We announce with great pleasure that we are the exclusive agents of this famous make of fine shoes and have in stock a variety of the best styles.

RENDELL & CO.

Agents for Mason & Risch pianos.

RATES AND WAGON ROAD

Were Discussed By The Greenwood Board of Trade

COMMITTEES APPOINTED

To Deal With Skylark Wagon Road And C. P. R. Rates.

Railway freight rates and a wagon road to Skylark camp were the important subjects of discussion at the regular monthly meeting of the Greenwooe Board of Trade held Wednesday afternoon. President DeVeber was in the chair and among those present G. R. Naden, C. R. Pittock, J. J. Caulfield, D. C. McRae, J. R. Brown, M. P. P., W. G. Gaunce, T. M. Gulley, W. M. Law, R. C. G. White, Robert Wood, Julius Ehrlich and C. H. Fair. M. Kane, Alex Robinson and A. S. Black were a committee to interest the board in securing an appropriation for a wagon road to Skylark camp.

Recently here has been much mining activity in this camp. There are at least a dozen properties being developed including the E. P. U. mines, the Gold Finch, the Mavos, the Bay, the Silver Cloud, the Silver King and several others.

Those who want to ship ore from some of these high grade properties, cannot do so until a wagon road is built. The board considered this matter and Messrs. Naden Brown, Kane and Gaunce were appointed a committee to interview government agent McMynn to urge upon him the nesessity of having this road constructed at the earliest possible date.

The question of preparing a memorial tc be presented to the railway commission during its visit to British Columbia was also considered and Messrs. Caulfield, Gulley and W. T. Hunter were appointed a committee to go thoroughly into the question of freight rates and prepare the necessary memorial if in their opinion the interests of the district demanded a presentation of matters relative to transportation to the commission.

TELEPHONE LINE

To be Built by Dominion Government Through the Similkameen

In the supplementary estimates brought down by the Dominion government is an appropriation of $13,500 to extend the Nicola telephone line to Princeton, Hedley, Keremeos, Fairview and Penticton. In the absence of railway facilities and a telegraph line this boon will be greatly appreciated by the residents of the Similkameen, particularly those who are operating mines in the district. A telephone line was run from Kamloops to Nicola about four years ago and it has proved satisfactory in every way. Last winter the people of Similkameen and Nicola petitioned for the extension of the line and the Dominion government by bringing down the vote referred to have met the wishes of the petitioners.

Great Northern Officials

Visit The Boundary And Rossland Mines.

H. A. Jackson general passenger agent of the Great Northern at Spokane, and J. C. Eden of Seattle, western traffic manager of the same road were in the city for a few hours on Friday last. Interviewed at Rossland by a Miner representative on their return Mr. Eden spoke encouragingly regarding the prospects of the Boundary and Rossland. The Miner said:

"Rossland's outlook today is better than I have ever seen it in ten years," said John C. Eden, of Seattle, yesterday. Mr. Eden is western general freight traffic manger of the great Northern system, and a keen and conservative observer of all matters affecting his important department. He spent all day in Rossland and most of the time among the mines. Ahorse and afoot, the Great Northern official covered many miles of Rossland territory yesterday, and at the close of a hard day's work his comment on the situation as he found it will be read with much interest.

Mr. Eden left Settle ten days ago and is now on his way home. Prior to coming to Rossland he spent several days in the Boundary, riding over the line of the Great Northern extensions now actively under construction. He was accompanied by H A. Jackson, general freight and passenger agent of the Spokane Falls & Northern, and R, C Morgan, general superintendent of the same lines. Mr. Eden had his own car and clerical staff along, while Mr. Morgan's office car was also attached. Mr. Jackson returned to Spokane yesterday morning, and Messrs. Eden and Morgan spent the day busily here as outlined.

"We expect to haul the ore mined in the third and fourth levels of the Granby mines, while the other fellows will have the tonnage from the upper workings. There is ample ore above to satisfy them for twenty years." This is what Mr. Eden says in respect to the division of the ore haul from the Granby mines at Phoenix. Just what would be the outcome of the entry of the Great Northern system into Phoenix camp in competition with the Canadian Pacific already installed has been a moot question. Mr. Eden's version seems to indicate that the companies believe there's business enough for both lines, especially in view of the probable increase in the smelter facilities at Grand Forks and consequent increase in tonnage from the mines.

Mr. Eden says there are 1500 men at work on the Great Northern construction work, and that the line is being extended rapidly. A line is also to be built to Midway, presumably passing the Boundary Falls smelter with a view to securing a share of the hauling business to these works:

Death of Mr. Whiteside

Father of The Well Known Greenwood Barrister.

