# BOUNDARY CREEK TIMES

A Weekly Paper published in the interests of the Boundary Creek Mining District.

Vol. III. GREENWOOD, B.C., SATURDAY, NOVEMBER 27, 1897. No. 12.

## REDISTRIBUTION.

THE importance of proper representation in the parliament of the province is our only excuse for frequently referring to the question of redistribution. During the next five years, Boundary Creek district and the whole country from Penticton to Christina Lake will play no mean part in the history of the remarkable progress which the province will make in that time. It is therefore of the utmost importance that this district should not be handicapped at the start by the lack of proper representation. There should be in the legislature a man thoroughly acquainted with the resources and possibilities of the district, who has the ability and the determination to place the needs of the district before the government and to insist that his constituency is treated with that consideration now given to less important sections of the province. To do effective work this representative should not be subject to the influences or the prejudices of a large body of constituents who are geographically separated from us and whose requirements are different from ours. In the interests of the agriculturalist living north of Penticton and the miner living south, the district ought to be divided. Mr. Graham has been a conscientious and hardworking member but he should not be called upon to attend to the requirements of a constituency which is not in all proportion to the majority of the constituencies of the province.

THE TIMES has been urging those duly qualified to get their names enrolled on the voters' list and we are pleased to note that during the last few weeks the list has increased. The figures as they now stand will surely convince the government that the district has attained sufficient importance to demand its sub-division into two single member constituencies, but by next spring those figures will be largely increased. We have been urging the people south of Penticton to keep up the work of registration until the 800 mark was reached. There are within one or two of 700 voters living south of Penticton enrolled now and by May next if the work of registration is kept up there will be not 800 but 1000. When the list was revised in August, there were only 400, odd, electors registered from south of Penticton. Since August 287 names have been placed on the list from the southern portion of East Yale.

We are sure the government has no intention of disfranchising the people of South-East Yale by refusing them a representative.

❋ ❋ ❋

## SENATORIAL REPRESENTATION.

The Grand Forks Miner is not lacking in that requirement which it claims is most essential in a politician—gall. Ignorant of Canadian politics and Canadian precedents, it gravely discusses matters regarding which it knows nothing. Were the Miner not beyond redemption we would tell it that while gall may be a requirement of a politician, discretion is a virtue in a journalist. In discussing recent appointments, the Miner confesses its ignorance, "but from those who are in a position to know it is learned that from the time British Columbia joined the federation it has been the custom that two of the FIVE senators should come from the mainland." Those who are in a position to know have been taking advantage of the Miner's ignorance. If the editor of that journal had gone to the Grand Forks schoolhouse and had sought information from the average school boy, he would have learned that the whole of British Columbia has only three senators.

The ignorant and the prejudiced are generally in the same company and consequently the Miner is found echoing the fallacious arguments of the one or two provincial journals who are nursing personal disappointments. The gravamen of the objection is that by the appointment of Mr. Templeman of Victoria to the senate, Victoria has gained another senator and the mainland has lost one. Did the mainland lose a senator when Senator McInnes removed his residence from New Westminster to Victoria? Would the mainland be without any senatorial representation if Senator Reid of Cariboo decided to retire from business and live in Victoria or Nanaimo? Because a man happens to live outside his constituency neither in law or in practice is that constituency held to be unrepresented.

❋ ❋ ❋

## THE RAILWAY SITUATION.

The game of subsidy seeking is a most intricate one. Ordinary individuals who are onlookers are at their wits' end to discover the reasons for the different moves made. They jump at conclusions and often those conclusions are erroneous. In this province the game has reached its highest stage of perfection and it is simply impossible to follow the C. P. R., the Columbia & Western, and the V., V. & E. From all appearances it is safe to presume that at the next session of the federal parliament, the Columbia & Western and the C. P. R. will lock horns for the Dominion subsidy. Where the V., V. & E. will figure it is difficult to determine but there is a strong probability that whatever influence this company possesses will be thrown to the C. P. R. The first desideratum for the people of Boundary Creek district is a railway. The resources of the country will remain unexploited so long as transportation facilities are denied. Too long has the district been the victim of the bickerings of railway promoters. The development of one of the most important mining districts of the Dominion is too serious a matter to be made subject to the schemes of interested parties. The government of the Dominion backed up by a large majority will assume a grave responsibility if they will allow private feuds to throttle the work of giving Boundary Creek railway connection.

