BRIDESVILLE THIS TIME

Bold Bandits Hold-up Anarchist Mountain Burg.

The hold-up man has again appeared in the Boundary and nearly every town and village in the district has paid its tribute of money or life to the desperate men who so frequently show their contempt for the inadequate forces of the law.

At 10.30 last Saturday night three men rode in to the quiet little village of Bridesville on the Great Northern, and leaving their horses across the street walked into the store and postoffice and held up the proprietor and the local agent of the G.N.R.

One of the victims endeavored to get away but was stopped by a threat to shoot from one of the robbers.

The booty secured amounted to $70; four dollars of which was taken from the Agent who had the good luck to have a $100 roll, stowed away in an inside pocket, overlooked by the desperados.

The three highwaymen are described as a tall man in black wool chaps and two men of medium height wearing plain leather chaps; and all were armed with 44 Colt revolvers. All were masked.

On leaving Bridesville they started in the direction of Rock Creek but are supposed to have made a detour to re-cross the Boundary line, as local people are satisfied that they belong to the other side.

Immediately after the hold-up Spokane and Oroville were reached by wire, but it was found impossible to get word to Greenwood or Midway as the operators had left their stations on the departure of the evening train.

The first news of the robbery reached Greenwood on Monday morning, and Provincial Constable Aston, of Midway, left for the scene on Monday evening's train.

With a two-day's start a successful get-away looks pretty certain, and the long-suffering people of the Boundary will be asked to jog along and just wait to see who will be the next victim of governmental neglect.

In the present instance we are shown that the police protection of the Boundary remains in the same disastrous state of inefficiency as in the recent deplorable outrages along the line.

Our provincial government boasts of a tremendous surplus in the treasury and a very large portion of the same is drawn from the Boundary district where life and property are in a state of constant jeopardy, solely from the lack of an efficient police patrol.

What the Boundary wants is a body of competent men stationed at various unprotected points, and we know a number of men whose appointment to the force would mean a constant warning for the thief and the thug to keep away.

The first duty of a government is the protection of life and property, and in that respect the powers at Victoria have shown an exasperating disregard for the welfare of the Boundary.

Martin Burrell, recently elected as member for Yale-Cariboo, was tendered a banquet last Wednesday in the Granby hotel at Grand Forks. An exchange informs us that "the toast to Mr. Burrell was drank amid much enthusiasm," to which Mr. Burrell replied in a cheerful manner; and the Reverend W. R. Ross, Ernest Miller, and J. Peck McSwaine, also addressed the meeting.

The Annual Xmas Tree

And Entertaiment given by the Methodist Sunday School will be held as usual on Xmas Night, Dec. 25th. No admission—but collection taken

Canada Western Oil Co.

The affairs of the Canada Western Oil Co., which have been in litigation for several years are now in a very fair way to be straightened out.

The company is composed largely of Greenwood men who hold an eight-fifteenth interest in 4000 acres of oil-bearing lands in the Flathead Country, East Kootenay; 617 acres of which has never been in dispute.

The full court has upheld the decision of Judge Wilson, and the appeal of John Watt and others against the Leckie, Tupper, McVittie, Greenwood and Cranbrook Syndicates has been disallowed. This extensive oil-bearing property has been reported on by such scientific men as T. H. Thompson, of Spokane, and Dr. Selwyn, of the Dominion Geological Department, who found all the necessary conditions for obtaining illuminating oil in commercial quantities.

Under the judgement rendered the titles to the land are now secured, and as the field for operations is of the most encouraging character it is altogether likely that an amalgamation of the different interests will be effected and the work of exploration proceeded with.

Fire Boys' Banquet.

On Monday night the Greenwood fire brigade paraded in torchlight procession and fancy costume to their big feed at Moore's cafe.

After giving an amusing farcical fire-fighting exhibition the boys lined up at the festive board where songs, speeches, orchestral selections and other more hilarious forms of amusements made the merriest kind of a meeting, and was a splendid demonstration of the spirit of good-fellowship which obtains amongst the members of Greenwood's crack fire company.

