The time is near at hand when you will be looking for your Spring Shoes, Don't overlook the fact that we can show you a larger range than all the others put together.

P. W. GEORGE & CO.

The only Exclusive Dealer in Men's Wear in Greenwood

SPRING ASSIZES

Heavy Sentence for Newman Brothers—But One Serious Case.

The Court of Assize and General Gaol Delivery opened at Greenwood on Tuesday. Mr. Justice Morrison presiding.

Presentment of the Grand Jury

To the Honourable Mr. Justice Morrison, Presiding Judge of Assize.
May it please your Lordship:—

The Grand Jury desire to give you a cordial welcome to Greenwood.

In accordance with your instructions we have visited the various institutions of a public character in the district and find them all in a satisfactoroy condition with the following exceptions, to which we wish to draw attentton:—

There should undoubtly be an electric fire alarm box in the hospital building, as the nearest box at present is at a very considerable distance therefrom:

As regards the school the water closets are dark, in an unsatisfactory condition and require more regular supervision. Further, the drop of the fire escape seems rather high for children. The building is only heated by stoves and steam heating would be preferable as regards safety. This has been before suggested by a Grand Jury.

We recommend that the inspection of all milk for public sale and of the sources from whence it comes should be rigidly carried out.

We believe that some form of inspection of liquor sold on licenced premises should be provided. if not already in existence, and carried out.

We desire to express our satisfaction at the present efficiency of the provincial police force in this district. All of which is respectfully submitted.

W. L. C. Gordon, Foreman of the Grand Jury for self and fellows

Grand Jury:—W. L. C. Gordon (Foreman), J. N. Paton, H. F. Stow, W. F. Proctor, J. T. Beattie, E. W. Bishop, H. C. Cummins, J. W. Main, J. R. Jackson, J. R Ferguson, Jos. Manly, W. J. Stewart, Wm. Dinsmore.

CIVIL DOCKET.

Henry V. Fuller vs. Fred'k. K. Hall, specific performance of an agreement and for an injunction. E. Miller for plaintiff, J. P. McLeod for defendant.

A. D. McKenzie vs. Phoenix Steam Laundry. Salary as manager, $600. J. P. McLeod for plaintiff, J. D. Spence for defendants.

Elise Wennrud vs. Silvert Dahl. To have an account taken of partnership dealings and to have affairs of partnership wound up. C. J. Leggatt for plaintiff. J. P. McLeod for defendant.

James Fisher vs. David T. Ham et al. Damages to be assesed.

Banbury vs. Lord. Dog killing case. Damages to be assessed by Registrar. J. P. McLeod for plaintiff, J. D. Spence for defendant.

Records vs. Fuller. For a declaration that the plaintiff is owner of a one-fortieth interest in Bay Mineral Claim and for an order that plaintiff deliver one-fortieth of capital stock of Bay Gold Mining Co. Ltd., and Judgment for costs. Judment accordingly.

True Bills were found against the following:

Rex vs. E. A. Shute for assaulting a police officer. Failed to appear.

Rex vs. David McBride. True bill on last count only.

Rex vs. Alex. McNeice, carrying offensive weapon. Not guilty.

Rex vs. William and Cleve Newman, Robbery, H. A. McLean for Crown, J. D. Spence for defendants.

This case was what is known as the Bridesville hold-up and was disposed of at the afternoon session, the jury returning a verdict of guilty.

The prisoners entered a plea of not guilty, and offered no evidence in rebuttal of the testimony of Ben Hart, who confessed to having been the third man who took part in the robbery and who gave a graphic description of their movements from the 16th to the 20th of December last.

Hart's evidence was supported by the testimony of Mrs. Ravenscraft and her daughter, and showed how the dirty business had been planned and carried out, and incidentally of the failure of their attempt to rob the store at Havillah, Wash. For the defence, Mr. J. D. Spence made a strong plea on the point of the unreliability of the testimony of the principal Crown witnesses, though the chain of circumstances was of such a nature as to leave but little doubt of the guilt of the prisoners.

Bill Newman and his brother Cleve Newman, were sentenced to twenty years penal servitude, while Benjamin Hart, who turned King's evidence, was released on suspended sentence.

In the presence of the "Times" editor Ben Hart made a presentation of his revolver to Chief Constable Bunbury with the statement that he would carry a gun no more, and that in the future he could be counted on as an upholder of law and order in the Boundary.

The conviction of these desperate characters is a matter for congratulation for the whole Boundary country, and the credit of course is due to Chief Constable Bunbury and his staff.

