ODDFELLOWS RE-UNION

On Tuesday evening Greenwood was alive with the Three Link men to the number of 115.

At 7:30 the lodge was called to order, when Snowshoe lodge, of Phoenix, conferred the initiatory degree under the able leadership of N. G. Brother A. Love.

This was followed by Gateway lodge, Grand Forks, conferring the 1st. D. D. G. M. Brother G. Chappell took charge, and one and all appreciated the work, which was certainly good.

Boundary Valley, Greenwood, then took up the work of the 2nd. P. G. Brother D. A. Macdonald taking the principal chair, and was watched by all present with much interest.

During the intermissions music and singing was engaged in, until it came to the time of closing, when the brothers retired to the Eagles' hall and partook of a sumptuous supper, served by the Rebekah lodge. The hall was nicely decorated with a profusion of flowers, and all manner of appetizing fruits added to the enjoyment of those present.

P. G. Brother Walter Hadden undertook the musical part of the program with his usual success.

The following brothers were listened to with marked interest: P. G. Brother Spraggett, who helped to institute Boundary Valley; Bros. E. Chappell, F. McDougal, A. Love, J. McKinnon, R. G. Poe, J. R. Jackson, W. Ryan, N. Taylor, T. Hardy and W. B. Fleming. Brother Anderson gave much pleasure with his songs. Thus ended another red letter day of Oddfellowship in Greenwood, all going home more proud than ever that they were members of the Independent Order of Oddfellows.

THE ECKHARTS

The Eckhart Theatrical company, with whom is the talented artist, Miss Josephine Deffry, played to Greenwood audiences for three nights last week.

On Thursday night they gave an especially good representation of a beautiful comedy drama, "Paid in Full," a play that has set all New York talking. It was unfortunate that there was also a St. Patrick's ball the same night, which accounted for a small audience only.

On Friday and Saturday nights the Eckhart company presented the light comedies, "Brown's in Town" and the "Mask Ball," ... years of laughter

DEATH OF RUDOLPH LIDEN

From El Paso, Texas, comes the sad tidings of the death of Rudolph Liden, at Ronquillo, Sonoro, Mexico. Mr. Liden will be remembered by all who knew the city of Greenwood ten years ago, when Paul Johnson built the B. C. Copper Co.'s smelter, and Liden was assistant superintendent and metallurgist. His was a most generous, kindly nature; everyone spoke well of him, and he had a host of good friends. Possessed of an excellent education, of good family, a capable engineer, Mr. Liden was most popular and favorably known from Alaska to Peru At one time he had an office in Denver, Colo. He left Greenwood when his chief, Paul Johnson, left, and with him went to Hadley, Alaska. His home was in Sweden, in the neighborhood of Stockholm.

AN OLD TIMER

John Hooper, an old time resident of Greenwood, and for many years proprietor of the Allan house in Rossland, now of Vancouver, paid a visit to Greenwood yesterday, and renewed many acquaintances. VICTORIA DAY CELEBRATION

In spite of the fact that this little spheroid, on which we eke out an existence, is about to plunge into Halley's comet tail, on May 19, of this year, there is no need for us to be uneasy. We shall see May 24th all right, and it is up to Greenwood to celebrate that National holiday, the anniversary of the Great Queen's birth, in a fitting manner. It is not any too soon to begin making arrangements for a monster celebration.

HALF HOLIDAY

There has been considerable agitation lately re the establishment of a weekly half holiday in Greenwood, for the excellent purpose of cementing the already existing friendly relations between the Mother Lode mine, with its 250 residents, and the townspeople of Greenwood; to enable everyone who has the welfare of the town and district at heart to get out and play ball—base or foot—and have a generally good time for one long afternoon each blessed week. A most admirable and sportsmanlike institution.

In almost all of the business centers of the old country, and also of late years in the United and enlightened States to our south, such an half holiday exists as a health-giving, recreation-finding, regular institution. And it pays. The same argument that applies to Sunday closing—to enable the work a day world to get change, rest, recreation and keep in good health—applies to the week day half holiday. The busy clerk in the general store, the weekly chaser after the almighty dollar requires fresh air, good sport, health-giving open air recreation, and it is the half holiday, when, with the addition of fair weather, keen sports competition and an eager contest for sports' sake, that makes work come easier before and after, that friendships grow between rival teams and between rival centers of population.

