CLINTON.

Clinton, June 5—Barnard & Co.'s Express left this morning early with full load of passengers and freight.

YALE.

Yale, June 4—The Onward brought up about 50 tons freight last trip. Teaming very slow at present, several teams having turned out. The river is rising rapidly. Weather very warm—90 in shade.

Barnard's Express left on Monday morning with the following passengers: For Barkerville—Miss Mary Shelton, Miss Ladd, Miss Ball, Mr Merritt, and Florence Wilson. For Soda Creek—Mr Gillis. For Clinton—Mr E. A. Brown. For Cache Creek—Mr R. W. Thompson.

VICTORIA.

Victoria, June 2—The movements of the Cricketers are not finally decided. It is proposed to play the first of the new match at Colwood on Monday, and on Monday week at Esquimalt. Further than this nothing is final. It is undecided whether the match on Wednesday at Beacon Hill is to be between the Californians and the picked eleven or the Esquimalt fifteen.

A special foot race of 100 yards was got up between Mr Hugh Price, of Victoria, and Mr Knott, of the California Cricketers, for the sum of $25. Price got away with the lead and won easily.

Colonel Lane has withdrawn his application for a lease of the meadows on Lightning creek.

Victoria, June 4—The second of the series of matches to come off between the California and Victoria Clubs took place yesterday on the Colwood grounds before a large number of spectators. The grounds were hardly in order for playing, but were somewhat improved before commencing the game. There was a good deal more cricketing shown than in the first game on Beacon Hill. Rowe, on the Victoria side, made the highest score, viz., 30; on the side of the Californians Reid scored 16. In 2d innings, Marshall, of California Club, scored 14; T. O. Peel, not out, 25.; Reid, not out, 16. The Californians went in first, scoring 65 in 1st innings. The Victoria Club followed with 95. At about 4 p.m. the California Club commenced their 2d innings, and at the close of the play scored 31 for 5 wickets. The game will be finished on Beacon Hill on Wednesday.

OTTAWA.

Cornwall, O., June 1—John S. McDonald, Premier of Ontario, died this morning.

The Pacific Railroad Bill passed the Commons to-day.

EUROPEAN.

London, May 31st—Weather in England favorable for crops.

Fleury, the absconding cashier of the Limerick Bank, has surrendered to the authorities.

Miss Kellogg sings at Buckingham palace on 20th.

The Times asserts that therein ever has been any genuing agreement between England and America, and says it is time we must consider the failure of the arbitration. We may thank the American Senate for this. Had it accepted the supplementary article without amendment our position would have been awkward.

In the House of Lords, Earl Derby requested the Government to produce copies of supplemental article of treaty of Washington, with amendment of United States Senate.—Granville replied that Congress would adjourn on Monday, and negotiations were not yet concluded, it would be impossible for the Government to comply.

In the House of Commons, in reply to Mr Disraeli, Mr Gladstone promised a satisfactory answer when the Senate adjourned.

Paris, May 30—Chatequ, the alleged incendiary of the Tuilleries, was convicted to-day and sentenced to be shot.

London, May 30—The World's special says the growing opinion of outsiders is that negotiations with American Government with regard to the Treaty of Washington have failed. The Government will inform Parliament that it will withdraw from arbitration.

An influential meeting was held at the Mansion House last night to express sympathy with the Israelites of Romania, and a resolution adopted asking the British Government to interfere for their protection.

NEW ADVERTISEMENTS

To the Electors of Cariboo District.

GENTLEMEN,—In coming forward as a candidate for your suffrages at the Election about to take place in order to fill the vacancy created in the representation of your District by Mr Booth's acceptance of a Government appointment, I may state that I am impelled to do so not only by my own inclinations, but also by the advice of many among yourselves whom I esteem as personal friends.

And in taking this step, Gentlemen, I cannot, like my predecessors at the last Election, present you with a whole budget of large and important measures of Reform. There are now no Road Tolls to abolish. The Mining Law has been amended, the Canadian Tariff adopted, and a variety of measures useful and necessary to the prosperity of this District and the country at large has been passed, and until the working of these measures is felt and experienced through the country it is impossible to state whether any, or what, amendments are in their case required. I will state, however, that I am in favor of Mining Machinery of all descriptions being brought into the country free of duty, and in the event of my being elected as your representative, I pledge myself to do all in my power to induce the Dominion Government either to abolish the duty altogether or to cause a remission of it to be made in this Colony.

