THOMAS DRUG & MUSIC CO,

"We Give the Most Change Back."

SENT UP FOR TRIAL

Cleve Newman appeared before Magistrate Hallett on Friday last to answer to the charge of complicity in the Bridesville hold-up on Dec. 19th.

The accused pleaded not guilty, and was committed to stand his trial at the Court of Assize, which will meet in Greenwood on May 25. He was taken to Nelson gaol on Saturday by Constable Aston and Special Constable Carapata. It is expected that an extradition warrant will be issued for his brother Bill, who is in the Federal gaol at Spokane, in the course of a few days.

Greenwood Rifle Association.

The Greenwood Rifle Association will meet at the Government offices on the 29th, at 8 p.m., and all those who are interested are invited to attend.

The club is equipped with the latest pattern Ross rifle, and their practise affords young men a fine opportunity to become proficient in the use of this excellent arm.

It is hoped that a larger number will take advantage of practise shooting during the coming season.

Lindsay Leaves Crow's Nest Coal Company.

A telegram from Toronto states that at the general meeting of the stockholders of the Crow's Nest Pass Coal Co. a new board of directors was elected and G. G. S. Lindsay, so long general manager and president of the board, has retired, and Elias Rogers, one of the original directors, elected to the presidency of the new board.

Mr. Rogers was managing director at the time of the great explosion in May, 1902, and is well known in Fernie. It is the intention of the company to erect 1000 new coke ovens there during the next two years, and the battery at Michel is also to be increased.

Manager Hurd states that he will soon be able to put all his men to work steadily in the mines and that the output, which has been averaging about 1,500 tons, will be increased to 2,000 tons within a month. It is expected that the product of all the mines will be swelled to 5,000 tons daily before the end of the year.

The semi-annual election of the officers of Phoenix Miners' union was held last week, the following were elected: President, R. Silverthorn; vice-president, J. D. McLean; financial secretary, W. A. Pickard; recording secretary, W. X. McDonald; assistant recording secretary, Clifford Adams; treasurer, D. W. McKenzie; warden, L. McKelvie; conductor, J. P. Cosgrove; trustees, J. D. McKenzie, Angus McKinnon, Dan Patterson, D. W. McKenzie, M. McLeod.

J. S. Birnie, D.D.G.M., paid an official visit to the local Masonic lodge yesterday evening, and will visit Harmony lodge, Grand Forks, on the 24th.

A well-attended and enthusiastic meeting of the Order of Railway Telegraphers was held at Eholt on the evening of the 16th.

D. A. MacDonald has staked the coal locations near Midway, formerly held by D. C. Corbin, and John H. East, with two other men are engaged in sinking a prospecting shaft on the property.

Ladies' Oxfords in great variety at Barclay & Co's.

THE BIG TUNNEL

Final Arrangements Are Now Being Completed.

Richard Armstrong, of Chicago, promoter of the Greenwood-Phoenix tunnel, arrived in Greenwood last Friday to complete arrangements for the prosecution of the work.

A By-law in line with the understanding had with last year's City Council will be submitted to the property-holders of the city and will be carried unanimously.

The City Council and the Board of Trade are a unit in its favor; and the citizens generally have every confidence that when the big bore is driven through the high-grade veins which the tunnel will pierce, Greenwood will be the best and busiest mining camp ever seen in British Columbia.

THE CITY COUNCIL.

With the exception of Alderman Buckless all the members were present at the Council meeting on Monday night.

Communications were read from the Canadian Mining Journal asking for subscription; F. W. McLaine re recreation grounds; Greenwood City Waterworks Co. re reduction in street lighting rates.

Subscription to the Canadian Mining Journal was ordered discontinued, and the letters of Mr. McLaine and Mr. McAllister filed. A letter was read from Mr. Richard Armstrong asking for a bonus of $50,000 in bonds to assist the building of a tramway between Greenwood and Phoenix—$15,000 to be paid on completion of 3,000 feet; $15,000 to be paid on completion of 6,000 feet; and $20,000 when the tramway reaches the limits of the City of Phoenix.

"I hereby offer and undertake to construct an underground tramway from the City of Greenwood to the limits of the City of Phoenix, for carrying of ore, the said tramway to start within the limits of the City of Greenwood, on or near the Nelson mineral claim.

"In order to carry out the construction of the said tramway, I would ask and suggest that the corporation of the City of Greenwood bonus said undertaking to the extent of $50,000 of bonds to be payable as follows: $15,000 when said tramway is completed 3,000 feet from its portal; a further $15,000 when it is completed 6,000 feet from its portal; a further $20,000 when it is completed to a point under the limits of the City of Phoenix."

