Vol. 7. GREENWOOD, B. C. FRIDAY JULY 17. 1903. No. 47

INTERESTING EVENING

I. O. O. F. Lodges Phoenix and Greenwood.

INSTALL THEIR OFFICERS

Attendance Large and Proceedings Very Enjoyable.

On Tuesday evening, 14th instant, the district deputy grand master, P. G. Bro. D. Whiteside, accompanied by the following grand officers: P.G's. Bros. W. E. B. Fleming, J. Kerr, J. Russell, W. M. Law, and T. Hardy, visited Boundary Valley lodge, No. 38, I.O.O.F., Greenwood, for the purpose of installing the following officers of Boundary Valley lodge, No. 38, Greenwood, and Snowshoe lodge, No. 46, Phoenix:

Boundary Valley officers: N. G., Bro. J. L. White; V. G., Bro. E. Foyle Smith; Recording-Secretary, P. G. Bro. Fred B. Holmes; Financial Secretary, P. G. Bro. G. B. Taylor; Treasurer, Bro. W. G. Harvey; Warden, Bro. J. D. McCreath; Conductor, Bro. E. H. Cannon; O. G., P. G. Bro. W. Elson; I. G. Bro. J. Hickey; R. S. N. G., P. G. Bro. W. M. Law; L. S. N. G., Bro. J. Crawford; R. S. V. G., Bro. George R. Naden; L. S. V. G., P. G. Bro. H. B. Munroe; R. S. S., Bro. J. Saunders; L. S. S., Bro. H. Coutts; Organist, Bro. E. Foyle Smith; J. P. G. Bro. D. A. Bannerman.

Snowshoe officers: N. G., Bro. W. Morrison; V. G., Bro. W. S. Cook; Recording-Secretary, Bro. James Cuthbertson; Financial Secretary, Bro. A. S. Williamson; Treasurer, Bro. D. Murray; Warden, Bro. J. F. McDougall; Conductor, Bro. T. Johnson; O. G., Bro. Jno. Hanna; I. G., Bro. W. Hana; R. S. N. G., Bro. S. Stevens; L. S. N. G., Bro. W. McMillan; R. S. V. G., Bro. Alex Milkie; L. S. V. G., Bro. L. Stevenson; R. S. S., Bro. J. Taprill; L. S. S., Bro. J. Campbell; J. P. G., Bro. Marcus Martin.

There was an excellent attendance of members of the local lodge besides there were present visiting brethren from several district lodges; also from a number of the different jurisdictions of Canada and the United States. During the evening refreshments were served and an enjoyable time was spent in speechmaking and singing. It is expected that the next installation will also be a joint affair and take place at Snowshoe lodge, Phoenix.

A Double Wedding

A double wedding took place at Chesaw, Wash., on 5th inst., when P. W. Lover of Greenwood was married to Miss Maude Butler, and Stanley Smalley of Chesaw to Miss Pearl Butler. The ceremony was performed in the presence of a few intimate friends only, comparatively recent family bereavement having caused the brides to avoid any display. The young ladies are both well-known in Greenwood, they having resided in the town for six years prior to their removal last year to Chesaw. Mr. Lover is one of the shift bosses at the Mother Lode mine and he, too, has many friends and well-wishers in this district, in which he has resided for six or seven years. Mr. Smalley is son of a part owner of the Flying Dutchman, Poland China and other mineral claims situate near Chesaw. Mr. and Mrs. Smalley have made their home at Chesaw, and Mr. and Mrs. Lover at the Mother Lode, upon their arrival at which they received a very cordial welcome from "the boys." The Times joins with their numerous friends in wishing the newly married couples long life and much happiness.

Miners Will Celebrate.

Posters are out giving information relative to a grand celebration to be held in Greenwood on Wednesday, August 19, under the auspices of Greenwood Miners' Union, No. 22, W. F. of M. The committee having the arrangements in hand are H. R. Parsons, Fred. McInnis, T. Lightbody, W. McIntominy and O. A. Berg, who announce the intention to offer $1000 in prizes for various events in hose races, drilling contests, athletic sports, etc. Several well-known speakers will address the assemblage at a suitable time during the celebration, which will be wound up by a grand ball in the evening. The support of the city council and the board of trade has already been promised, whilst citizens generally will assist in making the miners celebration day a decidedly successful holiday. The local Miners' Union has chosen August 19 as its particular day of rejoicing for the reason that it is the anniversary of the institution of the union at Greenwood. The miners and smeltermen of Greenwood and surrounding parts are enthusiastic in their determination to make this celebration the best ever held in Greenwood.