It will be the duty of the government to determine which company is entitled to the greater consideration, which company will give the people the best service and which will give the greatest encouragement to those who are seeking to develop the district. When this determination is arrived at then no question of political expediency should be allowed to postpone decisive action.

It must be apparent to every one that while government ownership of railways may be desirable, the chances of securing it under present conditions are very remote. The needs of the district are so urgent that it would be extremely dangerous to delay matters by attempting to secure the introduction of a new system however desirable it may be. The best possible plan is for the government to adopt such legislation as will bring about the early construction of a railway and insure the people protection from burdensome freight rates. Any company anxious to obtain a subsidy necessary to enable it to construct a road will be quite willing to place itself under such regulations as will entitle the government to have proper supervision in the interests of the public.

If the government can only appreciate the importance of the district, the question of subsidy will be decided this session.

# BOUNDARY CREEK MINING & MILLING CO., LTD. LY.

THE COMPANY'S mineral claims now number 14, of which 12 adjoin and form a compact group situate in PROVIDENCE CAMP, BOUNDARY CREEK. Development work is in progress on three of these, viz. the D. A., G. A. R., and O. B. claims, each giving promise of good results.

THE COMPANY lately acquired MR. THOS. MCDONNELL'S pre-emption of 320 acres and adjacent lands, upon which are excellent mill-sites and which give access to an abundant supply of water for power purposes. Forty acres of the pre-emption have been sub-divided into town lots, and the new townsite thus established has been named

## BOUNDARY CREEK CITY,

which is most favorably situated at the junction of Boundary and Eholt creeks, and at a convenient distance from several important mining camps. These town lots are being offered at reasonable prices and upon easy terms of payment. Plans, prices and full particulars, are now obtainable at the Company's

### A Pressing Necessity.

The need of a telegraph line to connect with one of the transcontinental lines becomes more marked with the development of the district. Mining men find it necessary to keep in telegraphic communication with their principals in England, and their only means of sending despatches is by making a journey of 65 miles to Marcus or Bossburg. Several instances are known where important negotiations ended in failure for no other reason than that it was impossible to get into speedy communication with financial men in the old country. One mining man is positive that he lost during the summer for want of telegraphic communication almost enough money to build the 65 miles of line required.

Business men also feel the want of a telegraph line very keenly. Often the delay occasioned by sending orders by mail is responsible for the loss of numerous sales.

The government gives subsidies to enterprises which are of far less public importance than the telegraph line to Boundary Creek.

### An Idiotic Boundary.

Last spring we predicted that the idiotic plan of marking the boundary between Grand Forks and Kettle River mining divisions would lead to confusion and litigation. The recent jumping of a claim belonging to Messrs. Farrell and Midgeon proves that our contention was correct. This claim is somewhere near the imaginary boundary line, and Mr. W. T. Smith, Messrs. Farrell and Midgeon's representative, recorded the improvement at the recorder's office, Midway. A smart "Alec" from Grand Forks, discovering that the work of improvement had not been recorded at the Grand Forks office promptly jumped the claim. Mr. Smith is correct. The claim is in the Kettle River mining division, but when the dividing line is the summit of watershed between North Fork and Kettle river, it is an exceedingly difficult matter to determine in which division the claim is located. In fact this imaginary line cuts claims in two. Had the government conformed to the wishes of the people and made Fourth of July creek the dividing line the boundary would have been sufficiently definite to prevent any misunderstanding.

