THE DIGNITY OF LABOR

Good Speeches and Orderly Holiday Makers.

GREENWOOD MINERS' UNION

Fourth Anniversary Celebration Successfully Carried Out.

The Greenwood Miners' Union had already established a reputation for being a body of level headed men. On Wednesday last they demonstrated that not only could they carry on the affairs of the union in a thorough busi nesslike manner but they could also successfully manage a celebration. It was their first attempt at celebrating their anniversary but it is safe to say that in future years this will be the most popular holiday in the Boundary.

The committee in charge, H. R. Parsons, president of the union, O. A. Berg, William McIntominy, Fred McInnes and J. Lightbody, ably assisted by George F. Dougherty, the enterprising secretary, had all arrangements perfected for the celebration. At 9:30 the Miners' Union, Carpenters' Union and Typographical Union paraded from the Miners' Union hall along the principal streets of the city. About 250 men were in the processon. They were indeed a fine body of men, and many were the compliments paid them by the large number of spectators.

The procession was headed by the Greenwood Citizens' band, who played during the day. The band is certainly improving under Chief Hallett's leadership and as it is now the only live band in the boundary its services are being eagerly solicited for all celebrations.

The parade ended at the auditorium where Messrs. Dougherty, Mills and Gaunce addressed the multitude. President Parsons presided. E. T. Kingsley of Nanaimo was lexpected to be present but was unable to reach here by the special train. Mr. Parsons in opening the meeting thanked the City Council and citizens generally for co-operating with the Miners' Union in making the celebration a success. He called upon George F. Dougherty, who briefly told of the growth of the made by the Greenwood Miners' Union and the amount of benefits paid by that body to its sick or injured members.

Ernest Mills of Boundary Falls, was the next speaker. He complimented the men on their splendid appearance, urged them to vote as they strike and asked them to be not satisfied with the rights secured by laboring men but to take a further step forward to improve their conditions.

W. G. Gaunce was the orator of the day. In a short but eloquent address he gave working men some sound practical advice. He cautioned them against allying themselves with any political organization that would tend to disrupt their union. In his opinion capital and labor must co-operate to secure industrial development and anything that would sever the pleasant relations between capital and labor in district should be discouraged.

After the speaking the programme was carried out without any vexatious delays. The 200 yard dash was won by Alex. Munroe of Phoenix. Harry Madden second. The 100 yard dash wrs also won by Munroe with Charles Wilson of this city second.

After luncheon the drilling contest took place in the solid rock near the electric light station. The entries were Jones Bros. of Greenwood, Sam Shovel and Sam Johns of the Mother Lode, George John and W. Chenoweth, Sunset; and Jack Burns and D.McPhail, of the Seattle mine. The match was hotly contested, Chenoweth and Johns taking first money and Foulds Bros. second.

In the hub and hub race teams entered from Greenwood, Phoenix and Grand Forks. The race was a pretty one, the teams running evenly until near the tape. The Phoenix team drew ahead slightly, with Grand Forks a close second and Greenwood an equally close third.

In the fat man's race, fat men gave place to big athletic men, and Mr. O'Neill, Eholt, with Chief Floyd of Phoenix second.

The miners' race was won by P. Cook with J. Morgan second.

Mr. O'Neill won in putting the 16 pound shot and in the hop, skip and jump.

The high jump was a tie between O'Neill and Munroe.

The girls race was won by Ollie Manchester with Annie Cook second.

Hudson Boys of Phoenix took first and second money in the boys race.

M. Hayes won the chopping contest with M. Tebo second.

The Boundary Falls smelter men won the tug of war against the Greenwood smelter.

In the wet test Greenwood failed to get water. Phoenix met with equally bad luck and Grand Forks won first money in 27½ seconds. Greenwood ran again for second money getting water in 25 seconds. Phoenix was equally unsuccessful in the second trial.

The grand ball in the evening was well attended and all enjoyed themselves. There was a large attendance of visitors from Grand Forks, Phoenix and surrounding camps. The big crowd was an orderly one.