Captain Bunbury's description of the separate arrests of the tric at the muzzle of the officers' guns was as interesting as it was simple and modest, and shows that the western country can cope with any trouble that may arise when the right man is put in charge of the situation

---

If you desire to clean land in the vicinity of Victoria, or any place else in British Columbia and use fire in doing so, you must obtain a permit from the government agent in your district. From now until the first of October no fires may be kindled for land clearing purposes unless the persons interested take out such a permit. For Victoria district permits may be obtained at the government building's in the lands department. The department is at present sending out to the government agents throughout British Columbia blank books of permits to be filled out as required. This regulations was enacted at the last session of the legislation, when a bill amending the Bush Fire Act was passed. This provides a penalty for non-compliance with the regulation and ordains that after the permit is obtained the fires must be watched, managed and cared for so that no damage may ensue and so that the fire may not get beyond control.—Victoria Colonist.

There is no better time than the present to get down to business for an old-time Greenwood celebration of Dominion Day.

MINES AND MINING

A. Ikeda, of the Ikeda mines, Queen Charlotte Islands, is looking over the mines and smelters in the Boundary.

The enlarging of the Granby Smelter will increase the gross smelting capacity of the plant from 3,200 to 4,500 tons of ore daily.

The new American tariff on zinc amounts to $8 a ton on 40 per cent ore which is prohibitive.

Orient camp is to have a cyanide plant for the local treatment of ores by the Hess process.

A Catton smelter is to be installed near Conconully.

A 30-foot vein has been uncovered on the Gold Dust property on Kruger mountain.

Bruce White has 14 men at work on the Belcher mine at Republic.

The First Thought mine at Orient reports a strike on the second level below the tunnel that runs as high as $200 in gold.

Copper to the extent of 94½ tons was produced in Southern Rhodesia in 1908.

One acre-foot of water equals 355,850 gallons.

Mr. Frecheville, the eminent mining engineer, emphasises his opinion that large expansion is in store for Canadian mining industry, both in established and new fields.

It is reported that the Le Roi will resume work in the near future.

Col. C. Christopher of Seattle, has purchased the patent rights of the Catton smelter for California, Nevada, Arizona, Oregon and New Mexico. from the State Mining and Smelting Company and, with W. S. Keith as consulting engineer, will erect a furnace of 50 tons daily capacity in each state for practical commercial work.

An English report recently issued places the production of iron ore in the world at 129,000,000 in 1907. The contents of the known American fields is estimated 5,000,000,000 tons or about half the supply of the world. The Spanish mines are said to contain 5000,000,000 tons and their output 10,000,000 per annum. The deposit in the United Kingdom according to the report of the Geological Survey of Sweden in 1904 was 1,000,000 tons of 70 year's supply. The world's output of pig iron which is 60,000,000 tons per annum, is likely to increase to 100,000,000 in 1950.

Greenwood-Midway Trunk Road

The work of equalizing the grades on the Greenwood-Midway road has been almost completed, and when the grade is out at Kerr's ranch near Boundary Falls it will be ready for automobiles, mule-trains. or tally-hos.

This very necessary work is a matter of great importance to the community, as the traffic of late has been increasing materially.

Road Foreman Wilmhurst has also put the finishing touches on the new Ingram bridge, the last of which was 100 gallons of Mineral paint. The New structure is of the Howe tress pattern with a span of 164 feet. It contains 13 tons of iron and the heavy stringers were brought in from the coast, the rest of the timber being furnished by Craigie's mill at Boundary Falls.

Death of an Old-Timer

The funeral of the late Thomas Curry, aged 65 years. took place from the Roman Catholic church on Monday, Rev. Father Bedard officiating. Deceased was a native of Boston and one of the oldest old-timers in the Boundary and Similkameen, at one time being employed on the estate of the late Judge Haines.

In partnership with J. A. Tuzo he had been engaged in the development of some very promising claims on the West Fork, and on the morning of his death was proceeding up the Rawhide trail in company with Mr. Tuzo to their work when he suddenly expired, death being due to heart trouble.

Canadian Mining Institute

At the meeting of the Canadian Mining Institute held at Coleman, Alta., on the 25th inst., W. A. Davidson, M.E., occupied the chair. Several papers were presented. One of these was by W. J. Powell, mine manager of the International company's mine of which a description was given, together with the particulars of the system of ventilation and of haulage; another was by E. Jacobs on "Notes on coal mining, etc., in Alberta," this being a summary of recently published official reports, and a third by F. W. Gray, of Sydney, C.B., on "Oxygen Breathing Apparatus in coal mines." The other business done was chiefly routine.

Two applications for membership were received.

McRae Brothers have finished shipping their stock of stationery goods to Prince Rupert where they will establish a business in the G.T.P. terminal.