### Court of Revision.

Mr. F. McGowen of Vernon, Judge at the Court of Revision for Rock Creek district did not reach Greenwood unti Tuesday, being detained on the road. There being no appeals against Mr. Lambly's assessment, Mr. McGowen's labors here were extremely light. There were also no appeals at Midway or Osoyoos. Mr. McGowen returned on Tuesday afternoon. He was accompanied by Constable Deans of Osoyoos.

A masquerade ball will be given in the new International hotel hall on the evening of December 23rd.

# Xmas Greeting to All.

## LIBERAL PLATFORM.

Below will be found the platform adopted at the provincial Liberal Convention held at New Westminster on October 8th and 9th. Owing to the limited amount of time at the disposal of the delegates to the convention, only the different planks in the platform were there suggested. These were rounded into shape and the platform is as follows :

We denounce the Turner administration, which has justly forfeited the confidence of the people of this province by its reckless squandering of the public revenue ; its alienation of the public lands by grants to railway promoters and private speculators ( notably the grant to the Cassiar Central Railway Company ); its system of taxation; its encouragement of monopolies ; its open support of Oriental labor ; and its persistent attempts to encourage sectional jealousies between the Island and Mainland for political purposes.

And we denounce the practice of ministers of the crown making use of their official positions to promote their private interests by associating their names with mining and other speculative companies.

We advocate—:

RAILWAYS AND LAND.— (1.) The adoption of a policy directed towards ultimate ownership of railways by the government.

(2.) That public lands be reserved for actual settlement, and that such legislation be enacted as will prevent the holding of large tracts by speculators and company promoters.

(3.) That when a grant of land is made in aid of railways and other public undertakings, the government retain an equivalent interest in such undertakings by way of control of freight rates or otherwise.

(4.) That the status of existing grants of land be thoroughly investigated with a view to compelling the opening up of the same to settlement where the conditions upon which such grants have been made have not been complied with.

(5.) That the system of transfer and registration of land be simplified and made less expensive while securing absolute validity of title.

REDISTRIBUTION:— 1. A fair readjustment of the present representation on the basis of population, always allowing to sparsely populated districts a proportionately larger representation than to populous districts and cities.

(2.) The abolition of the $200 deposit required from candidates.

TAXATION:— (1. The repeal of the mortgage tax.

(2.) The repeal of miners' licenses for those working for wages in mines.

(3.) That coal mines be placed on the same footing as other mines with respect to taxation.

TIMBER:— (1.) The disposal of timber limits by open competition and in such quantities only as will meet the requirements of the trade.

(2.) The enactment of an accurate system of government scaling of logs and its rigid enforcement.

(3.) The introduction of a system of forestry for the purpose of conserving and reproducing our forests.

CHINESE:— (1.) The discouragement by all constitutional methods of the immigration and employment of Oriental laborers, and the amendment in accordance therewith of the Coal Miners' Regulation Act.

ROAD MONEY:— (1.) The abolition of the present corrupt practice of administering the public road money in the interest of government supporters.

HONESTY AND PROGRESS:— (1.) The honest management of provincial assets in the interest of the public.

(2.) The taking of active measures for the systematic exploration of the province, and the adoption of a vigorous policy of constructing trails, roads and bridges, and the encouragement of other public works in such a manner as will assist in the speedy development of the resources of the whole province.

## HODGSON—LIVINGSTONE.

Ald. S. Moulton Barrett has received particulars regarding the marriage of his partner Mr. Gerald T. Hodgson to Miss Kate Agnes Livingstone, the only child of the late Dr. William Oswell Livingstone, of St. Albans, Hertfordshire, England. The ceremony was performed in the grand old abbey at St. Albans. There was a large congregation present, the bride and bridegroom both having an extensive circle of friends and acquaintances. The bride is a grand-daughter of the famous African explorer, Dr. David Livingstone.

The Herts Advertiser contains a two column notice of the marriage. The list of wedding presents includes many from prominent people in England.

