Boundary Creek Times.

Vol. 7. GREENWOOD, B. C. FRIDAY, MARCH 13, 1903. No. 29

THE BOARD OF TRADE

Resolution to be Submitted at the Fernie Meeting.

THE GOVERNMENT IS ASKED

To Develop and Operate the Public Coal Measures.

A well attended meeting of the Greenwood Board of Trade was held in the board rooms on Wednesday last with the president Geo. R. Naden in the chair. Albert I. Goodell superintendent of the Sunset smelter and H. P. Dickinson the local representative foa the Giant Powder company, were elected members.

Mr. Ehrlich on behalf of the committee on market day reported that tney were in consultation with the city solicitor in reference to Chinese peddling. The committee were given further time to report.

Messrs. Ross, E. J. Wilson and Elkins, the committee to whom was referred the matter of preparing resolutions to be submitted by the Greenwood delegates at the annual meeting of the Associated Boards of Trade recommended that the following resolution be offered :

WHEREAS the natural wealth of the portion of the province represented by the Associoted Boards of Trade is chiefly in its low grade ores ;

AND WHEREAS progress and development is dependent upon the treatment of these ores at the lowest possible cost ;

AND WHEREAS it has been demonstrated during the past few years that low grade ores can be mined and smelted in Southern British Columbia cheaper than in any other district in the world ;

AND WHEREAS in order to secure the best results mines and smelters must be operated on a large scale ;

AND WHEREAS the only available source of fuel supply for these smelters is the mines of the Crow's Nest Pass Coal Company ;

AND WHEREAS on account of accident and strikes, these mines were unable to supply the smelters with all the coke and coal required, and consequently the smelters and mines were forced to close, men were thrown out of employment, almost complete stagnation of business in the districts affected followed entailing serious loss to all concerned ;

AND WHEREAS there is no assurance that even without a recurrence of accidents or strikes, the Crow's Nest Pass Coal Company will be in a position to supply the requirements of the smelters of South Eastern British Columbia, when it is considered that arrangements for doubling the capacity of these smelters during the present year have already been made ;

THEREFORE, BE IT RESOLVED, that a committee consisting of ——— and the mover be and is hereby appointed to prepare a memorial setting forth what action should be taken by the Dominion or Provincial governments to insure for the smelters of South Eastern British Columbia a full and regular supply of fuel.

C. W. Wilson seconded by C. R. Pittock moved the following amendment :

To strike out all words after "memorial" and substituting the following : "Urging upon the Dominion government that it is in the interests of the mining and smelting industries of this Province that the public coal lands in the Crow's Nest Pass should not be sold to private parties but should be developed and operated by the government in such a manner as to insure for the mines and smelters a full and regular supply of fuel at a reasonable price."

Mr. Wilson's amendment was accepted as part of the original motion and it was unanimously decided to send it to the Associated Boards in that form.

President Naden stated that he would be unable to go to the meeting of the Associated Boards. Duncan Ross was appointed in his stead, the delegates being Messrs. Galloway, Brown and Ross with Messrs Mytton and Gaunce as alternates.

Messrs. Ehrlich, Caulfield and the secretary were appointed a committee to arrange for the expenses of the delegates to Fernie.

The resolutions from the other Boards of Trade that will come up for consideration at the Fernie meeting were then considered. The delegates were instructed to support the Rossland resolution dealing with the reserved Provincial coal lands in South East Kootenay with the addition that the Associated Boards urge upon the government that the C. & W. reserve should be lifted at once. The delegates were asked to see that the Rossland resolution opposing provincial subsidies to trancontinental lines should not apply to local development roads.

Mr. Mytton provoked a warm discussion in suggesting the inducements should be offered Americans doing business in this country to become British subjects and have the right to vote. At present they had all the privileges of British subjects except the franchise and were quite satisfied to remain American citizens. Messrs. Wood, Brown, Caulfield, E. J. Wilson, C. W. Wilson and others discussed the matter pro and con but no definite action was taken.

The board then adjourned.

PROVINGIAL MINING ASSOCIATION.

