MEETING OF THE CITY COUNCIL

Following are the full minutes of a regular meeting of the City Council, held in the council chamber, Monday evening, January 31st, 1910, all members being present:

Moved by Alderman Sutherland, seconded by Ald. Craig; that the minutes of the previous meeting be adopted as read. Carried.

A letter from Dr. Fagan re donation to the B. C. Tuberculosis society and appointment of a goxernor. Moved by Ald. Craig, seconded by Ald. Sater, that the letter from Dr. Fagan be received and filed, the sum of $25 be remitted, and the name of Dr. McLean be recommended as a governor. Carried.

Moved by Ald. McKee, seconded by Ald. Craig, that the account of the B. C. Gazette for $2.50 be paid. Carried.

Fire, Water and Light reported having thawed the mains on Gold and Long Lake streets and repairing several breaks.

Streets reported progress.

Health, Cemetery and Pound reported that Dr. McLeon would accept the position of Medical Health Officer at a salary of $25 per month. Moved by Ald. Sutherland, seconded by Ald. McKee, that Dr. McLean be appointed Medical Officer of Health at a salary of $25 per month. Carried.

Ald. Craig asked leave to introduce Temporary Loan By-Law No. 1, 1910. Moved by Ald. Dixon, seconded by Ald. Sutherland, that leave be granted. Carried. Moved by Ald. Craig, seconded by Ald. Sutherland, that By-Law No. 1, 1910, be read a first time. Carried. Moved and seconded by the same aldermen that the By-Law be read a second time. Carried. Moved by the same aldermen that we go into a committee of the whole to consider By-Law No. 1, 1910. Carried. Committee rose and reported By-Law No. 1, 1910, complete without amendments. Moved by Ald. Craig, seconded by Ald. Dixon, that By-Law No. 1, 1910, be read a third time. Carried.

Moved by Ald. Dixon, seconded by Ald. Sutherland, that the annual financial statement and auditor's report be printed. Carried.

Moved by Ald. Sutherland, seconded by Ald. McKee, that the printing be equally divided between the two local papers. Carried.

On motion the council adjourned.

MASQUERADE BALL

A grand masquerade ball will be given under the auspices of Boundary Valley Lodge, No. 38, I. O. O. F., on February 14, in the old Masonic hall, Greenwood. The Odd Fellows always give an excellent ball and engage the best possible music. There will be prizes worth the winning and a good time for all. The moderate entrance fee is an inducement, too. Supper will be served at the Windsor and Pacific hotels.

WARREN CUP, 3RD DRAW

Friday, February 4—East rink. Birnie vs. Bishop. West rink, Russell vs. McMynn.

Monday, February 7—East rink, McCutcheon vs. Russell. West rink, Birnie vs. McMynn.

Tuesday, February 8—East rink, McMynn vs. McDonald. West rink, Coles vs Russell.

Wednesday, February 9—East rink, Bishop vs. McDonald.

Life consists in the alternate process of learning and unlearning, but it is oftener wiser to unlearn than to learn.

ST. JUDE'S CHURCH VESTRY MEETING

The annual vestry meeting of St. Jude's church took place on Wednesday, January 26, in St. Jude's church, at 8:30 p. m., and was largely attended by members of the church of England congregation in Greenwood.

The Rector, Rev. F. Vernon Venables, first made a presentation to Miss J. Goddard in the name of the congregation, after which he read the report of the year's work.

He reminded the congregation of the coming Synod and the duty of St. Jude's to send lay delegates to attend this year at Nelson. Last year the church was represented only by a resident of Nelson, who was formerly a Greenwood resident. Mr. Venables stated that $25 had been spent in improvements at the cemetery, but would welcome any suggestion to improve and beautify the grounds.

The report of the treasurer, C. J. Eales, was read and Mr. Eales was highly complimented on his able management and unanimously elected to hold this onerous position for the ensuing year.

The minutes of last year's meeting were read and adopted, also the financial statement. The affairs of the church are in good shape and the outlook for the year is very bright.

The following were elected to office for the year:

Peoples' warden, E. R. Redpath.

Rector's warden, G. B. Taylor.

The church committee is the same as last year with the exception of H. F. Stow, and the addition of J. T. Beattie, Thos. Jenkins and W. W. Craig.

Lay Delegates to Synod—C. J. Eales, S. M. Johnson, F. W. McLaine. Substitute, E. R. Redpath.

Auditor—R. Wilson.

Votes of thanks were passed to the Ladies' Guild for their valuable assistance [illegible] school teachers, to the choir, and especially to the organist, Mrs. G. B. Taylor.

