ENDANGERING THE CREDIT.

A FEW years ago the provincial government were extremely fond of publicly stating that the action of the Opposition in criticising the financial policy of the government was endangering the credit of the province in London. Admitting this was so, the Opposition were justified in offering their criticisms with a view to securing provincial finances on a healthy basis. The same government will now have some difficulty in defending its own course by which it has drawn hostile criticism from the London Times and every reputable financial journal in London. Being certain of defeat at the next provincial election, the members of the government are making the most of their official positions in their own interests. Company after company has been organized in London with the ostensible object of developing mines in Kootenay and Klondyke, but really to make money for the promoters. Included among the promoters of these companies are Premier Turner, Hon. C. E. Pooley, and other members of the government. One company, in its prospectus, points to the fact that the Premier of the province is on the directorate and they are therefore in a position to get inside information! Premier Turner must have become exceedingly callous if he will allow an English company to suggest that he will violate his oath of office in order that inside information may be given to a speculative company.

The London Times, referring to the prospectus of the Dawson City & Dominion Trading Company, states:

We regret to observe the names of the Prime Minister and the President of the Executive Council of British Columbia on the company's advisory board. Men in their position are establishing a bad precedent when they allow their names to be connected with undertakings of this class, however sound they may be.

The Pall Mall Gazette quotes the Times and says that "we entirely agree with this, but largely on the ground that the company does not commend itself to our opinion." The Westminster Gazette is stronger in its denunciation of the provincial Minister, and in a scathing article speaks of "Premiers and Promoters sinking from bad to worse." Other English papers also strongly criticise the action of the Ministers.

When the English money market gets the impression that the members of the executive of the Province of British Columbia are prostituting their offices for private gain, the credit of the province will no longer be as high as it is at present.

THE CITY COUNCIL.

The regular meeting of the city council was held on Monday evening last. His Worship, Mayor Wood, was in the chair and the following aldermen were present: Ald. Rendell, Barrett, Phelan and Galloway.

A telegram from Hon. Col. Baker announced that the government had been pleased to appoint Mr. G. R. Naden a license and police commissioner and Mr. I. H. Hallett a police magistrate. The telegram was ordered placed on file.

The finance committee recommended that the following bills be paid: B. C. Gazette, advertising, $5.00; B. C. TIMES advertising and job work, $24.50; city clerk, salary, $50; postage, $6.50; Smith & McRae, stationery, $1.80; R. F. Coates, ballot box, $5.00; B. C. Milling & Lumber Co. lumber, $2.17; expenses mineral exhibit, $50.; Board of Health, $10.

The report of the finance committee was adopted and the bills paid.

The council then went into committee to discuss the isolation of the bawdy houses. After threshing the matter out for nearly two hours the council were no nearer a solution of the difficulty and the matter was postponed for a special meeting on Tuesday.

Ald. Galloway requested leave to introduce a license, road and dog tax by-law. Leave was granted and the by-law was read a first and second time and a few clauses were considered in committee. The schedule of license fees are almost the same as those already adopted by the council. The road tax is two dollars a year on every male resident of the city between the age of 21 and 50 years. The dog tax is two dollars a year on each dog in the city.

The council then discussed sanitary matters. The opinion was freely expressed that the health of the town demanded vigorous sanitary measures. The Board of Health was requested to notify all owners of stables within the limits that they must keep them clean and also adjoining yards.

The following letter from P. O. Inspector Fletcher addressed to the Mayor was then read:

VICTORIA, B.C., November 10th, 1897.

DEAR SIR:—The contractor for the conveyance of mails between Grand Forks and Penticton states that owing to the short days and bad roads during the winter season, he is obliged to make early starts from the terminal points and to travel late in the evening, much to the inconvenience of the traveling public, and it has been suggested that a change shall be made in the time of arrival and departure of the mails at and from your office by which mails shall arrive on Wednesdays, Fridays and Sundays, about 5 p. m., and leave at 8 a. m. on Tuesdays, Thursdays and Saturdays for Penticton. In consideration of this change, the contractor agrees to maintain a daily service between Grand Forks and Greenwood, leaving Greenwood every morning and returning in the evening.