A. M. Whiteside, barrister of this city, received the news of his aged father's death shortly after leaving here for New Westminster. The deceased was a native of Australia but came to this province in the early days of the gold rush to Cariboo. After the gold excitement he settled in New Westminister where he resided ever since. He had been ailing for sometime previous to his death. He was 85 years of age and leaves in addition to his son here a widow and a daughter living at the family residence in the Royal city.

Almost Every Woman

Is inclined to habitual constipation and should use Dr. Hamilton's Pills of Mandrake and Butternut which cleans the system and regulate the stomach and bowels. For mild and sure relief use only Dr. Hamilton's Pills. Price 25c. For sale at Thomas Drug Co.

Thos. J. Hardy has returned to the city.

H. P. Dickinson general agent for the Giant Powder company. was over from Nelson this week.

W. R. Craig, accountant for the Montreal & Boston Consolidated is at Phoenix taking stock at the newly acquired mines there.

Fred Grant the Chesaw youth arrested by officer Thomet last week has been taken to Grand Forks to answer to the charge of bringing stolen goods into Canada.

TEACHER WANTED.

An experienced teacher for assisted school at Boundary Falls, duties to commence August 8th apply to

E. O. LEWIS,
Boundary Falls, B.C.

SILVER CLOUD IS RICH

Big Assays Secnred From Skylark Property.

THERE IS A STRONG VEIN

Of High Grade Ore—Work on The Spokane.

A big strike has been made on the Silver Cloud in Skylark camp. The property was recently bonded to Alex Robinson, J. Johnson, J. McCreath and L. A. Smith. Messrs. Robinson and Johnson went to work on the claim and soon uncovered a vein of high grade ore, assays running over $100 to the ton were secured. With further work the vein widened out until now there is 12 inches of solid ore and yesterday a sample taken from the vein assayed $183.27 to the ton. The force has been increased and it is the intention to prosecute the work of development until the mine is placed on a shipping basis.

Adjoining the Silver Cloud is the Silver King recently bonded by M. Kane and associates. They started to work on the property yesterday and as the Silver Cloud workings adjoin the Silver King the bonders feel assured that they will get the same lead on their property.

Geo. Andrews has a fine showing on his property adjoining the Mother Lode on the North.

J. C. Haas and W. T. Smith who recently bonded eleven claims from the Boundary Creek M. & M. Co., started work Wednesday on the Spokane. These claims are in the high grade belt and are sure to turn out shipping mines.

Home made bread, baked by Mrs. Janes at the Star bakery.

John Maguire the actor of Butte, left for Nelson by Thursday's train.

Mrs. Wilson the mother of Mrs. Hodgins of this city left yesterday on a visit to another daughter Mrs. Reid of Edmonton, Alta.

The Star Bakery opposite the court house, is prepared to fill all orders for breads and pastry.

Mrs. W. G. Gaunce and Miss Gaunce returned to Seattle on Thursday after spending several weeks with Mr. Gaunce in this city. Mrs. Gaunce who is an invalid was much benefitted by the change from the coast climate.

Prof. Hepburn the well known dancing master who comes here highly recommended from Nelson, Revelstoke and other cities will open up a dancing school at Eagles' hall on Thursday next. Prof. Hepburn will deliver and interesting lecture on the art of dancing on the opening night. This lecture will be free to the public.

The concert given by the Miner's Union in the Auditorium on Wednesday evening was largely attended. John Maguire the veteran actor assisted by local talent furnished the programme. Dancing was enjoyed after the concert.

ORE FROM COPPER KING

CHEWELAH, wash., July 27.—Teams are hauling a carload of ore from the Copper King mine for shipment to the smelter at Greenwood, B. C. Manger Heatzell of the Jay Gould mine is having the water pumped out of the mine preparatory to resuming work on the property.

EAST KOOTENAY LICENCES

We understand that the applicants for coal and oil lands in East Kootenay are still without their licences. Some months ago, the government announced that those desirous of securing licences to prospect for coal and oil could have the same by paying a double fee and they would have to fight among themselves to determine their rights to land staked more than once. Whatever this licence is worth has been denied those who are interested in East Kootenay. Possibly Robt. F. Green the brilliant chief commissioner, and equally brilliant premier are too busy to sign the necessary licences. They have the money. After all that is the most important matter. So long as the government can get sufficient money to keep the province out of the hands of the sheriff and pay salaries and expenses of ministerial jaunts, the poor prospector can wait.

In the meantime the friends of the government are not idle. Those who stand in with the government including a certain member of parliament are particularly active in connection with the East Kootenay lands. Possibly the government is waiting until they have strengthened their position and outstaked the other fellow before issuing the licences.