A BIG BOND

It is understood that Mr. John Kelley, a Minneapolis iron magnate, and Mr. Thomas Cole, a prominent Duluth copper mining operator largely interested in Butte and Arizona mines, have just bonded 6,000 acres of iron lands on the northwest end of Texada island from the owners, prominent officials of the Union Ironworks of San Francisco. Ownership in the property is vested in a subsidary corporation styled the Puget Sound Iron Co. The bonds call for the payment of one million dollars in a period of three years. A $10,000 forfeit has been paid down and a clause in the agreement provides that development work on the property must be started before March 20 next.

MINE EXPLOSION

A terrific explosion occurred February 1, in a Colorado coal mine. Seventy-nine bodies were found at the foot of the air shaft, where the poor miners had rushed for safety. There were 149 men underground at the time and it is feared all are dead. The fans were blown to pieces by the force of the explosion.

A NEW WING

A new wing will be built immediately to the Empress hotel, Victoria. The annex will provide 68 additional bedrooms and 48 bathrooms and will cost $125,000.

OLD DOMINION COPPER AFFAIRS

On an application by the New Dominion Copper company, as creditors of the Old Dominion Copper company, for an order to dispense with the services of the Liquidator, on the ground that he had taken no steps, since his appointment last May, to distribute the estate, and also for an order that the funds belonging to the estate be paid by the Liquidator into court. On this application being made the Liquidator asked for leave of the court to sue certain of the directors of the Old Dominion Copper company, and filed affidavits, made by parties in New York, in support of charges that the former directors had improperly implied $170,000 of the old company's money to retire bonds of the old company.

The latter part of the case was argued at length on Saturday last before Mr. Justice Gregory at Vancouver. The result of the various applications was that the Liquidator was ordered to pay into court all the monies of the estate forthwith, and was directed to proceed to advertise for creditors. The application for his removal was dismissed.

The Liquidator's application, for leave to sue the directors and council of the old company, was also dismissed, as not even a prima facie case was made out against them, but the dismissal was without prejudice to a further application being made if a further ground of action can be shown.

TEN YEARS AGO

(From Boundary Creek Times of Feb. 4 1900)

A local syndicate has bonded the Dayton mineral claim for [illegible]

The offer of the B. C. Government to raise and equip one hundred men for South Africa has been accepted.

The shaft on the Strawberry on the north fork of Kettle river is down 100 feet, and has 16 ft. of fine copper gold ore.

The control of the Grey Eagle, Banner, Tip Top and Triangle claims at Phoenix has passed into the hands of Jay P. Greaves.

W. J. Snodgrass and F. T. Abbott have purched 2 lots on Government street and will build an up-to-date steam laundry, 40 x 60 feet.

This evening the wrestling match between Sandry of Phoenix, and Woods, of Greenwood, will take place at the Alhambra Evan Morgan will be referee.

Rossland beat Greenwood by three to two, at the rink last night. The home team was as follows: Holmes, Macpherson, Fry, Newlands, Warren, Nase, Chesterton.

CAPITAL BOOMING

Victoria's building figures for January amounted to $128,985 an increase of 66 per cent over the figures for the same month of last year. The Victoria bank clearing for January aggregated $7,390,767, an increase of 75 per cent over those of the corresponding period of last year.

VANCOUVER HOTEL

At least $500,000 is to be spent in the rebuilding and enlargement of the Hotel Vancouver within the next two or three years.

POLICE COMMISSIONERS

Alderman W. W. Craig and F. W. McLaine, local C. P. R. agent, have been appointed police commissioners for Greenwood.

LICENCE COMMISSIONERS

Alderman F. C. Buckless and J. L. Coles are the newly appointed license commissioners for Greenwood.

BROKE GAOL BROUGHT BACK

On Tuesday afternoon last the alarm bell rang to summon the city police. A disreputable character, Arthur Edward McKenzie by name, had amused himself by beating an unfortunate woman most severely. He resisted arrest and made off to Anaconda, along the track, but with Chief of City Police Jenkins and Grey Pond after him, he was speedily brought to time and landed in the city gaol securely handcuffed.

The prisoner was put to work cutting wood and, watching his opportunity, escaped about 5 o'clock. He tried to get a ride on an ore train to the Mother Lode, but was put off. Then he engaged a room at an Anaconda hotel, but soon after pulled out for Midway. Chief of Provincial Police Bunbury was at once notified and dispatched W. Wilson, of the provincial police force, to Midway, where Constables Kempston and Wilson arrested McKenzie and brought him back in short order to Greenwood to face several serious charges. Chief Bunbury and his staff deserve credit for their efficient and speedy work.

That the prisoner will receive a severe sentence is a foregone conclusion. Resisting arrest and breaking gaol are bad enough, but when a ruffian thrashes a defenceless woman it is time he was put out of the way for as long as the law allows, and at hard labor at that.

GREENWOOD VS. PHOENIX

A splendid game of hockey was witnessed at Phoenix, on Wednesday night, on capital ice. At the end of half time, the Greenwood boys were ahead, the score standing 2 to 1. Greenwood got the next goal and kept the score at 3 to 1 for the best part of the game. Phoenix however managed to score three more goals before time was called and won by 4 to 3. The Greenwood team was handicapped by the loss of T. McDonald through illness. Last night a special train took the Greenwood team and their friends to Grand Forks.

