THE BOARD OF TRADE

Secretary Presents Interesting Report For Quarter Ending June—The Work Accomplished by the Board—Progress of the District.

At the regular meeting of the Greenwood Board of Trade held Wednesday afternoon President Ehrlich occupied the chair, and there was a good attendence present. Secretary Jacobs read the following report for the quarter ending June.

The secretary begs to submit the following summary of the work of the Board during the quarter ending June 30th, ulto., together with other information that may be of interest.

On June 30th there were 73 names on the membership roll of the Board, as against 52 on March 31. There were held during the quarter 10 meetings of the Board, with an average attendance of 17 members, the maximum having been 41 and the minimum a bare quorum of 9. There was also held one meeting of the council of the Board. During the corresponding quarter of 1902, there were held two meetings of the Board with an average attendance of 13, and two meetings of the Council. Comparing the first six months of 1903 with that of 1902 it is found that during the first half of the current year there were held 17 meetings of the Board with an average attendance of 18 members, and two meetings of the Council, as against five meetings of the Board with an average attendance of 12, and seven meetings of the Council, during the corresponding period of 1902. During the quarter under review four members left Greenwood and three have lately requested that their names be removed from the roll, so that the ensuing quarter will find the membership redueed by these seven.

The Board has sustained a loss in the departure from the city for Regina, N. W. T., of its late President, Mr. H. F. Mytton, who was one of its most zealous and useful members. There is, however, occasion for sincere congratulation that the vacancy thus caused has been filled by the appointment of Mr. Julius C. Ehrlich, another active and earnest worker who has proved by his readiness at all times to do his utmost to promote the advancement of the town and district that he has their best interests at heart.

Numerous matters have had the attention of the Board during the quarter. Many of these were referred to committees, who as a rule dealt with them promptly and carefully, and so merited the thanks of the Board for their efficient discharge of the duties thus delegated to them.

Representations were made to the Dominion government urging attention to the following subjects:

Federal Building for Greenwood: Asking that an appropriation be made for the erection of a Federal government building in Greenwood

Customs: That Greenwood be made a full port instead of, as at present, a sub-port for customs purposes.

Midway and Vernon Railway: Requesting that a substantial cash bonus be given to aid in carrying out this project.

Fish Ladders at Cascade and Boundary Falls, and Stocking Long Lake and other lakes in the district with Fish: In connection with these matters the Dominion Fisheries Inspector for the Pacific Coast recently visited Greenwood. He was taken to Long Lake, Boundary Falls and Midway, and was otherwise afforded facilities for obtaining information and ascertaining whether or not the Board's representations to the Department of Marine and Fisheries are reasonable and should have early attention. A favourable result is confidently looked for.

The Provincial government was also appealed to in matters especially within its purview. Applications for appropriations for roads, buildings, and other public works, made earlier in the year by the Board in conjunction with the City Council of Greenwood, were renewed. In this connection it is gratifying to note that the further sum of $5,000 (making $15,000 in all) asked for to provide for the completion of the Greenwood courthouse, now nearly ready for occupation has been passed by the legislature. It is also pleasing to find that a sum of $7,000 has been voted to complete the much needed wagon road up the West Fork of Kettle River, to secure the construction of which this Board has striven for several years. For the ensuing fiscal year the total appropriation of $15,000 for maintenance and repairs of roads and bridges generally throughout the riding is $500 higher than last year's vote, and it will doubtless be judiciously expended under the direction of the Provincial government agent in Greenwood. The necessity for the construction of a wagon road to facilitihe shipment of ore from several mineral claims near Greenwood, in Skylark camp, has been urged upon the government agent.

Other requirements that also had the attention of this Board prior to the quarter just closed and since obtained were (1) the holding of a Small Debts Court in Greenwood, and (2) the changing of the name of the Kettle River Mining Division to that of the Greenwood Mining Division. Stipendiary Magistrate McMynn held the first Small Debts Court in Greenwood on May 4th, and the Mining Division is now officially known as the Greenwood Mining Division, the desired change in name having been made as from May 1st, 1903.

The desirability of having the Greenwood district declared a new Assessment District has been urged upon the provincial government. As there has lately been a change of government it will be for the Board to consider the advisability of renewing representations on this subject.

The Board also moved in the matter of advertising out delinquent co-owners failing to pay their proportion of taxes on unworked crown-granted mineral claims, and received assurance that the government would make provision for this in amending the Assessment Act.

