as well as everything else than men wear. Come in and examine our goods. You will save money by so doing.

RENDELL & CO.

FURNISHINGS DRY GOODS

Standard And Black Diamond

P. J. Kennedy came down from the West Fork of Kettle river Friday last. For the past two months he has been developing the Standard and Black Diamond, on Wallace mountain, under bond to Spokane parties. Substantial cabins have been built on the property and everything is now ready for development on a large scale. The Standard and Black Diamond adjoin the well known Rambler mine. Before leaving the West Fork Mr. Kennedy visited the Rambler, Sally and Duncan mines, and says all are in good ore.

Insurance Rates Lowered

The people of Greenwood are beginning to reap the benefits which result from the installation of a splendid system of waterworks. The Board of Underwriters have made a substantial reduction in the insurance rates throughout the residential portion of the city. The reduction does not affect business risks except in a few cases.

An Amalgamation.

Alex. Miller has gone to Chicago in connection with a deal to amalgamate the Strathmore with the Helen Mining company. A proposition has been made to sell the Strathmore to the Helen, the shareholders in the former taking shares in the latter company.

New College

T. W. Clayton will shortly start a school of instruction in bookkeeping and penmanship in the building south of the Boundary club on Copper street. Classes will be formed for both afternoon and evening. This is an excellent opportunity for young men desiring to take a commercial course

In many of the states where lime stone is abundant, the farmers in their leisure time dig out a small quantity of stone, or collect it from their latds and burn one or two kilns of it for their own use as fertilizer and sell it to neighboring farmers at a small price, the cost to them being simply labor. This lime sellstfrom three to ten cents per bushel, and where this dond to any considerable extent the price per ton is appreciably lowered, Pennsylvania, Maryland and West Virginia being largely influenced by this custom.

THE COST OF LIVING

W. T. Hunter Explains Difference Between Here and Nelson.

DIFFERENCE IN RATES

Discriminative Rates Against Boundary Points in Favor of Nelson.

Last week's article in the Boundary Creek Times in reference to the high cost of living in the Boundary has evoked considerable discussion, particularly among local business men. W. T. Hunter, general manager of the Hunter-Kendrick company, admits that the cost of living is higher here, but the merchants are in no way to blame. He maintains that goods are being sold in Greenwood on a lesser margin of profit than in either Rossland or Nelson.

"As in many other instances the cause for the whole difficulty is found in the transportation question," he said to a Times representative. The Canadian Pacific Railway company is making an effort to build up Nelson as a distributing center, and all mining districts in South-eastern British Columbia must suffer, including the low-grade Boundary district.

I will make the statement that the difference between the Nelson rates and the rates to the Boundary points, including Greenwood, is more than the merchant's profits on his business. Take sugar, an article npon which the profit is very small, the difference between the Nelson rate and the Greenwood rate is 44 cents per hundred pounds, or over 6 per cent. of the selling price of sugar, and there is not six per cent. profit in handling sugar. Flour is another staple on which the percentage of profit is very low, and here, too, the freight rate difference is more than our profit in handling the article. Kerosene oil can be placed in the same category. I haven't the figures with me, but all one has to do is get Greenwood and Nelson tariffs and he will soon be convinced that the whole trouble lies in the transportation question.

The solution of the difficulty is to get the Great Northern railway to give the Boundary a better rate and the C. P. R. must bring down its rates. The haul to Boundary points from Marcus is much easier than to either Nelson or Rossland. There is no good reason why the Great Northern should continue to discriminate against the Boundary, purely out of sympathy for the Canadian Pacific Railway company and its effort to build up a distributing center at Nelson. Just so soon as this question is settled, then merchants can do business on the Nelson basis. Prices will come down, men can be boarded cheaper and the cost of living will be reduced all along the line.

Geo Thompson, of Thompson & Rouston, returned this week from a trip to the coast.

Frank M. Stevenson, assistant C. P. R. agent at Midway, and Miss Christina Macdonald were married at Kelowna on December 23rd by Rev. A. W. K. Herdman. The happy couple have returned to Midway where they will reside. Miss Macdonald was a popular teacher at Kelowna.

Dr. S. S. and Mrs. Oppenheimer returned home Saturday evening after spending the honeymoon trip in the coast cities. They are temporarily living at the Imperial hotel. Saturday evening the Greenwood Citizens' band and numerous friends serenaded the happy couple and gave them a cordial welcome. Dr. and Mrs. Oppenheimer will reside in the Fisher residence, Silver street.

