NORTH FORK QUESNEL.

May 10—Recorded in favor of Ah Hong, for the Ah Hong co., on south side of North Fork Quesnel, 25 inches water from a creek about four miles above Mitchell's bridge, and also 25 inches of water from a little creek about a quarter of a mile above Hong Co.'s ditch.

CUNNINGHAM CREEK.

May 10—Recorded in favor of Edwin Holloway, the Holloway ditch on Cunningham creek.

KEITHLEY CREEK.

May 13—Clydesdale co.—Recorded in favor of John Marks, Robert Young, and Colin Rose, each one interest in the Clydesdale co., consisting of 300 feet; re-record.

A BLACKMAILER DISCOMFORTED.—A New York letter tells the following story, which, even if not true, points an excellent moral: The other morning one of our wealthiest bankers, as he was sitting down to the breakfast table, was told that a lady wished to see him in the reception room. He went in and found a woman about 50 years of age standing in the middle of the floor, accompanied by a well-known degraded lawyer. "I want," said the female blackmailer, "a thousand dollars in money, and I want it now. I want a place in your banking house for my nephew worth $2500 a year." "I shall give you neither," was the reply.—"Then I'll come down to your banking-house and denounce you, and will also denounce you to your wife." The banker rang his bell, and as the servant appeared he said, "Ask my wife to step in here, and send in the coachman." They both appeared about the same time. The coachman was ordered to go for the police. To his wife the gentleman said: "You have often heard of a blackmailer; I want you to look at one." The word police was enough for the visitors, and they hurried out without standing upon the order of going.

SIR G. E. CARTIER AT OTTAWA.—The Ottawa correspondent of La Minerve thus depicts the appearance of the Baronet at the opening of the Dominion Parliament: "There goes M. Cartier, Minister of Militia, covered with gold lace. Always alert, nimble, and strong on his pins, he disdains to use a carriage. He advances with a smiling air, with a step so light and rapid that two young men who accompany him are hardly able to keep pace with him. But who are these young men? is asked in the crowd, and some one answers: "These are two members, one from Manitoba and the other from British Columbia, who represent our recent conquests."

TO ALL WHOM IT MAY CONCERN.—Please take notice that I have appointed Mr GEORGE GREEN, Constable, Richfield, my Attorney, for me and in my name, place and stead to collect all accounts due; and if the Book Accounts and Notes which are now due are not paid at once they will be placed in Court for collection.—D. SIDDALL, Dentist. 1t

---

BRITISH COLUMBIA.

PROCLAMATION.

Electoral District of Cariboo, to wit:

PUBLIC NOTICE is hereby given to the Electors of the District of Cariboo that, in obedience to her Majesty's Writ to me directed, and bearing date the 24th day of April, in the year of Our Lord one thousand eight hundred and seventy-two, I require the presence of the said Electors at the Court House, RICHFIELD, on the Twenty-third day of May, at 12 o'clock, noon, for the purpose of Electing a person to represent them in the Legislature of this Province; and that in case a Poll be demanded and allowed in the manner by law prescribed, such Poll will be opened on the Twenty-second day of June at the following Polling Divisions, between the hours of 8 a.m. and 4 p.m.:

Barkerville—Richfield Court House.
Lightning Creek—Lindhard's Saloon, Van Winkle.
Keithley Creek—Smith's store, Mouth of Keithley.
Harvey Creek—Smith's store.
Quesnelmouth—Government Office.
Williams Lake—150 Mile House.
Omineca—Germansen Creek Court House.

Of all which every person is hereby required to take notice and govern himself accordingly.

Given under my hand at Richfield, the 13th day of May, One thousand eight hundred and seventy-two.

H. M. BALL.
Returning Officer.

my18

NEW ADVERTISEMENTS.

To the Electors of the Cariboo District.

GENTLEMEN.—In coming forward as a candidate for your suffrages at the Election about to take place in order to fill the vacancy created in the representation of your District by Mr Booth's acceptance of a Government appointment, I may state that I am impelled to do so not only by my own inclinations, but also by the advice of many among yourselves whom I esteem as personal friends.

