New Blouse Cloths.
New Vestings.
New Matting cloth ..... 50 cts. yd.

Call and see the new goods for Spring and Summer, at new prices.

RENDELL & CO.

ONE MORE MINING DEAL

The Bruce Group of Five Claims Bonded.

LOCATED IN GRAHAM'S CAMP

Only A Few Miles Southwest of Greenwood.

This week the TIMES is pleased to record another deal in mining property of importance. Not only important because of the value of the claims involved in the bond, but because of the fact that Frederick Keffer, general manager of the B. C. Copper company, and J. E. McAllister, superintendent of the company's smelter here, are the parties named as having bonded the property, the assumption being that the transaction is in the interest of the strong mining company they represent.

The deal includes five claims, known as the Bruce group, in Graham's camp, six or seven miles southwest of Greenwood, the Bruce, Jubilee, Pride of Perth, Northumbrian and Durham. The bond was given by J. C. Haas, Sydney M. Johnson and associate owners. The amount of the bond is not stated by the principals in the deal, but is said to be between $50,000 and $75 000.

Something like $3000 worth of work has already been done on the group, principally on the Bruce claim, which has a 200-foot tunnel, some open cuts, and the ledge has been stripped for a considerable distance.

According to the terms of the bond, work on the group must commence before the 22nd of this month and proceed continuously during the life of the bond, or eighteen months.

The character of the ore is said to rank among the highest grades of copper ore properties in the Boundary, and also carries some gold and silver.

The Bruce group was staked in 1894 by A. Symons and J. Wallace who allowed their reeords to lapse, and was afterwards restaked in 1895 by Mr. Haas.

This deal was put through by G. R. Naden, manager of the Bealey Investment company.

Chief of Police Receives Additional Instructions.

The Chief of Police of Greenwood has been served with the following letter of instructions, signed by the new police commissioners, Sutherland and Parker:

THE CHIEF OF POLICE,
Greenwood, B. C.

SIR:—

You are hereby instructed to carry out the provisions of section 7, chapter 124 of the R. S. of B. C., as to closing all places where liquor is disposed of by wholesale or retail between the hours of eleven o'clock Saturday night and one o'c ock Monday morning. Also section 3 of the Liquor Traffic Regulations Act, Amendment Act, 1899, as to gambling for money or for checks or other devices that represent money.

Yours truly

JAMES SUTHERLAND, F. H. PARKER, } Police Commissioners.

A. J. Burnside Gone to Skagit.

A. M. Andrews, from the Bank of Commerce, Kamloops, arrived in town Wednesday. Mr. Andrews comes to fill the vacancy in the Bank of Commerce here, resulting in the transfer of teller A. J. Burnside from the local bank to a like position at Skagit, Alaska. Mr. Burnside has been a faithful official of the local institution for nearly two years, and had made a lost of friends who regret his departure today for his new field of labor.

Liberal discunts on all winter underwear at Hunter-Kendrick's.

CONSERVATIVES MEET.

Martin Burrell, Their Nominee For Yale-Cariboo, Hands the Party a Few Bouquets—Nominate Assoiation Officers For Campaign.

Wednesday evening Greenwood Conservatives assembled in the Board of Trade rooms in the Windsor hotel to place themselves on an organized foundation for the coming Dominion contest. The gathering was held under the auspices of the local Conservative association, one of the purposes of which was to officer the organization for the campaign, and another was to listen to an address by Mr. Burrell, who is sizing up the situation now and then by a sortie from his own town into neghboring sections. The election of officers resulted as follows: Dr. Spankie having declined to act further as the actual president of the association, owing to pressure of professional duties, was elected honorary president; Sydney M. Johnson was chosen president; W. B. Fleming, vice-president; E. G. Warren, secretary.

An executive committee consisting of five was made up as follows: Arthur Rendell, John S. Coles, F. M. Elkins, J. P. Myers-Gray and Phil McDonald.

A resolution expressive of regret for the retirement of Dr. Spankie from the presidency of the association, and also eulogistic of the valuable services he had rendered it as its former executive head, was heartily adopted.

The question of holding a public meeting was discussed, but it was thought better to defer such until the return of Mr. Ross, who will contest Yale-Cariboo riding with Mr. Burrell, as the Liberal nominee.

Mr. Burrell's remarks were listened to with interest and appreciation, and he was enthusiastically endorsed as the party's nominee for Yale-Cariboo.

Mr. Burrell left Tuesday for a trip to Rock Creek and Anarchist mountain, to round up those of his political faith and cheer them with some of his well known eloquency of speech.

Panther Ate His Dog.

Last week A. Castleman of Boundary Falls had an experience with a panther, which he does not care to repeat, although, fortunately, no one was hurt but the panther and Mr. Castleman's pet dog, which were both killed. Mr. Castleman went to the stable in the morning to feed his horses, and upon opening the door saw what he supposed to be a dog partly hidden in some hay. He reached down to touch the dog when the animal, which proved to be a huge panther, sprang out and ran down a little gulch a short distance away. Mr. Castleman in company with his son, James, both armed with rifles went in pursuit and after firing several shots, all of which took effect, they succeeded in killing the panther. It was afterwards found that the animal was taking a breakfast off Mr. Castleman's dog when he was discovered beneath the hay in the stable.—Midway Dispatch.

A B. C. LUMBER CO. IN TROUBLE.

Composed of Americans Who Would Evade Stumpage Tax.