Alex. Stewart has been appointed assistant chief engineer of the Great Northern system. He will have charge of the Western portion of the system, including the V., V. & E. from Midway to Hope. The Western end of the line from Cloverdale east will be built under Mr. Stewart's direction.

ELKHORN SHIPMENT

Unsorted Ores Show Good Values—Work Will Be Pushed.

MORE MEN EMPLOYED

Half-Car Shipment Also Made From the Prince Henry.

A trial shipment of ore from the Elkhorn and Prince Henry mines, recently made by Dr. Spankie, proved quite successful. A half car from each mine was consigned to the Hall Mines smelter, Nelson, and the returns have averaged $100 per ton for the Elkhorn and $75 per ton for the Prince Henry. In both cases the ores were not sorted and, considering this, the showing is good.

As a result of this successful shipment work at both mines will be vigorously prosecuted. In the Elkhorn a fine body of ore averaging one foot in width has been encountered in the shaft. Dr. Spankie states that the mine never looked better than at present, and in order to take advantage of these favorable conditions the present force of a dozen men will be increased.

On the Prince Henry work in the shaft is being steadily pushed and will be continued until the 200-foot level is reached. In both shaft and drift operations have been most encouraging, the same high grade ore being encountered. The owners are well pleased with the results they have obtained and they feel that the future promises big returns.

I. O. O. F. INSTALLATION

District Deputy Grand Master Visits Local Lodge.

Installation of officers of Boundary Valley lodge, I. O. O. F., took place on Tuesday evening last. I. A. Dinsmore, of Grand Forks, District Deputy Grand Master, accompanied by F. E. Cooper, E. Spraggett, Grand Forks, and several Phoenix members were in attendance and helped to make the installation ceremony a great success.

A pleasing feature of the evening was the presentation to Geo. R. Naden, treasurer of the lodge, of a past grand's collar and charm. The presentation was a surprise to Mr. Naden, but he recovered himself sufficiently to make a suitable acknowledgement. As treasurer of the lodge Mr. Naden was instrumental in investing the surplus funds of the lodge in revenue-producing investments and the gift was a small token of appreciation of the members.

After the ceremony refreshments were served in the banqueting room and an impromptu programme of short speeches, songs and stories was carried out.

Below is the full list of officers for the current term:

H. H. Huff, N. G.
D. McLashan, V. G.
S. Belt, R. S.
G. B. Taylor, F. S.
Geo. R. Naden, Treas.
A. Hansen, Warden.
C. Phillips, Con.
J, Saunders, I. G.
J. W. Ellis, O. G.
A. E. Braithwaite, R. S. N. G.
W. Elson, L. S. N. G.
T. Williams R. S. V. G.
C. Peterson, L. S. V. G.
Jas. Davidson, R. S. S.
W. Macintominy, L. S. S.
Fred B. Holmes, Organist.

During the visit of Messrs. McInnes, Ferguson and Becker of Nelson an interurban curling match was played at the Greenwood rink. Frank Tamblyn, a veteran Nelson skip who is now a resident of Greenwood, gathered his old town players together and challenged a Greenwood rink composed of L. B. Hodge, Sydney Johnson, Geo. Findlay and W. G. McMynn, skip. The game was hotly contested throughout, the Nelsonites finally winning with a score of 7 to 6.

FRIDAY JANUARY 12, 1906.

PUBLISHERS' NOTICE.

Beginning next week, the Boundary Creek Times will be under new editorial and business management. H. O. Lamb of Winnipeg has been engaged to to take charge of the paper. Mr. Lamb secured his early newspaper training in the office of the Stratford, Ont., Beacon, one of the best newspapers published in Western Ontario. He has been engaged in newspaper work in Winnipeg for five years. As Mr. Ross' parliamentary duties keep him from home the greater portion of the year and as the business of the Times is rapidly increasing, it was found necessary to make the appointment.

Mr. Lamb is authorized to collect all accounts and transact all business for the Boundary Creek Times. With improved machinery and with better facilities for doing work, an effort will be made to make the Times a better paper than ever.

We bespeak for Mr. Lamb the support and encouragement of all those who are interested in Greenwood and the Boundary district.

