THE GREENWOOD CURLING CLUB

The Greenwood Curling club held their first meeting on December 28 to elect skips for the several rinks. The following is the list of rinks:

H. McCutcheon, skip—D. A. McDonald, R. Wilson, F. C. Buckless.

H. Bunting, skip—J. L. White, M. J. Merryhew, E. Cartier.

J. L. Coles, skip—T. Hemmerle, A. Legault, C. Dempsey.

J. S. Birnie, skip—G. A. Evans, T. Jenkins, W. C. H. Wilson.

D. A. Macdonald, skip—Dr. Simmons, G. H. Goodeve, T. E. Cather.

K. C. B. Frith, skip—Norman McLeod, J. E. McAllister, J. S. C. Gillum.

W. G. McMynn, skip—G. B Taylor, J. D. Spence, C. J. McArthur.

E. W. Bishop, skip—C. Summers, Jas. Mc Creath, W. W. Craig.

E. R. Redpath, skip—Dr. McLean, E. Russell, D. M. Macpherson.

J. Russell, skip—J. D. McCreath, S. C. Lindsay, N. Morrison.

Two rinks will proceed to Phoenix on New Year's day and two Phoenician rinks will visit here to play the usual New Year's games.

Next week a drawing will be made of rinks to compete for the Warren, Ross, Burns and Smith cups.

MASONS INSTALL

The Greenwood and Phoenix Masonic lodges held a joint installation on St. John's night, December 27th, at Greenwood. There were over 70 Masons present. The following is the list of newly elected officers of Greenwood lodge No. 28, A. F. and A. M.:

W. M., W. Elson; S. W., J. A Russell; J. W., J. T. Beattie; Chaplain, J. B. McIntosh; Treasurer, W. G. McMynn; Secretary, J. S. Birnie; Director of Ceremonies, Dan McDonald; Sen. Deacon, R. H. Hewer; Jun. Deacon, Fred Hopkins; Sen. Steward, J. L. White; Jun. Steward, James Jory; Inner Guard, J. E. McIntyre; Tyler, J. W. Grier.

A CHRISTMAS BLIZZARD

The Atlantic coast was swept by a terrific blizzard, the worst storm experienced in the east for twenty years on Christmas day. Railroad traffic is tied up, and a number of persons have perished through exposure or accident. In New York 7,000 men are at work clearing the streets of snow. Boston experienced a five million dollar loss in havoc wrought by the wind and snow. Great floods followed the blizzard and much property was ruined.

TO COMMENCE KOOTENAY CENTRAL

It is reported that at least 50 miles a year from the Crow's Nest pass line to the north of the Kootenay Central is to be constructed. Wardner is spoken of as the Junction. The C. P. R. has 200,000 acres of good land along the line and this will be thrown open for settlement. The valley extends from Cranbrook to Golden and will support a large population, when the needed transporation is arranged for.

COAST NEWS

Vancouver has a newly formed "Vagabond's Club."

The new Carnegie library building at Vancouver is completed.

Dr. Cook has been expelled from the Explorer's Club, as unfit for membership.

John Emery, the well known cigar man and tobacco dealer, Government street, Victoria, died suddenly on Christmas day.

In the first match of International Championship series the Vancouver footballers scored 3 to 0 over California's famous Rugby squad.

A new vaudeville house is to be erected on the corner of Pender and Abbott streets, Vancouver. Harry Lauder will appear here.

Two pioneers of Victoria are dead, Edward Cady Johnson and John N. Wark, both of Irish birth and both identified with British Columbia in the days of its beginning. Both were 80 years of age.

AUSTRALIAN CAPITAL

The Melbourne senate has passed the bill confirming the selection of Yass-Canberra as the federal capital and ratifying the agreement for the transfer of the territory by New South Wales. The bill has thus now passed through both houses.

The choice of Yass-Canberra ends a controversy that has lasted nearly ten years. The site of the capital, the new name of which has yet to be decided, is in the Murray district, about 200 miles southwest of Sydney. A broad and fertile valley enclosed by hills and watered by the Molongio river gives ample scope for the creation of a beautiful city. It is also proposed to make a federal port at Jervis bay, 130 miles distant, and to connect it with the capital by a federal railway.

A BANNER YEAR, 1910

In spite of what previous New Years may have promised this section of the illustrious Pacific province, and in spite of the disappointments of the past in the non-fulfillment of better conditions, 1910 promises much that we may reasonably presume to expect will take place, and if it does the Boundary will benefit in every possible way, and 1910 will be a banner year. Railway construction, steady increase in mining and smelting, a larger settlement of Kettle river fruit farming country and coke ovens at the Midway coal mines are all in line.