During twelve years in business in Greenwood McRae Brothers have enjoyed a splendid reputation as business-men, and also a fair share of prosperity which all who have ever done business with them will hope will follow them in their new location.

In the case of Rex vs. W. J. Brown for the killing of a calf the property of F. Ruckles, which was tried under the Speedy Trials Act at Greenwood on the 24th inst. the defendant was assessed in a nominal fine, the provocation was great and there being no intention to kill proven.

King Edward's colt Minoru won the English Derby.

THE ARGO MINING CO.

Bright Prospects for Greenwood's South-end Tunnel

Work is progressing on the Argo tunnel at the south end of the city and five sets of timber are already in place.

The people to whom the license for this big mining undertaking was issued are all local men and Messrs. Black and Lofstad expect to have the articles of incorporation for their company within a few days. The plan of incorporation calls for the issue of 500,000 shares at 25c, which is to be used in the actual work of developing the high-grade properties in the south end of the camp including the Mayflower, the Argo, the Empress, the Helen, and other well-known prospects. The tunnel is running in the direction of the Skylark mine. and will cut at depth a series of veins on which shafts have been sunk to depths of about 100 feet, and which it became necessary to discontinue because of the heavy inflows of water.

The first shaft which the tunnel will reach in a distance of 640 feet from the portal, was first worked ten years ago by Wood and Galloway and at the bottom of the 115 foot shaft the vein had widened to 15 feet and carried free gold, native silver, galena, and copper.

Two hundred feet farther the tunnel will pass beneath the second shaft in practically the same ore, at a depth of 700 feet.

The next shaft which will be met 300 feet farther on, is on the Empress fraction at which point a depth of 1,000 feet will be obtained on a lead from 2 to 4 feet wide which gives an average assay value of $90 to the ton.

As about $4,000 worth of development work has already been done on these properties with the most encouraging results in the way of exceedingly rich gold and silver ore, the prospects for a big success in the undertaking are exceptionally bright.

The management figures on running 100 feet a month at a cost of not more than $10 a foot for the first 200 feet. They have all the necessary equipment on the ground in the way of shops, cars, rails, etc., and there is a plentiful supply of first-class mine timber on the property. The tunnel is on a level with and but a few hundred yards distant from the B.C. Copper company's smelter,

That there is rich ore in the hill in divers places has been proven by the shafts and surface workings, and when the Argo tunnel taps these deposits of precious metals at a depth of 1,000 feet the company will have a bona fide property.

S S. Taylor, K.C., lately of the firm of Taylor & O'Shea, of Nelson, B.C., and J. A. Harvey, K.C., lately of the firm of Harvey McCarter & McDonald, of Cranbrook, and Harvey, McCarter & Pinkham, of Revelstoke, have formed a partnership and will upon June 10th, 1909, remove to and practice law in Vancouver, under the firm name and style of Taylor & Harvey. Their offices are over the Imperial Bank of Canada on Granville street in Vancouver.

The secretary of the A.Y.P. in reply to a question from the Associated Boards of Trade of B.C., says that the Exposition authorities will accept Canadian money at par in its gate receipts.

When he adds that the merchants of Seattle have always done so, he is making a broad statement for it has long been the custom over there to discount a Canadian bill 20 per cent. where the victim would stand for it.

The Victoria Board of Trade is still laboring under the delusion that Mr Templeman is the representative of that city in the Canadian parliament.

A Grand Jury at Victoria recommended that petty larcenists should be flogged. And after awhile grand larceny in Victoria could be made a capital offence, while more serious matters could be left to the care of spiritual advisers.

This is not bad for Wu Ting Fang, Chinese minister to the U.S: "China strongly favors arbitration, and hopes that the day will come when compulsory arbitration is made the law of nations."

The income tax to be levied under the new British Budget is estimated by a writer in The Nation at 9 per cent.

A London despatch to New York Herald of a week ago reports Admiral Sir John Fisher as saying that people may sleep within their beds so far as the readiness of the British navy is concerned. The dispatch adds that there is a growing opinion that any money to be expended hereafter should be devoted to building ships of the Lord Nelson class rather than Dreadnoughts.

Senator Lafollette declares that the American high tariff is driving the tanning industry to Canada. Let it drive.

Judge Maclaren holds that while civilized as individuals we are still barbarous as nations. The man who would scarcely kill a chicken for dinner will talk glibly of the slaughter of thousands of men when under the spell of warped political judgment.—Globe.

Only two failures in forty-nine cases is a pretty good certificate as to the value of the Lemieux act in securing reconciliation between employers and employees. The record is a gratifying one.—Kingston Whig.

