Mines Examined and Reported on.

THE CITY COUNCIL.

The regular meeting of the city council was held in the court house on Monday evening with Mayor Wood in the chair, and Aldermen Galloway, Paton, Barrett and Phalen present. A few small bills were passed for payment, and a telegram from the National Tube company, stating that they had sent a searcher after the lost car of pipe was filed.

Mr. Geo, R. Naden, secretary of the board of school trustees, desired the assistance of the council. He found it necessary to dodge around corners in order to avoid unfortunate school creditors, and he was getting tired of the business. The government claimed a happy condition of bankruptcy, so no assistance was coming from that quarter. As a last resort he appealed to the council. The council took pity on the school trustees and voted $25 for keeping the school house clean.

Dr. Schon applied for the position of medical health officer. He told of his experiences in England and the colonies. The board of health recommended Dr. Schon's appointment, and the council adopted the recommendation.

Ald. Phelan introduced the subject of completing the Government street cut. After a lengthy discussion, in which Ald. Galloway urged that the waterworks were a first consideration, Treasurer Naden blandly asked where the money was coming from. This settled the matter, and the Government street cut will remain half cut until next spring.

The 1899 municipal election by-law was read a first time. It provides for polling booths, returning officers, and for qualifying those who neglected to pay their taxes.

A MIDNIGHT RAID.

The hit me, hit me, good, or d—n, of the festive blackjack was interrupted on Friday night, when Chief of Police Taylor and Night Watchman Pearse walked into the Pioneer hotel and arrested eight of the players, confiscated $56 in cash and chips representing probably $100. The police did not get all the players. Three or four of them succeeded in getting out a back way. One fat gentleman, who had the satisfaction of seeing his five dollars disappear into the chief's pocket before he had a chance to risk any of it on cards, escaped through a back door. The eight were marched to the jail and left there over night. On Saturday they appeared before Police Magistrate Hallett. The case was adjourned and bail was accepted for each in the sum of $50. On Monday the case again came up. There was a formidable array of legal talent for the defense, Andrew Leamy, J. P. McLeod and A. M. Whiteside being there to knock Prosecuting Attorney Black's case into a cocked hat. They found, however, that they could have no opportunity of enjoying a fight. Night Watchman Pearse, the chief witness for the prosecution, resigned on Saturday and neither he nor any of the other witnesses could be found on Monday. Mr. Black asked for a week's adjournment, which was granted. The bail money was returned.

The strict moral theories of eastern cities are of little practical value in a mining camp. Conditions as they exist must be dealt with. Any attempt to force miners and prospectors to cease the practice of risking money on cards will prove a failure. The average miner does not see any harm in the practice, and so long as he does not he will continue to enjoy a quiet game of draw or Black-Jack. As far as the good order of the town is concerned, no great harm can arise from three or four men playing a quiet game. If hotel men, however, turn their bar rooms into gambling joints and allow professional gamblers to run games in the back rooms of their houses, they may expect visits from the police and trouble for their houses. The professional gentleman who does nothing excepting to swindle the innocent at cards, deserves consideration neither from the hotel men nor the police.

A Large Hotel.

Mrs. J. Anderson of Brooklyn arrived in Greenwood this week and purchased three lots from Jas. Sutherland. The lots are situated on the Sutherland addition, on the corner of Silver and Dundee streets. Mrs. Anderson intends building a 60-room, three-story hotel. The lots give a frontage of 168 feet on Dundee street and 90 feet on Silver street. The contract for the hotel will be let immediately. It is to be finished and in running order before May 1st next year. The hotel will be first-class in every respect, and will be built accordingly. The estimated cost is $15,000. Mrs. Anderson was in the city a few weeks ago and decided to open business here. Mr. Anderson is proprietor of the Hotel Anderson at Brooklyn.

To Build a Sawmill.

J. W. Stout of the sawmill firm of Stout & McPherson, was in Greenwood this week. Messrs. Stout & McPherson have a large sawmill near Gladstone, where they are sawing large quantities of lumber for the railway. The firm intend erecting another mill on the North Fork, and the object of Mr. Stout's visit was to secure some timber limits which are held by Greenwood parties.