An Honest Lawyer

The true standing of an editor is appreciated after death, if not before. A lawyer recently sent the following words of consolation to the widow of an editor: "Dear madam: I cannot tell how pained I was to hear that your husband has gone to heaven. We were bosom friends, but can never, never meet again"

How Its Done in Bruce.

A candidate for parliamentary honor found himself in the course of touring the constituency in front of a house near which a number of children were playing. Intent on his own business the politician leaning upon the gate. Politely doffing his hat, the candidate iuquired: "Madam, I may kiss these beautiful children, may I not?"

"Certainly," replied the lady.

When he had finished his wholesale contract the candidate turned to the attractive woman at the gate and said:

"Seldom have I seen lovlier children. Yours, madam?"

The woman blushed deeply.

"Ah, of course they arey are," gallantly suggested the politician. "The little treasures from whom else could they have inherited those limpid eyes, those rosy cheeks, those profuse curls, those comly figures and those musical voices.."

But still the lady blushed.

"By the way, madam," said he, "may I impose on your good nature to the extent of asking you that you tell your estimable husband that Mr. Cockrell called upon him this afternoon?"

"Excuse me, sir," said the woman, "I have no husband."

"But these children, madam—surely you are not a widow?"

„I fear there's some mistake, sir. This is an orphan asylum."

TAXATION OF RAILWAYS

Sensible Resolution passed by Grand Forks Liberals.

MAKE THE RAILWAYS PAY

A Equitable Rate of Taxation On Fair Valuation.

At a meeting of the Grand Forks Liberal Association the following resolution, moved by L. P. Eckstein and seconded by P. T. McCallum, was passed:

"Whereas the system of taxation within British Columbia under existing laws and methods is inequitable, inasmuch as discrimination is made by statute and otherwise in favor of railway and other rich corporations and individuals: and whereas it is enacted by section 4 of the "Railway Assessment Act," passed in the year 1894, as follows:

"The land occupied and claimed as "the right of way for railroads by "railway companies, and other lands "occupied by the railway company "for stations or engine houses, or "freight sheds, or other buildings "connected with the actual operation "of the railway, including the rolling "stock, shall be assessed as a whole "at the sum of three thousand dollars "per mile of track, including sidings "of the railway company situate "within the Province and without "the limits of any incorporated "municipality."

Xnd whereas it is further enacted by statute: "that no municipality incor-"porated after after the 21st Februr-"ary, 1895, shall assess any land "occupied and claimed by a railway "company as the railroad right of "way, or occupied for railroad sta-"tions, engine houses, freight sheds, "railroad buildings, sidings, or any "of the personality, property of the "company, including stock for equip-"ment, and the same shall not be "subject to municipal taxation."

And whereas this total exemption from taxation of railway property within municipalities as aforesaid and the almost practical exemption from taxation without municipalities is unfair and unjust, more especially in those cases where liberal aid by sub sidy, always exceeding the limit of assessment so fixed by statute, has been granted:

And whereas the financial straits of the province are in great measure due to exception from proper taxation of railroads and other rich corporate and individual interests which are well capable of bearing and which ought to bear a fair and equitable assessment and taxation. Be it therefore

Resolved by the Grand Forks Liberal association that an early repeal is demanded of the "Railway Assessment Act" and Municipal Clauses Act" in so far as those acts either limit or wholly exempt railway companies from taxation: And we call for an early readjustment of the assuessmen laws of the province upon a basis that will ensure fair and equitable taxation of all persons and corporations.

For that juicy Okanagan apple see Munroe

Robillard-Caulfield.