The bride was escorted to the chancel by her uncle, Mr. Frank Wilson. She was given away by her mother. Rev. Archdeacon Lawrence conducted the services. Mr. Hodgson was supported by his brother, Mr. Victor Tydston Hodgson.

Lack of space prevents us giving a description of the handsome costumes worn by the bride and bridesmaids. A reception was held in the town hall in the afternoon, and at four o'clock the happy couple left by train for London, en route for Paris, Switzerland and the Riviera.

Mr. and Mrs. Hodgson expect to reach Greenwood about M y. They will reside at the residence built by Mr. Hodgson at Midway.

## Hotel Arrivals.

The following were the arrivals at the International hotel during the week : E. Jacobs, Midway ; F. McGowen, Vernon ; J. E. Crane, New Westminster ; R. D. Deans, Osoyoos ; J. P. Harvey, Spokane ; Sidney W. Johnson, Trail ; Archie Connors, Summit ; C. E. Rueger, Skylark , S. G. Lancaster, Ironsi s ; J. M. Stephens, Ironsides ; A. K. Stuart, Midway.

## UNION IS STRENGTH.

In a short time the parliaments of the province and the Dominion will meet for transaction of business. Legislation will be introduced in both houses that will directly affect the prosperity of this district. They are in fact the arbiters of the future of Boundary Creek and adjacent districts. Parliament simply reflects public opinion and the opinion of the public most directly interested should and probably will have the greatest weight.

It is therefore of the utmost importance that the people of this district should be united in their determination to secure the carrying into effect of a policy which will be in their best interests.

It is a most discouraging fact that in political matters the residents of this district show an almost criminal carelessness. We do not mean party politics, but politics in a broader sense when independent of parties they deal with problems that have for their object the development of the country. If the people of this district cannot take sufficient interest in public matters to unite for the good of the district they cannot but expect that their interests will be sidetracked for those of others who are more diligent.

The business men of the city have established an excellent reputation in the mercantile world. By careful business habits, by meeting all demands promptly they have succeeded in convincing wholesale houses with whom they deal that they are men who can be relied upon and this itself has given the city a better standing than possibly anything else. If those same business men would direct a little of their energy to political matters they would wield no small influence in the parliaments of the country.

But to have any weight at all, there must be a union of forces. Greenwood and Boundary Creek should speak decisively as a body not half-heartedly as a disorganized many with no definite views.

There is too much legal red-tape about the organization of a Board of Trade to secure such an institution at present but it will be an easy matter to form an association that can have as much influence as a Board of Trade.

Boundary Creek has reached a crisis in its history. The next few months will tell whether its illimitable riches are going to be uncovered or whether it is to be further hampered by lack of transportation facilities. A great deal depends on the people themselves. Their united voice will have the greatest influence in securing such legislation as the importance of the district demands.

---

Mr. W. F. Tye, late chief engineer for the Columbia & Western Railway Co., is examining properties in Boundary Creek, in company with Mr. Sidney W. Johnson, of Anaconda. Both Mr. Tye and Mr. Johnson are directors of the Stratford Development Company. It is reported that Mr. Tye is now connected with the C.P.R.

## GREENWOOD AND DISTRICT.

Mr. W. S. Fletcher, the druggist, left on Wednesday on a business trip to Spokane.

Mr. Joseph L. Manly of Grand Forks and Miss Marie L. Viebrack of Grand Haven, Michigan, were married at Spokane on Tuesday last.

The sitting of the Court of Revision to adjudicate upon the assessment for the city of Greenwood will be held at 10 o'clock on Monday next, in Rendell & Co's. hall.

The Grand Forks Miner is the authority for the statement that Mr. A. C. Sutton, barrister, Grand Forks, will be a candidate in the opposition interests at the next general election.

Mr. W. T. Smith returned from Spokane early in the week and after transacting considerable business left again for Butte. It is possible that he may go to New York before returning.