Struck by Lightning

During a thunderstorm, which occurred last Saturday, and which was the most severe experienced in the district for several years, five horses were killed by lightning. They belonged to Thos. Graves of Midway and were on the range on the reservation a short distance south of the international boundary line and at the head of Catherine creek. They were standing close together, as horses do at this season of the year when the flies are troublesome, when the lightning caught them. Only one was much burned. During the same storm a tree on Davis' ranch, in the opposite direction from Midway was also struck.

Consult W. J. Harvey, O. D. M. F.E. C. O., about those headaches, pains in the eyes, eyes crossed, double or indistinct vision, or any error of Refraction or the fitting of spectacles that are absolutely correct, and will so neutralize the defect as to enable you to see without an effort. At Greenwood Monday and Tuesday Aug., 3rd and 4th.

Dr. McRae Resigns

Dr. A. D. McRae having resigned the pastorate of the Presbyterian church, Greenwood, to take up college work at Calgary, Rev. V. M. Purdy of Phoenix, who at the meeting of the Presbytery of Kootenay, held last week at Grand Forks, was appointed interior moderator, attended at the Greenwood church last Sunday morning to declare the pulpit vacant. The rev. gentleman preached at the morning service, whilst Rev. J. White occupied the pulpit in the evening. It is probable Dr. McRae will shortly pay a farewell visit to Greenwood.

GOOD CROPS EXPECTED

Recent Rains Benefit Fields and Gardens.

FARMERS ARE PLEASED

Area Under Cultivation Larger This Year.

From the farming districts south and west of Greenwood come reports of the benefit the crops have received from the plentiful rains of the past two or three weeks. About Boundary Falls, around Midway, along the Kettle River Valley to Rock creek and on the bench lands above that place, on Rock mountain and all through the Anarchist mountain section as far as Sidley, in fact wherever in this western part of the Boundary fields or gardens are being cultivated crops are reported to be healthy and promising an abundant yield. A very few fields only, where the previous dry weather had been unfavorable to the growth of grain crops, are stated to have suffered to any extent, all the hay and root fields and the vegetable gardens are now showing vigorous growth, which is all the more rapid now that bright warm weather has followed the rain. In the more important farming section between Rock Creek and Sidley there is stated to be a larger area of land in cultivation than in any previous season, and the outlook for the numerous farmers located in that section of the district is said to be decidedly encouraging.

Gone to Rossland

Mr. and Mrs J. D. Sword went out on last Wednesday afternoon's train for Rossland. It is probable they will go thence to Spokane. Mr. Sword recently returned from a visit to Prince of Wales Island, South East Alaska, where he had been in connection with a mining deal. Whilst there he met R. Liden, formerly assistant superintendent at the Greenwood smelter and now acting in a similar capacity to Paul Johnson at the smelter being erected on Prince of Wales Island. The Brown Company, which is financing this enterprise, seems to have, so Mr. Sword says, a big thing in hand They appear to have a very large body of copper-gold ore on their own property, and, too, have arranged to smelt gold quartz ores from another big vein in the vicinity.

Premier McBride says the conservatives will win. The premier is an awful josher.

Liberals at McKinney

Special to The Times.

CAMP MCKINNEY, July 15.—At a largely attended meeting held here to night a Liberal Association was formed. Duncan Ross, secretary Interior District Council, was present and addressed the meeting. Officers were elected as follows:

President, S. A. Sanborn; vice-president, Robert Barrow; secretary-treasurer, R. C. Johnston; executive committee, the above and V. J. Rose and Hugh Cameron.

S. A. Sanborn was appointed a delegate to attend the convention which will be held at Keremeos on Thursday to nominate a Liberal candidate for the Similkameen district. The Camp McKinney association started with a membership roll of 22, and a committee appointed to secure new members hope to increase the membership to 50. W. J. Snodgrass of Okanagan Falls, and Duncan Carmichael of Fairview were also present and addressed the meeting.

Fresh consignment of fruit just received at Munro's.

The Premier Here.