Mr. G. A. Henderson of the Bank of Montreal returned to Vernon on Thursday. He decided not to open a branch at Grand Forks.

THE B. C. TO BE SOLD.

As was stated in THE TIMES about two months ago, the B. C. mine in Summit camp is likely to be sold in the near future. Negotiations looking towards the transfer of the mine from the present owners to a large company have been in progress for some time. The property is now under option to R. G. Edwards Leckie of Rossland, who represents the principals in the Montreal Goldfields company. Mr. Leckie visited the B. C. a few weeks ago. Mr. Alex. Dick, another Rossland mining engineer, also examined the property. Messrs. Harrison and Barchard, the managing owners of the property, are at present in Rossland. Mr. J. E. Leckie, a brother of the Rossland engineer, was asked concerning the reported sale. He stated that he had no definitc information. All he knew was that a deal was being arranged.

The B. C. is in Summit camp, about ten miles from Greenwood. It is one of the best developed properties in the district. Messrs. Harrison and Barchard bonded the property in August, 1897. from John Keough for $60,000. Work was begun at once. A plant consisting of a 60-horsepower boiler, a four-drill compressor and a small hoist was secured. A force of 30 men was kept continuously at work for twelve months. A shaft was sunk for 165 feet. At the 50-foot level a drift was run along the ledge, there being 400 feet of drifts and crosscuts at this level. The next level is at 150 feet, where there are 300 feet of crosscuts and drifts. The ledge widened materially. It is 15 feet wide at the 50-foot level and 70 feet wide at 150 feet. The ore averages 10 to 12 per cent. copper, 6 ounces silver and $3 in gold. The shaft was started in solid ore, which continued down to the 50-foot level. From there for 70 feet the ledge takes a dip, but the shaft catches the ore again at 150 feet, and continues to the bottom. There are are three dumps. The first dump contains 1,200 tons of high-grade picked ore and the second good shipping ore, while the third is waste. In August, 1898, the last payment on account of the $60,000 bond was made and the mine closed down. Manager Harrison says there are 20,000 tons of high grade ore in sight. When the railway comes a little nearer, a large plant will be purchased for the property. The mine is ready to maintain continuous shipments at any time.

A New Sawmill.

Messrs. Redgeld & Wilson of Waterville, Wash., are erecting a large sawmill plant on Eholt creek, about one and one-half miles above Fisher's sawmill. They have secured a timber limit from Mr. Stack and others, and expect to be in a position to cut lumber in about ten days.

The Voters' List.

The municipal voters' list for 1899 has been completed by City Clerk Taylor. It shows 112 names in the North ward and 178 names in the South ward, making a total of 290 names. Last year's list showed a total of 143 names, or less than half of this year's list.

W. M. Law & Co. will open a branch store at Camp McKinney next week with Mr. Moody in charge. A large stock of general goods will be carried.

Christmas, 1898.

OLSON & PHELAN

The White Front Store,

Are prepared to help you spend a very pleasant Xmas Season by offering you a fine selection of everything palatable for this special season.

T. M. GULLEY & CO.

COPPER STREET, GREENWOOD CITY, B.C.

The Imperial Hotel

IS THE BEST HOTEL IN GREENWOOD. A New Building, well furnished. First-class Service in all departments. Choice, Wines, Liquors and Cigars. Headquarters for Mining and Commercial Men.

Copper Street, Greenwood.

GREENWOOD AND DISTRICT.

W. B. Rickard and J. McNicol, of Midway, were in the city this week.

A plant for the King Solomon mine in Copper camp is expected shortly.

Twelve men are at work on the Rathmullen group in Summit camp.

An hotel is to be erected at Eholt, Rendell & Co's new town in Summit camp.

Dr. Oppenheimer has taken an office in the Keough block, above the Bank of B. N. A.

Dr. R. W. Jakes has recovered from his recent illness and is now able to resume his practice.

The Elkhorn brewery has received its inland revenue license and will begin brewing next week.

Charles Dunne is now in charge of the Windsor hotel barber shop. Mr. Dunne is a first-class tonsorial artist.

