Legislature Library 20 1901

FULL OF PROMISE

What May be Expected in the Boundary District This Year—Railway Building—New Smelters and Increased Forces at the Mines.

This will be the best year Greenwood ever had. The pessimist will laugh at this statement and demand strong reasons for the faith that is in us. Here they are. Greenwood grew too fast during the construction of the C. P. R. and is only now recovering from the growing pains. Business is now done in a business way and all merchants are in splendid shape to meet the revival of trade that is coming suddenly.

Among railway contractors, the most popular and the best in the interests of a town in which they are interested are J. W. Stewart and Pat Welch. They will be here in a short time to establish headquarters and reopen their warehouses. During the construction of the V. V. & E. from Curlew to Midway to Greenwood and on to Phoenix they will make Greenwood their headquarters and pay out from $60,000 to $100,000 a month in this city. The road is completed to Curlew and active construction will be commenced from that point towards Greenwood within the next sixty days.

Nor is this the only railway that will be built during the coming summer. Should the wishes of the V. V. & E. company not be fustrated by parliament, the line will be continued westward towards the coast. Then, too, active work will commence on the Midway & Vernon road and in all probability Greenwood will be made the headquarters for this end of the line.

The smelting situation is also most hopeful. The reduced price of copper has set mining and smelting men thinking. The conclusion they arrived at was to the effect that there is still money in treating Boundary ores, but in order to maintain a reasonable profit, the output must be increased. It is reported that a meeting of the British Columbia Copper company held in New York recently this was the conclusion arrived at and instructions have been issued to get the second furnace in operation as quickly as possible. This will double the capacity of the smelter and this will be increased from time to time until one of the largest reduction works on the continent will be established here. The situation have also confirmed mining companies without smelters in their opinion that the best and most profitable results are to be obtained by treating their own ores. The Montreal and Boston Copper company owning the Sunset and other properties in Deadwood camp are negotiating for the purpose of acquiring the smelter at Boundary Falls and the deal will be closed in a ew days. It is understood that Messrs. Munroe of Montreal will be here early next week accompanied by one of the best known smelter experts in America for the purpose of taking over the works. As soon as the smelter can be blown in regular shipments will be made from the Sunset.

A meeting of the shareholders of the Morrison Mines, Ltd., will shortly be held for the purpose of confirming the sale of the mine to Chicago capitalists. As soon as the sale is effected this property will be developed on a large scale and as there are thousands of tons of ore in sight the new owners will doubtless follow the lead of others and arrange for the erection of their own reduction works near the mine.

Good work is being done on the Ruby near Boundary Falls which is being developed by F. W. Hayes and other Detroit capitalists. Under the superintendence of J. W. Hamilton a large amount of work has been done. It is reported that shipments from the King Solomon in Copper camp will be resumed early in the spring.

Up-to-date not one mine in the Boundarp has been closed, instead preparations are being made for increasing the working force at all mines. With active railway construction, with at least another smelter in operation and with increased output from the mines, the year is certain to be the most progressive in the history of the city and district.

THE CITY COUNCIL.

Proceedings Transacted at the Last Regular Meeting.

The regular meeting of the city council was held on Monday evening with Ald. Ross in the chair and Ald. Caulfield, Sullivan, Kirkwood, Bannerman and Smailes, present. Joseph La Page tendered for scavenger work at the rate of fifty cents per month for private houses and five dollars for hotels. The tender was tabled for future consideration. The Greenwood Socialist society asked for the use of the city hall one night a week and the request was granted. Ald. Kirkwood introduced an amendment to the pound by-law allowing tax collector to destroy dogs for which no tax had been paid and to charge the owner with expense of removing the same from the city limits. The tax sale by-law was further considered and the council adjourned until Wednesday evening to finally pass this by-law. A resolution was passed to the effect that city would not be responsible for any patients in the hospital unless same were admitted on authority of the mayor and medical officer of health.

Notice of Assignment.

PURSUANT TO THE "CREDITORS' TRUST DEEDS ACT, 1901.

