THE CARIBOO SENTINEL

WEDNESDAY, OCTOBER 23.

BY TELEGRAPH

CLINTON.

Clinton, October 21—It commenced raining here at half-past 6 on Saturday evening, and shortly afterwards turned to snow, covering the ground to the depth of several inches. It only remained on the ground a few hours.

33-Mile House, Oct. 19—It is snowing hard here this evening. West's bull team passed down to-day.

YALE.

Yale, October 22—Weather pleasant with frosty nights.

The shifting of a portion of the Telegraph line near the Sisters was commenced this morning, and will occupy about three days. Telegrams will be passed over the break by an operator during the interruption with slight delay.

The death of so many prominent local steamboat men within a short time causes a feeling of gloom to pervade the entire community.

The Lane & Kurtz boiler and machinery was shipped on the 18th by U. Nelson's team.

The Express left yesterday morning with Mrs Coleraith, for Soda Creek, and Robert Jones, for Lytton, as passengers.

NEW WESTMINSTER.

New Westminster, October 16—It is reported on good authority that there are two cases of small-pox among the Indians here to-day. The other cases are recovering.

The steamer Cariboo arrived from Victoria this afternoon with a few passengers and large freight for E. Brown and Moody, Dietz & Nelson.

About forty tons silver ore from the Hope silver lead is now laying on the wharf here awaiting shipment below.

Weather fine and clear.

New Westminster, October 18th—James Hume, purser of the steamer Onward, who was taken ill on Monday last, died at the British Columbian Hospital last evening at half-past 8 o'clock of typhoid fever.

No new cases of small-pox reported the last few days. Strict precautionary measures are being taken to prevent the spread of the disease. A house has been fitted up some distance out of town as a small-pox hospital and the Indian cases removed to it. The other cases are doing well.

New Westminster, Oct. 19—James Hume was buried last night. Doctors Trew, Carrall, and Foster held a consultation over the body, but did not determine what the nature of the disease had been. Precautions have been taken in case the disease may be infectious.

The Indian cases of small-pox have been completely isolated, and all possible steps taken to prevent any further spread of the disease. Dr. Carrall came up by the Enterprise with authority to act with Dr. Trew in arranging matters thoroughly.

The Onward left for Yale at 8 a.m. with a fair freight and mail and Barnard's express for Cariboo.

The Burrard Inlet cable is repaired and ready for submersion, which will be done in a few days.

New Westminster, October 20—The health of the town is improving. No new cases of small-pox, and the invalids are all doing well.

VICTORIA.

Victoria, October 18—Mr B. P. Griffin has been appointed by the Government Clerk of the Bench for Yale. It is said that Mr Berkeley, the present clerk, will return to Victoria to resume a position in the Provincial Treasury.

The Colonist has the following: It is rumored that all the parties, engineers and men, with the exception of those engaged in the Bute Inlet survey, which is still incomplete, will be paid off and discharged immediately, and that a thorough reorganization will be made early in the spring for a critical survey of the road; that Mr Wall goes to the Mainland to-day charged with the duty of discharging all hands.

Mr M. P. Buckner, of Olympia, was found dead on the afternoon of the 14th, having committed suicide by shooting himself with a revolver.

The Dominion Government has taken charge of the Savings Banks of this Province. The Savings Banks at Cariboo and Yale will be closed, and only those at Victoria, New Westminster and Nanaimo maintained.

Victoria, October 16—The U. S. sloop of war St. Mary, towed by H.M.S. Scylla, put to sea yesterday on special hydrographic services. The Scylla sailed for England.

The steamer North Pacific brings a few days later dates than the Prince Alfred.

Grand Master Powell and Grand Secretary Heisterman, of the Masonic Fraternity, have gone on a tour of inspection to Nanaimo.

Victoria, October 21—Early on Saturday morning, while the sloop Mystery was coming from San Juan Island, Mr Richard Pearce was struck by the boom and knocked overboard. A smart breeze was blowing at the time, and although every effort was made to save him, he sank after being in the water for nearly an hour. Mr Pearce was well known and much respected.

