BUILDING NEWS

And Construction Work not otherwise Classified.

VICTORIA—A new house will be built for J. B. Green, Quamichan. It will replace that burned down some two months ago. Mr. Oscar Brown, Duncan, has the contract.

TRAIL—At the swimming pool meeting held Monday night, a new committee was appointed, consisting of F. W. Brown, Walter Oddy, L. H. Gross and J. W. Wadsworth, to complete the work of raising the necessary funds to put the plan on a good financial footing.

VICTORIA—At the last meeting of the directors of the Jubilee Hospital it was finally decided that the work of erecting the new building should proceed at once, but that it should be heated with stoves or in such a way as the building committee might arrange, as long as the allotment of $5,000 for the whole work was not exceeded.

VANCOUVER—Ald. Gale, chairman of the civic bridges and railways committee, has appointed Ald. Woodside and Ald. Hamilton to act with him in approaching the C. P. R. in reference to commencing the construction of the proposed tunnel to obviate the crossing of Hastings and Carrall streets by trains.

VANCOUVER—At this week's meeting of the board of park commissioners it is expected that a reply will be received from the city council in regard to the board's suggestion that a bylaw for $75,000 be placed before the ratepayers at the January election for the construction of a warm sea water swimming bath at English Bay.

VICTORIA—To provide better fire protection facilities for the Protestant Orphanage, the city is preparing to run a six-inch water main from King's Road and Cook Street to a hydrant at the gate of the Orphanage. This will cost $925. A four-inch main runs a distance of 100 feet into the grounds, and the installation of another hydrant is also recommended by Fire Chief Davies and Water Commissioner Rust.

MINING.

TRAIL—There is no change in the coke situation.

An even 110 mines have shipped ore to Trail this year.

For the second consecutive week Sullivan is the largest shipper to the Trail smelter.

The Emma, of Eholt, in the Boundary, has already sent over 5,000 tons of chalcopyrite ore to the Consolidated smelter.

High priced zinc has wiped out Lucky Jim's first mortgage of $35,000, and the mine looks better today than ever.

Last week the Silver belt, Elko, East Kootenay, was on the shipping list for the first time, with 36 tons to the Consolidated smelter.

Due to lack of coke at the company's Trail smelter, this week's ore shipments from Rossland are the smallest thus far this year.

Electric Point has shipped over 4,000 tons of lead ore to Trail in two or three months—and keeps it up at from 75 to 100 tons daily.

Standard, Silverton, has declared another of its $50,000 monthly dividends—making $2,300,000 thus declared on its capital of $2,000,000.

BUSINESS NOTES

and other items of interest to the business man.

VANCOUVER—A letter to the city Council from Mr. V. R. Midgley, secretary of the Trades and Labor Council, urging that all street railway cars should be heated during the winter months, has been referred to the civic bridges and railways committee.

NEW WESTMINSTER—The sum of $61,975 has been received by the city from the Canadian Northern Ry., being the amount of the judgments given against the registered owners of the C. N. R. holdings in the city who were sued for arrears of taxes.

NEW WESTMINSTER—The tentative agreement between the city and Canadian Northern, drafted by the city solicitors and sent to Toronto for the approval of the railway company, has been returned to the City Hall with a number of suggested amendments, and will be considered at a meeting of the City Council in committee on Monday afternoon. It is understood that the alterations desired by the C. N. R. are in the main of minor importance.

WEST VANCOUVER—Ratepayers will have an opportunity of voting on the by-law providing for municipal assistance to the Vedder River Mill Company on Thursday, November 2. The by-law provides for assessing the company $1 per year for its property, provided the mill is in operation six weeks after passage of the by-law. It must have a capacity of 300,000 feet of lumber per day and a daily payroll of $300. Should it cease operations for any three consecutive months the by-law will be automatically cancelled.

VICTORIA—Application has been made to Mr. Justice Gregory in supreme court chambers by E. L. Taft, on behalf of the Fidelity and Guaranty Company, for an order of direction to L. J. Quagliotti to pay the succession duty fees on the estate of his late wife, to do which within the statutory time he is under bonds with the company in $70,000. The time has expired and the government has intimated to the company that it will be called upon to make good the amount in the default of Quagliotti to do so.

PORTLAND—Lumbermen and forestry experts from all parts of the United States are gathered here in preparation for the opening of the third annual forest industry conference of the Western Forestry and Conservation Association and for the eighth annual convention of the Pacific Logging congress.