THE BOUNDARY CREEK PRINTING AND PUBLISHING CO., LTD.

BAD TACTICS.

That miserable provincialism which has retarded the general progress of the province breaks out at inopportune times and often in the most unexpected places. The Vancouver World, which under its new management has been a credit to the City of Vancouver, must now plead guilty to having very largely sacrificed that broad and enterprising spirit which it has shown in order to boost the Vancouver representative for a cabinet position. To boost for Vancouver is laudable in a Vancouver newspaper. That Mr. McPherson, Vancouver's popular representative, would worthily fill a a cabinet position but few will question, but surely his preferment will not come any sooner nor are the interests of Vancouver advanced by unjustifiable sneers at Senator Templeman. Sometimes those in need of wisdom can best find it by going to the enemy's camp. The following, which appeared in the News-Advertiser, Mr. Carter-Cotton's paper, should be carefully read by those who are anxious that the Liberal party should remain strong in the province and are anxious to see British Columbia secure fair recognition. The News-Advertiser says:

"In his great essay on Warren Hastings, Lord Macaulay illustrates a situation by a reference to a spectacle sometimes seen in India of a crowd of crows pecking to death a sick vulture. It seems to us that such an illustration fits the present action of a section of the Liberal party in British Columbia towards Senator Templeman and his probable appointment as minister of inland revenue. Like the crows not big enough singly to attack the senatorial vulture, they settle down upon him in clouds and are doing their best to peck him to official death. Anything more ignoble, more selfish and, let us say, more disrespectful, not only to Senator Templeman but to Sir Wilfrid Laurier, their chief, it is impostible for us to imagine. For if Sir Wilfrid Laurier considered that of the representatives in parliament from British Columbia, Senator Templeman was the one best fitted to become a colleague, it is surely a reflection on the premier's political sagacity and experience, when he proposes to confer on Mr. Templeman something more substantial than a ministerial appointment without a portfolio, for other members of the Liberal party in British Columbia to say: 'Thus far shall he go and no further!'

"But there is another and a still worse aspect of the unseemly action of these caballers against the man who in the party warfare in this province was alone for many years in his defence of Liberal principles, as far as regards any strenuous electoral efforts. Let us refer to a banquet that was given Senator Templeman in Victoria shortly after the last federal general election. There were present on that occasion if we remember correctly, all the Liberal representatives of this province in parliament. They were assembled there to do honor to Mr. Templeman, whom they acclaimed as the man who had laid the foundation of Liberal party success in British Columbia. Among the men who today for personal and selfish motives are doing their utmost to prevent Mr. Templeman's appointment, are some who on the occasion to which we refer, were loud in their demands that he should receive a postfolio, asserting that—to use the language of the historian in Holy Writ—"thus and thus shall be done to the man whom the king delighteth to honor." Were they dishonest then or are they so cheap, that right sentiment, loyalty to a colleague, and appreciation of party services, can all disappear before the possibility of personal preferment or the prospect of some individual advantage? It is a sorry spectacle; one that raises melancholy feelings in the minds of Conservatives as well as Liberals, as to the tone of public men in Canada today.?

"This is more than a party question, or one that concerns Liberals alone. It concerns provincial interests and every citizen of British Columbia has a right to be heard on it. For years we have been promised by Ottawa that this province should have representation in the cabinet—that being understood to mean a minister at the head of a department. That although the Liberals have now been in power for more than nine years, this promise has not been fulfilled, must not be entirely blamed on Sir Wilfrid Laurier. We have it on authority that is unimpeachable that such an appointment would have been made long before this but for the jealousies and factions among those who are regarded as the leaders of the party in British Columbia. Some of the demands for preferment were so audacious, yet so absurd, that to mention a few of them might render us liable to charges of inaccuracy or wilful exaggeration of the facts. But as a result nothing was done, the premier telling the warring elements to settle their differences and then he would act. The banquet at Victoria; the declaration of every representative that he was for Mr. Templeman's appointment, first last and all the time, was regarded at Ottawa as indicating unanimity and action is now to follow.