And in taking this step, Gentlemen, I cannot, like my predecessors at the last Election, present you with a whole budget of large and important measures of Reform. There are now no Road Tolls to abolish. The Mining Law has been amended, the Canadian Tariff adopted, and a variety of measures useful and necessary to the prosperity of this District and the country at large has been passed, and until the working of these measures is felt and experienced through the country it is impossible to state whether any, or what, amendments are in their case required. I will state, however, that I am in favor of Mining Machinery of all descriptions being brought into the country free of duty, and in the event of my being elected as your representative, I pledge myself to do all in my power to induce the Dominion Government either to abolish the duty altogether or to cause a remission of it to be made in this Colony.

I will support any feasible scheme for the establishment of a Government Loan Fund, whereby assistance can be given to Mining Companies on such creeks as Lightning to obtain proper machinery to work and develope their ground; such loan or guarantee, as the case may be, to be given on approved security being supplied to the Gold Commissioner. The necessity of adopting some such scheme as this to develop the latent resources of this District is becoming more apparent every day since the depth of the channels and the difficult nature of the ground where the richest deposits are found has rendered the working of many claims so expensive that most companies undertaking such enterprises have become completely crippled in means.

In conclusion, I will state that should I be elected, I will give the present Ministry, who appear to have honorably fulfilled their pledges, a fair and impartial support, while at the same time I claim for myself the full and free right to support in every legitimate way my own convictions when opposed to their measures.

Should you, Gentlemen, confer upon me the honor of selecting me as your representative, I shall under any circumstances do all in my power to advance the interests of this District; and as I have no ambition beyond professional and political honors, you will have the additional security that it will be my interest, as I know it is my desire, not only to represent you honestly and fairly, but also to be of service and assistance to the District.

I have the honor to be, Gentlemen,
Your most obdt. servant,
JOHN G. BARNSTON.

Barkerville, May 15, 1872. my18

NOTICE.

A Court of General Assize

And Gaol Delivery and of Nisi Prius will be held at each of the undermentioned places as follows:

New Westminster, Wednesday, 1st May.

THE CARIBOO SENTINEL

SATURDAY, JUNE 1, 1872.

REGISTRATION OF VOTERS.

Some time since we took occasion to write an article upon the Registration and Qualification of Voters in this district. Neither time nor space will now permit us to reiterate what was then said in order to inform those who were otherwise unable to obtain the requisite information on this all-important point. As time passes on the more supine and inert do voters appear to become upon this vital subject. After the List, which is now being made, is completed, all who are not upon that List will, with certain exceptions prescribed by the Act, be debarred from exercising the privilege of voting; and in considering this question it must not be forgotten that in a very short time a general election for the House of Commons will take place over the length and breadth of the Dominion, and possibly before another year elapses a general election for the Local Legislature will be exciting the minds of all those who take any interest in the political condition or welfare of the country. It may not be out of place here to remark that it is even now reported that the gentleman who represents the Lillooet district in the "Local" will be a candidate for the "Cariboo-Lillooet Division" in the ensuing Dominion Election. Nothing is more likely than such an event, and without desiring to say anything disparaging of that gentleman, we would merely suggest to the voters of Cariboo that there are other persons more intimately connected with this district whom perhaps they might prefer to see as their representative in the House of Commons; but if the inattention and disregard of their political rights at present displayed by them is persisted in until after the 10th of June there is nothing more certain than that the Lillooet vote will carry the election.

THE LIGHTNING CREEK GRANT.