A committee was appointed to interview government officials relative to ptecautions against the spread of smallpox, one case of which disease had been brought across the International Boundary line to a household at Anarchist Mountain, with the result that it was not deemed necessary to request the Provincial government to do any more than its local officials had already done.

The practicability of making suitable arrangements for holding a market day regularly in Greenwood was very carefully considered. The committee having charge of this proposal went to much trouble in interviewing farmers and others interested, but finally they found it necessary to report to the Board the existence of several serious obstacles to success so that it was concluded the time is not yet ripe for the institution of this important movement.

Another committee enlisted the support of all the American citizens in and around the city in an attempt to secure the establishment of a United States Consular Agency at Greenwood, but in his courteous acknowledgement of the numerously signed petition forwarded to him by this Board the United States Consul at Vancouver, Hon. Col. Dudley, though he gave pertinent information on the subject, offered little encouragement to look for an early favourable response being made.

At the instance of the Associated Boards of Trade of Eastern British Columbia representations were made to several railway companies relative to an interchange of tickets to encourage Tourist travel through the Kootenay and Boundary districts, but it did not appear that the United States railway companies communicated with were disposed to join the Canadian Pacific Railway Company in such an interchange.

During the period under notice the Boare made special efforts to devise means for attracting more attention to the district. An advertising committee went very fully into the question of the most effective means of advertising the town and district, but after having given this subject much attention the conclusion was reluctantly arrived at that with its very restricted financial resources the Board can do but little in this direction. Later a committee was authorised to prepare and publish 5,000 copies of an illustrated pamphlet on Greenwood and district at a cost of $400 to $500, but notwithstanding that the City Council agreed to contribute $200 towards the cost unforseen difficulties arose to prevent the remainder of the money being obtained as previously expected, so the matter remains in abeyance for the time being. An article, published in an outside newspaper, dealing in very favorable terms with the larger mines of the district was by arrangement re-published in the Boundary Creek Times and 250 copies of this issue were distributed by the Board. Beports of the proceedings at meetings of the Board have for several months been regularly published tn several provincial and other newspapers.

Efforts have been put forth by the Board to induce parties of prominent people arranging to visit British Columbia to include Greenwood in their itinerary. The services of influential gentlemen in New York were kindly promised to endeavour to persuade the committee of the American Institute of Mining Engineers to arrange for their members visiting Greenwood, and this with good prospects of success until unexpected difficulties in making suitable arrangements for transportation led to the abandonment of the projected trip to this Province. The Board has been in correspondence with the Canadian Committee of Arrangements for the Fifth Congress of Chambers of Commerce of the Empire, to be held in Montreal next month, relative to the visit to Greenwood of a party of British delegates and others, with the result that the published itinerary shows that the party, numbering between 80 and 100 and travelling in two sections, will visit Greenwood on September 15-16. The Board has undertaken to convey these visitors to mines, smelters, and other points of interest in the neighborhood of Greenwood.

Delegates from the Board attended a meeting to organize an Athletic Association for Greenweed and gave this movement their cordial support. As an outcome of this the Board appointed a committee to try to induce merchants to close their stores early, so that those employed in them might have opportunity to take part in out-door pastimes, and this committee still has this matter in hand. In this connection it may be mentioned that the Board received a representative of the Greenwood Miners' Union, whose request that the members give their moral support towards making August 19th, the Miner's Union Celebration Day, a successful holiday, was readily acceded to. The Board hopes the Miners' Union will yet respond to its request, preferred some time since, that some of the members of the Union be delegated to become members of the Board and represent the Union at the Board's meetings, so that they may assist in promoting the welfare and progress of the city and district.

Early in the quarter the Board passed a resolution expressive of appreciation of the valuable services rendered by the Conciliation Committee of the Provincial Mining Association in bringing about a settlement of the strike at the Crow's Nest Pass coal mines, and thanking them for their efforts, and a copy of this resolution was sent to each member of that committee.

Mr. Angus K. Stuart, of the Exhibition Branch of the Dominion Department of Agriculture, on April 8 addressed the Board regarding the collection of mineral specimens for display at the St. Louis Exposition. A committee was appointed to co-operate with Mr. Stuart's representative, then engaged in this work. Eventually further action was left to the local branch of the Provincial Mining Association.