Fatally Injured

C. P. R. Brakesman Killed Near Fisherman Creek.

Harry Bell, a brakesman on the C P. R. ore train was fatally injured on Thursday last. As the ore train was pulling into a siding at Fisherman Creek to allow the passenger to pass Bell slipped and fell on a pile of rock. He never regained consciousness. He was taken to Greenwood on the regular train and Dr. Spankie examined him. He found several ribs broken and injuries to the skull. The poor fellow was quite dead when he reached here.

Bell lived in Greenwood several years ago. At that time he worked at local livery stables. He has a brother-in-law named Hutcheson who is a C. P. R. conductor. His people live in Spokane and undertaker T. M. Gulley received instructions to ship the body there.

A Challenge.

The undersigned challenge any two persons in Greenwood, Phoenix, or surrounding district to a debate on Socialism.

R. B. KERR, Phoenix.
A. S. EMBREE, Greenwood.

Further particulars regarding above challenge will be published next week. For any information required address W. J. Kirkwood, Greenwood, or W. H. Bambury, Phoenix.

Born—On the 13th inst., at Greenwood, B. C., to Mr. and Mrs. W. E. Morand, a son.

A marriage license has been issued from the local office to Horatio Alfred Pearson and Susan Jane Martin, both of Rock Creek.

H. C. Yuill of Medicine Hat, is visiting his brother S. Barry Yuill of this city.

Mrs. D. Bannerman returned on Wednesday from a three months' visit with friends on the coast.

D. A. McKenzie who left for Spokane last week has secured a position with the Armour Packing company.

Do you use Blue Ribbon Tea ?

WANT A NEW FRANCHISE

Greenwood Electric Co., Want Charter Extended

A TWENTY--FIVE YEAR'S

Exclusive Franchise Asked For by The Company.

The Greenwood Electric company are applying to the city for an extension of its franchise so that it will be exclusive and run 25 years from date instead of ten years from 1900. The application was made at the regular meeting of the city council at which Mayor Smailes presided with all the aldermen present. E. J. Wilson who is interested in the company and who also represented Price Bros.' interests, briefly addressed the council in favor of granting the franchise. In this connection he submitted the following letter from Mr. Graves :

Spokane, Washington,
February 27th, 1903.

E. J. WILSON,
Greenwood, B. C.

Dear Sir : Referring to your inquiry about what our position would be as to future investments and developments in and about Greenwood in case a franchise was granted for electric lighting and power purposes, in which we would be interested. I can only say to you now as I did when we first discussed this matter, that wherever we put our money our influence naturally goes with it for the upbuilding of a town or community in which we place investments. I have but the kindliest of feelings for the town of Greenwood, and have always thought she occupied a natural position to draw trade from the adjoining camps. We have in a measure contributed largely to the town from our mines in Greenwood camp, and naturally if we were financially interested in Greenwood, which wd have never before been, we could be indirectly of more benefit than ever before. I have told you confidentially of some of my plans for the future if we succeed in getting what we wish there, and if everything goes well with us, we should be of great benefit to Greenwood.

Respectfully yours,
JAY P. GRAVES.

Ald. McKenzie gave notice of introducing a by-law dealing with the franchise and after a brief discussion the council authorized the mayor to call a public meeting to secure an expression of opinion from the ratepayers regarding the advisability of granting the franchise.

The provincial secretary informed the council that Ald. Kirkwood and Fred B. Holmes has been appointed members of the board of license commissioners and Ald. Bunting and Duncan McIntosh police commissioner.

The mayor is ex-officio chairman of both boards.

Ald. Kirkwood's dog tax by-law was finally passed and goes into effect March 31st.

Ald. Gulley's temporary loan by-law was passed. It authorizes the council to borrow up to $10,000 against the ordinary revenue for the year.

County Court Case.

Interesting Trial Before His Honor Judge Forin.