EDITOR SENTINEL:—Sir.—Will you be kind enough to inform the miners of Lightning creek of the particulars regarding the application for a three mile grant, to which an item in your last issue has reference. The granting of privileges to any company more than the present Mining Laws allow will meet with very strong opposition from all miners, until it is proven that unsurmountable obstacles exist to the successful working of the creek by them, and so far this is certainly not the case; in fact, present experience would seem to indicate that from the Gladstone co down a stratum of clay exists which prevents the surface water from sinking, and thus that part of the creek would be the least expensive to work. It would therefore be unjust to allow any one company to monopolize three miles of ground, which the present Mining Law requires to be occupied by one hundred feet to each man. A grant of unoccupied ground should be opposed for the reason that Lightning creek, so far as has been proven, is rich in gold; and as this fact is becoming known, miners will naturally draw towards it for a claim, and the ground should be left for them to have a chance of success. A grant of occupied ground, subject to existing rights, would perhaps be the least objectionable, as it could be urged, in case of abandonment by present owners, that no objection could be raised to such a company working what the miners had found beyond their means of reaching, nor would such be opposed if they would wait until such abandonment; but the present owners would not tolerate such a sword hanging over their heads, which on the least misfortune, or the lack of sufficient means to meet the requirements of representation, would be ready to swoop down on them and deprive them of the results of years of perseverance and toil. As long as the present Gold Commissioner remained in office there would be no feeling of insecurity for fear that advantage might be taken of the discretionary power vested in that official by the present Mining Law, for I think he has the confidence of the miners in general, but another might take his place, and the discretionary power might be used in the matter of representation so as to compel present owners to abandonment, which would be as undesirable as too much "laying" over. The Eleven of England co. has already proved that that portion of the creek can be worked without any obstacles but what present companies can overcome. The Gladstone co. is in a fair way of overcoming all difficulties in the course of the next three months. The Vulcan co. has amalgamated with the Vancouver co., so far as to assist in getting machinery that will overcome the present difficulty of keeping out the water. The Van Winkle co.'s drain is progressing rapidly, and will in all probability tap the water in the channel at a depth that will cut the undercurrent away from the Victoria ground, and thus leave that claim in the same position as the South Wales was left by the Lightning—comparatively dry. The drain is now completed for 1300 feet; 900 feet only remains, which is calculated to be completed in five months, being pushed ahead with all possible speed, three shifts being continually on without stoppage for air-shafts, &c.

So you will perceive, Mr Editor, that Lightning creek is in a fair way of being opened up without any large grants. It would be better to await the result of present operations, and if they should fail, and the ground become again abandoned, then it will be time enough to grant any such privileges, and in all probability no objection would then be raised.

INTERESTED IN LIGHTNING CREEK.

[In reference to the above letter, we beg to state that we are not at present acquainted with the particulars of the application. We have not seen any notice on the subject, but if the miners of Lightning creek are desirous of expressing their views on the subject the best plan would be to call a public meeting and have those views put on paper in proper shape. If this is done it can hardly be supposed that the Government would give any grant injurious to their interests in the face of that clause of the Mining Act quoted by Mr Barnston in his card previously published in this paper.—ED. SENTINEL.]

ARRIVAL OF THE CHIEF JUSTICE.—His Lordship the Chief Justice and Mr Pooley, Registrar of the Supreme Court, arrived on Williams creek on Tuesday last, 28th inst. The Chief Justice will hold a Court of General Assize and Gaol Delivery, commencing on Wednesday, the 5th day of June next. After all the business pertaining to the Supreme Court is disposed of here, we understand that it is the intention of his Lordship to proceed to the lower country, but again to return and hold the Fall Assize in September. The arrival of the Chief Justice in this district after an absence of two years is greeted with pleasure by the community at large. The freedom from anything like an aggravated amount of crime and the general regard for law and good order which pervades this somewhat remote district is felt by the people to be owing in a very great measure to the firm and impartial manner in which justice has been administered, and the advent amongst us of the highest legal authority in the Province is therefore hailed with satisfaction and pleasure by what we suppose we are entitled to consider ourselves—a well-ordered community.

BARNARD'S DOWN EXPRESS left on Sunday, the 26th inst., carrying the mail, an express, and the following passengers:—To Yale—James Hocking, Hugh Ross, G. N. Marshall, and Robt. Stevenson. To Quesnel—Jacob Arnott, G. B. Wright, and Dr. Siddall. An extra stage of this line arrived on Tuesday, 28th inst., bringing an express and the following passengers:—Joseph Denny, Chas. Vaillancour, Alex. E. B. Davie, Mr Bronsseau, and John Giscome.

A TEAM belonging to Barlow's fast freight and passenger line arrived in Barkerville on Tuesday, 28th inst., with a load of freight, and left Van winkle for below yesterday.

THE BARKERVILLE REGISTER.—There are at present TEN NAMES on the List of Claimants at the place of Registration for this Polling Division.

POLICE COURT.—Thursday, May 30.—Harry Pearce was brought up on a charge of aggravated assault on a Chinaman. The accused was committed for trial.

NEW ADVERTISEMENTS.

NOTICE.

ALL PERSONS ARE HEREBY CAUTIONED against negotiating a PROMISSORY NOTE drawn by ALEX. McWHA in favor of W. BOWMAN, and endorsed to Frank Trevor or order, for the sum of $185 25, due 1st July, 1872. Any person returning the same to the undersigned will be suitably rewarded.

GEORGE BYRNES.

Barkerville, May 31, 1872. jel

Assessment Notice.

To the Electors of the Cariboo District.