The Canadian Manufacturer's Association and the Montreal Board of Trade have declared for protection.

Says the Prince Rupert Evening Bulletin: "They call it lemonade in Ballyhooly and cider in Prince Rupert. More heads are broken in Ballyhooly than in Prince Rupert, but that is more because of the nature of the Irishman than the nature of the liquor."

The Calgary board of trade recently wrote the Vancouver board regarding a court decision recently handed out that any company or firm not incorporated in British Columbia cannot take action against creditors.

The Vancouver board replied that such is the case, and they are satisfied and will make no effort to have the same remedied. The Calgary board intends taking the matter up. They have already sent a resolution to the Associated Boards convention, which meets at Saskatoon next month, and should the convention take up the matter the board will leave it in their hands. On the other hand, failing the convention, the Calgary board will work towards getting legislation of a similar nature by the Alberta government. This would affect lumbermen and the fruit and fishery business.

Joseph Chamberlain has returned from Southern France stronger than when he went abroad, but his powers of walking have made no appreciable improvement.

General

Abdul Hamid, the deposed Sultan, has transferred bank deposits amounting to more than $5,000,000 to the government.

The bank statement for April gives the usual indication of improved business for the month as compared with march.

An order-in-council has been passed establishing a new geodetic survey of Canada under the superintendency of Dr. W. F. King chief Dominion astrominer.

The cattle quarantine on the frontier established to prevent foot and mouth diseaser is discontinued.

The prairie provinces have had their first earthquake.

The eleventh Canadian Parliament has been prorogued.

35,000 employees of the iron and steel companies in Pennsylvania will receive a 10 per cent advance in wages.

Col. Roosevelt has slain his second rhinoceros.

The last rail of the Chicago Milwaukee & St. Paul Ry. was laid 100 miles west of Butte, Montana.

The Central Trust Company of New York disbursed a $2,000,000 dividend.

George Meredith, the celebrated English poet and novelist, succumbed to heart failure.

The strike of the General Federation of Labor in France has been declared off.

H. H. Rogers, president of the Amalgated Copper Co., died in New York.

Shrubb defeated St. Ives in a twenty mile race at Montreal

The C. N. R. have announced their intention to build from Edmonton to Calgary during the present year.

Hon Mr. Brodeur minister of Marine will visit the Pacific coast, while Hon. Mr. Templeman minister of mines will visit the mining industries in Nova Scotia.

When Stirling Arnold, a farmer near Reno, Nev., reached the ripe age of 103 years, he ceased heavy work and his eldest son, a mere lad of 80, is taking his father's place in the fields. With the eldest brother are four other sons, the youngest of whom is 53. It is with difficulty that Arnold could persuade his wife to cease heavy work. She will be 100 years old next month. Arnold was born in South Carolina, used tobacco all his life, but has abstained from Liquors. Incidentally he has been a deacon of the Baptist church for 84 years.

The 300 buffalos bought last fall by the Dominion Government are on their way from Montana to Wainwright Saskatchewan.

In 2000 A. D.

Give me a spoon of oleo, ma,
And the sodium alkali,
For I'm going to make a pie, mamma!
I'm going to make a pie.
For John will be hungry and tired ma,
And his tissues will decompose;
So give me a gram of phosphate,
And the carbon and cellulose.
Now give me a chunk of casine, ma,
To shorten the thermic fat,
And give me the oxygen bottle, ma,
An look at the thermostat.
And if the electric oven is cold
Just turn it on half an ohm,
For I want to have the supper ready
As soon as John comes home.

—Ex.

Your Doctor

Can cure your Cough or Cold, no question about that, but—why go to all the trouble and inconvenience of looking him up, and then of having his prescription filled, when you can step into any drug store in Canada and obtain a bottle of SHILOH'S CURE for a quarter.

Why pay two to five dollars when a twenty-five cent bottle of SHILOH will cure you as quickly?

Why not do as hundreds of thousands of Canadians have done for the past thirty-four years: let SHILOH be your doctor whenever a Cough or Cold appears.

SHILOH will cure you, and all druggists back up this statement with a positive guarantee.

The next time you have a Cough or Cold cure it with

SHILOH

For stealing from the mails a letter containing $3.50, Wilfred L. Bishop of Ottawa, a young post-office employee, who was pleaded guilty some days ago, was sentenced to three years in the penitentuary. A petition will be made for his release on parole and will likely be presented to the minister of Justice.

Copper HANDBOOK.

(New Edition issued March, 1908.)
Size: Octavo. Pages: 1228.
Chapters: 25.
Scope: The Copper Industry of the World.