"We do not hold the same political views as Senator Templeman; in the last twenty years we have frequently been engaged in controverting the opinions he he has expressed in the press on federal questions. We have never regarded Mr. Templeman as possessed of great political talents or endowed with some of the characteristics that public men should have in their equipment. But we have known Mr. Templeman as upholding Liberal views in Victoria when it was not fashionable to do so and when some of those now most clamorous against him were decked in the Conservative colors of the then dominant party. While the Liberals are in power they will, of course, give the offices to their own kith and kin and they will do this most to the approval of Conservatives and to the great body of those of neutral views, if they bestow them on those who are Liberals by conviction and lifelong consistency such as Senator Templeman undoubtedly is."

As a matter of fact, all the representatives of B. C. were not at the Templeman banquet, bnt this does not destroy the News-Advertiser's argument nor does it lessen the lesson that should be learned by those Liberals who are evidently ready to weaken the Liberal party in a futile effort to gain some local advantage.

GEO. A. FRASER, M. P. P. for Grand Forks, left for Victoria last week. He was accompanied to the capital by Lloyd A. Manley, who doubtless wants to know why the liquor license machine will no longer answer to his guiding hand.

Monnay evening J. W. Nelson, P. W. P., attended by his officers, representing the grand Aerie installed the following officers of Greenwood Aerie No. 308:

R. C. G. White, W. P.
J. J. Feeney, W. V. P.
W. Frawley, W. Chap.
Fred B. Holmes, W. S.
J. McCreath, W. T.
A. W. Young, W. C.
J. W. Nelson, W. I. G.
O. Lofstad, W. O. G.
Fred Munn, Trustee.

During the evening refreshments were served and a plensant time spent. Greenwood Aerie is to be congratulated on the past year's work. The lodge has paid about $500 in benefits during the year and the membership is increasing all the time.

The meeting nights are the 1st and 3rd Mondays in the month.

MIDWAY LODGE, NO. 36, K. OF P.

A new lodge of Knights of Pythias was instituted at Midway Monday night. A large number of Knights were present from Greenwood, Grand Forks, Phoenix, and Republic. The instituting officer was Mayor J. Hammer of Grand Forks. The Midway lodge starts with a membership of about 25. Refreshments were served during the evening and the visitors were hospitably entertained by the members of the new lodge.

Following are the officers of the new lodge:

E. A. Hain, C. C.
F. Melville, V. C.
H. Bubar, P.
H. Eldridge, M. of W.
H. J. Bayley, K. R. S.
Dr. Tamlyn, M. of F.
C. H. Melville, M. of E.
A. Logan, M, at A.
S. A. Crowell, I. G.
F. Hilbert, O. G.

Warning to the Public.

When coming to Greenwood, if you do not wish to get first-class treatment and the best value for your money, don't stop at the National Hotel, where the rooms are well furnished, clean and large, furnace heated, dining room and bar all aline. Now under new management. TAMBLYN & CUSICK, Proprietors.

F. W. HART, MIDWAY

Synopsis of Regulations Governing t s Disposal of Dominion Lands within t e Railway Belt in the Province British Columbia.

A LICENSE to cut timber can be acquired only at public competition. A rental of $5 per square mile is charged for all timber berths excepting those situated West of Yale for which the rental is at the rate of 5 cents per acre per annum.

In addition to the rental, dues at the following rates are charged:—

Sawnlumber, 50 cents per thousand fe teB.M.

Railway ties, eight and nine feet long, 1½ and 1¾ cents each.

Shingle bolts, 25 cents a cord.

All other products, 5 per cent on sales

A license is issued as soon as a berth is granted but in unsurveyed territory no timber can be cut on a berth until the licensee has made a survey thereof.

Permits to cut timber are also granted at public competition, except in the case of actual settlers, who require the timber for their own use.

Settlers and others may also obtain permits to cut up to 100 cords of wood for sale without competition.

The dues payable under a permit are $1.50 per thousand feet B. M, for square timber and sawlogs of any wood except oak; from ½ to 1½ cents per lineal foot for building logs; from 12½ to 25 cents per cord for wood; 1 cent for fence posts; 3 cents for railway ties; and 50 cents per cord on shingle bolts.

Leases for grazing purposes sre is sued for a term of twenty-one year at a rental of two cents per acre per annum,

Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more thau 320 acres may be acquired by one individual or company.

Royalty at the rate of 10 cents per ton of 2,000 pounds is collected on the gross output.

Entries for land for agricultural purposes map be made personally at the local land office for the district in which the land to be taken is situated or if the homesteader desires, he may on application to the Minister of the Interior at Ottawa, the Commissioner of Immigration at Winnipeg, or the local agent for the District, within which the land is situated, receive authority for some one to make entry for him.