Messrs. Hall and McDonald have completed a dam across the old bed of Boundary Creek for the Townsite Co. The water of Boundary Creek now runs through the new channel recently cut to straighten the stream.

John Meyers of Fourth of July creek has sold ½ interest in the Keno, Alice and Colorado to W. G. McMynn; ⅓ interest in the Carson to Mrs. F. Gray; ⅓ interest in the King Fisher and Carson to F. K. McMann.

J. J. Franklin who visited Greenwood last week has purchased interests in several properties on Christina Lake. They include half interests in Tammany, Grass Roots, Oxide, Silver Key, Lawless, Montreal Fraction and Gold Bird.

Mr. Sydney Johnson, P. L. S., returned on Tuesday from a business visit to Kootenay. He reports a renewed activity in mining circles in Kootenay. Boundary Creek is also attracting more attention among mining men.

Mr. H. Luckman, a prominent mining engineer and smelter man of Kootenay, was among the visitors to the district this week. Mr. Luckman examined several properties in Boundary Creek last spring. He is most favorably impressed with the possibilities of the district. He returned to Rossland on Wednesday but expects to be back in Greenwood next week.

Mr. R. Wood has transferred a two-third interest in the Golden Dollar to J. Douglas and J. Atwood.

Mr. J. E. Crane, of New Westminster, general agent for the Traveler's Insurance Co., paid Greenwood a visit this week.

Court Boundary I. O. F., will elect officers for the next six months at the regular meeting to be held on Thursday evening next. A large attendance is expected.

A social dance was given in Rendell & Co's. hall on Thanksgiving eve. The music was supplied by Porter's orchestra. At midnight the guests visited the Pioneer hotel dining room where they enjoyed a supper that did credit to the culinary portion of the establishment.

Mr. A. H. Harrison of the B. C. mine, Summit camp, went out to Marcus on Wednesday to cable to England. The B. C. mine is if anything improving as depth is attained. The ore dump is without exception the finest in the district, there being not a pound of waste matter among the tons of ore.

**Drawing for Musical Box will take place at the Windsor Hotel this Saturday Evening, November 27th.**

## TAX NOTICE.

**UNPAID TAXES WITHIN THE MUNICIPAL LIMITS OF THE CITIES OF**

**Greenwood and Grand Forks.**

AS PROVIDED by the "Speedy Incorporation of Towns Act, 1897," a rateable portion of the real estate taxes within the municipal limits of the cities of Grand Forks and Greenwood for the year 1897 is payable to the respective municipalities. In order that the Provincial Assessment Roll may be closed, in so far as relates to property assessed within said cities, notice is hereby given that unless all arrears of taxes due and payable on said property are paid to the undersigned at the Assessor's Office, Osoyoos, on or before the

**30th Day of November, 1897,**

the lands and property against which taxes are then unpaid will be advertised for sale in accordance with the provisions of Tax Sales under the "Assessment Act."

C. A. R. LAMBLY,
Assessor and Collector.

Government Office,
Osoyoos, 5th October, 1897. 57

PROVINCIAL SECRETARY'S OFFICE.

HIS HONOUR the Lieutenant-Governor has been pleased to make the following appointments:

12th November, 1897.

GEORGE RATCLIFFE NADEN, of the City of Greenwood, Esquire, to be an Official Member of the Boards of Licensing and Police Commissioners of the said City.

ISAAC H. HALLETT, of the City of Greenwood, Esquire, Barrister-at-Law, to be Police Magistrate of the said City.

# Greenwood City Mercantile Co.

## GENERAL MERCHANTS,

And Wholesalers of Wines, Liquors and Cigars.

COPPER STREET - - - GREENWOOD, B. C.

