BOUNDARY CREEK TIMES

A Weekly Paper published in the interests of the Boundary Creek Mining District.

Vol. V. GREENWOOD, B.C., SATURDAY, NOVEMBER 26, 1898. 116 No. 12

THE CORBIN CHARTER.

THE people of the coast cities are taking an active interest in the Corbin charter. Some time ago, as was stated in these columns, Mr. McCandless, a prominent merchant of Victoria, wrote a letter to the Victoria Times, urging the coast merchants to use their influence in securing the charter. Mr. D. R. Ker, another Victoria merchant, announced through the columns of The Times his intention to oppose the charter. As Mr. Ker's letter showed a lack of knowledge of the trade conditions in the Boundary Creek district, the following letter written by Duncan Ross appeared in the Victoria Times:

To the Editor: A reply above this date, to a letter which appeared in the Victoria Times of October 29th, will be considered a rather tardy one. The responsibility for the delay must be placed elsewhere. Had Mr. Ker (to whose letter I wish to direct attention) and other Victoria business men fought loyally last winter for their own interests and the interests of the province, instead of battling for the C. P. R., there is a strong probability that the Boundary Creek subscribers of your valuable paper could be enjoying its pages the day following publication, instead of laboring under the disadvantage of a slow stage line mail service, and there is an equally strong probability that Victoria wholesale merchants would be in a position to deliver their goods to the merchants of Boundary creek by an all-rail route. The people of Boundary creek are anxious to secure every assistance in their struggle for railway competition, and they regret that Mr. Ker should have given an earnest of his intention to again act against their interests and Victoria's interests.

It is an old saying that "patriotism is the last refuge of a scoundrel;" it is equallg true that the loyalty cry is at once raised by those who are barren of argument. Mr. Ker is anxious about protecting Canadian interests, and fears that trade may be diverted by an American railway. His fears are groundless and his arguments are but echoes of Sir William Van Horne and other C. P. R. officials. Does Mr. Ker wish to be convinced that the construction of a railway from Marcus to Greenwood will not divert the the Canadian trade? Then let him go to his old political friend, Mr. R. P. Rithet, who will tell him that the greater portion of the goods sold by his firm to Boundary Creek merchants is shipped by the American lines to Marcus. Wilson Bros., Simon Leiser & Co., Okell & Morris Co., and other Victoria wholesale firms will tell him a similar story. When I lived in Victoria he was credited with having a large amount of business acumen and some common sense. Will he say that the Boundary Creek business of Victoria merchants is likely to be jeopardized or Canadian trade diverted if goods purchased in Victoria are hauled the entire way to Boundary creek on a railway, instead of sixty-five mile of the distance by wagon? The Americans are now placed on an equal footing as far as competition is concerned, and they get none of the trade, nor will they be in a better possition than Canadian merchants when the Kettle River road is completed.

If there were anything in the argument that the construction of a railway from American territory had a tendency to hamper or divert Canadian trade, why does the loyal, patriotic Mr. Ker not pour the vials of his wrath upon the Canadian Pacific railway company. Like all corporations, it has neither soul to be damned nor body to be kicked and would scarcely be disturbed by criticisms, which might give Mr. Kerr intense satisfaction. If there is a pound of cured ham sold in Chicago, or a pint of beer in Milwaukee, or a keg of nails in Everett, or any article of commerce sold in any of the United States centers and its destination is a canadian point; or if we unpatriotic Canadians in Boundary Creek wish to send a pound of ore to the Everett or Great Falls, or any other United States smelter, or if Mr. Ker desires to find a market for his famous rolled oats in American towns, or buys grain on the American side to teach the Canadian farmer a salutary lesson, the obsequious, enterprising, wide-awake C. P. R. agent is a "Johnny-on-the-spot," hypnotizing you with unanswerable arguments in favor of C. P. R. rates and C. P. R. time-tables. He does not consider for a moment whether the goods are Canadian or American; he wants them hauled to their destination over his lines. The C. P. R. has its branch lines into every United States business center along the great lakes and international boundary line, and it has no sentiment as far as new business is concerned. It is only when competition threatens that the burley president of the C. P. R. waves the old flag and calls upon Mr. Ker to be his standard-bearer.