GENTLEMEN,—Having been requested by a number of Voters on Lightning and William Creeks to stand at the coming Election as a Candidate for the vacant Membership for this District, I have much pleasure in acceding to that request, and trust that should you honor me by electing me as one of your representatives, that my political career will justify your confidence.

I shall support no party, either Government or Opposition, for the mere sake of party, but will always advocate those measures that are calculated to promote the interest of the District I represent and the Province generally.

So many of the old grievances of this Province were removed last session that it is a hard matter for me to mention any measure that I shall particularly advocate, but of this rest assured; that I shall endeavor as much as lays in my power to see that the interests of the whole district are not neglected.

I remain, Gentlemen,
Your obdt. servant,
ABRAHAM BARLOW.

Barkerville, May 21, 1872. jel

NEW ADVERTISEMENTS.

To the Electors of Cariboo District.

I HAVE been requested by a number of Miners and other gentlemen to offer myself as a Candidate to fill the vacant seat in the Legislative Assembly created by the resignation of Mr Cornelius Booth.

In response, I now offer myself, and respectfully solicit your suffrages.

I will state briefly, that I will do all that lays in my power for the preservation of Miners' existing rights and privileges in their integrity.

I am very much opposed to the present ambiguous "Registration of Voters' Act," especially as it applies and works in this section of the country, its action being rather to disfranchise than to enfranchise the Miner. I would therefore endeavor to have it so altered and amended as to increase the facilities of registration and render the Miner's vote less changeable and more lasting when recorded.

In view of the increasing importance of Harvey, Keithley, surrounding and way creeks, I would recommend a postal subsidy, to be applied on the route between Barkerville and that District.

In my opinion, it would be to the interest of this community to have a bridge built across the Quesnel River at Quesnelmouth. I should consider it my duty to recommend the erection of one at the earliest possible moment consistent with the financial state of the Colony.

In the last session of the Provincial Parliament a great many of the abuses then existing were redressed, amendments to the Mining Laws and other useful measures were introduced by the present Ministry and passed by the House, the Ministry acting in accordance with the well understood wishes of the people. As long as they continue so to act, they will receive my support.

The Agricultural interests will also have my attention, and if I be returned I shall consider it my duty to examine into the working of the Land Laws, to support such measures as have for their object the amendment of the same, and the framing of the Laws so as to be beneficial to the present settler, and an encouragement to immigration.

I may state, in conclusion, that all good and useful measures will receive my support, whether they emanate from the present Ministry or from the Opposition, so long as they do not conflict with the interests of any particular section of the Colony.

Should I be returned as your representative, your interests will be my constant study,—to represent you faithfully, efficiently and honestly is my only ambition.

I have the honor to be, Gentlemen,
Your obedient servant,
EDWARD PEARSON.

Barkerville, May 25, 1872. my25

THE CARIBOO SENTINEL

SATURDAY, JUNE 1, 1872.

TELEGRAPHIC.

QUESNELMOUTH.

Quesnel, May 30—Barnard's up Express left at 3.30 p.m. to-day, with Mr Bishop, Mr Strouss, and a Chinaman as passengers.

Barlow's team, with full load, left this afternoon. Cazilis and Red Aleck's trains left this week for Mansen creek.

YALE.

Yale, 31st—Steamer Onward arrived from New Westminster yesterday with 50 tons freight and 10 passengers. Barnard's down Express and special stage arrived from above last night and went down on the steamer this morning.

VICTORIA.

Victoria, May 29—A telegram from Mr Nathan, at Ottawa, announces that the Dominion Government are in favor of Esquimalt as the terminus for the railroad, and that if it is found impracticable to make that port the terminus a line will be built along the coast of the Island and a ferry connection established with the terminus of the line on the mainland.

Mr Marcu Smith yesterday had an interview with the Lieut.-Governor with respect to the Bute Inlet route.

It is again reported that the local business of the Hudson Bay Co. will shortly be materially changed.

Victoria, May 30th—The International Cricket match between British Columbia and California Clubs commences this morning on Beacon Hill. Wickets will be pitched at 10.30 a.m. A band of music will be in attendance.

2.30 p.m.—The International Cricket match commenced at 11 this morning. The Victorians went in and made only 39 for their first innings. Blakeley's round bowling is irresistible, some of the best players on the Vancouver Island side being bowled out by the first ball. The Californians have just commenced their first innings with every prospect of winning by a handsome majority. The second innings will be played to-morrow.