His Honor Judge Forin of Nelson, held a special setting of the county court here on Wednesday last. The case was a much tried one. Some years ago the Summit Lumber and Timber company with J. W. Stout as manager did business in Summit city. Goods were purchased from the Eholt Trading company and P. Burns & Co. Accounts for January and February 1901, were paid by McLellan and Clements of Grand Forks who were the Summit Lumber and Timber company. McLellan & Clements claimed they sold out in March and were therefore not responsible for any accounts after the date of sale. The Summit Lumber and Timber company died a sudden death after their withdrawal and creditors had some difficulty in finding any one to look to for their money. Geo. Arthur Rendell of the Eholt Trading company and P. Burns & Co., sued McLellan and Clements for their unpaid accounts with the Lumber company. The cases were tried before His Honor Judge Leamy who gave judgment in favor of the plaintiffs. McLelland and Clements appealed to the full court and a new trial was ordered. Judge Leamy was not anxious to hear the case a second time so Judge Forin came over. H. C. Shaw appeared for the plaintiffs and W. H. P. Clement of Grand Forks for the defendants. Several witnesses appeared for both sides. After the evidence was all in His Honor asked for written arguments which will be sent to him in Nelson.

Situation at Fernie.

FERNIE, March 11.—After many conferencee between the representatives of the striking coal miners, the Crow's Nest Coal company officials and the conciliation committee appointed by the Provincial Mining Association, all the chief obstacles to a satisfactory settlement have at length been removed.

Concessions have been made by both the parties, and the work of the committee has been considerably lightened by the mutual forbearance exercised during the lengthy sessions held here since Sunday last.

There are still some matters of detail to be settled, but with patience and tact it is now reasonably certain that all questions in dispute will be harmoniously and permanently settled this week.

There were two meetings today, one in the morning and the other this evening. Arrangements were made before concluding this evening's meeting to hold a further conference at 9 o'clock tomorrow morning.

The Provincial Mining Association's committee have been present at all of the conferences held and their good offices in bringing about a friendly and lasting settlement have been appreciated by both sides to the controversy. The terms of the settlement to date are with held for the present and will not be given out until the whole matter is finally concluded, which may possibly be tomorrow.

A later dispatch states that the possibilities are not so bright.

Wm. Graham McMynn, immediate past master of Greenwood Lodge No. 28, A. F. & A. M., has been presented by the members of the lodge with a past master's jewel and clasp. On the reverse side of the jewel, which has the customary emblems beautifully finished in gold, is the following inscription : "Presented by the brethren of Greenwood lodge in token of their appreciation of your zealous work for the order during 1902." The gold bars of the clasp are engraved with the name of the recipient and letters G. R B. C. The presentation was made in the lodge room, W. M. James S. Birnie presiding and there being a numerous attendance of members to do honor to brother McMynn.

F. J. Finucane left on Monday for Spokane to take charge of the new branch of the Bank of Montreal there. A. W. Strickland came over from Rossland on Thursday to take charge of the Greenwood branch. He was accompanied by Mrs. Strickland and Mrs. Hirsch.

Mr. Henry Raymond Bradish and Miss Jessie Agnes De Spain of Phoenix were married at the Windsor hotel on Thursday afternoon. Rev. J. D. P. Knox performed the ceremony. Mr. A. E. Havelock Clark supported the groom while the bride was attended by her sister Maud.

N. Glover a prospector from the headwaters of the North Fork of Kettle Rive was in the city this week. He is enthusiastic over the district in which he is operating and believes it will yet make a big mining camp.

HIGH GRADE MINES

Promising Outlook For a Busy Year.

SEVERAL PROPERTIES ARE

Being Developed—Splendid Showing on Elkhorn and Others.

Notwithstanding the Fernie strike and complete shut down of all the Boundary smelters, mining near Greenwood is not at a standstill. While fourteen cent copper looks good to the owners of low grade mines, without coke, copper might as well be one dollar a pound. But there are mine owners in Greenwood who are not worried over scarcity of fuel or price of copper. Since old man Fowler led the way, mining high grade ores has become popular and profitable.

The Providence—Mr. Fowler's creation—never looked better. Since Duncan McIntosh took charge, his usual good luck stayed right with him. The Providence vein is bigger and richer than ever. And the Providence means much for Greenwood. The thirty men employed there live in the city. There is no more encouraging sight than to see a number of men with their dinner buckets walking to and from their work.