Is not Mr. Ker's patriotism tarnished by selfishness, a failing which rightly or wrongly has been charged by the rest of the province to most of the old time business men. Is this the Mr. Ker who, with other members of the Victoria board of trade, worked so assiduously to boycott the C. H. R. and to patronize the now hateful American railway lines? Or is it a brand-new Mr. Ker, expurgated by the Edmonton mills and their relation to the C. P. R.?

Let us bring the effect of this very patriotic sentiment of his nearer home. Between Victoria and San Francisco there plies a line of steamers, owned and controlled by the powerful American Pacific Coast Steamship company. These steamers are subsidized by the Dominion government. Now if there were no trade nor business connection between San Francisco and Victoria, those steamers would not be on the route. We of Boundary Creek and our equally disloyal Canadian friends in Kootenay have become enthused by the loyal vaporings of Mr. Ker and his equally misguided conferes. We organize ourselves and we petition the Dominion government to abolish the subsidy to the Pacific Coast Steamship company's steamers because their being on the route has a tendency to divert Canadian trade. We back our petitions by resolutions of our boards of trade, and we telegraph, at somebody else's expense, interviews with our prominent business men to eastern newspagers, and marked copies of these are sent to the members of parliament, and we urge upon the members of the provincial legislature to pass a resolution endorsing our position. Do I hear Mr. Ker's melodious voice raised in eloquent endorsation of our patriot conduct, and do I hear the hosannas of his anti-Boundary Creek colleagues? My imagination cannot carry me that far, but I can see Mr. Ker standing on Campbell's corner and hysterically waving his hands and indignantly stating that the people of Kootenay and Boundary Creek should mind their own business and leave Victoria and Victoria's interests alone. What right then has he to tell the people of Boundary Creek, who are just as loyal as he is, that the markets for the product of their mines and the markets in which they may buy necessary supplies must be restricted by the ignorant selfishness of a few coasters, or by the political exigencies at Ottawa? What right has he to tell them, who are entitled to as many commercial rights and liberties as he is, that they must bend the knee to the C. P. R. and accept any rates it wishes to levy or any conditions it desires to impose.

DUNCAN ROSS.

THE KNOB HILL.

The Spokesman-Review, usually accurate in its mining news, has been misinformed concerning the Knob Hill in Greenwood camp. The tunnel is now in 400 feet instead of 137 and the hanging wall has not yet been reached, nor will it be for another fifty feet. The tunnel crosscuts the vein at right angles and is every foot in ore. There are 7,000 tons of ore on the dump at the tunnel, and there is not one pound of waste. The Review very properly says that the Knob Hill is the biggest mine of the kind in the world, but its dimensions are much greater than those quoted in the Spokane paper. Good progress is being made in the tunnel. The drills and compressor are working smoothly.

Several men are also at work sinking the shaft to meet the drift at the 200-foot level on the Ironsides. Mr. W. Y. Williams, the superintendent, was at the properties last week and expressed himself as well satisfied with the progress being made. Mr. Jay P. Graves, the general manager, is expected in next month. Several carpenters are at work erecting the big two-story hotel for the company.

The shares in both companies have gone up with a rush, and appear to be a favorite buy in all the mining markets.

LICENSE AUTHORISING AN

Extra - Provincial Company

TO CARRY ON BUSINESS.

"COMPANIES' ACT, 1897."

Canada : No. 117.
Province of British Columbia

THIS is to certify that "The Jewel Development Syndicate, Limited," is authorised and licensed to carry on business within the Province of British Columbia, and to carry out or effect all or any of the objects hereinafter set forth to which the legislatiue authority of the legislatnre of British Columbia extends.

The head office of the Company is situate at 18 Bishopsgate-street, City of London, England

The amount of the capital of the Company is £6,000, divided into 6,000 shares of £1 each.

The head office of the Company in this Province is situate at Rossland, and Gilbert Mahon, gentleman, whose address is Rossland aforesaid, is the attorney for the company.

The objects for which the company has been established are:—

1. To purchase, take on lease or otherwise acquire any mines, mining rights and metalliferous land in British Columbia or elsewhere, and any interest therein, or to acquire any options to purchase the same or any interest therein, and to explore, work, exercise, develop and turn to account the same, and in connection therewith to enter into and carry into effect, with or without modification, the agreement referred to in clause 3 of the Memorandum and Articles of Association of this Company.