The compliments paid to their competent chief was one the happiest features of the gathering, and the reply to the toast was couched in terms which went far to explain the discipline and the competency of "the brigade from which a fire has never yet got away."

Will be Arbitrated.

The strike which began a few days ago at the Nicola Valley Coal and coke company's mines at Middlesboro, is at an end and the men have gone back to work.

Application will be made to have the differences between the men and the management arbitrated under the provisions of the Lemieux Act.

While silver has been steadily dropping in price owing to the decrease in exportation to Asia and the decreased demand for silver in the arts, the price of the baser metals has been steadily increasing.

The Polmatier Sisters.

While the program of the Polmatier Sisters is one of the highest class, it is so varied and original in its presentation that everyone is appealed to, no matter what his station in life may be from the next, will have reasons to regret.

Magnificent orchestral selections from the worlds famous operas to the whistling kind of popular music there is ever the art of the master in evidence of times heavy classical selections receive but scant appreciation in contrast to the effect of popular air.

An incident is here recalled, illustrating this fact. It was in the hotel parlour the famous Polmatier Sisters had just rendered one of Wagner's most difficult pieces and a murmur of applause followed them very softly and tenderly, like a swectly tremulous old voice reciting pathetic murmurs the orchestra sent the plaintive melody of "My old Kentucky Home" singing through the room the chatter ceased, every mind was busy with murmurs and the air was filled with the scent of vanished clover the warm fragrance of new mown hay, and the echo of the babbling brooks. The simple tune knocked at the door of every heart and the ghost of dead days came throbbing forth. To answer such in the mysterious charm of music those who miss the Polmatier Sisters orchestra and concert company on Monday evening next, at the Auditorium, will have reasons to regret.

CHRISTMAS IN GREENWOOD

The Greenwood stores at this season are pictures of delight, and for artistic display, taste, elegance, and propriety of selection the stocks and assortment sof the many and varied wares compare most favorably with those seen in even the big metropolitan establishments; and are altogether superior to what would be expected by those who are unacquainted with the business people of Greenwood.

The Russell-Law-Caulfield company have a tremendous stock of everything needed for the home. They carry everthing in house-furnishings from stoves to the most beautiful silver-ware: a complete stock of dry goods, and their grocery department is one of the best appointed in all the province.

The display at Barclay & Co's. is a study in taste and elegance, and the quality and assortment of their goods is fairly manifested in their artistic window decorations.

A. L. White at the Boundary's Big Emporium, has one of the biggest stores of the kind to be seen in any city in the country, with a range of goods of almost infinite variety.

Their special for the week is a reduction sale of diamonds.

Hunter-Kendrick Co's big store is full of goods and their lines in dry goods, groceries and hardware are most complete.

A visit to Hunter-Kendrick's is necessary to realize what Greenwood has to offer to the Christmas shopper.

In furniture and those appurtenances which beautify the home. T. M. Gulley & Co. have a stock that is not excelled at any point in the whole Interior. We commend the attention of our readers to the exhibit of rugs, carpets and linoleums to be seen at T.M. Gulley's.

Greenwood's two splendid pharmacys are a credit to the city; their stocks of drugs and druggist's sundries are all that could be desired, and skilled chemists are in charge of the dispensing departments, where all prescriptions receive the most careful and prompt attention.

Jaynes & Son have a stock of fresh and dainty groceries that would tickle the palate of an epicure.

A. Logan and Co. are handsomely fitted up in their new store, their stock of jewellery, watches, etc., is quite complete while their beautiful lines of Dresden china, cut glass and hand-painted china are among the most delightful articles in Xmas goods.

P. W. George and Co. have the biggest and highest-classed stock of gent's furnishing goods in the whole Interior of B.C. A call at this splendidly appointed store will show you that they have everything that may be desired in the way of men's apparel.