THE BONNIE BRIAR BUSH

That beautiful Scottish drama, "The Bonnie Briar Bush," is to pay us a visit in the very near future. This will be welcome news to all lovers of this delightful interpretation of Ian McLaren's widely read stories of Drumtochty. The story is so well and favorably known here that it is unnecessary to detail the plot. Iachlan Campbell, Postie, Tammas, McLure and all the other lovable characters will be well presented by a thoroughly capable company of players. An entirely new and beautiful scenic production has been built for this season, the former one having been destroyed this summer in a fire which burned up one of the largest storage warehouses in New York City. The play will be given here the second week in January, at the Auditorium.

LOCATED SHORT ROUTE

A report comes from Angus K. Stuart, the explorer, who has been investigating the northwesternmost portion of what is officially classed as the Bella Coola district, particularly with the specific object of locating a shorter and more economical route of ingress by which settlers and their effects may reach available public lands in the interior. Such a route, it is understood, has been found, the entrance from the ocean waterway being by means of Dean channel and the Salmon river. By this route not only will the Bella Coola country be rendered more accessible, but also the Francis and Ootsa lake districts and northern Cariboo.—Nelson News.

TEN YEARS AGO

(From Boundary Creek Times of Dec. 30, 1899.)

This week saw daylight through the Bull dog tunnel, 3,100 feet in length.

The second payment of $25,000 was made yesterday on the Snowshoe mine bond. Thomas McDonald, Robert Wood and Robert Denzler are the owners.

The home of Mr. and Mrs. T. Q. Butler was thrown open to their friends on Thursday evening at a charming party given in honor of the 18th birthday of their daughter, Maude.

FLY TO LOS ANGELES

To demonstrate the success of a new airship, which has been constructed on the lines of his own invention, E. P. Preble, of Portland, Ore., guarantees to fly from his home to Los Angeles, in time to take part in the aviation events January 10. The Preble airship is a cigar-shaped affair, like the Zeppelin. Preble asserts that he will maintain an average speed of 40 miles an hour

THE WINNIPEG FAIR

The C. P. R. has offered $500,000 toward the Winnipeg World's Fair fund. The Canadian Northern and Grand Trunk Pacific have offered the same, provided the fair is delayed to 1913 or 1914. It is probable the Great Northern and the Soo line will do the same.

JAPANESE AND CHINESE FIGHT

At San Francisco last Sunday, a free-for-all fight followed the second annual football contest between the Chinese Imperial eleven and the Japanese Fugi teams, playing the American game. The sons of Nippon won by 10 to 0, but their opponents took the ball from the field, and a fight followed. Umbrellas, sticks, stones and knives were used and the police had to interfere. Several are injured.

ST YVES WINS

Henry St Yves, the champion Marathon runner, defeated the Canadian champion, John D. Marsh, at Seattle on Monday last, is a 15-mile race. His time was one hour 35 minutes and 47 4-5 seconds. The race was almost neck and neck till the last spurt of 100 yards, when the sturdy little Frenchman came in one yard ahead. The track was very muddy and wet.

GREAT ARTIST DEAD

Frederic Remington, the famous cowboy painter, died last week, after a brief illness following an operation for appendicitis. He was a native of Canton, N.Y. Mr. Remington was in his 48th year and is best known by his splendid studies of horses and cowboy life.

900 KILLED

Two thousand half starved, emaciated soldiers of Zelaya's army have been taken prisoners to Bluefields. Most of them are mere boys, and almost naked. They report about 900 killed at the battle of Rama.

FITZ FALLS

Bob Fitzsimmons, the hero of a thousand fights, was knocked out in the twelfth round by Bill Lang, the Australian heavyweight, at Sydney, N. S. W., on December 27th.

STILL IN LEDGE MATTER

The face of the 1300 foot tunnel on the E. P. U. mine is still in most promising ledge matter. The rock has become still more impregnated with iron pyrites. Evidently the ledge itself is not far off.

CANADA BENEFITS

Canada, in the opinion of stock brokers, is greatly benefiting for the moment from the feeling of insecurity created by the British political tension and threatened increase in taxation. The leading Canadian bank agencies in London say that during the past few months $35,000,000 has been deposited in the principal banks in Canada by British investors, with instructions to reinvest in Canada, with interest as it accrues, and so avoid the British Income Tax and the super tax.

DR. COOK BOBS UP

It is stated at Brooklyn that a letter has been received from Dr. Frederick Cook declaring that he will not accept as final the rejection of his records by the Copenhagen consistory. He is said to have written that he is now preparing to return to Etah for his instruments and further records.