All work and no play makes Jack a dull boy. Here in Greenwood we have the essentials of the millenium. Good fellows, keen sports, ideal climate, a fair population. Only the time for play wanting. Those who are advocates of the half holiday idea are good missionaries, are bringing the townspeople and the suburbanites together for friendly, healthy games, are promoting health and happiness, and all at the expense of none, but for the betterment of local conditions.

The small amount of business to be effected by the closing of stores, etc., for one short afternoon each week will be made up by the greater sales of the day before and after

There will be less likelihood of a strike, that business paralizer, if each Wednesday afternoon the smelter men, mine employees and the town people mixed up in friendly rivalry at the ball ground. And with no one the loser by such an half holiday each week everyone will gain. The blues will vanish, those hated blues that make us all morose and close, and we shall see a better feeling in the Boundary itself and earn a greater respect from those outside our districts' portals.

EDITORIAL COMMENT

Whether Greenwood or Mother Lode wins at baseball and football matters not. It's the splendid sporting spirit that brings the two places together that counts.

The Eckhardt company, who regaled us for the last three nights of last week, were one of the best companies to visit Greenwood this season. It is a pity more people did not come out of their shells to see them and enjoy a good laugh.

Now that the American and other multi-millionaires are giving away their illgotten gains, as an inducement to St. Peter to overlook their youth and middle age, and remember the acts of their old age, it will sooner or later be necessary to form a "foundation," from the incredible earnings of editors, to relieve the ex-millionaire poor, and to save the one time rich from actual starvation.

The Mother Lode Athletic association are reported to be expending thousands, in hard muscle and elbow grease, on their new baseball and football grounds. If Greenwood sports get busy on the splendid local arena we can expect to see some herculean contests soon.

The first sign of the coming new postoffice building is the removal of Coroner Black from his old office building adjoining the Pioneer hotel to more comodious quarters on Copper street. Greenwood will certainly welcome the new government building and any tangible evidence of that construction taking place is a welcome sight to sore eyes.

We have the painful task of recording the annual spring advent of the festive woodtick. This sweet creature returns year after year to take our minds off life's other little worries, and dropping from the fir's green bough, makes his little bow to us, and without further introduction, introduces himself to unprotected persons in a most offensive and ungentlemanly manner. While not wishing to discourage the little beast, we would advise all readers of this paper to kill all the woodticks they see—or feel. There is no bonus on woodticks—at present—but there is a penalty for allowing any to escape alive.

Established Corporation Needs More Capital to Cope With Rapidly Growing Business.

Profits Earned for the Last Quarter at the Rate of 120 Per Cent

Your Opportunity to Share in Profits of One of Most Successful Financial Institutions in Canada.

The re-organization of the Dominion Stock & Bond Corporation, Limited, rendered necessary by the phenomenal growth and expansion of their business, offers investors a chance to share in the enormous profits made by turning over Vancouver real estate, loaning money on first mortgages, the general trust business transacted by the Corporation, and the revenue from their ten-story brick and stone office building, to be erected in a central location.

In addition to this substantial income, shareholders will have other advantages in the shape of first privileges of borrowing money on security, and in buying or selling real estate in Vancouver, or at any of the branch offices of the Corporation, and their interests will be thoroughly safeguarded by experienced and competent men.

The Board of Directors includes a number of the most prominent and successful men of the Province, who thoroughly investigated the business and earnings of the Corporation before joining the Board. Their names alone are sufficient guarantee of the stability and high character of the proposition.

A POSITIVE CURE FOR INDIGESTION

If you have indigestion, your food ferments in the stomach and bowels. It does more; it decays, and the nutritious matter which should go to make new blood decays with it, and this leads to an impoverished condition of the blood, to nervousness, billiousness, constipation, sick headache, bad breath which disgusts your friends, and other disagreeable and unpleasant conditions.

And all this trouble is caused by the food that doesn't digest, but ferments and oftimes rots in the stomach.

And fermentation is caused by the stomach not being strong enough and energetic enough to thoroughly mix the food with the digestive juices.

M-I O N-A is responsible for tens of thousands of cures. In fact, it is such a positive cure for indigestion and all stomach troubles that it is guaranteed by J. L. White to cure or money back. The price of a large box of Mi-o-na tablets is 50 cents, and they are sure to promptly relieve the worst case of indigestion or gastritis. Try them.