A fee of $10 is charged for a homestead entry.

A settler who has received an entry for a homestead is reduired to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence on and cultivation of the land in each year during the term of three years.

It is the practice of the Department to require a settler to bring 15 acres under cultivation, but if he prefers he may substitute stock; and 20 head of cattle, to be actually his own prpertyo with buildings for their accommodation will be accepted instead of the cultivation.

(2) If the father (or mother, if the father is deceased) or any person who is eligible to make a homesteod entry under the provisions 0f the Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of the Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of the act as to residence may be satisfied by residence upon the said land.

Application for a patent should be made at the end of three years before the local agent, sub-agent or a homestead inspector.

Before making an application for a patent, the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

W. W. CORY.
Deputy of the Minister of the Interior.

GREENWOOD, B. C., January 6th, 1906.

To the Mayor and Aldermen, City of Greenwood, B. C.

GENTLEMEN: I have examined the books and vouchers of the City for the year 1905, and herewith present duly certified as part of my report, Receipts and Expenditures account for the year 1905, General Revenue account for the year 1905, and Balance Sheet as at December 31st, 1905.

RECEIPTS AND EXPENDITURES ACCOUNT—This shows the actual cash receipts and disbursements of the city for the year and needs no comment.

GENERAL REVENUE ACCOUNT—This shows on the credit side the gross amount of revenue receivable by the City, irrespective of whether it was collected or not, and the debit side is charged with the years expenses including loss on Waterworks, Debenture Interest, Depreciation and the amount which according to the bylaws has to be set aside for the Sinking Fund. There is a deficit on the year's working of $6,582.14 on this account.

WATERWORKS—This department shows a loss for the year of $939.57 against a profit of $2,350.37 for the year 1904, after writing 5 per cent. depreciation off the old plant and crediting hydrant rental in both cases; the cost of relaying the mains on Copper street amounting to $3,244.92 has been written off against this year's operations which account for the difference in the net results.

BALANCE SHEET, SINKING FUND RESERVATION ACCOUNT—This shows on December 31st, the annual payments into the Sinking Fund together with compound interest at 3 per cent. per annum should have amounted to $21,829.15 The Sinking Fund account shows that this has been exceeded by $152.27, but $17,947.00 has been withdrawn from time to time for the redemption of $19,600.00 worth of debentures, which leaves $4,034.42 now on deposit in this fund.

Subject to the above remarks, the Balance Sheet is correct and exhibits the true financial position of the City as shown by the books on December 31st, 1905.

Signed, W. E. HODGES,
Chartered Accountant,
Auditor.

GRAND FORKS is having an exciting municipal contest. There are two candidates for mayor—Jeff Hammer, who is seeking re-election, and Alderman Hutton. Mayor Hammer was largely responsible for the passage of a liquor license bylaw which has for its object the wiping out of whiskey joints and giving hotels well conducted a chance to live. This is very unsatisfactory to Lloyd A. Manley, the liquor boss, who has been manipulating liquor licenses from Coleman to Myers creek. He wants a change in the municipal administration. The people of Grand Forks can have too much Manley. The re-election of Mayor Hammer will effectively prevent this.

THE annual mining review, published by the Nelson News, was too good to pass unnoticed and, although a little belated, the Boundary Creek Times joins all other British Columbia papers in paying its tribute of praise to F. J. Deane's enterprise in furnishing such splendid reports of the mining progress in British Columbia. It was so good that some enterprising individual who frequents the exchange table in this office "swiped" it before the editor had time to scan its pages, and it was only after reading all the encomiums passed upon it that we decided to buy a copy and take our share of the good things going. We do not regret the purchase price.

IN another column is an interview with W. T. Hunter, of the Hunter-Kendrick company, in which he explains the differences in prices between here and Kootenay points. The task of remedying transportation evils should not be left to the individual. It is settled only by the united action of the community. Here is a question which should engage the attention of the Greenwood Board of Trade.

Faith

You cannot be expected to have faith in Shiloh's Consumption Cure, the Lung Tonic, as a cure for Colds, Coughs and all diseases of the air passages, if you have not tried it. We have faith in it, and we guarantee it. If it doesn't cure you it costs you nothing. If it does it costs you 25c. That's fair. Try it to-day.