Will you please let me know whether the proposed change would be satisfactory to the people of Greenwood.

Yours truly,

E. FLETCHER, P. O. Inspector.

After a brief discussion the city clerk was instructed to write to the postoffice inspector endorsing the change in the service.

The council then adjourned.

CHANGE IN MAIL SERVICE.

Commencing this week a change was made in the time of both stage lines. The Marcus stage arrives here daily excepting Sunday, at 5 o'clock in the evening and departs at 7 o'clock in the morning. The Penticton stage arrives on Sundays, Wednesdays and Fridays at 5 o'clock in the evening and departs at 8 o'clock on the morning of Tuesdays, Thursdays and Saturdays. The change was brought about to avoid the dangerous night driving on both lines. The Marcus stage remains over night at Hall's, reaching Grand Forks about eleven o'clock next morning when connection is made with Parker's stage for Greenwood. The night travel on the Penticton stage is also avoided.

The change is satisfactory to the people of Greenwood since it makes this city the terminus for both stage lines. Passengers going either way stop here over night.

By next spring it is hoped that the government will appreciate the importance of this district and establish a daily mail between Penticton and Marcus. We are sure that the C. P. R. will give a daily service by steamer on Okanagan Lake.

FRASER--SPENCER.

Rev. E. G. Walker, of Greenwood, officiated at a very pleasing ceremony at Grand Prairie on Tuesday afternoon, when Mr. John Kenneth Fraser and Miss Thulia Spencer were united in marriage. The ceremony was performed at the residence of the bride's father. The bride was supported by her sister, while Mr. Fraser's brother was groomsman. Mr. and Mrs. Fraser left on Wednesday for Spokane, where the honeymoon will be spent.

Politicians From the East.

This province is rapidly becoming the home of eastern men who have attained prominence in politics. Hon. T. Mayne Daly, Ex-minister of the Interior is practising law in Rossland; W.A. McDonald, Ex-leader of the opposition in Manitoba, is now a barrister of Nelson; Hon. Joseph Martin "Fighting Joe" is a practicing barrister of Vancouver; Hon. Fred Peters of Prince Edward Island, a liberal, and Sir Charles Hibbert Tupper, Ex-minister of Justice, an irrepressible conservative, have formed a partnership and have hung out their shingle in Victoria. Even Clark Wallace has interests near Kamloops and may settle there.

The Jewel Re-opened.

Through the persistent effort of Mr. J. W. Macfarlane of the Prospecting Syndicate of B. C., the Jewel mine of Long Lake is again giving employment to a large number of men. It will be remembered that the Syndicate failed to make satisfactory arrangements with the owners and consequently the mine was closed down. Negotiations were continued however with the result that the Syndicate secured the interests of Messrs. Bosshart, Shonquist and Mr. Garland, and it is reported that of Mr. Dittmer also. As soon as the arrangements were completed, Mr. Barker, the foreman, received instructions to re-open the mine. A new pump has been purchased and the mine will now be continuously worked.

Public Health and Public Morals.

A special meeting of the city council was held on Tuesday afternoon, for the purpose of discussing matters relating to public health and public morals. After considerable discussion the police officer was instructed to put the law in motion to rid Silver street of certain undesirable characters.

Dr. Jakes was unanimously appointed medical health officer for the city, and the council then adjourned.

F. Auguste Heinze is in some respects "the wizard of the north." Less than two weeks ago it was reported that he was seriously ill and had to be taken by a special train from Trail to his home in Butte. Now the report reaches us that he is in Ottawa, buttonholeing ministers and members for the railway subsidy. Mr. Heinze evidently believes that it is good policy when subsidy hunting to go early and thereby avoid the rush.

IN THE MATTER OF THE "PLACER MINING ACT (1891) AMENDMENT ACT, 1895" (SECTION 13), AND OF THE "MINERAL ACT, 1896" (SECTION 161).

