GENERAL MINING

The corrected figures of the B.C. Copper Co's tonnage for the year ending December 31st, 1908, are as follows:

	TONS
Total material smelter	376,043
Mother Lode Mine	294,635
Oro Denoro	58,989
Napoleon	11,206
Others	11,213

Granby officials state that their company is not a part of the copper combine being formed in New York, and it is not likely that any of the other British Columbia companies are directly interested.

A mining company of which Geo A. McLeod is president, H. H. Shallenberger, secretary, and A. D. McPhee, superintendent, is developing the International, a galena property on Salmon river.

A diamond drilling outfit is being put on the claims of the Swayne Copper Co. on Lynn Creek, near Vancouver. Dr. Swayne, president of the company, states that the ore is self-fluxing, carries an average of 6½ per cent copper and some gold. The mine is eight miles from tidewater and it will be necessary to have an electric railway built this distance—probably a branch line from one of the existing roads.

The Mining World informs us that the recent rebound in the price of silver has been largely due to forward orders from China and the broadening of the demand from Hindustan: that India, Mexico and the U.S. are now buying silver and Germany and France will soon be compelled to enter the market.

The Nugget mine on Sheep Creek has sent out another brick. It is the fourth since the beginning of November and is valued at $5,000.

Eighty miners were killed by an explosion in the Lick branch colliery, West Virginia.

Coarse gold going $2 to the pan has been found on Barker creek in the Yukon district.

Phil Corrigan expects to make a mine out of the Winona claim near Whitewater and has been working on it for some months past with that end in view, says the Kaslo Kootenaian. He reports the property as looking encouraging.

Good reports come from the Eureka mine at Sandon, where large bodies of ore are being blocked out. The veins are said to be a continuation of the rich Slocan Star leads, being in the same belt and of the same grade.

It is expected that by the 20th of the present month the compressor on the Aurora property will be working and the machine drills will be in use. The Aurora promises to make a record for itself this winter.

It is reported from a reliable source that the Smelter at Crofton is to resume operations in a few week's time. The work of putting the plant in proper repair will commence at once after which smelting operations will be recommenced, there being enough coke and ore on hand to keep the plant running for some month's time.

Phoenix Royal Minstrels

Greenwood theatre-goers were furnished a fine evening's entertainment on Wednesday night by the Phoenix Royal Minstrels.

The program of side-splitting local hits, songs, stories and dances took two and one-half hours. The end-men kept the audience in constant laughter, and the songs of the Misses Murray and Graham elicited many encores, while Mr. R. K. McCammon was in especially fine voice.

After the concert the floor was cleared for dancing the music being supplied by the Phoenix orchestra.

The entertainment was a fine success from a financial point of view as well, and Phoenix is to be congratulated upon its local talent who were so generous in lending their accomplishments to a worthy cause.

Court of Appeal.

The Times heartily endorses the action of the Liberal Association of the Boundary country in their request that our fellow-townsman, John D. Spence, be appointed to the Bench in the Court of Appeal constituted by act passed last session and which is expected to be proclaimed at any time.

Four judges are to be appointed, either of all new men or partly by promotion from the present Supreme Court of B.C., and as Mr. Spence has been spontaneously and unanimously endorsed for the position by all the Liberal Associations throughout Southern Yale a very great deal of satisfaction will be felt should the honor of such an appointment be given to him.

Mr. Spence is a graduate of Toronto University and Osgoode Law School, Toronto; is a member of both the Ontario and B.C. bars and has a wide experience in the practice of his profession at Toronto, Greenwood and Grand Forks.

He came to the Boundary in 1899 and practised at Grand Forks from that year until 1905.

The people of the Boundary would be delighted to hear of his elevation to the Bench.

After a continuous residence of eleven years in the Boundary, Leon Langis left yesterday on a trip to Ottawa and Montreal to settle up business in connection with his property in the east. Mr. Langis will also visit Nevada, where he has some interests at Virginia City, and expects to return to Greenwood in two or three month's time.

Communications.

For Those in Distress

The terrible calamity which has befallen the people of Calabria and Sicily calls for the sympathy and assistance of each and every one.