Notice is Hereby Given that Jacob Fleishmann, of the City of Vancouver in the Province of British Columbia, Merchant, has by Deed of Assignment for the Benefit of Creditors bearing date the 17th day of January, A. D, 1902, made in pursuance of the "Creditors' Trust Deeds Act, 1901," granted and assigned unto Alfred S. Black, of the City of Greenwood in the said Province, solicitor, all his personal estate, credits and effects which may be seized and sold under execution, and all his real estate in trust for the benefit of his creditors for the purpose of distribution amongst the said creditors as provided by law. The said Deed of assignment was executed by the said Jacob Fleishmann on the 17th day of January, A. D. 1902, and afterwards on the said 17th day of January, A. D. 1902, by the said Alfred S. Black.

All Creditors having claims against the said Jacob Fleishmann are required to file their claims with the said Assignee, Alfred S. Black, duly proved as provided by the Act. In default of the said Assignee receiving satisfactory proof thereof, any creditor is liable to have his claim barred.

And notice is hereby further given that a meeting of the said creditors will be held at the offices of the said Assignee, in the Guess Block, Copper street, Greenwood, B. C., on the 3rd day of February, A. D., 1902, at the hour of four o'clock in the afternoon.

Dated at Greenwood, British Columbia, this 21st day of January, A, D. 1902.

CURLING

Greenwood Curling Club Has Been Organized With Good Membership.

A well attended meeting was held in the Russell-Law-Caulfield office Wednesday afternoon for the purpose of organizing the Greenwood curling club, It was decided to organize the club and the following officers were elected: Pres., J. A. Russell; vice-pres., Rev. Dr. McRae; sec-treas., J. M. Humphrey. These with the following gentlemen will compose the board of management: F. J. Finucane, H. F. Mytton, A. W. Strickland, J. S. Birnie and H. C. Shaw. Arrangements have been made with Mr. Caldwell for the use of the rink up to two o'clock each day, up to seven o'clock three days in the week and one night exclusively. The stones will be here next week and after a few night's practice, the old time curlers expect to be in shape to meet any rink in the district. Last Saturday evening Sandy Cameron, Dr. McRae, J. A. Russell and A. W. Strickland, skip, went to Phoenix and met a Phoenix rink. Although none of the Greenwood men had played for years they did fairly well, the score being 17 to 7 in favor of the Phoenix rink.

SAD DEATH OF MRS. HAMILTON

Wife of Superintendent of the Ruby Mine Dies Suddenly in Hospital.

Mrs. J. W. Hamilton, wife of the superintendent of the Ruby mine, died suddenly in the hospital on Monday night. Monday afternoon she underwent a slight operation for tonsilitus, and was resting easily when left by the doctors in the evening. Shortly before midnight a reaction set in and she died suddenly, heart failure being the cause. Mrs. Hamilton leaves beside the bereaved husband four children the eldest being only fifteen years of age. She was a sister of Jno. R. Toole of Montana. Funeral arrangements are awaiting the arrival of relatives from Montana.

On Thursday Jno. R. Toole and his sister Mrs. Cox arived from Montana and the funeral takes place this afternoon from Gulley's undertaking parlors and later from the Roman Catholic church. Mr. Toole and Mrs. Cox will take the four children back with them to Spokane where they will be placed in the Sisters' school.

Montana papers please copy.

The Annual and special general meeting of the shareholders of the Boundary Creek Mining and Milling company will be held at the office of company near the Pioneer hotel tomorrow afternoon at three o'clock. Business of importance will come up for consideration.

Jno. R. Toole who is in the city is one of the best known of Montana's famous mining men. He is executer for the Daly estate and is in close touch with the Copper Magnates and the Copper market. In his opinion Copper will not go up to the old price. He belives that the natural price is about 13 cents and that the Copper kings will arrange for a fixed price around that figure. Mr. Toole was one of the first to invest in the Boundary. He had the Winnipeg bonded and spent considerable money in developing it. He is now interested in the Nickle Plate on 20 Mile creek in the Similkameen.

NOTICE OF ASSIGNMENT

Pursuant to The "Creditors Trust Deeds Act, 1901.

