BOUNDARY CREEK TIMES

A Weekly Paper published in the interests of the Boundary Creek Mining District.

Vol. III. GREENWOOD, B.C., SATURDAY, JANUARY 22, 1898. No. 20.

RAILWAY PETITIONS.

THE PETITION which is given below has been circulated during the week and has received many signatures. It was prepared by a committee representing the residents of Greenwood, Anaconda, Midway and other parts of the district. It concisely embodies the views of the people on the question of railway construction and should receive the signature of every one interested in the development of Boundary Creek. The petition reads as follows:

TO THE HONOURABLE THE SPEAKER AND MEMBERS OF THE HOUSE OF COMMONS OF THE DOMINION OF CANADA IN PARLIAMENT ASSEMBLED:

Your Petitioners, who are residents of the Boundary Creek district, in British Columbia, which includes the City of Greenwood, Midway, Boundary Falls and Anaconda, HUMBLY SHEWETH:

WHEREAS applications have been made heretofore to the Dominion Parliament and the Legislative Assembly of the Province of British Columbia for charters for railways to and through said district, and the said Legislative Assembly of British Columbia having in view the necessity for and benefit to the Province generally of a railway through this section, has granted not only charters for the construction of same, but has enacted legislation pledging the credit of the Province for large cash subsidies and extensive land grants to assist in their construction, and so far no actual construction has been commenced; and

WHEREAS it is absolutely necessary that we should have railway transportation to enable the getting in of mining machinery and the shipment of ores; and

WHEREAS there are in this district mines which have large quantities of ores, both high and low grade, now lying on the dumps or being blocked out in the mines, awaiting the time when transportation by means of a railway shall be afforded; and

WHEREAS much capital has been invested in the development of the mines, and large amounts are now being so invested with the expectation of having transportation facilities to ship the ores to market; and

WHEREAS private enterprise has developed not only many of the mines but has also established towns in the district, the prosperity of which, together with that of farmers and settlers, is entirely dependent on the mining industry; and

WHEREAS the time has arrived when the inhabitants of this district are of the opinion that any company desiring a charter to build and operate a railway through the district should be granted every facility to do so; and are weary of parties seeking charters, land grants and bonuses, and not fulfilling their moral obligations to such an extent that the district is still without a railway:

THEREFORE YOUR PETITIONERS HUMBLY PRAY:

That for the benefit of the country at large, and this section of the Province of British Columbia in particular, your Honourable Body will grant a charter to any company applying for the same to build a railway to this section, and particularly to The Kettle River Valley Railway Company. Your petitioners mention this company, as they believe that it will immediately commence construction upon being granted the right to do so; at the same time your petitioners pray that no other company shall be debarred from constructing a railway into the district upon similar terms. And your petitioners are of the opinion that immediate construction should be a condition incident to the granting of any charter. And your petitioners are of the opinion that the interests of the district demand that a charter be granted to The Kettle River Valley Railway Company because, in the event of another railway being built into the district, it will give the advantage of competitive rates and place this district in as favorable a position as the Rossland and Kootenay sections. And your petitioners pray that another of the conditions incident to securing a charter by The Kettle River Valley Railway Company shall be an agreement by which the Company undertakes to deliver ores from this district to any smelters on the Columbia River, in British Columbia, at as low a rate as it will deliver ores to smelters on the Columbia River in the United States.

And your petitioners, as in duty bound, will ever pray, etc.

A petition from the mine owners of the district is also being circulated. It will receive the signature of several prominent men who are interested in the district, including Hon. T. Mayne Daly, Ex-Minister of the Interior, Hon. Geo. E. Foster, Ex-Minister of Finance, Rufus Pope, M. P., Senator Kirchoffer and others.

THEIR FIRST MEETING.

The first meeting of the City Council for the year 1898 was held in Rendell & Co's. hall on Monday evening last. All the members were present. Police Magistrate Hallett before the meeting administered the oath of office to His Worship, Mayor Wood, and Aldermen Galloway, Paton, Kerr, Barrett and Phelan. Ald. Perry who was unavoidably detained until after the oath was administered was not sworn in until Tuesday. After the aldermen took their seats at the council board, His Worship, Mayor Wood, congratulated them upon their election. He expressed his pleasure at seeing so many old faces and he was sure that during the year the best efforts would be put forth to make the town one of enterprise and progress.

The minutes of the last meeting of the last council were read and confirmed and a communication from Returning Officer Black giving an official report of the election was received and filed. Mr. G. R. Naden, manager of the Bealey Investment & Trust Company, was appointed to audit the treasurer's books for 1897. On motion of Ald. Phelan seconded by Ald. Kerr, the temporary loan and interest amounting to $509.75 was ordered paid as was also the returning officer's fee on motion of Ald. Galloway, seconded by Ald. Paton. George McKague was granted permission to lay a water pipe along Greenwood street and Copper to the barber shop which he is about to erect next to the Windsor hotel.