Great efforts are being made to alleviate the sufferings of the survivors, and we trust that the following appeal from the Rev. Father Bedard will meet with a generous response from the people to whom it is addressed:

Greenwood, B.C., Jan. 18,'09.

To the good people of Greenwood:

Dear Friends,—I have just received a communication from my Superiors, in which they request me to have a collection taken up throughout the Boundary in aid of the Italian earthquake sufferers.

As you are well aware, half the population of Calabria and the eastern part of Sicily are dead; the other half are weighed down by miseries beyond description.

Your kind and generous contribution for this worthy object may be sent directly to me or deposited in my name in any of the local banks, and I will see that they are immediately forwarded to the proper authorities.

Yours respectfully,
Rev. F. J. Bedard, O.M.I.

Attention is called to the following letter from F. W. McLaine, Secretary of the Board of Trade, in regard to alleged railway discrimination in freight rates in favor of Washington points by the Great Northern system.

The Board of Trade requests all persons having any specific information as to the discrimination complained of to send it to Mr. McLaine:

EDITOR BOUNDARY CREEK TIMES.

Dear Sir,—As the Greenwood Board of Trade intend bringing before the Associated Boards of Trade, who hold their annual convention on the 27th inst., an important resolution which materially effects the merchants, consumers and shippers of not only the City of Greenwood but also the neighboring towns, I would be very much obliged if you would allow me the privilege of having this brought before the public through the medium of your paper. The following is the resolution:

"Resolved—That whereas there now exists gross irregularities in the freight and passenger rates of the lines operated by the Great Northern Railway Company, involving unjust discrimination against British Columbia points upon the V.V. & E. railway in favor of neighboring points in the State of Washington;

Now, therefore, the Associated Boards of Trade of Eastern British Columbia urge upon the Government of Canada and upon the Board of Railway Commissioners for Canada the pressing necessity of taking immediate measures to put an end to the condition now existing by which a railway built upon Canadian soil under a Canadian charter deliberately discriminates against Canadian communities;

Resolved further, that copies of this resolution be sent by the secretary to Sir Wilfrid Laurier, the Minister of Railways, and the Railway Commission."

F. W. McLaine, Secretary

The Ladies of the Maccabees intend holding a Valentine social in their hall on Tuesday evening February 16th, of which particulars will be given later.

Liberal Association

The annual meeting of the Greenwood Liberal Association was attended by a representative number of local stalwarts of the party who assembled on Tuesday evening for the election of officers and to deal with other matters of local interest.

The meeting was very well attended and great deal of interest was manifested in the business under discussion.

Among other important matters the Association made a first, second and third choice of sites for the Greenwood Federal building for which an appropriation of $5,000 was made last year, and which will be submitted to the government engineer for approval.

Following the usual custom the voting was by ballot and the association elected the following officers for the ensuing year:

Hon. President—Sir Wilfrid Laurier.

President—E. R. Redpath.

Vice-president—John D. Spence

Secretary—D. A. MacDonald.

Members of the Executive—S. P. Dixon, Dr. H. S. Simmons, D. A. McDonald, J. M. Millar, E. T. Wickwire, H. Bunting.

Mining Institute

The members of the Western Branch of the Canadian Mining Institute will convene at Greenwood at their postponed meeting on Monday.

On Tuesday a number of papers will be read on subjects of interest to mining men, with discussions to follow in the p.m. and evening.

A social meeting is also being arranged, and visits will be paid to the big local mining and smelting plants.

Rebekahs Install.

Thursday evening of last week Mrs. Mason, D. D. G. P., assisted by Mrs. W. B. Fleming, installed the following officers of the local Rebekah lodge:

Mrs. Grace Davidson, N. G.
Miss Jessie Murray, V. G.
Miss Nellie Terry, R. S.
Miss Bessie Bryant, F. S.
Miss Rhena Somers, Treas.
Miss Addie Horton, Chap.
Mrs. Ella Archibald, Warden.
Mrs. Agnes Fleming, R. S. N. G.
Mrs. Medill, L. S. V. G.
Miss C. McMillan, R. S. V. G.
Mrs. Howard Moore, L. S, V. G.