### Licensing Court.

As announced in another column the first sitting of the Board of Licensing Commissioners for the city of Greenwood will be held in Rendell & Co's. hall at 10 o'clock A.M., on December 8th. Five applications accompanied by the necessary petitions have been filed with the Clerk of the Court. They are the Pioneer hotel, J. W. Nelson; International hotel, E. B. Simmons; Windsor hotel, George Seymour & Co.; Commercial hotel, D. R. Campbell, and Imperial hotel, S. L. Graham. Mayor Wood, Mr. I. H. Hallett, Police Magistrate, and Mr. Geo. R. Naden, constitute the Licensing Board.

### Golden Treasure.

Mr. David Bryant, the local representative of a strong English company, has eight men at work on the Golden Treasure in West Copper camp. The company is known as the B. C. Kettle River Development Co. It was floated in England by Mr. J. E. Hooper of Calgary, who has secured several mining and real estate interests in Greenwood and Boundary Creek. Mr. Hooper intended reaching here some time ago, but in a letter to Mr. Bryant he stated that he was detained in England by business in connection with his company.

Mr. Hooper is also organizing a company for the construction of a smelter on Boundary Creek. He appreciates the fact that in order that mining may be successful in this district one of the first essentials is a smelter.

Mr. Hooper is a wealthy horseman of Calgary. For years he has been crossing the Atlantic with horses which were sold to different European governments for cavalry purposes. He will be in Greenwood within the next month. He intends to bring Mrs. Hooper and family here and make Greenwood his headquarters.

On Tuesday Mr. Bryant started to the Golden Treasure with eight pack horses laden with supplies. It will be remembered that the Golden Treasure was located by Mr. Bryant last summer and the development work already done has demonstrated that this property justifies the assertion made that it will become one of the big mines of the district.

### QUARANTINED.

J. S. Hickingbottom, veterinary surgeon of Rossland, wishes to make Greenwood as famous as Klondyke by creating a food famine. He has succeeded in tying up about 20 freight teams at Edwards Ferry and he is now enjoying the maledictions of Greenwood business men. Fortune favored the doctor in his efforts to transform Greenwood into a Yukonic city, for the supply of coal oil was exceedingly low and business men expected from 300 to 400 cases which are now tied up at Edwards Ferry. Several stores have been compelled to sell tallow candles in lieu of coal oil, and when the former is exhausted the darkness will be equal to that in the far north.

The quarantine is a peculiar piece of business. Dr. Hickingbottom visited the district about two months ago and hearing that there were cases of glanders he went to Rossland and telegraphed to Dr. McEachern, chief Veterinary Surgeon of the Dominion. Dr. McEachern clothed Dr. Hickingbottom with authority to come here and investigate and the quarantining is the result. We do not profess to know how many cases of glanders are in the district, but we are strongly of the opinion that if Dr. Hickingbottom wished to show that he was earning his money he should have quarantined every band of horses on the ranges and allowed the freighters to carry goods where they are urgently needed. Such a plan would be equally efficacious and not half so inconvenient.

The Department of Agriculture assumes a grave responsibility when it effectively places a barrier against the only means of getting goods into the district. It should see that the necessary authority to stop traffic is placed in the hands of only responsible parties.

Mr. A. Fisher of the Boundary Creek Milling & Lumber Co., paid a flying business trip to Spokane this week. He drove his own team to and from Marcus and had considerable difficulty in getting through the quarantine established for glanders. We cannot help thinking that the Department of Agriculture have acted too hastily in this matter. Such a serious step should not be taken without the advice of some one other than Dr. Hickingbottom. Dr. Christie, a graduate of the Royal College of veterinary surgeons and who has had years of successful experience in some of the largest cities in America, thinks such a haphazard quarantine uncalled for.

### Athelton Bonded.

The Athelton, owned by Mack Bros., of Spokane, has been bonded to a Spokane syndicate. The Athelton is located in Wellington camp, about a half a mile from the Golden Crown. It is reported that the bond is for $15,000, including a cash payment of 10 per cent. The balance of the payments are distributed over the year during which time the property is to be developed. Three men are already at work erecting the necessary buildings on the property and when these are completed a large force of men will be put to work.