2. To search for, prospect, examine and explore mines and ground supposed to contain minerals or precious stones, and to obtain information in regard to the same ;

3. To search for, crush, win, get, quarry, calcine, reduce, amalgamate, dress, manipulate, refine and prepare for market auriferous quartz and ore and other mineral substances (whether auriferous or not) and precious stones and generally to carry on any metallurgical operations which may seem conducive to any of the Company's objects, and to buy, sell and deal in bullion, specie, coin and all precious metals ;

4. To buy, sell, manufacture and deal in machinery, implements, conveniences, provisions, articles and things capable of being used in connection with metallurgical operations, or required by workmen and others employed by the company ;

5. To carry on all kinds of promotion business, and in particular form, constitute and promote companies, syndicates or associations with objects similar or akin to the objects or some of the objects of the company, and to take or otherwise acquire, hold, deal in or underwrite any shares of the capital, or any debentures, debenture stock or other interests of or in such companies, syndicates or associations ;

6. To carry on business as financiers and concessionaires, and as underwriters of shares and securities of companies ;

8. Generally to undertake and carry out all such businesses and operations (except the issuing of policies of assurance upon human life) as may be legally undertaken by an individual capitalist :

8. To purchase or otherwise acquire and undertake all or any part of the business, property or liabilities of any person or company carrying on business which this company carries on, or possessed of property suitable for the purposes of the company ;

9. To construct, carry out, maintain, improve, manage, work, control and superintend roads, tramways, railroads, branches or sidings, bridges, reservoirs, canals, docks, water courses, wharves, hydraulic works, gas works, electric works, factories, warehouses and other works and conveniences which may seem conducive to the company's objects, and to contribute to, subsidise or otherwise assist or take part in any such operations ;

10. To enter into arrangements with any government or authorities, supreme, municipal local or otherwise, and to obtain from such all rights, concessions and privileges that may seem conducive to the company's objects or any of them ;

11. To enter into partnership or into arrangements for sharing profits, union of interests, joint adventure, reciprocal concessions, or co-operation with any person or company engaged in any business or transaction which this company is authorised to engage in, or any business or transaction capable of being conducted so as directly or indirectly to benefit this company, and to take or otherwise acquire and hold shares or stock in, or securities of, and to subsidise or otherwise assist such company, and to sell, hold, re-issue, with or without guarantee, or otherwise deal with such shares or securities ;

12. Generally to purchase, take on lease, or in exchange, hire or otherwise acquire any real or personal property, and any rights or privileges which the company thinks necessary or convenient with reference to any of these objects, or capable of being profitably dealt with in connection with the company's undertakings and in particular any land, buildings, easements, licenses, patents, ships, barges, rolling stock and stock-in-trade ;

13. To sell the undertakings of the company or any part thereof, for such consideration as the company thinks fit, and in particular for shares, debentures or securilies of any other company having objects altogether or in part similar to those of this company ;

14. To invest and deal with the monies of the company not immediately required upon such securities and in such manner as may from time to time be determined ;

15. To lend money to such persons and on such terms as may seem expedient, and in particular to customers of and persons having dealings with the company, and to guarantee the performance of contracts by members of or persons having dealings with the company ;

16. To raise, or borrow or secure the payment of money in such manner and on such terms as may seem expedient, and in particular by the issue of debentures or debenture stock, charged or not charged upon the whole or any part of the property of the company, both present and future, including its uncalled capital ;

17. To draw, accept, endorse, discount, execute and issue bills of exchange, promissory notes, debentures, bills of lading and other negotiable or transferable instruments or securities ;

18. To remunerate any parties for services rendered or to be rendered in placing or assisting to place any shares of the company's capital, or any debentures, debenture stock, or other securities of the company, or in or about the formation or promotion of the company or the conduct of its business ;

19. To do all or any of the above things in any part of the world, and either as principals, agents, trustees, contractors, or otherwise, and either alone or in conjunction with others, and eitner by or through agente, sub-contractors, trustees or otherwise :

20. To distribute any of the assets of the company in specie among the members, or any class of members, or any individual members of the company :