In the meantime the bonafide prospector is getting it in the neck. He went in there, discovered the country and spent his all in prospecting. When he has a chance to interest capital in his holdings his plans are frustrated by the acts of incompetent ministers who are still listening to the voice of the grafter.

EXIT DUNDONALD

Lord Dundonald has been recalled by the Imperial authorities and the hot headed nobleman will now have an opportunity of explaning his fiery partizan utterances. In taking an offensively active part in the politics of this country the noble Lord violated army rules which are supposed to regulate the conduct of the patrician officer as well as the plebeian "Tommy Atkins" His conduct was not only a breach of army regulations but was also in bad taste. His Lordship deprecated the lack at etiquette at Ottawa, but what will be said of a nobleman who accepted an invitation from a non-political committee in Toronto and in reply to an address which had no politics in it, devoted his whole time to a bitter tirade against the Laurier government. Liberals and conservatives alike joined to give Lord Dundonald an enthusiastic reception in recognition of his brilliant career as a soldier. He turned the meeting into a bitterly partizan one. We must confess ignorance of the code which regulates the conduct of present day lords but in his Toronto exhibition Lord Dundonald demonstrated that to the etiquette which regulates the conduct of public men on both sides of political life in this country, he is a stranger.

A BRILLIANT SCHEME

Hon. Richard McBride is no mere politican, he is a statesman. Everybody in this province recognizes this important fact and it is beginning to dawn upon the slower men of the east. Even Mr. Hayes, the president of the Grand Trunk Pacific appreciates the fact that if this national project is to be a success he must make peace with the people's Dick. It is rather a singular fact that among the great men in the west Mr. McBride should stand alone in his violent opposition to the Grand Trunk Pacific project. The only way to account for this is by admitting the fact that the genius of statesmanship is sometimes erratic. Of course if the project is to be a success Mr. McBride's opposition must be removed. It would be impossible to finance the scheme in the money markets of the world if brilliant statesman should violently oppose it. Mr. Hayes knows that a Tory statesman will take kindly to land grants and cash subsidies. While he always violently opposes every railway enterprise which asks nothing but the right to build, he is always found boosting the scheme that includes a big land grant and a cash subsidy. The Tory statesman is particularly enamored of a land grant. It affords such a splendid opportunity for the reward of party friends in the manipulation of townites and in so many other directions too numerous to mention. So Mr. Hayes hit upon a happy plan to remove Mr. McBride's opposition. Although the Grand Trunk Pacific company is under a 5,000,000 dollar cash bond to complete the road to the Pacific coast within a specified time and although the provisions of the agreement with the Dominion government will be carried out, the Grand Trunk president has decided to ask Premier McBride for a land grant of 10,000 acres a mile. With such an application the scheme immediately commands itself to Tory statesmen and Tory newspapers. The Victoria Colonist which was frothing at the mouth in its violent opposition to the scheme, is now rather inclined to the view that it would not oppose a land grant and Premier McBride no longer shies when the provisions of the enterprise are presented for his very earnest consideration. If one is not lost in his admiration of Mr. Hayes' astuteness, he becomes completely bewildered when he considers Premier McBride's statesmanship.

The Lillooet by-election will take place on August 15th. A. McDonald the ex-member is again the conservative candidate. He will be opposed by D. Stoddart who represented Lillooet for several years in the legislature.

Conservates are now abusing the Imperial government because Lord Dundonald has been recalled, thus destroying their one issue in the approaching campaign.

Evidently the Russian bear is anxious to get into more trouble. He is likely to be accommodated.

He Deserved Pity

His suffering from Sciatica was so great, but thanks to Nerviline he was cured. "I suffered for three years from sciatica" writes E. S. Jenkins of Porland, "and no man ever suffered more. I spent a small fortune on different remedies but the only one with real merit was Nerviline. I used a few bottles of Neriline and was perfectly cured. I can recommed Nerviline as a sure cure for sciatica; it's excellent also for rheumatism and neuralgia." Try Nerviline, 25c. For sale at Thamas Drug Co.

NOTICE.

Below are the appropriations in the supplementry estimates for the districts of Kootenay and Yale-Cariboo.

Fernie public school $10,000.