In a letter to the council, the city clerk pointed out that with the increased business the council will transact during the year, it would be impracticable for one person to hold the office of city clerk, treasurer, collector, assessor and clerk of the board of licensing commissioners. The council agreed with this view and the clerk was instructed to call for applications for the office of constable and collector combined and also the office of treasurer. The clerk was also instructed to prepare a resolution favoring the granting of a charter to the Kettle River Valley Railway Company.

Ald. Phelan gave notice that at the next regular meeting of the council he would introduce a temporary loan by-law. This course was deemed necessary as it will be June at least before real estate taxes can be collected. On motion of Ald. Barrett secon led by Ald. Phelan the council decided to meet every Monday evening until further notice. The council then adjourned until Friday morning at 10 o'clock.

Commercial Association.

The last regular meeting of the Boundary Creek Mining & Commercial Association was the best attended since the association was reorganized. Several of those present were elected members for the first time.

In connection with an article in the News-Advertiser reflecting upon the association and to which THE TIMES has already called attention, Messrs. Thos. Hardy, the president of the association, His Worship Mayor Wood, and Mr. G. R. Naden, the treasurer of the association, were appointed a committee to deny the insinuations contained in the article. They were asked to write to the editor of the News-Advertiser over their own signatures. Mr. Jacobs the author of the article, admitted that as far as the interests of the association were concerned he had made an error but that otherwise he felt justified in offering the criticisms contained therein. He intimated that as the association had shown considerable feeling on account of the article he would tender his resignation as secretary before the next meeting. The matter then dropped.

The committee on railways reported that the general committee assisted by gentlemen from Midway had prepared the petition which is being circulated and suggested that the association pass a resolution endorsing the petition. The committee were instructed to prepare such a resolution, to be signed by the president and secretary and forwarded to Sir Wilfrid Laurier, Hon. Mr. Blair and Hewitt Bostock, M. P.

The other sub-committees not being ready to report asked for further time. This was granted and the association then adjourned for two weeks.

County Court in Greenwood.

For some time past an effort has been made to secure the holding of county court at Greenwood. Since there is now a provincial court house in the city and a government officer who is competent to act as a deputy registrar, there can be no good excuse for not holding sittings of the county court here.

At the last sitting of the county court in Midway six of seven cases were those in which all the parties interested resided in Greenwood. The lawyers retained by either or both sides were Greenwood lawyers and the witnesses were nearly all from Greenwood. It can be readily understood that the fact that all those connected with cases are compelled to go to Midway increases the cost of litigation.

We feel quite sure that His Honor, Judge Spinks will offer no objection to court being held at Greenwood.

The Boundary Creek Mining & Commercial Association should use its influence towards securing the necessary change.

Ex-Mayor Templeton, of Vancouver, who was defeated in the recent municipal election died suddenly of apoplexy on Sunday last. Mr. Templeton was well known throughout the province. He visited Greenwood in company with G. R. Maxwell, M. P., last summer.

COPPER STREET, GREENWOOD CITY, B.C.

GREENWOOD AND DISTRICT.

Mr. W. J. Snodgrass of Okanagan Falls has returned from a visit to Oregon.

Mr. R. W. Macfarlane, the mining engineer, returned from the coast on Wednesday.

Mr. A. H. Harrison of the B. C. mine is calling for tenders for several hundred cords of wood to be delivered at the mine.

F. R. Mendenhall, general agent for the Jenckes Machine Company & Canadian Rand Drill Company, returned to Rossland on Thursday.

Mr. J. T. McDonald the U. S. Customs officer at Oro was a visitor to Greenwood this week. He was accompanied by Mrs. McDonald.

Rev. Henry Irving of Rossland paid Greenwood one of his periodical visits this week. He conducted Church of England services in the schoolhouse on Wednesday evening.

Mr. W. T. Smith returned from Camp McKinney on Wednesday where he obtained numerous signatures to the railway petition. He reports that the camp is booming, the recent rich strike on the Cariboo having in reased the confidence in this rich section of the district.

Mr. S. G. Stooke, a son of Mrs. Wenrick, has decided to take his chance with those who are rushing to the Yukon gold fields and left here for the coast on Thursday. He intends engaging in business at some point on the road between Skaguay and the Yukon, probably at Teslin Lake.

The Board of License Commissioners had a short session on Saturday when licenses were granted to five hotels in the city. The commissioners before granting licenses visited the hotels and satisfied themselves that all reasonable safeguards had been taken to prevent loss of life in the event of fire.

Owing to the heavy fall of snow during the week, the roofs of many buildings in the city had to be cleared. Nelson's hall could not stand the weight of snow on the canvas roof and consequently the building collapsed on Sunday evening. As it was only a temporary structure but little damage was done.

J. W. Bassett, the freighter, spent the week in Greenwood. He was given a decidedly warm reception by the Greenwood business men. Bassett takes the matter coolly and maintains that there is no money in hauling freight to Greenwood at current rates, consequently he is not anxious to secure the trade.