FROM DENORO TO MIDWAY

The Greenwood Board of Trade resolutions, re the long promised but not as yet constructed Great Northern connection, Denoro with Midway, have been endorsed by the Associated Boards of Trade of Southern B. C.

Letters have been received by Secretary F. W. McLaine from Sir Wilfrid Laurier, Martin Burrell, M. P., and Senators Bostock and Templeman, stating that their support will be given to the movement to have this connecting link constructed in accordance with the terms of the charter. Great credit is due to Mr. McLaine for his perseverance in having this matter brought to the notice of the proper authorities.

A CHALLENGE

The following smelter team challenges the City Colts on condition that Capt. Swayne and E. O. Boak be permitted to wear skis:

C. McCurrach, goal; Pete Campolita, cover point; John King, point; Bob Lee, rover; Capt. Swayne, centre; Hugh Murray, left; E. O. Boak, right. Joe Caron, manager.

LOST OR STRAYED

Where is that $5,000 that was appropriated a long time ago for the Greenwood postoffice? Still at Ottawa? Last year still another appropriation was made. Where is it? We want it spent on a site and building in Greenwood before we forget what an up-to-date stone or brick postoffice looks like.

BAD ACCIDENT

The express from Brighton to London was derailed at Stoats Nest, 15 miles from London, last Saturday. Seven people were killed and twenty-seven injured. Robert Wynne, formerly American consul-general at London, was on the train but escaped unhurt.

SLEDS

While bobsleds and sleighs may be of a distinctly useful and child-amusing nature, we fail to see that when deposited pell mell along the sidewalk, on a dark night, they serve any useful or ornamental purpose; unless it be to try the temper of the guileless home comer at 1 a. m., who becomes entangled in the meshes of leading strings, and refrains from imprecations when his ankles come in contact with the foul thing and he bows to the inevitable, and sees many stars that are not in the firmament above or the waters below.

It's a vile habit at best to leave these impediments to impede the passer by at every doorway where the children dwell. Nuf sed!

THE POOR OF PARIS

Secure in our own homes, with impregnable mountains to guard us, and safe from floods, ruin and disaster, we find it hard to realize the terror of what Parisians are undergoing today.

The most gay and joyous city in the old world is in tears and tribulation. Her homes destroyed, personal property ruined, and many lives being washed out daily by the most terrific floods that gay Paree has ever witnessed. Only last week the authorities had to resort to dynamite to blow up the historic Pont de L'Alma, one of the most famous bridges spanning the Seine, to prevent the formation of a disastrous dam. Many lives have been lost by the collapse of buildings and all Paris is in great distress. Famine threatens the poor, for several railway lines have been abandoned, the stations and miles of track being under water, so no outside provisions can be brought into the city.

Think of it, and be thankful we are safe and sound, sure and secure, and extend your pity and sympaty to the poor of Paris.

OUR RESOLUTION

The following is the opinion of the Hedley Gazette, a paper published in a town that has Great Northern connection, but does not see why Greenwood wants similar railroad advantages. We intend to stick to our rights in spite of the Hedley Gazette, and cannot see that the compulsory fulfillment of an agreement of long standing need of necessity curtail construction to the coast. To call the G. N. Ry. line from Denoro to Greenwood, "a small matter of detail" is rich.

"The Greenwood Board of Trade have apparently decided to launch a little sensation of their own, by passing a long-winded resolution setting forth the perfidy of the Great Northern in failing to build the branch between Midway and Greenwood; and they even go so far as to say that no extension of time is to be given to complete the unfinished portion between Princeton and the coast until the branch between Midway and Greenwood has first been built.

"We are all ready to admit that it is exceedingly annoying to have promises broken and hopes raised only to be dashed again to the ground as they were in Greenwood's case in the matter of that local branch, for the Great Northern obtained charter rights to build from Midway to Greenwood, located a line, and gave Greenwood to believe that actual building would follow shortly after Midway was reached. Nevertheless, Greenwood is not justified in saying that because faith has not been kept with her in a small matter of detail, the main object for which the V., V. & E. charter was given is to be defeated. Even Greenwood herself should be more interested in speedy connection with the coast, by completion of the road from the Similkameen, than the building of a small branch which will merely serve to save them from a ten mile stage ride, which is not absolutely necessary for them to take, as they have had railway connection with Midway by the C. P. R, for the past ten years, and their present grievance with the G. N. R. is more one of annoyance than of loss.

"If they would only take time to reconsider their resolution and view it from the standpoint of every other part of the province except Greenwood alone, they would see the mistake they are making."

EDITORIAL COMMENT

Those who owe small sums of money to this paper, either for subscription or job work, are hereby requested to remit by post-office order or to add exchange to their checks in future.

