TUESDAY, AUGUST 29, 1871.

BY TELEGRAPH

SPECIAL TO THE CARIBOO SENTINEL.

Tuesday's Dispatches.

UNITED STATES.

New York, 23d—The Times and Tribune are still discussing the merits of Republican factionists, the Tribune denying the accusations of the Times. The general committee, of which Greeley is chairman, is amazed at the division among the Republicans of the city. Greeley believes that the safest and easiest way is for the regular Republicans to defeat the Murphy faction, as they had before been defeated, and thus finish them. As it now stands the State Convention will have to decide between two rival parties.

THE ST. JOHN'S BOAT RACE.

St. John, 24th August—The Tyne crew say Renforth should not have rowed, as he was subject to fainting fits under excitement. The programme is disarranged for the present and no further entries have been made.

EUROPEAN.

London, 24th—The Amnesty Association of Dublin have resolved to hold a meeting in Phœnix Park on 2d September to petition the Queen to liberate political prisoners.

The yacht Livonia starts on the 31st for New York.

There is a strike of workmen at Leeds.

The disturbance at Newcastle is unrenewed. The new workmen are simply hissed.

Queen Victoria is better.

Versailles, 24th—Gambetta's bill proposes the dissolution of the Assembly, the election of a constituent Assembly, and the resignation of Thiers when such Assembly is elected

London, 24th—Fearful misery prevails in southern Hungary, one-third of the country being under water. The Government is collecting arrears of taxes.

New York, 24th—The Russian Minister, Catacazy, has informed the correspondents of city papers that he places no reliance on the cable reports of an alliance between France and Russia.

VICTORIA.

Victoria, 25th—The clergy of the Church of England presented the Lieut.-Governor with an address yesterday.

The Hon. H. L. Langevin returned from a tour of inspection to Nanaimo yesterday.

Barnard's Express has reduced the price of envelopes to 12½ cents each or $10 per 100 throughout British Columbia.

The Enterprise sailed this morning via Nanaimo with large freight and a few passengers, among whom were Mr Langevin and party, en route to Cariboo by Barnard's stage line.

The postal stamps of the defunct colony of British Columbia, representing $12,500, have been handed over to Mr Griffin for destruction.

YALE.

Yale, 29th—The steamer Lillooet arrived on Sunday at 3 p.m., with about 100 tons freight, and a few passengers, among whom were Hon. Mr Langevin and party, who left for Cariboo the same afternoon.

A party of California miners who arrived here steamer before last, en route for Omineca, have given up the idea for a time and are now engaged in prospecting Siwash creek, about three miles from Yale, where good prospects were found some years ago.

MINING RECORDS.

Reid co.—Aug. 17—Recorded in favor of John Johnson, W. D. Moses, M. S. Pendergast, 3 hill claims on right bank, commencing at lower line of Reid co., running up stream alongside of and to form part of the same.

Bankruptcy Notice.

IN THE MATTER of a petition for an adjudication of Bankruptcy was on the 21st day of June, 1871, filed in Her Majesty's County Court of British Columbia by MARVIN P. ELMORE, under which the said Marvin P. Elmore has been adjudged bankrupt. Notice is hereby given that Marvin P. Elmore is hereby required to surrender to the above named Court at the first meeting of creditors to be held before the said Court on the 28th day of June, instant, at 11 o'clock in the forenoon precisely, at Richfield, and also to the Court on the 21st day of September next ensuing, at Quesnelmouth, when and where the said Bankrupt is required to surrender to pass his second examination.

At the first meeting of creditors the Registrar will receive the proof of the debts of the creditors, and the creditors may choose an Assignee or Assignees of the Bankrupt's estate and effects. At the second sitting proofs of debts of creditors will also be received, and the Bankrupt will be required to submit to be examined and to make a full disclosure and discovery of all his estate and effects, and to finish his examination.

Notice is also given to all persons indebted to the said Bankrupt or that have any of his effects, not to deliver the same but to JAMES LINDSAY, of Richfield, Official Assignee, whom the Court has appointed, and give notice to JOHN G. BARNSTON, Solicitor, of Richfield.

THE CARIBOO SENTINEL

SATURDAY, SEPT. 2, 1871.

OMINECA NEWS.