Capt. Swanson, formerly Captain of the H. B. Co.'s steamer Enterprise, died ——

EUROPEAN.

London, October 17—A passenger train on the Eastern Railroad ran off the track near Clumford. The cars were precipitated down an embankment and dashed to pieces. No details of the killed or wounded received.

Advices from Alsace and Lorraine represent that the exodus will wholly depopulate those countries. In Metz it is said only 15 recruits remain, all unfit for service. In Ottzerman, an Alsatian town of 600 inhabitants only 31 qualified for service remain. It is also alleged that 14,000 people have left Metz during the last fortnight, reducing the population of the town to 10,000, exclusive of the 25,000 German troops who keep watch and ward over them.

Paris, October 20—Prince Napoleon has appealed to the Procureur-General of France for redress against the Minister of the Interior, Prefect of Police, and others who took part in his ejection. The appeal is made in accordance with the provisions of the penal code. Should it be rejected or disregarded the Prince will commence proceedings in the Courts against the parties concerned, and will avail himself of all legal means in defence of his rights as a citizen of France and the punishment of those who have illegally driven him from his country.

Brussells, October 17—A Communist who surrendered to the authorities here, has confessed to have been an accomplice of Traupman who murdered the Van Troup family in Paris.

Government has resolved to support at the approaching session of the Assembly a motion for the appointment of a Commission to investigate the Ollivier and Palikao Cabinets, preparatory to the impeachment of the Imperial Ministers on a charge of having provoked war with Prussia. This motion was made by the Left during last session, but voted down, the Government taking no part.

The London Times says of the fire at the Escurial palace, Spain, that not a book, manuscript or picture was injured. The church and palace with their pictures and other contents were not hurt. Forty thousand dollars will repair the buildings, which the king will defray from his own purse.

Madrid, October 20—A bill has been introduced in the Cortes abolishing the death penalty for political offences, and has passed first reading.

UNITED STATES.

Chicago, October 14—Weather very cold for this season of the year. The first snow fell yesterday morning, but not heavily.—Heavy frosts reported in all the Western States on Saturday and Sunday nights. Crops all out of danger.

NOTICE.

HAVING DISPOSED OF OUR entire business to Messrs. NEUFELDER & CO., we would thank the public for their kind patronage, and ask a continuance of the same for our successors.

Mr MARCUS WOLFE is our authorized Agent, who will pay all liabilities, and to whom all accounts must be paid.

We would here request all those indebted to us, either by Note or Book Account, to make as speedy a settlement as possible.

THE CARIBOO SENTINEL

SATURDAY, OCT 26 1872.

THE GENEVA AWARD.