Hedley gave a Hospital Benefit Ball which netted $600, last week. Few towns in the interior could do so well, and it speaks volumes for the people of Hedley, who are to be congratulated.

The Department of agriculture at Ottawa has begun inquiry into the increased cost of living and the reasons therefor. The labor department will give its attention to the same subject with regard to manufactured products. The agricultural department is confining itself to food. Perhaps the fault is with the liver. We all indulge in too many luxuries nowadays. What was good enough for our fathers and foretathers is no longer considered sufficient for the up-to-date 1910 man or woman.

OUTLINES OF CURRENT EVENTS

Rossland carnival, 8-12 Feb.

Creston is clamoring for a high school

The floods throughout Italy are receding.

There is a coal shortage in the Puget Sound cities.

A young lady near Keremeos recently shot a lynx.

Rossland has reduced its mayor's salary by $100.

The Vancouver Mail is the title of a new coast newspaper.

There is imminent danger of a plague in the wake of the Paris flood.

H. Nicholson, J. P., has opened a mining record office at Rock Creek.

The Duke of Connaught has been asked to open the Toronto exhibition.

The B. C. Electric railway will expend $80,000 on buildings in Chilliwack.

Rear Admiral Dyer, U. S. N., died at Melrose, Mass., last Friday, 71 years old.

Cuba will exhibit tobacco and other island products at the Brussels exposition.

The shores of Great Britain are strewn with wreckage after last weeks terrific gale.

A commission has been appointed by the provincial government to investigate the whole question of fire insurance in this province.

The Montreal ice palace is in danger of melting and floating into the St. Lawrence.

She evidently was to blame for the non-appearance of the much heralded Stuttz Co. last week.

Sir Thomas Lipton has decided to once more challenge for the international yacht cup in March.

Paris is still in the swim. The losses from the flood damages are estimated at three hundred millions.

Over 100 deaths are reported from smallpox at Chang Chow, one of the largest cities in China last week.

The C. P. R. will inaugurate a daily service, both ways, between Vancouver and Revelstoke, on February 6.

A lightning bolt struck the mountain side on a farm in Texas recently and uncovered a spring of crude oil.

Edmond Lamy, of Saranac Lake, has made a skating record for the half mile in 1 minute and 17 3-5 seconds.

The Nicaraguan government has not yet quieted the insurgent army. A battle is expected to take place daily.

J. D. Swanson, of Kamloops, B. C., has been appointed county court judge to succeed Judge Spinks, resigned.

Coal is delivered at your door in Prince Rupert at $11 per ton. The price of umbrellas is not quoted by the local paper.

Lord Carrington is mentioned as the next govenor-general of Canada. Earl Crewe will likely succeed Lord Minto in India.

Spokane's school teachers are organizing to strike for 10 per cent increase and 12 months salary, instead of nine every year.

It is reported that the Duke of Sutherland, one of Britain's leading yachtsmen, is planning to challenge for the America's cup.

The C. P. R. will build a big bridge over the South Saskatchewan river at Outlook, over 3000 feet in length, and 146 feet high. There will be 106 piers and pedestals of concrete,

The C. P. R. has started a "Why not go to Canada?" campaign in Chicago. Much land is being sold to Americans by the big railway company.

Major Anderson, right of way agent for the G. N. R, is in Princeton buying the land through which the V., V. & E. will pass to the coast.

The British administration in India will no longer tolerate the preachings of the revolutionary press, and is now prepared to bridle literary license.

The Hungarian ministry has been defeated. Premier Hedevary has resigned. The usual scenes of disorder marked the departure of the ministry from the house.

If the present migration of Vancouver people to Honolulu during the winter season continues, there will soon be enough residents in that tropical island to start a regular Vancouver colony.

The British torpedo boat destroyer Eden, broke her moorings during a gale in the English channel on Friday night last and ran ashore. Fifty-three officers and men were saved, and all her guns and coal.

The Stanley cup stays at Ottawa. Twenty-one to eleven was the score the Ottawas made against Edmonton in the second game. The defeated team will make another attempt to get the cup west next year

Dr. Lyman Abbott, the great American author, in a speech in New York says: "Why should not England, Japan and America stand shoulder to shoulder, arm to arm, for all that means the progress of universal peace, and against all their enemies?" Prolonged applause greeted Dr. Abbott's suggestion.

A few minutes delay in treating some cases of croup, even the length of time it takes to get a doctor oftens proves dangerous. The safest way is to keep Chamberlain's Cough Remedy in the house, and at the first indication of croup give the child a dose. Pleasant to take and always cures. Sold by all druggists and dealers.

The Pearl Consolidated properties, at Republic Wash, are reported sold to J. L. Harper, of Spokane, for $225,000.