I will support any feasible scheme for the establishment of a Government Loan Fund, whereby assistance can be given to Mining Companies on such creeks as Lightning, to obtain proper machinery to work and develope their ground; such loan or guarantee, as the case may be, to be given on approved security being supplied to the Gold Commissioner. The necessity of adopting some such scheme as this to develop the latent resources of this District is becoming more apparent every day since the depth of the channels and the difficult nature of the ground where the richest deposits are found has rendered the working of many claims so expensive, that most companies undertaking such enterprises have become completely crippled in means.

In conclusion, I will state that should I be elected, I will give the present Ministry, who appear to have honorably fulfilled their pledges, a fair and impartial support, while at the same time I claim for myself the full and free right to support in every legitimate way my own convictions when opposed to their measures.

Should you, Gentlemen, confer upon me the honor of selecting me as your representative, I shall under any circumstances do all in my power to advance the interests of this District; and as I have no ambition beyond professional and political honors, you will have the additional security that it will be my interest, as I know it is my desire, not only to represent you honestly and fairly, but also to be of service and assistance to the District.

I have the honor to be, Gentlemen,
Your most obdt. servant.
JOHN G. BARNSTON.

Barkerville, May 15, 1872. my18

A. ROCKE ROBERTSON,
Provincial Secretary.

THE CARIBOO SENTINEL

SATURDAY, JUNE 8, 1872.

VOTING AT THE NEXT ELECTION.

Among the Acts passed during the last session of the Legislature is one entitled "The Election Regulation Amendment Act, 1872," assented to on the 11th April last. It provides that "At each Election the electors "may vote either at the polling place opened "and kept in the Polling Division (if any) "within the limits whereof the property shall "lie in respect of which they shall respectively claim the right of voting at such election and where they have been registered, "or at any other polling place within the "Electoral District in which they have been "registered." It will be seen by this clause that any registered elector may vote at any polling place in the district, instead of being obliged, as at the last election, in many instances to travel 20 or 30 miles over the mountains to do so.

DOMINION DAY.

On the first day of July next will be celebrated the first anniversary of Dominion Day since the Confederation of this Province with the Dominion of Canada, and it is but right and proper that we should take some steps towards the celebration of that auspicious event in a manner worthy of ourselves and the occasion which produces it. Our streets have always on previous occasions been in beautiful order on that day, and for some time past we have been enabled to inaugurate the opening of the season by the celebration of games and sports and the indulgence in other festivities on the Queen's birthday. But on that day in this year we found the possession of our streets disputed by the ice and snow remaining from last winter and still reluctant to disappear, and the waters of a fast-rising creek running through nearly the whole length of it. Since that time the street has been literally the bed of the creek, and bars of tailings from two to three feet high have been deposited in some places, and in others a channel some three feet deep has been cut, which make locomotion not only inconvenient but dangerous. Will we allow this state of affairs to continue until the first and fourth days of next month? or can an effort not be made to put the place in such a state as will admit of the enjoyment of some amusement on that day. In doing so, surely the Government ought to do something on the subject. They have sold some lots, charge ground rent for others and in a variety of ways collect a large revenue in Barkerville. Seeing, therefore, that the highway belongs to the Government, it can hardly be asking too much to request that body to pay some attention to our interests and convenience, and devote some trouble and expend a little money in making our roadway passable. We trust, also, that our Canadian citizens will at once in timely proceedings to celebrate the day on which they became part and parcel of the Dominion. We understand that our American friends have already commenced to take steps to celebrate the 4th of July in a becoming manner, and surely we ought not on our own soil and in our own country to be behind and in commemorating the day which is to us the emblem of that freedom and liberty of Government which we now enjoy.

SIDEWALKS.—We understand the Grand Jury have appointed Messrs. Patterson, Pearson, Wolfe, and Vaillancourt a committee to inspect the sidewalks, &c., of Barkerville, to recommend repairs of the same, and also to instruct the citizens to make the sidewalks on as even a grade as possible. It is to be hoped that the citizens will cheerfully comply with the recommendations of the Grand Jury.

At a regular meeting of the Cariboo Amateur Dramatic Association, held on Monday evening last, the following officers were elected for the ensuing quarter:—Manager—Marcus Wolfe. Secretary—W. McColl. Managing Committee—M. Wolfe, J. Z. Hough, W. McColl. Casting Committee—John Bowron, J. Fisher, Gomer Johns. It is the intention of the corps to give entertainments on the evenings of the 1st and 4th July next.