Hon Richard McBride, Premier of British Columbia, paid Greenwood a brief visit this week, coming in via Grand Forks and Phoenix on Wednesday evening and leaving by Thursday afternoon's train en route to Vernon, and thence back to the coast. Whilst here he attended a meeting and addressed a number of local conservatives, including several who had come down from Phoenix, confidently assuring them that the conservative party will win the coming political fight in the Province, complimenting them upon what the local organization had already done in the direction of getting names on the voters' list, and urging them to leave nothing undone, that gives promise of helping to ensure the election of a conservative to represent the Greenwood district.

Fresh bananas at Munroe's.

Business in the political line is picking up.

Apricots, blackberries and peaches, received last night by H B. Munroe.

THE BEST LINAMENT.

"I have derived great benefit from the use of Chamberlain's Pain Balm for rheumatism and lumbage," says Mrs. Ann Hagelgans, of Tuckahoe, N. J. "My husband used it for a sprained back and was also quickly relieved. In fact it is the best family liniment I have ever used. I would not think of being without it. I have recommended it to many and they always speak very highly of it and declare its merits are wonderful. For sale by J. L. White, Greenwood, and A. F. Thomas, Midway.

Butter beans, cucumbers and tomatoes, just in. H. B. Munroe.

MORE PLANT ARRIVING

Boundary Falls Smelter Is Being Enlarged.

ORE COMING IN FREELY

Full Supply of Coke Promised From Now On.

A third Connersville Company's blower, with direct-connected Erie City engine, was received at the Montreal & Boston Copper company's smelter at Boundary Falls last week, and on Monday of this week a third blast furnace arrived at the same works. The two blowers already in use are also Connersville machines, one a No. 7 and the other a No. 7½, each driven by its separate 75-H.P. Erie City engine, and each supplying blast for one furnace. The blower just received is a No. 8 and its engine is of 125-H.P., its capacity being equal to the blast requirements of two furnaces.

The new furnace, like No. 2 now in operation, was manufactured by the Union Iron Works, Spokane, Wash. It was finished several weeks ago, but owing to the insufficiency of the coke supply and the earlier unlikelihood of any considerable increase there was no inducement for the company to hasten its installation at the smelter. Now, however, that more coke is coming in and a full and continuous supply is promised, the treatment capacity of the works will be at once enlarged so that the increasing quantity of ore available may be accepted and handled without delay. The new furnace is of similar dimensions to the two running at Boundary Falls, viz., 40 inches by 176 inches at the tuyere line. It will be placed in line with and immediately south of No. 2, the removal of the power house having given room for more furnaces.

Other plant lately received at this smelter includes seven large cars or trucks to be used for the purpose of dumping the slag hot as soon as the present method of granulating it shall be abandoned. The limited space available for a slag dump makes it necessary at these works, as well as at the other two district smelters, that hot-dumping of the slag shall be substituted for granulation. The cars, which were made by the Union Iron Works, have a capacity of between four and five tons each. A locomotive for hauling these cars was ordered seven months ago, but there has been an unexpected delay in delivery on the part of the manufacturers who contracted to supply it. However, preparations are being made at the smelter to have everything in readiness to utilize it as soon as it shall reach the works, the blacksmiths being busy making switches, frogs and other parts of the railway between furnaces and dump for the slag tram.

Six months since it was announced that the Montreal & Boston Copper company planned to make considerable additions to its sampling plant and to put in a copper converter, these betterments to be made about the beginning of next year. Although no definite information has yet been given out in this connection, it is understood that these and other plans looking to the extension of the company's mining and smelting operations in the Boundary are being discussed with the directorate by Superintendent Goodell, who is now on a business visit to Montreal, Quebec.

Ore from the Sunset, B. C., Oro Denoro, and Snowshoe mines is being regularly received at the Boundary Falls smelter, besides occasional lots from the Providence and other smaller mines. When the third furnace shall be blown in a few weeks hence these works will have a daily treatment capacity of 900 to 1000 tons, and no difficulty is anticipated in obtaining this quantity of ore.

COMPANY, LTD.

Mid-Summer Opportunities

Commencing Saturday, July 11th, we place on sale a number of lines of seasonable goods at greatly reduced prices. Not out-of-date stuff, but desirable articles that you will require for some two or three months to come.

$2.50 Sailor Waists, $1.50
Chambray effects, in popular shades of blue and old rose. P. K. Yokes. Trimmed with Medallions.

$2.00 Shirt Waists, $1.50.
$1.50 Shirt Waists, $1.00.
White Lawn and India Linen. This season's style—tucked or plain.