The following petition, signed by Sidney S. Oppenheimer and 63 others, was read:

The petition of the undersigned humbly showeth:

1. That your petitioners are the owners of real property within the limits of the municipality of the City of Greenwood of the value of at least on-tenth of the total value of the real property in said municipality, as shown by the last revised assessment roll.

2. That your petitioners request your honorable body to introduce a bylaw to raise upon the credit of the corporation of the City of Greenwood a sum not exceeding $50,000 to assist in the construction of an underground tramway to tap ore bodies under, between or adjacent to the cities of Phoenix and Greenwood, and carry said ore to Greenwood.

The City Clerk was instructed to draft an agreement according to Mr. Armstrong's letter.

The matter of street lights was left with the committee for two weeks for further consideration.

The water committee reported having repaired four leaks in the town and one in Anaconda, consequently the water had to be cut off during repairs.

The following by-laws were given their third readings:

No. 1—By Alderman Dixon, to reduce the Mayor's salary to $250 and cut off the remuneration to aldermen.

No. 2—By the Mayor, re appointment of City Solicitor, giving him full standing in the courts.

No. 3—By Alderman Gulley, re Liquor License Regulations, calling for all rates and taxes to be paid before license will be granted.

No. 4—By Alderman Gulley, re Revenue amendment, increasing hotel licenses $25 a year and saloon licenses $50 a year.

No. 5—By Alderman Wilson, re Fines and Penalties; to do away with the necessity of incorporating the penalty clause in each and every bylaw where a penalty may be enforced.

MINES AND MINING

The Bounty Fraction shipped their second car of ore this week.

The smelter at Trail is now treating 40,000 tons of ore a month, the gross value of the output being $400,000 monthly, of which 40 per cent is gold, 22 per cent each lead and silver, and 16 per cent copper. The company has made a long contract for 100 tons of ore daily from the Le Roi No. 2.

As a result of the closing of the Le Roi mine the Northport smelter will shut down in three weeks as there is not sufficient custom ore to keep the plant in operation.

A forty-foot vein of high-grade ore has been struck on the ninth level in the War Eagle.

Something like 800 new stamps and the equivalent of 400 more in the shape of tube mills, will be installed in Rand mines during the first three months of 1909.

METALS.

New York, March 17—Silver, 50½; Electrolytic copper, 12 to 12¼, weak.

London, March 17—Silver 23¼, lead, £13. 5s. 0d.

March 17—Closing quotations on the New York curb and Spokane exchange:

	Bid	Asked
B. C. Copper	6.00	6 12½
Granby	90.00	110.00
Dominion Copper	0.6¼	.12½

COPPER QUOTATIONS.

B.C. Copper	6.12½	6.25
Granby	91.00	98.00
Dominion Copper	.06¼	.18¾

"Monte Cristo" was presented at the Auditorium on Tuesday night by Frederick Clarke and Company. The performance was of an order that is not frequently seen in the Boundary country, and the Auditorium Co. deserve commendation for their enterprise in bringing first-class shows to the city.

Barclay & Co. recommend and sell the Smardon shoe for women—Startright shoe for children.

Will Make Another Mine

On March 17th the B.C. Copper Co. made the first payment of 10 per cent. on the group of claims which they bonded on the 17th of September in Wellington camp.

Although the principal work has been done on only two claims, the money paid is for the whole group.

Those who come in on the payment are, Al. Sanderson, J. M. Doyle, Jas. Drum, John Buckley, J. J. Farrell, and Peter Nelson.

The values in this property are principally in gold, and it may be taken that the B.C. Copper Co. has added another valuable mine to their list in the Boundary.

Sentence Suspended.

A. Maslonka, cobbler, peddler, etc., was sent up for trial by Magistrates Norris and Hardy, of Midway, on a charge of stealing some beef hides near that place on the 8th of March, and which was preferred by Phillip Davis, another vendor of small wares, who hails from Sunny Italy.

The accused elected for speedy trial, and appeared before his Honor Judge Brown on Wednesday, when the charge was found to be proven.

Out of consideration for his wife and children, Maslonka was allowed his freedom upon his entering into a recognizance to appear before the Judge when called upon for sentence.

Large Acreage Changes Hands

The sale of the Coryell ranch, consisting of something like 900 acres, was consummated last week, Peter Veregin and associates making a cash payment and taking possession of the property. Mr. Veregin also purchased 160 acres of mountain land west of the Newby ranch. The land was acquired principally for the purpose of running irrigation ditches over it to the Coryell ranch. It is understoed that the new owners of the Coryell ranch have contracted for all the unsold nursery stock in the Riverside nurseries, and that a large number of trees will be planted on the property this spring.—Grand Forks Sun.

"Startright" shoes for children, Barclay & Co.

MIDWAY STORE BURNED

Second Fire Totally Destroys the Store of Hardy & Co.