Other matters before the Board were as follows:—Stage communication between Camp McKinney and Fairview, with the object of facilitating, and reducing the cost of, travel between Greenwood and points in the lower Okanagan and Similkameen; a all-night telephone service between Greenwood and the neighbouring mines; and the question of an increased fuel supply for district smelters, but it was not found practicable to at once secure any of these desiderata. Other business also had attention, but the foregoing is a summary of the work done or attempted during what was probably the most active and effective quarterly period of the Board's existence.

In conclusion, much satisfaction may be expressed that the business prospects of Greenwood now appear to be more promising than for some time past. Both the local smelters are, at the time of writing, running at their full treatment capacity, which is two blast furnaces each. A third furnace has been manufactured for the Montreal & Boston Copper Company, and this is daily expected to arrive at its smelter at Boundary Falls. The copper mines from which the smelters derive the bulk of their supply of ore, the Mother Lode, Sunset, Snowshoe B. C. and Emma, are being actively worked, their shipments aggregating about 1,300 tons of ore per car. Small shipments from the Morrison, Ah There, and Athelstan mines have also been arranged for, and a substantial tonnage is promised to shortly come from the Oro Denoro. In addition to these there are four properties, situate in the immediate vicinity of the town, shipping high-grade quartz to outside smelters and receiving returns that leave a good margin of profit above mining, transportation and smelting costs. It may also be noted that there are now five stage lines running between Greenwood and other points, viz, to and from Grand Forks (this making a connection that gives the advantage of more direct railway communication with Spokane,) Camp McKinney, West Fork of Kettle River, Boundary Falls, and Deadwood, respectively.

E. JACOBS,
Secretary.

Greenwood, B. C., July 6, 1903.

The report was adopted and after routine business the board adjourned.

Death of Mrs Chambers.

At Anaconda on Saturday night, Mrs Mose Chambers died at the residence of her son Ben Chambers. The immediate cause of death was a severe hemorrhage. The deceased lady was 59 years of age. She was a native of Osprey, Ont, and lived in the states for some time after the death of her husband. About seven years ago she came to Nelson B. C., to join her family and about a year ago she came to Anaconda to live with her son. She leaves a family of four sons and two daughters. Two of the sons, Ben and Robert live in Anaconda, S. Chambers lives in Seattle and came here to attend the funeral of his mother, while the fourth son lives in the east. One daughter Mrs A. Nagorsen lives at Nelson B. C., and the other daughter Mrs Geisert lives in Anaconda.

The Funeral which took place on Tuesday afternoon was largely attended. Rev. J. D. P. Knox conducted the services.

Funeral of Mrs King.

The funeral of the late Mrs H. A. King took place last Friday afternoon, after the Times had gone to press on that day. There was an unusually large attendence of friends and others desirous of paying a last tribute of respect to one popular in her life and whose sudden death was quite a shock to the community. The service at the house was taken by the Rev. J. White, of Ottawa, who in the absence from town of the minister of the Greenwood Presbyterian Church, kindly performed this mornful duty. The reverend gentleman, during the service, at which the choir of the church sang appropriate hymns, gave a most sympathetic and consoling address. The interment took place in the Greenwood cemetery. The casket was covered with beautiful flowers sent by sympathetic friends.

The pall bearers were J. L. White, H. B. Munroe, W. G. Gaunce, H. C. Shaw, C. W. H. Sansom, and J. S. Birnie. The funeral arrangements were carried out by Messrs T. M. Gulley & Co.

Gillis and Heazelwood have at last run into ore in the tunnel on the Barbara mineral claim. They with Gaine and Wood who have been "putting up" for about three months to keep the work going, have shown much enterprise in opening up this property on a lease and bond, and it now looks as if they are likely to be rewarded for their grit in staying with this proposition under conditions that for some time were decidedly discouraging. Now they have about a foot of good looking ore, specimens of which have given good assay returns. The boys sank a shaft about 35 feet when at that depth the vein faulted. They cross cut until they found the vein again, but there was little or no ore in the ledge matter until, at about 70 feet they encountered ore, as above stated. They are now working with renewed vigor, feeling confident they have a good thing in hand.

J. P. Myers Gray, C. Elting Merritt, W. E. Hodges and Mr. Wilmot will represent the Greenwood Tennis Club in a tennis match to be played to-morrow at Phoenix. Dr. Boucher, O. B. Smith junr, W. Spier and Mr. Morhill will probably play for Phoenix.