Telegraphic communication between Okanagan Landing and Kelowna Mission, $4,500; Quesnel-Barkervills branch repairs, $1,000; Ashcroft Lillooet branch line, repairs, $1,000; extension of Kamloops-Lower Nicola telephone line, via Granit Creek, Princeton, Hedley, Keremeos and Fairview to Penticton, $12,500

CANADA PROSPEROUS

F. J. Hunter, Banker, Says it Is Taking Its Greatest Strides

F. J. Hunter, inspector of the Bank of Montreal, who has been visiting the city for several days, expects to return to his home in Winnipeg, Canada, today or tomarrow. He said: "I am much impressed by my first ivsit to Spokane. Everything looks properous around the city, except, perhaps, the lumber trade. Which is dull from the effects of everproduction and campaign year.

"Money is dear in Canada because of prosperity. I think Canada has never seen such prosperous time before, and it certainly never took such strides in development before. Thousands of substantial American farmers are crossing the line and buying the cheaps and fertile government lands. Winnipeg is a city of about 75,000. I think a railroad will be build to Hudson bay soon if the navigation of that arm of the sea proves feasible, and then the grain of northwest Canada will move directly to Europe through Winnipeg

The Bank of Montreal has 70 branches and employes 700 men.—Spokesman Review.

He Deserved Pity

His suffering from Sciatica was so great, but thanks to Nerviline he was cured. "I suffered for three years from sciatica" writes E. S. Jenkins of Porland, "and no man ever suffered more. I spent a small fortune on different remedies but the only one with real merit was Nerviline. I used a few bottles of Neriline and was perfectly cured. I can recommend Nerviline as a sure cure for sciatica; it's excellent also for rheumatism and neuralgia." Try Nerviline, 25c. For sale at Thamas Drug Co.

SPOKANE FAIR

Robert H. Cosgrove, Secretary and manager of the Spokane Interstate Fair, which this year is held October 3 to 9, has left Spokane and gone east after special attractions to put on at the fair this year. This is the first time the Spokane Fairs have taken the trouble to send a man east to select these attractions, which are so important to the jollity and success of the Fair. In other years the Fair has booked its attractions as best it could, from circulars and second hand reports. Excellent selections have at times been made in this way and at the same time some very poor turns also have been chosen.

Mr. Cosgrove is just the man to send on this mission, rather than to delegate the important task to some one else. Mr. Cosgrove has been in the exposition business all his life and knows just what attracts the people. He is so well acquainted with the vaudeville profession that he doubtless will be able to drive good bargains for the Spokane Fair, as well as pick out much better attractions than have been had in the past.

And the interesting part of it is, these attractions are to be free in front of the new grandstand, and not off in some sideshow, where extra charges will be made to see them.

Mr. Cosgrove will visit the Dominion of Canada Exposition at Winnipeg, which is one of the biggest Fairs in America, and he will visit the Minnesota State Fair, which is one of the big Fairs of the middle states.

Synopsis of Regulations for Disposal of Minerals on Dominion Lands in Manitoba, the Northwest Territories and the Yukon Territory.

Coal.—Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2000 pounds shall be collected on gross output.

Quartz.—Persons of eighteen years and over and joint stock companies holding free miners' certificates may obtain entry for a mining location.

A free miner's certificate is granted for one or more years, not exceeding five, upon payment in advance of $7.50 per annum for an individual, and from $50 to $100 per annum for a company, according to capital.

A free miner, having discovered coal in place, may locate a claim 1500x1500 feet by marking out the same with two legal posts, bearing location notices, one at each end on the line of the lode or vein.

The claim shall be recorded within fifteen days if located within ten miles of a mining recorder's office, one additional day allowed for every additional ten miles or fraction. The fee for recording a claim is $5 00.

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the has been expended or paid, the locator may, upon having a survey made, and upon complying with the other requirements, purchase the land at $1.00 an acre.

Permission may be granted by the Minister of the Interior to locate claims containing iron and mica, also copper, in the Yukon Territory, of an area not exceeding 160 acres.

The patent for a mining location shall provide for the payment of royalty on the sales not exceeding five per cent.

Placer Mining, Manitoba and the N. W. T., excepting the Yukon Territory.—Placer mining claims generally are 100 ft. square; entry fee, $5 renewable yearly. On the North Saskatchewan river claims for either bar or bench the former being 100 feet long and extending between high and low water mark. The latter includes bar diggings, but extends back to the base of the hill or bank, but not exceeding 1000 feet. Where steam power is used, claims 200 feet wide may be obtained.

Dredging in the rivers of Manitoba and the N. W. T., excepting the Yukon Territory.—A free miner may obtain only two leases of five miles each for a term of twenty years, renewable in the discretion of the Minister of the Interior.

The lessee's right is confined to the submerged bed or bars of the river below low water mark, and subject to the rights of all persons who have, or who may receive entries for bar diggings or bench claims, except on the Saskatchewan river, where the lessee may dredge to high water mark on each alternate leasehold.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles, but where a person or company has obtained more than one lease one dredge for each fifteen miles or fraction is sufficient. Rental, $10 per annum for each mile of river leased. Royalty at the rate of two and a half per cent collected on the output after it exceeds $10,000.