Yesterday morning about one o'clock the general store of Thomas Hardy & Co., Midway, was discovered to be on fire for the second time within ten days.

Last Sunday week a fire under the floor of the building was extinguished with great difficulty through the valiant efforts of the Midway bucket-brigade; and since that time the store has been closed awaiting the arrival of the fire-adjuster, N. B. Whitely, who was in this week to ascertain the extent of the damage.

There had been no fire in the building since that time, and there is evidence which indicates that the place had been broken into, giving a strong suspicion that the premises were deliberately set on fire.

The store and building are a total loss which will amount to about $11,000, and were insured to about half the value.

Hardy & Co. had a good business at Midway, and their present misfortune is a matter of great regret.

"Zinc is Free"

By a decision of the Supreme Court of the United States the duty is taken off zinc ores imported into that country.

This is one of the most encouraging things that could happen for the Kootenays, and especially for the Slocan.

Neither will it affect the zinc reduction plant at Nelson, as transportation charges are an effectual bar to the shipping of zinc bearing ores to smelters located at any considerable distance from the mines.

"The Spinster's Convention" to be given by the ladies of St. Jude's Guild on April 14th promises to be a very enjoyable affair. The ladies are practising diligently for the event. Songs and specialties will also be given which will go to make a very enjoyable evening's entertainment.

The Provincial Parliament has been prorogued.

BOUNDARY ORE TONNAGE

March 19, '09

The following table gives the ore shipments of Boundary mines for 1900, 1901, 1902, 1903, 1904, 1905, 1906, 1907, 1908 as reported to the Greenwood Times—

FRIDAY, MARCH 19, 1909

John McInnis made a strong speech against the Bowser election bill which is intended to deprive the migratory working man of his vote.

The Montreal Witness says that Mr. Borden was made to act a treacherous part by the Colonist's forged telegram which stated that Mr. Borden and the Conservative party was in favor of Asiatic exclusion.

But if Mr. Borden's real telegram didn't mean the same thing, was it not also intended to deceive the electorate of British Columbia?

Mr. Martin Burrell has been telling the people of the East that Asiatic immigration should not be encouraged, but Mr. Martin Burrell failed to inform his hearers that while in the abstract he is opposed to Asiatic immigration he encourages it by giving the immigrants employment after their arrival. Furthermore, every one of the Conservative representatives of British Columbia employed Asiatics until the exigencies of political life compelled them to desist.—Victoria Times.

A correspondent wants to know the origin of the word Dago. The origin of the word is shrouded in mystery but the first official use of it on record in this province was by Attorney-General Bowser in which he sought to secure a conviction of a prisoner on trial for his life by describing him to the jury as a Dago.—Saturday Sunset.

With the exception of those who talk theology, all soap-box orators have been forced out of business in Toronto.

What wonderful qualifications those Toronto coppers are supposed to possess.

The Hedley Bucket Brigade did valiant service in extinguishing a serious fire.

Hedley should wake up and get an up-to-date system of fire protection like we have in Greenwood

Employees in American steel rail mills are warned that their wages will be reduced if the tariff is lowered. Proverbial Yankee shrewdness disappears when the tariff is under discussion. If the companies could reduce present wages they would not wait for a reduction of the tariff. Lower prices will mean more rails, more demand for men, and more difficulties in the way of any attempt at wage reduction.—Globe.

The Cranbrook Herald calls for retaliation on Fernie for legislating against Cranbrook business men. Don't do it, "Old Man;" they will have to come to you anyhow.

An old Chinaman in Vancouver arrested for dealing in opium proved that the offence charged amounted to buying two-bit's worth of the dream-producer for a police spotter.

And the Vancouver police never did require anything in the way of a narcotic.

It is said that Premier Roblin, of Manitoba intends to refuse the terms of extension of the boundaries of that province and will make the matter a pretext for an appeal to the electorate on the same old kind of voter's lists.

The Cranbrook Herald is the latest to compliment Mrs. Hetty Green about her "well set up young Canadian son-in-law" who really is nearing the allotted span of three score and ten.

A young lady returning to her work as a stenographer in Buffalo after a visit to her home in Woodstock, Ont., was stopped at Niagara Falls and refused the liberty of proceeding to her destination.

If the red-tape-advocate had his whole way with high tariffs and other nasty restrictions all communication between Canada and the United States would be

PROVINCIAL ITEMS

The Methodists of Nelson have opened their new $30,000 marble church.

The land acquired by the G. T. P. for Prince Rupert townsite embraces 24,000 acres.

A Duluth capitalist has purchased a site at Eburne on the north arm of the Fraser on which he proposes to build a grain elevator.

Representatives of Seattle capital have secured ten acres in the East-end of Vancouver on which they will erect a plant for the manufacture of locomotives and logging engines.

