SUB-CONTRACTS LET FOR GYMNASIUM BUILDING

Architect H. S. Griffith, 1013 Dominion Building has awarded sub-contracts in connection with the erection of the gymnasium building for the Japanese Methodist Mission to the following concerns:

Plumbing & Heating; Barr & Anderson; Electrical, The Electric Shop.

Rush and Read were given the contract for the interior and exterior plastering work.

THREE SEWER JOBS TO BE COMMENCED SOON

Approval was given by the civic board of works at its meeting on Tuesday to three urgently needed sewer extensions which are estimated to cost $8,505. City Engineer Fellowes was authorized to carry out the work at once and the city's present sewer gang will probably be considerably augumented to do the work if the jobs are not awarded by contract.

LOCAL FIRM GETS CORDAGE CONTRACT

The E. J. Ryan Contracting Co., Ltd., 5 Fairfield Bldg. have been officially awarded the contract for the erection of the Canada Western Cordage Company's plant at Sapperton. The tender of the Ryan Company was $76,000 being the lowest of seven tenders submitted on the general contract.

The contract calls for the erection of administration buildings, warehouse and factory building 150x200 ft. to be constructed of interlocking tile and reinforced concrete. Further details including the names of the successful sub-contractors will be made known in our Monday Issue.

TO SEEK DECISION ON HOUSING SCHEME

VICTORIA—Efforts to bring about a "show down" as regards the City Council's attitude towards the housing scheme for returned soldiers, are to be made by a number of parties concerned at a special meeting of the aldermen this afternoon in the council chamber.

CITY TO CONSTRUCT RAILWAY CROSSING

Following receipt of a letter from the city solicitor transmitting an order from the Board of Railway Commissioners ordering the city to construct at its own expense a highway crossing over the C. P. R. tracks, the civic board of works at its meeting on Tuesday, authorized City Engineer Fellowes to proceed with the work. The crossing in question is to be constructed at the intersection of Stewart St. and Salisbury Drive and will give vehicular access from these streets to the Dominion Government dock on Burrard Inlet.

VICTORIA CONTRACTOR MAKES NOVEL SUGGESTION

VICTORIA—One of the bids opened by the City Council on Monday night for certain work to be carried out under the Fire Department contained a trite suggestion, not to say a novel argument in favor of the bidder. Said he in his tender: "If I get this job I can almost pay my taxes." Who said the age of materialism has destroyed good old-fashioned commercial candor?

PRINCE RUPERT CONCERN MAY BUY CREOSOTE PLANT

VICTORIA—Chairman Sangster, of the Streets Committee, and City Engineer, F. M. Preston, have been instructed by the City Council to report on an application made by the Prince Rupert Supply Company for the purchase of the city's creosoting plant, which is now out of use.

TO TAKE UP MATTER OF REBUILDING SOON

The matter of rebuilding the plant of the B. C. Fir & Cedar Lumber Co., which was recently destroyed by fire will be taken up at meeting of the directors to be held as soon as the insurance adjustment is made, according to Mr. W. S. Burley, manager of the company.

BUILDING HARDWARE STORE AT COURTENAY

The firm of W. Tarbell & Sons, hardware merchants of Courtenay, are erecting a new store building at that place. The building is a frame structure, 100 by 40 feet in size, with concrete foundations.

ALASKA RAILROAD APPROPRIATION OUT

WASHINGTON, D. C. — The first general deficiency bill of this session was agreed upon by the Senate and House conference committees. The bill reduces the apropriation of $17,000,000 for the Alaskan Railroad to $6,000,000 and eliminates the entire $15,000,000 army air service appropriation.

The funds which will now be avail-

WHY HESITATE ABOUT BUYING VICTORY BONDS?

Aside from the fundamental fact that all loyal, red-corpusclated Canadians are in honor bound to see the aftermath of the world war through its last stages by subscribing liberally to Canada's Sixth Victory Loan, there are so many other cogent and irrefutable reasons why this should be done that there seems little room left for any valid argument to the contrary. In the matter of hard-headed finance however, or a reasoning of the question of investment from a prosaic dollars-and-cents point of view, the present Victory Loan presents an even more alluring, gilt-edged investment than any of the previous loans did. To be sure, the interest on this issue of Victory Loan bonds to the extent of several thousand, affords a much better rate of return than could be hoped to secure from the banks and the investment is just as secure, for there is the security of all Canada to back it.

For one thing, the present loan can be said to be of a gilt-edged investment than any of the others as far as security is concerned. Of course, there was never any material doubt of the security of this Canada of ours in the previous loans. But the war was not won then. Canada, as part of the great British Empire, was helping the latter carry the burdens of a large share of the world and at the same time wage the most terrible warfare that this weary old world has ever known on seven fronts, on the seven seas, beneath them and in the air over them. When the previous loans were floated, there was no telling just how long this titanic struggle against German autocracy was going to last. There were always the doubters—happily vastly in the minority—who feared that the war would have to stop because all the combatants—Britain included—would be financially exhausted. Yet in spite of all that Canadians subscribed not only the huge sums the government asked for, but almost double on the occasions of the previous loans. And only in the case of the 1918 Victory Loan could the tremendous struggle in war-torn Europe be said to be anywhere near reaching a conclusion. It will be remembered that Sir Thomas White, finance minister of Canada, who so ably steered the financial ship of state through the tortuous and rocky channel of the war-time years, predicted that the Victory Loan of 1918 would be a "Victory Loan" indeed. His prediction came true almost within a month of its last public utterance.