Dredging in the Yukon Territory—Six leases of five miles each may be granted to a free miner for a term of twenty years, also renewable.

The lessee's right is confined to the submerged beds or bars in the river below low water mark, that boundary to be fixed by its position on the 1st day of August in the year of the date of the lease.

The lessee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles, within six years from such date Rental $100 per mile for first year, and $10 per mile for each subsequent year. Royalty, same as placer mining.

Placer mining in the Yukon Territory—Creek, gulch, river and hill claims shall not exceed 250 feet in length, measured on the base line or general direction of the creek or gulch, the width being 1,000 to 2,000. All other placer claims shall be 200 feet square

Claimes are marked by two legal posts, one at each end, bearing notices. Entry must be obtained within ten days, if the claim is within ten miles of mining recorder's office. One additional day allowed for each ten miles or fraction.

The person or company staking a claim must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim of 1,000 feet in length, and if the party consists of two 1,500 altogether, on the output of which no royalty will be charged, the rest of the party ordinary claims only.

Entry fee $10. Royalty at the rate of two and one half per cent on the value of the gold shipped from the Yukon territory to be paid to the Comptroller.

No free miner shall receive a grant of more than one mining claim on each seperate river, creek or gulch, but the same miner may hold any number of claims by purchase, and free miners may work their claims in partnership by filing notice and paying fee of $2. A claim may be abandoned, and another obtained on the same creek, gulch or river, by giving notice and paying a fee.

Work must be done a claim each year to the value of at least of $200.

A certificate that work has been done must be obtained each year. If not, the claim shall be deemed to be abandoned, and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made and publishing notices in the Yukon Official Gazette.

Petroleum—All unappropriated Dominion Lands in Manitoba, the Northwest Territories and within the Yukon Territory are open to prospecting for petroleum, and the minister may reserve for an individual or company having machinery on the land to be prospected, an area of 640 acres Should the prospector discover oil in paying quantities, and satisfactorily establish such discovery, an area not exceeding 640 acres, including the oil well and such other land as may be determined will be sold to the discoverer at the rate of $1.00 an acre, subject to royalty at such rate as may be specified by order-in-council.

JAMES A. SMART,
Deputy of the Minister of the Interior.
Department of the Interior, Ottawa.

NOTICE OF FORFEITURE.

TO DAVID BEATH, HENRY SHIELDS, or to any person or persons to whom they may have transferred their interest in the Paymaster mineral claim, situate in the Greenwood Mining Division of Yale district.

You are hereby notified that I have expended the sum of $1000 for surveying the above mentioned claim and $2.50 for recording the same for an assessment, such being required and necessary to hold the said claim for the year ending October 11, 1903, under the provision of the Mineral Act and Amending Acts; and if at the expiration of ninety days from the date of the first publication of this notice in the Boundary Creek Times, you fail or refuse to contribute your portion of such expenditure, namely, $51.25, together with all costs of advertising, your interests in said mineral claim shall become invested in me, [your co-owner] upon filing in the proper office in that behalf the affidavit required by section 4, of the Mineral Act Amendment Act, 1900."

Dated this 9th day of June, 1904.

DUNDONALD IS RECALLED

His Case Considered By The War Office.

OTTAWA, July 26.—The following London cable disposes definitely of the question of Dundonald taking part in polical or other demonstrations.

LONDON, July 22.—Answering Markham, M.P., Arnold Foster, secretary of wrr, said the sessional papers of the dominion parliament containing the correspondence of the Canadian government and lord Dundonald were recieved at the war office on July 9 and considered by the army council. The various questions of Dundonald's position as half pay officer had been examined on July 18. The secretary of state for war decided that in view of all these facts it was expedient that Dundonald be recalled and asked for an explananation, his attention being called to the paragraph in the king's regulations forbidding officers speaking publicly or attending public meeting. A telegram to that effect was despatched on July 18:

"Under section 175, sub-section 1 of the Army Act, officers of the regular force on the active list, within the meaning of the royal warrant for regulating pay and of promotion, of the regular force are subject to military law. Under the royal warrant for pay the ac.emporary half pay. Dundonald was therefore subject to military law and must obey.

The Bodie Mill.