Covering; Copper History, Geology, Geography, Chemistry, Mineralolgy, Mining, Milling, Leaching, Smelting, Refining, Brands, Grades, Impurities, Alloys, Uses, Substitutes, Terminology Deposits by Districts, States, Countries and Continents, Mines in Detail, Statistics of Production, Consumption, imports, Exports, Finances, Dividends, etc.

The Copper-Handbook is concededly the

WORLD'S STANDARD REFERENCE BOOK ON COPPER

The Miner needs the book for the facts it gives him regarding Geology, Mining, Copper Deposits and Copper Mines.

The Copper Consumer needs the book for every chapter it contains. It tells what and explains how and why.

The Investor in Copper Shares cannot afford to be without it. The Copper Handbook gives statistics and general information on one hand, with thousands of detailed mine descriptions on the other, covering the copper mines of the entire world, and the 49 pages of condensed statistical tables alone are worth more than the price of the book to each and every owner of copper mining shares.

Price: $5.00 in Buckram with gilt top, or $7.50 in full library morocco.

Terms: The most liberal. Send no money, but order the book sent you, all carriage charges prepaid, on one week's approval, to be returned if unsatisfactory, or paid for if it suits. Can you afford not to see the book and judge for yourself of its value to you?

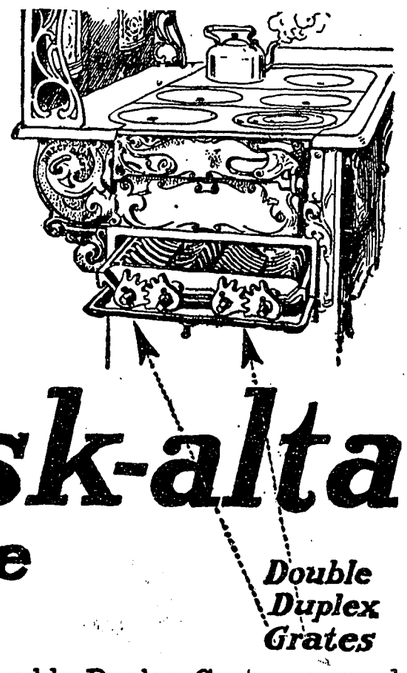
FIRST-CLASS CAFE, OPEN DAY AND NIGHT

The oven does the baking, the fire-box controls the oven heat, and the grates hold the coal or wood that produces the heat, so THE GRATES are important.



Sask-alta Range

Double Duplex Grates

"Sask-alta" Double Duplex Grates are made in four pieces, each grate shaken separately. Ashes over one grate can be shaken without wasting good fuel over other grate. No poking necessary, thereby saving fuel. Dampers at both ends of fire-box secure perfect drafts. When grates are inverted for wood a patent clamp retains them in position. The easiest-working way is the surest-serving way—and that's "Sask-alta" way.

DOES THIS INTEREST YOU?

A prominent physician, famous for his success in the treatment of kidney and bladder diseases, attributes a great deal of his success to the following simple vegetable prescription:—

One ounce Fluid Extract Dandelion;
One ounce Compound Salatone;
Four ounces Compound Syrup Sarsaparilla;

Mix, shake well, and take in teaspoonful doses after each meal and again at bedtime.

Your druggist can supply the ingredients, and the mixture can be prepared at home at very little expense.

This, the doctor says, acts directly on the kidneys, assisting them to filter the poisons from the blood and expel same in the urine, at the same time restoring the kidneys to healthy, normal action.

We feel that a great many readers will be pleased to learn of this simple prescription, and knowing the ability of the physician whose formula it is, we do not hesitate to recommend it to any sufferer.

John Dunlop, Dominion Immigration officer at King's Gate, reports that 855 new residents entered Canada via that port in the month of April.

A London cable says that the Royal Humane Society's medal was awarded to Lionel Sharp, Vancouver, for saving a boy's life on April 15th.

The total bank clearings at Vancouver for the week ending May 20 were $5,050,521, as compared with $3,457,152 for the corresponding week of last year.

A drowning accident occurred at one of the camps of the Big Bend Lumber Company, 14 miles from Revelstoke, last week. A workman named Ivor Sutherland, was, with his brother, engaged in an attempt to break a log jam when the jam gave way, and of the two brothers, Ivor never recovered himself.

The Cameron brothers of Cranbrook accused of setting fire to the Mayook lumberyards were acquitted of the charge.

Hailstones weighing 10 pounds are reported from Texas.

The authorities have declined permission to place the ashes of George Meredith in Westminister abbey.

A Poor Weak Woman

As she is termed, will endure bravely and patiently agonies which a strong man would give way under. The fact is women are more patient than they ought to be under such troubles.