W. J. Snodgrass, manager of the Snodgrass stage line, was in the city this week. He drove out as far as Bossburg.

A good force of men is now at work on the Jewel mine in Long Lake camp. Mr. Gilbert Mahan is expected back from Rossland next week.

The firemen are giving a ball in Barrett's hall this (Friday) evening. Porter's orchestra will furnish the music. The admission is free.

It is stated that Brooklyn has run its course and that merchants are fast leaving the town. It was never expected that it would become a permanent place.

There was an unconfirmed rumor this week to the effect that the Big Copper mine in Copper camp had been bonded for $70,000. The Big Copper has an enormous ledge of high-grade ore. The property has not been worked for years.

The police commissioners have made arrangements with Mr. John McLaren of Rossland to take charge of police matters in Greenwood. Mr. McLaren was chief of the Vancouver police force some years ago. He is expected in Greenwood early next week.

Since the article was written referring to the new sawmill to be erected on Eholt creek by Waterville parties, a lightning change was made. On Friday morning the plant was re-loaded and started for Christina lake. Trouble about the timber limit is given as the reason for the removal.

Several real estate transfers were reported this week. In addition to the lots purchased by Mrs. Anderson, two or three other Sutherland addition lots changed hands. The lot adjoining Robbins' livery stable was also sold. M. E. Frazee sold a choice residential lot on the Garland addition.

The article from the American Journal of Health in reference to the Okanagan company's flour, should convince bread consumers that this is the healthiest bread in the market today. They can eat bread made from the O K flour with an assurance that they are consuming nothing that will be harmful to the system.

Government Requires Information.

The provincial legislature opens on January 5th. The government is preparing the estimates and expects to have everything in readiness when the house meets. No effort has so far been made to draw the attention of the government to the requirements of the district. It looks as if a season of prosperity has made the people careless about their interests. If the prosperity is to continue, the people of Greenwood must not get into a rut. They must maintain their old-time activity and vigor. There should be a united effort made to promote the interests of the city and district.

Save Money by purchasing your Ticket direct from Greenwood to points on the Coast or East.

SERIOUS SHOOTING SCRAPE.

Cascade City, the wide-open town of twenty saloons, is enjoying the usual accompaniment in the shape of shooting scrapes. On Tuesday night the night watchman ran in an Italian. The economy of the provincial government or the poverty of the provincial treasury has precluded the erection of a jail at Cascade, so the prisoner was kept in an ordinary building. Some of his countrymen considered it an easy matter to rescue their compatriot. They tackled the night watchman, but he showed fight. The Italians at once concluded that a police officer in this country had no right to take harsh measures with such as they, and to teach him a lesson, one of them opened fire from a wicked looking revolver. A thick skin and a stout rib saved the officer. One bullet struck the fifth rib and glanced off. The officer then took a hand in the shooting. One Italian left the city with an ugly flesh wound, a second was fatally wounded, a bullet from the policeman's revolver striking him in the abdomen. The third Italian escaped without injury. The night watchman's injury is not serious. Officer Dinsmore is at present in Cascade.

The Winnipeg Mine.

Duncan F. McIntosh, the president of the Winnipeg company, was in the city this week. Good work has been done on the Winnipeg during the fall. The work is now being continued on the 300-foot level, the deepest working level in the district. With 12 men working two shifts, the shaft was sunk from the 100-foot to the 300-foot level. There is now 1,000 feet of work on the property in shafts, drifts and cross-cuts. The values are increasing, assays as high as $800 have been secured from the lower level.

CAMP McKINNEY.

There are about 50 men working at the Cariboo.

The Sailor shaft is in good ore. It is now down about 30 feet.

The Minnehaha company has begun sinking another 100-foot shaft on their property.

Some recent assays from Waterloo ore gave high values. One sample from the footwall gave $8,120 in gold; another taken from the vein at 52 feet gave $62.

The shaft on the Waterloo is down 55 feet. The vein continues to maintain a width of seven feet. It is heavily mineralized throughout. The shaft is well timbered.

THE MUNICIPAL CAMPAIGN.