An inquiry will be made into the criticisms of Chief Justice Hunter.

Theodore Ludgate has dropped out of the Deadman's Island lease matter and a new lease, subject to stipulations, has been given to J. W. Wearst for 21 years at $15,000 a year; the lease being renewable in perpetuity.

Convict Clark, who escaped from New Westminster penetentiary with Bill Miner, has been returned to that institution under police escort from Mount Vernon, Wash.

The Prince Rupert Empire is advertised for sale. We hope that the redoubtable John Houston will reconsider the idea.

The death of Father Fay, first parish ptiest at Vancouver will be lamented by all who knew the courteous old gentleman.

P. Burns & Co. are erecting a six-storey building in Vancouver.

J. W. Spaulding has charge of the new postoffice at English Cove on Christina Lake.

The Bank of Commerce has opened a branch at Alberni.

Miss Johnston, of Vancouver, has taken charge of the Phoenix hospital, Miss Markley, the former matron, having resigned and gone to the coast.

The Pacific Coal Mines Co., of Victoria, is engaged with extensive development work on 20,000 acres of coal lands which they own on the north end of Vancouver Island.

MINES AND MINING

The outlook for mining in the Yukon is said to be very bright.

Thirty men are employed on the Standard group at Silverton.

The Bluebell at Kaslo is shipping steadily to the Trail smelter

The San-Poil-Republic Smelting Co will build a smelter near Republic

The Le Roi at Rossland, it is stated, will be closed down for an indefinite period.

The Night Hawk Co. will resume operations of their 20 stamp mill in a few days.

The tunnel on the Hosmer Coal Mines company property is in a distance of 4,150 feet and has reached the ninth seam of coal.

Germany will purchase $90,000,000 worth of silver bullion for the manufacture of coin; which should help the silver market some.

Compared with the same period in 1908, the first two months of the current year show a marked improvement in point of dividends paid, and judging from reports so far received by The Mining World for March, this month will show an even greater increase despite the very unsatisfactory condition of all markets.

The Dominion government has decided to permit quartz mining to be carried on upon forest reserves, precautions being taken to prevent fires and destruction of timber.

The regulations in regard to coal mining rights in the Northwest have been changed. Heretofore, such rights could only be obtained by lease, the lessee paying in advance $1 per acre yearly. By the new regulations applicant may have a two year's lease of 2,500 acres of Crown lands by the payment of $100. This is destined to encourage prospecting for coal where no known surface indications exist. The money is to be returned on proof of actual prospecting work having been done, and to be applied to rental in case of subsequent lease.

For Sale—A 5-room cottage in good condition, with chicken coop and woodshed. Easy terms. Apply to L Daignault, Anaconda.

Covering; Copper History, Geology, Geography, Chemistry, Mineralolgy, Mining, Milling, Leaching, Smelting, Refining, Brands, Grades, Impurities, Alloys, Uses, Substitutes, Terminology Deposits by Districts, States, Countries and Continents, Mines in Detail, Statistics of Production, Consumption, imports, Exports, Finances, Dividends, etc.

The Copper Handbook is concededly the

WORLD'S STANDARD REFERENCE BOOK ON COPPER

The Miner needs the book for the facts it gives him regarding Geology, Mining, Copper Deposits . . Copper Mines.

The Copper Consumer needs the book for every chapter it contains. It tells what and explains how and why.

The Investor in Copper Shares cannot afford to be without it. The Copper Handbook gives statistics and general information on one hand, with thousands of detailed mine descriptions on the other, covering the copper mines of the entire world, and the 40 pages of condensed statistical tables alone are worth more than the price of the book to each and every owner of copper mining shares.

Price: $5.00 in Buckram with gilt top, or $7.50 in full library morocco.

Terms: The most liberal. Send no money, but order the book sent you, all carriage charges prepaid, on one week's approval, to be returned if unsatisfactory, or paid for if it suits. Can you afford not to see the book and judge for yourself of its value to you?

NELSON, B. C.

PARENTS who wish to secure for their daughter the benefits of a solid and refined education will do well to consider the advantages the Convent School, Nelson, offers.

The Convent is large and commodious and a large number of Boarders can be accomodated. The School is superintended and taught by the Sisters, who have much experience in training and educating children.

The course of study comprises Christian Doctrine, Grammar, Geography, Arithmetic, English and Canadian History, Stenography, Bookkeeping, Typewriting, Drawing, Algebra, Geometry, Needlework, Vocal and Instrumental Music, French and Hygiene.

For further particulars apply to—

SISTER SUPERIOR, ST. JOSEPH'S SCHOOL, NELSON, B. C.

BURNS & SCALDS.

DAILY MISHAPS MAKE ZAM-BUK A DAILY NEED.