4.30 p.m.—The first innings of the International Cricket match just over. The Californians only made 36 runs. The Victorians are victorious by 3 runs. Fielding on both sides splendid.

Victoria, 7.30 p.m.—The Victorians commenced second innings at 4.30, and at 5.30 made 36 runs, with only 3 wickets down.—The contest will be resumed at 10.30 to-morrow. Weather lovely.

Victoria, 31st—The Victorians finished their 2d innings at 7 p.m.; they made 78—total for both innings, 117. The Californians made only 39, and seven wickets down.

Latest.—Cricket match just over, and contrary to general expectation the Californians have won. Score—Californians, 118, and 1 wicket to go down; Victorians, 117. Up to 3 o'clock the betting was 10 to 1 in favor of Victorians. Next match will be played on Monday, 3d June. Weather and ground good.

UNITED STATES.

Cincinnati, May 30—John Brandum, who murdered his wife in Owen county, was taken from jail last night by a mob and hung.

Memphis, 30th—A telegram has been received stating that Jeff. Davis wrote a letter to Wade Hampton favoring Greeley. This is denied by Davis, who says he has expressed no opinion in the matter.

New York, 30th—A dispatch sent to Minister Schenck yesterday states that the British Government must accept the Senate's proposition or the responsibility of the failure of the Treaty rests upon England. The President does not think there will be any exigency for an extra session of the Senate.

New York, 30th—Hannah Fowler was yesterday acquitted of the murder of her husband.

Washington, 29th—The Spanish Minister to-day informed the State Department that his Government will in a few days liberate Dr. Howard and return his confiscated estate.

By order of the President, the Collectorate of New Orleans has been telegraphed not to allow the landing of the Greek brigands said to be on their way to America. The Greek Consul denies that Greek criminals are being shipped to America.

New York, 28th—The Republican Committee says if Greeley is endorsed by the Baltimore Convention, he will if elected make Seymour Secretary of State. Greeley promises to support the Democratic nominee for Governor of New York.

Washington, 28th—Up to this hour Secretary Fish received no official notice from England of the acceptance of amended supplemental article.

It is again reported that our relations with Spain are very critical; it is even said to be necessary on this account for Congress to remain in session.

EUROPEAN.

London, May 24—The Atlantic and London crews have agreed on 10th June as the day for the race.

Paris, 24th—The Gaulois publishes a letter of Napoleon's, dated Chiselhurst, May 22d, addressed to the General commanding the French army. In it he says: "I am responsible for Sedan. The army fought heroically with nearly double its strength. After 14,000 men had been killed and wounded, I saw the contest was merely one of desperation. The honor of the army having been saved, I exercised my sovereign right and unfurled the flag of truce. It was impossible that an army of 60,000 men could save France. My heart was broken, but my conscience tranquil."

Paris, 23d—Rochefort and other convicted Communists sail to-morrow for the penal colony of New Caledonia.

London, 23d—The Times publishes particulars of the loss of vessels off the coast of Labrador and Newfoundland during the sealing season this spring up to latest possible mail dates. Over thirty vessels, including four steamships, were lost.

London, 29th—The Derby was won by Cremorne, brother to Flurry, who was second, and Queen's Messenger third.

Montague Bernard, one of the Joint High Commissioners, in a lecture at Oxford last night on the Treaty of Washington, said that circumstances prevented him from replying to the accusations of C. H. Lisgar on the part of the British members of the Commission. He also highly praised the admirable temper displayed by the United States Government.

EDITORIAL CORRESPONDENCE.

Ottawa, April 20, 1872.

I wrote you last a fortnight since from Montreal in the midst of snow and winter, and now I find myself transplanted as it were into another climate. When I came to Ottawa first the snow was lying deep and sleighs were running everywhere. However, it has since almost disappeared, and the streets are already thickly covered with dust, while the weather is very bright and pleasant. The Ottawa and St. Lawrence are still, however, ice bound, and it will be unusually late before navigation opens.