Shiloh has cured many thousands of the most obstinate cases, and we do not hesitate to say that it will cure any Cold, Cough, Throat or Lung trouble. If we did not believe this we would not guarantee it. Shiloh has had an unbroken record of success for thirty years. It has stood every possible test without failure. Further

Proof

is found in the many testimonials of those who have tried Shiloh and been cured. Mrs. Archie Taylor, Asaph, Pa., writes:—

"I bought a bottle of Shiloh's Consumption Cure and found it very beneficial. I have two children, and they had a terrible cough. I gave them everything I could think of, but they got no better, until one evening my husband bought a bottle of Shiloh. We gave it to the children when they went to bed, and they slept all night. It cured them completely. I shall always keep it in the house." 603

SHILOH

25c. with guarantee wherever medicine is sold.

EARN CASH

In Your Leisure Time

If you could start at once in a business which would add a good round sum to your present earnings—WITHOUT INVESTING A DOLLAR—wouldn't you do it?

Well, we are willing to start you in a profitable business and we don't ask you to put up any kind of a dollar.

Our proposition is this: We will ship you the Chatham Incubator and Brooder, freight prepaid, and

You Pay No Cash Until After 1906 Harvest.

Poultry raising pays.

People who tell you that there is no money in raising chicks may have tried to make money in the business by using setting hens as hatchers, and they might as well have tried to locate a gold mine in the cabbage patch. The business of a hen is—to lay eggs. As a hatcher and brooder she is outclassed. That's the business of the Chatham Incubator and Brooder, and they do it perfectly and successfully.

The poultry business, properly conducted, pays far better than any other business for the amount of time and money invested.

Thousands of poultry raisers—men and women all over Canada and the United States—have proved to their satisfaction that it is profitable to raise chicks with the

CHATHAM INCUBATOR AND BROODER.

"Yours is the first incubator I have used, and I wish to state I had 52 chicks out of 52 eggs. This was my first lot; truly a 100 per cent. hatch. I am well pleased with my incubator and brooder. THOS. MCNAUGHTON, Chilliwack, B.C."

"My first hatch came off. I got 170 fine chicks from 180 eggs. Who can beat that for the first trial, and so early in the spring. I am well pleased with incubator, and if I could not get another money could not buy it from me. Every farmer should have a No. 3 Chatham Incubator.—F. W. RAMSAY, Dunnville, Ont."

"The incubator you furnished me works exceedingly well. It is easily operated, and only needs about 10 minutes attention every day. R. MCGUFFIE, MOOSE JAW, Assa."

The Chatham Incubator and Brooder is honestly constructed. There is no humbug about it. Every inch of material is thoroughly tested, the machine is built on right principles, the insulation is perfect, thermometer reliable, and the workmanship the best.

The Chatham Incubator and Brooder is simple as well as scientific in construction—a woman or girl can operate the machine in their leisure moments.

You pay us no cash until after 1906 harvest.

Send us your name and address on a post card to-day.

We can supply you quickly from our distributing warehouses at Calgary, Brandon, Regina, Winnipeg, New Westminster, B.C., Montreal, Halifax, Chatham. Address all correspondence to Chatham. 314

CITY FINANCES.

The financial statement of the city for the year 1905, which appears in this issue, does not in our opinion do justice to the work of last year's council. At the beginning of the year a bylaw was submitted to the ratepayers asking for authority to issue $15,000 in city debentures to construct a new system of waterworks with Lind creek as the source of supply. It was realized then that this sum would not be sufficient to meet the entire cost of this needed improvement, but the council were of the opinion that the balance could be financed from ordinary revenue and thus the bonded indebtedness would be kept down. The sale of these debentures realized $14,400 to the city. There was expended in waterworks this year $19,874-71, charged to capital account, and $4,174.42 charged to maintenance, making a total of $24,049.13. Of the charge to maintenance the greater portion was expended in laying a new and larger main on Copper street. In our opinion the greater portion of this should have been charged to capital account. The difference between the proceeds of the sale of debentures and the entire cost of waterworks during the year, viz., $9,649.13, had to be paid out of the general revenue account, and this accounts for the apparent deficit. So far as the future of the city is concerned the method adopted cuts down its liability, but it makes rather a bad showing for this year, and in justice to the mayor and aldermen who worked hard to secure a system of waterworks which are a credit to the city, this explanation is offered. The revenue from the waterworks is increasing rapidly and in a short time will become a big factor in meeting the running expenses of the city.