FRIDAY, JULY 10, 1903.

LIBERAL NOMINATION.

Next Friday evening in the city hall, this city, the Liberals of the Greenwood electoral district will meet for the purpose of nominating a candidate to represent them in the approaching election. The meeting will be an important one. The Liberals of this district are not the only ones interested, every one who has the interests of the district at heart is anxious that the various political parties should place only good men in the field. Under party government, an unworthy representative has not the same opportunities to assist in framing unwise laws or to encourage maladministration, but the highest factor of safety is found in the selection of suitable candidates. The Liberals, particularly, cannot afford to weaken their prestige nor besmirch their good name by the selection of a candidate who will not and cannot truly represent the best traditions of of the party. It would be much better to go down to defeat with an honest man than win with one whose every act would be a reproach to Liberals and Liberalism.

The Liberal candidate should be clean and honest. He should be a man against whom not one word of reproach can be uttered in connection with any public office he has held.

The Liberal party in this district owe a duty to themselves and to the people generally. It is to see that the candidate selected at their convention is imbued with those high principles which have characterized liberal statesmen in the past and that he has all the other qualifications necessary to properly represent this important district in the legislature of this province.

A GOOD SHOWING.

The record of the Greenwood Board of Trade as presented by the secretary in his quarterly report is a good one. It is quite true that such bodies often do ineffective work but there was sufficient accomplished to justify the existence of the board and to warrant the encouragement of citizens generally. After all in the upbuilding of any city, as much depends on the energy and the enterprise of the citizens as on natural advantages. There were some things done during the quarter of advantage to Greenwood that would probably have remained undone had not the board acted.

THE LIBERAL PLATFORM

The liberal platform, as adopted at the provincial liberal convention held at Vancouver on February 7th, 1902, is as follows:

1. The immediate redistribution of the constituencies of the province on the basis of population but allowing a smaller unit of population per seat for the outlying districts.

2. Government ownership, Dominion, provincial and municipal, of public services of utilities i ssound and should be carried out in British Columbia.

3. Should it be advisable at any time to grant aid to a railway company such shall be in cash and not in land and no bonus of any kind shall be given without definite and effective means being taken to safeguard the interests of the province in the management of the road, control of the freight and passenger rates, and provision made against such railway having any liability against it except for actual cost.

4. Immediate construction of the Coast-Kootenay railway; the Cariboo railway; a railway from Alberni to a point on the east coast of the island; a road in the northern part of the province from the coast to the eastern boundary with an extension to the northern boundary; the railway from Vernon to Midway by north fork of Kettle river; with necessary branch lines, ferries and connections.

5. The enforcement of the act now in force compelling the scaling of logs by government scalers.

6. That such legislation should be enacted as will result in making the lands included in the various dyking areas available for cultivation as quickly as possible and secure prompt payments of assessments when due.

7. That the government should keep in touch with the conditions in connection with mining, protecting said industry against combines and trusts and if necessary for the purpose build and operate smelters and refineries. No reasonable change should be made in the mining laws without full notice to all parties interested, giving full opportunity for discussion and criticism.

8. As the province can only advance by the settlement within its borders of thrifty and prosperous citizens, and as Orientals never become citizens in any proper sense of the word, we declare it to be the duty of the government to discourage Oriental immigration and employment by every means within its power, and we appeal to our fellow liberals throughout the Dominion to aid us in our efforts to protect ourselves against the ruinous competition of men having a standard of decency and comfort immensely below that of civilized peoples, and who shirk every duty and obligation of citenship which the law will allow them to escape.

9. The government ought to prevent the waste and suffering caused by strikes and lock-outs, and an eanest effort ought to be made to provide some means of preventing such strikes and lockouts, and we approve the adoption of compulsory arbitration.

10. The fiscal system of the province stands in need of revision. Taxation should bear upon privilege rather than upon industry, and no addition should be made to the debt of the province except for public works properly chargeable to capital.

11. The retaining of the resources of the province as an asset for the benefit of the people and taking effective measures to prevent the alienation of the public domain except for actual bona fide business or industrial purposes, putting an end to the practice of speculating in connection with the same.

12. The construction and maintenance of roads throughout the province to aid in the development of the mining and agricultural districts.