In the private chapel of the Sacred Heart hospital, Greenwood, on Wednesday last Joseph F. Robillard of Trail, and Miss Winnifred McArthur Caulfield were united in marriage by Rev. Father Bedard. Miss Margerie McArthur was bridesmaid while John Dutcher of Butte supported the groom. The bride was beautifully gowned in white and looked charming. After the marriage ceremony a wedding breakfast was served at the home of Mr. and Mrs. J. J. Caulfield. Only the immediate family were present. The happy couple left by the afternoon train for their home in Trail where Mr. Robillard hold a responsible position with the C. P. R. The bride's going away dress was of grey cloth with hat to match. Miss Caulfield was one of Greenwood's popular young ladies and Mr. Robillard is well and favorably known here. Their many friends extend congratulations in which the TIMES joins.

Services will be conducted in the Methodist church next Sunday at 11 a. m. and 7:30 p. m. by the pastor Class meeting at 10:20 a. m. Sunday school at 2:30 p. m.

The court house is completed and the government offices have been moved into the new building. The building is a handsome one and reflects credit on Messrs. Smith Bros. the con tractors.

Saint Columba Presbyterian Church. The Rev. John Murray, a Scotch minister from Australia, will conduct the services on Sabbath first. Morning at 11 a. m., subject "A Great Remedy." Evening at 7.30 p. m., subject "A Midnight Scene."

The city schools reopened on Monday. A. B. McNeill who was appointed principal secured a school in Victoria and decided not to come here. M. A. Phalen B. A. of Vancouver was then appointed. Mr. Phalen arrived on Thursday afternoon. Miss Brethour of Saanich is his assistant.

E. J. Kingsley, a socialist orator, and R. P. Pettypiece, editor of the Western Clarion, Vancouver, arrieved in the city Wednesday afternoon and addressed a meeting the same evening. Mr. Pettypiece will remain here for some time while Mr. Kingsley will lecture in other parts of the interior.

The Bank of Montreal has announced some changes in its staff. A. W. Strickland, who was accountant in the local banch for three years and more recently in Rossland, goes to New Denver as manager there. L. B. De Veber, who has had charge of the Greenwood branch for some time remains here, and Mr. Funicane remains in charge of the Spokane branch.

A WELL KNOWN ALBANY MAN

Recommends Chamberlain's Cholera, Colic and Diarrhoea Remedy

About eighteen months ago W. S. Manning, of Albany, N. Y., widely known in trade circles as the representative of the Albany Chemical Co., was suffering from a protracted attack of diarrhoea. "I tried Chamberlain's Colic, Cholera and Diarrhoea Remedy," he says, "and obtained immediate relief. I cheerfully recommend this medicine to those similarly afflicted." For sale by J. L. White, Greenwood and A. F. Thomas Midway.

ENEMIES OF LABOR

How the Tory Senators Love the Workingmen

THE CHINESE RESTRICTIONS

The Conservatives Vote Against Increasing Tax.

The Rossland conservatives passed a resolution declaring that the imigration of both Chinese and Japenese should be absolutely restricted. This is a good campaign move. When the second reading restricting Chinese immigration, which increased the head tax on Chinese arriving in Canada from $100 to $500, came up in the senate every conservative but one voted against the $500 head tax, and every liberal but two voted for the $500 head tax.

Here is the list:

FOR THE $500 HEAD TAX.

Casgrain (de Lanaudiere), Liberal.
Coffey, Liberal.

Robertson, Liberal
Vidal, Conservative
Wood, Conservative.—14.

The Big Carnival

Monday Spokane's big Labor Carnival will be thrown open to the thousands of people that are eagerly waiting for the big event. From reports coming in everything tends to the belief that this carnival will be the biggest event that has ever been given in the northwest. The various labor unions of the city of Spokane are vieing with each other as to which will have the handsomest float and the greatest number of people in line for the monster Labor Day parade which takes place at 2 o'clock Wednesday, August 26th.

Mayor Boyd has issued a proclomation declaring that day a holiday, the city and county offices will be closed, the stores and factories will all close up, and one of the biggest celebrations that Spokane has ever witnessed will be participated in by thousands of people. Governor McBride and his staff will participate in the parade as well as the various Queens of the Carnival.

Special excursion rates will prevail on all railroads entering Spokane, of one and one-third for the round trip, within a radius of 200 miles. Tickets will be good for eight days.