Remember the Masquerade Carnival in the skating rink Tuesday evening next, the 16th.

ALBERT'S PROPER PLACE

Should Be Carefully Restrained from Attempting to Think.

TO THE EDITOR: In the Lord's Day Advocate, November, 1905, there appears an article entitled "The Lord's Day Among the Mountains and on the Prairies," written by the associate secretard. The whole article would be too lengthy for insertion in your columns, but the following sentences are sufficient to show its spirit toward the West generally, and the miners in particular:

"True it was not always the quiet and worshipful Sabbath of older parts of Canada, but in the newest prairie towns, and in the busiest mining centers there was an evident respect for the day. In the most Sabbathless places there were those who heartily helped the Alliance, and stood steadfastly for the maintenance of the rest day as the inherent right of the citizens, and an absolute necessity to the nation. And there were some towns where the methods of keeping the day would be an example to many places in Eastern Canada.

"The miners differently observed the Sabbath. The coal miners in the Pass towns have demanded and obtained freedom from work on Sundays, and in many silver-lead mines in British Columbia the toilers have their rest day. But in some mines they work every day alike. Some miners argue that they have to pay board for every day and consequently they have to work every day. It must be very poor work, where six days' wages will not pay seven days' board bill. But without exception these men after a few months' work would collect their entire wages and repair to the saloons, gambling dens, and places of vile resort, where in a few days their hard earned money would all be spent."

The Nelson, B. C, News of November 30th, 1905, prints the following:

"Surely the associate secretary of the Lord's Day Alliance does not expect to make converts to the cause he advocates by the publication of grossly inaccurate statements concerning the silver-lead miner of this province. Yet we find in his report published in the last number of the Lord's Day Advocate, the statement that in some mines the men work seven days a week and 'without exception these men, after a few months' work, would collect their entire wages and repair to the saloons, gambling dens, and places of vile resort where in a few days their hard earned money would all be spent.' The man who will deliberately pen scandalous libels of this nature ought to be in jail or in the lunatic asylum."

The editor who would deliberately and maliciously misrepresent the statements of any person in this way ought not to be in a lunatic asylum, but ought to be in jail.

By publishing this letter in your valuable paper you will greatly oblige.

T. ALBERT MOORE,
Associate secretary, L. D. A.

Toronto, Dec. 29th, 1905.

[Rev. T. Albert Moore, associate secretary at the Lord's Day Alliance, asks us to publish the above. In doing so we are inclined to agree with him that he has a grievance against the editor of the Daily News. The latter suggests that T. Albert Moore is either a fool or a knave. We think there should be no choice in the matter. If a man is to be judged by what he writes, Rev. T. Albert Moore is a fool pure and simple. For the further purposes of this very, interesting, edifying and dignified discussion, we think it would be well to eliminate the jail, but the lunatic asylum should always be kept in view.—EDITOR.]

Next Event—Masquerade Ball by the Citizens' band. Date later.

I. A. Dinsmore of Grand Forks was a visitor in the city this week.

E, Ferguson, the Nelson wholesale man, was in the city this week.

The second furnace at the Boundary Falls smelter was blown in this week.

Whitefish, the first of the season, the best in the land, at P. Burns & Co.

O. Becker of the C. P. R freight department visited the Boundary this week.

J. W. Mellor of Victoria is here looking after his extensive property interests.

J. P. McLeod, who was in the hospital for some time, has fully recovered.

His Honor Judge Clement was here on Wednesday hearing applications in chambers.

The force at the Crescent will be increased as soon the new electric plant is installed.

N. McInnes, manager for J. Y. Griffin & Co., paid the Boundary a visit this week.

Work will shortly be resumed on the Humming Bird, one of Greenwood's high grade mines.

T. F. Sutherland, assayer, returned Monday from Nelson, where he had been sampling the shipment of ore sent from the Elkhorn and Prince Henry to the Hall Mines smelter

Greenwood is evidently in a healthy condition. There is only one patient in the Sisters' hospital.

J. R. Brown. M. P. P., left on Monday to attend the sitting of the legislature, which opened yesterday.

On Sabbath, January 14th, at the evening service in the Presbyterian church the pastor will preach a civic sermon.