Every woman ought to know that she may obtain the most experienced medical advice *free of charge* and in *absolute confidence* and privacy by writing to the World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y. Dr. Pierce has been chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for many years and has had a wider practical experience in the treatment of women's diseases than any other physician in this country. His medicines are world-famous for their astonishing efficacy.

The most perfect remedy ever devised for weak and delicate women is Dr. Pierce's Favorite Prescription.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

The many and varied symptoms of woman's peculiar ailments are fully set forth in Plain English in the People's Medical Adviser (1008 pages), a newly revised and up-to-date Edition of which, cloth-bound, will be mailed *free* on receipt of 50 one-cent stamps to pay cost of mailing *only*. Address as above.

BAD LEG FOR 60 YEARS

Zam-Buk Works a Complete Cure

Mrs. J. Minett, of 192 Thurbers Avenue, Providence, Rhode Island, has been cured by Zam Buk of a bad leg, which had defied all remedies for sixty long years. She says:—"When a child of eight, I was bitten on the leg by a dog. A doctor cauterised the place, but it never healed up soundly, and I have suffered with an ulcerated leg for over sixty years. This occurred in England, and many English doctors tried in vain to heal the sore. At one time I was an in-patient at the East Suffolk Hospital for a long period, and for three years I was in and out of hospitals. I was continually in pain, and the sore would not heal, but continued to discharge Twelve months ago I came out here to my daughter, and during the voyage I had to keep my bed. The ship's doctor examined my leg, and gave me a plaster, which I had to take off again as it made the pain so intense. When I reached my daughters house, she sent for a medical man, who said nothing could ever do it any good. They said my leg would never be well.

"One day my youngest daughter brought home a box of Zam-Buk, and induced me to try it. With the first application I seemed to find ease, and further treatment with Zam-Buk did me so much good that I sent for a proper supply. I kept on with the Zam-Buk treatment and soon saw that the wound was getting better. The discharge was reduced, and the pain was eased. I persevered with the Zam-Buk and, to cut a long story short, it effected a cure. It is marvellous to think that after suffering for sixty years, Zam-Buk has been able to make my leg perfectly sound."

Zam-Buk is a sure cure for cuts, lacerations, burns, eczema, ring-worm, poisoned wounds, festering sores, bad leg, and all skin injuries and diseases. It is also a cure for piles. Druggists and stores everywhere sell at 50c a box or post free from Zam-Buk Co., Toronto, on receipt of price. You are warned against cheap and harmful imitations sometimes represented as 'just as good'

Pianos, sewing machines, stoves, etc., for sale or rent. The O.I.C., Second-hand man, A. L White. Phone 16.

FOR SALE.

For Sale—50 acres of black sandy loam, partly cleared, well suited for fruit growing, one-half mile from railway station. Will sell for $20 an acre in whole or part. $10 will finish clearing. Half cash, balance on terms. Apply to Times office, box 150.

Synopsis of Canadian North-West

HOMESTEAD REGULATIONS.

ANY available Dominion Lands within the Railway Belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister, of an intending homesteader.

The homesteader is required to preform the conditions connected there with under one of the following plans;

1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence pon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Coal.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1. per acre. Not more than 2,560 acres shall be leased to one individual or company. A royality at the rate of five cents per ton shall be collected on the merchantable coal mined.