In the Victoria Standard, of the 9th inst., is published the full text of the award of the Geneva Board of Arbitration in relation to the claims made by the American Government against England, arising out of the depredations of the "Alabama" and her sister cruisers. It is almost needless for us to say that that award is against the latter power, although hardly to any greater extent than was generally expected, the sum actually awarded being fifteen millions five hundred thousand dollars. The arbitrators, exercising the discretion allowed them by the terms of the treaty, wisely we think adopted the plan of awarding a lump sum instead of attempting to arrive at the same result by a tedious inquiry and investigation of all the claims relating to the cruisers regarding which claims were allowed. The award first sets forth in technical language the names and titles of the arbitrators appointed by the two Governments, and the causes and facts relating to the assemblage of the Board of Arbitration in Geneva. After referring generally to the treaty, cases, counter cases, and documentary evidence it lays down the principle in broad terms that the due diligence which a neutral Government is bound to exercise under like circumstances is "in exact proportion to the risks to which either one of the belligerents may be exposed by failure to fulfil obligations of neutrality on their part;" and it further says, the granting of a commission by one of the belligerent powers to the cruiser subsequent to its construction, equipment, and armament cannot in any way relieve the neutral power from any liability incurred previous to the granting of a commission, and the obtaining of a commission is treated as the "ultimate step by which the offence is completed." Guided by these and similar rules, it proceeds to the consideration of the Alabama case, and in relation to this celebrated cruiser says "it clearly results from all the facts relative to her construction in the port of Liverpool, her equipment and armament in the vicinity of Terceira through the agency of other vessels dispatched from Great Britain for the purpose, that the British Government failed to use due diligence in the performance of its neutral obligations, and notwithstanding official representations by agents of the United States during the construction of said ship, omitted to take effective measures for its prevention, and that orders for her detention, which the British Government did finally give, were issued so late that the execution of said orders were not practicable." These circumstances, together with the fact that after the escape of the vessel the British Government took no measures calculated to lead to any result to arrest her in her eccentric career, and that she was freely admitted into ports of the colonies of Great Britain and not proceeded against, and England had sufficiency of legal means at her command to put a stop to her proceedings, induce the arbitrators to come to the conclusion that Great Britain has in this case omitted to fulfil the obligations imposed upon her by International law and the rules established by the Treaty of Washington. It will be seen from these remarks that the whole case hinged upon the amount of diligence which England was bound to exercise in preventing the departure of the Confederate cruiser, for it is evident that if the Alabama escaped in spite of every precaution on the part of the British Government, her subsequent commission as a man of war belonging to the Confederate Government would give her all the privileges which were acceded to her by Great Britain and other neutral powers; nor under those circumstances would England have been bound to pursue her or proceed against her in her colonial ports. These duties would only devolve upon her as a means of remedying the fault committed by her in not exercising that watchfulness imposed upon her by her neutral obligations. She was not bound to implicate herself in war or other trouble by the display of unwonted zeal, even although she had the power of carrying out the most zealous intentions, nor was she bound to use other means to carry out her international obligations than those prescribed by her own municipal laws, which, however, appear to be sufficient for all practical and legitimate purposes. It is quite evident, therefore, that the majority of the arbitrators considered that the whole liability of England hinged upon the unprevented departure of the vessel, and the other obligations referred to merely resulted from her negligence in the fulfilment of the primary one. In the result of the award relating to the Alabama, Lord Chief Justice Cockburn concurred, but for reasons separately assigned by him. For very much the same reasons as those assigned in the case of the Alabama, a verdict is given against England in the case of the "Florida," by a majority of four to one, and in the case of the "Shenandoah" by a majority of three to two. As regards the Tuscaloosa, Clarence, and Tacony acting as tenders to the Alabama and Florida, and the Georgia, Sumpter, Nashville, Tallahasse and Chickamauga, the Court of Arbitration was "unanimously of opinion that Great Britain had not failed to fulfil the duties prescribed under the three rules of the Treaty or by International Law," and the cases of the Sallie, Jeff. Davis, Mysic, Boston, and Joy were excluded from consideration for want of evidence. The costs incurred by the United States in the pursuit of the cruisers are set aside by a majority of three to two, as not being distinguishable from the general expenses of the war, and prospective injuries were excluded as being contingencies of too uncertain a nature, and all double claims for the same loss and all gross freight in excess of net freight were placed in the same category, and compensation is fixed at the sum already mentioned. All claims that are under the Treaty of Washington referred to the Arbitrators are now fully and finally settled, and on the whole perhaps not much to the dissatisfaction of either, which under the circumstances was as much as could be expected. Lord Cockburn refused to sign the award, preferring to state the grounds of his concurrence or dissent in a separate document. That document, emanating as it does from one of the ablest and most accomplished jurists of the day, will no doubt be a masterpiece of reasoning, and will be of particular interest as showing the particular points upon which he differed from the other arbitrators.

October 11, 1872. oct12 1m

THE CARIBOO SENTINEL

SATURDAY, OCT. 26, 1872.

BIRTH.

At Barkerville, 18th October, 1872, the wife of ANGELO PENDOLA, of a son.