The lodge is in a prosperous condition and has a membership of 63.

The New Council.

Promptly at eight o'clock on Monday evening the Mayor and Aldermen of the City of Greenwood for 1909 took the oath of their respective offices before I. H. Hallett, P.M.

The personnel of the board is, Mayor Bunting, who has been three times elected to the office of chief magistrate for the City of Greenwood, Ald. Wilson, Meyer, and Gulley, who sat in last year's council, and Ald. Buckless, Johnson and Dixon, newly-elected members of the city parliament.

The policy of the civic board as outlined by the Mayor for the present year will be one of economy with a due regard for efficiency.

The matter of a reduction of salaries and other matters relating to civic economy were laid over for consideration at the next meeting. The Mayor announced his appointments of the chairmen of the different committees.

A communication was read from W. E. Spankie, M.D., offering his services as medical health officer to the city without remuneration, which was laid over till next meeting.

A letter from F. W. Peters, assistant to the Vice-president of the C.P.R., in regard to correspondence for the promotion of industries in connection with the newly-established Industrial Department of that Railway will also receive consideration at the meeting on February 1st.

Railway Accidents

A fatal wreck occurred on the C.P.R. near Yale last Friday in which engineers Foster and Carscadden, of Vancouver, were killed and about twenty passengers injured. Both the trainmen were well-known in the Boundary.

The accident is said to have been due to the heavy snow causing the two engines, the baggage, mail, express, and one colonist car to leap the track.

A C.P.R. freight train was derailed by a snow-slide and plunged into Three Valley Lake carrying with it Fireman Hawkins and Driver Coughlin, a well-known C.P.R. employee.

UNION LABEL

FRIDAY, JANUARY 22, 1909

We are in receipt of a marked copy of the Riverside Argus referring to the capture of McLean and Canning in that locality by Constable Bunbury.

The article does injustice to Mr. Bunbury and we believe that the Argus will hasten to correct the wrong impression it gives regarding the Constable's procedure.

McLean and Canning have not yet been tried, no reward has ever been offered for their apprehension and there will not be any.

We believe that the first impression of Mr. Bunbury with the Riverside people was quite correct, and they are to be commended for the ready assistance given to the officer.

We hope they will continue to extend the same measure of good. will to the Canadian officers and the good people of Okanagan County may rest assured that a square deal will always be given them in return.

Secretary Root and Ambassador Bryce have long been at work on a draft of a treaty intended to secure a final settlement of all points in dispute between Canada and the United States.

These relate to the international waterways, the fisheries and the international boundary; and it is said that the agreements provisionally arrived at are quite satisfactory to the Canadian commissioners.

It is believed that a final and satisfactory settlement will be reached which will be heartily welcomed by both countries.

A new city will rise on the site of the destroyed Messina which will be made as nearly earthquake-proof as possible.

Only one building, which was of special construction, withstood the earthquake and prizes are offered for plans bearing on the work of reconstruction which offer the greatest guarantee of safety.

The appointment of P. T. McCallum, of Grand Forks, to the newly created office of Immigratgration Inspector for the Boundary country with headquarters in that city meets with general approval.

PROVINCIAL ITEMS

The city of Nelson has a surplus from the year 1908 of $8,438.-62.

The Provincial Legislature opened at Victoria yesterday.

Mayor Fripp, of Grand Forks, has appointed D. McCallum, B. LeQuime, W. K. C. Manly and D. Whiteside to fill the vacancies on the Aldermanic Board for that city.

It is reported that the Kootenay Central railway will build from Galloway to Fort Steele this year

---

Hon. Thos. Taylor, the new provincial minister of public works, was elected for Revelstoke by a vote of 353 to 102 for H. N. Coursier, socialist.

Earthquake shocks have been felt at the coast but no damage is reported.

The Eastern B.C. Railway Co. is applying for an extension to its charter to extend its line from Corbin to the International line.

The B.C. Electric Railway Co. will shortly commence the laying of steel on the Cloverdale branch of the new Chilliwack line.