For Christmas toys, novelties, books, stationery and fancy goods and all varieties of presents, beauful and useful, the stores of McRae Bros., and J. L. Coles can compare with the main warehouse of old Santa Claus himself, for they have everything to delight the hearts of youth and those of more discerning years.

The Greenwood Liquor Co. has the biggest and choicest stock of wet groceries in all this neck of the woods, and a Christmas hamper from McCreath's will help you to appreciate the bright sunshine of the Boundary.

A look into P. Burns & Co's market recalls the old ditty of the fox and the moonlight night, for the fat goose, the plump chicken and the once lordly gobbler, together with the juicy sirloin and a great variety of all the other choicest meats are there, while fish, both finned and shelled are shown new drawn from the Coast.

Of course the first thing to be considered on Xmas day is, what are you going to eat?

Drop into the Pacific or the Windsor Cafe and examine their Christmas bills-of-fare.

The Phoenix Brewing Co. have special assortments of wholesome Boundary-made goods for the Christmas trade, and the hotels have made special preparations for the day.

We are to have a real old-fash- Christmas with the merry jingle of the sleigh-bells; get a cutter for two, or a sleigh for the family; don't forget those invitations or the entertainments, and you'll have the merriest kind of a Merry Christmas which "The Times" extends to all.

The Alaska Pacific Yukon Exposition will be the first world's fair to be complete in advance of the opening date.

Courts are Busy.

The County Court officials have had a busy week disposing of a grist of cases of more or less interest.

On the 21st John Gillis appeared before his honor, Judge Brown, under the Speedy Trial's Act, to answer to the serious charge of stealing a horse from Henry Nelson, of Teroda Creek, at the Spokane hotel, Midway, on the 15th inst.

Gillis was committed by J. R. Ferguson, J.P., of Midway, and elected to be tried speedily.

Considering the fact that the owner had recovered his animal after a short chase, the accused was released on suspended sentence and will appear again at the end of three month's time.

On Tuesday the suit of Birch vs. Brown engrossed the attention of the court.

This is a dispute concerning the ownership of a trunk and various sundries held in lieu of contra accounts, and the array of legal talent engaged would indicate that the parties in contention have taken a very serious view of the affair.

The discussion of the entrancing details was adjourned to the 24th.

Public Holidays.

Saturday, December 26th and Saturday, January 2nd have been declared public holidays by the Lieutenant-Governor of British Columbia.

BLASTING FATALITY

Two Men Killed in Phoenix Mine.

Charles Johnson and John P. Anderson, miners employed in the Granby mines at Phoenix, met their death on Saturday evening in winze 94, No. 2 tunnel.

The two men had nineteen holes to shoot and had made careful preparations for the firing, with one fatal exception, the necessity of using fuses of sufficient length to light the large number of charges and leave time for a safe retreat.

The bodies were found by the shift boss, and four holes were discovered which had not been spit, and it is taken that the cut-holes went before the men had time to light them.

An investigation was held by Coroner Black, of Greenwood, who concluded that an inquest was not necessary.

Duty on Lead and Zinc.

The American Mining Congress in session at Pittsburg has forwarded a resolution to the Ways and Means committee of the House of Representatives declaring that any reduction in the present tariff on imported ores containing lead will mean a hardship on American miners.

They are also asking Congress to impose such a duty on all zinc ores as will protect the interests of those engaged in the production of that metal.

The value of limestone quarried in the U.S. in 1907 amounted to $31,737,731 exclusive of that used in the manufacture of Portland cement.

The question of the conservatism of the coal supply in the U.S. was discussed at the American Mining Congress.

The Christmas tree of the Presbyterian Sunday school on Tuesday evening was a very delightful entertainment and was greatly enjoyed by the children and those of maturer years who had the good fortune of attending. The success of the entertainment is due to the great pains taken by Mrs. McCutcheon in training the children.

Sleighs for boys girls, and babies. Goods right, pieces right, at McRae Bros.

