GREENWOOD CITY COUNCIL

The City Council met in regular session Monday evening, August 15, Acting Mayor Sutherland, Aldermen Dixon, McKee, Craig and Sater being present.

Moved by Alderman Sater, seconded by Alderman Craig, that the minutes of the previous meeting be adopted as read. Carried.

A letter from J. Jermyn was read re tearing down building on lot 29, block 7, map 21. Letter ordered filed.

Fire, water and light, health, cemetery, pound and street committees reported progress.

Moved by Alderman McKee, seconded by Alderman Dixon, that J. W. Nelson be allowed the use of lot 18, block 5, map 21, temporarily. Carried.

The finance committee reported the following accounts correct:

E. Pope, $21; W. Graham, $1.05; Kinney & McDonald, $4.75; B. C. Copper Co., $34.85; A. A. Frechette, 50c.; H. Bose, $10; Russell-Law Co., $8.35; Greenwood Water Works, $8.25 and $115p Thomas Drug Co., $6.95.

Moved by Alderman Dixon, seconded by Alderman Sater, that the report be received and the accounts paid. Carried.

Moved by Alderman Dixon, seconded by Alderman Craig, that By-law No. 3, 1910, be reconsidered, adopted and finally passed. Carried.

Moved by Alderman Dixon, seconded by Alderman McKee, that By-law No. 4 be reconsidered, adopted and finally passed. Carried.

Moved by Alderman Craig, seconded by Alderman Sater, that this council doth hereby resolve that the buildings situate on the following:

Jas. Rusk, lot 8, block 14, map 21; A. B. Hart, lot 10, block 16, map 21; I. H. Hallett, lot 35, block 7, map 21, repairs; Alfred Hall, lot 31, block 12, map 21; Roser Cohen, lots 25 and 25, block 7, map 21; Lottie Mansfield, lot 12, block 10, map 21; F. Fera estate, lot 3, block D, map 28; Fitz Granberg, lot 9, block A, block A, map 28; F. C. Buckless, lot 23, block 7, map 21, repairs; Mary Stanton, lot 11, block 1, map 57; Gitrons & Miller, lot 12, block B, may 28; Thos. McLean, lot 5½, block 7, map 21, in the city of Greenwood, B. C., according to plans Nos. 21, 28 and 57, be declared a nuisance and dangerous to the public safety, and it is ordered that the same be removed or pulled down or otherwise dealt with as the council may determine, by the owner or agent thereof, within ten days after service of this order, and in default of this order being complied with within the period named it is ordered that such removal or pulling down be done by an officer of the corporation at the cost of such owner and that the cost and all expenses incidental thereto be enforced against the owner thereof by such officer in an action in any court of competent jurisdiction. Carried.

Moved to adjourn.

NEW POSTOFFICE SITE

J. W. Nelson has received a communication from Ottawa confirming the sale of his property to the Dominion government for the new postoffice, and informs him that the council has authorized the purchase and that necessary steps for the acquisition of the property in question are being taken through the Department of Justice.

The automobile demand is taxing the supply of best grades.

THE PHOENIX CONFLAGRATION

The largest and most disastrous fire that has ever visited Phoenix started at 3:50 last Friday afternoon in the No. 3 oil house of the Granby Consolidated Mining and Smelting Co.

It took but an instant to travel along the covered approach between the mouth of the tunnel and the No. 3 crusher building. The sparks of the crusher building, fanned by a breeze, began falling on the lower streets and sparks caught the Methodist and Presbyterian churches, the Palace Livery stables, public school house, the Pioneer Publishing Co.'s office and plant, Supt. Smith's residence and the Hodge cottage. The new machine and blacksmith shops of the Granby, only erected last winter, shared the same fate.

That part of Phoenix known as the upper town was not completely leveled is due to the excellent work rendered by the city fire department and the Granby employees.

It looked several times that the town must go, and there was many an empty house as furniture was removed to the street and places of safety.

The following telegrams from and to Premier McBride are self explanatory, and certainly evidence the best sort of sympathy:

VICTORIA, B. C., Aug. 12.

Ernest Miller, Phoenix:

Message received. If any distress kindly wire at once and we will be glad to afford immediate relief. Convey to management of mine great regret of self and colleagues at loss, also to mayor, citizens and miners my sympathy with them on the occasion of such a dire calamity.

R. MCBRIDE.

PHOENIX, B. C., Aug. 13.

Hon. R[illegible] r[illegible]nier,
Vict[illegible],
Phoen[illegible] [illegible] have delayed [illegible]plyi[illegible] awai[illegible]ng arrival of Granby officials to ascertain seriousness of loss.

Am happy to report that no necessity for charitable relief to citizens and that Granby expects to resume full operations within ten days.

ERNEST MILLER.