ACCIDENTS will happen in the best regulated homes, and having a box of Zam-Buk handy is a precaution that has saved thousands of families much worry and expense. There is never any knowing what a small injury may lead up to if neglected. The stoppage of the bleeding, or the pain from a cut, burn, or scald, lulls many people into a false sense of security. Dust getting into a wound may set up festering, inflammation, and blood-poisoning. In a similar way, a tiny cut may be the starting point of itching and irritating eczema; and the spot your child scratches on his head, the unsuspected beginning of ringworm or some other hair-destroying scalp disease.

Zam-Buk, while such a perfect healer, is also the inveterate enemy of skin-disease. A burn, scald, cut, or bruise promptly and regularly dressed with this balm cannot "turn the wrong way"; and any tendency of the skin to become it by inflamed, or "mattery," is speedily checked. This because Zam-Buk not only grows new, healthy skin, but, being so refined, is absorbed by the pores, and its healing essences make perfectly healthy all the underlying tissues. Always keep a box of Zam-Buk handy, for daily mishaps make Zam-Buk a daily need.

BAD SCALD CURED.

Mrs. W. Corkey, 55, Richmond Square, Montreal, says:—"My little grandson was severely scalded on his right leg from the knee to the ankle. This injury was very painful and demanded great attention. We used nothing but Zam-Buk, and it was wonderful how cooling and soothing it proved. It was some weeks before the leg was totally healed, but there was not a scar left to show where it had been scalded. As the home 'first-aid,' I think Zam-Buk is without equal."

CHILD BURNED BY STOVE LID.

Mrs. H. Cindie-tone, of 166, Rawdon Street, Brantford, Ont., says:—"I find Zam-Buk a splendid healer of children's injuries. My little boy burned his foot very badly on the red-hot lid of the stove. The skin was completely burned off, and he had a long foot, the wound turning to a running festering and disfiguring. I applied Zam-Buk, and it effectively checked discharge and festering, drew out the inflammation, and finally healed the wound nicely."

Zam-Buk is a positive and certain cure for cuts, burns, bruises, sprains, piles, festering sores, abscesses, boils, blood-poisoning, scalds, chapped hands, cold-cracks, chilblains, ringworm, scalp sores, bad leg, eczema, ankles, and all other skin diseases and injuries. Rub well into the pulse-points for neuralgia, rheumatism, and sciatica. All Druggists and Stores, or post free 50c. box from Zam-Buk Co., Toronto, for price

GENERAL NOTES

Natural gas has been found near Fort William.

There is no truth in the reported serious illness of King Edward

Great Britain has a population of 44,538,718 and the British Empire has 385,357,000

Lieut Arnold, of the Belgian army, was sentenced to 12 year's imprisonment for atrocities in the Congo.

The British War office will purchase one of Wilbur Wright's aeroplanes.

Grain is moving towards Port Arthur in large quantities for May shipment.

The government of Lorenzo Marquez in Portuguese East Africa has passed into the hands of the British thus giving the Transvaal direct access to the sea.

Douglas McCurdy flew eight miles in eleven minutes with his aerodrome at Baddeck, N.S.

Premier Roblin is in Ottawa in connection with the extension of the boundaries of the province of Manitoba.

The Standard Oil Co. has been released from $29,240,000 penalty imposed by Judge Landis, of Indiana.

The skeleton of a prehistoric duck found near Lance, Wyoming, is estimated to be 3,000,000 year's old. Egyptian mummies only date back about three or four thousand years.

Girls for House Work

With five thousand dollars in her keeping, provided by farmers in the west, Mrs. Helen Sandford, superintendent of the Girls' Home of Welcome, left Winnipeg on Saturday for Scotland, where she will secure one hundred girls to work in Canada. Mrs. Sandford has been instrumental in bringing many old country domestics to first class homes and very comfortable positions, and out of several hundred she has brought out she has not had a disappointment

When You Think

Of the pain which many women experience with every month it makes the gentleness and kindness always associated with womanhood seem to be almost a miracle. While in general no woman rebels against what she regards as a natural necessity there is no woman who would not gladly be free from this recurring period of pain.

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well, and gives them freedom from pain. It establishes regularity, subdues inflammation, heals ulceration and cures female weakness

Sick women are invited to consult Dr. Pierce by letter, *free*. All correspondence strictly private and sacredly confidential. Write without fear and without fee to World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

If you want a book that tells all about woman's diseases, and how to cure them at home, send 31 one-cent stamps to Dr. Pierce to pay cost of mailing *only*, and he will send you a *free* copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers. In handsome cloth-binding, 50 stamps.

