is said to look very promising. It is between two porphyry dykes, and is believed to be a continuation of the property's principal vein.

CLOSING OF BIDS ON PIPE IS EXTENDED TO DEC. 7

City Purchasing Agent James Stuart announces that in order to afford some firms a chance to hear from eastern manufacturers on price quotations, the time for receiving tenders for the 10,000 feet of 16-inch steel rivetted pipe for water mains has been extended to Tuesday, December 7, at 12 noon. The bids are being received by Mr. Stuart at the city hall.

FRAME SCHOOL TO BE BUILT AT KILGARD

VICTORIA—Bids are being asked by the Provincial Government for the construction of a one-roomed frame schoolhouse at Kilgard, near Sumas. The need of a school in the Kilgard district has been apparent for some time and the Government architect was instructed to prepare plans for a suitable frame building. These plans are now ready and tenders are being called by the Provincial Department of Public Works.

It is estimated that the school building will cost between $5,000 and $6,000.

(Continued from page 1.)

the contractors had been favored with average weather during the progress of the work. But when they experienced one of the worst two months of almost continual rain and the most unfavorable fall seasons' for outside work that has occurred within the last thirty years, it was little wonder that the work tried the patience of the residents waiting for the construction of these roads, to say nothing of the financial and engineering problems of the contractors themselves.

For instance it is now abundantly apparent that the concreting of the mile and a half stretch of the Ladner Trunk highway over Lulu Island has opened the worst piece of peat bog country to be found anywhere on the lower Mainland. This section of road has been the cause of many a nightmare to successive road inspectors. The concrete work on this section, which was carried out by Palmer Bros. of Vancouver, and completed on November 10, ranges from a thickness of 6¾ inches on the flanks to 8 inches in the centre. Cross draining and buttressing work is now being done. The mail coach from the Royal City should be rolling merrily along what will be known as one of the best pieces of thoroughfare to be found in the province not later than the middle of December.

NOTICE TO CONTRACTORS
Technical School, Vancouver.

Sealed Tenders, superscribed "Tender for Alterations and Repairs to Technical School, Vancouver," will be received by the Honourable the Minister of Public Works up to 12 o'clock noon of Friday, the 19th day of November, 1920, for the completion of certain alterations and repairs to the new Technical School, Vancouver, formerly known as the Labour Temple, in the Vancouver Electoral District, B.C.

Plans, specifications, contract and forms of tender may be seen on and after the 12th day of November, 1920, at the office of J. Mahony, Esq., Government Agent, Court-house, Vancouver; J. Barrs, Esq., School Board Office, Vancouver; or the Department of Public Works, Victoria, B.C.

Intending tenderers can obtain a copy of plans and specifications by applying to the undersigned with a deposit of ten dollars ($10), which will be refunded on their return in good order.

Each proposal must be accompanied by an accepted bank cheque on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works, for a sum equal to 10 per cent. of tender, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheques of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

S. P. NAPIER,
Assistant Public Works Engineer.
Public Works Department,
Victoria, B.C., November 8th, 1920.

More than fifty per cent. of the property of the world and especially of real estate, is in the possession of women.

PRINCE RUPERT COURT HOUSE.
NOTICE TO CONTRACTORS.

Sealed tenders, superscribed "Tender for Prince Rupert Court House and Heating Prince Rupert Court House," will be received by the Honorable the Minister of Public Works up to 12 o'clock noon of Thursday, the 25th day of November, 1920, for the erection and completion of a Court House at Prince Rupert and the heating arrangements in connection therewith, in the Prince Rupert Electoral District, B. C.

Plans and specifications, contract and forms of tender may be seen on and after the 4th day of November, 1920, at the office of J. Mahony, Esq., Government Agent, Court House, Vancouver; J. H. McMullin, Esq., Government Agent, Court House, Prince Rupert; or the Department of Public Works, Victoria, B. C.

The lowest or any tender not necessarily accepted.

A. E. FOREMAN,
Public Works Engineer.
Public Works Department,
Victoria, B. C., October 26, 1920.

NOTICE TO CONTRACTORS
CITY OF VICTORIA, B. C.
JOHNSON STREET BRIDGE.
CONTRACT NO. 1.

Sealed Tenders, addressed to the City Clerk, either on a lump sum or schedule basis, for the construction of the greater part of the substructure, will be received up to noon on November 22, 1920. Plans and specifications may be obtained from the City Engineer, on and after October 29, 1920, by depositing the sum of ten dollars ($10.00), which will be returned upon receipt of a bona fide tender.

The lowest or any tender will not necessarily be accepted.

J. L. BAYMUR,
Purchasing Agent.
City Hall, Victoria, B. C.

NOTICE TO CONTRACTORS

Sealed tenders addressed to the undersigned and endorsed "Tender for Dry Dock at Esquimalt, British Columbia," will be received at this office until 12 o'clock noon, Thursday, Dec. 9, 1920, for the construction of a Dry Dock at Esquimalt, British Columbia.

Plans and forms of contract can be seen and specification and forms of tender obtained at this Department, at the offices of the District Engineers at Victoria, B. C.; Equity Building, Toronto, Ont.; Shaughnessy Building, Montreal, P.Q., and at the Post Office, Vancouver, B. C.

Tenders will not be considered unless made on printed forms supplied by the Department and in accordance with conditions contained therein.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, equal to five per cent. of the amount of the tender. War Loan Bonds of the Dominion will also be accepted as security or War Bonds and cheques if required to make up an odd amount.

Note.—Blue prints can be obtained at this Department by depositing an accepted bank cheque for the sum of $50, payable to the order of the Minister of Public Works, which will be returned if the intending bidder submit a regular bid.

By order,
R. C. DESROCHERS,
Secretary.
Department of Public Works, Ottawa,
Sept. 14, 1920.

Too Much "Deadweight"
is added to your selling expenses by your travellers' wasted calls. Reduce this burden. MacLean Daily Reports will give you, every day, clean-cut, reliable, reports—fully verified—on contracts for
Building & Engineering
work being let that should mean thousands of dollars in your bank account every year. They will enable your travellers to concentrate on live prospects. Dominion-wide, accurate service—real definite news. MacLean Daily Reports will mean many more orders for you at much lower expense.
Write for full information.