BY TELEGRAPH

LAST NIGHT'S DISPATCHES.

QUESNELMOUTH.

Quesnelmouth, October 25—The steamer Victoria arrived at 4.30 p.m. She brought 11 passengers, among whom are Messrs. Neufelder, Denny, Howse, McKay, and Beedy; also, 40 tons freight for the following parties: Lindhard, Peebles, Kurtz, Todd, Robertson, Mason & Daly.

The stage, with eight passengers, left at 5 o'clock.

Beedy's, Barlow's, and Dutch George's teams left with freight this morning.

NEW WESTMINSTER.

New Westminster, October 26—The Indian woman who was ill with small pox, has died. There are now no cases among the Indians, and no new cases reported amongst the white population. Two of the cases are entirely recovered and the others are doing well. Several white men are in quarantine some distance out of town.

At the Rifle Match between the Artillery and the Rifle corps on Saturday the artillery won by nine points. Shooting on both sides exceedingly good.

New Westminster, Oct. 24—The health of the town is still improving.

Moody & Co.'s steamer Cariboo, after discharging cargo of lumber, left for Burrard Inlet yesterday with about 30 tons silver ore from the Hope Silver mine for shipment to San Francisco.

VICTORIA.

Victoria, October 24—Captain Swanson, formerly Captain of the steamer Enterprise, died this morning after a lingering illness. He will be buried on Wednesday under the auspices of the Masonic fraternity.

The Gazette of the 19th contains a notice fixing the Assizes for Nov. 26.

Victoria, October 23—Mr Richardson, the Geologist, and assistants, with G. T. Paree and J. N. Deans, went over the new trail from Quaitcall to Alberni.

Mr Pearse extends the time for tenders for the removal of the Sister rock to 2d Nov.

THE SAN JUAN ARBITRATION.

New York, July 23—A special from London says that the written judgment in the San Juan arbitration only now wants the signature of the Emperor. It decrees in favor of the United States, making the Canal de Haro the boundary. The cause of delay in the judgment is that an English diplomatic intrigue is on foot, the object of which is to modify the Emperor's judgment so as to cause the arbitration to become a failure. Odo Russell, the English Minister at Berlin, therefore strives to prevent the Emperor acting on his judgment, and is endeavoring to raise a false issue. The article in the Times of Oct. 18th, inspired by the Foreign Office, represents the views of the Government. It argues that the Emperor may decree upon any one of three channels and falsify the words of the Treaty. Judgment is required on two specified points. Should Russell fail to get the declaration favoring the Rosario channel for boundary, he is to labor for a new judgment; that is, that neither the Haro or the Rosario is the channel described in the Treaty. Thus the arbitration will fail like that submitted previously to the King of the Netherlands, who, instead of giving a definite decision, recommended compromise. The efforts of the Princess Victoria, wife of the Crown Prince, has been enlisted by those engaged in the intrigue. Robor, a Jew Banker, and an intimate associate of Bismark, is very useful in the matter to Russell. He has just been appointed British Consul-General at Berlin.

Washington, October 23—The following special has just been received from Minister Bancroft:

"Berlin, October 23.

"To Hon. Hamilton Fish, Washington.

"The experts to whom the American Memorial on the Canal de Hare and the British Case were deferred, have made each an elaborate report on the question, supporting their opinions by reasons stated with tyrannical precision and exactness. The Emperor has also, with the highest sense of official duty, given his personal attention to the question, and after most careful study and deliberation has arrived at a conclusion satisfactory to his own sense of justice. The reports of the experts, with other reasons, have been communicated to the United States Government. The decree of the Imperial arbitrator which was then communicated, has the form not so much of a decree in Council as of a Cabinet origin.—It does not enter upon an elaborate exposition of the decision, but without diverging in the least from the point presented for arbitration decrees that the claim of the United States is most in accordance with the interpretation of the Treaty of June 19, 1846. I shall forward official copy of decree by special messenger.

(Signed) "D. BANCROFT."

UNITED STATES.