Mr. Leslie Hill, the local manager for the Prospecting Syndicate returned last week from an extensive trip throughout East and West Kootenay. Mr. Hill's visit convinced him that Greenwood is more than holding its own with mining towns of the province. He saw no town that appeared to be growing so rapidly and so substantially as Greenwood.

F. R. Mendenhall before leaving Greenwood secured from G. H. Collins, managing director of the Golden Crown Company a conditional order for a complete mining plant for the Golden Crown mine. This company secured a plant from the Ingersoll-Sergeant Co., but owing to non-delivery within contract time, the Golden Crown Company refused to accept the plant.

Mr. J. H. Macfarlane, the superintendent of the Sunset mine left Montreal on the 15th inst. for Greenwood. He will visit some of the principal cities in the western states and expects to reach here about February 8. Work will be resumed on the Sunset shortly after his arrival.

A Confident Visitor.

Mr. Geo. W. Richardson, vice-president of the Bealey Investment & Trust Company, spent two days in Greenwood this week. It was Mr. Richardson's first visit and he was naturally surprised to find that Greenwood was a city of such size and importance. He feels confident that owing to the proximity of so many valuable mines, the growth of Greenwood will be very rapid and that it will soon be a commercial centre occupying equally as important a position in Boundary Creek as Rossland does in Kootenay. The business of the Bealey Investment & Trust Company in Greenwood has grown to such an extent that the company has decided to engage another man to assist its manager, Mr. Naden. Mr. Richardson returned to Rossland on Thursday.

Correction.

About a dozen representative men of Boundary Creek are responsible for the petition which appears on the first page of THE TIMES. It is rather singular therefore that the first paragraph should contain a plural subject and a singular verb. The only explanation that can be offered is that the committee in their effort to make the petition as formal as possible got their singular predicate as far away from their subject as possible and it was a difficult matter to institute a comparison to see if there was a grammatical agreement. The necessary correction was made in the original petition however, so that THE TIMES must bear the brunt of a typographical error —an excuse which does service upon many occasions in the newspaper world.

The Rossland Miner has taken another flying switch and is now flirting with the provincial opposition.

A Confident Visitor.

Mr. Geo. W. Richardson, vice-president of the Bealey Investment & Trust Company, spent two days in Greenwood this week. It was Mr. Richardson's first visit and he was naturally surprised to find that Greenwood was a city of such size and importance. He feels confident that owing to the proximity of so many valuable mines, the growth of Greenwood will be very rapid and that it will soon be a commercial centre occupying equally as important a position in Boundary Creek as Rossland does in Kootenay. The business of the Bealey Investment & Trust Company in Greenwood has grown to such an extent that the company has decided to engage another man to assist its manager, Mr. Naden. Mr. Richardson returned to Rossland on Thursday.

Correction.

About a dozen representative men of Boundary Creek are responsible for the petition which appears on the first page of THE TIMES. It is rather singular therefore that the first paragraph should contain a plural subject and a singular verb. The only explanation that can be offered is that the committee in their effort to make the petition as formal as possible got their singular predicate as far away from their subject as possible and it was a difficult matter to institute a comparison to see if there was a grammatical agreement. The necessary correction was made in the original petition however, so that THE TIMES must bear the brunt of a typographical error —an excuse which does service upon many occasions in the newspaper world.

The Rossland Miner has taken another flying switch and is now flirting with the provincial opposition.

B. C. MINING & MILLING COMPANY.

The shareholders were well represented at the annual meeting of the Boundary Creek Mining & Milling Company. There was a general impression that the meeting would be an interesting one and this probably induced some to make their appearance while others were there with a view to protecting their interests in the company.

The president of the company Mr. G. Arthur Rendell took the chair and Secretary Jacobs read the directors' report and the financial statement. The report told about the amount of development done during the year on the different claims owned by the company and also regarding the purchase and re-transfer of what is known as the McDonnell ranch property. The directors explained that the property had been purchased last spring but owing to discouraging railway news it was found that neither lots nor shares sold as rapidly as they wished or the interests of the company demanded, and Mr. McDonnell having made an offer to re-purchase the directors decided that it was in the interests of the company to accept Mr. McDonnell's offer and confine its attention to mining only. The financial statement showed a small balance at the Bank of Montreal. The president moved the adoption of the directors' report and then the fun began. Mr. Holbrook, the manager of the company and one of its directors, owns the majority of the shares and consequently he can easily outvote all the other shareholders. Sitting beside him in the meeting was Mr. J. P. McLeod, barrister of Midway, who has been retained by Mr. Holbrook to watch his interests. Mr. Holbrook opposed the adoption of the directors' report and demanded a poll. The president decided a poll was unnecessary, as the very fact that Mr. Holbrook had opposed the adoption of the report would negative it.

Then several of the shareholders demanded an explanation. They wished to know why Mr. Holbrook opposed the report.