And now Canada's new Finance Minister, Sir Henry Drayton, in appealing for a equally generous support for the present Victory Loan, predicts an era of industrial prosperity for the Dominion if the loan is as liberally subscribed as the previous ones. Sir Henry is a wise prophet at that, and the fulfilment of that prophesy rests mainly with the Canadians themselves, individually and collectively, through the medium of the present Victory Loan.

Your money does not get "tied up" in Victory Bonds. There is always an immediate market for them.

Victory Bonds pay 5½ per cent. interest—the Savings Bank 3 per cent.

LOCAL FIRM AWARDED EASTERN CONTRACTS

Mundy, Rowland & Co., electrical engineers of this city and Winnipeg, have recently been awarded two big eastern contracts for electrical installation which will keep the firm's eastern staff busy for some time.

One of these contracts comprises the electrical installation for the big grain elevator now being erected in Montreal for the port commission. A number of unique, timesaving devices for the more speedy handing of the grain are to be installed in the new elevator, as these are mainly electrically controlled, the installation is an important one.

The other contract is in Winnipeg, and comprises the electrical installation of the new Allen theatre now in progress of construction there.

Continued business activity and good wages depend on the success of the new Victory Loan. Do your share.

MODERN ELECTRIC CONVENIENCES
are imperative in the up-to-date house. If you are building, see that your architect or contractor includes the latest equipment.
Wire your house for an electric range. Do without the kitchen chimney.
Put wall or baseboard plugs in every room, to be ready for electric labor-saving appliances.
Have your meter box open to the outside, so that meter reader will not disturb you at home.

MEETINGS

AN IMPORTANT MEETING OF THE ARCHITECTURAL INSTITUTE OF BRITISH COLUMBIA WILL BE HELD ON MONDAY EVENING, NOV. 3, AT 8:00 P.M., IN THE OFFICES OF MR. FRED L. TOWNLEY, 325 HOMER STREET.
MEMBERS ARE URGENTLY REQUESTED TO BE PRESENT.

MINING

An electric smelter and furnace capable of turning out 50 tons per day of pig iron from even the most refractory ores is to be erected in the vicinity of Vancouver on a site to be selected shortly, according to Mr. Percy H. Fraser, manager of the Vancouver Magnetite Iron and Steel Smelting Company. The new smelter company is capitalized at $1,000,000 with the majority of the stock held in Canada. Decision to build a furnace here followed exhaustive tests made near the Burnaby power house of the B. C. E. R., which showed that electric smelting was quite practicable and decidedly economical over the usual coke methods.

W. J. Elmendorf of Seattle, has taken the Mercury group, three miles from Sandon, on a bond for $30,000 and has let a contract to extend a tunnel 50 feet to determine other development. Several carloads were shipped a few years ago from the Mercury and returned 200 ounces in silver and 50 per cent. lead.

All mines in Republic, Wash., camp closed down last Saturday as the result of a demand by employees for an advance of $1.00 per day in wages. About 50 or 60 men are affected.

A number of Ainsworth miners are forming a syndicate to work a claim or group of claims known as the 4th of July, located on Coffee Creek, at a point above the Eden and Crescent group there. Some ore is reported to be insight, and it is believed that several carloads can be taken out and shipped during the season.

Victory Bonds does not affect the small investor at all.

INVITING TENDERS FOR CONSTRUCTION OF DITCHES

Tenders are being received by F. J. Whittaker, municipal engineer, South Vancouver, up to November 1st, for the construction of certain ditches within the municipality.