Washington, October 21—General Doyle, Commander-in-Chief of the Canadian forces, was at the Executive mansion to-day.

EUROPEAN.

London, October 21—The steamer Batavia while en route from Blackwall for the river Rhine, collided with an unknown vessel, severely injuring her, and she soon after sank. All on board saved except two.

The Press generally praise the efforts of the American Board of Trade to procure reciprocal treaty with Canada, and are of opinion that the success of the Treaty of Washington led to this action.

Admiral Cochrane, of the Royal Navy, died last night.

The gallery of a circus filled with spectators fell on the heads of the mass of people below. About seventy were injured.

The steamer City of Mexico collided with a German bark off Leith to day, sinking her in a few minutes.

London, Oct. 23—The Royal Geographical Society gave a banquet to Stanley last night. Many of the nobility and a number of American gentlemen were present.

OMINECA NEWS.

Mr Felix Daoust, who left Germansen creek on the 2d inst., arrived here on Thursday morning, the 17th inst., and brings the following intelligence: On

GERMANSEN CREEK

the Paine co. paid well the whole summer. Doc. Holloway also did very well. The Frigon co. took out 110 oz. in two weeks, which was all that claim took out for the season.—The Taylor co. paid well; but what amount that company realized is uncertain. Jim Welch's company paid over expenses. Bon Jose & co. have taken out from $8 to $9 per day for the season. Many other companies took out some money, but nothing of any great consequence. On

SLATE CREEK

the Guichon co., two men working, took out 180 oz. for the season. Other companies on this creek took out gold, but none of them made over wages. On

HANSON CREEK

the Peterson co. paid well; cleared from $3000 to $4000 to the interest. Some other claims on this creek paid wages and over, but many did not. On

BLACK JACK GULCH

R. Hamilton & Co. made a small stake. Other companies were supposed to pay about wages.

LOST CREEK.

The Discovery co. has paid well the whole season—from 70 to 100 oz. per week.

PROSPECTING.

Oliver Fontaine has obtained a prospect about 100 miles north-west from Germansen creek on a stream called "Strange River." The prospect was considered a good one.—Harper and others have gone to Liard river, and will prospect in that vicinity, gold having been found there.

MISCELLANEOUS NEWS.

Charley Seymour is on his way down with the Indian prisoner who is accused of having killed two squaws. The woman who was accused of assisting him was released.

Messrs. de Nouvion, Ercole, Guichon, and Ira Crow will probably be down next week. Mr Smith (Smith & Sterling) may also be expected down shortly. Girod, Cohen, M. Adler, and Sterling will winter in the mines.

There was a big freshet about one week before M. Daoust left. It made a clean sweep of flumes, wing-dams, &c., and stopped mining for the season. Snow commenced falling on the 2d inst., and there was about five inches on the summit near Manson creek. There was no snow from Harper's camp, 20 miles this side of the summit. The weather was, with the exception of three days' rain, pleasant.

Provisions rated as follows: Flour, 30c; bacon, 60c; sugar, 50c; tea, $2 50; coffee, $1 50; butter, $1 25; can fruit, $1 to $1 50 per can; dried apples, 62½c; peaches, 75c; beans, 40c to 45c. Beef from 25c to 30c.—Clothing and dry goods generally cheap.

Times were considered hard, and not many were expected to winter in the mines.

BIG WASH-UP.—The Point co., up to yesterday at noon, had washed up 318 oz. for that much of the week.

MINING INTELLIGENCE.

WILLIAMS CREEK.

The Ballarat co. took out 71 oz. last week. The Forest Rose is taking out pay. The Cornish co. have washed up over expenses.

THE MEADOWS.

This company are making preparations for the new boiler and large pumps now on the way from Yale. The prospects obtained was coarser gold than any expected, and is certainly favorable. We understand they intend to use two eighteen, two thirteen, and two ten inch pumps. If they fail to prove the Meadows it will not be for want of steam, energy, or perseverance; and with these means and money at their command, failure is impossible.