Parliament was opened on April 11th with the usual vice-regal pomp and ceremony. The day was beautiful, and though the Governor-General's escort consisted of only militia infantry and artillery, instead as formerly British regulars, the display was very fine, the Senate Chamber, floor and galleries, being crowded with the beauty and fashion of the capital. After the speech from the throne had been read, the British Columbia Senators and members of the House of Commons were introduced to their respective Houses by members of the Ministry, and were warmly received by members on the Government side. The duty of moving the Address in the Commons was entrusted to Mr Nathan, as the youngest member from the youngest province, and that gentleman acquitted himself very well. Messrs. DeCosmos and Thompson have since appeared as debaters, both addressing the House in the discussion yesterday on the Geological Survey question. The British Columbia representatives in general have been very well received, and have been invited to dinners and evening parties without end. The majority attended Lady Lisgar's "At Home" on the night of the opening of the House, and the grand ball given on the succeeding night by Mrs Currier, wife of the member for Ottawa. The latter was a magnificent entertainment, and the suites of reception and dancing rooms was densely crowded, over 500 persons having been invited. Most of the Columbians were also present at a dinner given by the Inter-colonial Engineers to Mr Sandford Fleming, the chief of the Pacific Railway Surveying Department, who proposes crossing the continent to British Columbia during the summer. A reception was given by "Civil Service" Lodge, F. & A. M., to Bros. Nathan and Thompson, who were received with grand honors as representatives of the newly established Grand Lodge of British Columbia. Bros. Carrall, Houghton and Wallace were also present.

Now for political matters. The Ministry are safe for this session with a large majority, and their supporters think that the general election will go all right, although the Opposition claim that they will have a three-fourths majority in Ontario. There has been very little fighting yet in the House, the only exhibition so far given having been one day this week, when Joe Howe made a very bitter personal speech, particularly severe on Holton and Mackenzie, the Opposition leaders. The latter gentleman, has, however, apparently changed his tactics for the present, he having actually stated during the debate on the Address that he had never opposed the admission of British Columbia. The Toronto Mail has been giving him a good dressing on that subject, showing up his record of last year. There have been no divisions yet, as little but routine work has been going on; however, as the session gets older I suppose some lively scenes will ensue. The Railway and Geological Surveys in British Columbia will be prosecuted energetically. Mr Richardson, of the latter service, will probably go out by next mail. I think there is little doubt but that the Leather Pass will be selected as the best for the Railway. The Government have not submitted their policy on this great undertaking, but the feeling among all parties appears to be that the work must be carried on without delay, and from present appearances the probability is that before the expiration of the stipulated ten years the whole will be completed.

An agent of the Post Office department will leave in about a fortnight to put the postal matters of your province in proper shape. He has been furnished by the British Columbia members with full particulars of mail services desired.

Ottawa is a pretentious and rather handsome little city. It is very prettily situated, and contains a large number of handsome buildings, while the work of improvement is going on very rapidly, a large number of brick and stone houses being now in course of construction. The opening of the session has brought quite an influx of visitors and made things generally rather lively, though the real business of the city will only commence with the opening of navigation, when the rafts begin to come down the river.

J. S. T.

MINING INTELLIGENCE.

WILLIAM CREEK.

The Forest Rose co. washed up 313½ oz. last week, and 86 oz. on Wednesday last.—The Ballarat co. are moving machinery, and will sink a new shaft.—The Bedrock Flume co., Cornish, Casket and other companies have commenced operations.

VALLEY MOUNTAIN.

The Discovery and Valley Mountain companies are piping and cleaning up. Huntingdon co. is ground-sluicing.

THE MEADOWS.

The boiler of the Lane & Kurtz co. has been repaired, and work will be commenced in the drive on Monday.

LOWHEE CREEK.

The Black Bull co. washed up 88 oz. for two days' work. The Victoria co. are getting on better pay. The Brown co. have been stopped by melting snow. The Russell-Robinson are ground-sluicing.

GROUSE CREEK.

The claims on the upper part of this creek are commencing work. The Talisman are not working to advantage, but are doing well. The Lady of the Lake have put up a large wheel, and will have the flume completed and be at work in the diggings in about a week.

EAGLE CREEK.

The Walkem co. are putting in air-boxes to supply the tunnel with air.

AMADOR CREEK.

The Taylor co. are finding coarse gold in the gravel; have picked up $5 and $7 pieces. The Amador co. are getting lumber for shaft.

LIGHTNING CREEK.