A SAD XMAS

Spain and Portugal are both mourning many drowned in the floods Christmas week. The distress and suffering is intensified by the cold weather. Many towns cannot be reached owing to the damage to the railroads.

CITY FATHERS

Charles Hohewell is re-elected mayor of Ottawa.

Mayor Cooper is elected for a second term in Kingston, Ont.

The Queensland legislature has voted 50,000 pounds to establish the new Queensland University, and an annual subsidy of 10,000 pounds will be provided.

THE CANADIAN BANK OF COMMERCE

Paid-up Capital, $10,000,000 Reserve, $6,000,000

NEW YEAR

Tomorrow we reach another milestone in the world's rolling through space, and with the ever noble endeavor of the human race towards the illusionary ideals of life we proceed to make our New Year's resolutions.

Be it, therefore, resolved, that we will boost for Greenwood, for its business men, for its business during 1910, as long as we have paper to print our boosts on; that we will not knock anything, that we wish one and all every possible happiness for every day of 1910, 365 days of real cash prosperity, and that this is the one and only resolution we intend to keep. To resolve not to smoke the succulent weed, to resolve to decline a drop of firewater, would be noble but most inconvenient, as would other noble resolutions which annually pass the lips of many devout people at this time of the year. No, we will only make the one resolve, to keep the white sheets of this weekly newsmonger clean of abuse, and boost, boost, boost for all that spells welfare for Greenwood and its district, for all who are boosting too, by their individual endeavors. May Duncan McIntosh find Phoenix at the end of his tunnel before the next winter piles heaps of white on the tunnel dump. May Ola Lofstad sit up nights counting the profits from Argo tunnel ore shipments, and may every day's record in the E. P. U. tunnel activity during 1910 be one of rich ore production. May Greenwood citizens burn Midway coal this coming year in all their stoves, and may the shareholders have dividends to burn, too. And so throughout the whole Boundary district we wish you all well, days of steady work, shoals of shekals and friends galore.

May each and every unmated, benighted bachelor find some sweet-souled maiden to share 1910 with him, and may each and every said sweet-souled maiden be happy. May everyone everywhere reap a golden harvest in the hastening future, realize all their desires and ambitions, and may we do our best to help the universal happiness become consumated. The Times wishes you all a happy New Year.

WHAT WE WANT

Its New Year, and we want the following presents, must have them, so come along and do your best. We want you to tell us what you know, news of your mines, news of your farms, your business and yourself. We want 7523 more subscribers, paid up subscriptions suit our palate best. We want every business man to advertise his wares with us, using our type and paper and leaving us the delicious work of making out the bill, and the particular pleasure of collecting it. We want your support, in news, jobs and ads, and most of all your good will. In exchange The Times will boost you all it knows how.

EDITORIAL COMMENT

Christmas was the usual excess—we mean success.

Even the weather was just right for Christmas day.

Now that the several learned scientists who have never been beyond the 49th parallel on the way to the North pole have decided against Cook, it is up to them to examine Peary's "proofs" too, and send them to Copenhagen as well.

Twenty-eight millions have been spent on railway construction in Canada during 1909, and an almost equal sum on materials and supplies. The outlook for 1910 is that activity will be quite as acute, especially in Alberta and British Columbia. The Boundary looks to Premier McBride for the completion of the Midway and Vernon to help us some.

Nomination day for mayor and aldermen of the City of Greenwood is scheduled for January 10th, with the 13th as election day. Now is the time to get busy if you have any municipal bee in your bonnet.

The Provincial government has advanced $50,000 to Prince Rupert to enable that city to install an electric lighting system. Seems to us, that a newly laid off townsite, the terminus of at least two trans-continental railroads, the Pacific gateway to Northern B. C., whose initial auction sale of town lots netted two millions, should be able to get along without having to borrow a cent.

OUTLINES OF CURRENT EVENTS

A happy New Year to all our readers and supporters.

It is reported that King Menelik of Abyssinia is dead.

Portugal has been visited by raging torrents and floods causing much damage to property.

The Panama canal will be completed and opened in January, 1915, at a cost of $375,000,000.

Halley's comet has been photographed by Professor Lowell at Flagstaff observatory, Arizona.

The St. Petersburg chief of police was blown to atoms by a bomb a few days before Christmas.

Sarah Bernhardt has written and produced a play called "La Coeur d' Homme" at Paris, last week.

Yi Wan Yung, premier of Korea, who was stabbed on December 23, is still alive and may recover.

The Bleriot company has orders for 150 Cross-Channel Aeroplanes and 12 larger passenger-carrying machines.

The statue to Archie Hickling the hero of the Okanagan Hotel fire was unveiled at Vernon last week by the mayor.