21. To procure the company to be registered or recognised in British Columbia or elsewhere abroad ;

22. To sell, improve, manage, develop, exchange, enfranchise, lease, mortgage, dispose of, turn to account or otherwise deal with all or any part of the property and rights of the company ;

23. To do all such other things as are incidental or conducive to the attainment of the above objects, and so that the word "Company," "Syndicate," or "Association" in this clause shall be deemed to include any partnership or other body of persons, whether incorporated or not incorporated, and whether domiciled in the United Kingdom or elsewhere, and the intention is that the objects specified in each paragraph of this clause shall, unless otherwise expressed in such paragraph, be in nowise limited or restricted by reference to or inference from the terms of any other paragraph or the name of the company.

Given under my hand and seal of office at Victoria, Province of British Columbia, this 19th day of October, one thousand eight hundred and ninety-eight.

[L. S.] S. Y. WOOTTON,
114-4 Registrar of Joint Stock Companies.

CEMETERY SITE.

The public cemetery has again become a live topic in the city. It is now twelve months since the agitation for securing a more suitable cemetery site was started, but nothing has been done. The absence of any definite results arises from the fact that there was no method of procedure and no proper steps taken by those upon whom the responsibility was placed. There are several ways of securing a cemetery site. One is for a company to acquire the necessary land outside the city limits. Such a cemetery is regulated by a provincial act. The better way is for the municipal council to take charge of the matter. Under the Municipal Clauses act, the council has power to pass a by-law "to accept, purchase and hold land or real property for public cemeteries within or without the municipal limits, and to provide for the regulation of cemeteries," and also power to pass a by-law "prohibiting the burial of human bodies, excepting in such places and under such conditions as the by-law may authorize."

The position of the city to-day is that it has no burying ground. The plot used for that purpose is the property of the townsite. It was never donated to the city. If the townsite company allows its lands to be used for cemetery purposes, and any one thinks himself damaged thereby, the company is liable for damages. Under the circumstances, the Townsite company would be foolish to allow its lands to be used for that purpose.

The city should acquire its own cemetery site, either by purchase or by the grace of a public-spirited citizen. The site should not be purchased or selected until the health officer and the engineer report that the drainage therefrom does not run into Boundary creek. When the site is selected, a by-law should be passed regulating matters relating thereto. If any fraternal society desires a plot in the cemetery, it should not be a difficult matter to make terms.

The selection of a cemetery site does not appear to be a serious matter if gone about in the right way.

WAGON ROAD UP KETTLE RIVER.

A numerously-signed petition, requesting an appropriation for the construction of a wagon road up the Kettle river above Rock Creek, is being circulated for further signatures. The necessity for the road is apparent to any one acquainted with the various resources of the district through which the road will pass. There are many promising mining properties, and the fertile valleys are being taken up by settlers. The district has been retarded because of the great difficulties in getting in supplies by very poor trails. The country through which the road will pass is comparatively level, and the largest item of expense will be the construction of a bridge across the West Fork.

IMPROVEMENTS PROMISED.

The Grand Forks Miner is authority for the statement that Mr. J. O. McLeod, inspector of railway mail service, has announced that the irregularities in connection with the distribution of mails at Grand Forks would be removed if a night clerk were appointed, as one man cannot work 24 hours a day. This decision bears out the contention of THE TIMES. THE TIMES does not know who the deputy-postmaster is, but it does know that the service has been very unpopular. The fault lies in the method of appointing postmasters. In Grand Forks for instance a postmaster is appointed to look after the office. He is paid a salary and commissions. If he needs one or more clerks, he is supposed to engage and pay them. But the postmaster at Grand Forks runs a saloon and farms the office out to a youngster who is expected to do all the work. We believe all postoffices should be in direct charge of the postmasters and they ought to engage ample help to give the public a prompt and efficient service. There is no law compelling them to act as postmasters if they think the proper discharge of their office unprofitable. The postoffice department should insist upon having postmasters who could take actual charge of the office.

THREE MARRIAGES.