### BONDED FOR $50,000.

Messrs. A. Cameron and D. R. Campbell returned a few days ago from Spokane where they closed a big deal with Mr. R. J. McKenzie, a son of Mr. William McKenzie, the well known capitalist and railway man. It will be remembered that Mr. R. J. McKenzie visited Greenwood about two weeks ago and negotiations were then opened for the bonding of the Enterprise, Anchor and Lakeview, in Long Lake camp. The negotiations were successfully closed in Spokane, Mr. McKenzie bonding the properties for $50,000. The bond involves no cash payment and is for one year. Work must be commenced within a month and at least four men must be kept continuously at work during the year. The Enterprise and Anchor are owned by the Greenwood Gold Mining Co., in which Messrs. Cameron and Emerson are heavy shareholders and the Lakeview is also owned by Messrs. Cameron and Emerson. Considerable development work has already been done on the property there being a 30 foot shaft on the Enterprise. The ore is exceedingly rich.

Rev. H. Irwin, of Rossland, held services in the schoolhouse on Thursday evening.

Mr. A. K. Stuart, agent for the Midway Townsite Co., has returned from the Coast.

Mr. R. Houston, until recently editor of the Victoria Daily Times, is visiting Greenwood. Mr. Houston spent two weeks in Fairview and will remain here for some time.

A shooting match and raffle were held at the International hotel on Tuesday, Wednesday and Thursday last. Some of the crack shots succeeded in carrying away turkeys for their Thanksgiving dinners.

## Court Boundary, No. 3576, I.O.F.

THE ABOVE COURT meets at Greenwood every Thursday evening. Visiting Members are cordially welcomed.

GEORGE F. MILLER,
Recording Secretary.

DUNCAN ROSS,
Chief Ranger. 45

IN THE MATTER OF THE "PLACER MINING ACT (1891) AMENDMENT ACT, 1895" (SECTION 13), AND OF THE "MINERAL ACT, 1896" (SECTION 161).

NOTICE is hereby given that His Honour the Lieutenant-Governor in Council has been pleased to repeal the regulation of the 11th day of December, 1896, with regard to relief against forfeiture owing to the lapse of a Free Miner's Certificate heretofore in force, and to make the following regulation in respect thereof, such repeal and new regulation to take effect on the

**15th Day of November, 1897:**

Any person or joint stock company, being the holder of any mining property, desiring relief against the forfeiture of his or its interest in such property by reason of an omission to obtain a new free miner's certificate on or before the day following the expiration of the certificate, shall observe the following conditions:

1.—Forthwith upon ascertaining the expiry of his certificate, obtain a new one;

2.—At the time of obtaining such new certificate, file with the Recorder issuing the same, and post in the Record Office, a notice of his intention to apply for relief;

3.—Within 30 days from such filing, transmit to the Minister of Mines the following documents and fee:

(a) A statutory declaration setting forth the circumstances of such omission, with full particulars of the mining properties held by the applicant which would be affected with forfeiture;

(b) A certificate under the hand of the Gold Commissioner or Mining Recorder of each division wherein any of the said properties is situate, that notice has been posted, and that no records (other than those mentioned in the said certificate, if any) adverse to the applicant's interest in the said properties have been made by him during the time in which the said applicant was not in possession of a valid existing free miner's certificate;

(c) A declaration by the applicant, or his agent duly cognizant of the location on the ground of the applicant's properties, and the other facts affecting the case, that he has searched the records of claims recorded during the interval the applicant was in default, and that such claims do not (except as may be therein stated) conflict with or overlap any of the properties of the applicant;

(d) The sum of five dollars.

The Minister of Mines may thereupon give instructions for the alteration of the date of the applicant's free miner's certificate so as to conform with the date of the expiration of the lapsed certificate, and may also give instructions for such amendment to be made to the records affected as may be considered requisite, and any such relief may be partial as to properties in respect whereof relief is given, or so as to save adverse rights acquired during default of the applicant.