LIBERAL ASSOCIATION

The meeting called last Monday evening, to consider and formulate plans for an excursion to Nelson, had a very large and spirited attendance. It was unanimously voted to engage a special train which will leave Greenwood in the morning of August 29th, about 9 a. m., and proceed direct to Nelson, in honor of Sir Wilfrid Laurier and the pleasure of seeing and hearing our grand old man and his colleages and enjoy their speeches at first hand. The special will leave on Tuesday to return to Greenwood. The fare to Nelson and return is placed at the lowest possible rate of $3.25 and it is confidently expected that, all who can possibly do so, will take it in and have a fine representative gathering of the clans of both sides of politics.

BELL TELEPHONE

The gross earnings for the first six months of 1910 was the tidy little amount of $80,000,000, considered the largest in the history of the company, showing a steady increase month by month, and year by year.

A false set o' teeth is not always the cause of a falsetto voice.

A country hotel is usually without a rival; also without arrival.

PLANS PEACE OF WORLD

The U. S. group of delegates to the congress of the Inter-Parliamentary union at Brussels, August 29 to September 2, has sailed from New York. They will present several resolutions looking toward the establishment of permanent peace between the nations of the world. These resolutions were submitted to the state department by Representative Richard Barthold, of Missouri, chairman of the American group.

One will ask the conference to request governments which are signatories to The Hague Peace conference and the London Naval conference to sanction the American proposition that the international prize court be invested with the jurisdiction of an international court of arbitral justice.

Another resolution will ask the conference to request each of the governments represented to appoint a commission analogous to that recently appointed by the United States.

The commission would report to the respective parliaments prior to the third Hague Peace conference in 1915 a well defined scheme looking to the perfection of a system of world federation in addition to an international judiciary.

The International Peace congress, which has been in session since August 1, has closed. The action of the American congress in causing the president to appoint a commission to study the question of limitation of armaments was applauded repeatedly when referred to in the speeches, and a resolution was adopted by acclamation urging all governments to follow the lead of the United States.

PRIZE FIGHT AT PHOENIX

At Phoenix, on Monday, August [illegible] the 15-round contest between Bi[illegible]er, the 145-pound [illegible] weight champion of B. C., and Scottie Lackie, was pulled off in the opera house. Considerable interest had been manifested in this fight, and it proved to be one of the fastest ever witnessed in Phoenix, the opera house being filled to overflowing. Several good preliminaries were pulled off previous to the main event. At 9:15 Scotty Lackie entered the ring and was introduced to the audience, followed by Billy Biner, both men receiving a rousing cheer. The referee, McArthur, of Rossland, was then introduced and explained the conditions of the fight. Billy Biner fought gamely until the tenth round, when he took the count for nine, but revived and came back repeatedly. In the 14th round he fell completely exhausted and took the count of ten. Scotty Lackie is undoubtedly a physical wonder, leaving the ring as fresh as when he entered the fight. Much credit is due Jim Walsh, the fight promoter, who brought this event to a successful issue. Everyone went home satisfied that they had received their money's worth. Bob Pritchard challenged the winnar.

ANGEL OF THE CRIMEA

Florence Nightingale, heroine of the Crimean war, died in London August 13th, aged 90 years, and was buried in Westminster Abbey. She was the first woman to follow an army into battle as a nurse, and in the Crimean [illegible] gained the title of Angel of the Crimea.

Some people make light of ev[illegible] the best matches.

NATIONAL BUNCOMBE

A great deal of nonsense is being talked nowadays in certain quarters regarding Canada's claim to the right of being called a nation. Canada is not a nation although practically she has been intrusted with and does exercise nearly all the most important powers and functions of a nation; she is merely a very important part of the greatest nation in the world, and why should there be any discussion on the fanciful fad of Canadian nationhood that is an absurdity on the face of it. England, today, is not a nation; Ireland is not a nation, and Scotland is not a nation. None of these make any pretense of being nations nor ask to be called such, and why should a mixture of English, Irish and Scotch together with some two million of French Canadians who are as good Britons as any of us put forward any such claim because they or their forefathers for reasons that seemed good to them to chose to make this country their home? Is this kind of nonsensical talk all the return we can make to the mother country for giving to us the full measure of self-government which we enjoy?

TENNIS TOURNAMENT

Considerable interest is already being manifested in the annual Lawn Tennis tournament, and a record entry is promised.

The tournament commences on Saturday, 27th August. The courts are in splendid shape and everything points to a fine fortnight's sport.

Intending competitors are reminded that the entries close tomorrow, 20th August, and ought to give in their names to Mr. Macpherson.

What is dieting for a rich man may be a poor man's starvation.

Anger is like a stone cast into a wasp's nest.—Malabar Proverb.

A MENACE TO PROPERTY

A petition is being circulated for signatures of the residents of Greenwood, Anaconda and Deadwood, which, failing to be remedied by local means, will be sent to the Provincial government at Victoria, for the immediate removal of the powder house placed contrary to law within half a mile of Greenwood near the Mother Lode road.

The strenuous efforts made lately to prevent the forest fires from burning this powder house has awakened the public to the dreadful menace right in our midst.

TEN YEARS AGO

(From Boundary Creek Times of Aug. 19, 1900)

The Canadian Bank of Commerce is fighting for the city business.