JACK OF CLUBS CREEK.

The Discovery co. paid over wages last week. The Two Sisters co. for the same time took out between 27 and 28 oz. The Two Brothers co. have run out from the bottom of the shaft into the deep ground and will sink a blind shaft.

LOWHEE CREEK.

The Black Bull co. have completed their ditch from Mink gulch to a point nearly opposite the Catholic chapel. On the claim the same company is preparing for their winter's work. The Victoria co. is taking out small pay. The Calaveras co. are cutting off water that is troubling them and turning it into an old drain.

LIGHTNING CREEK.

The Spruce co. are still in bed-rock, 40 feet from the shaft. The Point co. took out 278 oz. last week, 127 oz. on Wednesday at noon, and is still looking very rich. The Vanwinkle co. continue running their drain. The Victoria co. have quit work pending the arrival of their pump. The Vancouver co. are putting up a 24-foot wheel and new machinery, which will be ready to run in three or four weeks. The Gladstone co. have fixed up their house and flume for the winter, and have taken up rock so as to get pretty nearly into the channel; have found fair prospects, but finding the water troublesome have started a new drive to cut the water off ahead. The Water Lily co. are sinking a wheel-pit. The Eleven of England co. are finding more favorable looking ground. The West of England co. have completed their machinery and have commenced sinking. The Murtle co. are sinking a wheel pit.

ANTLER CREEK.

The Eureka co. have broke into the side of the channel, and find washed gravel and boulders; expect to be in the centre of the channel in a short time. The Nason co. (the old Tudor co. enlarged) are preparing for work.

HARVEY CREEK.

The Foster co. have put in new pumps and have finished their cistern, and are again sinking. The Minnehaha co. commenced washing last Monday—result as yet unknown; have completed their drain tunnel 330 feet ahead of the face. The Cummings co. have got the water out of the diggings and will be washing by this time. The Manitoba at last accounts were finding gold, and expected to be on pay this week. The Dominion co. are still driving ahead. The Perseverance co. is paying over expenses. The Clyde co. have been stopped for want of hands.

MINING RECORDS.

GOLD CREEK.

Sept. 2—Discovery co.—Recorded in favor of Stuart Smith, James Allan, Wm. Heron, and G. L. Shepherd, four discovery creek claims, commencing at a point of high rock on east side of the creek, about one mile from its mouth, and running from thence up stream 600 feet. Granted by the Gold Commissioner, gold having been found and produced.

Sept. 12—Gold Creek co.—Recorded in favor of B. Deffis, James Montgomery, O. Cromwell, John Bastedo, Sam. Pearce, and M. Radovich, each 100 feet; and in favor of F. Lallier, B. N. Maury, each 100 feet in trust for the co., in all eight creek claims, commencing about 900 feet above the Discovery co. and running up stream 800 feet.

Sept. 12—Florida co.—Recorded in favor of R. McWha, Henry Bowden, Edwin Holloway, A. Ende, Peter McCann, Frank Saforcado, A. Clotworthy, and John Shaw, nine creek claims, commencing at the upper line of the Discovery co. and running up stream 900 feet.

Sept. 13—Gold Creek co.—Recorded in favor of Robert Brodie, Angelo Pendola, C. F. Wyatt, Thos. Bell, and Frank Domivez, 5 creek claims, commencing at the upper line of the Gold creek co. and running up stream 500 feet. To be worked in conjunction with and form part of said Gold creek co.

Sept. 17—Alabama co.—Recorded in favor of Wm. Manson, A. McAlindon, Wm. Heron, J. Pomeroy, G. A. Dow, G. Gadd, C. P. O'Neil, F. Lallier, T. R. Patullo, F. Hansen, B. Dexter, S. A. Rogers, 12 creek claims, commencing at the lower line of the Discovery co. and running down stream 1200 feet.