Next door to the Providence is the Elkhorn. This property has been bonded and rebonded. Many mining men tempted by high values tried to get a well defined vein on the property but met with indifferent success. James Sutherland and Phil McDonald took hold of the property a short time ago and kept right at work until today there is a 100 foot shaft in as rich ore as is found in the Providence. They are getting ready to ship and from present indications they are going to make small fortunes because of their pluck and perseverance.

C. Scott Galloway and Jack Galloway are running a tunnel on the Strathmore. Some years ago a shipment of high grade ore was sent from this property to the Everett smelter. There is surely plenty of similar ore and the present development work is likely to uncover it.

D. McVicar and his associates are pegging away on what they call the E. P. U. mines after the E. Pluribus Union one of the properties in the group. As has already been announced big returns were secured from the first shipments from the E. P. U. and plenty of equally high grade ore is being taken out for further shipments.

D. Manchester of the Queen's hotel has a high grade property of his own. It is up the gulch immediately above the Gold Finch. It didn't look very promising when he started in but to day there is 12 inches of high grade ore in the shaft.

Nothing is being done on the Gold Finch at present. The eastern people who have it under bond have not yet decided to go ahead They have until the first of June to make up their minds. If they decide to let the property go, there are others anxious to secure it.

These are some of high grade mines immediately surrounding Greenwood. Between them are claims of equal promise. At the rate these are being leased or bonded, it is safe to say that within a year, the hill overlooking the town will be teeming with busy men of the class that have always done most in making a town prosperous.

On Sunday evening a public meeting under the auspices of the Greenwood branch of the Lord's Day Alliance, will be held in the Methodist church at the close of the regular services in the various churches. The united congregations will be addressed by Rev. Mr. Thompson of Midway. There will also be special singing. The chair will be taken by Mr. Clement of Grand Forks.

A GROWING BANK.

In the Dominion of Canada are some of the strongest banking institutions in the world. The leading banks are also continually growing, notably the Canadian Bank of Commerce. At its head are some of the most successful financial men in Canada and they have lost no opportunity to extend its operations. A few years ago this bank acquired the assets and business of the Bank of British Columbia in the far west. Recently in the extreme east another strong bank has become amalgamated with the Bank of Commerce. The Halifax Bank company was established in 1872 and has been a popular bank with the leading firms in Nova Scotia. Its purchase by the Bank of Commerce will give the latter offices at fifteen different important commercial centres in Nova Scotia.

This is the age of amalgamation and consolidation and it is gratifying to see that a financial institution which is purely Canadian is at the very front in the race for business.

ELECTRIC LIGHT FRANCHISE.

The first thing to be considered in connection with the application for the extension of the electric light franchise is whether it is in the interests of the city to grant an exclusive 25 year franchise on the chance of getting something good for the city. From Mr. Graves' letter published elsewhere it may be seen that he makes no specific promise; on the other hand he is a man who does things and it looks as if he was ready to quit shying at the opportunities for investment in the natural centre of the Boundary Creek district. It may be an interesting occupation to try and make water run up hill, but it is not a profitable one; neither is it profitable to haul low grade ores any greater distances than is necessary to secure proper facilities for its economical treatment.

It can be taken for granted then that Mr. Graves is anxious to become more intimately connected with the town of Greenwood and its people. Is the price too much to pay for the connection? A public meeting will be called to discuss the merits of the proposed franchise and then the rate payers will be able to judge for themselves.

A cursory examination of the by-law submitted at the last meeting of the council shows that there are several omissions in the shape of clauses to protect the city's interests. Doubtless in the hurry of preparing the bylaw these clauses were over looked and company will have no objection to the insertion of such amendments as are usually found in franchises of this character.

When the public meeting is called we hope there will be a large attendance of rate payers and that there will be a full and free discussion of the by-law.

C. P. R. LAND GRAB.

In 1896 B. C. legislature granted subsidy of 20,000 acres of land to Columbia & Western railway for construction of a railway from Trail to Penticton.

Under terms of grant railway was divided into six sections.

Land grant was to be turned to the company upon the completion of each section with two exceptions.