Mr R. Sylvester, with the express and mail, arrived at Quesnelmouth on Monday evening, bringing news to 17th August. He came to Barkerville on Wednesday, and left same day on his return trip, but did not bring in or take out any mail, his contract being to carry it merely between Quesnelmouth and Germansen creek. The news from the mines in general is not of as encouraging a nature as had been anticipated; a few claims are paying well, but old Cariboolites generally advise their friends not to leave Cariboo this season if they are doing anything.

Mr Sylvester reports that on Mansen and Germansen creeks the miners were still engaged building wing-dams and getting ready to work. On Germansen, the Payne was about the only company taking out money; they were averaging about 20 oz. per day for three men. On Lost creek there was one claim paying about $300 per day to the hand; R. L. Shaw and A. Ward are in this claim. Several other bench claims doing well.—On Black Jack gulch Hamilton's claim was averaging about $40 per day to the hand; the other claims not doing so well. Flour had fallen to 40 cents; other produce about same as last report. Mining tools scarce.

There is considerable excitement about the trail question, as it is apprehended that heavy tolls will be charged by the parties who are said to have got the charter from Government. The present trail needs improvement, and it is believed that it can be materially shortened.

Two sawmills are running on Germansen creek, working their full capacity. Lumber is selling for 12½c per foot, delivered.

A miner from Arizona was seriously injured by a log falling on him, and was not expected to recover.

A good many men are coming back who have met with poor success.

[SPECIAL CORRESPONDENCE.]

Germansen Creek, Aug. 17.

The miners on Germansen creek are pushing forward their wing-dams with great speed, and nearly all the claims will be washing by the beginning of next week. The Chinese co. are about ready to wash. J. Lewis & Co. are averaging 2 oz. per day to the hand. Tinker co. commenced washing on the 15th with good prospects. Paine co. are doing as usual, averaging $50 per day to the interest. Giscome co. have started to wash, with good prospects. Davis co. are about ready to wash and will be soon taking out big pay. The New Discovery co. are doing well, and a large number of men are rocking on the benches and making small wages.

MANSEN CREEK.

Most of the claims are preparing to wash. A large number of men are rocking on the benches and doing very well.

ELLENORE CREEK.

Hamilton co. are doing well.

LOST CREEK.

The Discovery co. are averaging $20 per day to the hand. The Irvine co. are climbing up to William Creek; they took out last week 193 oz., four days' run, five men working.—There was quite a rush for Lost Creek, and no doubt it will be thoroughly prospected, although it is thought to get deeper further up the creek.

PRICES OF PROVISIONS, ETC.

Flour, 40c; sugar, 75c; beans, 60c; bacon, $1; tea, $2; green coffee, 80c; tobacco, $3 per lb. Gum boots, $16 per pair. Shovels, none in market; in demand. Picks, $120 per dozen. Tinware very scarce. Butter, $2 per lb. Nails, 75c per lb. Cheese, $1 50 per lb.; rice, 63c.

Dr. Carrall arrived here by way of Tatla on the 16th. J. C.

THE WEATHER—HEAVY FRESHET.—August, generally the warmest and dryest month of the year, has been unusually wet. On Saturday and Sunday last we had a continuous heavy fall of rain, which caused what has never been seen in Cariboo at this season, a heavy freshet on William and neighboring creeks—in some instances filling up with tailings diggings which had been ground-sluiced off. The amount of damage, however, has fortunately not been great, and the prospect of a good supply of water for the remainder of the season is very encouraging, although from the last few days being fair, with cool nights, it has fallen off considerably. From the great rise reported in the Fraser, it is believed that the late rains have extended for a great distance, and fears are entertained that if there has been a heavy freshet at Germansen the consequence may have been disastrous.

MINING INTELLIGENCE.

WILLIAM CREEK.

The Forest Rose co. last week washed 250 oz. The Ballarat co. washed 101 oz. The upper creek claims, having got a plentiful supply of water once more, are generally engaged in piping again.

THE MEADOWS.

The Lane & Kurtz co. are down about 45 feet with their immense shaft. After going through the surface clay they struck a streak of gravel about 15 feet through, with considerable water. Having gone through this and struck tight clay again, they widened out a large chamber, and are now puddling up to the tight ground above. The donkey-engine is used for hoisting dirt and water, and works well.

STOUT GULCH.