Sept. 17—Monitor co.—Recorded in favor of Arthur Johnson, David Lewis, Wm. Parry, W. O. Jones, David Jones, W. T. Rees, P. R. T. Leacy, and Solomon Jones, 6 creek claims, commencing at the lower line of the Alabama co. and running down stream 800 feet, being in width the whole creek from bank to bank of side hills.

Sept. 25—Florida co.—Recorded in favor of Alex. McWha, 100 feet of ground, a creek claim, commencing at the lower line of the Florida co. and running down stream; also, in favor of Wm. Heron, 75 feet of ground on said creek, commencing at the upper line of the Discovery co. and running up stream 75 feet. The whole to be worked in conjunction with and form part of said Florida co.

NELSON CREEK.

Sept. 2—Ah Sing co.—Recorded in favor of Ah Sing, 5 creek claims, commencing at a dam and running down stream 500 feet; re-record of the whole co., now part of the Ah Sing co.

Sept. 2—Recorded in favor of Ah Cow, 1 hill claim on left side of creek; re-record.

Sept. 2—Recorded in favor of P. Gulgan, 200 feet, discovery claims, on right bank at upper end of canyon; re-record.

THE SAN JUAN DISPUTE.—It would now appear by the tone of our telegraphic dispatches that this far-famed dispute is about drawing to a close; and although we believe a Philadelphia lawyer would be the most capable of putting a proper construction upon New York and Washington dispatches, still in the absence of that individual we may venture a remark upon the last lot. We are first told that the Emperor of Germany's decision is in favor of the United States, but that it is unsigned, and that Mr Odo Russell, the British Embassador, and the Crown Princess of Prussia and a Jewish banker named Rober, are all intriguing in favor of England, and then we are favored with a dispatch from the American Minister which says the decree is worded with "tyrannical exactness and precision." We think the Bancroft dispatch does credit to the Washington reporter, but from the whole tenor of the reports we are much inclined to believe that that dispatch is a hoax, and that the decision is in some way adverse to Brother Jonathan, who is merely letting himself down quietly by blowing off steam against English Embassadors, Crown Princesses, Jewish bankers, and all other disreputable characters.

THE WEATHER AND WATER.—Snow commenced falling on Saturday last, the 19th inst., and has, with the aid of occasional additions, lain on the ground since that time.—During the week the nights have been as a rule frosty and the days tolerably fine.—Judging from present appearances there is every indication of an early winter. If sufficient snow now falls to cover the ground well, miners will have an abundance of water for some time to come.

ACCIDENT AT QUESNEL.—We regret to state that Mrs Barlow, wife of Mr A. Barlow of that place, met with a severe accident on Monday last. Mrs Barlow was unfortunately thrown from a horse and had her arm dislocated and was otherwise bruised, and at last accounts was suffering much pain. Dr. Bell was immediately sent for, and went down to her relief on Wednesday last.

REPORT.—In one of the late numbers of the Colonist it is reported that Mr Joseph Hunter, one of our representatives, will be appointed Surveyor-General in place of Mr B. W. Pearse, who has received a Dominion appointment. If the report of Mr Hunter's appointment be true, we are satisfied that he will fill it with satisfaction to the Government and his friends here.

BARNARD'S EXPRESS arrived from below on Saturday morning, bringing a mail, an express, and one passenger—Col. Lane. The down Express left on Sunday morning with mail, express, and the following passengers: Messrs. A. E. B. Darle, Thomas Potter, James Clark, and J. J. Cowley, for Yale.

THE MINERS' SALOON.—The well-known premises formerly occupied by Mr P. Manetta, have been re-opened as a saloon by Mr Andrew Jeffray, who invites his friends and the public to call and sample the superior wines and liquors which he will always keep on hand.

SALE OF MINING INTEREST.—The interest of the late Colin Chisholm, deceased, in the First Chance Co., on Jack of Clubs Creek, was sold yesterday at noon by Mr Geo. Byrnes, under order of the Official Administrator, for $370.

REMOVAL.—The office of the CARIBOO SENTINEL has been removed to the two-story building formerly known as Blanc's Photographic Gallery.