John Murray of Vancouver, forest ranger for the provincial government, has seized logs, lumber and a logging camp outfit, valued at $30,000, and has tied up a sawmill at Sidney, B. C., all because the American owners of the same are alleged to have evaded payment of the government tax of 50 cents per thousand feet cut. The unpaid tax due the government is estimated at $2000. The confiscated logs measure a million feet and the lumber in the millyard aggregates 800,000 feet and was ready for shipment to Puget sound. The company owning the logs, lumber and mill is composed of stockholders residing in Tacoma, Seattle and Blain.

To-night, hockey match between the Greenwood seniors and Phoenix seniors at skating rink.

TO BOND THE HELEN

Claim Adjoins Anaconda Townsite.

HAS A THIRTY FOOT SHAFT

Deal Will Go Through and Work to Commence 1st April.

The Helen claim, adjoining Anaconda townsite, on which considerable work has been done, but which has been idle for some time, is about to resume work, or at least by the first of next month. It is understood that the company owning the Helen group, composed largely of local people, is negotiating with outside parties who desire to bond the property. In fact it is stated that the deal has been closed, with the exception of the signatures of the principals who are seeking the bond, who only await the reeurn of their representative from Greenwood.

Warren Cup Won by J. S. Birnie

A great game was the final match in the Warren Cup competition played Tuesday evening between the rink skipped by J. S. Birnie and that skipped by J. A. Russell. The game was in doubt until the last end, first one being in the lead and then the other but the Birnie rink won out by a margin of 5 points. The rinks were made up as follows:

Jas. McCreath, Sr.,	H. H. Madden
W. F. Smith	W. S. Keith
W. Cookson	A. M. Whiteside
J. S. Birnie, skip—17	J. A. Russell, skip—12

A large number of spectators were present, the ladies being in the majority. At the conclusion of the game hearty cheers were given for both victor and vanquised. Coffee and cake were then served in the club room and all joined in making a good time. As prizes with the cup Mr. Birnie has donated four gold charms, emblematic of curling, and Messrs. Coles & Frith four boxes cigars.

The points games are being played this week and are to be finished Monday evening. Mr. T. B. Winnett has very generously donated a handsomly mounted deer head as a prize in this event.

Rinks have been drawn for the married vs. single matches. These games are to commence Tuesday evening.

CURLING RINK ECHOES

Tee length.. "Canny" Draw....On the broom, Sir... Wick in....Must h've caught a straw ...Bring her over the wire.... You're a Curler .Oh I'm narrow..... Sweep h-a-r-d... See it.. Nicely put away ....Be up....Well laid down....I can't curl on tnat ice. ..She falls away on this end ....(Whoa! Yagh! Hey! Whoo!)....A-ll the way hard....Well swept....We'll get 'er next time....She never borrowed a bit ....Blame the straws....Bring her in the house boys, she looks good to me.... You're a curler, Mc... That's curling.... Take it by the handle....It's a pig ....More ice... Right on the button....Alright sir—(stone a yard astray)....Thank you! Thank you!... Well curled, sir....Up brooms....Hard luck, old man....Get'er over....Stick to it.. Let'er borrow—now bring her ..She's a dandy....Up, UP UP, UP BROOMS, (d—)....Hold your hand....Come on with her....See that stone—its from Phoenix, take it out.... Don't be long....Get her past the guard.

Ore Ready to Ship.

The Frement claim is being worked by the owners, Galloway and Robison, who report it as looking well, and that they have a few tons of ore ready to ship. The Fremont is located just southeast of the Providence, the noted high grade property.

WANTED.—Cook Stoves and Furniture at Clint's, opposite Pacific Hotel.

A "Chum" Government.

The Slocan Drill, edited and owned by a Conservative, says that the Jolly-McBride government overlooks Conservatives in making appointments in Slocan riding. The Drill labors under the delusion that British Columbia has a Conservative government. It has not. It has a government made up of "chums" who belong to the same fraternal societies. They recognize no obligations to party. They receive high office from a Liberal, and they are kept in office by two Socialists and a Labor man from Slocan. They could not remain in office a day through the votes of Conservatives. Imagine "Bob" Green appointing a Conservative to office in order to strengthen the Conservative party! Imagine "Dick" McBride appointing a Conservative to office! "Charles" Wilson does not know what the word Conservative means! Captain Tatlow is from the North of Ireland! Fred Fulton of Kamloops is a Conservative; but then he is only president of the council! No; British Columbia has at present a government made up of non-descripts, kept in office by a combination of Conservatives, Liberals, Socialists and Laborites. It represents no political principles; it has no policy; it is merely a small band of chums with but one idea. The one idea is, if we lose office we are nobodies.—Nelson Tribune.

It Still Lives.

The Provincial Mining Association, notwithstanding some internal difficulties and the withdrawal of some branches, held a very enthusiastic meeting at Victoria on the 25th ult.

A committee from the association waited on the government and asked for an outline of modifications they proposed to the two per cent tax and the government in reply thanked the committee and said they would be glad of suggestions for an alternative to the tax mentioned.

The convention also passed a resolution urging the Dominion government to appoint a minister of mines from the Pacific coast. Senator Templeman's name was mentioned in connection with the matter.

Another resolution urged the government to issue crown grants for mineral claims within fifteen days after application had been made for the same.

Another resolution asked that passenger steamers be allowed to carry explosives under proper restrictions.

Messrs. Keen and Hobson were re-elected president and vice-president respectively, amid great enthusiasm, and Rowland Machin resident vice-president, vice D. W. Higgins.

The electoral district representatives on the executive were elected as follows: Atlin, J. H. Brownlee; Cariboo, John Hopp; Cowichan, P. J. Pearson; Grand Forks, George W. Rumberger; Nelson, Leslie Hill; Rossland, E. B. Kirby; Revelstoke, M. Brown; Vancouver, R. P. McLennan; Victoria, E. Dewdney; Yale, A. E. Howse, D. W. Moore.