AT THE CHURCHES

METHODIST — Rev. I. B. Hibbert will conduct services in the Methodist Church every Sunday. Morning, 11 a. m.; Sunday School, 3 p. m. Evening. 7:30.

Facts for Weak Women

Nine-tenths of all the sickness of women is due to some derangement or disease of the organs distinctly feminine. Such sickness can be cured—is cured every day by

Dr. Pierce's Favorite Prescription

It Makes Weak Women Strong, Sick Women Well.

It acts directly on the organs affected and is at the same time a general restorative tonic for the whole system. It cures female complaint right in the privacy of home. It makes unnecessary the disagreeable questioning, examinations and local treatment so universally insisted upon by doctors, and so abhorrent to every modest woman.

We shall not particularize here as to the symptoms of those peculiar affections incident to women, but those wanting full information as to their symptoms and means of positive cure are referred to the People's Common Sense Medical Adviser—1008 pages, newly revised and up-to-date Edition, sent *free* on receipt of 31 one-cent stamps to cover cost of mailing *only;* or, in cloth binding for 50 stamps.

Address Dr. R. V. Pierce, Buffalo, N. Y.

Synopsis of Canadian North-West

HOMESTEAD REGULATIONS.

ANY available Dominion Lands within the Railway Belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister, of an intending homesteader.

The homesteader is required to preform the conditions connected there with under one of the following plans;

1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence pon farming land owned by him in the vicinity of his homestead, the requirements as to residencé may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Coal.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1. per acre. Not more than 2,560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,

Deputy of the Minister of the Interior

N. B.—Unauthorized publication of this advertisement will not be paid for.

Copper

New Edition of the

COPPER HANDBOOK

Vol. VIII., issued May, 1909, contains 1,500 pages, with nearly 50 per cent. more matter than the preceding edition. The chapters with mine descriptions and on statistics have been carefully revised and the bulk of the matter therein is

ENTIRELY NEW

There are 25 chapters.

Covering Copper History, Geology, Geography, Chemistry, Mineralogy, Mining, Milling, Leaching, Smelting, Refining, Brands, Grades, Impurities, Alloys, Uses, Substitutes, Terminology Deposits by Districts, States, Countries and Continents, Mines in Detail, Statistics of Production, Consumption, Imports, Exports, Finances, Dividends, etc.

The Copper Handbook is concededly the

World's Standard Reference Book on Copper.

The Copper Handbook contains, in this new and greatly enlarged edition, about 50 per cent. more matter than the Bible—though not necessarily a better book because of its great bulk. It is filled with FACTS of vital importance to.

MINES AND MINING

The Golden Eagle mine, on the north fork of the Kettle river, has closed down for a while.

The iron mines at Kitchener, 20 miles east of Kootenay lake, are attracting considerable attention just now. These twenty hematite claims are the property of the C. P. R. About $50,000 has been expended in development. A steel industry for B. C. would be a great boon and would help the coal and other mining industries as well.

News is just to hand from the camp between Massett and the Yakoun, Q. C. Islands, that the diamond drill at work there has struck a large body of coal. Three seams of excellent coking and steam coal are reported, the largest seam being 9 feet 6 inches at 600 feet below the surface. The coal area is extensive and this and other colleries to be opened up this spring will ensure a population for Graham island of 50,000 people within the next year or two. Great excitement is reported and a great rush is on staking coal lands.

Canada may have an entirely new industry as a result of a visit now being paid to East Kootenay, B. C., by Eduardo Riondel, an eminent financier of France, who is president of the Canadian Metal company, which operates the Blue Bell mine at Riondel, B. C. The new industry, if it materializes, will be the establishment, probably at Riondel, of works for the reduction of zinc ores into zinc oxide, a property similar to white lead, used in the manufacture of paint.

The copper production of Mexico in 1909 was 156,982,688 pounds, against 89,576,464 pounds in 1898. The producers of blister in Mexico were Cananea, Aguascalientes, Torreon and Boleo. All of them increased outputs in 1909. A great deal of Mexican ore was also smelted at Douglas, Ariz., and at other works in the United States. The largest part of the increase in Mexican production in 1909 was due to Cananea. Teziutlan continued to keep its new smelter out of operation.

One hundred and forty thousand dollars has been invested in British Columbia within the last few days by James A. Moore, president of the Irondale Smelting company. Of this amount $60,000 has been spent in the procuring of extensive coal measures on Graham island, which, it is understood, are to be utilized and exploited in connection with the large steel industry which the capitalist proposes establishing on Vancouver island. The remainder, $75,000, has been invested in the securing of the title to immense deposits of magnesite situated just back of the town of Atlin, one of the most important mining centers of the provincial interior.

An attack of grip is often followed by a persistent cough, which to many many proves a great annoyance. Chamberlain's Cough Remedy has been extensively used and with good success for the relief and cure of this cough. Many cases have been cured after all other remedies had failed. Sold by all druggists and dealers.