NOTICE is hereby given that His Honour the Lieutenant-Governor in Council has been pleased to repeal the regulation of the 11th day of December, 1896, with regard to relief against forfeiture owing to the lapse of a Free Miner's Certificate heretofore in force, and to make the following regulation in respect thereof, such repeal and new regulation to take effect on the

15th Day of November, 1897:

Any person or joint stock company, being the holder of any mining property, desiring relief against the forfeiture of his or its interest in such property by reason of an omission to obtain a new free miner's certificate on or before the day following the expiration of the certificate, shall observe the following conditions:

1.—Forthwith upon ascertaining the expiry of his certificate, obtain a new one;

2.—At the time of obtaining such new certificate, file with the Recorder issuing the same, and post in the Record Office, a notice of his intention to apply for relief;

3.—Within 30 days from such filing, transmit to the Minister of Mines the following documents and fee:

(a) A statutory declaration setting forth the circumstances of such omission, with full particulars of the mining properties held by the applicant which would be affected with forfeiture;

(b) A certificate under the hand of the Gold Commissioner or Mining Recorder of each division wherein any of the said properties is situate, that notice has been posted, and that no records (other than those mentioned in the said certificate, if any) adverse to the applicant's interest in the said properties have been made by him during the time in which the said applicant was not in possession of a valid existing free miner's certificate;

(c) A declaration by the applicant, or his agent duly cognizant of the location on the ground of the applicant's properties, and the other facts affecting the case, that he has searched the records of claims recorded during the interval the applicant was in default, and that such claims do not (except as may be therein stated) conflict with or overlap any of the properties of the applicant;

(d) The sum of five dollars.

The Minister of Mines may thereupon give instructions for the alteration of the date of the applicant's free miner's certificate so as to conform with the date of the expiration of the lapsed certificate, and may also give instructions for such amendment to be made to the records affected as may be considered requisite, and any such relief may be partial as to properties in respect whereof relief is given, or so as to save adverse rights acquired during default of the applicant.

GREENWOOD AND DISTRICT.

Rev. Father Rivers returned to Rossland on Wednesday morning.

Mr. J. D. Harvey, of the Snowshoe, has returned from a business visit to Spokane.

Mr. S. S. Fowler, M. E., Nelson, has four men at work on his property, the Norfolk, near the No. 7.

Mayor Wood left on Thursday for Penticton and Armstrong. He will probably go to the Coast before returning.

Notwithstanding the snow and cold weather, building continues active. Several new residences are being erected as well as business blocks.

The firm of Nelson & Tynan of the Pioneer hotel has dissolved partnership, Mr. Tynan retiring. Mr. and Mrs. Tynan and family will leave in a few days for Spokane.

Mr. W. Keough, of the B. C. mine, Summit camp, was in Greenwood this week. He just returned from Colville where Mrs. Keough was seriously ill. She is now almost fully recovered.

The Court of Revision for the Rock Creek Division of Yale District was held at Osoyoos on Thursday, Mr. F. McGowen presiding. Mr. McGowen holds court at Midway to-day and at Greenwood on Monday.

Notice is given in the B. C. Gazette that the Osoyoos Mining Division of Yale district has been created a Health district under the provisions of the Health Act, 1893. Mr. C. A. R. Lambly has been appointed the Board of Health for the district.

It is reported that 70 head of cattle belonging to Mr. T. Ellis were seized by the American Customs' officers last week. The cattle were for the Rossland market but were being driven through the reservation without a convoy; hence the seizure.

Midway will also have a skating rink this winter. The citizens have prepared a piece of land where water will be turned on from the irrigation ditch. Shares in the Greenwood rink were at a discount this week, a warm chinook having cleared away both snow and ice, much to the disappointment of the enthusiasts.

The rank of Sisterhood has been conferred on F. H. McCarter, of the Grand Forks Miner by the Ladies Aid Society of Grand Forks. Since the Miner secured a patent outside "Mac" has become rather effeminate. That "patent" must have broken his heart, for he has lost his old time aggressiveness but we never thought he would join a Ladies' Aid Society.