There are two candidates in the field for the mayoralty contest. Mr. Ralph Smailes and Mr. Thos. Hardy have each announced their intention of running for the office. Both are good men and either would make an excellent chief magistrate. Mr. Smailes is the manager for Rendell & Co. He is a shrewd and careful business man. In public matters he has but little to say, but that little is well put and to the point. With Mr. Smailes in the chair we feel sure that municipal business would not be carried on in an irregular and haphazard fashion. Mr. Hardy is a member of the Russell Hardware company. He has always shown himself to be an enterprising and public-spirited citizen and has always taken a keen interest in public affairs.

With these two candidates in the field, the electors have some assurance that Greenwood will not be without a good mayor. A choice between the two must be made, however. Unfortunately up to a short time ago but little interest was taken in municipal affairs. A number of citizens who were anxious to secure the very best material in the council went to Mr. Smailes and urged him to run for mayor. He at last consented to do so. If we mistake not, Mr. Hardy knew that Mr. Smailes was being urged to run, and he offered no objection. As far as we know, his announcement that he was in the mayoralty contest was the first intimation that he had any hankering after municipal honors. Those who urged Mr. Smailes to stand for mayor—and they are no small portion of the electors—are going to do their utmost to elect him.

In the approaching municipal contest there is no stirring question of public policy to divide the electors. All the city wants is seven good men to transact the city's business in a business-like way. Mr. Hardy's candidature for the office of mayor means the loss of one good man to the city. We would be pleased to see him retire and run for alderman. If he is determined to be in the mayoralty contest, there cannot be any objection to his running for alderman as well, and in this way his services will not be lost to the city.

Mr. Smailes will, in our opinion, be the next mayor of Greenwood. He is the right man for the position. THE TIMES will use every effort towards securing his election.

Sinking is being continued in the Mother Lode shaft. The shaft is the largest and best timbered in the district. Nothing but square timber from the mill is used.

GREENWOOD AND DISTRICT.

D. W. McVicar has returned to Kaslo.

Bennerman Bros' store is completed and their goods are arriving.

M. S. Frazee is adding a well-selected stock of groceries to his bakery.

Malcom McQuaig of Rock Creek was a visitor to Greenwood this week.

Smith & McRae are handling a large quantity of holiday goods this year.

The Midway old-timers intend giving a banquet during the holiday week.

I. A. Dinsmore, provincial constable at Grand Forks, came over with some prisoners this week.

A well-selected stock of sterling silver and other Christmas goods has arrived for Miller Bros.

James Punch's family came up from the coast last week and will reside here during the winter.

Nels. Laplante was down from Camp McKinney last week. He was superintending the work on the Sailor.

Rendell & Co. have awarded the contract for excavating their Copper street lots. The work has already begun

Mr. L. A. Hamilton, land commissioner for the C. P. R., is expected in the district before the end of the year.

J. A. Schubert, road superintendent, was in Greenwood this week. He was accompanied by Mr. Cosens of Fairview.

Building operations are quite active at Midway. Tillman's mill is kept busy sawing lumber to supply the demand.

The flume for Twin creek was completed this week. The covering for the flume makes a sidewalk down Greenwood street.

Mr. C. E. Rice, the C. P. R. engineer, was in the city this week. He has completed the survey for the branch line into White's camp.

The sale of the lots purchased by Mrs. Anderson for the new hotel to be erected on the Sutherland addition was negotiated by J. C. Luckenbel.

Freight is moving more rapidly now. All the Greenwood freight was moved from Penticton this week and the tie-up at Bossburg has been pretty well broken.

The shaft on the Red Rock in Greenwood camp is down 50 feet. The entire shaft is in ore. The Red Rock is owned by Messrs. Geo. R. Naden and J. C. Haas.

The board of license commissioners will sit on Wednesday, 14th inst. There are two applications for new licenses and applications for two or three transfers.

A business men's association has been organized at Cascade. A similar organization is doing good work at Midway. Grand Forks has a regularly formed board of trade. Greenwood, the banner town of the district, has allowed its association to die.