The freshet filled up the works of the Golden Hope co. and put them back a few days' work; they have commenced to lay their flume, which is intended to be continued on bedrock through all the ground above now owned by the amalgamated Stout gulch co. The Taffvale co. are doing as well as usual. A new company is starting to work above the Mucho Oro co.

LOWHEE CREEK.

The Black Bull co. last week washed 41 oz., hoisting very little dirt on account of scarcity of water. Having now a good supply they expect to do well as long as it lasts.

JACK OF CLUBS CREEK.

The First Chance co. continue drifting towards the creek and find the rock still pitching off. Last week they washed over 18 oz. The Vaillancour co. have struck through the rock into gravel, and find the water too heavy for hoisting. They intend putting in either pumps or elevators. The Two Sisters co. will have their wheel ready for running in a few days.

ANTLER CREEK.

The Tudor co. have commenced washing, and have made so far over wages.

GROUSE CREEK.

The freshet has prevented the ground-sluicing companies from doing much this week.

LIGHTNING CREEK.

The South Wales co. last week washed 257 oz. The Lightning co. had to stop on account of the freshet. The Victoria co. have not broken through into the channel yet.

NOTICE.

MR GEORGE BYRNES, Sheriff of the District, holds my Power of Attorney. All persons indebted to me are requested to make immediate payment to him to save further trouble.

DAVID H. BONNEY.

Barkerville, August 26, 1871. se2 1m

To the Electors of Cariboo District.

GENTLEMEN,—Having been repeatedly urged by a large number of Electors from various parts of the District to become a candidate for the representation of Cariboo in the Local Legislature, in deference to their wishes (which was also endorsed by a Resolution passed at a Public Meeting held at Vanwinkle on 26th August) I have much pleasure in acceding to that request.

I am in favor of unrestricted commerce;—Encouragement to agriculture, in the shape of facilities to communicate with his market, as the best "protection to the farmer;"—Opening up the country by the construction of roads and trails;—Equalization of the burden of taxation throughout the Province;—Abolition of the Road Tolls, by which the upper country has to bear an undue proportion of the burden;—Amending the Mining Laws;—Re-establishing the Mining Board, with power;—Discouraging litigation by a more simple method of settling mining disputes;—Repeal of the Permanent Civil List Bill;—Extending the Franchise to every intelligent male British subject that contributes to the taxation of the country;—Reduction in the number of officials to the lowest possible standard consistent with due discharge of their duties, giving them adequate payment for their services, thereby doing away with the necessity of pensions;—Unsectarian system of Education, and opposing all State patronage to any form of religion;—Securing permanency to the Assay Office in the mining district.

I will avail myself of an early opportunity to address you more fully on these and other matters, and if elected shall do all I can for the good of the district and the country at large.

I am, Gentlemen,
Your most obdt. servant,
JOHN EVANS.

THE CARIBOO SENTINEL

SATURDAY, SEPT. 2, 1871.

BY TELEGRAPH

SPECIAL TO THE CARIBOO SENTINEL

Thursday's Dispatches.

VICTORIA.

Victoria, 29th—Last evening there was a moonlight excursion on Starr's steamer to Esquimalt, where the Zealous band supplied fine dance music on the H. B. Co.'s wharf.

A public dinner will be tendered to Hon. Mr Langevin on his return to Victoria.

Mr Duck is a candidate for Victoria city district for Local Assembly; also James E. McMillan. Messrs. Wallace, Jessop and Bunster are candidates for Vancouver district in Dominion Commons.

Post Office hours are from 8 a.m. to 6 p.m. No noon spell.

The steamship Prince of Wales, bound from Hongkong to Baukok has been lost. Fifty lives lost.

Mr McCreight has been gazetted Attorney General vice Alston, resigned.

Mr John Trutch's surveying party will start for the mainland on Friday next.

EUROPEAN.

Paris, 25th—The Assembly to-day passed the amended bill providing for the gradual disbandment of the National Guard.

The journals sorrowfully comment on the scene in the Assembly yesterday.

It is said Thiers will accept no compromise in the matter of the prolongation of his power.

Gen. Faidherbe has written a letter censuring the Assembly and resigning his seat as a deputy.

The bullion in the Bank of France has increased 17,500,000 francs.

Don Carlos has arrived at Bayonne. His adherents in Spain are divided as to wha. course to pursue.

Lisbon, 26th—Blanco's republic in Uruguay has been crushed. The rebels have been routed and an amnesty proclaimed.