J. H. Hawthornthwaite, socialist, was elected to the legislature for Nanaimo by a majority of 283 over Barker, liberal.

Get acquainted with **Black Watch** the big black plug chewing tobacco. A tremendous favorite everywhere, because of its richness and pleasing flavor. 2266

It is said that tracklaying will begin between Hedley and Keremeos on April 1st.

MINES AND MINING

The value of the gold output of Alaska since the northern country was purchased by the United States is more than fifteen times the amount of the purchase price.

A copper nugget weighing three tons will be exhibited by Alaska at the Alaska-Yukon-Pacific Exposition.

Alaska will exhibit one million dollars in virgin gold, dust, nuggets and brick- at the Alaska-Yukon-Pacific Exposition at Seattle.

Fifty men are at work on the Pan-Silver property in Cobalt camp where a rich 8 inch vein has been cut at a depth of 100 feet.

The Turkestan coal mining and metallurgical company are installing a 54 mile ropeway to convey their coal to the Central Asiatic railway.

The North American Copper Co. at Grand Encampment, Wyoming, have an aerial tramway 16 miles in length.

GENERAL NOTES

Thornton J. Hains was found not guilty in his trial for the killing of Wm. J. Annis at Flushing, N.Y.

In the U.S. government's case for the dissolution of the Standark Oil Co., the records comprise twenty-two printed volumes and represents a cost of nearly $10,000,000 to the litigants.

In Connecticut 5,000 hatters have left their work as a protest against the action of the manufacturers in disallowing the further use of the union label.

A five-year-old boy was rescued alive from the ruins of Reggio after being interred for eighteen days.

Six of the Tennessee Nightriders have been sentenced to death.

The Western Canada Grain Grower's Association have endorsed Andrew Graham for appointment to the Railway Commission vacancy caused by the death of Hon. Thomas Greenway.

Engineer Daley who was injured in the Bellingham train wreck has died of his injuries.

Making Good.

There is no way of making *lasting* friends like "Making Good;" and Doctor Pierce's medicines well exemplify this, and their friends, after more than two decades of popularity, are numbered by the hundreds of thousands. They have "made good" and they have *not* made drunkards.

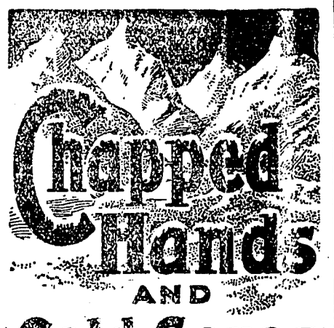
A good, honest, square-deal medicine of known composition is **Dr. Pierce's Golden Medical Discovery.** It still enjoys an immense sale, while most of the preparations that have come into prominence in the earlier period of its popularity have "gone by the board" and are never more heard of. There must be some reason for this long-time popularity and that is to be found in its superior merits. When once given a fair trial for weak stomach, or for liver and blood affections, its superior curative qualities are soon manifest; hence it has survived and grown in popular favor, while scores of less meritorious articles have suddenly flashed into favor for a brief period and then been as soon forgotten.

For a torpid liver with its attendant indigestion, dyspepsia, headache, perhaps dizziness, foul breath, nasty coated tongue, with bitter taste, loss of appetite, with distress after eating, nervousness and debility, nothing is so good as Dr. Pierce's Golden Medical Discovery. It's an honest, square-deal medicine with all its ingredients printed on bottle-wrapper—no secret, no hocus-pocus humbug, therefore *don't accept a substitute* that the dealer may possibly make a little bigger profit. *Insist* on your right to have what you call for.

Don't buy **Dr. Pierce's Favorite Prescription** expecting it to prove a "cure-all." It is only advised for woman's *special* ailments. It makes weak women strong and sick women well. Less advertised than some preparations sold for like purposes, its sterling curative virtues still maintain its position in the front ranks, where it stood over two decades ago. As an invigorating tonic and strengthening nervine it is unequaled. It won't satisfy those who want "booze," for there is not a drop of alcohol in it.