BOUNDARY ORE TONNAGE

December 25, '08

The following table gives the ore shipments of Boundary mines for 1900, 1901, 1902, 1903, 1904, 1905, 1906, 1907, 1908 as reported to the Greenwood Times—

UNION LABEL

FRIDAY, DECEMBER 25 1908

ON THE EIGHTH DAY.

We are always pleased to see our reports of Boundary mining properties in the daily press, but when a front page article from the Boundary Creek Times appears eight days later as a special to the Nelson Daily News from its Grand Forks' correspondent our cup of joy is filled to overflowing.

We congratulate the News on its returning spirit of progressiveness, but beg to be allowed to suggest that the management pay more attention to their Boundary exchanges.

That would be cheaper than their antiquated system of paying unprofessional individuals for news to which the world is welcome, and which appears in Denver ahead of our one district daily paper.

Capital is all that Greenwood camp requires to make it the biggest mining camp on the face of the earth.

Canada sends $45,000,000 yearly to the U.S. for goods which could be manufactured in the Dominion; and the Boundary sends many a dollar to Timothy Eaton for goods that can be bought in Greenwood.

In declining to dissolve parliament at the dictation of the Lords the British Government is acting wisely. There will be a number of questions at issue in the next election, and the dominant one will be the great constitutional question of curbing the power of the Lords, which appears to be the most necessary legislation in Great Britain at the present time.

The decision of Mr. Gladstone, the British Secretary of State, that this country should no longer be made a dumping ground for the vicious and useless of the Mother Country is received with gratitude by the Canadian people.

By the appointment of Philander C. Knox to be Secretary of State, President-elect Taft has secured the collaboration of one of the ablest men in the United States.

Students of the school of science and the students of medicine fought a pitched battle on the grounds of Toronto University.

Eighty-two windows and several noses were broken all of which can be easily repaired.

It will take longer to patch up the holes in Varsity's reputation as an aid to civilization.

Brazil and the Argentine are at arm's length as a result of jealousy over the increase of naval forces. But few countries have made as rapid progress in the past decade as these two South American nations and a war between the two at this time would be a tremendous set-back to the commerce of the Southern hemisphere.

Dr. Hugh Taylor, of Denver, favors the use of metal money and advances the following interesting statements:

"Dirty pennies average 26 living bacteria each; dimes average 46 living bacteria each; moderately clean bills 2,250 living bacteria each, and dirty bills about 73,000 bacteria each. Many and many a case of contagious disease might be traced to the handling of dirty money. There are several cases of diptheria in Denver right now, and the chances are that many of the cases could be traced to dirty money. It is strange; but, with all our quarantine laws, the money is allowed to be taken from the houses in exchange for foods and supplies, and this money is, of course, at once put in circulation."

The profession of mining engineering enjoys a peculiar distinction, it relates to a business which is fundamental in the progress of the world. The only original sources of wealth are the products of agriculture and mining. All else is man-made; these two are fundamental, pristine, the really indispensable necessaries of the human race.—Mining Science.

President Castro, of Venezuela, is one of the most remarkable rulers that has ever lived.

From a bare-footed and illiterate revolutionist he rose to a position of great wealth and absolute power, and as a self-advertiser he has few equals on earth.

While the citizens of Caracas were burning his statues and pictures this strange little man was receiving the acclamations of the people of the German capital.

The Select Committee of the House of Congress has agreed upon a report calling upon the President to submit to Congress the information on which he based his insinuation that members of the House were afraid of being investigated by the secret service. It is believed that the required evidence will be submitted.

PROVINCIAL ITEMS

The Nelson car-service is to be re-started in January; the city will furnish free power from Bonnington Falls.

Weekly bank clearings of Vancouver show an increase of nearly a million dollars over a corresponding period of last year.

The total salmon pack for B.C. for 1908 amounted to 542,689 cases. Preparations are being made for the coming season which will be the "big year."

Safe-crackers blew open a safe at Cloverdale and got away with $25.