NEIL McCALLUM.

Neil McCallum, the candidate selected by the Liberals of Grand Forks electoral district, will make a capable member. He has had a long and successful business experience. He is thoroughly imbued with sound Liberal principles, and while not a great orator, has a straightforward common sense way of putting things that appeals to the intelligent electors. By returning Mr. McCallum no part need fear the result. He is not a blatant demagogue, but his sympathies are with the masses and he will always be found advocating measures that will tend to develop the resources of this great province and will be for the betterment of all classes.

With such a candidate the Liberals of Grand Forks district should enthusiastically enter the fight. By electing Mr. McCallum they not only help the great cause of Liberalism but they elect a good man to a legislature that is sadly wanting a good man.

A GOOD RESOLUTION.

The resolutions passed by the Grand Forks Liberal association in reference to taxation of railways will be endorsed by Liberals throughout the province. The leinency with which railway corporations are treated, in respect to taxation, is one of the legacies left us by Conservatives who were always slow in doing anything that might antagonixe the big corporations. As a result the hard working farmers and the artizans have been forced to pay heavy tributes to the government. For the purpose of issuing bonds and for the purpose of arriving at a valuation upon which the road is expected to pay dividends, a railway company generally places a high valuation on its property. It should pay taxes on a similar valuation, and municipalities are justly entitled to a fair share of such taxation.

EDITORIAL NOTES.

The "workingman's friend," Tory party, had six of a majority in the provincial house the past four years, and what did they do for the toiler? Nothing!

The Grand Trunk Pacific railway agreement, according to an eastern Canadian Tory paper, is declared "a monument to the sagacity of the government."

If Premier McBride and his colleagues are returned to power on October 31st you return to power the old Turner clique. The province wants no more Turnerism.

Throughout some of the ridings the Tories are giving smoking concerts. It will take more than a smoking concert to save the grand old empty dinner pail brigade from defeat on October 31st.

Here is how the Nelson Econimist has things sized up: "There are many in the camp who are after the spoils, and feel themselves entitled to receive them on the score that they are Conservatives. This is the history of the Conservative party since confederation.

Here is what the Montreal Gazette (Tory) says: "The Laurier organs are making much of the number of new industries starting in Ontario during the past year. It is, of course, claimed that this most satisfactory condition of affairs is due to the policy of the government. It may frankly be admitted that it is."

The Revelstoke Herald's Calgary department (editorial) says that W. W. B. McInnes and other Liberals will distribute all kinds of money in British Columbia, sent from Ottawa, in order to bribe the electors to vote the Liberal ticket. The Herald speaks of money as if it were so much scrap iron, baled hay or country rock.

Premier McBride while in the north told the natives how generally acceptable the Grand Trunk bargain was. It meant the development of the northern reaches of the provinces, etc., etc. When he got back to his old camping grounds he decrys the bargain, and says the Senate should defeat it if it has the power. Consistency, its name is mud.

The department of labor at Ottawa is an institution of the Liberals, and serves to keep the government in touch with the workingman. It has been a great help in the settlement of labor disputes and fully bear out all that was predicted of it for the cause of labor. When the Tories were in power the workingmen demanded in vain for a labor department. And yet thieving corporations say the Liberals haven't done anything for the masses—but the toilers know different.

The success of the anniversary celebration was largely due to the splendid work done by the committee in charge and the hearty co-operation of the citizens generally. It is a good thing for the miners and for the city that a day should be celebrated on which they may become better acquainted with each other. It is hoped that the celebration on Wednesday is but the first of regular annual celebrations on the anniversary of the union.

The earnings of the Intercolonial railway for the fiscal year, ending June 30 last, were $6,324,327, and the working expenses $6,196,150, leaving a surplus of 128.188. This is even better than predicted. In 1896 the receipts were $2,759,800. The receipts last year were $5,671,385, or $96,822 greater than the working expenses. And yet the Conservatives state that the Laurier administration is bankrupting Canada. Oh for those "good days" that Tories talk about—when the Intercolonial was a white elephant on Canada.