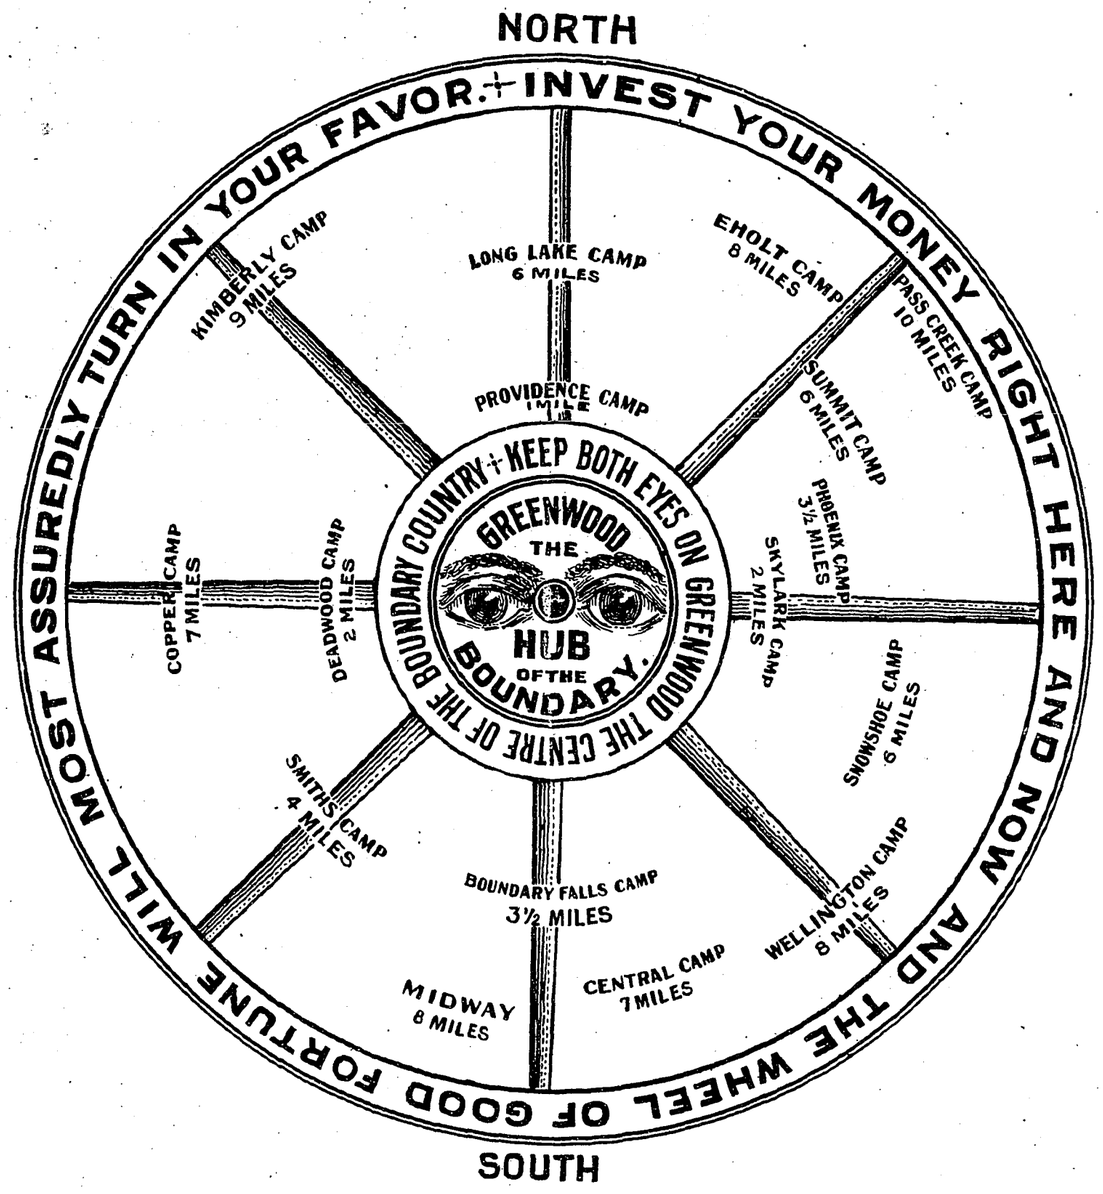
GREENWOOD THE HUB OF THE BOUNDARY.

Keep Both Eyes on Greenwood.



The City of Greenwood is surrounded by Mining Camps, which have great bodies of low-grade ore, and some of the richest high-grade veins that have ever been discovered.

Greenwood has big Smelters and proven mines, and a mineralized area of boundless possibilities.

There is now a revival of mining in the Boundary Country, of which Greenwoood is the Centre.

The day is near when as many thousands of men will be employed in the Boundary mines as there are hundreds now.

All that is required is more capital to work the wonderful deposits of mineral in the richly favored Boundary.

For information, Address.

FRED'K. W. McLAINE, Secretary Greenwood Board of Trade.

Everybody Agrees

that COD LIVER OIL and IRON are beyond question the greatest medicines known. Then why does not everybody take Cod Liver Oil and Iron? Simply because most people cannot take the Oil and few can digest the Iron in any ordinary form. These difficulties have been entirely removed by the introduction of FERROL, in which the Iron is scientifically combined with the Oil, rendering the Oil palatable and the Iron digestible. While

FERROL

is manufactured from the best quality of Cod Liver Oil (the whole of the Oil) and is richer in oil than any other emulsion, and while it contains just the right quantity of the best form of Iron and Phosphorus, it is so scientifically prepared that not one person in a thousand finds any trouble in taking it, and infants digest it without difficulty. Moreover the well-established value of the Oil and Iron is immensely enhanced by the process of manufacture, and as the formula is freely exposed it is not to be wondered at that physicians everywhere have fully endorsed FERROL and used it largely in their practice. FERROL is invaluable for the treatment of any kind of Lung or Bronchial troubles, while for wasting diseases it has no equal, and

Purely Personal

Joe Chenier is down from Beaverdell.