The United States is working day and night at the fortification of Honolulu, which will become the Gibralter of the Pacific.

William Watson, the writer of the "Women with the Serpent's Tongue" has been declared insane by his brother Robert.

Arthur M. T. Jackson, chief magistrate of Nazik, in the presidency of Bombay was assassinated by a native at the theatre last week.

The Duke of Connaught is spoken of as a likely successor to Earl Grey. British Columbia will undoubtedly receive this with the warmest approval.

Duke Carl Theodore, of Bavaria, who died recently, was a celebrated oculist. He performed no less than 5,000 operations for cataract alone, and all without fee.

Christmas Eve in Winnipeg was saddened by a terrible wreck on the C. P. R. east of Fort William, 37 miles west of Chapleau. Several cars left the rails. Over thirty passengers were seriously injured.

Attorneys for the daughters of the late King Leopold sought to seize the residence given the Baroness Vaughan by their father, and as a first step had placed seals indicating the claim of ownership upon the property. But the courts have decided in the Baroness' favor.

C. P. R. EARNINGS

It is expected by the financial authorities of the Canadian Pacific that the total gross earnings of the system for the calendar year now coming to an end will approximate $100,000,000, or $5,000,000 more than the estimated revenue of the Dominion for the current fiscal year, which was placed by Hon. Mr. Fielding in his recent budget speech at about $95,000,000.

If you are suffering from biliousness, consiptation, indigestion, chronic headache, invest one cent in a postal card, send to Chamberlain Medicine Co, Des Moines, Iowa, with your name and address plainly on the back, and they will forward you a free sample of Chamberlain's Stomach and Liver Tablets. Sold by all Druggists & Dealers.

RAMA

After two days of the fiercest fighting ever seen in Central America, the Battle of Rama was won by General Estrada, who completely routed Zelaya's forces in Nicaragua last week. The Insurgents were aided by six Americans with machine guns, one of them, named Bashford, receiving three bullets in his leg. Many notable generals were made prisoners. Women and boys fought in Zelaya's trenches, prefering death to starvation in camp.

AMERICAN INVASION

During the ten months ending with October, 9919 Americans, representing all but three of the states and territories of the United States, made homestead entries in Canada.

The man who wants his wedding garment to fit him must allow plenty of time for the measure. New Year is the right time to choose the goods

Many persons find themselves affected with a persistent cough after an attack of influenza. As this cough can be promptly cured by the use of Chamberlain's Cough Remedy, it should not be allowed to run on until it becomes troublesome. Sold by all Druggists & Dealers.

Every man, of course, is of some importance in this world, but seldom as much as he thinks he is.

Ferrovim, the invigorating tonic, contains Beef, the most strengthening food in the least bulk, Iron, which makes rich red blood and gives strength and vitality to the whole body and just enough pure Spanish Sherry Wine to stimulate the digestion and thus aid the assimilation of the Iron and Beef, $1.00 per bottle at druggists.

Mrs. Gertrude Atherton, the novelist, says that she "would just as soon go to Hades as Chicago." Now, isn't that a Chicago of a remark for a lady to make!

A GREENWOOD PIONEER

Koolgardie Smith, a former resident of Greenwood in its balmy days, is now manager of the Red Cliff mine, the great copper property at the head of the Portland Canal. Machinery is being installed on the property—which has immense showings. Mr. Smith is one of the principal owners.

THE RICHEST WOMAN

Mrs. E. H. Harriman is reputed to be worth $220,000,000. The Harriman estate has profited since the founder's death by the rise in market values, and Mrs. Harriman is now the richest woman in the world.

Forgetfulness of the past is purchased by increasing our anxiety for the future.

DAWGS

The police of Paris are in receipt of numerous applications for a license to sell dog flesh for human consumption, the applicants pointing out that this is done in Germany, particularly in Frankfurt and its neighborhood. So far, the Parisian police have refused to consider the appeal favorably. Greenwood can supply Paris with enough to last awhile and not lose a steak.

KING ALBERT I.

Prince Albert became King of Belgium two days before Christmas Prince Albert of Flanders, who succeeds his uncle, stands near to King Edward VII. in kinship, for the Prince's father, Philip, Count of Flanders, being the brother of Leopold II., was first cousin to the late Queen Victoria, so that King Edward and his namesake, Prince Albert, are second cousins.

When you go to the country take a tin of Davis' Menthol Salve along. It is unequalled to relieve earache, sprains, burns, cuts and bruises. 25 cents.

The finest emeralds in the world are said to be those belonging to the Spanish crown, and they are all of American origin.