Boundary Valley lodge, I. O. O. F., elected officers as follows at the regular meeting Tuesday evening: T. M. Gulley, N. G.; H. B. Munroe, V. G.; Duncan Ross, R. S.; N. H. Lamont, F. S.; G. B. Taylor, Treas. The officers will be installed the first Tuesday in January, when the other officers will be appointed.

Mr. Wm. Hamilton, of the Wm. Hamilton Manufacturing company, Peterborough, Ont., was a visitor to the city this week. Mr. Hamilton superintended the erection of a big sawmill plant in the Crow's Nest pass, manufactured by his firm for the C. P. R. As his firm is interested in several Boundary Creek mining properties, he made a flying visit here before returning home. Mr. Hamilton was well pleased with Boundary Creek and hopes to pay the district an extended visit next summer.

Greenwood City Mercantile Co

AGENTS, GREENWOOD.

Thanks, Mr. Morris.

Mr. H. H. Morris, manager of the Canadian Bank of Commerce, was in Spokane a few days ago, en route for Vancouver. To a Spokesman-Review representative Mr. Morris said:

"The town proved a surprise to him as a mining camp, finding it quiet, orderly and containing a large proportion of the best people on earth. He is confident that the town will grow speedily to such proportions that there may be ample room for three banks in it."

The Kettle River stage line, D. A. Holbrook, manager, with headquarters at Greenwood, will run a daily four-horse stage between Greenwood and Cascade, leaving Greenwood at 7 a. m. and arriving at Cascade at 6 p. m., via Niagara.

Sydney M. Johnson, P. L. S., has completed the survey of the Sailor ground into town lots at Camp McKinney. The town is to be called Camp McKinney. As soon as the plans are prepared the lots will be placed on the market.

LICENSE AUTHORISING AN

Extra - Provincial Company

TO CARRY ON BUSINESS.

"COMPANIES' ACT, 1897."

Canada : No. 117.
Province of British Columbia

THIS is to certify that "The Jewel Development Syndicate, Limited," is authorised and licensed to carry on business within the Province of British Columbia, and to carry out or effect all or any of the objects hereinafter set forth to which the legislatiue authority of the legislatnre of British Columbia extends.

The head office of the Company is situate at 18 Bishopsgate-street, City of London, England

The amount of the capital of the Company is £6,000, divided into 6,000 shares of £1 each.

The head office of the Company in this Province is situate at Rossland, and Gilbert Mahon, gentleman, whose address is Rossland aforesaid, is the attorney for the company.

The objects for which the company has been established are:—

1. To purchase, take on lease or otherwise acquire any mines, mining rights and metalliferous land in British Columbia or elsewhere, and any interest therein, or to acquire any options to purchase the same or any interest therein, and to explore, work, exercise, develop and turn to account the same, and in connection therewith to enter into and carry into effect, with or without modification, the agreement referred to in clause 3 of the Memorandum and Articles of Association of this Company.

2. To search for, prospect, examine and explore mines and ground supposed to contain minerals or precious stones, and to obtain information in regard to the same ;

3. To search for, crush, win, get, quarry, calcine, reduce, amalgamate, dress, manipulate, refine and prepare for market auriferous quartz and ore and other mineral substances (whether auriferous or not) and precious stones and generally to carry on any metallurgical operations which may seem conducive to any of the Company's objects, and to buy, sell and deal in bullion, specie, coin and all precious metals ;

4. To buy, sell, manufacture and deal in machinery, implements, conveniences, provisions, articles and things capable of being used in connection with metallurgical operations, or required by workmen and others employed by the company ;

5. To carry on all kinds of promotion business, and in particular form, constitute and promote companies, syndicates or associations with objects similar or akin to the objects or some of the objects of the company, and to take or otherwise acquire, hold, deal in or underwrite any shares of the capital, or any debentures, debenture stock or other interests of or in such companies, syndicates or associations ;

6. To carry on business as financiers and concessionaires, and as underwriters of shares and securities of companies ;

8. Generally to undertake and carry out all such businesses and operations (except the issuing of policies of assurance upon human life) as may be legally undertaken by an individual capitalist :

8. To purchase or otherwise acquire and undertake all or any part of the business, property or liabilities of any person or company carrying on business which this company carries on, or possessed of property suitable for the purposes of the company ;