NOTICE IS HEREBY GIVEN that William Macpherson, heretofore carrying on business as Jeweller, at the City of Greenwood in the Province of British Columbia, has, by deed of assignment, made in pursuance of the "Creditors Trust Deeds Act, 1901" and bearing date the 10th day of January, 1902, assigned all his real and personal property which may be seized and sold under execution, to Wallace Ogle Wright, of the said City of Greenwood, Accountant, in trust for the general benefit of his creditors.

The said deed was executed by the said William Macpherson on the 10th day of January, A. D., 1902 and afterwards by the said Wallace Ogle Wright on the said 10th day of January, A. D. 1902.

All persons having claims against the said William Macpherson are required to forward particulars of same, duly verified, to the said assignee, Walace Ogle Wright, on or before the 29th day of January, A. D, 1902, after which date the said assignee will proceed to distribute the assets of the said estate among the parties entitled thereto, having regard only to the claims of which he shall then have received notice.

AND TAKE FURTHER NOTICE that a meeting of the creditors of the said William Macpherson will be held at the officer of Messrs. Pringle and Whiteside, Rendell building, Copper steset, Greenwood, B. C. on the 29th day of January, at the hour of three o'clock in the afternoon.

Dated at Greenwood, B. C. this 14th day of January, A.D., 1902.

LAST CHANCE MINE

Will be Operated by Assessable Company Work Resumed on The Waterloo in Camp McKinney. Annual Meeting of The Boundary Creek M. & M., Company

The Boundary Creek Mining company owning the Last Chance mine in Skylark camp, near Greenwood is soon to be reorganized and put on an assessale basis. Arrangements to that effect are now being made and it is hoped will be completed in a short time.

The mine has been closed down for some time on account of lack of funds, but by making the stock assessable the treasury will soon have money enough to go ahead with the work. One of the reasons for starting work again is the splendid showing that has lately been made on the Lake claim, adjoining the Last Chance.

The Last Chace mine is one of the oldest locations in skylark camp, and is a rich gold and silver proposition, from which some shipments have been made, even before a railway was built into the Boundary country. It is owned by the Boundary Creek Mining company of Spokane, of which Sidney Rosenhaupt is the secretary. Two years ago a car of ore was shipped from which satisfactory returns were made, but the mine was closed about that time and has remained closed since.

It has been developed to a depth of 120 feet feet with a double compartment shaft sunk between two parallel veins. The east crosscut was driven about 70 feet and the west crosscut over 200 feet, the last hundred of which was all mineralized rock. At the end of the west crosscut drifting was started north on the most promising payshoot, which was penetrated about 18 inches, with 10 inches to the south. This ore ran from $80 to $267 per ton, the gold values being from $5 to $30 per ton and the silver from 126 to 245 ounces per ton.

Capt. F. D. Howe the well known mining man was in the city this week enroute for Camp McKinney, where he takes charge of the Waterloo mine which will be actively developed.

Geo. W. Hughes the Salmo Mining king was in the city this week.

J. D. Sword has returned from a trip to the Similkameen.

L. L. Patrick M. E., of Molson is registered at the Armstrong.

On Feburary 3rd the Ladies Aid society of the Presbyterian church will give a musical intertainment and jumble sale in the new Mellor block Copper street. Excellent programme has been arranged for the occasion.

At the meeting of the Greenwood Literary Society to be held in the Presbyterian church on Wednesday evening. J. Lukov will read a paper on the power of suggestion. Mr Lukov is a careful student of such matters and the paper is bound to prove interesting and instructive. The German class under the direction of Dr. McRae meets at 7:15 at the same place the same evening.

CHIEF JUSTICESHIP.

The elevation of E. P. Davis to the supreme court bench would strengthen the judiciary of the province. It is not too much to say that in a large province like B. C., judges should be superannuated at an earlier age than in the more thickly settled provinces, where a judge has not so much territory to cover and can do his duty without the waste of so much physical strength as is required here. Death is no respector of persons and strikes the young and the strong rather than the old and weak. It is rather encouraging that when Chief Justice McColl was cut down in the prime of life, there is a probability of his place being taken by about the only one who can compare with him in knowledge of law and those other qualities that are so necessary on the bench.