This week was in one respect a record breaker in Greenwood. Three marriages were celebrated at the Windsor hotel. On Saturday night Mr. Wilder, a Rock Creek farmer, and Miss Annie Kay of Sidley were united in marriage by Rev. T. Oswald. On Wednesday evening, at the same place, Mr. John Ross Way and Miss Roy were married by Mr. Oswald. Mr. Way is the engineer at the Mother Lode mine. On Thursday evening Mr. H. A. King, the Copper street stationer, and Mrs. O'Brien of Rossland, were united in marriage, Rev. Mr. Oswald being again the officiating clergyman.

Dame rumor has it that the three marriages are but the beginning of numerous similar events during the next two months.

GREENWOOD AND DISTRICT.

The Bank of Halifax has opened a branch at Grand Forks.

W. R. Megaw of Vernon was in the city for a few days this week.

Charles Stooke has opened a store at the corner of Deadwood and Copper streets.

G. A. Henderson of the Bank of Montreal spent several days in Grand Forks this week.

James Kerr leaves for Scotland about the first of the year. He will take his mother home with him.

Rev. Father Palmer will conduct the services in the Catholic church on Sunday (to-morrow) at 10:30 a. m.

A regular stage line has been established between Cascade and Brooklyn, under the management of Robt. Willis.

H. T. Wilgress, the C. P. R. right of way agent, has returned from Grand Forks and will spend several weeks in Greenwood.

There was a large attendance at the ball given by the management of the Palace hotel on Thanksgiving eve. An enjoyable evening was spent.

The Bank of Montreal has bought the Bealey Investment company's big safe and the Bealey company has purchased the Greenwood City Mercantile company's safe.

Rendell & Co. are calling for tenders for for excavating 75 x 50 feet on their lots at the corner of Copper and Greenwood streets. The firm intends erecting a large two-story block.

The city council at Grand Forks has voted $500 to Richard Armstrong, who is going east to protest against the C. P. R. locating its station two miles away from the lower town. It would be interesting to learn the council's authority for making this appropriation.

The Presbyterian Thanksgiving concert in Rendell & Co's hall was attended by an overcrowded house. A well-diversified programme was presented. The following took part: Porter's Orchestra, Mrs. Flood, Mrs. Shaw, Miss Moody, Rev. T. Oswald, J. Gully, C. Scott Galloway, Chas. Galloway, Miss Castleman and J. Mitchell.

D. C. Cameron of Walkerville, Ont., is expected in the city in a few days. He is to be the manager of the Greenwood branch of the Canadian Bank of Commerce. Mr. Cameron is an experienced and successful bank man. Mr. Morris, the manager of the Vancouver branch left for home yesterday.

Mr. Wilson, the general manager for P. Burns & Co., made a special trip through the district last week visiting all the branches of the firm. He was accompanied by J. P. Flood, their Boundary Creek manager. P. Burns & Co. have built a slaughter house at Eholt, near Rendell & Co's branch store. From this point, Niagara and all the railway camps are supplied.

The mail stages have changed their time tables. The Marcus stage stops at Cascade over night instead of at Grand Forks, consequently the mails do not reach the latter point until the forenoon. The Greenwood stage leaves here daily at 7:30 a. m. and returns at 7 o'clock in the evening. The Penticton stage leaves Greenwood every alternate day at 8 a. m. and returns at 6 p. m. the following day.

A movement is on foot to organize a band in the city. There is plenty of good material for a band. Mr. J. R. Porter, who is interested in the matter, says that if the instruments were here, twelve old bandsmen could be found to play them. It has been suggested that the instruments be purchased by private subscription and by the proceeds of concerts during the winter months. The movement is a commendable one and should be supported.

SMALL ECONOMY.

THE TIMES does not believe that the reign of economy introduced by the Semlin government is in many respects popular or in the best interests of the province. The acts of the government looking towards the curtailing of expenditure are often small and sometimes mean. To boast of these small virtues will force many to the conclusion that possibly the government will stand watching in larger and broader acts in connection with the administration of public affairs.

Our attention has been drawn to an example of how the government intend to save the province from financial ruin. For several years the legislature has been in the habit of voting small grants to resident physicians in isolated districts. It is quite possible that in some instances these grants were given for political purposes, but in the majority of cases they were well earned. The government has announced that these grants are to be cancelled on the 31st of December,—the middle of the financial year.