9. To construct, carry out, maintain, improve, manage, work, control and superintend roads, tramways, railroads, branches or sidings, bridges, reservoirs, canals, docks, water courses, wharves, hydraulic works, gas works, electric works, factories, warehouses and other works and conveniences which may seem conducive to the company's objects, and to contribute to, subsidise or otherwise assist or take part in any such operations ;

10. To enter into arrangements with any government or authorities, supreme, municipal local or otherwise, and to obtain from such all rights, concessions and privileges that may seem conducive to the company's objects or any of them ;

11. To enter into partnership or into arrangements for sharing profits, union of interests, joint adventure, reciprocal concessions, or co-operation with any person or company engaged in any business or transaction which this company is authorised to engage in, or any business or transaction capable of being conducted so as directly or indirectly to benefit this company, and to take or otherwise acquire and hold shares or stock in, or securities of, and to subsidise or otherwise assist such company, and to sell, hold, re-issue, with or without guarantee, or otherwise deal with such shares or securities ;

12. Generally to purchase, take on lease, or in exchange, hire or otherwise acquire any real or personal property, and any rights or privileges which the company thinks necessary or convenient with reference to any of these objects, or capable of being profitably dealt with in connection with the company's undertakings and in particular any land, buildings, easements, licenses, patents, ships, barges, rolling stock and stock-in-trade ;

13. To sell the undertakings of the company or any part thereof, for such consideration as the company thinks fit, and in particular for shares, debentures or securilies of any other company having objects altogether or in part similar to those of this company ;

14. To invest and deal with the monies of the company not immediately required upon such securities and in such manner as may from time to time be determined ;

15. To lend money to such persons and on such terms as may seem expedient, and in particular to customers of and persons having dealings with the company, and to guarantee the performance of contracts by members of or persons having dealings with the company ;

16. To raise, or borrow or secure the payment of money in such manner and on such terms as may seem expedient, and in particular by the issue of debentures or debenture stock, charged or not charged upon the whole or any part of the property of the company, both present and future, including its uncalled capital ;

17. To draw, accept, endorse, discount, execute and issue bills of exchange, promissory notes, debentures, bills of lading and other negotiable or transferable instruments or securities ;

18. To remunerate any parties for services rendered or to be rendered in placing or assisting to place any shares of the company's capital, or any debentures, debenture stock, or other securities of the company, or in or about the formation or promotion of the company or the conduct of its business ;

19. To do all or any of the above things in any part of the world, and either as principals, agents, trustees, contractors, or otherwise, and either alone or in conjunction with others, and eitner by or through agente, sub-contractors, trustees or otherwise :

20. To distribute any of the assets of the company in specie among the members, or any class of members, or any individual members of the company :

21. To procure the company to be registered or recognised in British Columbia or elsewhere abroad ;

22. To sell, improve, manage, develop, exchange, enfranchise, lease, mortgage, dispose of, turn to account or otherwise deal with all or any part of the property and rights of the company ;

23. To do all such other things as are incidental or conducive to the attainment of the above objects, and so that the word "Company," "Syndicate," or "Association" in this clause shall be deemed to include any partnership or other body of persons, whether incorporated or not incorporated, and whether domiciled in the United Kingdom or elsewhere, and the intention is that the objects specified in each paragraph of this clause shall, unless otherwise expressed in such paragraph, be in nowise limited or restricted by reference to or inference from the terms of any other paragraph or the name of the company.

Given under my hand and seal of office at Victoria, Province of British Columbia, this 19th day of October, one thousand eight hundred and ninety-eight.

[L. S.] S. Y. WOOTTON,
114-4 Registrar of Joint Stock Companies.

Ever brought into the Boundary country. We ordered our Holiday Goods in good season; You do likewise and you will not regret it.

SMITH & McRAE,

Books, Stationery, Wall Paper, Fancy Goods and Notions,

COPPER STREET, GREENWOOD.

"The Times" Will be Enlarged.