The constant clatter of dropping stamps is sweet music to the denizens of the Toroda creek region. The mill has been in operation but a short time, but during that brief period has inspired confidence in the minds of the people of Northeastern Okanogan. The mine is not operated—that is there is no stoping going on and Mr. Kurtz the mine manger, is authority for the statement that there is enough ore broken in the mine to keep the mill running for several months. Until this stock is disposed of no stoping will be done. He also stated that since Mr. Rathbourne, of Republic, had been in charge of the cyanide treatment of the ores, the mill had been a complete success. He vouchsafed no information as to the number of tons treated per day nor the value per ton. A disintersested party tells the News-Miner that upwards of four hundred dollars worth of amalgam is cleaned daily from the plates. A force of nineteen is employed at the mill. It will require more than double that number to handle the property when the mine is operated in conjunction with the mill —Republic Miner.

..THIRD ANNUAL..

Race Meeting and Summer Fair

Under the auspices of the Grand Forks Driving Park and Athletic Association

GRAND FORKS

AUG. 25, 26, 27, '04

THE OFFICIAL PROGRAMME IS AS FOLLOWS

First Day—Thursday, August 25th, 2 p. m.

No. 1—Running, ¼ mile dash; purse $50.

No. 2—Running, ¾ mile; purse $250

No. 3—Running, ⅜ mile, in heats; purse $150.

No. 4—Running, Grand Forks Derby, 1 mile; purse $400.

No. 5—Cowboys' race, 300 yards, two turns; $40 in prizes; entrance free; post entries.

No. 6—Running, ⅝ mile; purse $150

Second Day—Friday, August 26th, 2 p. m.

No. 7—Gentlemen's Saddle Horse Race, ¼ mile, owners up; purse $40.

No. 8—Running, ½ mile, heats, best two in three; purse $200.

No. 9—Pony Race, ¼ mile, 14½ hands and under; purse $50.

No. 10—Seagram Cup, distance ⅞ mile, all ages; winner of Grand Forks Derby to carry 7 pounds additional weight. For a cup valued at $500, donated by J. E. Seagram, of Waterloo, Ont., and $300 cash added by the association, cup to be won two years consecutively by same owner to become private property. Purse divided.

A GLOWING REPORT

Rowland Machin Discusses His Trip Through Interior.

Rowland Machin the popular western manager for Bennett's fuse and Holman's drill has returned to the coast after an extensive visit through the interior of the province. To a Victoria Times reporter he spoke encouragingly of the outlook in Kootenay and the Bounpary. He said that there is cause for congratulation on the part of everyone who takes the slightest interest in the welfare of the province, and espcially in that industrial backbone, mining. To a Time reporter this morning he commented on the striking changes which the past few years have produced. In the place of one smelter in the Kootenay regions there were, he pointed out, the Trail, Hall Mines, Granby Greenwood and Boundary Falls smelters, and tributary to Rossland, and almost entirely supplied from its mines, the Northport smelter on the other side.

But the development of the country has progessed in others directions. There is an abundance of vegetables, and small fruits are produced in large quantities, while the numerous handsome gardens demonstrate that lovely flowers of all kinds can be grown in the upper country. The many sawmills from one end of the Kootenays to the other attest the country's worth in timber. The development of the coal interests is absolutely stupendous. In fact, Mr. Machin asserts, that mining to-day is on a better footing than ever in the history of the province. There exists none of the usual evidence of a boom, but the tendency upwards is steady and progressive. In the Boundary district, besides two large low-grade productive mines there is abundant evindence to show that the near future must bring to the front a large number of high grade small properties, which from their nature must be work ed by small individual companies. Two of these high-grade prospects, the Helen and Barbara, are just now showing high values, while the present railroad movement on the part of the Great Northern undoubtedly means more than the present would seem to indicte for the future development of that highly mineralized belt. The near future will develop railroad communication with the Upper West fork of Kettle river, where coal and other metels are already known to exist. The question of transportion for the whole of this upper country and Smilkameen is one that will demand from some source, whether it be that of the C. P. R. or Great Northern, immediate attention. A company controlling the Nickel Plate and other contiguous properties at Hedley must surely in the near future have a railroad outlet, and it were a pity that our own people should not take the imitiative. The smaller roads, projected from Midway to Vernon, undoubtedly will become a part and parcel of a system controlled by one or other of the large railroad companies.

A Bath In The Sea

With a few handfuls of our genuine Sea Salt in the tub you may have all the refreshing, stimulating, nerve quieting effects of a bath in the sea—and without some of the inconveniances of ocean bathing.

If you take salt baths this summer you will feel better, look better and will be better able to stand the debilitating effects of hot weather.

Politicians in Cariboo

Meetings Held at Barkerville And Quesnel.