Cholera Infantum

This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, as directed with each bottle, and a cure is certain. For sale by J. L. White, Greenwood and A. F. Thomas, Midway.

NOTICE OF FORFEITURE.

TO JEFF LEWIS: You are hereby required to take notice that we, the undersigned, have done and paid for the whole of the assessment work for the years 1901, 1902 and 1903, on the "Laura B" Mineral claim, situate near the City of Phoenix, B. C., in the Greenwood Mining Division of Yale District, and you are hereby required to contribute your proportion of such assessment, namely, one quarter or $25 on each claim for each year, amounting to $100, which, together with your share of the costs of recording, the costs of this advertisement, make a total sum of $86.87½ which you have to pay. Payment can be made to us personally or to our credit in the Bank of Montreal at Greenwood, B. C.

If you fail or refuse to contribute the last mentioned sum of $86.87½ as aforesaid your interest in the said mineral claims shall, at the expiration of ninety days, become vested in your co-owners who have made the required expenditure pro rata according to their former interests.

Remarkable Cure of Diarrhoea

"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller, of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by J. L. White, Greenwood, and A. F. Thomas, Midway.

THE LIBERAL PLATFORM

The liberal platform, as adopted at the provincial liberal convention held at Vancouver on February 7th, 1902, is as follows:

1. The immediate redistribution of the constituencies of the province on the basis of population but allowing a smaller unit of population per seat for the outlying districts.

2. Government ownership, Dominion, provincial and municipal, of public services of utilities i ssound and should be carried out in British Columbia.

3. Should it be advisable at any time to grant aid to a railway company such shall be in cash and not in land and no bonus of any kind shall be given without definite and effective means being taken to safeguard the interests of the province in the management of the road, control of the freight and passenger rates, and provision made against such railway having any liability against it except for actual cost.

4. Immediate construction of the Coast-Kootenay railway; the Cariboo railway; a railway from Alberni to a point on the east coast of the island; a road in the northern part of the province from the coast to the eastern boundary with an extension to the northern boundary; the railway from Vernon to Midway by north fork of Kettle river; with necessary branch lines, ferries and connections.

5. The enforcement of the act now in force compelling the scaling of logs by government scalers.

6. That such legislation should be enacted as will result in making the lands included in the various dyking areas available for cultivation as quickly as possible and secure prompt payments of assessments when due.

7. That the government should keep in touch with the conditions in connection with mining, protecting said industry against combines and trusts and if necessary for the purpose build and operate smelters and refineries. No reasonable change should be made in the mining laws without full notice to all parties interested, giving full opportunity for discussion and criticism.

8. As the province can only advance by the settlement within its borders of thrifty and prosperous citizens, and as Orientals never become citizens in any proper sense of the word, we declare it to be the duty of the government to discourage Oriental immigration and employment by every means within its power, and we appeal to our fellow liberals throughout the Dominion to aid us in our efforts to protect ourselves against the ruinous competition of men having a standard of decency and comfort immensely below that of civilized peoples, and who shirk every duty and obligation of citenship which the law will allow them to escape.

9. The government ought to prevent the waste and suffering caused by strikes and lock-outs, and an eanest effort ought to be made to provide some means of preventing such strikes and lockouts, and we approve the adoption of compulsory arbitration.

10. The fiscal system of the province stands in need of revision. Taxation should bear upon privilege rather than upon industry, and no addition should be made to the debt of the province except for public works properly chargeable to capital.

11. The retaining of the resources of the province as an asset for the benefit of the people and taking effective measures to prevent the alienation of the public domain except for actual bona fide business or industrial purposes, putting an end to the practice of speculating in connection with the same.

12. The construction and maintenance of roads throughout the province to aid in the development of the mining and agricultural districts.

Grape juice the summer drink. Pure unfermented grape juice is as nutritous as beef and as harmless as water. J.L. White.