WANT A SMELTER

The tribute paid annually to the railroads by the producing mines of the Coeur d'Alene district alone will run to more than a million dollars, and even though coal and fluxes might cost more in Spokane than a city on tidewater, the difference between the increased cost of smelting and the saving in freight rates would be tremendous in one year. Spokane men control many of the mines; Spokane men control some of the railroads, and half a score of the coal mines in Alberta are owned by residents of this city. Why gut the coal mines annually to pay railroads for hauling the ores hundreds of miles, and to pay foreign smelting companies for handling the ores, when a large reduction plant could be built here, and run at a profit?—Inland Observer.

While it is almost impossible to prevent an accident, it is never impossible to be prepared—it is not beyond any one's purse. Invest 25 cents in a bottle of Chamberlain's Liniment and you are prepared for sprains, bruises and s

House of Commons, the later having a membership of thirty. The government seat was to be at Delhi.

Do you know that croup can be prevented? Give Chamberlain's Cough Remedy as soon as the child becomes hoarse or even after the croupy cough appears and it will prevent the attack. It is also a certain cure for croup and has never been known to fail. Sold by all druggists and dealers.

MARVELOUS ESCAPE

A bobsled carrying 20 children was struck by a fast Lakeshore & Michigan Southern passenger train on North Main street, and carried 200 feet upon the pilot of the locomotive, until brushed of by an engine standing upon a side track. Not one child was killed, and none are supposed to be seriously hurt.

Loss of Appetite and General Debility are quickly overcome by the use of a few bottles of "The D. & L. Emulsion.

Arrangements have been completed for a race at Los Angeles between Henri St. Yves and John D. Marsh, the Canadian runner, for the Marathon championship. The race will be run either on February 6 or February 13.

Th curse of a life of pleasure is its aversion to useful activity.

HOUSES OF GOLD

For hundreds of years the barefooted and empty-stomached poor of Guanajirato, Mexico, have been living in houses of gold. They were not fifth avenue mansions copied from Florence and Sienna, but just plain windowless huts made out of adobe or the mud of the Guanajirato gold district. A hundred of these huts had to be torn down to permit the construction of a railroad, and some man got the idea of analyzing the debris. The houses have now yielded $50,000 in gold to the possessors, and many a poor Guanajuatan who last year did not know where his next cigarette was coming from now revels in the prospect of sombreros and pulque and hot tamales for life. New houses are being put up, but they are not mansions of gold. The latest building material in Guanajirato is plain, unsterilized common or garden mud.

A GERMAN BALLOON

It has now been arranged that a dirigible balloon to cross the Atlantic, which is projected by Joseph Bracker, will start from Berlin for Tenneriffe on May 15, 1910. The enterprise will be undertaken by Schwartz, a New York promoter, and the Ganz Company of Mannheim.

The balloon, which will have Vancouver, as its objective point, is being constructed at Hamburg. It will be semi-circular, will be of 5,000 cubic feet dimension, and will have two 50 horsepower motors.

It will carry six persons, all of them engineers. The first stage of the passage is expected to take four days. The balloon will have the benefit of the trade winds most of the way. Two steamships will accompany the balloon, but they will sail two days ahead of the airship.

CANADIAN LOAN

The Bank of Montreal has closed its list for the Canadian Government loan of $20,000,000. The issue was closed by public subscriptions, in London, Eng., and the result is regarded favorable in view of the fact that half of the new Indian loan at 96½ was left with the underwriters; also seeing that Germany is about to float a four per cent loan at 93, where the Canadian loan was 99.

TEDDY COMING HOME

Ex-president Roosevelt will arrive in Khartoum, March 15. He expects to be back in U. S. A. by June 1st. Then there will be things doing.

Coughs and Colds—If everything has failed, try Allen's Lung Balsam and be cured.

King Edward VII. has knighted Frederick Macmillan, the present head of the British publishing firm of Macmillan and company and a director of the Macmillan company in New York. Mr. Macmillan is the son of the original founder, Daniel Macmillan. In 1843 there appeared a little volume, "The Philosophy of Training," by A. R. Craig, bearing the imprint "Published by Daniel Macmillan, 57 Aldersgate street." That was the first that the reading public heard of a name which has since become so familiar both in England and America.

The invention of omnibuses is due to the Philosopher Pascal, who, in February 1667, obtained a privilege or patent for public carriages to travel through certain streets of Paris.

DOMINION COPPER

In the supreme court at the coast, the application made by J. D. Spence and John Seward to have the present liquidator of the Dominion Copper company discharged, the case was dismissed. The application made by the liquidator for direction in calling a meeting of the creditors was granted.

The date, when set, will be announced in the New York, Toronto, Boundary and other papers. The application made by the liquidator to be allowed to take action in the supreme court of New York against the directors of the Dominion Copper Co. was held over until January 27th, in order to allow the defendants to procure additional affidavits.—Rossland Miner.