In order to accommodate those who are anxious to send mail by the early morning stage to Grand Forks, Mr. Parker the proprietor of the stage line has placed letter boxes in all the hotel offices in the city. Before leaving in the morning the letters in these boxes are collected and mailed by the driver at Grand Forks. This will be a great convenience to those who wish to promptly reply to letters received each evening.

Hotel Arrivals.

The following were the arrivals at the International hotel during the week: J. J. Franklin, Rossland; C. Gire, Carson; J. P. Schroeder, Edwards' Ferry; C. E. Reuger, Skylark; M. E. Collier, Spokane; W. G. Horan, Midway; J. McNicol, Midway; John Keough, Albert Keough, Summit Camp; Thos. McAuley, Midway; R. S. Fraser, Carson; J. P. Harvey, Spokane: J. R. Jackson, Midway; J. F. Hemenway, Old Ironsides; J. P. McLeod, Midway; Moses Burns, Grand Forks.

NOTES.

The International hotel will hold a raffle for turkeys, geese and ducks, next Tuesday, Wednesday and Thursday.

Mr. J. W. Nelson has acquired full control of the Pioneer hotel. This popular establishment will be improved to meet the demands of an increasing patronage.

At the request of the citizens of Rossland Hon. Mr. Sifton has promised to bring the government's attention to Mr. Justice Walkem's action in changing the Costello sentence.

Mr. Justice McCreight intends to retire from the bench shortly. Mr. D. G. McDonnell, of Vancouver, and Mr. P. Æ. Irving, of Victoria, are mentioned as candidates for the position.

The Fairview Gold Mining Co., Ltd., has been registered to do business in this province. The head office of this company is in London and the office in this province is at Vancouver. The capital is £100,000 divided into one pound shares.

Lieutenant-Governor McIntosh of the Northwest Territories has tendered his resignation. He will reside in Rossland where he has large mining interests. It is also stated that he has decided to return to journalism and will edit the Rossland Miner.

Sewerage Systems.

The cities of Kootenay are having trouble in the efforts to secure proper sewerage systems. The cities are anxious to provide sewerage systems but the provincial Board of Health have decided that sewerage shall not go into the rivers. The only outlet for sewerage in Rossland is Trail creek; in Nelson, Kootenay river; but the provincial Board of Health have tabooed the use of these streams. As Greenwood will shortly be in a similar position to the cities mentioned, we are anxious for the provincial Board of Health to suggest some other means of getting rid of the sewerage.

Corbin's Road.

Nelson Tribune:—D. C. Corbin of the Nelson & Fort Sheppard railway is in the field with a railway project for the Boundary Creek district. Corbin proposes to build a line from Northport to either Grand Forks or Greenwood. He will build the road without a provincial subsidy, and so far as the province is concerned, the road when built will contribute as much to the development of the province as any of the heavily subsidized roads. If D. C. Corbin can build railways without cash subsidies there is no reason why other railway promoters should [illegible]

Mr. J. C. Haas intends leaving for a visit to eastern cities in about two weeks.

The gratifying news comes from Armstrong that Ald. Hamill is improving rapidly.

M. Berger has returned from Spokane and is again with the Greenwood City Mercantile Co.

Mr. C. Æ. Shaw, P. L. S., has gone to Penticton to survey some land for Mayor Wood and associates.

H. B. Munroe is moving his stock into the larger premises lately vacated by Mr. Fletcher, the druggist.

The Silver Bow boarding house is being torn down to make way for Ald. Barrett's block on Copper street.

R. Breslauer has decided to sink a 30-foot shaft on the Granite claim, adjoining the Skylark, in Skylark camp.

Mr. R. W. Macfarlane, M. E., has several men at work on the Ruby which he and Mr. Mackay recently bonded from W. G. McMynn and others.

Boundary Valley Lodge, No. 38, I.O.O.F., will give a public entertainment in about three weeks. An amusing farce will be included in the programme.

D. W. Hicks has returned to Greenwood, after a three months' visit to Montana. He will re-open his restaurant in the Miller block, next to Miller Bros.