W. W. Forrester, of New Westminster was awarded the $200,000 contract to construct the public improvements at Prince Rupert.

Robert Stevenson, prospector and pioneer, crossed the Hope mountains for the hundredth time a couple of weeks ago and nearly perished on the trip.

Alberta people are investing in land at Keremeos, and next year will see plenty of land-seekers in the Boundary.

James Jenkins and John Pertella, negroes, and Lee Chung, Chinese, were hanged at New Westminster on December 18.

Archibald Wilkinson and James Downs were drowned in Christina lake, by the capsizing of their boat.

A syndicate of Edmonton men have purchased 2,000 acres of land on Lower Arrow Lake which they will sub-divide and place on the market as fruit farms.

Three candidates are in the field for Nelson mayoralty.

A. K. McDonell has been appointed provincial constable at Grand Forks.

J. Aikins, editor of the Grand Forks Gazette, has gone to Vancouver.

Thos. Taylor, M.L.A., for Revelstoke, is mentioned for a cabinet position at Victoria.

The full court has declared the provincial fishery regulations to be beyond the power of the Provincial Government and wholly within the power of the Dominion Parliament.

A Mexican Consulate has been opened up in Vancouver, with Senor Guillermo Fevres de la Vega in charge.

The wholesale stationery and fancy good's establishment of F. J. Schofield & Co., Vancouver, was gutted by fire. The amount of insurance was $40,000.

MINES AND MINING

Two new dredging companies have been organized to operate in the Klondike by a syndicate of Kansas City mining men.

It is proposed to install a joint power plant to drive twenty dredges.

The Kootenay Belle mine near Salmo, on Sheep Creek, has produced 14 gold bricks since June.

The mines at Middlesboro collieries, Nicola, have organized under the United Mine Worker's of America and the mines have been closed.

The Golden Zone Mining Co., Ltd., has been formed to work the Golden Zone group at Hedley with an authorized capital of $500,000. There is a five-stamp mill on the property and the company will undertaee a vigorous development scheme.

The force at the Nickle Plate mine has been reduced to 20 men on development work.

Development work on the Kingston group at Hedley is giving good results.

Bruce White was at Nelson last week inquiring into the affairs of the Molly Gibson mine for the owners, a neastern syndicate.

The Maestro at Ainsworth, has shipped 80 tons of high-grade ore in the last month.

The resumption of operations by the Canada zinc plant at Nelson will induce a number of Slocan properties to start up again, and will provide a handy market for silver-zinc ore at good prices.

The Kootenay Chief Mines, Ltd., has been incorporated with a capital of $500,000 to take over and work the Kootenay Chief and Comfort mineral claims near the Bluebell on Galena Bay.

An extensive placer field has been discovered on Zebellous river which falls into Nootka Sound.

Black Watch Chewing Tobacco

A new sensation. A real pleasure. The big black plug.

Bad Symptoms.

The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has gnawing distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weaknesses and derangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.

Neglected or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not result fatally.

No medicine extant has such a long and numerous record of cures in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong professional indorsement of each of its several ingredients—worth more than any number of ordinary non-professional testimonials. The very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol, harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle-wrapper and attested under oath.

In any condition of the female system, Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system and especially the pelvic organs. When these are deranged in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad, unpleasant symptoms follow. Too much must not be expected of this "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine will. It *will* often *prevent* them, if taken in time, and thus the operating table and the surgeon's knife may be avoided.

Women suffering from diseases of long standing, are invited to consult Doctor Pierce by letter, *free*. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser (1000 pages) is sent *free* on receipt of 31 one-cent stamps for paper-covered, or 50 stamps for cloth-bound copy. Address as above.

Copper HANDBOOK.

(New Edition issued March, 1908.)
Size: Octavo. Pages: 1228.
Chapters: 25.
Scope: The Copper Industry of the World.