W. G. Williams, supt. of the Greaves properties, is at the Armstrong hotel.

Andrew Laidlaw has chosen the site for the new smelter [illegible] miles below the city.

The Grand Forks smelter was blown in on Tuesday and [illegible] have a capacity of 500 tons [illegible].

Married—At Nelson on Saturday night, J. P. Vroom, to Mrs. Armstrong, both of Greenwood.

F. J. Finacune, manager of the Bank of Montreal, returned on Wednesday from a trip to Europe.

A big rumpus in the city council in regard to proposed change of city account from Bank of Montreal to Bank of Commerce.

Lime kilns have been established on the site of the great Frank slide.

A bulldog isn't always fighting for his rights.

K. V. EXTENSION

Grand Forks opens the ball with solid facts and pitches into the railway corporation for its failure to fulfill its engagements as enumerated in the contract with the city, which was to complete their line up the North Fork of Kettle river to Franklin camp during the year 1906. This was agreed to and documents signed to that effect. The city, in the meantime, granted them many valuable concessions and assisted in all possible ways to facilitate their work. Now, when forbearance has ceased to be a virtue, and nothing further of construction visible other than the line completed to Lynch creek, the city of Grand Forks demands, and very rightly so, whether the K. V. lines mean business or not, and the following motion was made recently at a meeting of citizens:

"That the chairman appoint a committee of three to draft a resolution to the Provincial government requesting them to thoroughly look into the matter of the construction of the North Fork line, and that the railway company be compelled to go ahead with the construction, and that a copy of the resolution be forwarded to Premier McBride, the attorney general and Ernest Miller, M. P. P."

This is the proper medicine for those delinquent railway promoters, and if any satisfaction is given Grand Forks, we have a rod in pickle for this same outfit. None will dispute the vast importance to all of the interior towns of the Midway extension which will open up the finest lands under God's heavens and also allow us an exit to the coast, without taking the roundabout course via, Nelson and lakes to Vancouver.

So it is really we who have the biggest grievance and should kick, worse than any mule, that the construction at Midway is no further ahead than it was years ago, except that we did feel somewhat elated to see, or fancy we did, the start of things, when two men and a wheelbarrow put in an appearance at Midway, but flies were pretty bad just then, and they took to the bush, and since then "nothing doing." So if we all kick in unison there may be a shaking of the dry bones and a start made—a consumation devoutly to be wished. Less Hot Air and more of dig in will suit us better and keep peace in the family.

TO SPORTSMEN

A certain amount of misapprehension appears to exist in the minds of local sportsmen that they will in future have to pay a license fee of $100 before they can go out shooting, or a fee of $25 if they wish to shoot bears only. This is not the case. The law governing the matter has been changed. Residents of the country are at liberty to go out shooting as they always did, without paying any fee, but the licenses referred to must be paid by visitors. In simple language it means that those who live in the country can enjoy the pleasure it affords them just for the trouble that must be taken, but those who come here solely for the pleasures they derive from it. But care must always be taken when near houses that the object fired at is distinctly seen before the shot is made; otherwise pleasure may turn to tragedy. Then, it must be remembered, that no one under 16 years of age, unless accompanied by a parent or guardian, is allowed to carry a firearm for any purpose whatever. With these conditions borne in mind, there is nothing to deter local hunters from having a really good time.

EDITORIAL COMMENT

The transportation charges for "carrying an appeal case to the foot of the throne," are excessive. The legal expenses in connection with a Canadian case recently argued before the Privy Council amounted to $6,000. The amount in dispute was only $2,000.

It would be a good thing for Greenwood if the Board of Trade would meet the request of the Spokane Interstate Fair and send an exhibit of the minerals of the district in order that visitors may be shown something of the marvelous mineral resources which await the investment of capital for development. The time is arriving when safe mining investment is being sought in preference to any other sort of purchase, and Greenwood has many valid claims to present to the public notice.

OUTLINES OF CURRENT EVENTS

The noble sockeye is at last running freely in the Fraser.

There were 16,651 deaths from cholera in Russia since May last.

Continued dry weather has had no injurious effect on the Kaslo fruit crop.

A large number of immigrants from across the line are pouring into the Okanagan valley.

During July the Western Lumber Co.'s mills cut over six million feet of commercial lumber.

The Douglas Lake Cattle company have disposed of the holdings to P. Burns & Co., for $1,500,000.

The directors of the Vancouver Industrial Exhibition have decided to grant a handsome cup for competition among mining exhibits.

There are $668,662 lying unclaimed and earning no interest in the vaults of Canada's chartered banks.

Martin Burrell M. P., of Grand Forks has been appointed one of the judges of fruit at the Vancouver Exhibition.

Premier McBride has given assurance to the Kamloops Irrigation conference, that the government will do all it can to aid the movement.

The new game law states, that no minor under 16 years, unless accompanied by guardians is allowed to carry fire arms for any purpose whatever.

That trains will be running regularly between Midway and Merritt within eighteen months is promised by the Kettle River Valley Railway Co.

