SUB-TRADE TENDERS ON BUNGALOWS WANTED

Contractor S. H. Shave, 1902 Blenheim street is inviting tenders from the various sub-trades for the erection and completion of five bungalows in Point Grey.

TO BUILD TWO ROOM SCHOOL AT KIMBERLEY

Tenders are being invited by the Hon. the Minister of Public Works up to noon the 22nd day of September, for the erection of a two-room school at Kimberley, B. C. Notice of tender appears on page 4.

TO REMODELL STORE FOR SWITZER PIANO CO

Plans are being prepared in the office of Architect Joseph H. Bowman, Yorkshire Bldg. for the remodelling of the store building at 314 Hastings street west, which will be occupied by the Switzer Piano Company.

CONTRACT IS LET FOR DOUGLAS ROAD SCHOOL

Tenders were opened on Monday night by the board of school trustees, Burnaby municipality for the erection of an addition to the Douglas Road School and the contract was awarded to Bernard Hill, Burnaby Lake, who submitted the low tender.

PLANS BEING PREPARED FOR NEW CORDAGE PLANT

Plans are being prepared by a well known local architecural firm for the new cordage factory to be erected in New Westminster for the Western Cordage Company. It is understood that plans will be completed in about 10 days at which time tenders will be asked for. Further details will be published in the Record later.

HARRISON AND LAMOND GET ROAD CONTRACT

The City of Vancouver and the Municipality of South Vancouver have come to an understanding in regard to the rocking and grading of part of 25th Avenue and the work has been entrusted to Messrs. Harrison & Lamond, 501 Pacific Bldg.

B. C. RECORD MOVES INTO LARGER HOME AT 629 PENDER ST.

Having been more or less handicapped for several years past for want of sufficient room in the former home of the B. C. Record at 583 Homer-Richards Lane, the Record Management has been compelled to seek larger and more centrally located quarters. These have been secured at 629 Pender Street West, upstairs, to which place the Record plant has now been moved and from where it will be issued in future.

The change to larger quarters was contemplated even before the outbreak of war, but in line with other businesses and publications, the Record was compelled to get along during the war times in the old premises. With the advent of peace, the return of business activity in all lines and especially the recrudescence in the building and allied trades which is already evident, the Record management felt it incumbent to secure more commodious quarters in order to keep the paper not only abreast but a trifle ahead of the times in regard to serving the particular field which the Record covers.

The larger premises now occupied will allow of the installation of additional plant and machinery and the enlargement of the paper which has been in contemplation for some time. The Record management will at all times endeavour to serve its patrons and subscribers to the utmost, and with this object in view, intends to add several important and useful departments to the paper in the near future.

It is understood that this firm will do a part of Main street and part of Victoria Road. The cost will exceed $20,000.

MAKE ALTERATIONS TO BANK OF MONTREAL

Architects Honeyman & Curtis, Credit Foncier Building have awarded a contract to Hodgson, King and Marble, 508 London building for extensive alterations and additions to the bank of Montreal building on the corner of Granville and Dunsmuir streets.

$5,000 BUNGALOW FOR FOURTH AVENUE WEST

Plans have been prepared by Architect Fred L. Townley, 325 Homer St. for a five-room stucco bungalow to be erected on 4th Avenue west near Blanco street for Mr. J. Blair. The new home will have all of the modern conveniences with full basement, hot air heat etc.

The contract has been let by the owner to T. Glover & Son, Kerrisdale.

SEWER EXTENSION TO COST ABOUT $400,000

At a special meeting of the Vancouver and District Joint Sewerage Board to be held on Thursday morning, the question of calling for tenders for the Balaclava trunk sewer extension will come up for consideration. This extension will cost in the neigh-

OFFICIAL ORGAN.
The British Columbia Record is the official organ of The Architectural Institute of British Columbia, federated with The Royal Architectural Institute of Canada, and The Engineering & Technical Institute of British Columbia, and as such is used by them as the medium through which to make their official announcements to the general public.
By such selection the British Columbia Record is no wise pledged to editorial support of any policy advanced by these societies; but maintains an absolutely independent position on all matters subject to editorial opinion.

WHAT IS NEEDED FOR HOUSING SCHEME

While comparatively little actual progress has been made locally so far in regard to carrying out the provisions of the Soldiers' Housing Act and the actual construction of any new homes for returned veterans, there is every probability that the city will actually have several of these badly-needed new houses under way before the wet wather sets in. Vancouver has been out distanced in this regard by nearly every municipality surrounding the city, where despite their smaller grants and the distance from the centres of building material supply, construction is already in progress on a considerable number of new homes for soldiers or their dependents.

That August body, the Vancouver city council, recently did a very wise act when it decided to hand over the acual administration of the details of the Soldiers' Housing Act, as far the spending of the city's allocation of the $300,000 is concerned, to the heads of the various civic departments concerned. It was a very neat little example of "passing the buck," and was further justified by the plea that as the city would have the financial administration of these new homes to look after for the next twelve years, or possibly longer, some provision should be made to have continuity of management as well as having those entrusted with the carrying out of these affairs more or less familiar with all the details.