The machinery recently purchased by the Winnipeg Co. from the Jenckes Machine Co. is being installed at the mine and will soon be working. Men are now at work sinking a shaft between two well defined veins on the property and after a certain depth is attained crosscutting will begin. This work is independent of the old shaft from which so much rich ore has been taken.

W. J. Snodgrass spent several days in Greenwood this week, having business in connection with his stage line. Joe Snodgrass has decided to make Greenwood his home; his wife and family arrived here last week.

Householders are taking but little interest in the registration of their municipal votes. It should be remembered that ladies who are householders and have lived in the city for twelve months, are also qualified to vote.

Two reservation Indians appeared before Messrs. Norris and Hind, J. P's., at Midway, on Monday to answer to the charge of unlawfully killing deer on this side of the International line. They were found guilty and sentenced to 30 days imprisonment.

Mr. W. L. Haultain returned to Nelson on Tuesday. He intended going to South Africa but was so well pleased with the outlook in Boundary Creek district that he has fully decided to make such arrangemedts as will enable him to devote his attention to mining properties here.

LICENSE COMMISSIONERS.

The government have at last appointed license commissioners for the city of Greenwood. It has failed to carry out the recommendations of the council; nevertheless the appointments give general satisfaction. Mr. I. H. Hallett, the newly-appointed Police Magistrate, will bring to the office an experience gained while successfully occupying a similar position in the city of Vancouver. Mr. G. R. Naden, the other Commissioner, is also sure to exercise good judgment in dealing with all matters coming before them. The board will probably hold its first meeting on December 8th, when applications for licenses for five hotels will be considered.

Mr. Woodhouse's Speech.

Mr. Woodhouse's address to the members of the Recordia Syndicate, a report of which appeared in THE TIMES last week, has been the subject of much discussion in Greenwood. There are grave doubts in the minds of many as to whether Mr. Woodhouse was justified in making the statements he did to English capitalists who are seeking safe investments for their money. It is one thing for an expert to secure control of properties, and an indefinite option is another. It is of course difficult at this distance to positively state how much Mr. Woodhouse did tell the Recordia Syndicate. If he told them that he secured control of townsites, smelter sites, coal lands, etc., etc., as the report of his speech would indicate, he told them something which the arrangements he has made did not justify. It is possible that the abbreviated report of his speech does not do Mr. Woodhouse justice. He may have stated that he has secured a conditional option on the water power at Boundary Falls and several hundred acres of land there, also certain coal lands and other properties. These conditions imply the speedy construction of smelters and other works which will entail the expenditure of large sums of money.

We do not wish to belittle what Mr. Woodhouse has done in the district; he is probably honest in his intentions but surely it is not in the interest of the district for a mining engineer to come here and make arrangements to purchase everything excepting the air—arrangements which do not impose any cash payments and which inflict no penalty if not carried out, and then go back and enthuse unsophisticated Englishmen with assertions that they were able to obtain interests of great extent and value, comprising townsites thousands of acres of land, water rights, and thousands of acres of coal lands, and that they had secured 100 acres for a smelter site; that in addition to this they had secured 900 acres for certain with the probability of another 1000 acres around the smelter site, etc., etc.

We can congratulate Mr. Woodhouse on securing the Anaconda Group. Development work has fully justified the bond given on this property and from all indications it is sure to yield handsome returns.

FORESTERS' CONCERT.

Standing room was decidedly at a premium in Rendell & Co's. hall, Thursday evening when the Foresters gave their initial concert. The committee who had charge of the concert were agreeably disappointed. Early in the day, Mr. George A. Guess, chairman of the committee, was firm in the conviction that there were plenty of seats in the hall for those who would attend. It was found however that chairs had to be borrowed from the Pioneer hotel and elsewhere to seat those who crowded into the hall.

Several improvements were made in the hall for the concert. A neat stage was erected and tastily curtained. The committee in charge of the concert, Messrs. George A. Guess, J. W. Frost, G. F. Miller and J. C. Goupil, secured an excellent programme, printed copies of which were distributed in the audience. The services of a chairman were dispensed with.