Grand Forks fair commissioners are up and doing for their exhibition this fall. Midway also are doing their duty and making every effort to have a creditable show. The least we can do is to patronize both of these, and give them a grand send off.

A Victoria clergyman announced that he will decline to marry any couple unless they can show him that they are able to begin married life on an income of $2,000 a year.

Bill Haney who killed Constable Decker at Ashcroft in June 09, and escaped, has been caught and identified by the authorities at Dillon, Montana, and will be delivered to Canada to be dealt with.

Be sure and take a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with you when starting on your trip this summer. It cannot be obtained on board the train or steamers. Changes of water and climate often cause sudden attacks of diarrhoea, and it is best to be prepaired. Sold by all druggists and dealers.

The blue blooded residents of Coney Island draw the color line so strict that they will not permit their dark skinned fellow citizens to bathe in the same ocean with them.

A delicate pomade is the best form of hair dressing. **Bearine** is that and more; it makes the hair grow. 50c. a jar.

NAVAL PAYROLL

An order-in-council has been passed at Ottawa fixing the rates of pay for officers and men in the naval service of Canada. Pay allowances and gratuities are based upon the rates in the Imperial navy, taking into consideration the increased cost of living in Canada. On the whole the rates vary from 25 to over 50 per cent more than the British rates. Captains, on promotion, will receive $8.20 per day, after four years' service, $9, and after eight years' service $9.60. Commanders will receive $6 per day on promotion, and lieutenants $4 per day with corresponding increase as regards length of service. Other figures include: Gunners, boatswains and carpenters $2.50, able seamen 50 cents, ordinary seamen 50 cents.

Depend upon it, whoever tries to sell you a substitute is doing so for the profit and not for your good. "D. & L." Menthol Plasters for stiffness, etc., have many imitators. Beware of the substitute. Get the genuine, made by Davis & Lawrence Co.

Canada is a favored nation in more than one respect. It is one country where you can get a Sunday paper on Saturday.

NATURE TELLS YOU

As Many a Greenwood Reader Knows Too Well

When the kidneys are sick—
Nature tells you all about it.
The urine is nature's calendar.
Infrequent or two frequent action.
Any urinary trouble tells of kidney ills.
Booth's Kidney Pills cure all kidney ills.

Wm. Austin Fairbeard, Canadian Northern Railroad, Sudbury, Ont., says:

For 17 years I was troubled with my kidneys and bladder being out of order. I had to make water two or three times every hour which caused fearful scalding. I thought nothing would could cure me. I tried several things in England and Canada, then gave it up for a bad job. Last April I was in Parry Sound working in the car department of the C. N. O. R. R. and saw Booth's Kidney Pills advertised in a leading paper left in one of the coaches I tried them and the very first box I took lessened the pain in my back and I continued their use with marvelous results. The second box took all the pains away and I was able to sleep well at night. Still the urine was troubling me with scalding. I could tell the pills were doing me good and I kept on with the third, fourth and fifth boxes which brought a complete and marvelous cure, and I am now in better health than I have been for the last twenty-six years. For sale in Greenwood by J. L. White.

Sold by dealers. Price 50 cents. The R. T. Booth Co., Ltd., Fort Erie, Ont., Sole Canadian Agents.

J. L. WHITE, Druggist.

ADVERTISING

The railways and the ocean steamboat lines advertise all the year round. They do not argue that because the summer time is the busiest in regard to tourist traffic therefore they should not advertise in the winter. On the contrary, they argue that by advertising all the time they will keep before those who have to travel, or who travel because they want to, the advantages of their routes.

There has been a marked increase of late in the all-the-year-round advertising of the railways and steamboat lines, and this should not be without its significance to the business men. The best creative force for business is the advertisement that appears with regularity from January 1 to January 1, and not the advertisement that disappears with the first hot weather, to reappear only when the cool days set in again.

In buying a cough medicine don't be afraid to get Chamberlain's Cough Remedy. There is no danger from it, and relief is sure to follow. Especially recommended for coughs, colds and whooping cough. Sold by all druggists and dealers.

A pretty ankle is no more afraid of wet weather than an umbrella.

The beneficial effect of iron upon the system weakened through illness, overwork or anemia, is well known. Ferrovim is a preparation which supplies the valuable element in the most efficient way, combining with it the nourishing qualities of beef and the mildly stimulative effect of sherry wine. Ferrovim costs $1.00 a bottle at druggists.

"The D&L" MENTHOL PLASTER

Patriotism

The stomach is a larger factor in "life, liberty and the pursuit of happiness" than most people are aware. Patriotism can withstand hunger but not dyspepsia. The confirmed dyspeptic "is fit for treason, stratagems and spoils." The man who goes to the front for his country with a weak stomach will be a weak soldier and a fault finder.

A sound stomach makes for good citizenship as well as for health and happiness.

Diseases of the stomach and other organs of digestion and nutrition are promptly and permanently cured by the use of

Dr. PIERCE'S GOLDEN MEDICAL DISCOVERY.
It builds up the body with sound flesh and solid muscle.