The Eldorado co. are continuing their new tunnel.—The South Wales co. washed up 70 oz. last week.—The Point co. are not yet in the bottom of the channel, but are finding gold.—The Vanwinkle co. continue running their drain.—The Victoria and Vancouver companies are sending for large iron pumps. The Clark co. have broken their belt and have bought the Vancouver co.'s belt. This claim is now prospecting well.—The Gladstone co. are now digging a new wheel-pit. This company will put in a 24 foot wheel, with the assistance of which and the pump bought from the Lightning co., they expect to bottom the channel.—The Eleven of England co. are finding coarse gold, increasing in quantity.

House of Commons.—It is reported that J. H. Todd, Esq., J.P., will be a candidate at the election for the House of Commons to take place this season. It is also stated in the Victoria Standard that Mr T. B. Humphreys, M.P.P., will be a candidate on the same occasion.

Dr. Chipp's Drug Store.—Dr. Chipp has enlarged and re-fitted his Drug Store in this town, and has just received a new and varied stock of drugs and medicines of all descriptions. All persons in want of medicinal comforts are invited to call and see for themselves.

Lowhee Creek.—The trail to this creek is reported [illegible] in a wretched state.

POLITICAL MEETING.

On Monday evening, 27th inst., a meeting of the electors of Lightning creek was held at Vanwinkle, in Lindhard's saloon. There was a large and crowded attendance. The meeting was called to order at 8 o'clock p.m. Mr Adam Prentice was appointed chairman, and Mr Archibald Johnson secretary.

Mr Barnston being then called upon, was favorably received, and addressed the meeting at some length. After reviewing the state of political matters previous to the last general election, and contrasting them with their present condition and commenting favorably on the measures passed during the last session of the Legislature, the speaker remarked that he believed it would be unnecessary to say much on the first point mentioned in his address, viz., the introduction of mining machinery free of duty, as it was reported that as regards this Province the Dominion Government had either abolished or remitted the duty. He then spoke at some length in relation to the establishment of a Government Loan Fund for the assistance of private mining companies on such creeks as Lightning, where it was impossible to prospect the deep channels without the aid of expensive machinery. After showing that assistance of this sort had been extended to private parties in other colonies, either by the Government or Municipal Corporations, the speaker demonstrated that the scheme was in itself perfectly practicable, and that all loans granted under the Act would probably only be for a short period. That such loans might be advanced at a low rate of interest, and security given on the machinery itself as well as on the claim and its proceeds. That as soon as three or four claims were working to advantage in different parts of the channel there would probably be no necessity for any further assistance. The speaker then referred to the application reported to be made for a large grant of mining ground on Lightning creek, which included a great portion of the claims already in the occupation of individual miners, spoke favorably of the introduction of capital in the country, and pointed out to the miners that the matter lay exclusively with themselves; that the law gave the Government no power to make such a grant without their consent, especially on creeks in their own occupation, and pledged himself to support the views of the miners on the subject.

Mr John L. Muir and the chairman then spoke in opposition to the grant, and a test vote being taken upon the point, it was found that the proposed grant had no supporters, the meeting being unanimously opposed to it.

The meeting then adjourned.

SUPREME COURT.

Quesnelmouth, May 25, 1872.

[Before Chief Justice Begbie and a common Jury.]

Dunlevy & Co. vs. Broussseau.—This was an action for damages for the improper conversion by the defendant of the plaintiffs' flour, for negligence in the carriage of goods, and for the return of money paid for freight. Mr Davie for plaintiffs, Mr Park for defendant.

Plaintiffs produced a contract of defendant to carry goods from Quesnel to Tatlah, and gave evidence that the same were damaged in part during the carriage, and that the defendant had sold 4000 lbs. of flour at Tatlah Landing.

The defendant gave evidence to the effect that the damage to the goods was caused by mere accident, and that plaintiffs were indebted to him for freight.

His Lordship directed the Jury that the sale by defendant of the plaintiffs' flour was a wrongful act, for which the plaintiff was responsible; that if the damage to the goods was occasioned by want of ordinary skill on the part of the defendant, such as overloading the boat, insufficiency of the crew, or negligence on his part, they would find for the plaintiffs in an amount equivalent to what they considered the goods were damaged.

The Jury returned a verdict for $1330.

Late Arrivals.—Among the arrivals by Barnard's last Express we notice the names of Messrs. J. Z. Hough and H. Brackman, who have both returned from a visit to their native countries.

Notice.—As I positively close business in a short time, I have reduced the prices of Ladies', Children's and Men's Boots and Shoes and Slippers. If you call and see the prices, you will be surprised.

C. A. NOLTEMEIER.

☞ Remember the Railroad Store, Barkerville.