Mr. McLeod replying for his client said that Mr. Holbrook believed that the McDonnell property could be sold only by the shareholders, that the directors had no right to sell without the advice and consent of the shareholders and that he was of the opinion that the property was sacrificed and would bring a much larger price if the shareholders desired to sell. He didn't wish to do anything that might lead to show that he endorsed the action of the directors and consequently opposed the adoption of the report.

After a long and rather acrimonious discussion Mr. McLeod intimated in reply to a question that his client would probably take legal steps to test the validity of the sale made by the directors. The concensus of opinion was that this was the only way the difficulty could be settled and the meeting was adjourned for two weeks to allow time for some action to be taken.

As the company has some excellent properties and is not in a bad financial position, it is hoped that some arrangement will be made by which work will begin at an early date.

THE GREENWOOD STEAM BOTTLING WORKS

Is prepared to supply the trade with first-class Bottled Beer manufactured by the "Lion Brewery Company, Ltd.," of Rossland. The beer is shipped in bulk, and bottled by steam in Greenwood. No freight delays; stock always on hand. All orders filled promptly and delivered.

Greenwood Steam Bottling Works ¶ ¶ ¶ Near the Saw Mill.

At Midway.

A well-attended railway meeting was held at Midway on Thursday evening. Mr. J. McNicol was voted to the chair and Mr. W. H. Norris appointed secretary. Mayor Wood and others were present from Greenwood. Some excellent speeches were made, all being in favor of granting Mr. Corbin a charter for his line of railway. A committee was appointed to work in conjunction with the Greenwood committee in watching railway legislation and generally to work in the interests of the district.

Hotel Arrivals.

The following were the arrivals at the International hotel during the week.

J. E. Boss, A. Domke, Spokane; W. T. Smith, Summit Camp; A. S. Black, S. Breslauer, R. Breslauer, M. Berger, J. W. Frost, Geo. A. Guess, City; W. W. Spinks, Vernon; J. C. Hole, E. M. E. Munns, Anaconda; J. Morrison, Deadwood; E. B. Hardy, Grand Forks; W. B. Trouteen, Nelson; J. W. Bassett, Okanagan Falls; F. R. Mendenhall, Rossland; Randolph Stuart, A. K. Stuart, W. H. Norris, J. McNicol, J. P. McLeod, F. McLaine, R. H. Bergman, Midway; J. T. McDonald and wife, Oro; Rev. H. Irwin, G. W. Richardson, Rossland, W. F. Honey, Winnipeg Mine.

The following were the arrivals at the Pioneer hotel during the week:

William Finn, M. Caldwell, M. McDougall, A. F. Thomas, V. Gambling, Rossland; Andrew Peterson, Kaslo; W. B. Trouteen, Nelson; G. W. Rumberger, Greenwood Camp; John Winkle, City; D. McInnes, Carson; T. Dobie, Prior Creek; C. Frank, Rambler Mine; Tom Corkill, Pass Creek; J. Kelley, Loomiston; C. Remington, Marcus, R. W. Macfarlane. Vancouver; W. A. McDougal, San Francisco; J. Cunningham, Summit Camp.

L. V. Cuppage, the road superintendent, is constructing a bridge over the Okanagan river, between Okanagan Lake and Dog Lake. It will be remembered that the bridge formerly there was torn down to enable the steamer to navigate the river. The bridge now being erected will run on a track and can be drawn off the river when the steamer desires to pass.

A masquerade carnival was held on the Greenwood Skating Rink on Friday evening. There was a large attendance and some funny costumes worn.

ADVERTISE THE DISTRICT.

To those who are interested in the development of the great natural resources of Boundary Creek district, it is exceedingly gratifying to find that the people have become aroused to the necessity for prompt and united action. When they once appreciate the fact that everything comes to those who have a good cause and will manfully and unitedly advocate their rights the development so much desired will soon come. In the past, the people had too little faith in themselves and too much in the power of capitalists and politicians. As citizens of a great country, the people of Boundary Creek district have been and are entitled to the same legislative consideration as those of other sections of the Dominion similarly situated. They pay the same tribute to Her Majesty's Customs, they treat the excise man with as much respect, they honor the same flag, and sing "God Save the Queen" as lustily if not as musically as the most loyal Canadians. In matters provincial, they are also entitled to the same consideration. The tax collector is welcomed with equal cordiality, and private contributions are cheerfully given to help to relieve the drain upon a heavily drained treasury. Why then should the people cringe to politicians for favors? All they want is justice. The meetings held throughout the district during the past few weeks show that the people have at last determined to assert their rights and demand that consideration to which they are entitled. Since they have done this they will win the respect of the politicians and success will crown their efforts.

But in order to be successful they must be alert and watchful. Every legitimate means must be used to make public the merits of the district. Boundary Creek district is not nearly well enough known. Its great natural resources, its illimitable undeveloped wealth, its boundless possibilities, should be so advertised as to enthuse the capitalist seeking investment and the patriot anxious to encourage everything that will tend to make this Dominion a country of many people and great wealth.

The residents have a duty to perform; they should not shirk the responsibility.