PURE MILK AND CREAM

Delivered Daily to any part of the city.

City Council.

The city council held a regular meeting Monday evening, the 29th ult. There were present Mayor Naden and Aldermen Bunting, Parker, Caulfield and McNeil.

Communications were read by the clerk from Crane & Co., which was referred to the city engineer; from the Provincial Secretary re appointment of local commissioners, which was filed; and from Auditor Hodges, asking for leave of absence for three months.

Major Van Buskirk who had come here to assist in investgating matters relative to the city's proposed new water system, addressed the council, giving it an outline of his report, which was not yet ready in detail, but which he promised for the next meeting of the council.

The usual annual petition re enforcement of statutes bearing on sale of liquor and gambling was referred to the license commission.

A committee consisting of Mayor Naden, Aldermen Caulfield and Parker was appointed to proceed to Anaconda and interview the citizens of that place in the matter of water supply.

Liberal Leader Speaks.

The leader of the Liberals in the local legislature, Mr. Macdonald, was interviewed by the Rossland Miner on his return from Victoria and has the following to say on the premier's railway programme: "Of the McBride railway policy, the premier had promised one before the election and had reiterated the pledge in the speech from the throne. He also promised on two or three other occasions to declare himself on this important subject before the Christmas recess. Nothing, however was done until after recess, when, after repeated questionings from the opposition, he promised a definite pronouncement before prorogation. Everybody knows that the legislature was prorogued without either the house or the country being satisfied in any single particular. We are no wiser than we were six months ago. The result of such tactics is obvious. These uncalled for and preposterous delays are retarding the development of the country to a very serious extent, and evidence is not wanting of no little dissatifaction, even among McBride's supporters in the house."

FRASER STILL HAS FAITH

That McBride Will Give Aid to Railways Up North Fork.

Grand Forks, B. C., March 1.—It is stated on good authority that the Kettle Valley Railway has ordered its surveyors to make immediate prepartions to complete a survey of the North Fork branch, which will commence at this city and terminate at the Franklin camp, 50 miles up the north fork of the Kettle river. It was given out a short time ago that the company was prepared to go ahead with this branch as soon as provincial aid was guaranteed, and although the government did not formulate a railway policy at the last session, yet it is pretty well understood that the Kettle Valley company has the assurance from the McBride government that the promised aid will be granted. George A. Fraser, M. L. A., who has just returned from the session recently closed, says there is no reason why the company should not be at work on the road in 30 days.

This is taken to indicate that the question of provincial aid is practically settled.

Wanted Surveys.

Scarcely a day passes that does not bring with it an enquiry regarding the climate, land available for settlement and other information respecting this district. Many of these enquiries are addressed to this office, and to each every available scrap of printed information is sent together with additial written response to special questions. A large proportion of these seekers after information are very anxious to know all that can be told them of the valley of the North Thompson and its resources.

It seems an absurdity that, taking into consideration the enormous civil service pay lists and the large sums spent annually in government surveys, none of the goverment officials or departments are capable of supplying the information these people want.

Nor is this state of affairs confined to the Kamloops district. The same conditions exists in Okanagan, Similkameen and other parts of the province; it is odd that they should obtain in those parts of British Columbia best adapted to fruit growing, agriculture and stock raising. These are the industries that will give our province stable prosperity and yet, beyond mere generalities, there is no Government official to whom intending settlers can turn for definite information with any hope of getting it.

One of these days the province may be blessed with a government that will see the wisdom of surveying and mapping its lands suitable for settlement and make an honest effort to fill up our fertile valleys with industrious farmers, the backbone of a country. At the present time we can but express regret, and not for the first time, that the best interest of the province are not considered by the men who are now and have been in the past entrusted with the administration of public business. Systematic settlement and development of the large areas of the province will never be possible until proper surveys are made and governmental officials at all points provided with maps and data for the use of enquirers for land.—Inland Sentinel.

An Attack of Pneumonia Warded off

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Prendergast, merchant, Annato Bay, Jamaica, West India Islands. The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. For sale by J. L. White Greenwood and A. F. Thomas Midway.

Sore and swollen joints, sharp, shooting pains, torturing muscles, no rest, no sleep—that means rheumatism. It is a stubborn disease to fight, but Chamberlain's Pain Balm has conquered it thousands of times. One application gives relief. Try it. J. L. White Greenwood and A. F. Thomas Midway, sell it.

NOTICE

NOTICE IS HEREBY GIVEN THAT APplication will be made to the Legislative Assembly of the Province of British Columbia at the present session thereof by the Granby Consolidated Mining, Smelting and Power Company, Limited, for an act to amend the said company's special act of incorporation being chapter 75 of the acts of the said Legislative Assembly, 1901, so as to empower the said company to drive or construct a tunnel or tunnels under, through or in the mountain on which the mines of the said company at Phoenix, in the Greenwood Mining Division of Yale district, are located. The portal or portals of said tunnel or tunnels to be at some point or points on the side or base of said mountain to be selected by said company from which point or points the said tunnel or tunnels may be driven or constructed through any crown lands or any occupied or unoccupied lands, pre-emptions or mineral claims of any person or persons, company or companies situate on or in said mountain, to and into the mines or mineral claims of said company; with power to construct, equip and operate a line or lines of tramway in said tunnel and to transport ore and other freight thereover; with liberty to enter into agreements with the owners of mineral claims or mines through which such tunnel or tunnels may be driven, for the transportation of their ore or other freight for hire, and with the further power to acquire by purchase expropriation or otherwise that portion of the lands through which such tunnel or tunnels shall be driven as shall be actually occupied by such tunnel and required to protect from injury the walls, roof and floor thereof; and further to acquire by purchase, expropriation or otherwise such lands adjacent to or in the neighborhood of the portal or portals of such tunnel or tunnels as said company may deem requisite for the erection, equipment and operation thereon of works for the milling, smelting, refining or otherwise reducing or treating ores or minerals, and for the purpose of providing dumping grounds for the waste rock, tailings, slags, or other waste materials resulting from the company's operations, and also such lands or other property and rights as may be injuriously affected by the company's undertaking and works.