Lumber manufacturers and timber owners were looking forward with particular interest to presentations which will be made by representatives of the Bureau of Foreign and Domestic Commerce and of the United States forestry service outlining the government's attitude toward the lumber business.

On Thursday and Friday of this week the Pacific Logging congress meets in Portland, Ore., and will be attended by a number of lumbermen of British Columbia. Among those who will be present from Vancouver are: W. V. W. Armstrong, secretary of the B. C. Loggers' association; P. A. Lyford, E. N. Prouty, S. D. Brooks, Mr. Pattee, M. D. Rector, Arthur Henderson A. P. Allison, G. P. Challenger, John Lamb, A. B. Buckworth and others.

VANCOUVER—A. Erskine Smith, mining man, left for the Fort Steele district where he will examine a mining property for Vancouver people who have it under option.

VANCOUVER — The question of erecting illuminated signs at the street corners has been referred by the board of works to City Electrician Fletcher to bring down an estimate.

VANCOUVER—Definite declaration that the B. C. Electric Railway Company does not intend to make any further expenditures for extensions or developments of the existing street railway system until such time as the city shall place the jitneys under the same regulations as govern the street cars, was made in a letter from Mr. George Kidd, general manager of the B.C.E.R., read at the meeting of the city council Monday night.

PROPOSALS WANTED

Tenders will be received by the undersigned for the supply of groceries, meat and fish to the Royal Columbian Hospital for a period of three months from November 1st, 1916. Tenders must be sealed and marked "Tenders for Supplies," and must be in my hands not later than Friday, October 27th, 1916. Forms of tender may be obtained in their entirety, but the lowest or any tender not necessarily accepted.

E. S. WITHERS, Secretary,
Royal Columbian Hospital

PROVINCIAL ESTIMATES ARE TABLED IN THE HOUSE

VICTORIA.—A revenue of just under $6,000,000 and an expenditure of $11,000,000 for the year commencing April 1 next is predicted in the provincial estimates which were tabled in the House by Hon. Lorne Campbell, Minister of Finance, on Monday. The revenue shows a falling off of about $1,000,000 for the anticipated revenue for this year, while the expenditures show a slight increase. The exact estimated revenue is $5,944,015 as compared with $7,134,615 for the present year, a difference of $1,095,000. The estimated disbursements are $11,301,374, as compared with $11,163,056 for the previous year, an increase of $138,000. The increase is more than accounted for by the increased fixed charges, which are over $300,000.

Summary of Expenditure

The summary of estimated expenditure indicates that in four of the 14 Government services there will probably be an increased expenditure over last year. In the rest a reduction is predicted.

The following are the totals:

	1915-16.	1916-17.
Public debt	$1,152,376	$1,422,254
Civic government (salaries)	1,709,566	1,687,736
Administration of justice (salaries)	68,000	67,428
Legislation	89,820	167,620
Public institutions (maintenance)	467,426	472,575
Hospitals and charities	374,100	525,800
Administration of justice	378,000	308,670
Education	1,594,600	1,524,500
Transport	83,000	48,000
Revenue services	50,000	25,000
Public works	3,067,315	3,023,010
Miscellaneous	2,138,752	2,032,000

In this year's report of the estimates the service "miscellaneous" is divided into three distinct services. "Lands," upon which $565,000 is to be spent this year, and "agriculture," upon which $176,500 will probably be expended, are each given a service to themselves, thus greatly reducing the "miscellaneous" total.

Present conditions have also necessitated more and larger hospitals, the result being an unusually large increase for hospitals and charities. Last year $16,000 was voted in the way of assistance in the construction of hospitals. This year about $150,000 will probably be granted for that purpose. Grants to refuge homes, aid societies, etc, is increased from $19,000 to $80,000.

University of B. C.

Among the appropriations in this year's estimates is a conditional one of $200,000 for the University of British Columbia. Last year's estimate was $175,000. Included in the works and buildings to be constructed by the Public Works Department are the following: Okalla prison farm, $15,000; improvement of government reserve, Burnaby, $10,000; mental hospital and colony farm, Essondale, $35,000; provincial government buildings, London (completion and maintenance), $175,000; maintenance, $8,000. The appropriations provincial normal school, Vancouver, for roads, streets, bridges and wharves in each constituency are the same as last year. Chilliwack gets $33,300; Delta, $22,500; Dewdney, $68,500, and Richmond $40,000. Eighty thousand is revoted for Kingsway through the Municipality of Burnaby. Point Grey gets $10,000 for roads, and Nicomen Island the same amount for dyking; $13,500 is a subsidy for the Ladner-Woodward-ferry.