LEGAL NOTICES, &c.

Richfield, Sept. 9, 1872. se14

IN THE SUPREME COURT OF BRITISH COLUMBIA.

In the matter of NICHOLAS BAILEY, deceased, Intestate.

ALL PERSONS INDEBTED TO THE ABOVE ESTATE are required to pay such debts immediately, and all persons who have claims against such Estate are required to send them in to me on or before the FIRST DAY OF NOVEMBER next.

C. E. POOLEY,
Official Administrator.

Richfield, Sept. 9, 1872.

"The Registration of Births, Deaths and Marriages Act, 1872."

NOTICE.

PUBLIC NOTICE is hereby given, that from and after the 1st day of September next, all Births, Deaths and Marriages within the Province of British Columbia are to be Registered under the provisions of "The Registration of Births, Deaths, and Marriages Act, 1872," at the Office of the District Registrar of the District wherein the same respectively shall take place, and within the times following, that is to say:

BIRTHS—Within 60 days from the date thereof.
DEATHS—Within 30 days after interment.
MARRIAGES—Within 30 days from the date thereof.

Every Householder, Head of a Family, Clergyman, Physician, or other person or persons, required by the said Act to report Births, Deaths and Marriages, who refuses, or wilfully neglects to do so, within the times before named, will be liable to a penalty for each and every offence of not less than Five Dollars or more than Twenty Dollars, to be recovered with costs before any Justice of the Peace having jurisdiction within the locality where any such offence is committed against the said Act.

By command,
H. B. W. AIKMAN,
Registrar General.

Land Registry Office,
Aug. 31, 1872. se14

NOTICE.

House of Assembly, 2d August, 1872.

Extract from Rules relative to Private Bills.

50. All applications for Private Bills, properly the subject of legislation by the Legislative Assembly of British Columbia, within the purview of "The British North America Act, 1867," whether for the erection of a Bridge, the making of a Railroad, Turnpike Road, or Telegraph Line, the construction or improvement of a Harbor, Canal, Lock, Dam or Slide, or other like work; the granting of a right of Ferry; the Incorporation of any particular trade or calling, or of any Joint Stock Company; or otherwise for granting to any individual or individuals any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which in its operation would affect the right or property of other parties, or relate to any particular class of the community; or for making any amendment of a like nature to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application, to be published as follows, viz.:

A Notice inserted in the British Columbia Gazette, and in one newspaper published in the district affected, or if there be no newspaper published therein, then in a newspaper in the next nearest district in which a newspaper is published.

☞ Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration of the petition.

51. Before any Petition praying for leave to bring in a Private Bill for the erection of a Toll Bridge is presented to the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed in the preceding Rule, also at the same time, and in the same manner, give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts or vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

CHARLES GOOD,
Clerk of the Legislative Assembly.

LEA & PERRINS'

Celebrated

WORCESTERSHIRE SAUCE

Declared by Connoisseurs to be

THE ONLY GOOD SAUCE.

Caution against Fraud.—The success of this most delicious and unrivalled Condiment having caused certain dealers to apply the name of "Worcestershire Sauce" to their own inferior compounds, the public is hereby informed that the only way to procure the genuine, is to

ASK FOR LEA & PERRINS' SAUCE

and to see that their names are upon the WRAPPER LABELS, STOPPER, and BOTTLE.

Some of the foreign markets having been supplied with a spurious Worcestershire Sauce, upon the wrapper and labels of which the names of Lea and Perrins have been forged, L. and P. give notice that they have furnished their correspondents with power of attorney to take instant proceedings against MANUFACTURERS and VENDORS of such, or any other imitations by which their right may be infringed.

Ask for LEA & PERRINS' Sauce and see Name on Wrapper, Label, Bottle, and Stopper.

Wholesale and for export by the Proprietors, Worcester; Crosse and Blackwell, London, &c., &c., and by Grocers and Oilmen universally.