WERE LOT'S FAMILY SYRACUSEANS.

[GEORGE FRANCIS TRAIN.]

I apologize to Chicago for opening up its swindling rings; I am sorry for exposing the frauds of San Francisco; I regret showing up the rascality of New York; I am on my knees for having struck right and left at corruption everywhere; but there is an excuse for it—I had never visited Syracuse [laughter.] This is my Fourth Convention here, and last, thank God. I reject the vote of this dead-beat town [applause]. It is cursed with sectarian churches. [Oh!] You are the best whipped city I ever saw. A few deacons, a few bankers, a few editors of small caliber, with Terwilleger at the head, have got you where Job had the steel trap [loud laughter]. Music pines; tragedians cannot pay their board bills, and lecturers talk to empty benches. [That's so.] My audiences have been the largest, and they could be crowded into a street car [laughter.] It is the City of the Dead. Poor old Lot, I have found your home at last. No wonder you got drunk and found consolation in your affectionate daughters [loud laughter.] For Syracuse was the infernal town where your curious old wife was turned into a pillar of salt [laughter]. This is the place where the town rose on the angels of the Lord, and took summary advantage of their virtue and innocence [laughter.] This is the place where Jacob sold out his hairy brother for a mess of potash [loud laughter]. This is the place where Abraham wrestled all night with two old angels [continued laughter]. Under this very floor the Cardiff Giant brought you a thousand dollars a day [applause]. Syracuse! City of Dead Beats, and City of Priests: rings in thy Bible classes; rings in thy houses of assignation; rings in thy grog-shops; rings in thy Nicholson pavements; rings in the noses of thy churches. Yet, with all thy iniquities, ye have not been well advertised; but henceforth shall be known throughout the world as the champion Dead Beat City of America [loud laughter]. Ye have two partners in each of thy firms: one who does the swearing and catches the rum-shop trade; the other who does the praying and draws in the sacerdotal crowd [laughter]. There are more loafers in thy streets, without work, and have no money; more cyprians on thy sidewalks; more cant and hypocrisy in thy prayer meetings than even in your old ancestral birthplace, Sodom and Gomorrah [loud applause].

A FORTUNE AT ONE BID.—The following is from a New York letter to the New Bedford Mercury:

I heard the other day of a profitable transaction made by two young foreigners who recently arrived here penniless and almost in rags, which for shrewdness and success has been seldom equalled. They were walking about the town looking for employment, when they noticed in the Custom-house a quantity of slightly damaged coffee advertised to be sold at auction in a few days. At once forming their plan of operations, they immediately visited various wholesale dealers, and offered to secure them coffee at five per cent. discount.

This was accepted and orders received from reliable firms enough to cover the whole cargo in the Custom-house. On the day of sale these two poverty-stricken men were among the crowd of dealers assembled to inspect the various sacks of coffee. When the bidding commenced these two adventurous ones bid very low. The crowd looked at the poor devils once, thinking they wanted a sack or two, let their bid remain good, and it was knocked down to them at an extremely low figure.

"How much do you want, more than one sack?" inquired the auctioneer.

"The whole cargo," they quickly replied.

There was a general laugh at their audacity, which increased when the auctioneer mockingly asked for their security. But the tables were turned when the poor foreigners quietly drew out orders from leading merchants whose genuineness could not be denied, and these before paupers found themselves possessed of eighty thousand dollars, without spending one cent to obtain it, or seeing the coffee at all.

PREVENTION BETTER THAN CURE.

I HAVE been requested by several respectable parties, who can testify to the efficacy of my system, to again make public the fact that

Moses' Hair Invigorator

WILL PREVENT BALDNESS,
RESTORE HAIR THAT IS BECOMING THIN OR FALLING OFF, and effectually
CURE SCURF OR DANDRUFF.

This is not a mere assertion on my part, as I have in my possession numerous testimonials certifying to the success of my remedy.

I do not of course pretend that I can make the hair grow on heads which have been bald for years; but I will guarantee to stop the hair from falling off, to increase its growth, and effectually remove Scurf or Dandruff.

W. D. MOSES,
Barkerville, B.C.

CERTIFICATE.

This is to certify that during last spring my hair was rapidly falling out and my head was fast becoming bald, when I applied to Mr W. D MOSES, Barber, Barkerville, who in a few weeks restored my hair to its former healthy state DAVID GIBBONS