Invest 25 cents in a box of Davis' Menthol Salve ("The D. & L.") and be prepared for a hundred ailments, which may not be dangerous but are very annoying and painful, like neuralgia, earache, sprains, burns, bruises, insect stings, cuts, piles, etc. It is a household remedy always useful for some trouble, and should be kept in the family medicine closet.

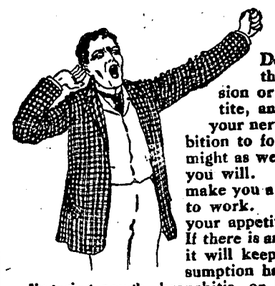
Do You Feel This Way?



Do you feel all tired out? Do you sometimes think you just can't work away at your profession or trade any longer? Do you have a poor apetite, and lay awake at nights unable to sleep? Are your nerves all gone, and your stomach too? Has ambition to forge ahead in the world left you? If so, you might as well put a stop to your misery. You can do it if you will. Dr. Pierce's Golden Medical Discovery will make you a different individual. It will set your lazy liver to work. It will set things right in your stomach, and your appetite will come back. It will purify your blood. If there is any tendency in your family toward consumption, it will keep that dread destroyer away. Even after consumption has almost gained a foothold in the form of a lingering cough, bronchitis, or bleeding at the lungs, it will bring about a cure in 98 per cent. of all cases. It is a remedy prepared by Dr. R. V. Pierce, of Buffalo, N. Y., whose *advice is given free* to all who wish to write him. His great success has come from his wide experience and varied practice.

Don't be wheedled by a penny-grabbing dealer into taking inferior substitutes for Dr. Pierce's medicines, recommended to be "just as good." Dr. Pierce's medicines are OF KNOWN COMPOSITION. Their every ingredient printed on their wrappers. Made from roots without alcohol. Contain no habit-forming drugs. World's Dispensary Medical Association, Buffalo, N. Y.

MINES AND MINING

Gold in paying quantities has been found on the Temiskaming and Northern Ontario Railway belt.

Joseph Boyle, of Dawson, has arrived in Ottawa with $50,000 in gold for the Royal mint. This will be the first large consignment of gold from the Yukon to be coined at the mint. Heretofore it has gone to San Francisco.

The Lucky Jim mine, near Kaslo, has shipped 490 tons of ore, netting about $5,500, in the 22 days between November 15 and December 7. A new tunnel is being run 208 feet below Tunnel No. 4. There are 60,000 tons of ore blocked out in the various drifts.

Following the threat made by the Miners' union to deport every man who returned to work on the Northern Pacific and Great Northern, the last switchman walked out at Butte on December 23, completely tying up the movement of freight. Several of the Butte mines have suspended operations and owners declare it will be necessary to close more unless the strike is settled soon.

Of the great host of dividend paying mines in British Columbia which once, and not so long ago, [illegible]ed and controlled in Spokane, [illegible]o still pay tribute to that city, [illegible] of these is the Slocan Star, and the other the Granby Consolidated Mining, Smelting & Power company. The latter concern has an issued capital of $13,500,000 and has paid $3,778,630 in dividends to date, including a disbursement of $270,000 this month. The company's principal mines are at Phoenix, and its smelter at Grand Forks. They are the largest enterprises of their kind in Canada, the weekly production of ore from the Phoenix mines alone now considerably exceeding 25,000 tons, while the annual production of copper is in the neighborhood of 30,000,000 pounds. It is gratifying to remember that the credit for creating this great institution, the industrial backbone of the Boundary district, is due to three Spokane citizens—J. P. Graves, A. L. White and W. Y. Williams—who still head its executive and direct its policies and destiny. Some of the great British Columbia producers whose relations to Spokane were at one time even more intimate than are the Granby's today, were the St. Eugene mine at Moyie, the Payne, Washington, Reco, Rambler-Cariboo, Enterprize and many others in the Slocan district, the Le Roi, War Eagle, Centre Star and Le Roi No. 2 at Rossland, and the Cariboo mine at Camp McKinney. The smaller properties which were in the same catagory embraced, with one or two notable exceptions, every producing mine from the Rockies to the Okanagan river. Lumping them altogether big and little, they brought, through profits of operation and sale, over $20,000,000 to Spokane citizens.—Inland Observer.

OF INTEREST TO MINERS

The Geological Survey branch of the Dominion Department of Mines at Ottawa has just issued a descriptive sketch of the Geology and Economic Minerals of Canada, by G. A. Young, with an introduction by R. W. Brock, the Director of the Geological Survey, which is of great interest to all who are engaged in mining in this province. The book is well illustrated with photographs and contains much valuable information in regard to gold, copper, silver, lead, mica, coal and oil bearing regions in Canada.