Porter's orchestra opened the entertainment with a well played selection. "Three Jacks and a Queen" kept up a continuous laughter, while giving the "Bachelor's Wooing." The three Jacks were J. Harlan, J. Goupil and J. Leamy, while the Queen was built on magnificent lines. Standing six feet two inches and being broad in proportion, she made an imposing figure on the stage. It was rumored that the Queen was none other than Frank Chadler. J. C. Goupil made an ideal colored servant, J. Leamy a spoiled boy who always wanted candy, while J. Harlan, the bachelor, bravely withstood the courtship of his gigantic queen. Mr. J. W. Frost sang "In Happy Moments" and sang it well. Master Jack Galloway gave the "Burial of Sir John Moore"; he succeeded in admirably maintaining the reputation he has already established as an elocutionist. The most striking and pleasing feature of the evening was the singing of Miss Ruth Miller, a pretty tot of five summers. Accompanied by her father on the organ, her sweet, childish voice was heard in two or three popular songs and each time she was enthusiastically encored. Mr. George A. Guess recited "Romeo and Juliet," not Shakespeare's Romeo and and Juliet, but a modern couple who had love troubles that were very sad. Mr. J. Harlan's excellent voice was heard to advantage in "The Fisherman and His Child." Mr. M. E. Miller accompanied on the guitar. "My Bread on the Waters," a selection requiring careful elocutionary handling, lost nothing by being recited by Mrs. Phelan.

Mr. J. F. Hemenway was heard by a Greenwood audience for the first time and he at once became a favorite. Possessed of a rich, well-trained baritone voice, his singing of "The Garden of Love" evoked an enthusiastic encore. Mr. Hemenway and Mr. Frost also sang the "Larboard Watch," the rich baritone blending well with the sweet tenor. Mrs. Flood convulsed the house with "A Lover Without Arms" and the "Inventor's Wife," the latter being in response to a well-deserved encore.

Miss Roy as accompanist added materially to the success of the entertainment.

After the entertainment, Porter's orchestra furnished the music for an impromptu dance.

MINING NEGOTIATIONS TRANSACTED.

OFFICE:—CAMP McKINNEY.

N.B.—Some valuable Mining Properties in Camp McKinney and vicinity for disposal.

CHANGES HIS OPINION.

At a non-political gathering held in New Westminster recently, Sir Charles Tupper stated that during the last session of the Dominion parliament he had spoken against the construction of railways by the government but he was now quite prepared to take back every word he had uttered if the government would undertake the construction of an all-Canadian road by the way of Telegraph Creek to Klondyke. All of which goes to show that the personal interest is stronger than patriotism. Last winter Sir Charles had no personal interest in this country and he discussed the railway question solely from the standpoint of a patriotic citizen striving to do his duty. To-day, he is heavily interested in one or more companies who are anxious to exploit the riches of the Yukon, and even Sir Charles is willing to appear inconsistent in order that a railway may be built into the Yukon.

There are a good many Sir Charleses in the Dominion house. The most enthusiastic supporters of anything that will assist in the development of the resources of this province are members who have secured personal interests here and who have made themselves acquainted with the possibilities of the province. The most stubborn opponents of British Columbia appropriations are eastern members who have never visited the province, who have no interests here and who are ignorant of its resources. It is quite probable that if Sir Charles had obtained interests in Boundary Creek he would be just as willing to sink his antagonism to government railways in order that transportation might be furnished to his own property.

Rural Liquor License.

The rural Board of License Commissioners will consider the following applications for liquor licenses at their next meeting to be held at Midway on December 15th : St. Louis Hotel, Camp McKinney, F. Donald ; Queen's Hotel, Upper Grand Forks, Messrs. Dufour & Cusson ; Canada Hotel, Upper Grand Forks, Toussaint Phaneouf ; Christina Hotel, east side of Christina Lake, Eli Lavalley ; Mountain House, west of Rock Creek, W. H. Conkle.

Dismissed the Case.