FRIDAY, MARCH 4, 1904

Some of our citizens who find themselves overstocked with merchandise or realty, chafe under the, to them, slow progress of the community, while the fact is that, taken as a whole, and this section in particular, the Boundary never enjoyed a more substantial growth and better promise for the future than at present. This promise for the future is not based on hot air either. It is based on the expenditure of large sums of money in the past four or five years to prove the ore deposits and make mines out of undeveloped prospects. This development work and its results has laid a foundation for the building of a great and wealthy commonwealth in the Boundary. Of course in the rush of the boom many men acted under the influence of a stimulus that led them into many excesses, from which they are today suffering, but the day is near at hand when the demand for their surplus realty and wares will lift them out of the slough of despond, as it were, through which they have been struggling for the past three years. So with the prospectors and claim holders who have almost swamped themselves doing assessment work and paying government fees. Their time is coming too, and that soon.

The reader may say "hot air," "where is the writer's bright star of hope?" Everyone may see it, who will stop to look. What are the investors who have demonstrated their faith in the country by their works doing? Are they not enlarging their plans all the time? Are they not bonding claim after claim? Are they not consolidating and fortifying themselves? When the Montreal & Boston Copper company and the Dominion Copper company have completed their plans of consolidation; when the Snowshoe company and the B. C. Copper company have done likewise; when the V., V. & E. railway branch is completed, as it be will this coming summer, thus bringing to the front many valuable mining prospects now inaccessible; when the Granby company erects another 8-furnace smelter plant, as Mr. Graves says his company will, and when it begins that long bore for which it has secured permission from the government, then the Boundary will be full of "I told you so's," but who have in the past ridiculed their local papers for their efforts to encourage their patrons by continually looking on the bright side of conditions, though suffering more than any other institution from lack of deserved support.

The Republican papers, over the high fence to the south, are wasting much time and space in an effort to bury Wm. J. Bryan, who has been politically in a comatose condition for a long time; but many of these journals have a fear that he may recover consciousness again and give them a pain. They had better pay less attention to Mr. Bryan's case and keep their eyes on W. R. Hearst. Billy's mama is in possession of more than a modicum of this world's goods, and her beloved son, who also has a goodly bank account, can draw on the old lady for anywhere from one to ten millions, and she promises to call every million the trusts put up for Roosevelt.

There is a war on in Grand Forks that puts the disturbances in the far east in the shade, so far as that town is concerned. And its all about the manner in which the city's financial statement for the past fiscal year was made up. The person who has heretofore audited the city's accounts didn't get the job this year, hence he is roasting the fellow who was employed to do this work, and has succeeded in making some of the tapayers who don't pay any taxes think there's a nigger in the woodpile. The local newspapers are quite important factors in the case, too.

Geo. A. Fraser, it is alleged, has given his constituents, who are clamoring for coal and oil licenses, a written pledge by McBride that they will be issued May 1st. George has also promised that the North Fork railway scheme will receive a bonus boost in the "good old summer time." Stay with it George. Don't let your stock of promises run down, if you would go higher in the political way. If your constituents become restless and do not thrieve on promises, try the doctrine of Christian Science on them.

The annual report of J. S. Martin, secretary of the Phoenix General Hospital, makes a good showing and pleasing reading to the enterprising citizens of that place who so generously and persistently labor for the maitenance of so worthy and beneficial an institution. Besides paying its running expenses it has made improvements costing $1400 which are all paid for. One hundred and forty patients were treated at the hospital during the past year.

An immigrant to the United States once asked a friend why the Northern people answer "I guess so," and those of the South say "I reckon so." The answer was because the people of the North could guess better than those of the South could reckon. The Phoenix Pioneer estimates, which is equivalent to a guess, that 1,300 men are employed in the Boundary mining industry, and that this small army requires a pay roll of $140,000 per month, or $1,600,000 annually.

The following from an exchange will prove a help to many who are trying to keep informed on the Japanese-Russian embrolio: Readers of the war news need not be troubled in trying to pronounce Russian names. Any old name that ends with "ski" will do; for instance, Bullybluffski, Killajewski or Skinnafinnski. It remains to be seen if Scalpajapski will ever become an appropriate name.

From the showing the Crow's Nest Pass Coal Co. ought to deal liberally with the men who get out the coal and place it on the market. The last annual report rendered recently shows that the net profits for the year are $310,492.28. Four quarterly dividends were paid of 2½ per cent.

Several ranchers down on Fourth of July creek are in luck. The V. V. & E. railway, in order to get right-of-way without delay, have surveyed the pre-emption claims for the claimants, in order that crown grants may be obtained.

It is reported that the C. P. R. is to expend $50,000 this coming summer at Calgary for a new station and general offices, and $10,000 at Medicine Hat for a new station building.

It is believed that the recent reduction of ore hauling rates by the C. P. R. will result approximately in a saving to the mining industry of the Boundary of $75,000 annually.

The Dominion Parliament reconvenes on the 10th instant.

GRANBY SMELTER.

General Manager Graves Says it Will Be Much Enlarged.