The decision of the government is not honest, neither can it be considered regular. The government did not pass those grants: they were voted by the legislature, and to the legislature should be left the power of taking them away. When these grants were passed they morally, if not legally, belonged to the poorly-paid and hard-working physicians for whom they were intended. To cut off those grants when they are half exhausted is not acting fairly with the medical men. Last year $300 was voted to Dr. Jakes, resident physician for Boundary Creek. This grant was secured after a hard fight by Donald Graham, M.P.P., backed up by representations from the people here. Mr. Graham cannot but have a high appreciation of his new political friends when they refuse to pay half the grant that he wrested from a hostile government and a hostile legislature.

If Hon. Mr. Semlin wishes his government to be popular, he should send his attorney-general to some institution where he could take a course in manners. He appears to be free from the amenities of life and to be laboring under the impression that all the honesty in the province is now confined within the walls of the parliament buildings. His circular to the coroners is a piece of boorish impertinence. It is quite possible that some coroners have been endeavoring to make money where inquests were unnecessary; but to tell professional men that they have been in the habit of plundering the provincial treasury was entirely uncalled for. The majority of coroners have had sufficient public enterprise to do their duty at considerable loss to themselves. If Hon. Mr. Martin expects to secure the best men in positions that are at best unprofitable, he must treat them with some respect and assume that they are a little better than thieves.

MUNICIPAL ELECTIONS.

Considerable interest is being shown in the approaching municipal elections. Nomination day is Monday, January 9th, and election day the Thursday following. There are several rumors regarding candidates for mayor and aldermen, but nothing definite can be stated until next week.

Mayor Wood has decided not to be a candidate at the next election. He has been mayor for two terms and thinks some one else ought to assume the responsibility of acting as chief magistrate for the city. His time is also fully occupied with his many private interests. While mistakes have been made during his term of office, everyone appreciates the fact that Mayor Wood did his utmost to promote the best interests of the city. He was twice elected by acclamation.

MISREPRESENTATION NO USE.

The Grand Forks Miner is foolish to expect any advantage from misrepresenting the position of the C. P. R. There are plenty of honest arguments to be advanced in favor of competitive roads, and only honest arguments will avail on Parliament hill at Ottawa. The Miner must know that the C. P. R. does not get a large land grant for building the Robson-Boundary Creek road. Before construction began the provincial legislature had offered a land grant of 20,000 acres a mile or a cash subsidy of $4,000 a mile. If one was accepted, the other was cancelled. The C. P. R. accepted the cash subsidy. This arrangement is a matter within the knowledge of most people, and the Miner is foolish to make statements at variance with the facts.

If the Miner would get rid of its old habit, it could give good service in the interests of the Corbin chaeter. Misrepresentation of the C. P. R. will only prejudice the cause the Miner is endeavoring to support.

The Imperial hotel property and the Hamill block adjoining have been purchased by J. A. Mara, ex-M. P., and a brother of F. S. Barnard. These properties were owned by John Hamill of Armstrong. F. S. Barnard had been endeavoring to secure the property for several weeks. He succeeded in closing the deal for the buyers last week. The price is not stated, but it is known to be in the neighborhood of $10,000 cash. Graham and Parry will continue to use the hotel until the lease expires, when they will probably build a large hotel at the corner of Copper and Deadwood streets.

The Commercial hotel has been purchased by Mr. Branstin from Campbell and Cameron. Mr. Branstin intends running the hotel and Hugh McKee will retire in a few weeks.

Last Saturday night over $100 worth of tobacco was stolen out of the B. C. Mercantile store, Cascade. John Doon and Flos Florence were thought to be the guilty parties and were arrested on a charge of vagrancy. They were brought before Justices Rose and Rocheson and were sentenced to six months imprisonment with a fine of $5, and in case of default of payment, twelve months.

Hats and Caps.—A fine assortment.

Groceries and Provisions.—A complete stock of Staple and Fancy Groceries. Everything first-class.

We would be pleased to have you call and Inspect our Stock.

NIAGARA.

Considerable excitement has been caused in Niagara by the news that Messrs. Mann, Foley and Larsen are going to move their headquarters from Brooklyn to Niagara. Most of their work is now completed at Brooklyn, and as Niagara is centrally located between the Summit and Cascade, hence the change.

Messrs. W. M. Law & Co. had a large consignment of rubbers and woollen goods arrive to-day, and they now carry one of the largest assorted stocks in the district.