35c and 40c Organdies 25c.
Pretty patterns in pink and blue colorings. Imported wash goods.

35c Hosiery, 20c.
Ladies cotton drop stitch hose, fast black. Sizes 8½ to 9½.

NEW GOODS.
Just received from the manufacturers, an elegant assortment of Runners, Pillow-shams and Table Covers. Tamboured and Brussels Net effects. Look them over.

MAKE LIFE'S WALK COMFORTABLE.
We have some incomplete lines of Johnson & Murphy shoes, in Russet and Tans, which we are desirous of closing out. Everyone knows these are the most comfortable and durable shoes for gentlemen. The prices we offer them at place them within the reach of all.

FRIENDS OF THE CHINESE

The Conservatives can prepare and adopt platforms which are usually all right and Conservative speakers are generally found advocating measures in the public interest around election times but conservatives usually shy when they are asked to vote for measures in the interests of the masses. This truism was exemplified at Ottawa a short time ago. It will be remembered that during the visit of Hon Mr. Borden and his party to British Columbia last year, they were then strong in their denunciation of the liberal government because it did not make sufficient haste in introducing prohibitive Chinese legislation. One member of the party went so far as to find fault with Sir Wilfred Laurier for having appointed Sir Henry Joly, lieutenant-governor of British Columbia because he had travelled across the continent on the same train with Li Hung Chang. He characterized this appointment as an insult to the laboring classes of British Columbia. We want the working men to note the conduct of leading conservatives when Anti Chinese legislation was introduced. When the measure imposing a tax of $500 on Chinese was introduced in the Senate, Hon Senator Templeman the B. C. representative in the liberal government, met with the greatest opposition from the conservatives, Sir McKenzie Bowell, the leader of the conservatives in the senate made a strong speech against the measure, and Senator McDonald a typical old tory from Victoria B. C., not only opposed the bill but made an elaborate defence of the Chinese. Sir McKenzie made much of the following telegram sent by James Dunsmuir:

VICTORIA B. C., June 4, 1903.
SENATOR MCKENZIE BOWELL,
Ottawa.

I observe from newspapers the senate is earnestly considering proposed Chinese head tax of $500. Passage of the act imposing a tax will not be in the interests of industry in this province and will tender to the aggressive labor unions which have already paralyzed all progressive undertakings here.

(Signed) JAMES DUNSMUIR.

We will now quote from the official senate debates, to show how senator Macdonald helps the laboring men of this province. He says:

I think the day is not far distant when you will have to get Chinese labor to mee t the union. White labor is going to ruin this country, it is becoming so unreasonable.

Much more might be quoted to show that when conservatives get anchored in the senate, when they are not looking for votes, they very soon show that they have no sympathy with the laboring classes but uphold all such men as James Dunsmuir.

On the other hand, the liberals while not in the habit of boasting on the platform never lose an opportunity to make laws in the interests of the laboring classes. Since coming into power in 1896, the Laurier government has passed more beneficial labor legislation than any other government on this continent.

The liberals pass laws to keep out undesirable coolie labor, the conservatives oppose any restrictions against cheap labor because they want to kill labor unions, and the Socialists believing in an equality of opportunity must necessarily welcome Chinese and all others with open arms. If there is to be equality of opportunity there cannot be any restriction whatsoever. Who then are the true friends of the workingmen?

Fish Matters.

The secretary of the Greenwood Board of Trade has received a letter from the Deputy Minister of Marine and Fisheries as follows:

OTTAWA, July 10, 1903,

SIR: Referring to your letter of May 26th, suggesting that fish-ladders be provided at the Cascade City dam, on Kettle River, and at the Boundary Falls, the inspector of Fisheries for the province visited these localities and he is of opinion that, as the difficulties are very serious, better results could be doubtless obtained by stocking the waters above these obstructions. Inspector Sword says: Some three or four years ago some small fish from below the falls on Boundary Creek were placed in the creek above. Previous to this no fish had been found there. Last year one trout of seven pounds weight was taken there. The success of this experiment would justify the expenditure of a moderate amount in stocking the creek above the falls in this way.

Referring to the lakes he adds: When I can get sufficiently exact information as to when these trout spawn, these lakes, at present barren, can be very easily stocked by planting impregrated ova, which can be obtained from the fish in other lakes within a reasonable distance. The expense would be limited to the expenses of a man, accustomed to this work, from one of the hatcheries; the wages of a local assistant for two or three weeks, and the hauling to the different lakes to be stocked. Long Lake is one of the lakes in which it was intended to place some of the black bass shipped from Ottawa last fall. The objections urged against the introduction of these fish would not apply to the local varieties.