Beginning with the New Year, THE BOUNDARY CREEK TIMES will be published in regular newspaper form. The present size is neat and convenient, but rapidly increasing business makes it absolutely necessary to enlarge the paper. Advertisers are requested to make arrangemens for space before the end of the month.

Railway Construction.

It is now almost certain that railway construction will commence in the vicinity of Greenwood before the end of the year. The contractors are busy grading up to the Summit or within eight miles of Greenwood. Contracts on this side of the summit will be let in a very short time. It is reported that the C. P. R. has come to the conclusion that the best policy is to build and the question of subsidy may be brought up afterwards.

Dr. Foster, the company's physician at Cascade has received instructions to move to Greenwood in a very short time.

Mr. Stout, who is getting out lumber for the contractors, is getting ready to erect a sawmill, and others are making preparations for active construction on this side.

Express From Bossburg.

The International Express company, under the management of J. A. Jackson, has established an express line between Bossburg and Greenwood. The company will carry nothing but express. For the present the express team will leave Bossburg every Tuesdap after the arrival of the north bound train, and reach Greenwood on Thursday morning. The line should prove a great convenience, as express is often tied up at Marcus and Bossburg, because the stage lines are unwilling or unable to handle it. P. Burns & Co. are the local agents for the company, and any orders may be left at the butcher shop.

Business Outlook.

Business men report the month of November one of the best in the history of the town. Sales have been heavy and collections easy. The three chartered banks are well pleased with the volume of business during their first month in Greenwood, and the managers are confident that at no distant date there will be plenty of business here for all three. New stores and new hotels are being opened. It looks as if Greenwood had entered upon a season of healthy and rapid growth.

"Rossland, 1898."

Thanks to Mr. James Martin, M. P. P., THE TIMES has been presented with a copy of "Rossland, 1898." The publication is well printed and well illustrated, and there is a mass of information concerning Rossland and Trail Creek district. Typographically the production is all right, but we are strongly of the opinion that the work could be done just as well and as cheaply in Rossland, instead of sending it to Toronto. If the Rossland board of trade has no confidence in the Rossland printing offices, it should send its work to Greenwood. We would guarantee just as good a job as the Toronto office. The old saying that a prophet is not without honor save in his own country, has been exemplified by those having charge of "Rossland, 1898."

GREENWOOD AND DISTRICT.

Miss Anderson left on Tuesday for Vancouver.

A safe arrived on Wednesday for the Bank of Commerce.

Thos. Miller left for Cariboo on Tuesday. He expects to return in about three weeks.

The skating rink is about completed. There is ample room for many skaters. Mr. Guess expects to have good ice in a few days.

Mr. D. A. Cameron, the manager of the Canadian Bank of Commerce, arrived from Walkerville, Ont., on Wednesday evening.

The ladies of the Presbyterian church will give a birthday social in Rendell & Co's hall on the evening of Wednesday, December 28.

L. B. Pearse, the night watchman, tendered his resignation to the board of police commissioners this week. The resignation was accepted.

The Grand Forks Miner has been greatly improved by the discarding of the stale patent American outside and the substitution of live local matter.

R. L. Evans has been offered and accepted the position of manager of Monier's wholesale liquor store in Cascade. He will leave to take charge in a few days.

J. F. Hemenway was in Greenwood this week, The work on the big tunnel in the Knob Hill is being kept up but there is yet no sign of the hanging wall. The tunnel is in nearly 400 feet across the ledge.

NIAGARA.

NIAGARA, B. C., Nov. 30.—Niagara is now assured a complete waterworks system. Mr. S. K. Crocker has secured the water right and has ordered 5,000 feet of piping. The deal was put through and the papers drawn up by Mr. J. K. Johnson of Grand Forks. A dam is being constructed on Fisherman creek, 1,500 feet above Niagara, and the water will then be carried down in mains through Mr. Ward's pre-emption (the right of way having been secured from Mr. Ward) thence through Greenwood street. The Windsor, Cosmopolitan, Columbia, Tunnel and Wisner hotels have already made arrangements for water to be laid to their houses.

A large tank 20 feet long is being constructed and will be placed on Main street, so that the numerous freight teams driving through will be able to secure water for their horses free of charge.