The publishers of THE TIMES anxious to make a special effort to advertise Greenwood, the other towns in Boundary Creek district, the mining camps and every industry in the district, have decided to publish a special Boundary Creek edition. We want the assistance of everyone. We want our advertisers to give their space for the purpose of advertising the district. We want them for one issue to advertise the town or the district instead of the advantages of the cash system, the quality of the groceries or the large stock of hardware. And we also want them to buy several copies of this special edition and send them to their friends in different parts of the world. THE TIMES asks a good deal it is true, but as it is in the interests of the district its exuberance of "gall" will be overlooked.

An Incipient Fire.

What might have been a serious fire was prevented by the presence of mind of Rev. Mr. Guy on Sunday evening last. Shortly after service at the school house, a lamp broke loose from its fastenings and fell to the floor. The oil was spattered in every direction and immediately ignited. Mr. Guy and Mr. Garland were in the school house at the time and the former swept the burning lamp from the room. The fire was then quickly extinguished. The cry of "fire" was raised and there was considerable excitement for a few minutes. In this connection it is respectfully suggested that the city council make speedy arrangements to secure a good bell so as to remove the necessity for an alarm being given vocally.

Installation of Officers.

The officers of Boundary Valley Lodge, I. O. O. F. were installed by D. D. G. M., I. H. Hallett on Tuesday evening. He was assisted by G. W., Thos. Hardy, G. M., R. Evans, and G. S., G. R. Naden. The officers installed are as follows:

P. G.....R. Smailes
N. G.....W. M. Law

Their brands are "Hungarian," "XXXX," "Strong Bakers'," "Economy," and "Superfine." The flour is made from wheat grown by the shareholders in the mill, and is made by the latest improved machinery.

Okanagan Flour Mill Co.'s Flour is THE BEST !

Pushing Development Work.

The probability of securing a railway at an early date has induced mine owners to increase their forces so as to have their mines in a shipping position as speedily as possible. The Winnipeg Company for instance, have increased their force. At first the company decided to spread their development work over a period of eighteen months but the directors believing a railway will reach here before that time have increased their force and will complete the development work in about half that time. Other mine owners will follow suit and by the time a railway will reach here, its carrying capacity will be taxed to the utmost. The B. C. mine in Summit camp takes the lead with a force of 26 men.

A large and splendidly built furnace has reached Greenwood for the Barrett block. It was ordered through the Russell Hardware Company.

Grand Forks Municipal Matters.

The city of Grand Forks is in municipal hot water. It is reported that there were irregularities in connection with the election that were sufficiently grave to make the election null and void; but it is common rumor that the greatest irregularity was the fact that the people had turned down what is commonly known as the Manly gang. The latter is so serious a matter that the Legislature is to be asked to pass a bill enabling the gang to run Grand Forks instead of the people. The bill will not put the matter so bluntly, but that is the reported object. Peter McCallum was elected mayor by a decided majority, and three aldermen were elected from one of the wards. It is stated, however, that the deputy returning officer was not sworn to do his duty. Some of the Grand Forks electors hold that the ballot box was stuffed.

There were none of the electors qualified for aldermen in the other ward, and consequently no election was held there. It appears that the plan of borrowing qualified men from the other ward never suggested itself, there being nothing in the Act to prevent a duly qualified voter running as alderman in any ward.

Another report reached Greenwood that His Honor Judge Spinks had advised the old council to retain office until such time as the legislature would grant relief from the municipal tangle. The new council did not relish this advice, and both old and new are attempting to guide the Grand Forks municipal ship.

CITY OFFCERS.

The City Council met on Friday at ten o'clock and appointed city officers. His Worship, Mayor Wood, presided and all the members of the council were present. The following resolution was moved by Ald. Phelan and seconded by Ald. Barrett and carried unanimously:

Whereas, application is being made to the Dominion parliament for a charter to construct a railway from a point on the International Boundary Line at or near Cascade City thence in a westerly direction following the valley of the Kettle river to a point on the Boundary line at or near Carson, also from another point on said Boundary line at or near Midway, thence northerly following the Valley of Boundary Creek through Boundary Falls, Anaconda and Greenwood; and, Whereas the construction of said railway would afford a short and easy means for transportation of Boundary Creek ores to the smelters at Nelson, Trail and other smelting points in British Columbia to which points the applicants for a charter are willing to pledge themselves to deliver ore at the same rates as to points on the Columbia river on the United States side of the International Boundary Line and give a cheap and speedy means for the bringing of machinery and other supplies into the district, and,

Whereas, private enterprise has not only developed many of the mines but has also established towns in the district, the prosperity of which, together with that of farmers and settlers, is entirely dependent on the mining:

Be it therefore resolved that the Municipal Council of the City of Greenwood do strongly urge that a charter be granted to the Kettle River Valley Railway Company.

And be it further Resolved, that copies of this resolution be forwarded to Sir Wilfrid Laurier, Hon. Mr. Blair, Minister of Railways, Hon. Clifford Sifton, Minister of the Interior, and Hewitt Bostock, M. P.