The department will communicate further with your board on this subject.

SOME DENTAL HINTS

Careful cleansing of the teeth is the foundation of all care of the mouth.

Rational care of the teeth and mouth seeks to free the cavity of the mouth of all foreign substance.

Tartar must be removed from time to time. Loose roots and stumps must be extracted. Decayed teeth must be filled, or treated and filled; or extracted.

Artificial substitutes must be inserted in place of natural teeth which have been lost.

The sooner a diseased tooth is treated the more rapidly, painlessly, and cheaper can it be filled For this reason teeth should be thoroughly examined at least twice a year.

It is money well spent to have diseased roots and such as are still firmly implanted filled, and, where necessary, provided with artificial crowns.

Chicago Man's Opinion

Speaking at Grand Forks Chas. Magee of Chicago is reported to have said: "Although Michigan and Wisconsin are great mining states I am sure their mining men could visit the Granby group and get invaluable pointers about economy in handling ores. I am informed that the mining and smelting charges of the Granby company have been reduced to $1.20 and $1.35 per ton respectively. Low as these costs are I feel confident that they will be still further materially reduced in the near future. The larger the tonnage handled the cheaper the charges for mining and smelting. The 1500 tons of ore now extracted daily by the Granby company is only a fraction of the daily output that could be maintained with the splendid plant now installed. The same applies to the Mother Lode, Snowshoe, Big Copper, Emma and Oro Denoro mines which are enabled to quarry out their ores on the same wholesale scale. The Big Copper has a most remarkable showing, especially where the ore body has been uncovered. It is yet without railway facilities, but the extension of the spur there will not be expensive. The Big Copper has over 30,000 tons of ore on the dump ready for shipment and it seems to be conceded that its values run higher than those of any other Boundary proposition. The tonnage in sight on the surface though in a mining sense not blocked out is enormous. Greenwood seems to be a centre of mining activity just now. Half a dozen high grade mines with small ledges are paying handsome returns. I have noticed that whenever money has been expended in this country a mine has resulted."

Poplar creek, the scene of the recent gold strike, is over-run with gold hunters. Location stakes are being placed over every foot of ground in the immediate neighborhood of the Gold Park group.

TOO GREAT A RISK.

In almost every neighborhood someone has died from an attack of colic or cholera morbus, after medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by J. L. White, Greenwood, and A. F. Thomas, Midway.

North Fork Coal Fields

William Blakemore, M. E., consulting engineer to the British Columbia Coal company, has returned from his first trip to the company's coal fields on the north fork of Kettle river, 50 miles north of Grand Forks. Under his direction eight coal miners, recently hired at Fernie, were started to work stripping the big coal seam on the Wiseman claim. He will revisit the properties shortly, when the nature of further development work will be decided. Mr. Blakemore, who is a conservative engineer, said that the coal outcropped on the surface. He declined to make any further statement for publication until after his next visit.—News-Gazette.

Greenwood and Phoenix Play at Ball

AS SEEN BY THE KHAN

Greenwood and Phoenix nines had a go at ball last Sunday afternoon at the agricultural grounds and the home nine won by a score of 10 to 9. Greenwood was stre igthened by Watson in the box, and Hank Madden on third bag. While Phoenix was strengthened by Kidwell on third, and McKelvie at centre. The playing by both teams was like what you read about in back of books where there's no pages. For Phoenix Kidwell butchered many a ball; McKelvie hopped around like a toad; Strützel in the box was fast and furious; Haverty ought to go away back and sit down as he missed some good ones; Palmer Cook might play marbles, but he can't ball; the rest of the gang looked like ping pongers. For Greewnood Plinky Warren was as active as if he had an electric battery in his pocket; Haines did some good mile running, and at bat actually hit the ball once; Jack McBain turned several somersaults in mid air and caught the ball every time; good old Si Perkins at bat repeated his Palouse record by making a 3-base hit. Short George Thompson must have been up against Iron Brew, for his playing was bad; the man who told Charley Dunne that he could play ball ought to be sued for damages; Billy Medill had that tired feeling; Watson made several flying switches; Madden held down about five acres around third, and his playing—well, he looked at a game in Frisco. Harry Reddy was umpire and his decisions were like the writer of this article—shaky. 'Nuff ced.