The vote of $400,000 on last year's estimates for the Second Narrows bridge is left off. For bridges generally $450,000 is set down, while for the bridge over the Fraser River at Prince George there will be an appropriation of $150,000.

An item in the Land Department appropriations is that for $20,000 for "timber testing and investigation of wood products." An indication that the government intends to continue seeking overseas markets for the B. C. lumber trade is that another $60,000 is appropriated for salaries, travelling expenses, and purchase of material.

Other Appropriations.

Among the other appropriations are the following:

Grant to B. C. regiments $5,000, grant to patriotic fund $6,000, grant to boy scouts $1,000, grant to Victorian Order of Nurses $500, grant to returned soldiers' aiid commissions, $15,000; Royal Commissions $15,000 (last year $50,000), cougar bounty $35,000. Contribution to Vancouver toward purchase of certain lanes in Ward VIII., $5,000. Fraser River Bridge, New Westminster, maintenance and repairs, $20,200. Songhees Reserve improvements, $240,000.

CONGOLEUM
Floor Coverings

If you have Congoleum on your floors, you can run a mop over them and they will be cleaner than any swept floor. Congoleum is waterproof right through—water cannot injure it. Compared with printed linoleum, Congoleum is more durable, more attractive, more waterproof, yet the price is less. Congoleum requires no fastening—any one can lay it—it won't curl up.

Congoleum Rug Borders, laid next to a rug or carpet, give the actual appearance of polished oak.

SAINO SHEET METAL FIRE DOOR

This door is radically different from Fire Door heretofore known. Made of steel and asbestos, crosslaid galvanized iron of two thicknesses, with air spaces and asbestos lining 1-16th inch thick prevents warping. Much lighter than any other standard Fire Door. Weight only 5 lbs. per square foot. Can be installed in any manner that other Fire Doors are installed—sliding, swinging, vertical, etc.—Latest approved hardware and trimmings used.

THE MEDIUM.

Did you ever notice that 95 per cent. of the big successful firms are firms who advertise? They figure advertising as an investment not an expense. The secret of advertising is the selection of a medium which reaches those people who are or will be the most likely "purchasers of your product." If you are in the building supply or machinery line don't select a moving picture publication in which to do your advertising. Because of the fact that the RECORD is the only paper published in the province devoted exclusively to the contracting business it is read by practically every one you would like to sell your products to. Your ad. where they will see it will put a capital C on your cash.

Automobile Records for B. C.

From Week Ending July 29th to Week Ending Augnst 5th

Following is a complete list of new Automobile Licenses, Transfers and Relinquishments Recorded in British Columbia: The name of person to whom transfer is made is given. The name of person making transfer may be obtained by referring to the same license number in any complete published list or by telephoning or writing to the British Columbia Record.

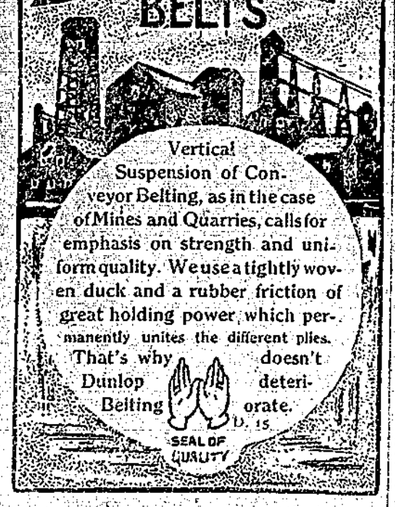
CONVEYOR
DUNLOP BELTS



Vertical Suspension of Conveyor Belting, as in the case of Mines and Quarries, calls for emphasis on strength and uniform quality. We use a tightly woven duck and a rubber friction of great holding power which permanently unites the different plies. That's why Dunlop Belting doesn't deteriorate.

NABOB COFFEE

—is strictly high-grade—a combination of Mocha and Java.

From the plantation to the cup, all the processes through which "Nabob" passes are strictly sanitary.

The blending—the roasting—the grinding—follow an exact scientific formula which ensures absolute Coffee perfection.

And it also ensures absolute uniformity—an exceedingly important point—day in and day out.

A user of "Nabob" knows this—those who are not drinking "Nabob" are surely missing one of the Joys of the culinary art.