Mr. G. R. Naden who was appointed auditor presented his report. He had examined the books and found the financial statement of the city treasurer correct. The report was received and adopted on motion of Ald. Galloway seconded by Ald. Phelan.

The council then proceeded to elect city officers. The clerk was retained at a salary of $25 a month, on motion of Ald. Phelan, seconded by Ald. Barrett. Applications for the position of constable and collector were received from G. B. Taylor, D. Beath, Archie Felto and A. L. Luff. The council ballotted for the applicants, and on the first ballot Mr. G. B. Taylor secured a majority of the votes. As the police commissioners have the power to appoint a constable, the council recommended that Mr. Taylor receive the appointment. The commissioners met shortly aftewards and confirmed the appointment. Mr. Naden was appointed treasurer at a salary of $25 a month, on motion of Ald. Phelan, seconded by Ald. Barrett. Mr. Black was appointed city solicitor at a salary of $25 per month, on motion of Ald. Phelan, seconded by Ald. Parry. The police magistrate was voted a salary of $25 per month, on motion of Ald. Galloway, seconded by Ald. Phelan.

The mayor appointed the following committees:

FINANCE: Ald. Phelan, Paton and Parry.

BOARD OF WORKS: Ald. Galloway, Barrett and Kerr.

BOARD OF HEALTH: Ald. Barrett, Phelan and Paton.

The council then adjourned and will meet again on Monday evening.

[L.S.] THOS. R. McINNES.

CANADA.

PROVINCE OF BRITISH COLUMBIA.

VICTORIA, by the Grace of God, of the United Kingdom of Great Britain and Ireland, QUEEN, Defender of the Faith, &c., &c., &c.

To Our faithful the Members elected to serve in the Legislative Assembly of Our Province of British Columbia at Our City of Victoria—GREETING.

A PROCLAMATION.

A. G. SMITH,
DEPUTY ATTORNEY-GENERAL.

WHEREAS We are desirous and resolved as soon as may be, to meet Our people of Our Province of British Columbia, and to have their advice in Our Legislature:

NOW KNOW YE, that for divers causes and considerations, and taking into consideration the ease and convenience of Our loving subjects, We have thought fit, by and with the advice of Our Executive Council of the Province of British Columbia, to hereby convoke, and by these presents enjoin you, and each of you, that on Thursday, the Tenth day of the month of February, one thousand eight hundred and ninety-eight, you meet Us in Our said Legislature or Parliament of Our said Province at Our City of Victoria, FOR THE DISPATCH OF BUSINESS, to treat, do, act, and conclude upon those things which in Our Legislature of the Province of British Columbia, by the Common Council of Our said Province, may, by the favour of God, be ordained.

IN TESTIMONY WHEREOF, We have caused these Our Letters to be made Patent, and the Great Seal of the said Province to be hereunto affixed: WITNESS, the Honourable THOMAS R. McINNES, Lieutenant-Governor of Our said Province of British Columbia, in Our City of Victoria, in Our said Province, this Thirtieth day of December, in the year of Our Lord one thousand eight hundred and ninety-seven, and in the sixty-first year of Our reign.

By Command.

JAMES BAKER.
Provincial Secretary.

70-4

In Greenwood Camp.

The first public meeting in Greenwood camp was held on Tuesday evening and was largely attended by miners and mine owners. Mr. George Rumberger was voted to the chair and Mr. J. F. Hemenway appointed secretary. The railway petition was discussed and approved and the signatures of all those present obtained.

Some excellent speeches were made and the meeting was brought to a close by a vote of thanks to the chairman and the secretary.

The petition which is being circulated in favor of granting a charter to the Kettle River Railway Company secured the signature of every resident of Greenwood and Wellington camps.

The Stemwinder.

Mr. W. McLean, an experienced mining man of Spokane, has been in the district for a few days, making preparations to begin work on the Stemwinder mine for the new purchasers of the property. A large force of men will be employed. As there are already two shafts, 50 feet and 90 feet in depth on the property and considerable crosscutting, the development work will be carried on by machinery, a complete plant being now on the way to the mine from the east.

This will make the seventh steam mining plant in the district, five of which have been purchased during the last three months. No better indication of the rapid strides being made in development of the mineral resources of the district can be found than the fact that the owners of big mines have found it necessary to prosecute the work of opening up the mines with steam plants. Four of the plants are in Greenwood and Wellington camps namely at the Winnipeg, Golden Crown the Old Ironsides and the Stemwinder.

A Stamp Mill At Boundary Falls.

Mr. J. B. Ferguson, of Boundary Falls, has received a letter from Mr. James Punch, manager of the Boundary Falls Mining Company, in which the latter states that the company have decided to erect a mill at Boundary Falls to treat the free milling ore in the Boundary Falls mine. Mr. Punch intends leaving the coast in a few days and the mill will be sent in and erected as speedily as possible. The principal shareholders in the Boundary Falls Company are members of the well known machinery firm, the Wm. Hamilton Manufacturing Company and the mill will be supplied by them. When erected this will be the first mill in Boundary Creek district and as the ore in the Boundary Falls mine gives high returns the venture is sure to prove a profitable investment for the shareholders.