MONKEYS IS DOGS

A noted English naturalist just returned to his native country from Africa, insisted on having certain monkeys and a turtle with him in his traveling car. The railway official objected with: "It's against the rules, Sir, to carry dogs with you in a railway car." "But these are not dogs," indignantly remonstrated the naturalist. "These are monkeys, and that is a turtle." The official disappeared to consult the station master, returning in a few minutes with: "The station master says that 'monkeys is dogs,' so you must put them in the baggage car; but you may keep the turtle, because that is a h'insect!"

A NEW STATE

The agitation for the creation of a new state, to be called Siskiyou, out of northern California and southern Oregon, has reached such a state that a convention has been called to meet at Eureka Cal., on March 1. The alleged slighting of this territory by the more populous districts of the two states has been the cause of dissatisfaction, culminating in this movement.

B. C. NEXT

Austria proposes a tax on bachelors. It will be levied on all unmarried persons, male and female, who have an unearned income and only themselves and one other person to provide for. It will also be levied upon childless married couples.

CHINA WAKES

The Chinese army is to be increased by the formation of 4 new divisions in the three eastern provinces. The construction work is to be started at once on the new naval base at Chang Sham. There is a further talk of raising an army in Thibet.

IN CASE OF FIRE

The water in Marshall lake, from which Phoenix secures its water supply, has become so low that the city is tapping a large body of water in the Stemwinder mine, which will be used in case of fire.

ROYAL ARCH

Boundary Chapter, Royal Arch Masons, held its first meeting in the Masonic hall Grand Forks, on Thursday evening last week. Geo. D. Clark is First Principal Z and D. M. Stirton of Cascade is Scribe E of the new chapter.

If troubled with indigestion, constiptation, no appetite or feeling bilious, give Chamberlain's Stomach and Liver Tablets a trial and you will be pleased with the result. These tablets invigorate the stomach and liver and strengthen the digestion. Sold by all druggists and dealers.

Gray's immortal "Elegy" occupied him for seven years.

Plain Talks to Women.

Children's Skin Troubles, Cuts, Etc.

Every healthy child gets them, and every mother has to "put something on." What do YOU put on?

When you put an ointment on to a child's skin it gets into the blood through the pores just as surely as if you put it into the child's stomach. Did you ever think of that? How important, therefore, that the salve or balm should be pure!

Zam-Buk is absolutely pure; contains no animal fat; no mineral coloring matter; no acid astringents; no burning antiseptics—yet it is antiseptic! It is purely herbal, and thus meets all the needs of the skin in that superior and all-powerful way in which nature alone provides.

Children like Zam-Buk best because as soon as applied it stops the pain and the smarting of the injury or sore place. Healing then sets in immediately.

TOWN TOPICS

C. F. Stork returned from his trip east on Saturday last.

J. D. Spence returned on Tuesday night from Vancouver.

I. H. Hallett returned from Vancouver on Wednesday last.

I. Crawford, merchant of Rock Creek, was a visitor to Greenwood this week.

Alex Robinson, of Grand Forks, paid a flying visit to Greenwood this week.

Alex MacDonald returned on Tuesday, from a trip to Revelstoke, Nelson and other points.

The Mother Lode hockey team beat Greenwood City at the Mother Lode mine by 4 goals to 1.

W. E. Hodges, of Vancouver, who has been auditing the City books, left for the coast on Thursday.

The Ladies' Reading club will meet on Saturday, 5th, at 3 o'clock, at Mrs. E. W. Bishop's house.

Percy Hallett, of Vancouver, an old time resident of this city, visited Greenwood this week on business

Mrs. W. C. H. Wilson will receive February ninth and every subsequent second Wednesday of the month.

The Miner is the name of the new paper to be published at Stewart, B. C. with Percy Godenrath as Editor.

C. C. Purdy, arrived on Monday from Kamloops, to take the position as teller in the Canadian Bank of Commerce here.

It is time the City Chief of Police is provided with a good revolver instead of the poor weapon he has at present.

R. E. Cather, teller of the Canadian Bank of Commerce, has been moved to the Prince Rupert branch, and left on Monday's train.

F. W. McLaine, secretary of Greenwood Board of Trade, attended the meeting of the Associated Boards of Trade, in Nelson this week.

The Ladies Aid of the Presbyterian church will hold a meeting to reorganize, at the home of Mrs. E. G. Warren, on Tuesday afternoon next.

The Ladies Guild of St. Jude's church will meet on February 15, at the house of Mrs. Fair. There will be no meeting of the Guild on Tuesday next.

Send us a post office order for your subscription when it is due. Read the date on the address label, which is the date your subscription runs out.

Mr. and Mrs. G. A. Rendell, of Eholt, entertained a number of Greenwood friends last Friday night, the occasion being another wedding anniversary.