No substitute for "The D. & L." Menthol Plaster, recommended by everybody, for stiffness, pleurisy, etc Made by Davis & Lawrence Co.

There is an indifference to please in a stocking down at heel—but there may be malevolence in a diamond ring.

THE MINER

The old prospector he finds the claim,
The young surveyor he marks the same,
And the carpenter builds the gallows frame,
And the teamster he hauls the coal.
The foreman tells 'em the way to do,
The engineer hoists a cage or two,
But listen to this I'm a-tellin' you—
It's the Miner who digs the hole!

Colonel—another bowl!
I'm dry as a roasted sou;
I've had to choke
On powder smoke,
My teeth are full of the rock I've broke,
For I'm am one poor son-of-a-gun,
A Miner who digs the hole!

When the Lord first planted the copper ore.
He said: "I'll pack it away in store
Where nobody'll get it out no more,
Unless he's a human mole."
But He reckoned without the Miner man,
Who isn't built on the regular plan,
And so, since the bloomin' earth began,
The Miner he digs the hole!

Colonel—another bowl!
My tongue is as black as a coal;
And my ears still sound
With that fall of ground
That nearly caught me the second round;
For I am classed with the boys who blast—
The Miners who dig the hole.

He must work in gas and see in the dark,
The music he hears is the air-drill's bark;
It isn't no "picnic in the park,"
It isn't no cinch he's stole.
He's carpenter, plumber, machinist—yes,
A sort of surveyor, too, I guess;
A little of everything—more or less,
The Miner who digs the hole!

Colonel—another bowl!
I'm fat with my pay day roll,
With rent and such.
It ain't so much,
But I'm glad I'm walkin' without a crutch!
For I am one poor son-of-a-gun,
A Miner who digs the hole!

There's the fire to fight and the "miners' con,"
Rickety ladders to step upon,
A missed hole found—and a miner gone,
And you'll hear the church bells toll,
But hell!—we've got to "make her pay!"
And we get our three and a half a day,
So, have another on me, I say!
You Miners who dig the hole!

Colonel—another bowl!
Heaven's our final goal!
The mines are hot,
But they're all we've got,
And they'll last a while, as like as not,
And we are the ones—poor sons-of-guns—
The Miners who dig the hole!

—Saturday Evening Post.

The greatest danger from influenza is of its resulting in pneumonia. This can be obviated by using Chamberlain's Cough Remedy, as it not only cures influenza, but counteracts any tendency of the disease to pneumonia. Sold by all Druggists & Dealers.

Every man of brain whom you meet, knows something worth knowing better than yourself. For "something" read "someone," and you have another truism.

"The D. & L." Emulsion may be taken with the most beneficial results by those who are run down or suffering from after effects of la grippe.

Buying goods from a catalogue is like choosing a wife through a matrimonial agency. Support home industries, and see what you are getting.

For Coughs and Colds, use Allen's Lung Balsam. Relief is warranted or money refunded.

RAHALEY—ANDERSON

The marriage took place, on December 27th, in the Pacific hotel parlors, Greenwood, B. C., of Robert Emmett Rahaley to Miss Annie Anderson, both of Chesaw, Wash. The Rev. F. V. Venables, rector of St. Jude's church, performed the ceremony.

PEARY FOR SOUTH POLE

At the dinner of the New England Society in New York last week, Commander Peary announced his intention to leave his card at the South pole.

There are a great many puzzles in human nature which can only be interpreted by the heart.

It is a very high mind to which gratitude is not a painful sensation.

In France the mines of Huelgot and Potulladnen have been worked for over three centuries.

XMAS MAIL BURNT

The mail car on the Northern Winnipeg flyer was destroyed by fire in the wreck on December 18th, and more than half the contents consumed. This may account for the small Christmas mail received in Greenwood. There were burned in the rear half of the car seventy sacks of papers bound for Western Canada, and forty sacks of domestic papers. Two pouches of Canadian letters and five domestic pouches were also destroyed, also some loose registered matter. About 100 empty sacks and pouches were consumed.

Seventy sacks of papers, Canadian and domestic, and three pouches of letters were recovered. These latter pouches were in the burning part of the car, but being loose, were saved. About 15,000 letters were destroyed, and not half that number recovered. The registered matter burned was largely Christmas gifts.

The peculiar properties of Chamberlain's Cough Remedy, have been thoroughly tested during epidemics of influenza, and when it was taken in time we have not heard of a single case of pneumonia. Sold by Druggists and Dealers.