Dr. Pierce's Pleasant Pellets, the *original* Little Liver Pills, although the first pill of their kind in the market, still lead, and when once tried are ever afterwards in favor. Easy to take as candy—one to three a dose. Much *imitated* but *never equaled.*

The U.S. and Uruguay have signed a treaty for the settlement of disputes by arbitration



Are your hands chapped, cracked, or sore? Have you "cold cracks" which open and bleed when the skin is drawn tight? Have you a cold sore, frost bite, chilblains, or a "raw" place, which at times makes it agony for you to go about your household duties? If so, Zam-Buk will give you relief, and will heal the frost-damaged skin. Anoint the sore places at night. Zam-Buk's rich healing essences will sink into the wounds, end the smarting, and will heal quickly.

Read this Lady's Experience.

Mrs. Yellen, of Portland, says:—"I consider it only my duty to tell you of the great benefit I have derived from Zam-Buk. My hands were so sore and cracked that it was agony to put them near water. When I did so they would smart and burn as if I had scalded them. I seemed quite unable to get relief from anything I put on them until I tried Zam-Buk and it succeeded when all else had failed. It closed the big cracks, gave me ease, soothed the inflammation, and in a very short time healed my hands completely. It is a wonderful healer and should be in every home."

Zam-Buk also cures chafing, rashes, winter eczema, piles, ulcers, festering sores, sore heads and blood abscesses, pimples, ringworm, etc. cuts, burns, bruises, scalds, scratches. TO HIS WORSHIP THE MAYOR AND ALDERMEN OF THE CITY OF GREENWOOD, B.C.

Greenwood, B.C., January 11th, 1909.

Gentlemen:—Herewith I present the annual financial statement for 1908 consisting of:

General Revenue Account,
Receipts and Expenditure Account,
School Receipts and Expenditure Account,
Balance Sheet as at December 31st, 1908.

The General Revenue Account shows a debit balance of $6,267.80 which by excluding the depreciation charge of $5,126.32, leaves a deficit of $1,141.48 which means that the levy was this amount short of the requirements, even if all taxes had been paid in full. I am of the opinion that in order to reduce the present indebtedness of the City, the incoming Council must not only make a sufficient levy to cover all expenditure, but must make a reasonable allowance for unpaid taxes.

Special Rate and Sinking Fund. The General Revenue Account shows that the following was required for special purposes:

For Debenture Interest	$ 5,103 59
For Sinking Fund	5,229 61
	$10,333 20
The amount collected for taxes was $10,005.95 of which 14/24 was for Special Rate, equals	5,836 80
leaving a shortage of collections for special purposes of	$4,496 40
The City paid the following on Accont of Special Fund:	
Debenture Interest	5,103 59
Deposits in Sinking Fund	4,575 96
	$9,679 55
The collections for Special Rate as above were	5,836 80
	$3,842 75

which shows that the City deposited this amount of $3,842 75 into the Sinking Fund out of the General Funds.

In addition to the above the Balance Sheet shows that the Sinking Fund is $1,941.19 short of the amount required by the By-laws.

I certify that I have examined the books and vouchers of the City for the year 1908 and that subject to the above remarks, the above balance sheet is, in my opinion, properly drawn so as to exhibit the true financial position of the City as shown by the books at the date thereof.

SPOOK PHOTOGRAPHS.

Archdeacon Exhibits Pictures of Ghosts Which He Took Himself.

Archdeacon Colley, rector of Stockton, Warwickshire, England, at the close of a sermon on spiritualism at Manchester recently exhibited a series of what he called spirit photographs.

One of them taken in March last outside his residence, showed the archdeacon's mother, who died fifty years ago, and his father, who died in 1891, aged 81. The mother was never photographed during life, but her likeness had been recognized by hundreds in Leamington.

In a second photograph, taken half a minute afterward, the father and mother had changed places, and the archdeacon deduces from this a double parental blessing on what he calls his anti-Sadducee work.

"Seventeen years in the higher life," said the archdeacon, "appear to work for making my father in the spirit photograph look somewhat younger than in the negative I took of him three years before he departed this life."