Section four ended at Midway and land grant earned by the construction of that section was not to be conveyed to the company until section five, terminating half way between Midway and Penticton was completed and grant for section five was not to be conveyed until section six reaching Pentiction was completed.

The C. P. R. acquired C. & W. charter and completed road to Midway.

The C. P. R. never completed road to Penticton.

The C. P. R. is consequently not entitled to land grant for section four in accordance with the terms of subsidy act.

Nothwithstanding this the land from Columbia river to Keremeos has been reserved] and. in addition a reserve has been placed on lands in South East Kootenay to make up any deficit in acreage along the line of the C. & W. railway.

Several attempts have been made by the provincial government to grant the C. P. R. lands which the company never earned but these attempts were fustrated by Smith Curtis, M. P. P. and other members of the legislature.

It now appears that the crown grant for South East Kootenay lands was prepared by Hon. W. C. Wells chief commissioner of Lands and Works but the storm against giving the C. P. R. valuable lands they were not entitled to was so great that the chief commissioner was afraid to turn over the grant.

The officials of the C. P. R. became possessed of the information that the crown grant was prepared and now claim ownership of the South East Kaotenay lands.

The C. P. R. has entered suit in the supreme court claiming title to 240,000 acres of land in the Elk river valley.

The land is rich in pretroleum, minerals, coal and timber.

The government has allowed preemptors to take up land in this belt, it has issued coal licenses and permits and leases for timber limits.

The town of Morrissey many ranches, homesteads, saw mills, etc., are in the tract.

The C. P. R. is endeavoring to drive the small owners out and take possession of all this rich tract themselves.

The matter is now in court; it is therefore subjudice; no comment is made.

A reward is offered to anyone that will discover a foot of free soil in B. C. after the Col. Prior railway policy is carried out.

When the C. P. R. officials turn aside from their land grabbing schemes they will find time to settle the railway strike.

Give us this day our daily coke.

Premier Prior says he can control the legislature. Joe must be too sick to attend this session.

The Boundary smelters are closed. Copper is going up and has reached 14 cents.

Why not make it unanimous! Let us give the rest of the land to the C. P. R.

The new redistribution bill is being discussed at Ottawa.

WHEN OUGHT WE TO GO TO A DENTIST?

Many think it unnecessary to devote particular attention to the teeth until the appearance of the mouth is affected by damaged, decayed or broken teeth. Others give the teeth no attention till pain compels them.

The stupidity and shortsightedness of either policy is evident.

Everyone who thinks a moment on the subject knows that food cannot be masticated satisfactorily if one or more teeth are tender, inflamed, decayed, or otherwise out of working order; and if this be the case, the mouth requires immediate attention.

Canadian Bank Commerce

The Halifax Banking Company Amalgamates With That Institution.

Great interest has been shown in the announcement from Halifax that a provisional agreement has been made under which the Halifax Banking Company is to be amalgamated with The Canadian Bank of Commerce. The latter Bank has at present a paid up capital of $8,000,000 with a rest of $2,500,000, but a week or two ago a special general meeting of the shareholders was called for 14th April next to pass a bylaw increasing the capital stock to $10,000,000. Its Head Office is it Toronto, and it has now 84 branches throughout Canada and the United States, stretching from Sydney, Cape Breton, in the extreme East, to Victoria in the West, and from Dawson in the North to San Francisco in the South. It is represented at all the principal business centres in Canada west of Montreal, and has its own offices in New York, Portland (Oregon) Seattle, and London, England.

Until the recent establishment of a branch at Sydney, The Canadian Bank of Commerce had no office in the Maritime Provinces. Its stock, however, has always been a favorite investment with Nova Scotians, no less than $800,000 of its capital being held in their Province. The purchase of the Halifax Banking Company will give it offices at fifteen additional points in Nova Scotia, including Halifax, Truro and Windsor,—in fact, all the more important places. Two branches will also be obtained in New Brunswick,—at St. John and Sackwille.