SOME DENTAL HINTS

Careful cleansing of the teeth is the foundation of all care of the mouth.

Rational care of the teeth and mouth seeks to free the cavity of the mouth of all foreign substance.

Tartar must be removed from time to time. Loose roots and stumps must be extracted. Decayed teeth must be filled, or treated and filled; or extracted.

Artificial substitutes must be inserted in place of natural teeth which have been lost.

The sooner a diseased tooth is treated the more rapidly, painlessly, and cheaper can it be filled For this reason teeth should be thoroughly examined at least twice a year.

It is money well spent to have diseased roots and such as are still firmly implanted filled, and, where necessary, provided with artificial crowns.

To Approach the Editor.

Parties wishing to enter the printing office at this season of the year should be governed by the following rules: Advance to the door and give three distinct raps, or kick the door down. The "devil" will attend to your alarm You will give him your name, postoffice address and the number of years you are owing to the paper. He will admit you. You will then advance to the middle of the room and address the editor with the following counter sign: Extend the right hand about two feet from the body, with the thumb and index finger clasping a ten dollar bill, which drop into the extended hand of the editor, at the same time saying, "Were you looking for me?" The editor will grasp your hand and the bill and say, "You bet!" After giving him the news of your locality you will be permitted to retire with a receipt for an obligation properly discharged —Ex.

THE BEST LINAMENT.

"I have derived great benefit from the use of Chamberlain's Pain Balm for rheumatism and lumbage," says Mrs. Ann Hagelgans, of Tuckahoe, N. J. "My husband used it for a sprained back and was also quickly relieved. In fact it is the best family liniment I have ever used. I would not think of being without it. I have recommended it to many and they always speak very highly of it and declare its merits are wonderful. For sale by J. L. White, Greenwood, and A. F. Thomas, Midway.

NOTHING LIKE EXPERIENCE.

"One truth learned by actual experience does more good than ten experiences one hears about." Tell a man that Chamberlain's Colic, Cholera and Diarrhoea Remedy will cure cholera morbus, and he will most likely forget it before the end of the day. Let him have a severe attack of that disease, feel that he is about to die, use this remedy, and learn from his own experience how quickly it gives relief, and he will remember it all his life. For sale by J. L. White, Greenwood and A. F. Thomas, Midway.

TOO GREAT A RISK.

In almost every neighborhood someone has died from an attack of colic or cholera morbus, aften before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by J. L. White, Greenwood, and A. F. Thomas, Midway.

Grand Forks Convention.

To the Editor: As the report of the daily papers of the 4th inst., regarding the proceedings of the Grand Forks Labor convention was not entirely correct. I beg to submit to your many readers an official account of the proceedings.

The other accounts state that this was a Socialist convention. This might be true in one sense, as the great majority of the delegates were either Socialists or that way inclined. Properly speaking, however, the convention in question was a convention of organized labor in which all bodies of that ilk in the riding were represented, and it was called for the purpose of considering the question of nominating an union man to represent the producing classes in the coming provincial election.

It was therefore, a labor convention, and could not properly be otherwise described.

This matter being settled, I will proceed. First of all it was a condtition that no man was entitled to sit as a delegate unless he were a British subject and a qualified voter.

The Phoenix delegates arrived at 9:30 a. m, and the roll was called at 10 o'clock, the chair being taken by Jas. A. Harris of Grand Forks. The meeting was characterized throughout by the utmost enthusiasm and culminated in the decision that John Riordan, secretary of Phoenix Miner's Union, was the "Man for Galway."

This point was insisted on by most of the Grand Forks delegates with even more conviction than by us Phoenix folks, as we had settled before we went down the hill that in order to satisfy local feeling in that section we would nominate and elect a man from that city.

However, the towering strength and sterling qualities of the man in question had impressed themselves so much on all present, that although we nominated Brother W. H. Creitz of Grand Forks, he immediately countered by nominating Riordan; notwithstanding that the latter's objections to the honor were earnest, stubborn and protracted, himself alleging that he would never have it thrown in his face that he had been angling for the position for the last four years.

There is not the least doubt that he would have remained firm up to the last in this attitude; but, a recess having been declared, the argument was finally put to him from all sides that he would be throwing down the people he had worked and suffered for, for so long, if he persisted in his attitude. No flesh and blood could withstand such an argument as that, so he finally gave in with good grace, amid the enthusiastic plaudits of the delegates.