The dealer who offers a substitute for the "Discovery" is only seeking to make the little more profit realized on the sale of less meritorious preparations.

Dr. Pierce's Common Sense Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 31 one-cent stamps for the paper covered book, or 50 stamps for the cloth bound. Address World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

MINING CLAIM FOR SALE

In Wellington Camp. The property known as The Golden Crown, with plant and equipement now found thereon.

For terms and particulars apply to
G. R. COLDWELL,
Brandon, Manitoba.

Make use of the want ad. column. It will do the work for you at less cost and be more effectual.

Synopsis of Canadian North-West HOMESTEAD REGULATIONS.

ANY available Dominion Lands within the Railway Belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister, of an intending homesteader.

The homesteader is required to perform the conditions connected there with under one of the following plans;

1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Coal.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1. per acre. Not more than 2,560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy of the Minister of the Interior

N. B.—Unauthorized publication of this advertisement will not be paid for.

Copper

New Edition of the

COPPER HANDBOOK

Vol. VIII., issued May, 1909, contains 1,500 pages, with nearly 50 per cent more matter than the preceding edition. The chapters with mine descriptions and on statistics have been carefully revised and the bulk of the matter therein is

ENTIRELY NEW

There are 25 chapters.

Covering Copper History, Geology, Geography, Chemistry, Mineralogy, Mining, Milling, Leaching, Smelting, Refining, Brands, Grades, Impurities, Alloys, Uses, Substitutes, Terminology Deposits by Districts, States, Countries and Continents, Mines in Detail, Statistics of Production, Consumption, Imports, Exports, Finances, Dividends, etc.

The Copper Handbook is concededly the

World's Standard Reference Book on Copper.

The Copper Handbook contains, in this new and greatly enlarged edition, about 50 per cent. more matter than the Bible—though not necessarily a better book because of its great bulk. It is filled with FACTS of vital importance to.

MINES AND MINING

W. C. McLean has has uncovered a fine coal seam at Ashnola.

Work at the Greenwood-Phoenix tunnel will be resumed at an early date.

Since the middle of February the total reduction in Europe's visible supply of copper amounts to 33,264,000 pounds.

The Bosun mine at New Denver, will probably open up soon, as negotiations are nearly completed for the leasing of this property.

Billy Davidson, who first discovered gold in the Porcupine district, in Ontario, will clean up 150,000 on his properties in that eastern camp.

Owing, no doubt, to the present unsatisfactory condition of the copper metal market, there is today an earnest and persistent search for big, partially developed gold-silver properties requiring large capital.

A little more than two miles of development work has been accomplished by the Granby during 1910. O. B. Smith, mine manager, is authority for the statement that it cost the company 84 cents a ton to mine, crush and deliver ores on board cars.

Replying to a Cleveland, Ohio, subscriber, the Boston Commercial replies as follows:

"Our opinion that Granby was a good speculative and investment purchase at recent prices is not based on anything the directors have done, or the officials have said, but on the knowledge that the company's properties and assets have a very much greater real and prospective value than is represented by the present price of the stock.

"We have every reason to believe that the Granby company's affairs are honestly managed, and that the officials intend to be honest in their treatment of stockholders. The circular sent out by President Langeloth to stockholders unquestionably represented his honest views, but it showed an absence of that element of hope, courage and confidence which is almost as necessary to competent mine management as ore in the ground.

Dysentery is a dangerous disease but can be cured. Chamberlain's Colic, Cholera and Diarrhoea Remedy has been successfully used in nine epidemics of dysentery. It has never been known to fail. It is equally valuable for children and adults, and when reduced with water and sweetened, it is pleasant to take. Sold by all druggists and dealers.

PURE JUICE

It has remained for the Missouri College of Agriculture at Columbia, Missouri, to raise and develop the champion dairy cow of all the world. Missouri Chief Josephine, a Holstein Friesian cow, finished her six months test on July 18, producing 17,008.0 pounds, an average of 93.4 pounds of milk daily for 182 days. This is equivalent to 46.7 quarts, or 11.6 gallons every day. Her highest record for one day was 110.2 pounds. This record is the more remarkable because no special preparation had been made for this test, and Josephine has done her full duty in the regular dairy herd of the university, having had five calves in five and one-half years.

Without stretching the truth some men's talk is long drawn out.

Concrete walks are built by the yard and worn by the feet.

SUNBURN, BLISTERS, SORE FEET.

Everybody now admits Zam-Buk best for these. Let it give YOU ease and comfort.

FAMOUS PEOPLE

BY FANNIE M. LOTHROP

Photo by Notman, Montreal

SIR WILLIAM VAN HORNE

The Builder of the Canadian Pacific.

Sir William Van Horne, Chairman of the Board of Directors of the Canadian Pacific R. R., is the most versatile man in Canada. He is a railroad builder who defied obstacles that would have daunted most able men; he is a collector of paintings and is a painter of ability; he is a deep student and a pleasing talker; he is a successful amateur farmer; he is the head and prime mover in dozens of big enterprises which he handles simultaneously with the ease of a Japanese juggler tossing balls into the air; and he is invading Cuba and Guatemala with the great advance-agent of civilization—railways.