Down From West Fork

E. G. Cummings came down from the West Fork of Kettle River last Saturday. From him it was learned that several of the mining properties in that section are looking well. He mentioned in particular the Rambler, Bounty and Bell. Neighboring claims upon which recent prospecting has opened up good showings are the Standard and Black Diamond, on which P. J. Kennedy has been working, and on the Napanee group owned by Schenck & Cummings. A shaft sunk 30 feet on the last mentioned at that depth is all in ore—copper and arsenical iron carrying gold. The vein was only about two feet in width at 22 feet down, but after that it widened considerably. Owners of claims situate up the West Fork, whilst pleased to learn that money has been voted by the provincial legislature to complete the wagon road to to Beaverdell and the Carmi, earnestly hope that the efforts of Robert Wood and those interested with him in the projected Midway-Nernon railway towards getting financial aid to that undertaking will soon be successful, cheap transportation being what the West Fork most needs.

Ah There Ore

Ten cars of ore have been hauled from the dump at the Morrison mine to the railway switch above Deadwood. This ore is being used as required at the Greenwood smelter, its sulphur contents making it particularly useful at times Teams are continuing to haul from the Morrison, the expectation being that at least 1000 tons will be taken from the dump. One car of Ah There ore has also been sent down from Deadwood to the smelter. About Deadwood it is rumored that woek is shortly to be resumed at the Greyhound, but this report has not yet been officially confirmed.

NOTHING LIKE EXPERIENCE.

"Gne truth learned by actual experience does more good than ten experienoes one hears about." Tell a man that Chamberlain's Colic, Cholera and Diarrhoea Remedy will cure cholera morbus, and he will most likely forget it before the end of the day. Let him have a severe atttack of that disease, feel that he is about to die, use this remedy, and learn from his own experience how quickly it gives relief, and he will remember it all his life. For sale by J. L. White, Greenwood and A. F. Thomas, Midway.

LOCAL EXTRACT

Go to H. B. Munroe's for fine fresh cherries.

Pete Bow-Wow is sojourning at Midway at present.

A carload of piping arrived this week for the Boundary Falls smelter.

Another son was born to judge and Mrs. I. H. Hallett last Sunday.

No 1 furnace at Boundary Falls was closed down on Tuesday for repairs.

John Moran and Scott McRae are doing assessment work on claims in Copper camp.

Mr. and Mrs. Geo. B. Paul and family will probably leave for Spokane on Monday to spend a vacation in that city.

For fruits for preserving go to H. B. Munroe, who receives fresh supplies of fruit every day from the Bellevue Fruit Farm, Meyers Falls, Wash.

Methodist Church, J. D. P. Knox pastor. Services at 11 a. m. and 7.30 p. m Morning class at 10.20 a. m. Sunday School at 2.30 p. m.

The Greenwood Liberal Association held a very enthusiastic meeting Wednesday night. The attendance was large. About twenty new members were added to the roll.

J. Thomas Williams and his bride have returned from their honeymoon trip. Mr. Williams is now at Phoenix relieving one of the Hunter-Kendrick Co's staff in that town.

Mrs. Charles K. Vahey came over from Grand Forks yesterday to join her husband, who was lately transferred to the Hunter-Kendrick Co's Greenwood establishment.

Dr. Mathison will leave next Monday on a three weeks' holiday trip to the coast. He will be accompanied by Mrs. Mathison, who will remain at Vancouver for a couple of months.

Work has been started on the Trilby in Skylark camp. This property was recently bonded by Gaunce & Wickwire of Greenwood, McDonell Bros. of Anaconda and A. J. Coursen of Seattle.

A saloonkeeper who will give a man whisky while drunk is lower than a snake, and would use a meat axe on his mother-in-law simply because she was cross-eyed and had a wart on her nose.

Dr. Armstrong, Dominion veterinary surgeon, was over from Nelson again this week on professional business. He was accompanied by Mrs. Armstrong. Mr. and Mrs. E. Ferguson were also here from Nelson.

A party numbering about 20, mostly lady residents of Greenwood, walked down to Boundary Falls yesterday morning and picnicked there for the day, returning to town in the evening. They reported having had a good time down stream.