JAMES BAKER,
Provincial Secretary and Minister of Mines.
63-2

## Municipal Elections for 1898.

THE following persons are entitled to vote, viz.:

**FOR MAYOR:**

Any person qualified to vote for Aldermen is entitled to vote for Mayor.

**FOR ALDERMEN:**

The following persons are entitled to vote, that is to say:

Any male or female, being a British subject, of the full age of twenty-one years, and

(a) Who is the assessed owner of lands or of improvements or the assessed occupier of land situate within the municipality; or

(b) Who is a resident of and carries on business and is the holder of a trades license in the municipality, the annual fee for which is not less than $5.00 and who has paid on or before the 1st day of November, 1897, the full license fee therefor; or

(c) Who is a householder within the municipality. A "householder" is defined as a person who holds and occupies a messuage, dwelling or tenement, or any part of a messuage, dwelling or tenement within a municipality, paying therefor a rental or rent value of not less than sixty dollars per annum.

Householders must have paid all municipal rates, taxes and license fees (exclusive of water rate or water rent) on or before the 1st day of December, 1897, to entitle them to make the declaration as mentioned below, and in order to be included in the voters' list must, on or before the 1st day of December, 1897, enter their names with the Assessor or Clerk of the municipality as a voter, and make and personally deliver to the Assessor or Clerk at the same time a statutory declaration as set out in section 2, subsection 2, of the "Municipal Elections Amendment Act, 1897."

Forms of said declaration may be obtained at the office of Duncan Ross, City Clerk.

No Chinese, Japanese, or Indians are entitled to vote.

By order.

Owns the "Golden Crown" mineral claim, situated in Wellington camp, Yale District, B.C.

### Mr. Stephren Taylor.

When Mr. Stephen Taylor left Greenwood some three months ago he promised that he would lose no opportunity to draw attention to the mineral riches of Boundary Creek. That he is carrying out this promise is evidenced by the following article which appeared in the "News," published at Barrow-in-Furness where Mr. Taylor has a large drug store. The "News" states:

"Mr. S. Taylor, of Barrow, who has recently returned from British Columbia, has brought with him a most interesting collection of products which he is exhibiting in his shop window in the Dalton-road. Mr. Taylor has spent a great part of the present year at Greenwood, in a newly developing gold district, in which there are at present over two thousand claims, showing strong evidences of minerals of almost every kind in great abundance. He had obtained specimens of gold ore from a large number of different mines of the Boundary Creek Mining and Milling Company; from the "Golden Crown," in Wellington Camp, from the "Jewel," in Long Lake Camp, from the "Last Chance," "Non-such and Republic," in Smith's Camp; with samples from the "Anaconda," the "Golconda," "War Eagle," "Le Roi, Calumet, Winnipeg;" "Silver Queen" and "Bon Diable," at Vernon. The collection contains pure gold (placer gold), both dust and nuggets, milling ore and smelting ore, together with the complete furs of the bear, mountain lion, the lynx, mountain goat, deer, martin, muskrat, fisher, mink, beaver, cariboo, otter, etc., and quite a number of humming birds, buffalo horns, and bear's teeth. Amongst numerous curios there are an Indian peace pipe, stone spear heads, stone arrow heads, specimens of Indian needle work, and snow over shoes, with photos of Indians, cowboys, log cabins, trees, mountain, lake, and prairie scenery, mines, mining, etc. The exhibits have proved a great attraction to thousands of the people of Barrow, many of whom have relations and friends in this richly opening up district, stretching inland from Vancouver 200 or 300 miles, and bordering on the United States."

L. V. Cuppage, superintendent of roads, returned from Grand Forks on Saturday. He is making a tour of the district so as to be in a position to inform the government of its requirements.

The Greenwood public school was closed during the week, owing to the illness of the principal, Miss Thornber.