He was born near Joliet, Ill., in 1843, a lineal descendant of one of the Dutch founders of New Amsterdam, the germ from which the great city of New York has evolved. At fourteen the death of his father made it necessary for him to secure the living the world owes to everyone who works day and night to collect the debt. He was first telegraph operator on the Illinois Central, then went into the service of the Michigan Central where he remained six years, leaving to be train dispatcher of the Alton, there rising successively to the position of superintendent of telegraph and divisional superintendent. He afterward occupied managing positions on the St. Louis, Kansas City and Northern, Southern Minnesota, Chicago and Alton, and Chicago, Milwaukee and St. Paul Railways, going from the latter to the Canadian Pacific as general manager.

The inception of this, one of the world's greatest railway systems, was due to the patriotism, courage and enterprise of Lords Mount Stephen and Strathcona and other capitalists; but the virtual building of the road and putting into the completed work the soul of a mighty purpose, the boundless energy, vitality and brain that have made it what it is, was the work of Sir William Van Horne. In 1884 he became vice-president of the road and four years later was made president His splendid organizing ability, his mastery of detail, his infinite resourcefulness, his conquest of obstacles—all find their lasting monument in this splendid work. He has the visions into the future that distinguish all great leaders; he sees the oak in the acorn, he sees in imagination the busy town with its teeming population, where other men see only a possible good site for a town. For him to see a need, is to plan; for him to plan, is to execute.

In 1894, Queen Victoria, recognizing the marvelous impetus he had given to Canada, conferred on him an honorary knighthood, which he modestly accepted as a tribute to his railroad, and has since carried his honors with the simplicity, grace and dignity of a large-minded, broad-gauge man.

Entered according to Act of the Parliament of Canada, in the year 1905, by W. C. Mack, at the Department of Agriculture

FARMER JEFF

Oh, his heart is sore as he does his chore, and digs in the mellow dirt; the abysmal brute is a dismal plute, for money won't heal his hurt. And perhaps he grunts as he does his stunts, when his brow with sweat is damp: "Ah, I might have died in a glow of pride, as the unbeated champ! Had I stayed away from that fateful fray, and hoed in my onion patch, I might have strolled through the world till old, and never have met my match. But the dopesters came, and they said: 'The game is doomed if you don't come back!' So I left my squash and my succotash, and my braw alfalfa stack. And I tried to feel that my thews of steel were good as they were of yore; but alas! one poke from that dingy moke, and I saw that my youth was o'er!" And a lesson in this tale we may see, and paste it inside our hats; if we get too gay when we're old and gray, we're apt to have broken slats. If we lend our ears to the sport who queers his friends for his own advance, we're apt to wake with the belliake, and find that our name is Pance.—Walt Mason.

When the digestion is all right, the action of the bowels regular, there is a actual craving and relish for food. When this is lacking you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. They strengthen the digestive organs, improve the appetite and regulate the bowels. Sold by all druggists and dealers.

USUAL WAY WANTED

As the train neared the city the colored porter approached the jovial faced gentleman, saying with a smile: "Shall Ah brush yo off sah?"

"No," he replied; "I prefer to get off in the usual manner."

Invest 25c, in a box of Davis, Menthol Salve and be prepared for ulcers, neuralgia, old sores, etc.

The newspaper is a law for the indolent, a sermon for the thoughtless, a library for the poor and an admonisher for the lawless. It may stimulate the most indifferent but it cannot be published without [illegible] free to subscribers. [illegible] joke.

BUSTING THE TRUSTS

It is announced from Washington that preparations are about completed by the department of justice to institute legal proceedings to bring about the dissolution of the American Sugar Refining company.

The department of justice is using every possible means to bring about the dissolution of the Standard Oil company.

The only two commodities of universal use which have not advanced in price to the public during the past ten years are sugar and oil.

Ferrovim is the pleasing name of the best preparation of Beef, Iron and Wine ever placed on the market. If you or any of your friends are anemic, generally run down, pallid, easily exhaused, try one bottle of Ferrovim and you will be gratified by the result. $1.00 per bottle.

NEW AND STRANGE

One of the most remarkable scientific discoveries ever made has just been reported by an expedition of British scientists. In the wilds of New Guinea, the great unexplored island just north of Australia, they have run across a marvellous race of pigmies whose average height is about four feet three inches, and a monster mammal, considerably larger than an elephant, which they have named the gazeka, and which has seemingly wrought great havoc among the pigmies.

P. O. MAIL BOXES

Post office box holders should remember that if the postmaster makes a mistake, putting mail into the wrong boxes, the postal regulations require people to examine their mail before leaving the office and should they find a piece not addressed to them they must return it at once or be liable to a fine of $200. The postmaster is exonerated from the mistake.—Ex.

There has been a falling off in falling out of stocks the last few days.

The straw hat is blowing in the direction of the bargain counter.