ELIZA ORR vs. DRINKALL.—This action for $15,000 damages for breach of promise of marriage, was decided yesterday about half-past 8 o'clock p.m., in favor of the defendant.

BARNARD'S down express left on Sunday, 2d inst., at 5 o'clock a.m., with two passengers—Mr C. Strouss, for Yale, and a Chinaman for Quesnel.

POLITICAL MEETING.

On Monday evening, the 3d day of June, inst., a public meeting was held at the Theatre Royal, Barkerville, for the purpose of giving the candidates at the ensuing election an opportunity of expressing their views to the electors of the district on the current topics of the day. Mr Rennie was called to the chair. The chairman called the meeting to order, and requested the candidates to address the meeting in the order in which they had come before the constituency.

Mr Barnston then came forward and addressed the meeting at some length; supported the free introduction of mining machinery, the establishment of a Government Loan Fund for the assistance of mining companies, the improvement of trails and postal communications, and other measures of advantage to the district. Messrs. Barlow and Pearson followed, advocating nearly the same measures, and pledging themselves to support the general interests of the constituency, whether mining, commercial or agricultural.

The want of space prevents us from giving a more detailed statement of the proceedings of the meeting, but we are glad to state that the meeting was a crowded one, and passed off with the utmost harmony and good feeling.

Some discussion arose as to mining grants, when an expression of opinion adverse to such grants was given by the different candidates, Mr Barnston explaining at some length that in all new creeks or mining sections, actually or partially in the occupation of individual miners, the law put the whole power in the hands of the miners, as no grants in such localities could be given without their consent. It was therefore the business of the miners, when such grants were applied for, to express their views on the subject, and he, as as one of the candidates, would pledge himself to support such views.

Before the meeting closed, Mr Todd came forward and read a portion of a letter from Mr Walkem requesting him to obtain the views of the constituency upon the Indemnity question. It was objected that the time of bringing the matter up was inopportune, and the sense of the meeting being taken upon the point whether the question should be considered now, the nays carried it.

The meeting then adjourned.

NOTICE.—As I positively close business in a short time, I have reduced the prices of Ladies', Children's and Men's Boots and Shoes and Slippers. If you call and see the prices, you will be surprised.

MISCELLANEOUS.

To the Electors of the Cariboo District.

GENTLEMEN,—Having been requested by a number of Voters on Lightning and William Creeks to stand at the coming Election as a Candidate for the vacant Membership for this District, I have much pleasure in acceding to that request, and trust that should you honor me by electing me as one of your representatives, that my political career will justify your confidence.

I shall support no party, either Government or Opposition, for the mere sake of party, but will always advocate those measures that are calculated to promote the interest of the District I represent and the Province generally.

So many of the old grievances of this Province were removed last session that it is a hard matter for me to mention any measure that I shall particularly advocate, but of this rest assured, that I shall endeavor as much as lays in my power to see that the interests of the whole district are not neglected.

I remain, Gentlemen,
Your obdt. servant,
ABRAHAM BARLOW.

Barkerville, May 21, 1872. je1

To the Electors of Cariboo District.

I HAVE been requested by a number of Miners and other gentlemen to offer myself as a Candidate to fill the vacant seat in the Legislative Assembly created by the resignation of Mr Cornelius Booth.

In response, I now offer myself, and respectfully solicit your suffrages.

I will state briefly, that I will do all that lays in my power for the preservation of Miners' existing rights and privileges in their integrity.

I am very much opposed to the present ambiguous "Registration of Voters' Act," especially as it applies and works in this section of the country, its action being rather to disfranchise than to enfranchise the Miner. I would therefore endeavor to have it so altered and amended as to increase the facilities of registration and render the Miner's vote less changeable and more lasting when recorded.

In view of the increasing importance of Harvey, Keithley, surrounding and way creeks, I would recommend a postal subsidy, to be applied on the route between Barkerville and that District.

In my opinion, it would be to the interest of this community to have a bridge built across the Quesnel River at Quesnelmouth. I should consider it my duty to recommend the erection of one at the earliest possible moment consistent with the financial state of the Colony.

In the last session of the Provincial Parliament a great many of the abuses then existing were really aised, amendments to the Mining Laws and other useful measures were introduced by the present Ministry and passed by the House, the Ministry acting in accordance with the well understood wishes of the people. As long as they continue so to act, they will receive my support.