Rome, 28th—A disturbance of a serious nature occurred in Rome yesterday. The conflict took place between the Pontifical Guards and the populace, during which one person was killed and two wounded.

Great Britain and the United States have chosen Signor Coste third arbitrator to decide the questions involved in the Alabama claims. Coste is appointed Italian Embassador to Washington.

London, 26th—It is asserted that Francis Joseph will meet the Emperor William at Sonneburg soon.

Madrid, 26th—The entry of the Carlists into Spain is imminent. Five columns of troops have been dispatched against them, and the Civic Guards are being concentrated.

London, 26th—A correspondent at Saltzburg telegraphs that the Vienna journals advocate an Austrian-German alliance as an offset to the reported alliance between France and Russia.

Foreign telegrams state that on the 14th of August a train went through the Mont Cenis tunnel with perfect success. The formal opening of the tunnel will take place on 17th September.

The Kings of Greece and Denmark will visit the Princess Alexandra at Schwolsburg.

The report of the appointment of M. Breaux as an arbitrator on the Alabama claims proves false.

A London telegram says a treaty of alliance, offensive and defensive, between Italy and Prussia, has been signed.

Paris, 27th—Thiers has addressed a circular to the Prefects of the Departments directing them to appeal to the patriotism of the citizens to abstain from all demonstrations on the 4th September. Should any attempts be made to celebrate the anniversary all legal powers will be used for their suppression.

Paris, 26th—Faidherbe resigns his seat as Deputy. The cause is reported that the Committee have decided to report in favor of making the Assembly now sitting a Constituent Assembly.

UNITED STATES.

Boston, 27th—A frightful accident occurred last night on the Eastern railroad seven miles from Boston. The Lightning express train overtook an accommodation train, and ran into it, killing 23 outright and wounding 40 or 50 others. The cars took fire and were consumed.

New York, 27th—Mayor Hall has declared his intention to sell the Times for arrears of rent of the ground on which the building stands. He also states that he will move at once for the appointment of a receiver.

Charleston, 27th—Since last Friday 30 new cases of yellow fever have been reported in the city. Of the cases previously reported three proved fatal. The excitement occasioned by the appearance of the disease is subsiding.

New York, 26th—There are reports from Brazil of a republican movement breaking out. In a new journal called the Republican a manifesto is published setting forth that the existing Government should be abolished and one adopted which will secure to the people a democracy.

CALIFORNIA.

San Francisco, 26th—Sam Brannin to-day sold the last of his San Francisco property, including the Treasury buildings and the old Masonic Hall, 100 feet front, on the east side of Montgomery street, between California and Sacramento streets, for $175,000. He bought the ground originally for $10,000.

San Francisco, 27th.—Arrived—Steamer Prince Alfred from Victoria.

Last Night's Dispatches.

YALE.

Yale, Sept. 1—The steamer Lillooet arrived yesterday morning, at 8 o'clock, with about 80 tons freight, a few passengers and mails and expresses.

Barnard's express arrived at 7 o'clock last evening, with express, treasure and four passengers. Johnson's arrived at daylight this morning with the down mail and a few passengers.

The river has risen 15 feet since Wednesday night.

PASSENGERS.

Per Barnard's Express, arrived Sept. 1—A. T. Bushby, R. Smith, to Lytton. S. M. Nelson, to 150 mile house. To Barkerville—Hon. H. L. Langevin, C.B., Minister of Public Works; Mr Archientre, Mr Deslorier, E. Neufelder, Miss Lalher, Miss Luterson, Miss Darigney, Miss Kahn, and Mr F. J. Barnard. From Quesnelmouth—Messrs. Hoffman, Neufelder, and two celestials.

Per Barnard's Down Express, August 27.—Dr. T. Bell, to Quesnelmouth. Wa Lee, Yon Fee, Chong Kee, to Yale.

By Gerow & Johnson's Express, arrived Sept. 1—P. McGill, Ben. Gillies, Slater, Namanover, Mr D. O'Connell, Archie.

By Gerow & Johnson's Down Express, Aug 27—C. Rowe, E. Symond, D. Bonney, to Yale. J. Denny, to Quesnelmouth.

COURT OF REVISION.