W. Cormack and partner appeared before Magistrates Hind and Norris at Midway this week to answer to a charge of attempting to shoot two boys near Boundary Falls. The charge was dismissed as there was no evidence to prove who did the shooting. Mr. J. P. McLeod appeared for the defense. It appears that the boys while out shooting accidentally wounded McCormack's dog and a few days afterwards they were themselves the target for some person's gun. It was presumed that McCormack and partner were attempting to frighten the boys for shooting the dog.

THE VOTERS' LIST.

Through the courtesy of Mr. Leonard Norris, Collector of Votes for East Yale, we are in a position to furnish the readers of the TIMES with accurate figures concerning the voters' list for this district. While these figures are in a measure gratifying, we are certain there are many who are duly qualified who have neglected to register.

The register of votes for East Yale contains a total of 1276 names. These are the names which were placed on the list at the Court of Revision held in August. Since then 320 applications have been posted on the wall at the government office, making a total of 1596 registered votes and applications. Of the 320 applications 287 came from south of Penticton and 33 from north of Penticton.

It is gratifying to learn that 287 applications have been made from south of Penticton since August but the electors should never rest satisfied until the 800 or more voters living south of Penticton are placed on the list. It only requires a united effort from every locality. We have been informed since discussing this matter in last week's TIMES that over 100 names were sent to the collector of votes from the vicinity of Fairview. Other towns and camps should make an effort to record every vote.

There should be 800 names on the voters' list from south of Penticton when the legislature meets. That number will surely force the government into giving the district proper representation. Do you want the district subdivided? If you do register your vote and your neighbor's.

What Mr. Woodhouse Stated.

Since commenting on Mr. Woodhouse's speech we have read another report of the meeting of the Recordia Syndicate which differs materially from that published in the British Columbia Review. The second report is more compatible with the truth. Mr. Woodhouse did not say that he secured the interests described but had obtained "various interests in options with very small commitments of capital." Such is the fact; Mr. Woodhouse has secured options on properties which are sure to yield large returns when developed but as far as we know, he has not as the Review's report would indicate, purchased anything.

Capt. Shorts Alive.

Mayor Wood was naturally startled this week when he received a letter from Capt. T. D. Shorts. Capt. Shorts will be remembered by many people in the district. He built and ran the first steamer on Okanagan Lake and left some years ago for Alaska. It was reported that he died there of mountain fever; but Capt. T. D. Shorts is very much alive. He hasn't reached Klondyke yet and is now at Juneau, having returned from mining at Cook's Inlet.

Summit Road Completed.

The Summit road has been completed. There is now a good road from Greenwood to the B. C. mines. The road was built under exceptional difficulties, but the enterprise of the citizens of Greenwood overcame every obstacle and they now have the satisfaction of knowing that one of the most promising camps in the district is in direct communication with Greenwood.

Mr. Chas. Rendell who had charge of the work of completing the last mile, had a number of men at work and succeeded in completing the road before the snow became too deep.

While we can congratulate the citizens of Greenwood on the completion of the road, we think that were the government not so callous it should be heartily ashamed of its action in this matter. The Chief Commissioner promised first $1,200, then $600; and $500 was all the government gave to a public road which cost upwards of $1,500. In justice to the Townsite Company, a special appropriation ought to be voted at the next session to recompense them for the amount paid over and above that mentioned in the agreement with the government.

Death of Mrs. Spinks.

The many friends of His Honor, Judge Spinks, will sympathize with him on the death of his wife which took place at Kamloops last week. Mrs. Spinks was a native of Lancashire, England, and came to this province with her husband about 12 years ago. They settled in Kamloops where Mr. Spinks practiced law before being appointed county court judge. He afterwards removed to Vernon on account of Mrs. Spinks' health. She was a great sufferer from rheumatic fever which was the cause of her death.

J. J. Franklin, Rossland, was among the visitors to Greenwood this week. Mr. Franklin is an eastern capitalist who has invested heavily in real estate and mines in Kootenay. He expressed himself as being pleased with Greenwood; it appeared to be the most flourishing of all the towns he had visited. Mr. Franklin returned by Tuesday's stage, but he has decided to come back here and invest in Greenwood.