The Agricultural interests will also have my attention, and if I be returned I shall consider it my duty to examine into the working of the Land Laws, to support such measures as have for their object the amendment of the same, and the framing of the Laws so as to be beneficial to the present settler, and an encouragement to immigration.

I may state, in conclusion, that all good and useful measures will receive my support, whether they emanate from the present Ministry or from the Opposition, so long as they do not conflict with the interests of any particular section of the Colony.

Should I be returned as your representative, your interests will be my constant study,—to represent you faithfully, efficiently and honestly is my only ambition.

I have the honor to be, Gentlemen,
Your obedient servant,
EDWARD PEARSON.

Barkerville, May 25, 1872. my25

Such sale shall be by Public Auction, at the Court House, Richfield, at Twelve o'clock, Noon.

JOHN SLATER,
Secretary.

27th May, 1872.

THE CARIBOO SENTINEL

SATURDAY, JUNE 8, 1872

TELEGRAPHIC.

QUESNELMOUTH.

Quesnel, June 7—Sylvester arrived at Quesnel on the 4th inst., with $11,000 in dust. He reports the prospects good.

Wilson's boat, en route for Omineca, was upset and all the load lost.

Barnard's Express left for Barkerville at 4 p.m. to-day (Friday).

UNITED STATES.

San Francisco, June 4th—As the French Consul, M. De Breuil, was passing along Kearney street this forenoon, Etienne Guignault, an insane man, suddenly attacked him, striking him with a slung shot upon the head, inflicting a severe wound. He was instantly secured and locked up. He was also armed with a sharp knife, and intimated that he meant to kill the Consul outright, saying that he had not punished the Germans for plundering France.

New York, June 6—Considerable anxiety is felt in all the large establishments here.—The workmen are on a strike, and the police are held ready in case any difficulties occur.

Philadelphia, June 6—A majority of the laborers in this city have struck for an advance of wages, and quit work last night.

San Francisco, June 5—The steamer Prince Alfred sailed for Victoria this forenoon.—Passenger List—Henry Bush, C. E. Anderson, James Richardson, Mary and Susan Carving, Mrs Owens, Mrs Batchelor, Mrs McLean and two children, Miss Ball, R. E. Whilley, wife and child, Sarah and Kate Knox, Mrs Bailey, C. N. Davis, A. S. Van Horne, D. R. Brown, H. Hutchinson, Mr Sutter and wife, Colonel Larrabe, Capt. Burton, A. H. Cullen, J. J. Southgate, John Smeaton, John Beckinfield, J. P. Davies, B. A. Wadhams, Charles Rowe, and 64 passengers in steerage.

EUROPEAN.

London, June 3—In the House of Commons to-day Gladstone expressed his inability, on account of postponement of adjournment of United States Senate, to redeem his promise of making explanations regarding negotiations with the United States. He assured members that the supplemental article did not leave the subject of indirect claims at present or for the future open for any misunderstanding, and in this view the American Minister Schenck coincided.

Mr Disraeli censured the Premier for his omission to state whether arbitration would proceed on the 15th inst.

Mr Gladstone replied that this date had been kept constantly in view in negotiations, and asked if they had any reason to think the United States Government was inclined to withdraw from Secretary Fish's position, viz., that concessions from England must precede any settlement. It was distinctly understood that the United States was to make no claim for indirect damages at Geneva.

Mr Osborne considered the explanation amounted to nothing. The House and the country were unsatisfied. He hoped a distinct declaration would be extorted from the Government that unless the indirect claims will be fully, fairly, and immediately withdrawn England refuses to proceed with the arbitration. (Cheers.)

Mr Bugé gave notice he would move for an address to the Queen for the withdrawal of Great Britain from the arbitration unless indirect claims were abandoned.

Mr Otway asked if any new engagement with the United States had been made or accepted.

London, June 4—In the House of Lords, Earl Russell said the time had come when plain words were desirable, and gave notice that he would to-morrow press his motion for an address to the Queen for withdrawal from arbitration.

During the evening the Marquis of Hereford inquired if it was true that the band of the Grenadier Guards had been ordered to attend the Boston Jubilee.

Lord Scone replied yes; with the sanction of the Queen and Commander-in-Chief.