Special correspondence of the Inland Sentinel

Last week Barkerville had on an old time appearance; there were so many people in the town from all over the district as well as from more distant places. I am more than pleased that business called me there at that time, for in addition to thd assizes, important enough in themselves, there was another attraction in the shape of the presence of Premier McBride and Attorney-General Wilson. Another noted lawyer in attendance at the assizes and not there, like the others just named, for political ends, was Joseph Martin. Denis Murphy, of Ashcroft! Oscar Bass, a young man whom Mr. Wilson is training as a lawyer and whom he totes about the country at the expense of the people; and the Conservative candidate for Yale-Cariboo, Mr. Burrill, were also on hand. You can therefore imagine, Mr. Editor, how tickled I was to find myself in Barkerville on such an auspicious occasion as the gathering together in that remote town of so much legal talent and so many strenuous politicians.

The business of the assizes was important and took some time to dispose of. The principal cases were the Kelly murder case, in which the Indian woman Amelia was acquitted and the light sentence of one year passed upon Saul, who was found guilty of manslaughter; and the case of Beaton and Blair against the B. C. Express Co, in which the jury awarded a verdict for the plaintiff for $2,050 and costs. Joseph Martin for the compady and Charles Wilson and H. H. Narraway for the plaintiffs. In the burglary case against Louie Tsan, the young lawyer Bass was given the case for the crown. The Chinaman got nine months.

But the greatest enjoyment I had was at the big political meeting in the theatre. There was a good attendance and S. A. Rogers was chairman. McBride took part and so did Wilson, and of course M. Burrill had a say. It was amusing to hear Mr. Wilson tell how hard a man Tatlow, the Finanse Minister, is to get money out of. He couldn't even get $10 for a special constable! There was not any difficulty apparently, however, in finding money to take Oscar Bass along to conduct little cases, and pay him $100 a month and his expenses. Bass seems a nice sort of young man and did very well.

Denis Murphy took the platform on behalf of the Liberals, and in a vigorous speech loyally supported the candidature of Duncan Ross, the Liberal candidate. He made a number of capital points at the expense of his conservative opponents and ridiculed the idea of the "grand old party," the Conservatives, who had so long fought against everything in the shape of government ownership now posing as its devoted advocates, Mr. Murphy met with a hearty reception and his remarks were lovdly applauded.

NOTICE.

Notice is hereby given that I have this day disposed of the business known as the Gem restaurant to Frank G. Engbaum. All accounts owing by the said Gem Restanrant will be paid by me and all accounts due are to be paid to me.

I beg to thank the public for the liberal patronage extended during the past six pears and solicit the same treatment for my successor.

Greenwood, July 15th, 1904.

C. R PITTOCK.

THE VERDICT OF PUBLIC OPINION

Is with the best article every time. That s why Putnam's Corn Extractor has been in the lead for the last half century. It cures corns painlessly in twenty-four hours and never fails. Use only Putnam's for corns and warts. For sale at the Thomas Drug Co.

The water is down and now is the time to go fishing

Rods, Reels Lines, Flies, and other tackle at reasonable prices.

COLES & FRITH

Books, Stationery, Cigars, Wall Papers, Etc.

MANY ARE CALLED BUT FEW GET UP

PROVERB

What is more annoying to a man or a woman, who wishes to get up at a certain hour in the morning than to find that they have overslept themselves?

OUR ALARM CLOCKS

insure punctuality in getting to work "on time" in the morning. There can be no "second nap" when this alarm clock calls. Isn't it well worth a lot of money for such services.

WE SELL THEM FOR $1.50

Items of Town and Country...

What is Going on And Being Done by People Who Inhabit the Great Boundary Country.

James Dale of Carmi was in the city this week.

E. H. Thurston of the Carmi was in the city this week.

Mrs. C. H. Fair leaves next week on a visit to her old home in the east.

W. H. Jeffrey, M. E., has returned from a business trip to the Ymir district.

H. N. Gaylor who is interested with Alex. Miller in the Helen was in the city this week.

Frank Spearing, with the P. W. George & Co. has returned from a holiday trip to Toronto.

Saddles horses, harness, wagons and buggies. See A. L. White & Co., New & 2nd Hand Dealers.

Mrs. Manahan and Miss Manahan of Winnipeg are the guests of Mrs. G. Arthur Rendell of this city.

James K. Avery of Sault St. Marie is visiting his sister Mrs. C. W. Wilson this week.

Superintendent McLennan of the Oro Denoro mine leaves shortly for a visit to his old home in the east.

Henry Madden, Jr., has returned after an absence of three months spent mostly in Uncle Sam's domain.

Smith Curtis secretary-treas., and Superintendent McLennan of the Denoro Mines, Ltd., were in the city this week.