Protests have already been sent in because of judicial delays on account of physical incapacity on the part of supreme court judges and it is to be hoped that the minister of justice will do his share in removing these objections by appointing men who can work to the bench. There would be enough supreme court judges in the province if some of them were not handicapped by old age and other disabilities.

The complaint regarding judges is not local. An Ottawa dispatch says :

It is understood that it is the intention of some members of the house of commons and the senate to present an address for the removal of certain judges who, they contend, ought to have had sufficient appreciation of their responsibility and the good taste long ago to have retired. There are the memorial will state, men on the bench who are so deaf that it is well nigh impossible to make them hear and It is futher held that there are paralytics. It is understood that prominent members of the legal profession on both sides have represented to the government the scandal of permitting these men to continue in positions for which they are no longer qualified. The representations made to the government have been so well supported by men of of both political parties that parliment may undertake the dischare of its duty, however, disagreeable without leaving itself open to any adverse criticism.

Judges were a good while ago appointed during good behavior, but it was never intended in making them independent of the influence of the crown to enable men who have ceased to qualify for the discharge of their duties to continue on the bench. There are, for instance, on the bench in Ontario several men upwards of 80 years of age. Some of them are so deaf that they do not hear half of what is said to them by counsel; some, owing to teeir great age and the failure of their mental faculties, the contention of the complainants is, forget whatever law they knew, and do not remember near the close of the proceedings what was said to them at the beginning. If these men have not the good sense to retire, parliament will be asked to discharge its duty and enable the government to discharge its duty as well. If this is done there is not likely to be any adverse criticism or any misrepresentations in respect to the matter.

THE LIBERAL CONVENTION.

Thursday, Feb. 6, a provincial liberal convention will be held in Vancouver. Prejudiced parties are prophesying all sorts of diteful results on account of the differences of opinions that exist among liberals. It is quite true that all liberals do not look upon provincial matters from the same point view but this is equally true of conservatives. This reason is that neither party have been thoroughly organized in connection with provincial politics. Until this is done, political adventurers will always keep a foothold to the deteriment of the province. We believe that the representative men of both the old time parties are anxious for good government in this province and are equally anxious to set aside the present state of affairs. As we have said before we would rather see a strong conservative government in power than the present outfit and the surest way to make a party promulgate a sensible, business-like policy is to give it a well organized opposition. So far as the Times is concerned it is most anxious to see good government established and is prepared to fight in opposition for a time if by assisting to organize that opposition, political opponents have been forced to give the province its very best men and its most progressive policy. If this idea were kept to the front at the liberal convention there would be no crying of peace when there is no peace and there would be no temporizing with those who would use the liberal party to exploit their own selfish interests. It is a time above all times when the province should be considered before party.

There are enough good men in either of the old time parties who if they freed from the machinations of unprincipled adventurers would give this province what it needs—strong capable administration of its affairs.

KNIGHTS OF PYTHIAS

Grand Chancellor N. Binns Visits Greenwood Lodge.

On Wednesday evening a large number of Knights turned out to welcome N. Binns, of Trail, grand chancellor of the domain of British Columbia. After the routine of lodge work was over, a speech was made by the grand chancellor, giving an outline of duties of lodges and individual members. The speech was enthusiastically received by the members.

Speeches were then made by visiting brothers and by several members of the lodge. At eleven o'clock the chancellor commander announced that a banquet was ready at the Imperial hotel. All then proceeded to that place where about sixty sat down to the spread. After discussing the banquet which all agreed was excellent, toasts were proposed and replied to, and several talented Knights favored the gathering with songs and impromptu speeches. The crowd broke up a late hour, after singing "God Save the King" and "Auld Lang Syne."

The grand chancellor installed the officers of Phoenix Lodge on Friday evening. A number from Greenwood lodge were present, who wish to extend thanks to the Phoenix members for a royal good time.

Mineral Production.