Spokane, March 1.—"We are working on plans for an eight furnace addition to the Granby smelter at Grand Forks, B. C., which would increase its capacity from 2100 tons to 4800 tons a day," said Jay P. Graves, general manager of the Granby Consolidated company, yesterday.

"H. N. Galer, assistant manager, has completed the survey and is working on the plans. I shall submit the plans to the directors of the Granby company on my return trip, and they will decide on carrying them out. It was at first planned to make the addition a six furnace plant, duplicating the present smelter, but we are now figuring on an increase of 33 1-3 per cent over that plan."

Nelson and Greenwood

Editor Times: Dear sir—It would perhaps not be out of place for the citizens of Greenwood to have an opportunity of reading the comments of a citizen of Nelson on a live question which is apparently causing some trouble in that city. It seems to the writer that there is something in common between the condition of affairs in both cities.

If you will kindly publish the enclosed clipping from the Nelson Tribune of the 27th ult., you will confer a favor on, Yours truly,

A CITIZEN.

"Is Nelson to be ruled by two hotelkeepers on Vernon street and a wholesale liquor dealer who has tried to use the board of license commissioners as a bad-debt collecting agency? These two hotelkeepers have made between $30,000 and $40,000 in four years selling liquor to workingmen, and since they have acquired their thousands have become arrogant and swelled up. One of them wanted to be made alderman at the last election; the other wanted to be made mayor. Because their wants were over looked, they did, as they had done on former occasions, 'knifed' the man they professed to be supporting. The wholesale liquor dealer is not satisfied with carrying on business as a wholesaler, but he must have retail liquor places as well. He also has political aspirations, and imagines they can be realized if only he can control the saloons in Nelson. The board of license commissioners at its last sitting refused to renew two saloon licenses, and two members of the board have been subjected to no end of personal abuse by the two political hotelkeepers and their friends. The action of the board is in the right direction and in the public interest and it will stand, notwithstanding the fact that the new license board, mere creatures of the two Vernon street hotelkeepers, say they will ignore the action of last year's board. Since Nelson's incorporation, the hotelkeepers and saloonmen who are respectable and fair-dealing business men have endeavored to keep the wide-open disreputable element within bounds, knowing that if the business of liquor selling was not conducted within reasonable limits, the time would surely come when the religious eastern Canadian element would get control of the municipal offices, and the town would then be changed from a most liberal one to a paradise for narrow-minded and intollerent bigots. In order to safeguard the town from the rule of bigots, the wideopen, law-defying saloon and hotel element must be suppressed, and the board of license commissioners last year made a start in that direction. The good work must be kept up. Any town allowing its decent business men to be boycotted and crushed by a half dozen vicious liquor dealers will soon become a byeword of reproach."

Just arrived, a choice assortment of candies. Chocolates a specialty, at Galloway Bros.

Story Discharged.

H. W. Storey, ex-night operator at the C. P. R. depot, who was arrested recently at Spokane on a charge of stealing clothing from the local offices of the Dominion express company is free.

His preliminary hearing was fixed for Wednesday afternoon before Police Magistrate Cochrane. At the appointed hour Provincial Constable Dinsmore announced that the crown had no evidence against the accused who had been out on bail. E. Miller, counsel for the defense, then moved for the discharge of Storey. The application was granted. Storey subsequently paid various bills before taking the train for the south. On his behalf it may be stated that he gave the C.P.R. the usual notice before leaving its service and that he gave instructions as to the disposal of his unpaid salary.—Grand Forks Gazette.

The auction sale of the stock of H. A. King & Co., has been in progress with more or less success today, under the persuasive eloquence of Auctioneer Sampson.

C. A. DesBrisay, V., V. & E. right-of-way agent was in town today. His presence always renews hope that the Great Northern people mean business, the truth of which is soon to be demonstrated by actual grade building on the Phoenix branch.

It is said that the changes proposed in the Grand Trunk Pacific contract are acceptable to the London stockholders, and that both the government and the company will begin work as so as possible.

H. A. Sheads has been appointed chief of police in Grand Forks. The mayor's economical Hammer does not seem to have knocked out many bills of expense by a reduction of the number of salaried officials.

Word comes from Grand Forks that the city has tired of traveling in the paths of virtue, and that after the 15th instant its gates will stand ajar for the welcome of tinhorns, machine gambling, etc.

There was an important case before Police Judge Hallett today, but in the interest of justice and the punishment of the guilty, his honor requested the reporter to refrain from a mention of facts in detail in the columns of The Times. It is not admitted generally by courts and officers of the law, but it is a fact, nevertheless, that there is no other agency so potent in the uncovering of crime, and the bringing of criminals to justice as that of the publicity of the press.

Thursday the 11 months old child of Mr. and Mrs. King Rees, while supporting itself by a chair, fell backward, striking its head violently on the floor, which rendered the child unconscous and in which condition it remained for several hours. Dr. Spankie was called to attend the unfortunate little one. After a time it regained consciousness, and today is said to be enjoying itself as usual. This is said to be the fourth time the child has met with a similiar accident with similar results.

Conservatives Issue a Challenge.

The Conservative curlers wish to meet two Liberal rinks at the curling rink any night after the married vs single competition. The total points of the two games to decide the contest of the coming elections. Now what do you say Mr. Liberal ?

Positively no Socialists will be allowed to enter. A CONSERVATIVE.

Will the Licenses Now Be Issued ?

Word comes from Ottawa that the Dominion government will not interfere with the action of the B. C. legislature in withholding from the C. P. R. the famous blocks in southeast Kootenay designated as 4593 and 4594. This removes the last excuse of the McBride government for further delay in the issuance of the coal and oil licenses applied for in those blocks.