Covering; Copper History, Geology, Geography, Chemistry, Mineralogy, Mining, Milling, Leaching, Smelting, Refining, Brands, Grades, Impurities, Alloys, Uses, Substitutes, Terminology Deposits by Districts, States, Countries and Continents, Mines in Detail, Statistics of Production, Consumption, imports, Exports, Finances, Dividends, etc.

The Copper Handbook is concededly the

WORLD'S STANDARD REFERENCE BOOK ON COPPER

The Miner needs the book for the facts it gives him regarding Geology, Mining, Copper Deposits, Copper Mines.

The Metallurgist needs the book for the facts it gives him regarding copper milling, leaching, smelting, and refining.

The Copper Consumer needs the book for every chapter it contains. It tells what and explains how and why.

The Investor in Copper Shares cannot afford to be without it. The Copper Handbook gives statistics and general information on one hand, with thousands of detailed mine descriptions on the other, covering the copper mines of the entire world, and the 40 pages of condensed statistical tables alone are worth more than the price of the book to each and every owner of copper mining shares.

Price: $5.00 in Buckram with gilt top, or $7.50 in full library morocco.

Terms: The most liberal. Send no money, but order the book sent you, all carriage charges prepaid, on one week's approval, to be returned if unsatisfactory, or paid for if it suits. Can you afford not to see the book and judge for yourself of its value to you?

Sask-alta Range

How a Sask-alta thermometer earns its money.

By indicating when oven is ready for baking. By cutting out the "peeping" into oven. By showing on its face what is going on in the oven. By saving "door-opening" heat. By substituting certainty for chance in baking results.

"Sask-alta" range thermometer was tested for six months before one range was sold. "Sask-alta" thermometer is to the housewife what the compass is to the ship captain.

Synopsis of Canadian North-West

HOMESTEAD REGULATIONS.

ANY even-numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 150 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Land Agency or Sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at any Agency on certain conditions by the father mother, son, daughter, brother or sister of an intending homesteader.

DUTIES—1. At least six months' residence upon and cultivation of the land in each year for three years.

2. A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. He may also do so by living with father or mother, on certain condition joint ownership in land will not meet this requirement.

3. A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the Agent for the district of such intention.

W. W. CORY,
Deputy of the Minister of the Interior

N. B.—Unauthorized publication of this advertisement will not be paid for.

WORTH TAKING

One ounce Fluid Extract Dandelion;
One ounce Compound Salatone;
Four ounces Compound Syrup Sarsaparilla;

Mixed and taken in teaspoonful doses after each meal and at bedtime, is pronounced by a prominent physician to be the best mixture for the cure of the kidney, bladder, and all urinary troubles.

This says the doctor, is the most simple though remarkable prescription ever written to cleanse the system of impurities and waste matter. It acts as a powerful tonic to the kidneys, forcing them to filter out the acids and poisons, overcoming rheumatism, lame back, sciatica and other afflictions arising from sour, impure blood.

The ingredients can be procured at any good drug store, and being purely vegetable and entirely harmless, can easily be mixed at home.

If you have a suffering friend show this to him, as he will undoubtedly be pleased to learn of so simple and highly recommended a remedy.

MR. PERRY J.P.

A MAGISTRATE'S EVIDENCE IN FAVOR OF ZAM-BUK

Read carefully the evidence of Magistrate Perry given below and you will find that judged by men of experience who are fully qualified to decide, Zam-Buk more than fulfils all that is claimed for it.

"The Pavilion,"
Goldfield.

After a very fair trial I have proved Zam-Buk eminently satisfactory. In my case it cured a skin rash of five years' standing which no doctor had been able to do any good for. I would certainly encourage any person to keep Zam-Buk in their home. It truly does even more than you claim for it. For my own part I would not now be without it in the house. Yours very truly,

ROGER F. PERRY,
Justice of the Peace for B.C.

Facts About Zam-Buk

Zam-Buk is different to the older ointments and salves in being purely herbal, without trace of animal oil or fat.

Zam-Buk applied to an open sore will immediately kill all disease germs and prevent festering, suppuration or blood poison.