The provincial mineralogist has issued a bulletin showing the estimated output of British Columbia for 1901 to be worth $20,713,501, as against the ascertained value of $16,344,751 for 1900.

West Kootenay heads the districts with $7,392,189, as against $6,020,783 in 1900.

Trail Creek division stands at the head of any single mining division, and is credited with $3,855,556, as against $2,739,300, for the previous year.

Grand Forks and Kettle River mining divisions combind are credited with a total of $4,695,469, as against $1,358,383 for 1900, and show the greatest increase over the previous year of any division.

The Ainsworth and Slocan figures are $2,240,615 for 1901, and $2,413,373 for 1900. Nelson is credited with $1,110,226, as against $787,082 for 1900.

East Kootenay returns show the estimate for 1901 to be $2,850,289, as against $2,855,851 for the previous year.

BY-LAW NO. 73.

A By-law to authorize the sale of lands within the Municipality of the City of Greenwood, upon which Taxes have been due and in arrears for two years prior to the passing of this By-law.

WHEREAS it is expedient that all lands, or improvements, or real property within the limits of the Municipality of the City of Greenwood upon which Municipal Taxes have been due and in arrear for two years prior to the passing of this By-law, shall be sold and the proceeds applied in the reduction of such taxes.

Be it therefore enacted by the Municipal Council of the City of Greenwood as follows:

1. The collector of the Municipal Council of the City of Greenwood, is hereby authorized and directed whensoever taxes on any lands or improvements or real property have been due for two years prior to the passing of this Bylaw to submit to the Mayor of the said City of Greenwood a list, in duplicate, of all lands, improvements or real property liable under the provision of this bylaw to be sold for taxes with the amount of arrears against each lot set opposite the same and the Mayor shall authenticate such list by affixing thereto the Seal of the Municipality and his Signature, and one of such lists shall be deposited with the City Clerk of the Municipality and the other shall be returned to the collector with a warrant thereto annexed under the hand of the Mayor and the Seal of the Municipality commanding him to levy upon the land, or improvements, or real property for the arrears due thereon, with costs, Collector's commission authorized by this Bylaw and contingent expenses.

2. It shall not be the duty of the Collector to make inquiry before affecting a sale of lands, or improvements or real property for taxes, to ascertain whether or not there is any distress upon the lands, nor shall he be bound to inquire into or form any opinion of the value of the lands, or improvements, or real property.

3. The Collector shall prepare a copy of the list of lands, improvements, or property to be sold, and in such lists shall be scheduled in separate columns:—

(1) The amount of taxes unpaid up to the date of the passing of this Bylaw:

(2) The Collector's commission authorized by this Bylaw to be paid to him and contingent expenses of sale; and

(3) The total amount of taxes and cost for which the property is liable to be sold.

And the Mayor shall authenticate such list by affixing thereeo the seal of the Municipality and his signature; and the Collector shall cause a copy of the last mentioned list to be published for at least a period of one month proceeding the date of such intended sale in some weekly newspaper published in the Municipality of the City of Greenwood.

4. The advertisment shall contain notification that unless the arrears and cost are sooner paid, he will proceed to sell at public auction the lands, or improvements, or real property for the taxes, on a day, a time, and at a place named in the advertisement, but it shall not be necessary for such advertisement to state whether the lands offered for sale are patented or unpatented.

5. The Collector shall, at least two months before the time of sale, deliver or cause to be delivered to the registered owners and holders of charges on each parcel of land contained in said list, a notice in writing signed by him of said sale and the consequences, thereof, and of the amount of taxes due on such parcel and for which said parcel is being sold, and the amount of commission and expenses charged against each parcel. In case personal service cannot be effected upon any person entitled thereto hereunder, then substituted service upon such person shall be effected in such manner as any Judge of the Supreme Court may direct, and the cost of obtaining such direction shall be added to the cost of sale charged against the particular parcel of land in respect of which such direction is obtained. He shall also, at least two months before the time of sale post a similar notice in writing and so signed, in some convenient public place within the Municipality, such as the front door of the City Hall of the Municipality or other conspicuous place.