In these days of freight troubles, the hotel men of Greenwood are congratulating themselves upon the fact that a supply of bottled beer is assured. The Greenwood Steam Bottling Works has always a supply on hand.

CERTIFICATE OF THE REGISTRATION OF AN EXTRA-PROVINCIAL COMPANY.

"Companies' Act, 1897."

Combination Mining and Milling Company.

Registered the 3rd day of January, 1898.

I HEREBY Certify that I have this day registered the "Combination Mining and Milling Company" as an Extra-Provincial Company under the "Companies' Act, 1897," to carry out or effect all or any of the objects hereinafter set forth to which the legislative authority of the Legislature of British Columbia extends.

The head office of the company is situated in the City of Spokane, State of Washington, U.S.

The amount of the capital of the company is six hundred thousand dollars, divided into six hundred thousand shares of one dollar each.

The head office of the company in this Province is situate in Victoria, and William Monteith, insurance and commission agent, whose address is Victoria, B.C., is the attorney for the company.

The time of the existence of the company is fifty years.

The objects for which the company has been established are:

To buy, sell, lease, or otherwise acquire, mineral claims, mines and mining property; to explore, develop, mine, improve and operate the same; to sell, mortgage, lease, bond or otherwise dispose of the same; to do any and all things whatsoever which the said Corporation may deem necessary for the development and operation of any and all mineral claims or mining property which the said Corporation may hereafter acquire, own, or control; to construct, maintain and operate trails, roads, and lines of transportation, whether by land or water; to build flumes or ditches, or to acquire water-power or water rights, and to lease or sell the same; to erect mills, or smelting or reduction works for public or private use; in fact, to carry on a general mining, reduction, and smelting business in all its various departments, in any of the States and Territories of the United States, also in the Province of British Columbia.

Given under my hand and seal of office at Victoria, Province of British Columbia, this 3rd day of January, one thousand eight hundred and ninety-eight.

[L.S.] S. Y. WOOTTON,
72-4 Registrar of Joint Stock Companies.

CERTIFICATE OF THE REGISTRATION OF AN EXTRA-PROVINCIAL COMPANY.

"Companies' Act, 1897."

The Boundary Creek Mining Company.

Registered the 28th day of December, 1897.

I HEREBY Certify that I have this day registered "The Boundary Creek Mining Company" as an Extra-Provincial Company under the "Companies' Act, 1897," to carry out or effect all or any of the objects hereinafter set forth to which the legislative authority of the Legislature of British Columbia extends.

The head office of the company is situate in the City of Spokane, State of Washington, U.S.

The amount of the capital stock of the company is one million dollars, divided into one million shares of one dollar each.

The head office of the company in this Province is situate at Greenwood City, and Louis I. Ostroski, merchant, whose address is Greenwood City, is the attorney for the company.

The time of the existence of the company is fifty years.

The objects for which the company has been established are:

To acquire, hold, plat into city and town lots, sell, lease, or mortgage lands and real estate in the United States of America, and in the Province of British Columbia, Canada; to locate, acquire, procure, hold, buy, sell, lease and operate mines and mining claims in the United States of America and in the Province of British Columbia, Canada; to carry on the business of purchasing, selling, milling, smelting, matting, stamping and reducing ores and minerals of every kind and description in the United States of America and in the Province of British Columbia, Canada, and to acquire, lease and operate water rights and flumes for the purpose of mining and treating ores, and running and operating electrical machinery, and for any and all purposes in the United States and in the Province of British Columbia, Canada; to purchase, acquire, hold, erect and operate light and power plants for the purpose of mining and treating ores and for the purpose of furnishing lights and creating power for all purposes in the United States of America and in the Province of British Columbia, Canada:

To borrow money for the purposes of the company and to execute notes therefor, and to execute mortgages upon the property of the company to secure the payment thereof, to such an amount and upon such terms as the Board of Trustees may think proper, within the limitations provided by the by-laws:

To set apart and sell for the purpose of raising and operating, and funding capital for the purposes of the corporation, not to exceed one hundred and seventy-five thousand dollars of the capital stock of the company, upon such terms and at such prices as the Board of Trustees may direct:

To purchase from the subscribers to the capital such mining and other property as the Board of Trustees may deem proper, and to receive such mining claims and other property in payment of subscriptions to the capital stock to such amounts as the Board of Trustees may think proper, and to issue fully paid-up stock therefor.

Given under my hand and seal of office at Victoria, Province of British Columbia, this 28th day of December, one thousand eight hundred and ninety-seven.

[L.S.] S. Y. WOOTTON,
72-4 Registrar of Joint Stock Companies.

CERTIFICATE OF THE REGISTRATION OF AN EXTRA-PROVINCIAL COMPANY.