That was undoubtedly sound logic and all very well as far as it went; but as usual with civic actions of that august body, it didn't go far enough. Presumably, in the working out of these details in connection with new homes for soldiers, the city comptroller will look after the financial details, the city solicitor's department will be expected to take care of the legal and, while the city building inspector's department would naturally have charge of the actual details of construction and see that the houses conform to the necessary high standard which is expected to be maintained. That sounds all very fine, but with these various city officials already having about all they can attend to in their present departments, without being saddled with additional work, there will be some fine chances to "pass the buck," and there is a possibility of al kinds of red tape and delays arising while some detail is chased around from one department to another without anything being done.

What is really needed in connection with the carrying out of the Soldiers' Housing scheme locally is to have some one capable official appointed as Housing Commissioner who would have the supreme direction of all details in connectinon with these new homes, and be able to see that each applicant got matters put through with the least possible delay and red tape. He would naturally leave such specialized details as the construction, legal formalities and financial details to the proper civic departments, but he would still remain the active directing head of the scheme—instead of it having no head, as at present.

For such a post the city already has an able official in civic Welfare Commissioner, Geo. D. Ireland, who with his well known ability for organization, could easily take on these duties with possibly the addition of only one more clerk in his department. Until some such appointment is made, the housing scheme will be without any real head, or like the tail that wagged the dog.

MINING

Bornite has been struck on the Mountain Chief at Renata and shipments will be made soon, acocrding to an official.

Ore containing six ounces of gold and 60 ounces of silver to the ton is reported to have been struck on Mrs. Jewett's proeprty near the Silver Bug mine in the Lardeau district.

Settlement on a basis of 287 ounces of silver to the ton, 31 per cent. lead and 7 per cent. zinc, has been made on 36 tons of ore shipped recently from the Silver Bell mine, on the south fork of Kaslo creek.

Information comes from Kimberley, B. C., that the two-mile tunnel has reached its objective and a raise has been started in the Sullivan mine. As soon as this raise is through to the workings above, it will make important changes in the methods of handling this mine for the lower tunnel will be used for reaching all the workings and the men employed will be able to live in Kimberley rather than on the mountain above.

FILM STAR BUYS THREE MILLION HOME; PLANS TO BUILD ADDITION TO IT

LOS ANGELES— (Special to The Record)—The most important residential tract deal that has been put through here since before the war has just been closed, whereby Charlie Chaplin, the well known film star and comedian, becomes the owner of a $3,000,000 palatial residence situated in the suburbs here. The property formed part of the estate of a deceased millionaire and the palatial house on the extensive grounds alone cost over a million.

Despite the size of the splendid residence, Mr. Chaplin has announced his intention of building several extensive additions to it. One of these will be a huge greenhouse and nursery, all of glass, where it will be possible to have real tropical vegetation and which will make possible the taking of jungle scenes there. A large garage to house at least a score of cars, is another of the additions to the outbuildings contemplated by the noted comedian.

CALLING FOR TENDERS KITSUKSUS CREEK BRIDGE

Sealed tenders will be received until Sept. 11, by the Department of Public Works for the construction of a bridge over Kitsuksus Creek, Alberni District. Plans may be obtained upon deposit of $5.00 from Dept. of Public Works, Victoria, Asst. Dist. Engineer, Alberni, or from District Engineer, Court House, Vancouver.

borhood of $400,000, and although the Sewerage Board has not been able to float any new debentures yet, as authorized by the provincial government, it is understood that tentative arrangements have been made to secure sufficient funds from local banks to allow of proceeding with the work until such time as the debentures have been sold.

It is understood that this course is likely to be adopted and that the decision to call for tenders for at least the first section of the Balaclava trunk will be made at the meeting Thursday morning. The question of floating a new loan for other sewer extension work will also be discussed.

VICTORIA WANTS MORE DREDGING WORK DONE

VICTORIA—With a new Minister of Public Works in office on the other side of the continent, perhaps that department might now be persuaded to spend the $21,000 for dredging Victoria Harbor. This sum was only obtained by Hon. Dr. Tolmie after strenuous effort, and although this was some months ago, the dredging plants still lie idle at the wharf here.

The Victoria Gas Works and the Chalberg Shipyard both need dredging done before improvements can be made to their plants, and there are quite a number of other places in the Harbor that are said to need dredging.

TO RAISE FUNDS FOR HALL

POINT GREY—An active part will be taken by the Richmond and Point Grey Board of Trade in the campaign which is to be started next week to raise funds for the erection of a Memorial Hall at Kerrisdale. At a meeting held at Marpole on Monday night, committees were struck and arrangements made to carry through an active canvass. The hall, which is intended to commemorate all Point Grey soldiers who fell in the great war, will cost about $25,000. The C. P. R. has already donated a suitable site and every effort will be made to raise the necessary funds and have work started on the hall before the wet weather sets in.

BUILDING IN ALASKA VERY BRISK JUST NOW

KETCHIKAN, ALASKA — Building activities here are more extensive at present, than ever in the city of this northern city. Not only are many new roads being built by the Alaska road commission on the three land sides of the town, but several large store buildings are being erected, a city park and ball grounds are being cleared, a government dock is nearing completion and homes are going up in all parts of the city.

WASHINGTON—The bill authorizing the expenditure of an additional $17,000,000 to complete the government railway in Alaska was taken up in the house today, with every indication of its passage before night.