ANNEX KOREA

It is apparent that Japan is but waiting for a favorable opportunity to annex Korea. Russia is aware of the probability and is massing troops in Siberia. Between the two Korea's independence has but a short life in view.

Truth is stranger than fiction—that is to say, more of a stranger.

COPPER

The United States geological survey estimates the production of copper in this country during 1909 at 1,200,000,000 pounds, of which 503,000,000 pounds were consumed at home and 618,613,842 exported. American production is believed to have been more than one-half of all the copper produced in the world this year. The most notable feature of the industry was the decrease in cost of production, due to improved methods of mining and treating enormous low-grade deposits.

Bearine (from Canadia Bear grease) applied to the roots of the hair, keeps it glossy and prevents its falling out. 50 cents a jar.

TIBURON ISLAND

The expedition to the mysterious island in the Gulf of California, where maneating natives and much treasure was supposed to be lying around loose, has returned, and reports that there is no treasure, hidden or loose, and no hostile natives.

All must walk onward toward their goal, be he the wisest who looks not one step behind.

Whatever you may be sure of, be sure at least of this, that you are dreadfully like other people.

Genius and Resolve have three grand elements in common—Patience, Hope, Concentration.

If there be two things which a wise man should avoid, they are fame and love.

The dollar mark in wheat has been passed in central Washington, sales at $1.02 having been recorded at Sprague. This shows that the farmers of the Inland Empire were wise in their generation when in spite of the fluctuations of the wheat pit in the fall, they held on to their grain.

THE BOUNDARY MINING AND EXPLORATION COMPANY, LTD.

FIFTY THOUSAND SHARES

Of the capital stock of this Company are offered for sale at

25 Cents Per Share, $1.00 Par

To provide funds for the development of its coal properties near Midway.

The company owns the coal rights of 2,458 acres of land and has options on three square miles additional. Work has been done in development continuously since September 2, and a tunnel is now being driven to cross-cut three seams which show on the surface. Coal can be delivered from the mouth of this tunnel to the C. P. R. tracks below by gravity.

Development work done thus far is as follows:

One prospecting tunnel on the surface of the seam, 50 feet in length.

One shaft and drifts, about 45 feet, all in the coal seam.

One shaft and incline, following the proven seam to the depth of 80 feet.

An analysis of the surface coal returns 66 per cent carbon and only 3 per cent ash.

The Company owns other properties, including fruit lands, mineral claims, options on mineral claims, mines and timber limits. Its coal holdings alone are considered worth more than its issued capital stock. An investment in this stock at the present price should be immensely productive.

This is an opportunity of which you should take advantage without delay.

Send applications or write for information to

TOWN TOPICS

A happy New Year.

See the Union show next Tuesday.

Jay P. Graves is ill in Los Angeles.

Mrs. N. Kendell, of Nelson, is visiting Mrs. Proctor.

C. J. Leggat, of Midway, spent Tuesday in Greenwood.

Dr. Simmons is at the Hotel Similkameen, Princeton.

Mr. and Mrs. J. Jenkins are visiting friends in Greenwood.

J. A. Tuzo left for the old country on Tuesday's train.

E. T. Wickwire spent Xmas with his family at Vancouver.

Miss Violet Kirby, of Keremeos, is visiting Mrs. C. Æ. Shaw.

Miss M. Cunningham has returned from a Christmas visit to Rossland.

Arnold Hallett and John Barclay left on Thursday morning for Spokane.

Miss Tillie Graham is home from Brunot Hall, Spokane, for her holidays.

Mr. and Miss Beldon, of Spokane, are visiting Miss Jessie Beldon this week.

Col. Glossop and H. W. Farmer, of Rock Creek, were visitors to Greenwood on Wednesday last.

The windows are being put in the Hyde block and the carpentry work will soon be completed.

Robert Keffer is spending the Christmas holidays at home but will return to school at Pullman on Monday.

The congregation of St. Columba church wish to thank all who helped to make the Christmas entertainment a success.

Married—Warren Mitchell to Miss Celpha Oxley, both of Phoenix, on last Saturday evening at 8 o'clock, by Rev. Samuel Lundie.

W. A. Wookie left for his home in Toronto on Tuesday, but will return to the geological survey work on the West Fork next summer.

The regular quarterly Communion of St. Columba church will be held on Sunday January 2 at the 11 o'clock morning service. Evening service as usual at 7 30 p. m.

H. W. Farmer & Co. is the name of a new firm of real estate agents at Rock Creek, on the fertile Kettle river, who have already secured some magnificent fruit farms for sale.

Married—Last Saturday, at Phoenix, Duncan A. Grant, principal of the Phoenix public school, to Miss Cora Graham, daughter of Mrs. I. Graham, by the Rev. R. W. Hibbert.