THE ALASKA-YUKON-PACIFIC EXPOSITION

British Columbia week has been designated as June 14 to 21, with the 14th as Vancouver Day and the 17th as Victoria Day. This will be a busy week at the fair, and it follows right on the heels of Inland Empire week, so that the first month of the Exposition will be well filled with dates of special interest in the Northwest. Experience has shown that at least half of the attendance at any exposition comes from the contiguous territory, and the A. Y.P. officials are leaving no stone unturned to make the 1909 Fair of interest and benefit to the Pacific Northwest.

Puget Sound and Lake Washington offer the finest water in the world for motor boating and high power craft from all over the country have entered for the contests which will take place during the exposition which opens in Seattle on June 1,

More than 200,000 tufted English pansies will be seen growing in one vast bed at the exposition.

Specimens of all Luther Burbank's wonderful vegetable creations will be shown at the exposition this summer, among them the spineless edible cactus which is being used to reclaim the vast southern deserts.

Everyone who attends the exposition this summer will have the privilege of panning gold dust from native Alaska gravels, just as it is panned in Tanana and the Klondike.

The American Amateur Athletic Union championships will be contested for on the stadium of the exposition.

On March 1, the Alaska-Yukon-Pacific exposition, which opens in Seattle on June 1, was ninety-five per cent complete, which makes doubly certain the declaration that it will be opened to the world on the day given.

The "Pay Streak," which is to be the amusement street of the exposition, is three-quarters of a mile long yet there were five applications for every site on it which enabled the directors to select only the very best attractions.

MRS MURRAY, graduate in vocal and instrumental music, is prepared to receive pupils in piano, organ and voice. Latest Conservatory methods taught. Class in Greenwood, Monday, Tuesday and Wednesday; Midway, Thursday; Phoenix, Friday and Saturday. For terms and further particulars apply at room 34, Pacific Hotel.

Eastern Capital ready to investigate legitimate investments—lands, timber or mines—in British Columbia. Address in first instance with full purticulars—"Capital," c-o Noble and Co., Molsons Bank Building, Vancouver.

MINERAL ACT.

Certificate of Improvements.

NOTICE.

Springdale and Mavis Mineral Claims, situate in Greenwood Mining Division of Yale District. Where located: In Skylark Camp.

TAKE NOTICE that I, Edmund T. Wickwire, Free Miners' Certificate No. B14251, intend, sixty days from the date hereof, to apply to the Mining Recorder for Certificates of Improvements, for the purpose of obtaining Crown Grants of the above claims.

And further take notice that action, under Section 37, must be commenced before the issuance of such Certificates of Improvements. Dated this 20th day of February, A. D. 1909

EDMUND T. WICKWIRE.

Ladies' Calling Cards, Holland Linen, can be had at The Times Office, 50c a box.

WORTH TAKING

One ounce Fluid Extract Dandelion;
One ounce Compound Salatone;
Four ounces Compound Syrup Sarsaparilla;

Mixed and taken in teaspoonful doses after each meal and at bedtime, is pronounced by a prominent physician to be the best mixture for the cure of the kidney, bladder, and all urinary troubles.

This says the doctor, is the most simple though remarkable prescription ever written to cleanse the system of impurities and waste matter. It acts as a powerful tonic to the kidneys, forcing them to filter out the acids and poisons, overcoming rheumatism, lame back, sciatica and other afflictions arising from sour, impure blood.

The ingredients can be procured at any good drug store, and being purely vegetable and entirely harmless, can easily be mixed at home.

If you have a suffering friend show this to him, as he will undoubtedly be pleased to learn of so simple and highly recommended a remedy.

$250 in Prizes
Distributed Monthly for
Royal Standard Coupons

Ten persons may win a handsome 109 piece dinner set each month by using Royal Standard Flour. Each 49 lb sack contains a numbered coupon, and each coupons gives you a chance to participate in the monthly drawing for these splendid prizes.

Gather all the coupons you can, compare them each month with the numbers of the prize winners as they appear in this space. Your name may be among them at any time. The more coupons you gather the more chances you have of winning.

The condition of the contest are few. The duplicates of every coupon placed in a sack of flour is deposited in a receptable and ten are drawn each month. The ten persons holding the duplicates of these numbers as announced in this paper win the prizes. When you find your number among the winners send in your coupon with your name and address and the prize will be shipped to you prepaid.

Always use Royal Standard Flour and save your coupons.

Synopsis of Canadian North-West

HOMESTEAD REGULATIONS.

ANY available Dominion Lands within the Railway Belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister, of an intending homesteader.

The homesteader is required to preform the Conditions connected there with under one of the following plans;

1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence pon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Coal.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1. per acre. Not more than 2,560 acres shall be leased to one individual or company. A royality at the rate of five cents per ton shall be ollected on the merchantable coal mined.