Donald Gunn, now of Rossland, is attending the Assizes.

Alex. Robinson, of Columbia, is at the Pacific.

J. E. McAllister left for the coast on Wednesday.

Andy Donahue is spending a few days in the city.

John Barclay has returned from a trip to Spokane.

Miss Minkler is visiting her aunt, Mrs. Robert Wood.

Barrister Whiteside, of Grand Forks, attended the Greenwood Assizes.

E. Stuart Palmer, of Long Lake Camp, was in the city on Monday.

Mr. and Mrs. George Evans left on Tuesday for Halcyon Springs,

Mrs. J. W. Nelson returned yesterday from a visit to Colville Wash.

Alderman and Mrs. A. F. H. Meyer leave today on a vacation trip to the coast cities.

R. Wilson spent the 24th of May surveying the possibilities of his ranch at Boundary Falls.

Dr. and Mrs. Oppenheimer and son have returned from an extended visit to relatives in our neighboring State.

Maxwell Smith, Dominion Fruit Inspector, was in the Boundary last week. Mr. Smith is quite pronounced in favor of the Kettle River Valley as a fruit-growing locality.

A jolly fishing party, including Mr. and Mrs. Fair, Mr. and Mrs. Bishop, Mr. and Mrs. Stow, and Messrs. Birnie and Tait, went up to James Lake on Saturday. The party of course are all true sports in the fishing line, and were content with twenty-six speckled beauties that weighed from one to two pounds.

Administrator's Notice.

In the County Court of Yale holden at Grand Forks,
In the Estate of Alexander Wilson, Deceased.

NOTICE is hereby given that on the 14th day of April, 1909, it was ordered by His Honor Judge Brown, that A. C. Sutton, Official Administrator be administrator of the estate of Alexander Wilson, late of Midway B. C., deceased, intestate.

Every person indebted to said deceased is required to make payment forthwith to the undersigned and every person having in possession effects belonging to deceased is required to notify the undersigned.

Every creditor or other person having any claim upon or interest in the distribution of the estate of the deceased is required before the 9th day of June, 1909, to send by registered letter, addressed to the undersigned, his name and address and full particulars of his claim or interest and a statement of his account, and the nature of the security (if any) held by him, all verified by statutory declaration.

After the said 9th day of June, 1909, the administrator will proceed to distribute the estate having regard to those claims only of which he shall then have had notice.

Dated at Grand Forks, B.C., the 19th May, 1909.
A. C. SUTTON,
Official Administrator,
Grand Forks, B. C.

TOWN TOPICS

Owing to the increase in the price of flour the price of bread with local dealers after June 1st will be sixteen loaves for a dollar

James McRae has taken a set of views showing the topography of Prince Rupert townsite which are being published by the Thompson studio Vancouver.

The examinations for entrance to high schools will commence on June 1st with Inspector Sullivan in charge. Five candidates from Greenwood will "try" besides a number from Phoenix, Midway, and other surrounding points.

Some of the more enthusiastic and muscular members of the tennis club put in Empire Day in laying a coating of cement on the Government street court, which, when completed, will be a credit to their enterprise, and a monument to their prowess with instruments other than the ball and racquet.

On Tuesday, May 25th Miss Hilda Yetterbaum was married at Colville, Wash., to Mr. Carl Hjalmar Damm, a well-known miner and prospector, of Phoenix.

The city firemen had a run last Saturday to the Miner's hotel. The fire was probably caused by mice and matches and was extinquished before the blaze reached the roof.

The dance at the Riverside hotel on the night of the 24th was a very successful affair, parties attending from Greenwood, Midway, Bridesville, Chesaw, and the whole countryside to partake of the hospitality of Mr. and Mrs. Larsen.

Next Sunday being the Festival of Whitsun-day the services at St. Jude's church will be, Holy Communion, 8 a.m.; Holy Communion (choral) 11 a.m.; Festal evensong, 7.30 p.m. There will be a choir practice this evening at 8 p.m. which all members are particularly requested to attend.

The death occurred on the 26th at the Sister's hospital, of Mrs. Rosa Intilla, daughter of M. Bombini, Anaconda. The funeral took place this morning from the Roman Catholic church and was largely attended.

The case of Rex vs Larsen will be heard by Judge Brown on Monday.

The Greenwood-Phoenix Tramway bore is being driven five feet per day with hand steel. When the air drills are put into commission the rate of progress will be greatly accelerated.