Zam-Buk has penetrating power as well as healing power and used as an embrocation quickly cures rheumatism, sciatica and neuralgia.

Zam-Buk by its miracles of healing has won the praise and confidence of magistrates, doctors, nurses, and men and women who KNOW. Test it at our expense.

FREE BOX

This coupon and 1c. stamp sent to Zam-Buk Co., Toronto with name of this paper will ensure you a free trial box.

3Z2

Zam-Buk Cures eczema, face rashes, ulcers, abscesses, cuts, bruises, Spring eruptions, running sores, poisoned wounds, chronic sores, etc. It is also good for piles and enlarged veins. As an embrocation it cures rheumatism and sciatica, chest colds on the chest, etc. All druggists and stores at 50c. a box, or from Zam-Buk Co., Toronto, for price. 6 boxes sent for 2.50.

ZAM-BUK
THE GREAT SKIN-CURE.

Purely Personal

John D. Spence is on a trip to the Coast.

Mrs. E. R. Redpath was a visitor to Nelson this week.

Dr. and Mrs. Simmons are spending the holidays at the coast.

C. E. Juhlen, expert for the B.C. Copper Co., was in camp last week.

A. W. Bishop, representing the Nelson News, was in town on Tuesday.

D. A. McBride, of Bridesville, was in Greenwood at the first of the week.

W. N. McGillis, Nelson, was registered at the Imperial on Monday.

Miss Tillie Graham, of Brunot College, Spokane is home for the holidays.

E. T. Wickwire has gone to the Coast to spend the Christmas with his family.

Robert Keffer, of Washington State college, is home for Christmas.

Mrs. G. A. Rendell, of Eholt, was shopping in town on Wednesday.

Theo. Hunter came in on Friday from Spokane to spend the holidays at his home here.

P. F. Roosa, of the Dominion Copper Co., has returned from New York.

W. E. Hodges, chartered accountant, of Vancouver, is in the city and will audit the city books while here.

Miss B. Shaw and Miss Alice McMynn, of All-Hallows college, Yale, are home for the Christmas holidays.

A. H. Noyes, managing director of the Boundary Mining and Exploration Co., left last Saturday for Chicago and New York.

A. A. Richardson, fire-adjuster, was in town Tuesday to settle the insurance of the Macfarlane residence recently destroyed by fire.

N. J. Dunlop' local manager of the B.C. Telephone Co., will spend his vacation at McLeod, Alta.

A marriage license was issued by the Registrar on the 17th to J. D. Williams, of Phoenix, and Mrs. Kate Miller, of the same place.

TOWN TOPICS

The Union hotel, Eholt, will give a big Xmas dinner.

The Christmas tree at Midway will be the event of the season.

Ernest Bunting is employed with the Kelly-Carruthers Co., Prince Rupert.

Grand Forks and Greenwood hockey teams will play the first match of the season on New Year's night in the Greenwood rink.

Mrs. Lundie, of Midway, will entertain the children with a Christmas tree on Friday evening

The Christmas tree in the Methodist church on Christmas night will be a treat for the children and for all the grown-ups who may attend.

For Xmas gifts, if you wish fresh stock—the latest and newest things out—go to M Rae Bros,

Preparations on an elaborate scale have been made for the Christmas entertainment and dance at the Mother Lode.

The semi-annual examination of the Boundary Falls' school was held on the 18th in the presence of a number of visitors. The program was quite successful, and consisted of an oral review besides the written work, the singing of patriotic songs, instrumental music, and the presentation of Yule-tide tokens.

The Palace Livery Stables have comfortable and stylish turn-outs and you should leave your Christmas order before they are all engaged.

Rev. M. D. and Mrs. McKee received a well-filled purse from friends at the Mother Lode mine.

MORTGAGE SALE.

TAKE NOTICE that under and by virtue of a certain Mortgage from Fred Forest Travis, which will be produced at the time of sale, there will be offered for sale by public auction by James S.