W. W. CORY,
Deputy of the Minister of the Interior

N. B.—Unauthorized publication of this advertisement will not be paid for.

HOME-MADE MEDICINE

Said to Relieve Kidney Trouble and Rheumatism

One ounce Fluid Extract Dandelion;
One ounce Compound Salatone;
Four ounces Compound Syrup Sarsaparilla;

Mixed and taken in teaspoonful doses after meals and at bedtime, is stated by a prominent physician to give most excellent results in kidney or urinary afflictions, and also in rheumatism and sciatica. The mixture opens the clogged pores of the kidneys, thus assisting them in their work of filtering all waste and poisonous matter from the blood, and expels these in the urine. To allow this poisonous matter to remain means that it will settle in the muscular tissues or joints, and cause the untold misery known as rheumatism.

The mixture is composed of harmless vegetable ingredients which can be purchased at any good drug store, and mixed at home.

Anyone suffering from any of these afflictions will no doubt be pleased to learn of so simple and highly recommended remedy.

Everybody Agrees

that COD LIVER OIL and IRON are beyond question the greatest medicines known. Then why does not everybody take Cod Liver Oil and Iron? Simply because most people cannot take the Oil and few can digest the Iron in any ordinary form. These difficulties have been entirely removed by the introduction of FERROL, in which the Iron is scientifically combined with the Oil, rendering the Oil palatable and the Iron digestible. While

FERROL

is manufactured from the best quality of Cod Liver Oil (the whole of the Oil) and is richer in oil than any other emulsion, and while it contains just the right quantity of the best form of Iron and Phosphorus, it is so scientifically prepared that not one person in a thousand finds any trouble in taking it, and infants digest it without difficulty. Moreover the well-established value of the Oil and Iron is immensely enhanced by the process of manufacture, and as the formula is freely exposed it is not to be wondered at that physicians everywhere have fully endorsed FERROL and used it largely in their practice. FERROL is invaluable for the treatment of any kind of Lung or Bronchial troubles, while for wasting diseases it has no equal, and

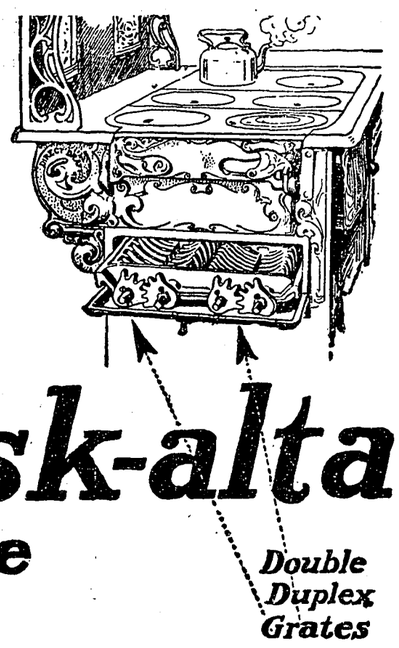
The oven does the baking, the fire-box controls the oven heat, and the grates hold the coal or wood that produces the heat, so THE GRATES are important.



Sask-alta Range

"Sask-alta" Double Duplex Grates are made in four pieces, each grate shaken separately. Ashes over one grate can be shaken without wasting good fuel over other grate. No poking necessary, thereby saving fuel. Dampers at both ends of fire-box secure perfect drafts. When grates are inverted for wood a patent clamp retains them in position. The easiest-working way is the surest-serving way — and that's "Sask-alta" way.

Purely Personal

J. C. McRae is on a trip to the coast

J. G. McMynn, of Myncaster, was in town Wednesday.

I. Hallett was over to Grand Forks on business Wednesday.

David McBride, of Bridesville, was in town this week.

Sidney M. Johnson has returned from a trip to the coast cities.

Born—On Sunday, March 14th, to Mr. & Mrs. F. J. Crouch, a girl

Born—On Saturday, March 13, to Mr. & Mrs. T. R. Hanson, Rock Creek, a boy.

Robert Thompson, C.P.R. agent at Smelter Junction was in Greenwood this week.

Born—On Saturday, March 13, to Mr. & Mrs. J. G. McMynn, Myncaster, a boy.

D. C. Fraser and C. S. Moss, of Nelson, was in town on Wednesday.

Mr. and Mrs. N H Lamont were on a visit to Grand Forks this week.

Born—On Saturday, March 13, to Mr. & Mrs. R J. Saunders, a boy.

J. C. Haas, M.E., of Spokane, was in the district this week on business in connection with the Bruce mine at Midway.

P. H. Burnham, district passenger agent for the Great Northern railway, was in Greenwood this week.

Frank Gordon, representative of the Western Canada Flour Mills Co., Ltd, of Winnipeg, manufacturers of "Purity Flour," was in the city yesterday.