NOT DECENT FAILURE

"The Scott act is to be tested in British Columbia," says the Slocan Record. "It may be a success in this province. In Ontario it wasn't even a decent failure. However, temperance agitators, like other agitators, must live, and the only way to get rid of this class of agitators is to give them plenty of rope. it is impossible to pass legislation that will make industrious citizens out of confirmed drunkards unless some provision is made in the act for their complete isolation until a cure has been effected. The principal causes of drunkenness are the treating system and the card and dice games. The man who will stand alone at the bar and get drunk should be chloroformed, for nothing will cure him of the habit. It is the "have another with me" that produces intoxication and makes confirmed drunkards. Simply the desire of man not to appear mean among his fellows. There are hundreds of men in the West who will neither treat nor accept a drink from another at the bar. They buy a drink when they need it, yet never become intoxicated. The new license act goes into effect this year. It is the best that has yet become law in Canada, and, if enforced, Dr. Spencer's occupation will be gone in British Columbia."

When Crippen was due Drew did his duty.

The Best Headache Remedy is "Mathieu's Fervine Powders." Prompt and safe. Do not create a habit. Sold by dealers, box of 18 powders 25c. If yours cannot supply you, take for immediate use some so called "just as good article," but send us 25c. and we will mail you a box to use next time your head aches. A trial will convince of their worth. J. L. Mathieu Co., Prop., Sherbrook, P. Q.
For Sale by J. L. WHITE, Druggist.

GOLD FOR APPLES

One hundred dollars in gold and a barrel of sulphur spray will be awarded to the grower from any part of the world showing a pyramid of 50 of the largest apples, weight alone to decide, at the third National Apple Show in Spokane, November 14 to 19. The second prize is $25 in cash The management will also pay $25 in gold for the largest apple, free from blemish, the second award being $10 in cash. There will be a substantial prize for the exhibit sent from the most distant point.

If your liver is sluggish and out of tone, an you feel dull, bilious, constipated, take a dose of Chamberlain's Stomach and Liver Tablets tonight before retiring and you will feel alright in the morning. Sold by all druggists and dealers.

Coal land of promise has been staked in the town of Abbotsford.

A young man's Sunday suit is sometimes his worst habit.

WOMAN'S BEAUTY

IT COMES ONLY TO THOSE WHO TAKE CARE OF THEIR HAIR

Have you seen a pretty face with regular features, clear skin, pearly teeth and plenty of animation and vivacity, and yet remarked that there was something lacking that really made the individual less charming than her sister of plainer possessions? A moment's study of such a face will show you that it is a wealth of luxuriant hair which makes the difference.

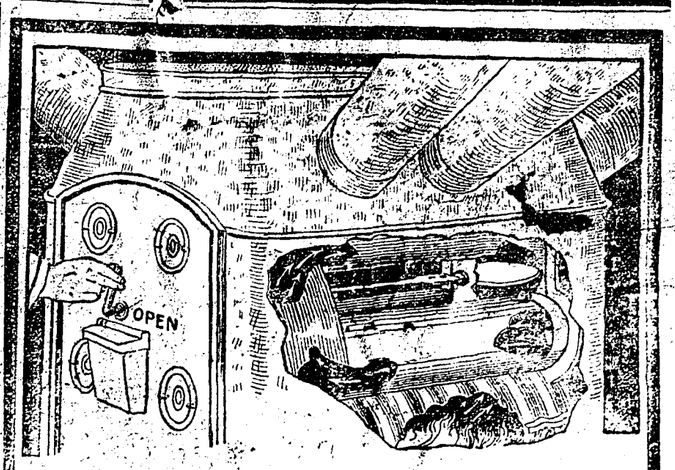
The woman who wishes to retain her youth must look after her hair—the woman with scant, unattractive hair is never admired.

Society women realize the truth of this statement and that is why many of New York's loveliest women demand that Parisian Sage be used by their hairdressers.

Parisian Sage is now on sale in nearly every town of consequence in Canada, and has enormous sales where it has been introduced.

It is guaranteed by J. L. White to cure dandruff, stop falling hair and itching scalp in two weeks or money back.

It will make any woman's harsh, unattractive hair soft, lustrious and luxuriant in a few days. It is the ideal delightful, rejuvenating tonic that makes hair grow, it is not sticky or greasy, but, on the other hand, is most pleasant and daintily perfumed.



The Damper Lever of a MAGNET Wood Furnace

is where it ought to be—at the front, readily reached without groping in the dark or taking unnecessary steps. A turn of the lever instantly changes the draft so the fire is quickened or checked, at will. Turned on, McClary's Magnet Wood Furnace produces the strongest heat in a few minutes; and the nickelled steel tubes radiate this heat for hours after the draft is shut off. Because of this *stored* heat McClary's Magnet Wood Furnace is economical and a continuous roaring fire is unnecessary. The heat that goes up the smoke pipe of ordinary wood furnaces, goes into the register pipes of the Magnet. Like the position of the damper, the Magnet Wood Furnace is *right* all through. Right in principle, right in construction; right in materials. See the Magnet at the McClary agent's in the nearest town. Write to nearest McClary branch for booklet, giving a detailed description. Free, postpaid.