The officers of the Liberal association recently formed at Malakwa, are: Hon. President, H. Bostock; President, J. H. Wolsey; Vice-president, E. R. B. Baynes, and F. R. Reid, Sec'y-Treasurer.

The regular monthly meeting of the Curling Rink Club will be held in the club room at rink Monday evening.

The final game of the season between the Greenwood and Phoenix came of at the local rink last night, and resulted in a score of 8 to 3 in favor of the home team.

The hockey match last night between Rossland and Nelson at the Rossland rink resulted in Nelson winning by a score of 2 to 1.

Notice to Creditors.

In the Matter of the Winding Up Act and Ameding Acts; and IN THE MATTER of The Boundary and Beaverton Mining Company, Limited, Non-Personal Liability.

THE Creditors of the above named company are required, on or before the 5th day of April, 1904, to send their names and addresses and the particulars of their debts or claims and the names and addresses of their Solicitors, if any, to William Curtis Sampson, of The Board of Trade Building, Victoria, the Official Liquidator of the said company, and if so required by notice in writing from the said Official Liquidator are by their solicitors to come in and prove their said debts or claims at the Chamber Court in the Court House, Bastion Square, Victoria, at such time as shall be specified in such notice, in default thereof they will be excluded from the benefit of any distribution made before such debts are proved.

Tuesday, the 19th day of April, 1904, at 2.30 o'clock in the afternoon, at the said Chamber Court, is appointed for hearing and adjudicating upon the debts and claims.

Dated this 1st day of March, 1904.

HARVY COMBE,
Deputy District Registrar

SEVEN PROSPEROUS YEARS

The Condition of Canada Seven Years Ago, and the Condition of Canada Today

The story of the seven years of fullness is succinctly told in a poster issued by the Liberal Association of Leduc, Alberta. Here it is:

Seven years ago last June the Conservative government was in power. Today the Liberals are in power and this is part of their record for the seven years past:

Seven years ago our revenue was $36,618,591; today it is $63,739,271, or nearly twice as much.

Seven years ago we had a deficit of $330,000; this year we had a surplus of over $13,000,000, or a betterment of a little over $13,000,000.

Seven years ago our foreign trade was $239,000,000; today it is $459,000,000, or about twice as much.

Seven years ago the number of homesteads entered during the year was 1,857; this year it was 31,343, or a little over 17 times as many.

Seven years ago our cattle trade amounted to $104,451; this year it was $11,342,634, or say eleven times as much.

Seven years ago we exported in oats $273,861; this year we exported $2,583,171, or over nine times as much.

Seven years ago we exported in flour $718,433; this year we exported $4,699,142, or say six times as much.

Seven years ago our Territorial grant was $267,000; this year it was $957,000, or say four times as much.

Seven years ago our bank note circulation was $31,456,297; this year it was $60,414,740, or say $2 to $1.

Seven years ago we exported bacon to the value of $3,802,135; this year we exported $15,455,174, or about four times as much.

Seven years ago we exported in butter $4,000,000; this year we exported $7,000,000, or say twice as much.

Seven years ago we exported in agricultural implements $593,464, this year we exported $2,284,904, or say four times as much.

Seven years rgo our mineral export was $4,419,170; this year it was $31,064,861, or say seven times as much.

Seven years ago it took the bonding of three quarter-sections of this land to buy a bushel of seed grain from the government. This year lots of this same land sold for one and two thousand dollars.

And last, but not least, seven years ago tons of Tory literature were strewed over the width and breadth of this land abusing Mr. Israel Tarte in every way imaginable. This year it is: "Come to my arms, Israel, dear, bid your friends in the Liberal cabinet good-bye."

All the Mining News is recorded in The Times.

Here and There

In the absence of a clear understanding of the racket in the far east the Nelson Economist sums up the situation in this wise:

"Many a big bully has traveled on his size and created terror among the timid until some little fellow has taken him by the neck and thrashed the ground with him. And that seems to be about the matter with Russia." Which shows that Editor Carley is good in an emergency case.

Mayor Rumberger of Phoenix, is working the King claim in Summit camp. Three men are working the Rathmullen in the same camp. The Granby smelter is treating the ore from the Jumbo, Rossland. Before many moons Dr. Averill expects to ship ore from the Minnie claim in Summit camp.

At the annual meeting of the Le Roi, Rossland, held in London last week, it was stated that the profits for the month of January of the present year were $50,000, and that the profits for the year ending December 31st were $400,000.

The Athelstan, in Wellington camp, along with the Jack Pot, an adjoining claim, is to be incorporated, it is reported, and in the meantime shipments of ore will be discontinued.

Mr. L. P. Duff, of the law firm of Bodwell & Duff, Victoria, has been appointed to a seat on the Supreme bench, made vacant by the retirement of Justice Walkem.

The net returns from 24 tons of ore from the Mountain Con. after deducting freight and treatment charges, amounted to $2,800.

J. W. Power, who has just completed a mining timber contract for the Star, has been given another for the Ivanhoe.

The seven hundred bars of bullion sunk on a car in Slocan lake some time since have nearly all been recovered by a diver.

Efforts are being made to establish a telephone line between Armstrong and Kelowna.

Citizens of Irish decent in Nelson have organized a St. Patrick's society.

Points of Difference.

After reading the following comparison of the Jap and Russ you can guess again about the probable outcome of the passage at arms between them:

The Japs have a little country and are land hungry.

The Russians have the greater part of all Europe and Asia and are land surfeited.

The Japs are concentrated.

The Russians are spread out.

The Jap is an islander and seafaring, a naval as well as a landfighter.