There will be a meeting of the executive of the Conservative Association, at Secretary McLaine's office, on Saturday, February 5th, at 8 30 p. m.

J. L. White, left on Monday last to attend the Pharmaceutial conference at Victoria. Doc. Goodeve is taking Mr. White's place in the drug store in his absence.

P. W. George, of Phoenix, was a visitor to Greenwood this week. Mr. George has disposed of his Phoenix business and will in all probability move to Greenwood next month.

The 12th annual Nelson Bonspiel commenced February 1st. No rinks from Greenwood were able to attend. This is the first year that Greenwood has been unrepresented,

Miss Goddard was the principal lady guest at a bachelor dinner at the Pacific on Tuesday evening last. Miss Goddard leaves Saturday for Kamloops. A host of friends will bid her good bye at the C. P. R. depot.

R. Trimen, manager of the Bank of B. N. A., at Trail, and for some years a member of the local staff, is very ill and has obtained sick leave. He will visit the coast till he has regained his health.

A promenade concert will be given by the Ladies' Guild of St. Jude's Church, at the Eagle's Hall, on Tuesday next, at 8 o,clock. There will be a short program, by local talent, and refreshments.

Stuttz & Co., did not materialize last week. The company was billed for Jan. 27, 28, 29; but so far have not appeared. Manager McLaine of the Auditorium states the Stuttz Co. will be here towards the end of the month.

C. H. Carapata, for some time provincial constable here, left on Saturday last for New Westminister, in charge of a Phoenician who will reside at the Provincial asylum. Mr. Carapata will make his home at Vancouver and will be much missed by his many Greenwood friends.

SAD RETROSPECT

Hugh Cannon, who wrote Goo Goo Eyes, Ain't that a Shame, Bill Bailey and other "classics" of ragtime, was sent to the poorhouse last week at the age 36. He told the story of his life in short, expressive sentences. He said:

"It was 20 years—20 black, nasty, sick years—with only a little brightness now and then when I made good with some song."

EIFFEL TOWER DOOMED

The recent floods in Paris have undermined the foundations of the famous Eiffel Tower, as well as other prominent buildings. There is great danger of sudden collapse of these monumental structures through infiltration. Many other cities in France, besides the capital, are suffering from inundation and ruin. Thousands are homeless and hungry.

A SCOTCH CANAL

The British government offers to cooperate with private enterprise to construct a ship canal across Scotland from the Firth of Forth by way of Stirling, Lock Loman and Loch Long, to the Firth of Clyde, provided the canal can be built to conform to naval requirements.

ANOTHER RECORD

Two French Aviators have beaten the Wright records for length of time in the air with passengers. Passenger aerial traffic is the rule now rather than the exception.

SOCIETY GIRL STRIKE

An extensive body of very rich ore has been struck in the Society Girl mine, near Moyie.

Lieut. Ernest Shackleton has announced that he will enter upon another Antarctic expedition. The date of the starting of the expedition has not as yet been decided.

France is trying to find a substitute for horse meat. The automobile, of course, won't do.

NOTICE OF SHERIFF SALE

In the County Court of Yale, holden at Greenwood, between W. A. Keith and F. F. Ketchum, trading as W. A. Keith & Co., plaintiffs, and Hugh Cropley, defendant.

TAKE NOTICE That I have, by virtue of a warrant of execution, issued out of the County Court of Yale, holden at Greenwood, dated the 30th day of December, 1909, directing the sheriff of that portion of the county of Yale, not comprised within the Grand Forks and Greenwood Electoral Districts, to make and levy by distress and sale of the goods and chattels of the above named defendant, Hugh Cropley, the sum of six hundred and fifty-nine dollars, fifty-eight cents ($659.58) and costs, to satisfy a judgment obtained by the above named plaintiffs against the above named defendant for debt and costs, taken in execution and will sell, at the Court House at Greenwood, at eleven o'clock, forenoon, on Thursday, the 17th day of February, 1910, the interests of the above named defendant in the Homestake and Wellington Fraction mineral claims, situated at Wallace mountain, Beaverdell, Greenwood Mining division of Yale district, unless the amount of said warrant and costs has previously been paid to me.

Terms of sale, cash.

JAMES S. BIRNIE, Deputy Sheriff.
Dated this 10th day of January, 1910.

NOTICE

In the matter of the Land Registry Act, and in the matter of the Title to an undivided one-third interest in Lot 1353, Group 1, "Palmetto" mineral claim, Osoyoos Division of Yale District.

WHEREAS, the Certificate of Title to the above hereditaments, being Certificate No. 7658A, in the name of Moses Burns, has been destroyed, and application has been made to me for a duplicate thereof,

NOTICE is hereby given that a duplicate Certificate of Title to the above hereditaments will be issued at the expiration of one month from the date of the first publication hereof unless in the meantime valid objection to the contrary is made to me in writing.

W. H. EDMONDS,
District Registrar.