The present directors of the Halifax Banking Company will continue to give their services in the capacity of a local advisory Board at Halifax, the cashier will become local manager there, and the entire staff will be taken into the service of the Canadian Bank of Commerce. There is consequently no doubt but that the good-will of the institution is being taken over along with its tangible assets.

Originally established in 1825 as a private partnership, and under the same name as at present, the Halifax Banking Company became incorporated in 1872 It has retained the friendship and support of many of the old Halifax firms whose predecessors did business with it in its earlier years, and in spite of the disadvantages under which in these days a comparatively small local bank must always labour, it has built up a sound and remunerative business. It has a paid-up capital of $600,000 with a rest of $525,000. Its deposits are about $4,000,000, its total assets about $6,000,000, and with the added strength and psestige which its incorporation into the Canadian Bank of Commerce will necessarily give, a large increase in the present business may confidently be expected.

The terms under which the amalgamation will take place are said to be as follows:

After the necessary approval of the shareholders of the Halifax Banking Company has been obtained and all requisite legal formalities have been completed' the Canadian Bank of Commerce will assume the liabilities of The Halifax Banking Company, and will give in exchange for the surplus of its assets over its liabilities stock of the Canadian Bank of Commerce of the par value of $700,000.

Doubtless some of the new stock which the Canadian Bank of Commerce is taking authority to issue will be used to carry out the terms of the agreement.

Both banks are to be congratulated upon the arrangement which has been made, which must materially strengthen the position of the Canadian Bank of Commerce and add to the exceptional facilities which it already possesses for conducting a successful banking business. When the amalgamation has taken place, it will have a paid-up capital and rest combined of nearly $12,000,000, and total assets of some $80,000,000, with 101 branches distributed throughout the length and breadth of Canada.

NOTICE OF FORFEITURE.

To J. S. McCLINTOCK, JOHN REYNOLDS and any others concerned:

You are hereby notified that I have expended in labor and improvements on the "Deerhorn" Mineral claim, situated in Deadwood Camp, in the Kettle River Mining Division of Yale District, the sum of $100.00, and $2.50 for recording the same, such being the amount required and necessary to hold the said claim under the provisions of the "Mineral Act" and Amending Acts; and if at the expiration of ninety days from the date of the first publication of this notice in the Boundary Creek Times you fail or refuse to contribute your portion of such expenditure, namely $67.17 together with all costs of advertising, your interest in said mineral claim shall become vested in me 'your co-owner' upon filing in the proper office in that behalf the affidavit required by Section 4 of the "Mineral Act Amendment Act, 1900."

Dated this 3rd day of March, 1903.

NOTICE.

ARLOTTA and YOUNG GEORGE Mineral Claims situate in the Kettle River Mining Division of Yale District. Where located: Pass Creek Camp.

TAKE NOTICE that I, John P. McLeod, Free Miner's Certificate No. B54954 as agent for Andrea Peppe, Free Miner's Certificate No. B 30252 and Charles J. Finucane Free Miner's Certificate No. B74202 intend sixty days from the date hereof to apply to the mining recorder for a certificate of improvement for the purpose of obtaining a crown grants for above claims.

And further take notice that action under section 37 must be commenced before the issuance of such certificate of improvements.

Dated this 23rd day of December, A. D., 1902.

J. P. McLEOD.

Last issue March 23

Captain Long of the Salvation Army has arrived from Rossland and will lead on the forces in Greenwood. Lieut. Massey is expected tomorrow from Victoria to assist her.

Henry Nicholson of Camp McKinney was in the city last week on his way home from the mining convention.

Local and Personal.

Dr. H. W. Keith has opened an office in Midway.

Mayor Smailes made a business trip to Grand Forks this week.

S. F. Parrish manager of the Le Roi was in the city this week.

A. Cousins a Camp McKinney merchant was in the city this week.

Ed. Birnie is now manager of the Yale Columbia company's office in this city.

D. Munroe, A. P. Clements and W. McLellan were over from Grand Forks this week.

Jno. Murray, provincial timber inspector was in the city this week collecting timber dues for the government.

A special meeting of the city council will be held this (Friday) evening to consider the electric light franchise by-law.

Phoenix rinks have been slaughtering the Greenwood curlers during the week both here and in the dinner bucket town.