The Russ is a landlubber, but a plodding fighter.

The Jap is fighting in his own back yard.

The Russ is fighting five thousand miles from home.

The Jap is a teetotaller.

The Russ is a hard drinker.

The Jap has short legs.

The Russ has long ones.

The Jap has the sympathy of the Englishman, of the Yankee, of most of civilzation.

The Russ has few friends outside of his country, has incurred the just hatred of the world-wide Jew.

Pipes, Tobaccos, Cigars and Cigarettes

A choice line of the above good just received.

In the Superior Court of British Columbia

In the Matter of the Land Registry Act and Amending Acts

AND IN THE MATTER OF AN APPLICATION by the Granby Consolidated Mining and Smelting Company, Limited, and the Granby Consolidated Mining, Smelting and Power Company, Limited, for liberty to amend or alter a plan or survey of a subdivision of lots eight hundred and ninety-four (894), nine hundred and twenty-two (922), nine hundred and thirty-three (933), and five hundred and eighty-nine (589), group one (1), Osoyoos Division of Yale district, in the Province of British Columbia, deposited in the Land Registry office.

IN CHAMBERS
Before the Honourable The Chief Justice — Friday, the 16th day of October, A. D. 1903.

Upon the application of the Granby Consolidated Mining and Smelting Company, Limited and the Granby Consolidated Mining, Smelting and Power Company, Limited, upon hearing read the affidavit of George W. Wooster, sworn herein on the 13th day of September, 1901, and the exhibit therein referred to and duly filed, the affidavit of Oren B. Smith, sworn herein the 13th day of September, 1901, as to the service and publication of the summons herein, and upon hearing Mr. J. A. Macdonald of counsel for the applicants:

It is ordered that the said Granby Consolidated Mining and Smelting Company, Limited, and the Granby Consolidated Mining, Smelting and Power Company, Limited, be at liberty to amend and alter the said map or survey of a subdivision of lots eight hundred and ninety-four [894], nine hundred and twenty-two [922], nine hundred and thirty-three [933], and five hundred and eighty-nine [589], group one [1], Osoyoos division of Yale district, in the Province of British Columbia, deposited in the Land Registry office at the City of Kamloops, in the said Province and therein numbered sixty, 60, such subdivision being commonly known as "Phoenix Old Ironsides Subdivision," by straightening out Old Ironsides avenue mentioned and shown on said plan or survey by continuing the said street or avenue from the northwest corner of lot fourteen, 14, in block twelve, 12, as shown on the said plan or survey, in the same straight line as that portion of the said street or avenue which lies to the east of the said northwest corner of said lot fourteen, 14, as shown on said plan or survey, by altering and amending the measurements and sizes of lots fifteen, 15, to twenty-nine, 29, inclusive in said block twelve, 12, accordingly, and by cancelling such portion of the said plan or survey as sub-divides any part or said subdivision, or lands lying to the south of such portion of said street or avenue proposed to be altered and amended, such alterations and amendments being more particularly shown in red ink on a blue print of the said plan or survey altered and amended as sought in this application, marked as exhibit "A" to an affidavit of George W. Wooster sworn herein and duly filed:

And it is further ordered that said Granby Consolidated Mining and Smelting Company, Limited, and the Granby Consolidated Mining, Smelting and Power Company, Limited, be at liberty to file or deposit the same map or plan as amended in the Land Registry office at the City of Kamloops aforesaid, and that the Registrar of Titles at the said Land Registry office do forthwith after the expiration of the period hereinafter mentioned, which application may be made to set aside this order, amended and alter said registered map or numbered sixty, 60, in said Land Registry office in accordance with this order;

And it is further ordered that a copy of this order be inserted once a week for four consecutive weeks in the Boundary Creek Times, published at Greenwood, in the district in which the said lands mentioned in the said plan are situate;

And it is further ordered that any person or persons, firm or firms, corporation or corporations, interested in the subject matter of this order may be at liberty to move before a judge of this Court in Chambers to set aside this order at any time within one month from the first publication hereof as aforesaid.

GORDON HUNTER, C. J.

Whereas proof of loss of certificate of title No. 2141a issued in the names of Robert Wood ann Charles Scott Galloway has been filed in the office.

Notice is hereby given that I shall at the expiration of one month from the date of the first insertion hereof, issue a duplicate of the said certificate, unless, in the meantime, valid objection be made to me in writing.

W. H. EDMONDS, District Registrar.

Land Registry Office, Kamloops, B.C., February 1st, 1904.

The Best Remedy for Croup

This is the season when the woman who knows the best remedy for croup is in demand in every neighborhood. One of the most terrible things in the world is to be awakened in the middle of the night of the night by a whoop from one of the children. The croup remedies are almost as sure to be lost in case of croup, as a revolver is sure to be lost in case of burglars. There used to be an old fashioned remedy for croup, known as hive syrup, but some modern mothers say that Chamberlain's Cough Remedy is better, and does not cost so much. It causes the patient to "throw up the plegm" quicker, and gives relief in a shorter time. Give this remedy as soon as the croupy cough appears and it will prevent the attack. It never fails and is pleasant and safe to take. For sale by J. L. White Greenwood and A. F. Thomas Midway.

The second annual meeting of the Interior Liberal Association will be held in Rossland March 23rd.

Judge Leamy held court in chambers here Tuesday, only two or three unimportant matters coming before his honor.

Tenders are being invited for supplying and erecting poles for the telephone line between Armstrong and Kelowna.

J. H. Graham of Hartford, Ed. H. Mortimer, Editor Wilcox and Mayor Rumberger of Phoenix, were visitors in the city this week.