A special meeting of the executive of the Greenwood Conservative association will be held at the secretary's office, F. W. McLaine, Copper street, on Monday, January 3, 1910, at 3 o'clock.

The Rev. J. A. Petrie will arrive in Greenwood tomorrow from Winnipeg to hold service, morning and evening, at the Presbyterian church on Sunday. Mr. Petrie will reside here permanently.

A. S. Hagelberg, the original operator of the Starve Out and adjoining claims, which are being pierced by the Argo tunnel, will undertake to ship from the various surface showings some high grade silver ore in the near future.

The Union Show, which appears every Tuesday at the Auditorium, is not as well patronized as it deserves. A cheap entrance fee, a good show, under the auspices of Rossland union, it should draw a good crowd of union men. Next week a special feature will be moving pictures of Cook and Peary on their Arctic journeys, and views of the Holy land, with lectures on these by Mr. A. E. Vaughan.

GENERAL NOTES

California has 4,500 miles of pipe line to carry its oil to tidewater.

Jose Santos Zelaya, Nicaragua's ex-president, has sailed for Mexico.

Over 100,000 free dinners were given to the poor of New York on Christmas day.

Fernie said "Hello" to Calgary over the newly connected telephone system last week.

King Alphonso of Spain is seriously ill and will have to undergo another operation.

Admiral Sir Arthur K. Wilson will succeed Sir John Fisher as First British Sea Lord on January 25, 1910.

The Chilean government has ordered from the Krupps in Essen, Germany, 240 guns, to be delivered within three years.

The Belgian government has hinted to Germany that it will not participate in any international conference on Congo affairs.

The Canadian Northern surveyors are within 15 miles of New Westminster. The whole survey line through B. C. is being almost completed.

Dover Admiralty harbor, recently opened by the Prince of Wales, is the largest artificial enclosure for vessels in the world. It took 11 years to build.

Miss Jean Clemens, daughter of Mark Twain, was drowned on Christmas Eve. She was the humorist's housekeeper and secretary, and the world's sympathy goes out to the great writer.

Miss Anne Morgan, daughter of J. P. Morgan, is a recent applicant for membership in the Woman's Trade Union League, New York, and when her name has been passed upon she will become a regular member. This is the league to which the striking shirtwaist makers belong.

A sprained ankle will usually disabel the injured person for three weeks or four weeks. This is due to lack of proper treatment. When Chamberlain's Liniment is applied a cure may be effected in three or four days This liniment is one of the best and most remarkable preparations in use. Sold by all Druggists & Dealers.

Between two evils, it is better to wed a talkative lobster than a self-satisfied clam

Don't let an unscrupulous dealer force on you an imitation of the "D. & L." Menthol Plaster. Look for the "D. & L." trade-mark on the tin. It guarantees the genuine and the most effective remedy for Rheumatic aches and pains, Lumbago, Sciatica, Backache, etc. 25c. each. Yard rolls equaling seven of the regular size $1.00.

FERROVIM TRADE MARK

Tenders for Freighting Supplies for the Yukon Telegraph Line.

EXTENSION OF TIME.

THE time for receving tenders for the freighting of supplies for the Yukon Telegraph Line in the course of the season of 1910, 1911 and 1912, is hereby extended to Tuesday, February 15, 1910. Tenders are to be sealed, endorsed "Tenders for Packing Supplies," and addressed to the undersigned.

Forms of tender and specification may be obtained and forms of contract seen on application to Mr. J. T. Phelan, Superintendent of Government Telegraphs, Vancouver, B. C. Mr. Wm. Henderson, District Superintendent Government Telegraph, Victoria, B. C., and from the Government Telegraph Agents at Ashcroft, B. C., Quesnelle B. C., Hazelton, B. C., and Telegraph Creek, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures, with their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation and place of residence of each member of the firm must be given

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works equal to ten per cent (10 p. c.) of the amount of the tender for one year's packing, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fails to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
NAPOLEON TESSIER,
Secretary.

Department of Public Works,
Ottawa, December 16, 1909.

NOTE.—Provision is been made by the Government to the extent of $3,500,00, for general repairs, renewal of bridges, &c., along the trail between Hazelton and Ninth Cabin, next season.

BUSINESS IS RUSHING

WHY?

BECAUSE WE HAVE THE GOODS.

In our Grocery Department we have the very choicest that money can buy.

Our Hardware and Crockery Department is complete. See our window next week for Christmas China.

In our Gents' Furnishing Department we carry everything the well dressed man could wish for, both in warmth and style.

Don't forget that we give 5 per cent discount on all accounts paid on or before the 15th.