Brother Riordan is the strongest candidate we could possibly put up, without ever one exception, and, I have since learned, both the old parties recognise this, as some of their smartest men express grave fears as to the result.

The principal feature of the proceedings was the practically unanimous adoption of the following resolution.

"Whereas, The Grand Forks Labor Convention, representing the entire combined unions of organized labor in Grand Forks and Phoenix, recognize both the old parties, Liberal and Conservative alike, to be clearly hostile to the interests and welfare of the working class, as is abundantly shown by the actions of past and present governments at Ottawa and elsewhere, and plainly perceives that the Socialist party of B. C. is the only political party in the province founded at once upon science and justice for all; and to be the last bulwark and only hope of the wage workers against final enslavement;

Be it Resolved, That the above named convention recommends the local Socialist Leagues of Grand Forks and Phoenix to nominate Brother John Riordan of Phoenix Miner's Union as the political candidate of the working class, to contest the riding of Grand Forks in the coming provincial election and further promises that all bodies of organized labor in the said riding will extend their heartiest financial and political support to the aforesaid candidate if nominated."

A campaign committe was formed consisting of the following members:

Honorary President, John Riordan, Phoenix; Chairman, Jas. A. Harris, Grand Forks; Vice-president, D. T. McIntominey, Phoenix; 1st Recording and corresponding secretary, W. H. Bambury, Phoenix; 2nd Recording and corresponding secretary, John T. Lawrence, Grand Forks; Treasurers, H. A. Munroe, Phoenix, W. H. Creitz, Grand Forks.

Active steps are now being taken to secure a triumph at the polls, and few fears are entertained as to the result.

One peculiarity of the situation is the number of Americans of long residence here, who are now for the first time, becoming naturalized, and who could never before be induced to "take out their papers."

These people explain that never before could they see anything in Canadian politics worth voting for, as they could see no difference between Conservatives and Liberals, either in corruption or policy.

Now, however, that a party of and for the people has appeared on the scene, they are going to vote for Socialism!

Thanking you in advance for your courtesy, I am, Mr. Editor,

Yours most sincerely,
W. H. BAMBURY,
Sec'y of convention.

Miss Grace Douglas of Pictou N. S., is visiting with Mrs Hugh McCutcheon. She will also visit friends in Kamloops.

Rev. Joseph White will again occupy the pulpit of the Presbyterian church next Sunday both morning and evening.

Jim Smith was down yesterday from South Wellington camp. Jim reports striking something good while doing assessment work on the Two Jims claims.

Mrs Duncan Ross and daughter returned from Spokane on Wednesday after spending two months with friends there. Mr. Ross went down to Spokane to meet them.

On Tuesday evening the Oddfellows lodge meets at 7.30 instead of 8 o'clock, it being installation night, there will be a joint installation of Phoenix and Greenwood Lodges.

Miss McKenzie and Mrs B. F. Petch left last week to spend a holiday in Victoria. Later on Miss McKenzie will return home and Mrs. McKenzie will go to Victoria to enjoy the see breezes there.

The Rev. Mr. Purdy of Phoenix has been appointed by the Presbytery of Kootenay to preach in Greenwood, and declare the pulpit vacant next Sabbath July 12th of July at the morning. The Rev Mr. Whited will conduct the evening service.

Several of the Greenwood boys are away enjoying their holidays. J. M. Humphrey of P. Burns & Co., and C. A. Bell of Hunter Kendrick Co, left on Friday last and will spend two weeks at Spokane and the coast cities. Fred B. Holmes and W. Swayne are spending two weeks in Spokane.

The Western Federation of Miners, although but twelve years old, claims to have 200 unions and a membership of 75,000. It is said to be the richest labor organization in the world, its wealth being estimated at over $3,000,000. The local union at Butte, Mont., has $110 000 in its treasury.

F. J. Finucane, acting manager of the Bank of Montreal, spent Saturday in the city. During his visit here he purchased the handsome residence of L. S. Moulton-Barrett. It is understood that the purchase was made for the Bank of Montreal and that the residence will be occupied by the bank manager.

On the Queen of Sheba claim in Deadwood camp, Geo. Andrews is taking out some fine looking ore. He is now down to a depth of twenty-five feet in an incline shaft. The ore lies between two well defined walls of lime and porphyry and gives every indication of permanence. L. A. Smith of Anaconda, and Geo. Andrews own the property.