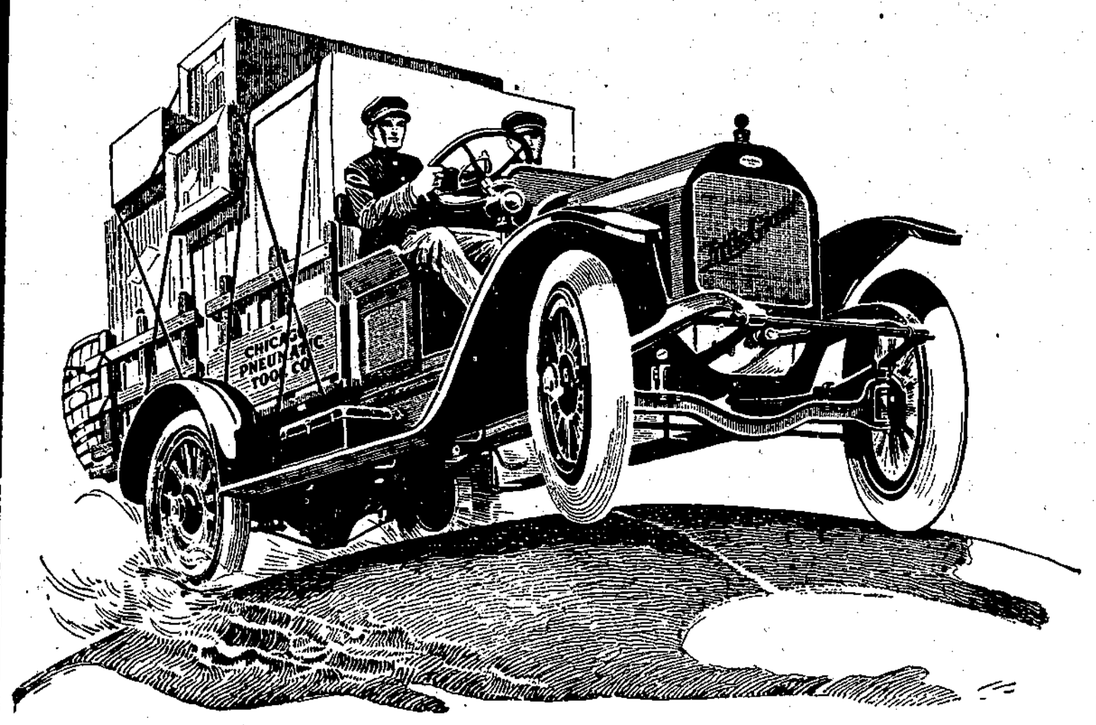
GIANT TRUCKS



1--2--3½ TON CAPACITIES
are a perfect assembly of highly standardized units, to which is added an exclusive feature, viz.: the Duntley Generator, which permits the burning of low-grade fuels. Distillate at 23c per fallon instead of gasoline at 33c per gallon effects a saving that the shrewd buyer will not overlook.

PLAN TO ERECT PACKING PLANT AT PORT HANEY

Messrs. Edgett and Gilland, 156 Water Street, advise the Record that plans are under way for the erection of a cannery in Port Haney, but that nothing definite will be done until next week. It was reported that a contract had already been let for this work.

NOTICE TO CONTRACTORS
North Okanagan District.

Sealed Tenders, superscribed "Tender for Enderby Bridge," will be received by the Honourable the Minister of Public Works up to noon of Wednesday, the 19th day of November, 1919, for the erection and completion of a highway bridge over the Shuswap River at Enderby, B. C.

Plans, specifications, contract, and forms of tender may be seen or obtained upon payment of a deposit of five dollars ($5), deposit to be refunded when plans are returned, on and after the 29th day of October, 1919, at the Department of Public Works, Parliament Buildings, Victoria, B. C.; at the office of the District Engineer, Court House, Vancouver, B. C.; and at the office of the Assistant District Engineer at Vernon, B. C.

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works, for the sum of 10 per cent. of the amount of the tender as security for the due fulfilment of the contract, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

Victoria, B. C., October 21st, 1919.

NOTICE TO CONTRACTORS
Telkwa School.

Sealed Tenders, superscribed "Tender for Telkwa School," will be received by the Honourable the Minister of Public Works up to 12 o'clock noon on Tuesday, the 11th day of November, 1919, for the erection and completion of a large one-room school-house and outbuildings at Telkwa, in the Omineca Electroal District.

Plans, specifications, contract, and forms of tender may be seen on and after the 29th day of October, 1919, at the office of P. J. Watkinson, Esq., Secretary to the School Trustees, Telkwa, B. C.; J. Mahony, Esq., Government Agent, Courthouse, Vancouver, B. C.; G. H. Hoskins, Esq., Government Agent, Smithers, B. C.; and the Department of Public Works, Victoria, B. C.

By application to the undersigned, contractors may obtain one set of the plans and specifications for the sum of ten dollars ($10), which will be refunded on their return in good order.

Each proposal must be accompanied by an accepted bank cheque on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works, for a sum equal to 15 per cent. of tender, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheque of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

Victoria, B. C.
Oct. 20th, 1919.

NOTICE TO CONTRACTORS

SEALED TENDERS addressed to the undersigned and marked "Tender for Matsqui Drainage No. 1," will be received at this office until noon of Thursday, the 30th day of October, A.D. 1919.

Plans, specifications, contract and forms of tender may be seen at the office of C. E. Cartwright & Co., Engineers, 445 Granville Street, Vancouver, B. C.

The work will be divided into eastern and western sections, to be known as contracts Nos. 1 and 2 respectively.

Tenders may be submitted for the whole work or for the sections separately. An accepted bank cheque for fifteen hundred ($1500) dollars for the whole, or seven hundred and fifty (750) dollars for one section made payable to the "Commissioner of Matsqui Drainage No. 1," must accompany each tender, which sum will be forfeited if the party tendering declines to enter into contract for the work at the rates stated in the offer submitted.

The cheques thus sent in will be returned to the respective contractors whose tenders are not accepted.

Tenders must be made out on the forms supplied, signed with the actual signature of the tenderer and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.