London, June 5—In the House of Lords last evening Earl Russell moved his long-impending address to the Queen for the withdrawal of England from the Geneva arbitration unless the United States abandons indirect claims. The Earl spoke at great length in support of his motion, reviewing the events of the war in the United States, the circumstances of the escape of the Alabama, and the subsequent negotiations with the British Government, concluding as follows: This nation must show, as it has before shown, that it is jealous of the honor of the British Crown. It must treat the United States as it treated them in the Trent case. (Cheers.)

Granville rebuked Russell for his allusion to the Trent affair, declaring that it would be the cause of ill-feeling, should the treaty of Washington fail, an event by no means certain.

Earl Derby disclaimed party feeling on the question. He had been told they should be careful not to offend Americans. He could conceive no higher compliment to the American people than that apprehension that a frank, plain statement might cause offence. He wanted to know where they stood.

Lord Kimberley regretted that Granville constituted himself an American advocate, and reiterated Earl Derby's demand for a plain withdrawal of indirect claims.

Paris, June 4—Marshall Vaillant died to-day, aged 82. He was

[Here the line gave out between here and Quesnel. Will be working at 9 a.m. to-day. OPERATOR.]

SUPREME COURT.

(Before MATHEW BAILLIE BEGBIE, ESQ., Chief Justice.)

MONDAY, July 3, 1872.

NAM SING VS. SING HIN.

Demurrer to plaintiff's declaration. The declaration charged that the defendant wrongfully sued the plaintiff in the County Court, he, the defendant, having no just cause of action, and claimed damages.

Mr Davie, for defendant, contended that no such action lay, as it was against the policy of the law in encouraging litigation and multiplicity of suits, and that a successful party could recover no more costs than the County Courts Acts allowed.

Mr Park contended the action would lie, and that the County Court Acts had nothing to do with the case.

The demurrer was allowed with costs.

WEDNESDAY, June 5, 1872.

The Court was opened in due form at 10 o'clock a.m. The following gentlemen were empannelled as a Grand Jury:

J. H. Todd, foreman; W. Davison, T. L. Briggs, G. Grunbaum, G. M. Morris, C. Vaillancour, Marcus Wolfe, Wm. Fraser, E. Pearson, D. Kurtz, F. Lallier, I. B. Nason, J. W. Lindhard, S. A. Rogers, Wm. Forrest, T. R. Patullo.

After an able charge from his Lordship the Chief Justice, the Grand Jury retired, and in the course of the proceedings returned the bills mentioned in another place.

F. NEUFELDER VS. JAMES GALLEN.

Action for goods sold and delivered, $550.

Felix Neufelder, sworn.—Sold goods to the amount of $409; account commenced Dec., 1868; account produced and sworn to; Mr Park applied two years ago for payment.

The Judge charged to give verdict for $404 50 and interest at 1 per cent. for such time as jury would allow. Verdict for $450.

THOMAS SIMPSON VS. ROBERT DRINKALL.

Action for $547 for work and labor and goods supplied.

The plaintiff's case was opened by Mr Park, who stated briefly the points the plaintiff could prove.

Thomas Simpson, the plaintiff, stated he performed 60 days' work on the house occupied by Mrs Brooks; that Robert Drinkall promised to pay him for it, and constantly inspected the work; that plaintiff frequently asked defendant for his bill and defendant never denied it, and offered to give an order for $20 worth of goods on Hudson Bay Co.

The plaintiff was subjected to a strict and searching cross-examination by Mr Barnston, in the course of which he produced a time-book in which the items for the work were charged against Robert Drinkall. He admitted also that Robert Drinkall's name was inserted in such book some time after the commencement of the work, when he (plaintiff) discovered that a bill of sale had been made to Drinkall of the house. It was also elicited from the plaintiff that he had rendered an account to Mrs Brooks for the greater portion of the work, for which he now sued the plaintiff.

Mrs Brooks was called, and stated that she spoke to Drinkall about the work before its commencement, and he promised to see Simpson paid. She produced a bill of sale of her own to Drinkall of the house. On cross-examination, she denied that such bill of sale was made to place her property out of reach of her creditors; and when called on to produce the bill rendered to her by Simpson, she said it was lost, and that the plaintiff, on cross-examination, had been bullied into admitting that it contained items now sued for and was in full of all demands.

Mr Davie opened the case for the defence, denying that the defendant had ever sanctioned the work done by the plaintiff; that the contract was made with Mrs Brooks, to whom plaintiff had rendered a bill of the work and had settled it with Mrs Brooks, receiving money and settling the account in full of all demands; that the case was governed by the Statute of Frauds. The counsel then referred to the non-production of this bill and receipt, which ought to be in the possession of the plaintiff's witness, as showing the action was an attempt to force a liability on defendant never contracted nor contemplated by him.

