HIGHWAY BRIDGE FOR KICKING HORSE RIVER

Tenders for the erection of a highway bridge over the Kicking Horse River at Golden, B. C. are being invited by the Honourable the Minister of Public Works up to November 12th, 1919. Notice of tender appears elsewhere in these columns.

INVITING TENDERS FOR VARIOUS TRADES

Tenders are being invited by the Veterans Engineering and Contracting Company, 611 Dominion building from contractors for the various trades:—Plumbing and heating, plastering, concrete, Electrical, Painting, Shingling and Sewer connections.

Plans may be seen at the office of the contractors.

INVITING TENDERS FOR SCHOOL ANNEX

VICTORIA—Tenders are being invited by Architect, J. C. M. Keith, 423 Sayward building up to October 23rd for the erection of an annex to the Oakland school.

AWARD CONTRACTS FOR TWO SOLDIERS' HOMES

NORTH VANCOUVER — Councillor J. Liutit chairman of the local Returned Soldier's Housing scheme announced that contracts had been awarded to Mr. J. M. Henderson for two more dwellings to be erected for Mr R. Renshaw and Mr. S. H. Walker. Work on these residences is to be started at once.

SITE FOR NEW HIGH SCHOOL

SOUTH VANCOUVER—Matters in connection with the new high school which is planned to erect in the eastern portion of the municipality are expected to be materially advanced this week by the selection of the site for the projected school. Several sites are under consideration by the special committee which has the matter in hand and it is expected they will bring in a recommendation this week. After that the next step will be to prepare plans of the new school preparatory to calling for tenders.

SITUATION WANTED
A1 Salesman desires to locate in Vancouver. Experienced and acquainted in the Building Material business. (Box 95, Record).

TO ASK TENDERS ON DITCHING

SOUTH VANCOUVER — Commissioner Gillespie, acting under the recommendations of the municipal advisory board, has decided to carry out the long-promised work of considerable ditching and draining of the northwestern section of the municipality. It has been decided to call for tenders for this ditching and draining shortly under the provisions of the provincial Ditches and Watercourses Act.

BIG DEMAND FOR HOMES IN PENTICTON

PENTICTON—According to all accounts, the demand for houses in Penticton is still far and away above the supply. There will be an actual famine this winter. Lumber is said to be scarce too, and as a result people who contemplated erecting new houses this fall have had their plans held up.

DRYDOCK WILL BE AT SKINER'S COVE

VICTORIA—Skinner's Cove has been definitely selected as the site for the Esquimalt drydock, and the Federal Government will advertise for tenders immediately, Mr. J. C. McIntosh, M.P. for Nanaimo, announced on his return from Ottawa, where he has been attending the session of the House of Commons.

START CLEARING SITE FOR RUBBER FACTORY

PORT COQUITLAM—Officials of the Gregory Tire & Rubber Company have announced that a start will be made this week on clearing operations on the site of the new factory which the company are under agreement with the municipality to erect here. Plans for the first units of the plant are nearly ready. Since the passage of the by-law bonusing the tire factory, a considerable amount of small building activity has been manifested in the municipality. The coming of the new rubber factory has created quite a boom in the place and several other important industries are also expected to locate here soon.

NEW RESIDENCES FOR 45 VETERANS PLANNED

SOUTH VANCOUVER — Tenders were received last week for nine more new homes for soldiers which are to be erected under the provisions of the Soldier Housing Act, and it is expected the contracts will be awarded early this week. There are at the present time a total of 45 applications in hand by the municipal council from returned veterans or their dependents for new homes. Four new residences for

CANNOT WAIT FOR BUILDING PRICES TO DECLINE

Judging by the amount of building construction which gives every promise of being continued through the winter, as well as the number of new homes that are being started each week, despite the lateness of what is usually considered the active business season, it is becoming quite patent that prospective home builders in the city are at last beginning to realize the fact that nothing is to be gained by waiting for the price of building materials to show a drop. It is becoming quite generally recognized that even if the prices of building materials are comparatively high—as judged by pre-war standards—the cost of the land just now is cheap and the difference works out at about the same in the final analysis as the pre-war costs. Just how long this state of affairs will last can not be foretold with any degree of accuracy. But two things seem reasonably certain: One is that there is no immediate prospect of any reduction in the cost of building materials for reasons that are too numerous to mention in detail. The other is the strong probability—almost a certainty—that there will be a more or less marked increase in realty in the near future—probably next spring. And owing to the fact that there seems to be more demand for suitable home sites than business property just now, the most marked advance in realty will probably be on residential property rather than in the business section.

Realty men confidently predict that the constant influx of new residents in the city will soon justify an increase, for these new residents have to live somewhere and the demand for houses will naturally reflect on the prices of realty. Nobody can predict just exactly what the rate of increase of the city has been since the armistice was signed nearly a year ago, but counting the returned soldiers who have come back, together with the influx of others due to industrial activity, it is estimated that Vancouver's population is at least 10,000 more than this time last year. And there is every probability of the population maintaining about that rate of increase for many years to come. All authorities agree that a great tide of immigration is due to set westward from tax-ridden Europe to escape in some measure the crushing financial burden of the war. Vancouver will get a very generous share of this immigration, that is quite certain. Also there is the constantly increasing winter influx from the prairies which tends to make Vancouver an all-the-year-round tourist resort.

All this tends to make it a gilt-edged investment to build houses for sale or to rent, as the business, despite what many choose to call the present high prices, is again holding out prospects of good profits. And the biggest share of these profits promise to be reaped by the enterprising builder who gets into the game at once.

TECHNICAL INSTITUTE WILL HOLD BANQUET

A special general meeting of the B. C. Technical Association has been called for Tuesday evening at 9 o'clock in the University Club rooms at 9 o'clock. Prior to the business meeting the members will gather at 8 o'clock for an informal dinner to be followed by an interesting social programme. This is the first social gathering which the Technical Institute has planned, and the dinner is mainly designed to afford the professional men an opportunity to get acquainted and exchange views for mutual co-operation and improvement. The membership has been increasing of late but the secretary is anxious to meet any technical men who are not yet members of the association and talk over the aims of the organization with them.

MODERN ELECTRIC CONVENIENCES
are imperative in the up-to-date house. If you are building, see that your architect or contractor includes the latest equipment.
Wire your house for an electric range. Do without the kitchen chimney.
Put wall or baseboard plugs in every room, to be ready for electric labor-saving appliances.
Have your meter box open to the outside, so that meter reader will not disturb you at home.