McClary's 511

TOWN TOPICS

F. W. Dawson, of Vancouver, was in our city Tuesday last.

Miss Mallory, of New York, was registered at the Pacific this week.

C. W. Barrett, C. P. R. tie inspector, was at the Imperial this week.

H. O. Parker, of Seattle, was registered at the Windsor this week.

Mrs. D. A, Grant, of Phoenix, is visiting her brother J. L. Graham at Vancouver.

J. Harmond and wife, of Nelson, are visiting our town and are registered at the Windsor.

Midway's preparation for the fair are proceeding lively and has most encouraging indications of a big success.

The long wished for rain arrived on Sunday afternoon [illegible] ushered in with heavy thunder and lightning.

W. T. Beck, of the K. V. Lines Midway, is on [illegible]iness trip to Greenwood in [illegible]st of the railway extention.

H. T. Collier and Thos. Portcon both freight rustlers for American railways, were in town and registered at the Imperial.

The Rev. M. F. Hilton, the new incumbent of St. Jude's church was to leave England on the 11 of August en route to this parish.

The Argo tunnel is now in about 400 feet, with a very encouraging showing and is working day and night shifts of six men.

T. Stuart Palmer, left on Monday en route east, on a very happy an important mission, We warmly extend congratulations and the best of good wishes.

The Okanagan fruit shipped to Russell Law Caulfield Co. daily is certainly a No 1. Peaches, apples, are really beautiful fruit and cheap also.

Gilbert Kay, representative of the Phoenix Pioneer is in town and meeting with the courtesy which is invariably [illegible]ded out to a brother typo in misfortune.

W. F. Proctor, manager of the Bank of Montreal, who with his family have been outing at Proctor, B. C., has returned to his post of duties after a most enjoyable trip.

C. Æ. Shaw, P. L. S., of Greenwood, wijl be for some time occupied survey work at Keremeos. His family has accompanied him and will take a trial of bush life camping.

There will be no morning service in St. Columba Presbyterian church on Sunday August 21st next, but in the evening, the Rev. Mr. McIvor, of Midway will conduct the meeting.

Miss Brown, formerly head milliner at C. F. Storks, and Miss Bessie McIntosh, dressmaker of this city, intend joining forces and opening up a place of business at Armstrong. We wish them every success.

The Great Northern Railway announces fare and one third for round trip, B. C. points to Nelson, B. C., account of Premier Laurier meeting at that point, August 29th. Tickets on sale Aug. 26 to 29, return limit Aug. 31st.

The return from her vacation of our very agreeable postoffice assistant, after a most en[illegible]ble trip to Spokane, has [illegible]ed quite an accumulation [illegible]hale matters on the out side of the wicket, This, coupled with inside mail for distribution, will require all her laterly acquired energy to get clear of.

The duett by Miss Burnet and Mr. McCurragh, at the Presbyterian service on Sunday evening last was certainly a most pleasing event, it was a treat indeed to hear one of those beautiful old hymns sang free of frills, and by beautiful voices.

A narrow escape took place at Phoenix on Saturday. A cave in occured at the Granby mines in one of the glory holes. Owing to the disturbance caused by the fire of the day before, the men, some thirty in number, were placed temporarily at other work, otherwise there is no doubt but a sad loss of life would have been the result.

The Rev. Mr. McLeod, of Grand Forks, held services at the Presbyterian church, on Sun[illegible] last, in most instructive [illegible]es. It is a treat to hear a man of the revere[illegible] gentleman's calibre, [illegible] us with most excellent services both morning and evening Our resident pastor Mr. Petrie was filling the pu[illegible] at Grand Forks.

Greenwood is abou[illegible] deprived of this high[illegible] esteemed Barrister and Solici[illegible] Mr. John D. Spence, who has joined the law firm of Merchie & Dennison a very prominent law firm of Toronto. Mr. Spence's return is duly expected to arrange his affairs here preparatory to taking an active part with the above legal firm. We are loosing a solid man out of our city, and who takes with him every respect and good wishes for self and estiemable lady from all.

AN EXPENSIVE FIRE

The ashes of the great buildings of the Universal International Exposition of Belgium forms a smoking funeral pyre of nearly $20,000,000 worth of the world's most [illegible] treasures. The [illegible] from crossed [illegible] the telegraph [illegible].

HOPE DEFERRED

The Greenwood detachment of the Rifle association seems at present afflicted with the sleeping sickness and appears to take no active interest in rifle practice.

WANTED—A Vancouver financial corporation of good standing is desirous of appointing an agent or firm of agents for the sale of Vancouver, Fort George and Port Moody properties. Excellent proposition. Write box 1756, Vancouver, B. C.

For prices that will Jar your nerves see the ad. of A. L. White, New and 2nd Hand Store, Phone 16.

NOTICE

To the Public of Greenwood:

I strongly advise all who use our city water for drinking to boil the same before using, and continue to do so for the next few weeks.