Robert Drinkall was called, and deposed that he never authorised or promised to pay for the work of Simpson; that he never admitted the account but invariably denied it; that he had seen a bill of plaintiff's made out against Mrs Brooks for the work now sued for, in which credit was given for whiskey, board and cash, and which was receipted by plaintiff in full of all demands.

George Montgomery deposed that he had a conversation with the plaintiff in which the latter stated he could not get his money from Mrs Brooks, and that he was going after Mr Drinkall to see if he (plaintiff) could get anything from him.

Mr Barnston summed up the case for the defendant, and adverted to the shallowness of the plaintiff's case, pointing to the absence of any contract on the part of the defendant; that the case at the best was governed by the Statute of Frauds, and in any event had been settled by the plaintiff with Mrs Brooks.

His Lordship in summing up told the jury that if the defendant in the first instance employed the plaintiff to perform the work, and the plaintiff upon the faith of such engagement trusted for pay to the defendant, and that the plaintiff had not been paid, he was entitled to a verdict; but that if the defendant had merely promised to pay a debt contracted by Mrs Brooks, such promise was within the Statute of Frauds, and must be in writing;—that the jury in arriving at a conclusion on the first point must consider the acts and conduct of the parties, and pointed out the particular points in the evidence bearing upon the case. The plaintiff also should have produced the receipt, as it would have thrown great light on the case.

The Jury retired, and in about ten minutes returned with a verdict for the defendant.

REGINA VS. SOO LANG.

The defendant was indicted for obtaining money under false pretences.

Mr Barnston, of counsel for the Crown, stated the charge—viz., that the defendant collected five dollars from a Chinawoman under the false pretence that he was authorised so to do.

Mrs Moy deposed that the defendant endeavored to obtain money from her under such pretext, but she would not give anything.

San Moey, another Chinawoman, deposed that the defendant made the same representations to her, and that in consequence she paid him $5.

Mr Davie, for the defence, stated that the defendant was the object of persecution on account of having brought an offender to justice, and hence the present charge. Fortunately such charge would be refuted by the substantial proof of an alibi as to time and place of the alleged false pretences.

Ah Yune—Am Kwong Lee's manager; on the night in question the defendant was in our store playing chess from half-past 6 until 10 o'clock. Two other witnesses deposed to the same effect.

After addresses from counsel for defence and prosecution, and an impartial summing up by the Chief Justice, the jury immediately returned a verdict of "not guilty."

REGINA VS. HENRY PEARCE.

Indictment for assault. Mr Davie, of counsel for Crown, stated the charge—viz., that on Sunday week last the defendant on being applied to by a Chinaman named Remos for money due to him, struck him in the face and kicked him in the stomach.

Remos, Wong Wee, and Wa Lee gave evidence of the striking and kicking, and Dr. Chipp as to the injuries of the defendant.

The defendant made a long statement to the jury, who retired and shortly returned with a verdict of common assault.

His Lordship made reference to the brutal and coward-like character of the assault and to the defendant's bad character, and sentenced him to 12 months' imprisonment.

CRIMINAL CASES.—The Grand Jury returned a "No Bill" in the case against Jean Caux for perjury; and "True Bills" against Loo Lang alias Charley, for obtaining money under false pretences; John Giscome, for assault with intent to do grievous bodily harm; Low Sow, Now Kow and Ah Fat, for robbery; You Non, for stealing a watch; Harry Pearce for an aggravated assault; and a second bill against Soo Lang for obtaining money under false pretences.

Harry Pearce was convicted of the assault and sentenced to 12 months' imprisonment.

Soo Lang (on the first charge), John Giscome, Low Sow and others, and You Non, were acquitted. The last charge remains to be tried.

MINING INTELLIGENCE.

WILLIAM CREEK.

The Forest Rose co. washed up 250 oz. last week, and 75 oz. on Wednesday. The Ballarat co. are progressing well with their new shaft. The Black Jack co. and the claims above the canyon are piping.

LIGHTNING CREEK.

The South Wales washed up 80 oz last week. The Clarke co. has started work again, and the ground looks favorable. The Eleven of England co. are on good pay, but have lost the rock, and the supposition is they have not yet bottomed Lightning channel. The high water has stopped several claims from working.