Mr. Livingstone, of the well-known firm of Livingstone & Co., Brooklyn, was in town last Monday and purchased a lot on Main street. He has let a contract for a two-story building, 30 x 50, and intends carrying a complete line of hardware, etc.

Mr. E. White's restaurant is about completed, and he expects to be open by the early part of next week. The restaurant will be open day and night.

Messrs. Kempt & Lockhart, the well-known hotel keepers from Brooklyn, have purchased two lots and have let a contract to Messrs. Sutherland & Mattinson for a $3,000-building. The contract calls for 20 bedrooms and a barroom 25 x 60. It is the intention to have a billiard and pool table in connection wtth the bar.

Mr. P. Welch, the railroad contractor, was in town last Monday and stated to your correspondent that he expects to double the number of men now working on the line. It is estimated there will be between eight and nine hundred men actually employed near Niagara by the 15th of December.

Owing to the scarcity of teams at the sawmill, the Townsite company have purchased two four-horse teams, and still, owing to the great demand for lumber, people are complaining about the delay.

Three daily stages are now running between here and Grand Forks, and the owners are doing a rushing business.

The merchants and business men are arranging for a fancy dress ball to be held in the Niagara concert hall on Christmas Eve.

Niagara, 22nd November, 1898.

LOCAL NOTES.

The English church will give a concert on New Year's eve.

Hugh Cameron, Mayor of Camp McKinney, paid Greenwood a business visit this week.

D. Beath and Capt. Shields have pushed the contract on the Cordick. They drifted 16 feet at the 50-foot level, and were working in good ore.

The electric light plant at the Mother Lode is now working smoothly. It is the only electric plant in the district. The light will be used in the shaft and in all the buildings.

The machinery has been installed at the Brooklyn, and will be set in motion next week. Work on the property will be continued during the winter and also on the Stemwinder.

A. F. & A. M.

GREENWOOD LODGE, A. F. & A. M. Regular Communication first Thursday in every month. Sojourning brethren cordially invited.

J. C. HAAS, Secretary.
C. SCOTT GALLOWAY, W.M.

NOTICE

IS hereby given, that I will apply to the License Commissioners for the city of Greenwood, at their next sitting, for a license to sell by retail spirituous and fermented liquors on the premises known as the Ottawa House, situate on lot 3, block B, in the said city.

Dated Greenwood, 15th November, 1898.

Copper Street, Greenwood.

GREENWOOD AND DISTRICT.

The Grand Forks board of trade has been reorganized. Richard Armstrong is president.

D. W. McVicar of Kaslo is in the city looking after his mining interests in this section.

Dr. R. W. Jakes is recovering rapidly and will soon be his old self again. He was able to be up during the week.

A. Bourke is building a large two-storey hotel on the Sutherland addition. It is to be known as the Ottawa House.

The townsite of Grand Forks and several hundred acres adjoining has been purchased by a Toronto syndicate, represented by Richard Armstrong.

Mr. Wilson of the Nelson Hardware company was in the city for a few days this week. The building which his firm is to occupy will be ready about December 15.

Greenwood is well supplied with medical men, there being five in the city. The latest to open an office is Dr. Oppenheimer of Vancouver, He is a graduate of McGill university, Montreal.

Greenwood is to have a skating rink this winter. Geo. A. Guess has leased the tennis grounds and is arranging to change it into a large rink. The rink will be 150 feet in length and 70 feet wide. Good ice is guaranteed.

A. K. Stuart, collector of inland revenue, has returned from Cascade where he established a bonded warehouse for V. Monier & Co., wholesale liquor dealers at that point. Geo. C. Rose has been appointed sub-collector of inland revenue for Cascade.

Philip Haven, a railway laborer working in McDonnell's gang near the summit, was instantly killed on Friday of last week. Haven was working near a blast when it went off, and a piece of rock struck him over the heart, killing him instantly. He was a native of Newfoundland.

Mr. F. J. Finucane arrived from New Denver on Tuesday to take charge of the Greenwood branch of the Bank of Montreal. Mr. Finucane has been in the Kootenays for several years and is thoroughly acquainted with the banking business in a mining district. Mr. Henderson will return to Vernon in a few days.