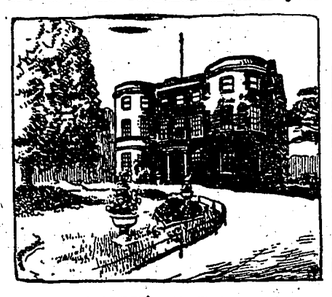
Another print shown looked, as the archdeacon said, like a psychic fog but in the midst of the black blotch could be clearly deciphered some archaic Greek characters, and around them in ten concentric lines some microscopical writing which, the archdeacon said, contained a message from a friend who had been dead for twenty-five years. The Greek characters, interpreted by Sir Oliver Lodge were a quotation from St. Luke, chapter 17, 4th and 5th verses, but seven words were missing.

"This photograph, or, rather, psychograph, was taken," said the archdeacon, "without a camera. I went to a friend's house and took out three plates and put them into envelopes. I initialed them, sealed them, and retained possession of them in my hands, and no soul touched them. I took one plate between the palms of my hands, my friend clasped my hands and a lady placed her hands above and below his. My friend then went into a trance. In a short time he said: "They are writing."

MORRIS' HOME FOR SALE.

Residence of Poet-Artist-Philosophe. May Become Museum.

"The Winns," at Walthamstow, the home of William Morris during many of his early manhood years, is in the market. And those who love the memory of the grand old poet, master craftsman, and sociologist,, are agitating for its acquisition as a public museum, or for some other public purpose. From the "Water House," as it was alternatively known, Morris went out on his university career, and to it he returned in later years



MORRIS' OLD HOME.

when his education had been completed. In the neighborhood of that part of Essex a good many of his childhood years were spent, for he has himself written that he was "born and bred in the neighborhood," and often boasted that he knew it yard by yard. At Walthamstow, also, he went to the ladies who commenced his education, preparing him for Marlborough and Oxford. "The Winns" is a fine square, brick-built mansion, wth noble bow front at each side of the edifice, having three windows in each to admit light to the magnificent rooms. "Water House," as he sometimes called it in later life, had at the back a moat of great width, from which it took the name by which it was best known to the villagers.

A Grossmith Joke.

Mr. Edmund Payne, the popular London comedian, who is at present touring the provinces in "The Girls of Gottenberg," confesses that Mr. Geo. Grossmith and he are always playing practical jokes on one another. The following amusing story tells how George once got "his own back." "He crept up to my dressing-room when I was off the stage for a time," says Mr. Payne, "and in an excellent imitation of the call-boy's voice gave me my cue, and told me they were waiting. Without the slightest suspicion in my mind, I rushed on to the stage and began to deliver my lines with great gusto, when I discovered that I was in the midst of a touching love scene. The audience tittered, and, to complete my embarrassment, who should appear at the side of the scene, with a Mephistophelean grin upon his face, but George, beckoning me and very audibly calling 'Payne!'"

Indian Prince a Hero.

The great floods in Allahabad, India, destroyed the southern half of Calcutta. Twelve hundred lives were lost.

The Nizam of Hyderabad and his ministers and officials displayed splendid heroism, saving lives at personal risk and visiting and consoling the desolate. Splendid rescue and relief works have been organized successfully. Thousands have been clothed and fed at the state's expense.

The Nizam has given $200,000 for relief work. The Viceroy has contributed $1,000. The Prince of Wales has telegraphed his sympathy.

Sir Douglas Straight to Retire.

It has been announced that Sir Douglas Straight, who has been editor of The Pall Mall Gazette since 1896, will retire in March next. His retirement is due to medical advice and the desire to rest after an exceptionally busy life. He is 64 years old, and was formerly a leader at the bar, and later an Indian judge.

MRS. MURRAY, graduate in voca and instrumental music, is prepared to receive pupils in piano, organ and voice. Latest Conservatory methods taught. HOMESTEAD REGULATIONS.

ANY even-numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Land Agency or Sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at any Agency on certain conditions by the father mother, son, daughter, brother or sister of an intending homesteader.

DUTIES—1. At least six months' residence upon and cultivation of the land in each year for three years.

2. A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. He may also do so by living with father or mother, on certain condition joint ownership in land will not meet this requirement.