HARVEY CREEK.

The last dividend of the Minnehaha co. was 25 oz. to the interest. The contract for the Cummings co. is nearly completed. The Foster co. have commenced cutting a tail-race some 400 feet long. The Manitoba co. cannot lay their flume till after the freshet.

ANTLER CREEK.

The Manitoba co. have commenced ground-sluicing. This company's claims are situate on the upper part of the creek, about 400 yards above the old French co. of 1861. The Porter co. are busy whip-sawing lumber for a new wheel, and are also building a substantial head-dam to keep the creek out of their works. This claim ought to prove a very valuable one, being directly above the Murray and French claims which paid so well in '62 and '63. The company working in the old Montgomery and Buckley claims have been doing very well.

THE MEADOWS.

The Lane & Kurtz Cariboo Mining co. found gravel at the roof of their tunnel on Wednesday, 5th inst. The bedrock appears to dip off at an acute angle, indicating that deeper ground is near.

MEETING AT VAN WINKLE.

A meeting, called by Mr Pearson, was held at Lindhard's saloon, Van Winkle, on Tuesday evening last. Mr Adam Prentice occupied the chair, and Mr B. Healey acted as secretary.

Upon being called upon by the chairman to address the meeting, Mr Pearson expressed himself in favor of postal subsidies being given to Harvey, Lowhee and other outlying creeks, thereby centralizing interests in Barkerville, which would cause competition, the fruits of that competition being a reduction in prices, and as a consequence thereof miners would be able to live cheaper. Mr Pearson expressed himself as strongly opposed to grants of mining ground being given on prospected creeks to Lane & Kurtz or any other company who might apply for them. He was also opposed to any increase of indemnity to members. The interest of the Province in general, and of his constituents in particular, would always meet with his support if returned as member for Cariboo. At the conclusion of his speech he signified his willingness to answer any political question that any one chose to ask him.

Mr McInnes wanted to know Mr Pearson's opinion on the Chinese question, in regard to making them contribute their share towards the Government.

Mr Pearson was in favor of "piling on the agony."

Mr Prentice wished to know, in the event of a deficiency in the revenue, by what means he would propose to augment it? Mr Pearson replied that he would be in favor of a "Waste Land Tax."

Mr John L. Muir said he wished to put a motion before the meeting in regard to the indemnity paid to members. He did not consider the present law a just and fair one. Members from the outlying constituencies being put to a much greater expense than those from near the capital ought to have a larger allowance in order to cover their extra expenses. He therefore moved

"That the present allowance, is not adequate, and that an increase ought to be made to members from outlying districts."

The motion was seconded by Mr Birmingham.

Mr John Slater moved as an amendment "That the allowance made to members is amply sufficient." Seconded by Mr Joseph Gilmore.

The chairman put the first motion to the meeting, when it was carried by a large majority. A vote of thanks was given to the chairman and secretary, when the meeting adjourned.—[COM.

THE FIRST TRAIN from Yale (Turk's), with goods—principally candles—for J. W. Lindhard, Vanwinkle, arrived at Vanwinkle on Sunday, June 2d. Phil. Grinder's train, from Dog creek, with flour, for Lindhard, also arrived at Vanwinkle last Monday.

HOTELS, RESTAURANTS, &c.

Bark'rville Brewery

Vaillancour, Hunter & Lavery,

[SUCCESSORS TO N. CUNIO,]

PREVENTION BETTER THAN CURE.

I HAVE been requested by several respectable parties, who can testify to the efficacy of my system, to again make public the fact that

Moses' Hair Invigorator

WILL PREVENT BALDNESS,
RESTORE HAIR THAT IS BECOMING THIN OR FALLING OFF, and effectually CURE SCURF OR DANDRUFF.

This is not a mere assertion on my part, as I have in my possession numerous testimonials certifying to the success of my remedy.

I do not of course pretend that I can make the hair grow on heads which have been bald for years; but I will guarantee to stop the hair from falling off, to increase its growth, and effectually remove Scurf or Dandruff.

W. D. MOSES,
Barkerville, B.C.

CERTIFICATE.

This is to certify that during last spring my hair was rapidly falling out and my head was fast becoming bald, when I applied to Mr W. D MOSES, Barber, Barkerville, who in a few weeks restored my hair to its former healthy state. DAVID GIBBONS

Barkerville Dec. 29, 1866 o26 y