D. McD. Hunter, who has received the appointment of principal of the Greenwood public school, has arrived in the city accompanied by Mrs. Hunter. He will begin teaching on December 1st. During Miss Wickham's illness and since her resignation Mrs. Flood has been in charge of the school, giving general satisfaction.

E. A. Bielenberg left for Victoria on Saturday to meet John Dunn and W. L. Steele, who were prospecting for him in the Peace River country last summer. After leaving the Peace river they succeeded in locating some rich looking claims on the coast near Skeena river. Mr. Bielenberg will probably visit these properties before he returns.

Municipal Elections for 1899.

THE following persons are entitled to vote, viz.:

FOR MAYOR:

Any person qualified to vote for Aldermen is entitled to vote for Mayor.

FOR ALDERMEN:

The following persons are entitled to vote, that is to say:

Any male or female, being a British subject, of the full age of twenty-one years, and

(a) Who is the assessed owner of lands or of improvements or the assessed occupier of land situate within the municipality; or

(b) Who is a resident of and carries on business and is the holder of a trades license in the municipality, the annual fee for which is not less than $5.00, and who has paid on or before the 1st day of November, 1898, the full license fee therefor; or

(c) Who is a householder within the municipality. A "householder" is defined as a person who holds and occupies a messuage, dwelling or tenement, or any part of a messuage, dwelling or tenement within a municipality, paying therefor a rental or rent value of not less than sixty dollars per annum.

Householders must have paid all municipal rates, taxes and license fees (exclusive of water rate or water rent) on or before the 1st day of December, 1898, to entitle them to make the declaration as mentioned below, and in order to be included in the voters' list must, on or before the 1st day of December, 1898, enter their names with the Assessor or Clerk of the municipality as voters, and make and personally deliver to the Assessor or Clerk at the same time a statutory declaration as set out in section 2, subsection 2, of the "Municipal Elections Amendment Act, 1897."

Forms of said declaration may be obtained at the office of G. B. Taylor, City Clerk.

No Chinese, Japanese or Indians are entitled to vote.

By order.

RAILWAY NOTES.

Track-laying hrs begun at the Robson end of the line. The contractors are laying 2,000 feet a day, and expect to have the track laid to the big tunnel above Brooklyn before the new year.

Last Monday was pay day. A large amount of money was distributed to the several thousand men who are at work. For a few days after pay-day Niagara and other railway towns enjoyed lively times.

It is reported that Dr. Foster has rectived instructions to remove the hospital at Cascade to Greenwood. The grading from Cascade to Grand Forks is about completed, and as work is shortly to begin in this vicinity, the necessity for a hospital is apparent.

When contracts will be let on this side of the summit has not been announced, but from all appearances the delay occasioned by the misunderstanding regarding the subsidy is about over.

The contractors at work on Summit camp are making rapid progress. The road is graded in several places. Contractors have men at work along the line from Niagara to Rendell & Co's branch store. The heaviest work is above Niagara, where Pat Walsh has a big gang at work blasting.

THE CITY COUNCIL.

The regular meeting of the city council was held on Monday evening, Mayor Wood presiding, and the following aldermen being present: Ald. Kerr, Galloway, Paton, Barrett and Phelan.

Communications relating to the water pipe were received and filed, and several small bills were ordered peid.

It was learned that the car containing the large pipe necessary for the main had not at this date left Duluth. The clerk was instructed to wire urging haste.

Mr. Naden, the treasurer, went into figures showing that both loans were exhausted when all debts contracted were paid. The rest of the work is to be carried out by means of the general fund.

Mr. Desrosier stated that he could not secure brick and asked that he be allowed to put in a double-compart-iron flue in his residence. The fire chief will look into the matter.

The board of health was instructed to report at the next meeting regard-the securing of a medical health officer.

Mr. C. Æ. Shaw was asked to send in his account to date.

Ald. Galloway gave notice to introduce an 1899 election by-law at the next meeting. The by-law will provide for the appointment of a returning officer and deputies, and the fixing of polling booths. A clause will be inserted qualifying those who have not paid rates or taxes.

E. D. Morrison, the Marcus freight rustler, was in the city this week. He reports that the freight tie-up is about broken and that a large amount of merchandise is now on the road to Greenwood.