Attorney J. R. Wood has been confined to his house this week from trouble with his eyes, the result of a cold and a touch of la grippe.

It is said the number of people who took a stroll in the direction of Anaconda Sunday last was very large, and included some who have never done much walking for either health or pleasure.

The party who found a lady's fur collar about January 1st, and advertised it in the Times at the time, will confer a favor by leaving the same at this office, as the article in question has been called for.

Among the many donations to the Phonix General hospital was one of 40 tons of coal from the International Coal company, of Coleman, Alta. Mr. A. C. Flumerfelt is president of this company, which is almost wholly made up of Boundary people.

Robt. Petrie was up from the Forks yesterday. Syd. Coulton and G. W. Ragland, Phoenix; Dan. Nichol, Grand Forks: Alan F. Eddy, Rock Creek; F. F. Ketchum, Beaverdell, were among the arrivals registered at the Windsor this week.

The Spokesman-Review of March 3, contained the following: S. F. Parrish manager of the Le Roi mine of Rossland, B. C., is seriously ill at the Spokane hotel. He was operated upon for a growth in the nose, and nose bleed set in that lasted for two days. Mr. Parrish is better.

A school of matrimony, at which young men and women desiring to enter the wedded state are expected to take a course of instruction and receive a diploma, is proposed in a bill introduced in the Iowa Legislature by Representative Daniel, a physician.

"Why Smith Left Home" drew a good audience at the Auditorium Monday night. It was an entertaining presentation of situations confronting more people than the public knows of —true to life to many--and many more will realize it sooner or later.

The Salvation Army concert band which came in last Friday, entertained attendants at some of the churches in the city Sunday, and in the evening at Eagles' hall. The band was making a tour of the Boundary, and came from Spokane.

Grand Forks has a physical culture society, presided over by Mr. and Mrs. Warrington.

The C. P. R.'s January report discloses a net decrease of income of over half a million.

The Greenwood Lodge A. F. & A. M. are holding another of their enjoyable dances on Easter Monday.

J. Parker, inspector of weights and measures for the interior, was on his annual tour in this district last week and visited Greenwood Wednesday.

A. Waddell, who went out last fall, returned to the city this week, from Spokane. Mr. Waddell has a ranch up the main Kettle river, as well as interests in many promising mining claims.

Mrs. Ed. Dill who has lately returned from California, stopped over in Nelson for a few weeks to visit friends. Mrs. Dill joined her husband here on Monday last, who is manager of the gent's furnishings department of the Russell-Law-Caulfield Co.

Owing to the pronounced success of the Hendryx syanide process of treating the Mountain Lion ore, an enthusiastic citizen of Republic tells a Spokane reporter that there will be an influx of a thousand or more people into that town in the next month, as it was the one thing wanted there to create new life.

A. W. Young, formerly of the Armstrong but latterly clerk at the Windsor hotel, left today for an extended visit to his Old Country home in Gloucestershire, England. He expects to be absent for six months or more. "Red" desires to keep in touch with Greenwood and Boundary matters in general, so he ordered the TIMES sent to his address abroad in the meantime.

A miner named A. Godette was injured at the Mother Lode mine Monday while operating a drill, it having become in some manner deranged, and hammered the man instead of the rock, before he could succeed in shutting off the compressed air power. He was taken to the Greenwood hospital where at last accounts he was recovering rapidly, his injury not having been of a very serious nature.

Greenwood was a veritable "closed town" Sunday, the 17 hotels closing at 11 o'clock Saturday night and not opening their bars till Monday morning. All trade machines have been removed from the bars It appears to be the intention of the hotel men to give the city the full benefit of a strict observance of the Sunday closing statutory regulations, and incidentally retire some of their number from the field of competition, by weeding out the weaker ones.

A large rock crashed through the big plate glass window of Karatofsky's cigar stand and pool rooms, at the corner of Knob Hill avenue and First street, Phoenix, early Monday morning. It dodged around among the show cases and landed in the pool rooms. Other than breaking the "largest plate-glass window in the Boundary," no other damage was done. Whether the rock came down the hill from the glory hole of the Old Ironsides, or some irate Jap, who had been told that 'Tofsky was formerly in the Russian army, hurled the missile, is the question that worries him.

The contract work of sinking 100 feet on the Don Pedro is progressing satisfactorily and the grade of the ore encountered so far is more than holding to the average of values found nearer the surface. Sixty feet of the 100 are already completed, and it is thought the remaining 40 feet will be finished inside of 60 days.

Chesaw Electric Road Plans.

Chesaw, Wash., March 3.—The trustees of the Meyer Creek Electrict Railway company held a meeting here yesterday and elected officers for the ensuing year. The following were elected: President, James P. Blaine, Chesaw; vice-president, P. M. Blazing of Ohio; secretary, Ernest Peck of Chesaw; assistant secretary, O. E. Kinsley of Ohio; treasurer, G. C. Lachtrop of Ohio; general manager, W. C. Peay of Ohio. The company is incorporated under the laws of Washington. The directors say work will begin as soon as the snow disappears.

More Editors Coming.

W. J. White, superintendent of Immigration Agencies, Ottawa, has completed arragements with the allied press association of Indiana for a tour through Western Canada next summer. The party will leave Chicago by special train on Wednesday, July 13, to visit many parts of the Canadian Northwest and British Columbia, will comprise over 200 of the most prominent editors in Indian. Among others who will accompany the party will be Senator Bevridge and Senator Fairbanks, who was chairman of the Joint High Commission, Governor Durbin, Congressman Taggart and Henry Mayor Holtzman, Booth Tarkington and James Whitcomb Riley.