Recent information from Fairview is to the effect that the New Fairview Corporation continues to employ between 60 and 70 men. Operations in that company's Stemwinder mine, stamp mill and cyaniding works, are being steadily maintained. The mill runs with 25 to 35 stamps dropping, as the ore output requires and the cyanide plant's capacity determines. The Morning Star is giving employment o 10 men.

Dr. Westwood, of Grand Forks, came over on yesterday s train on a short visit to Greenwood.

Robert Wood has returned from a visit to Ottawa and his old home at Port Rowan, Ont.

F.W. McLaine and C. Elting Merritt have entered into partnership in the real estate and insurance business already established by Mr. McLaine.

Dave Alexander, for about two years connected with the Clarendon Hotel, intends leaving Greenwood next Tuesday for southern Oregon, having arranged to take a hotel in a prosperous farming section in that state. He will be accompanied by Mrs Alexander and child.

Last Wednesday night the following were installed as ocffiers of Greenwood Lodge No 29. K. of P: Chas Dunne, C. C.; Geo. Barber, V. C.; Geo. F. Dougherty, P.; A. Lind, M. of W.; K. C. B. Frithe, M. of F.; A. S. Embree, K. of R. and S.; A. D. Hallett, M. of A.; N. McLeod, O. G.; S. Nelson, I. G.

Unfavorable weather prevented so large an attendence at the garden party held last night at the residence of Mrs C. A. E. Shaw, as their would have otherwise have been. Nevertheless quite a number were present and the general fund of St. Jude's Church benifitted to the extent of about $20 as result.

Angus K. Stuart is now back in Ottawa, where he has settled down to his duties in preparation for the St. Louis Exposition. He still hopes that an earnest effort will be made by those interested in mining in the Boundary to have the district suitably represented by a big mineral exhibit at that exhibition.

The results of the examination for entrance to high school, conducted in Greenwood last month by Inspector Wilson, have been made known. Only two candidates passed, viz, Earle Winnett, 613, and Charles Russell, 550. Besides being a roll of honour pupil Earle Winnett won the prize of $10 kindly donated by Trustee I. H. Hallett.

D. W. McVicar has received the returns from the car of ore he shipped last week to the Hall Mining & Smelting Co's works at Nelson. The shipment contained about 20 tons of ore which gave a net return, after deduction of freight and treatment charges, of $2,211.00, or rather better than $110 per ton. One ton of sorted ore containing tellurides and free gold, yielded 19.20 oz. gold and 13 oz. silver, and the remainder 5.10 oz. gold and 6 oz. silver per ton.

A Fourth of July display of fireworks, postponed from the night of the 4th on account of the impropitious weather, took place near Mr. Keffer's residence, Anaconda, on Tuesday night 7th inst. Quite a number of juvenile with adult parents and friends responded to an invitation to be present, and after spending an interesting hour witnessing an excellent display, they were hospitably treated to refreshments by Mr. and Mrs Keffer.

Card of Thanks.

The family of the late Mrs Mose Chambers desires to thank the many friends who so kindly assisted them, and for the numerous expressions of sympathy during their recent bereavement.

Jas. Peck McSwaine, the typo artist of the Times is slowly recovering from a severe attack of ——— Peck's many friends are more than pleased to hear of his recovery.

GREATLY ALARMED

By a Persistent Cough, but Permanently Cured by Chamberlain's Cough Remedy.

Mr. H. P. Burbage, a student at law, in Greenville, S. C., had been troubled for four of five years with a continuous cough whe says. "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Mr. Burbage, having seen Chamberlain's Cough Remedy advertised, concluded to try it. Now read what he says of it: "I soon felt a remarkable change and after using two bottles of the twenty-five cent size, was permanently cured." Sold by J. L. White, Greenwood, and A. F. Thomas, Midway.

Do you use R ce Ribbon Tea ?

THE LAND and THE TIME of MOSQUITOES

This is it—or, rather "these are they" After you have been "punctured" a sufficient number of times to let all false notions escape regarding mosquitoes, just come in and get a bottle of our **Toilet Cream and Mosquito Preventative**—a nice lotion, combining the two properties of softening and beautifying the skin, and at the same time, keeping off all mosquitoes. They will not light on you if you have used this lotion. Price 25c.