3. A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the Agent for the district of such intention.

TO THE ELECTORS OF GREENWOOD:

Ladies and Gentlemen: I take this opportunity of sincerely thanking you for facing such inclement weather to tender me the magnificant vote you did last Thnrsday. Although defeated, I fully appreciate your kind support in my humble effort to awaken public interest in our municipal government, and in conclusion beg to disavow any prejudice over the result. I am sincere in my trust that my campaign motto: "To work in the interests of the electorate as a whole," shall be (to at least some extent) incorporated in the policy of your chief magistrate for 1909. JOHN B. DESROSIERS.

TOWN TOPICS

Floyd and Cox, dairymen, have bought the Eholt meadows.

The curling games for the Warren cup are being played this week.

S. Bubar has bought an imported Clydesdale stallion from Chester Charleton, of Bridesville.

Keep your feet warm by wearing Barclay & Co's felt Boots. Saturday and Monday. one-third off.

The Greenwood hockey team is scheduled to play the Grand Forks' team in that city this evening.

On Saturday evening the mush-eaters will curl the fish-eaters a game for an oyster supper.

Barclay & Co. are giving exceptional bargains in Felt Footwear. 33⅓ per cent off Saturday and Monday.

Rev Mr. Venables held service at the Mother Lode last Sunday, and at Eholt on Wednesday evening.

A generous response should be made to the letter from Father Bedard which appears in another column.

The work of St. Jude's Guild during the year past has been excellent, and the results most satisfactory, thanks to the capable officers and the hearty co-operation of the members.

John D. Spence has returned from Victoria where he was engaged with J. A. Macdonald, K.C., as counsel for the Kettle Valley Railway Co. in its appeal against the judgment obtained last spring by C. A. S. Atwood, formerly of Greenwood, for $1,250 damages and costs for trespass by the Railway Co. on Atwood's property at Grand Forks.

The appeal was successful and Mr. Atwood's action was dismissed by the full court which held that while Mr. Atwood was entitled to compensation for his land the railway company had not committed a trespass and the compensation should be fixed by the arbitration to which the railway company offered to submit.

Prizes for attendance at St. Jude's Sunday school were presented last Sunday during school by Rev. F. V. Venables, and were awarded to the following scholars: Senior class—Olive Bunting 1st; George Redpath, 2nd; Hazel Redpath, 3rd. Junior class—Tom Taylor, 1st; Dick Taylor, 2nd; Grace Redpath, 3rd. The progress of the scholars has been most satisfactory, and the sunday school well attended.

A farewell dance was given at the Mother Lode Thursday evening in honor of Mr. and Mrs. M. A. Lebner, when they were presented by their many friends with a beautiful cut-glass water set and berry bowl. Mr. Lebner has been for the last ten years in the employ of the B.C. Copper Company, during the past eight he has been manager of the Mother Lode store. Mr. Lebner is leaving for Boyds, Wash., where he will conduct a general supply store.

Masked Ball.

Monday evening's masked ball given by the Auditorium Co. was the first entertainment of that description held in Greenwood for a long time, and was a decided success financially and otherwise.

Visitors were present from Midway, Boundary Falls, Eholt and Phoenix; the music was supplied by the six-piece orchestra, and the costumes were so excellent that the persons in mask were quite unknown to even those who were well acquainted with them.

Fred McInnes, of Boundary Falls, was manager of the floor, while the judges were—R. C. G. White, Mrs. Meyer and Mrs. Dr. Oppenheimer.

Miss Ollie Roberts captured the prize for the best-dressed lady; that for the best-dressed gentlemen went to W. Melville, of Midway, and George Clerf took the honors for the best comic costume

St. Jude's Ladies' Guild.

The annual business meeting of the Ladies' Guild of St. Jude's church was held on Tuesday afternoon when the following officers were elected for the ensuing year:

Hon. Pres.—Mrs. F.V. Venables.
President—Mrs. H. F. Stow.
Vice-Pres.—Mrs McAllister.
Sec.-Treas.—Miss Wilson.
Committee—Mesdames Redpath, Jenkins, Shaw, and Miss Fleming.

The first meeting for work will be held on Tuesday next at 2.30 p.m., at the home of Mrs. McAllister.