"Companies' Act, 2897."

"Old Ironsides Mining Company."

Registered the 28th day of December, 1897.

I HEREBY CERTIFY that I have this day registered the "Old Ironsides Mining Company," as an Extra-Provincial Company under the "Companies' Act, 1897," to carry out or effect all or any of the objects hereinafter set forth, to which the legislative authority of the Legislature of British Columbia extends.

The head office of the company is situate in the city of Spokane.

The amount of the capital of the company is one million dollars, divided into one million shares of one dollar each.

The head office of the company in this Province is situate at Old Ironsides Mine, Greenwood camp, Osoyoos division of Yale district, and J. F. Hemenway, superintendent, of the same address, is the attorney for the company.

The time of the existence of the company is fifty years.

The objects for which the company has been established are:

To work, operate, buy, sell, lease, locate, acquire, procure, hold and deal in mines, metals and mineral claims of every kind and description within the United States of America and the Province of British Columbia, Canada; to carry on and conduct a general mining, smelting, milling and reduction business; to purchase, acquire, hold, erect and operate electric light and power plants for the purpose of mining and treating ores, and for the purpose of furnishing lights and creating power for all purposes; to bond, buy, lease, locate and hold ditches, flumes and water-rights; to construct, lease, buy, sell, build or operate railroads, ferries, tramways, or other means of transportation for transporting ores, mining or other material; to own, bond, buy, sell, lease and locate timber and timber claims; and finally to do everything consistent, proper and convenient and requisite for the carrying out of the objects and purposes aforesaid, in their fullest and broadest sense, within the territory aforesaid.

Given under my hand and seal of office at Victoria, Province of British Columbia, this twenty-eighth day of December, one thousand eight hundred and ninety-seven.

[L.S.] S. Y. WOOTTON,
71-4 Registrar of Joint Stock Companies.

The White Front Store, Next Door to the Drug Store, GREENWOOD.

P.S.—A full line of GROCERIES, EGGS, BUTTER, HAMS, BACON, SALT PORK, ETC., always in stock. Special Prices given for quantities.

Political Rumors.

The report comes from the coast that two of the ablest lawyers on the coast have decided to take an active part in the coming election against the Turner government. Mr. E. V. Bodwell, the leader of the bar in the city of Victoria, and E. P. Davies occupying a similar position in his profession on the mainland, are the two gentlemen referred to. It is also reported that Mr. J. C. Brown of New Westminster will re-enter politics. He is one of the most aggressive campaign fighters in the province. The Turner government would have been defeated under any circumstance, but with such able men fighting for the opposition the government party is likely to be wiped out at the polls.

Mine Inspector.

D. J. McDonald who was superintendent of the Galena Farm mine, Slocan, has been appointed by the provincial government the inspector of metalliferous mines. Mr. McDonald is a Nova Scotian by birth and has had several years experience in mining in California and Nevada.

His Honor, Judge Spinks, has decided to hold sittings of the county court in March.

Vice-President: ANDREW KELLY, of Alexander, Kelly & Co., Brandon, Man.
Secretary-Treasurer: W. L. ORDE, Esq., Rossland, B.C.

BOARD OF DIRECTORS:

Hon. J. N. Kirchoffer, W. A. Macdonald, Q.C., J. Jermyn, Wm. Johnson, W. A. Fuller, W. J. Porter, and G. H. Collins.

Owns the "Golden Crown" mineral claim, situated in Wellington camp, Yale District, B.C.

CAMP McKINNEY.

A. G. Gordon, who had a contract to sink fifty feet on the Anarchist at Camp McKinney, had the misfortune to slip near the windlass and fall down the shaft. The ladder broke his fall and he escaped with some cuts about the head and a dislocated arm, which necessitated bringing him to Greenwood where he received the necessary attendance from Dr. Jakes.

A very rich lead has been struck on the west end of the Cariboo where it was formerly supposed to be played out.

Since striking the lead in the Minnehaha, work has been actively prosecuted and the ledge is holding its own. The management are figuring on putting in a stamp mill in the spring.

Thomas Hardness has sold his preemption to R. G. Sidley, J. P., and intends taking a trip to the Klondike.

Columbia & Western.

Col. Topping of Trail visited Grand Forks last week in the interests of Heinze's railway schemes. He had intended to call a public meeting with a view to securing favorable expression of opinion from the people regarding the granting of Dominion aid to the Columbia & Western Railway Company. He found that the people were determined to give no support to the undertaking until the company were in a position to guarantee the early and actual commencement of railway construction. As Col. Topping could not speak for Mr. Heinze in this respect he returned to Trail.

C. P. R. Movement.

It is reported on good authority that the C. P. R. Company will shortly place a survey party in the field with W. G. Tye at its head for the purpose of surveying the railway route between Robson and Boundary Creek. The survey will be made in three gangs and over 80 men will be employed.

Several men are at work on the Athelston which was recently bonded by a Spokane Syndicate. The Athelston is near the Golden Crown in Wellington camp.