A. Yorke & Co., a firm of Spokane butchers, have opened up their store on Main street, and can now supply the public with mutton, beef, pork, not forgetting a large stock of oysters that arrived yesterday from Spokane.

Messrs. Beer & Dunlopp of Grand Foeks have opened a private bank and safe deposit office. A 3,000-pound burglar and fire-proof safe has been ordered from Chicago. Mr. Dunlopp has taken charge of the branch here.

Mr. F. Stabile, from Naples, Italy, has opened an Italian bank here, and has an agency for the Princes' and German Lloyd Steamship companies. The wily Italian can now book from Niagara direct to the land of ice cream and peanuts.

Mr. J. S. Reitch, storekeeper from Trail, has purchased a lot and is building a large general store. A consignment of goods is now on the way from Vancouver.

PURE FLOUR.

Sermons need not be preached when it comes to warning the public against inferior grades of flour. The thoughtful and truly conscientious caterer who selects food products for the family on the one inviolable principle that purity alone can possibly win her favor, will indignantly reject the spurious brands which the hygienic press collectively condemns and which are the most deadly agents of disease. The community has no more insidious foe than impure or low grade flour. For on account of the very truth that we cannot sit down at the family board without ingesting flour in a greater or lesser quantity, the corresponding influence upon our health cannot be overestimated. It will be either an influence for evil or an influence for good. Nothing which enters the system, in no matter how small a quantity, but has its power of affecting the general result; but when the principal constituents of our daily food lack the quality they should possess, the magnitude of the consequence goes without saying. We infallibly suffer.

To obviate all such disastrous consequences and the sufferings they thus entail, the American Journal of Health watches without intermission the successive introductions of the market brands of flour. And it also urges upon the consumer the use of those whose established excellence is sufficient safeguard against tae unverified claims of other brands. There is also another consideration which obtains its due weight with us: the reliability of the manufacturers. We have found each condition fulfilled to our satisfaction in "O.K." flour, offered by the Okanagan Flour Mills Co., of Armstrong, B.C., Canada. This is a truly pure product, marketed by a firm which enjoys the most enviable reputation for the production of only first-class goods. The resources of our analysis were brought into requisition for the thorough testing of this flour, and an exhibition was thereby made which conclusively established the great nutritive worth which is claimed for it because of its richness in gluten; its suitability for persons of weak digestive organs, owing to its possessing no excess of starch, its consistent uniformity of quality and its eminent virtues as a bread maker. It would be impossible, we do not hesitate to say, that the Okanagan Flour Mill Company's "O.K." flour could not disappoint when used for baking purposes, for it does not sour; it is uncommonly light in bread, and also preserves a beautifully white color.

That day will be hailed with satisfaction and relief by the physician and hygienist when the prevalence of stomach troubles arising from fermentation caused by bad flour, and cases of dyspepsia arising from the same source, will be reduced. The coming of that time will be perceptibly hastened by the exclusive use of pure flour, for which the hygienic press can give an endorsement equal to that here bestowed upon "O.K." of the Okanagan Flour Mills company. Let the public cease to deceive itself; the evils just mentioned will continue to distress humanity so long as want of discrimination in flour selection continues. We have at stake the welfare of all our readers, and they will prove to be their own best friends by laying this lesson to heart. The "O.K." flour of the Okanagan Flour Mills Company is endorsed for their use in the plainest language we can employ.—American Journal of Health.

MINERAL ACT, 1896.

Certificate of Improvements.

NOTICE.

STANDARD mineral claim, situate in the Kettle River mining division of Yale district. Where located: In Greenwood camp.

TAKE Notice that I, Isaac H. Hallett, agent for William T. Smith, free miner's certificate No. 14046a; Edwin H. Tomlinson, free miner's certificate No. 33381a; and Donald D. Mann, free miner's certificate No. 8654a, intend, sixty days from the date hereof, to apply to the Mining Recorder for a certificate of improvements, for the purpose of obtaining a crown grant of the above claim.

And further take notice that action, under section 37, must be commenced before the issuance of such certificate of improvements.

Dated this 18th day of November, 1898. 117