Protect your most valuable faculty and save your sight, by having your eyes examined by one who has made defective vision a life study, and can advise you what is best for them. Consult Dr. W. J. Harvey. At Greenwood Monday and Tuesday Aug 3rd and 4th

Included in business to have the attention of the Greenwood Board of Trade at its regular meeting next Wednesday afternoon will be the appointment of delegates to represent the board at the Fifth Congress of Chambers of Commerce of the Empire, to be held in Montreal next month.

Bishop Dart, of the Diocese of Kootenay, arrived in Greenwood last Saturday, after having spent two or three days at Phoenix. On Sunday His Lordship attended three services at St. Jude's Church of England. He was celebrant at Holy Communion at 8 a.m. preached at Matins at 11 a. m., and at Evensong, besides preaching confirmed four adults, two ladies and two men. The rector, Rev. W. A. Robins, M. A., also officiated at the services. During his stay in Greenwood the bishop, who left for Grand Forks on Monday afternoon, was the guest of Mr. and Mrs Robert Wood.

The Grand Forks News-Gazette states that E. Spraggett has commenced to extend the North Fork wagon road through to Franklin camp. Work has been started at the second rock slide about 23 miles above Grand Forks. An appropriation of $5,000 is stated to be available for this work.

E. Wentworth Monk the popular representative of the Hamilton Powder Company in this district left for Nelson last Monday to take charge of the office there, succeeding Gec. C. Tunstall Jr. who has been appointed general agent for South Australia for the Nobel Company. Scottish Manufacturers of fuse on a large scale.

Dr. W. J. Harvey, O. D. M. F. E. C. O., Professor of Physiological Optics in the Empire College of Ophthalmology, Toronto, is scheduled for a visit to our city; and may be consulted free, about all errors of Refraction, Accommodation, Convergence, and general anomalies of sight, or the fitting of spectacles, at Greenwood Monday and Tuesday Aug., 3rd and 4th.

H. Shallenberger is again doing prospecting work on the Crescent No. 2 in Skylark camp. Mrs. Shallenberger and Miss Adams, the latter a sister of Mrs. L. A. Smith of Anaconda, are also in camp on the Crescent, so that life up there is more attractive than usually falls to the lot of a mining man in the woods.

Owing to the indisposition of His Honor Judge Leamy, who was confined to his room by an attack of rheumatism, the sitting of the County Court had to be postponed from Tuesday 14th to Tuesday 21st inst. Several lawyers from Phoenix and Revelstoke, came to Greenwood to appear for clients, but under the circumstances their visit was resultless.

Robert Wood, whose return from, Ottawa was mentioned in the Times last week, has not much to say at present for publication relative to the Midway-Vernon railway project. He thinks it probable the federal legislature will grant a cash subsidy in aid of the railway, but as yet it is uncertain whether the efforts of himself and R. Smailes in this direction will be successful.

It is now confidently anticipated that there will be at least 650 names on the voters' list for the Greenwood Electoral District. Yesterday the number had reached 546 and it was then known that there were more to come from Eholt, whilst it is certain that more will be obtained in and around Greenwood. Then out of 52 applications for naturalization to be made at next Tuesday's court, 42 are those of Greenwood district residents who intend having their names placed on the voters' list.

Jas. W. Ellis left for the coast via Spokane on Wednesday morning for a well-earned change after a residence in the district of about six years, four and a half of which he was connected with the Times office. Steady industrious and capable in the office, and congenial in private life, Mr. Ellis enjoyed as he deserevd the respect and good-will of those with whom he came in contact, whether in a business or a friendly way. It is hoped that he will return to Greenwood three or four months hence, but if he shall not he will have the good wishes for his success wherever he may be of numbers of friends in the Boundary. His successor in the Times office is H. W. Falconer, late of the Evening World office, Rossland, who came in on last Tuesday's train.

If it's a bilious attack, take Chamberlain's Stomach and Liver Tablets and a quick recovery is certain. For sale by J. L. White, Greenwood, and A. F. Thomas, Midway.

Greenwood, July 17, 1903.

THE LAND and THE TIME of MOSQUITOES

This is it—or, rather "these are they" After you have been "punctured" a sufficient number of times to let all false notions escape regarding mosquitoes, just come in and get a bottle of our **Toilet Cream and Mosquito Preventative**—a nice lotion, combining the two properties of softening and beautifying the skin, and at the same time, keeping off all mosquitoes. They will not light on you if you have used this lotion. Price 25c.