A marriage license was issued Wednesday to George Holbert Thompson of Greenwood and Mrs. Ada Goldsmith of Spokane.

H. P. Dickinson and E. W. Monk, representing respectively Giant and Hamilton powder, were here after business this week.

Next Monday is municipal nomination day. Unless some of the old fighting spirit is awakened there is not likely to be a contest.

The communion service held last Sabbath in the Presbyterian church was very well attended. Seven new members were added to the roll.

Having a few fancy screens left we are offering them at special bargains so that we will sell them out before stock taking. Come and inspect them and you will find the prices right at White Bros.

The curling contests at the ring this season have been rather surprising in their results, the older and more experienced skips having almost invariably been defeated by the younger men.

Frederic Keffer, engineer for the B. C. Copper Co., visited the Napoleon, near Boyd's, last week. The Napoleon is shipping ore to the Granby and B.C. Copper company smelters. Mrs. Keffer accompanied her husbnnd on the trip.

The Greenwood skating rink is being generally patronized this winter. The band proves a great drawing card. Preparations are being made for the big fancy dress carnival on the 15th, and some startling costumes will be seen on the ice

There will be a musicale on Monday evening, the 11th inst., at the residence of A. M. Whiteside, in aid of the Presbyterian church. An attractive programme has been prepared. Refreshments will be served by the ladies of the church. Admission 50 cents.

The Greenwood Liquor company has moved to the new premises on Copper street. Mr. McCreath, the proprietor, has spared neither trouble nor expense in fitting up the block and now has the satisfaction of having the finest wholesale liquor store in the interior.

Andrew Johnson, a native of Sweden 18 years of age, died of typhoid fever at the Sisters' hospital on Tuesday. Deceased had been working for the Bonnington Falls Power company at Midway. He had friends residing in Nelson. The remains were interred at Greenwood.

The National hotel had a narrow escape from destruction by fire early Tuesday morning. The blaze started from the cooking range and badly scorched the floor. The brigade turned out but the fire was extinguished without their assistance. The damage will not exceed $50.

Dispel that old knocking habit and Boost.

People who take offense easily and unnecessarily are either narrow-minded or conceited, though they prefer to call it having "a sensitive nature." Such people are usually not worth bothering with.

Forget all the useless things that happened yesterday; remember only those which can benefit.

WANTED TO RENT

A 4 or 5 roomed house. Apply at the Times office.

E. Spraggett of Grand Forks was a visitor in the city this week, attending the installation ceremonies of the Odd Fellows. Mr. Spraggett was the first Noble Grand of the pioneer lodge of the district—at Carson, instituted nearly ten years ago, and now defunct.

A new and sensational feature in the York County Loan and Savings company investigation in Toronto developed this week, when the president of the company, Joseph Phillips, was arrested. The arrest was made on the chargd of deceit, falsehood and fraud in dealing with the public. This step was taken at the instance of the attorney-general as a result of the findings set forth in the report of W. H. Cross, who has charge of the investigation on behalf of the Ontario government. Mr. Cross' report laid bare facts which showed gross mismanagement as well as misrepresentation of the company's affairs. This was especially true of the instalment shares account which was grossly incorrect and instead of showing a healthy condition was really a million dollars short. Joseph Phillips preliminary trial has been set for next week. If guilty is proved the maximum sentence is seven years.

A Mining Expert Who Appreciates Good Boots, 'Leckie Boots,' Writes us as follows:

UNION STEAMSHIP COMPANY OF BRITISH COLUMBIA Limited.

TELEG. ADD.. "UNION" CODE: A. B. C.

EN-VOYAGE S. S. "CASSIAR."

MESSRS. J. LECKIE CO., LTD., VANCOUVER, B. C.

GENTLEMEN: I take pleasure in stating the following fact, viz.:

About a month ago I had two men start with me, mining, the one bought a $10 pair of —— Boots, and the other a pair of YOUR make of Logging or Miners' Boots, for which he paid $5 in a retail store in Vancouver. The $10 Boots did not stand up to their work at the counters, and the sole at the instep separated, neither did they keep the man's feet dry; while the Boots of YOUR make have given proper satisfaction in workmanship, material, wear and comfort.

I am, Gentlemen, Yours truly,
F. W. McCRADY, C. & M. E.