Mrs. J. Saunders left last week for Sr. Paul, Minn., where she will spend three months with friends and relatives.

H T. Hazen has gone to Montreal to consult with his principals regarding the construction of the Midway & Vernon railway.

The eastern train was several hours late on Wednesday, having been delayed by a burnt out bridge near West Robson.

Ralph Smailes went east on Wednesday in connection with the transfer of the Midway & Vernon charter to an eastern syndicate.

His Honor Judge Leamy presided in chambers at the court house on Wednesday when several formal applications were heard.

H. H. Shulleuberger has returned from Spokane He intends visiting Minneapolis and other eastern centres in a short time.

Miss C. M. Martin has been appointed assistant to Principal Clark by the Board of School Trustees. Miss Martin was principal of the Deadwood school until the summer vacation. The public school reopens on August 15th.

H. T. Pemberton and W. T. Hunter visited the Athlestan and other properties of the Montreal & Boston Consolidated on Wednesday last.

J. C. Haas and bride arrived in the city on Saturday last after spending the honeymoon in the coast cities. They have taken Mr. Naden's residence for the summer months.

The floss and felt mattresses are guaranteed to excel all others. "No exceptions." New and just arrived, see A. L. White & Co.

A. M. Whiteside having received a telegram that his aged father was seriously ill at the family home in New Westminster, left for the Royal city by Monday's train.

John, the youngest son of C. J. McArthur celebrated his third birthday by a driving party for a number of little tots of his own age. The big buss was used and the little ones thoroughly enjoyed themselves.

For sale, National Cash Register, $75.00; Imperial Cash Register $25.00. One safe, weighs 1250 lbs, $85.00. One safe 1600 lbs. $115.00. One pool table $125.00. Slot machines galore and anything you want, A. L. White & Co.

Bert McIntyre who was employed a few years ago by the Russell-Hardware company in this city and who was prominent in athletic and musical circles, was shot in a drunken row at Bossburg last Saturday by a man named Joe Taylor. He died from his wounsd on Monday last.

This week Isaac Skidmore uncovered a vein of high grade ore on the Humming Bird adjoining the E. P. U. on the north. He was working with the object of crosscutting the E. P. U. lead on his property and believes he has succeeded in doing so. The quartz is similar to E. P. U. quartz and should run high in gold values.

Blake Wilson of P. Burns & Co., was in the city this week. Mr. Wilson has just returned from the east where he closed a contract with Foley Bros., Larsen & Co., to supply meat to the camps along the line of railway which this well known firm is constructing for the C. P. R. from Toronto to Sudbury.

M. Kane and associates have bonded the Silver King in Skylark camp. It joins the Silver Cloud. Considerable work was done on the property some years ago and there is a quantity af high grade ore on the dump. The property is owned by a joint stock company in which Frank P. Hogan, Spokane, A. N. Pelly, A. Ferguson, J. C. Douglass and others hold shares.

Pat Welsh was in the city this week accompanied by Contractor Shields of the Great Northern. Mr. Shields stated that the road westward would be built just as soon as the engineers now in the field could discover a feasible route over the divide separating the Kettle from the Okanagan river. He had nothing definite to announce regarding the Midway-Greenwood line.

The ball game last Sunday between Greenwood and Phoenix resulted in the home team winning by a score of 4 to 6. In the first innings Phoenix piled up four runs and the Greenwood boys shut them out every innings afterwards. Good playing on both sides was very much in evidence throughout the game.

Thomas Price, postmaster at Fife, died suddenly on Saturday last and was buried in Grand Forks cemetery. Mr. Price was born near Cornwall, Ont., and leaves a family of six children.

C. M. Crouse, editor of the Midway Dispatch who is ill with typhoid fever in the Nelson hospital has taken a turn for the better and is now out of danger.

The deepest shaft in the world today is a bare 5,000 feet. The New Chum mine on the saddle reef Bendigo, was sunk 3,550 feet. At this depth the temperature of the air was 90 degrees and of the water 91 degrees. The Jupiter in the Transvaal is still deeper. The deepest mine in Tasmania is 1,400 feet. The Waihi mine in New Zealand contains one of the richest shoots of gold in the world. It is 2,000 feet long carring five or six ore bodies, some of which are immense, 290 stamps treat there ore. Probably the largest yield of gold on record for one year was that of the Dominion of Canada for 1900, being $27,916,752. This was due mainly to the Klondike discoveries, which alone yielded $22,309,205.—Mining Reporter.

NOTICE.

Notice is hereby given that the undersigned will not be responsible for any bills contracted by Frank Miller, a minor, who left his home on the 19th instant.