Geo. R. Naden left on Thursday for the North Fork of Kettle River where he and his associates have valuable timber interests.

Mr. Clement of Grand Forks will preach in the Methodist church here next Sunday. Rev. Mr. Knox goes to Grand Forks to preach missionary sermons.

T. T. Trevarrow, superintendent at the Snowshoe mine, was in the city on Thursday. He and Robert Wood left the same day for Myers Creek to examine some mining properties there.

Mr. and Mrs. F. M. McLaine returned home last week from New York where they spent the winter. Mr. McLaine who was successfully operated on for appendicitis has fully recovered.

The Boundary Falls smelter closed down on Wednesday last for want of coke. In the meantime the work of installing the additional furnaces and necessary power plant is being continued.

Jay P. Graves, manager of the big Granby company, was in Greenwood this week. Mr. Graves has not lost any of his faith in the Boundary and notwithstanding strikes and consequent shortage of coke, he still believes that the Boundary is the greatest mining district in the world. Mr. Graves is working on several big projects which if carried out will mean much for the Boundary country.

A large number of the smelter men left for outside points this week. Paul Johnson the retiring manager of the smelting department went out to Spokane to meet some eastern men who will discuss a smelter proposition with him. Gus. Sundburg the assayer left for Mexico and Chris. Sorensen the master mechanic for Salt Lake city. Several of the Greenwood smelter employes went to Seattle and other points.

The Citizens' Band has been reorganized. At a meeting held last week L. Bruce Hodge was appointed president, E. McArthur secretary-treasurer, and A. D. Hallett leader Regular practices will be held and open air concerts will be given at an early date. There are several excellent musicians in the band and the younger members are practising hard so that there is every reasonable assurance that the citizens' band will continue to grow and prosper.

Chas. J. Andren, one of the furnace foreman at the B. C. Copper Company's smelter, soon after he came into the district in 1899, purchased from the late John Lindsay, of Rock Creek, 180 acres of land adjoining that held by Robert Wood and known as the Rock Creek coal lands. Last week Mr. Andren sold his holding to the Ashnola Smelter Company, Ltd., which organization recently acquired Mr. Wood's land. A number of men are now at work developing the coal showing.

The Greenwood Miners' Union are this week ballotting for offices for the ensuing term Ballotts are being distributed at the various mines and smelters. The result will be known on Saturday night. Those in nomination are: For president—H. Parsons, W. Essenza. For vice-president—H. D. McMullen, R. D. McKenzie. For secretary-treasurer—G. F. Dougherty, T. Kerruish. For recording secretary, J. Machell, A. T. Graham. For conductor—J. Foulds, P. O. Benson. For warden—M. Kemp, P. Stiffen. For trustee—R. D. McKenzie. A. Hanson, S. McLelland, I Goosney, H. D. McMullen, K. Parson, J. I. Feeney,

Rendell & Co.

NOTICE OF FORFEITURE.

To C. D. CAMPBELL, and PETER McBRIDE, late of Greenwood, in Yale District:—

SIRS: You are hereby notified that I have expended One Hundred Dollars ($100.00) in having the "Admiral" Mineral Claim, situate in Providence Camp in the Kettle River Mining Division of Yale District in British Columbia, surveyed, to count as an assessment, and the further sum of $2.50 in recording such survey as an assessment in order to hold said claim under the provisions of Section 24 of the "Mineral Act," as will appear by a Certificate of Work recorded in the office of the Mining Recorder for the Kettle River Mining Division of Yale District, on the 12th day of May, 1902; such expenditure being the amount required to hold the said claim for the year ending on the 14th day of May, 1902;

And if within ninety days after the publication of this notice, you, or either of you fail or refuse to pay or contribute your portion of the expenditure required under said section 24, together with your portion of all costs of advertising, the interest of such of you as fail or refuse to contribute your portion of said expenditure and costs of advertising, shall become vested in the subscriber (your co-owner) under section 4 of the "Mineral Act Amendment Act, 1900."

Dated at Greenwood, B. C., this 13th day of March, 1903. Last issue June 13.