Supt. Allan Purvis of the C.P.R. local lines, and Master mechanic E.E. Austin were in the Boundary this week looking over the Mother Lode spur and the new station at Midway.

The many friends of Mrs. Wm. Plunkett, of Chesaw, who was brought in to Greenwood last week to undergo a serious surgical operation, will be pleased to know that she is recovering nicely at the Sisters' hospital

The Right Rev. Dr. Dart, D.D., LL.D., Lord Bishop of New Westminster, will administer Confirmation in S. Jude's church on Wednesday evening, March 24th, at 8 p.m. The service is open to the public.

The Birthday social to be given by the Ladies of the Presbyterian church on March the 30th promises to be a great success. The Auditorium and the Orchestra have been secured for the evening and the best local talent in the city are assisting on the program. Dainty refreshments will be served, and home-made candy will be on sale.

A mail order house in a distant city may supply some things cheaper on some occasions than they can be purchased of merchants nearest home, but such goods are often of inferior quality, and when you add the express charges to the price, you will find that what might be gained in one purchase is lost in another.

Boy's shoes—the kind that wear—Barclay & Co.

For Sale—Buggy in good condition; $65. Light wagon, in good condition, $65. Light single harness, $15. Also good 7-year old horse, weight 1150 lbs., he's a beauty. A. L. White' Second-hand Man.

When you want Wall-paper, send for us. We will give you a figure on the finished job. McRae Bros.

TOWN TOPICS

A rich strike of surface ore is reported from the Bruce mine near Midway.

St. Jude's Guild will meet at Mrs. Shaw's on Tuesday.

D. Whiteside, barrister, and G. M. Fripp, Mayor of Grand Forks, were in Greenwood yesterday.

The competition for the $25 prize by McClung and Goodeve for the best article on the resources of Greenwood district will close on April 10th.

The Ladies' aid of the Presbyterian church will meet at Mrs. L. A. Smith's on Tuesday afternoon.

School shoes, boy's and girl's—the best. Barclay & Co.

J. L. White, Druggist, will move his stock to the Wallace-Miller block.

The infant daughter of Mr. & Mrs. F. J. Crouch passed away this morning at their home in Greenwood.

The burnt buildings adjacent to Holmes' and Kennedy's store have been removed

The Miner's Union dance in the old Masonic hall on Wednesday evening was very well attended and was a distinct success. The hall was prettily decorated, the music good and all of the merrymakers thoroughly enjoyed themselves.

When you patronize a home store you see what you are buying and buy only what you want. Sight-unseen buying, like that in the mail-order business, is often very unsatisfactory.

The I.O.O.F. smoker last Friday evening was as usual a very pleasant entertainment. Refreshments, cards, and a program of songs, speeches, and selections by the Greenwood Orchestra, presided over by W B. Fleming, P G., afforded an enjoyable evening to a large number of members and friends of the order.

C L. Heller, of Beaverdell, is in Greenwood on business in connection with a mill which he is putting up to treat the second-grade ores of the well known West Fork camp.

Mr. Heller is a practical man with a wide experience in the southwest, having come to the Boundary country from Arizona, and we wish him every success with his West Fork plant.

We k day services in St Jude's church during Lent are as follows: Wednesdays, 4 p.m; Fridays, 7.30 p.m.

Hunter-Kendrick's are closing out their big stock of mixed paints at absolute cost. This includes all house paints, buggy paints, and floor paints.

The Methodists will give their annual Beef-steak Pie dinner Easter Monday, April 12th, in the church. Dinner served from 5.30 to 8. A program consisting of musical numbers and a scarf drill of several young ladies will be given after the dinner. Admission 50c.

Wanted—A girl for general house work. Mrs. D C. McRae.

Spring-time is with us and the pussey-willows are responding to the call of the genial Boundary sunshine.

The Sweet-sixteen social held by the Four-leaf clover club of the Presbyterian church on Tuesday was a great success. The proceeds were $41, the credit being due to the enterprise of the young ladies who are members of the club.

The friends of Rowland Fothergill who was so severely injured by an explosion some months ago will be pleased to know that he is making good at his old home. The following partial account of the Morland (Eng.). ploughing association's competitions tells a story of courage which is far more than ordinary: "In the latter section of the day's competitions more than usual interest was imparted by the fact that one of the competitors—who eventually got the first prize—had been unfortunate enough to lose an arm during a mining explosion in British Columbia. He took part in the competitions last year, though at that time he had both limbs. The splendid manner in which he surmounted his physical disadvantage was really wonderful, and was watched with unrelaxing interest by the patrons, who loudly cheered the announcement that he had been adjudged first."

Rev. F. J. Rutherford will preach the annual educational sermon on Sunday evening next. The church will be lighted for the first time on Sunday with the new gasoline system recently installed