6. The day of the sale shall be the thirty third day after the publication in a newspaper of such list, exclusive of the day of such publication except in case the said thirty third day shall fall on a Sunday or holiday, in such case such sale shall take place on the following day at the City Hall in the Municipality of the City of Greenwood and shall begin at eleven o'clock in the forenoon.

7. If at any time appoidted for the sale of the lands, or improvements, or real property, no bidders appear, the Collector may adjourn the sale from time to time.

8. If the taxes due on any lands, real property or improvements contained in such list and Collectors commission thereon and legal expenses incurred in connection with the sale under this Bylaw and chargeable thereto, have not been previously collected, or if no one appears to pay the same at the time and place appointed for the sale, the Collector shall sell at public auction so much of the land, or improvements, or real property, as may be sufficient to discharge the taxes, interest thereon and all lawful charges incurred in and about the sale and collection of the taxes, selling in preference such part as he may consider best for the owner to sell first, and in offering such land or improvements, or real property for sale it shall not be necessary to describe particularly the portion of the lot or section as shall be necessary to secure the payment of the taxes due, and and the amount of taxes stated in the advertisement shall in all cases be prima facie evidence of the correct amount due.

9. If the collector fails at such sale to sell such land or improvements, or real property for the full amount of arrears of taxes due, he shall at such sale adjourn the same until a day to be publicly named by him, not earlier than one week nor later than three months thereafter, of which adjourned sale he shall give notice by advertisement in the newspaper in which the original notice was advertized, and on such day he shall sell such lands or improvements, or real property for any sum he can realize. Provided that in the event of of the price offered for any land or improvements or real property at such adjourned sale being less than the amount of the arrears of taxes due in respect of such land, improvements, or real property, the collector shall have power, if he thinks fit so to do, to purchase such land improvements, or real property in the name of and in behalf of the said Municipality.

10. If the purchaser of any land, improvements or real property at such sale fails immediately to pay the collector the amount of the purchase money, the collector shall forwith again put the property up for sale.

11. Immediately after every sale the collector shall return a list of the arrears satisfied by such sale to the Clerk of the Municipality, and shall at the same time pay the proceeds to the Treasurer of the said Municipality.

12. The collector shall be entitled to 2½ per centum commission upon all sums collected by him as afore-said.

13. This By law may be cited for all purposes as the City of Greenwood Real Estate Tax Sale Bylaw 1902.

Mr. and Mrs. Arthur Mowat left on Thursday for their old home in Toronto after a re idence of nearly three years in Greenwood. Both made numerous friends in this city, all of whom regret their departure.

Ping Pong has struck town. The game of in door tennis which has captured every city and village from London all around the world has reached Greenwood. The ping pong of the celluloid balls can be heard at all hours of the day and night. The game was introduced by the Saints' Rest, and on Monday night a house party was given and the game exemplified by the Saints. The contagion soon spread and several orders have been placed for the necessary plant with which to beguile long winter nights and at the same time be in the swim.

The semi-annual meeting of the Trades and Labor council was held on Monday night when the following officers were elected: President, Geo. Dourthey; Vice-pres., Chas. Dempsey; Sec-treas., C. W. Wilson.

U. S. Consul Col. Dudley of Vancouver, accompanied by Mr. Jackson the consular agent at Rossland visited Greenwood this week. Col. Dudley is sizing up the situation with a view to arranging for the appointment of a consular agent in the Boundary.

The meetings of the Greenwood Literary society are being well attended. Last Wednesday night in the Methodist church Duncan Ross read a paper on journalism and an interesting and well contested debate followed. The subject was annexation vs Canadian independence. Duncan McIntosh led the annexation forces and R. P. McRae championed the cause of independence. Mr. McIntosh was supported by J. Lukov and Duncan Ross while Rev. Dr. McRae and Mr. Mayock helped the cause of independence. The judges, Rev. Mr. Robins, Dr. Simmons and Mr. McTavish decided in favor of the annexationists. Miss Laird contributed a patriotic song.

A telegram from Senator Templeman announces that the provincial liberal convention has been adjourned until Thursday, February 6th, one week later than when first called.