Mr Ball, Registrar for this District, is now holding Courts of Revision in the several polling divisions. The Courts held so far have been at Keithley, 22d; Richfield, 31st August; Vanwinkle, 1st inst. The only objections made have been at Richfield to the claims of Messrs. Henry and John Thorne, of Grouse creek, each of whom had put in his claim as a voter on the clause enabling parties to register on paying $200 per annum for board and lodging. The original notices sent to the collector set forth that applicants had paid amounts exceeding what was required by the Act to various parties specified for provisions, and the objection was made that this did not constitute "board." Mr J. Thorne appeared on behalf of both, and argued that the clause could be construed so as to cover the claims. He had paid himself double the amount during the past year, and it would be absurd that he should be disqualified while a party paying the legal amount only to a restaurateur should be entitled to vote.

The Registrar admitted the absurdity of the law, but decided that according to his interpretation it was not applicable in the present cases, and the names of claimants must be expunged.

Mr Thorne then applied to amend his notice, as he could qualify as a free miner, or a householder.

The Registrar, however, on perusing the law said that this could not be done, the 38th section providing that "Whether any person shall be objected to or not, no evidence shall be given of any other qualification than that which is described in the list of voters, or claim (as the case may be), nor shall the Registrar be at liberty to change the description of the qualification as it appears in the list, except for the purpose of more clearly or accurately defining the same." He was bound to act according to the law. It was for the electors to send men to the next Assembly who would amend it.

POLITICAL—It will be seen by the report of the meeting held at Vanwinkle and the address of Capt. Evans, that some of the Lightning Creek electors have put Messrs. Booth and Evans in the field to represent Cariboo in the Local Assembly. Mr G. A. Walkem is also a candidate. Mr J. S. Thompson is a candidate for the representation of Cariboo and Lillooet in the House of Commons.

MINING COURT.

[Before H. M. BALL, Esq., Gold Commissioner.]

WEDNESDAY, Aug. 30, 1871.

EUREKA Co., Lowhee, vs. VICTORIA Co.—Suit for $3000, damages for injury inflicted by piling headings and tailings on plaintiff's ground contrary to agreement made in Nov., 1870, and also for taking out paying ground while running their tunnel and placing it where it could be of no use to plaintiffs. Tried before a jury consisting of J. J. Cowley (foreman), S. Mattice, Thomas Potter, George Steitz, D. L. Ballantine.

Mr Park opened the case. Damages were estimated on account of extra labor in spring clearing off obstructions, $780; difference in earnings of claim between this year and last, $2628

The material facts of this case have been published already in our report of the suit of M. Lynch vs. Victoria Co., which was tried on 17th ult., and which was dismissed on the ground that the Eureka Co., and not Lynch personally, should have been the plaintiffs. The shareholders consisted of M. Lynch, owning 2-5ths; J. P. Russell, 1-5th; and James Ford, 2-5ths—the two latter having purchased their interests, which were formerly held or controlled by the Victoria co., this spring, subsequent to the alleged damages having been inflicted. From the evidence of Captain Travaillot, secretary of the company, it appeared that since the previous trial a meeting had been held at which Lynch was authorised to sue in the company's name, Russell assenting and Ford not making any objection, with the understanding that Lynch should be responsible for all costs. The agreement of last November was produced, which stipulated that the Victoria Company should have the right of working through the Eureka ground during the winter on condition of depositing their headings and tailings in a spot to be pointed out by Mr John McLean. Mr Lynch testified that they had not complied with these conditions, but had piled the headings much higher up the claim and over the blind shaft, and had filled the drain tunnel of Eureka Co. with tailings, which, becoming frozen there, had taken some 21 days' labor of six men to clear off in the best season for working; he also testified that the defendants had taken out 2800 cubic feet of dirt from what he considered the best portion of the claim, and piled on a heap of rocks where it was of no practical use. On cross-examination, he said he had assisted Capt. Travaillot to make the measurements, but he could not explain what a cubic foot was; the claim had not yielded by 140 oz. as much as last year; this he attributed to defendants' works in taking out the dirt for their tunnel and dump-house. The measurements of the ground excavated was proved by Capt. Travaillot, and a map drawn by that gentleman submitted.—Several witnesses whre examined to sustain plaintiffs' case, and the facts of rocks having been piled round the blind shaft, and of the dirt having been placed on rocks and boulders, were proved to some extent.

Mr Walkem, counsel for defence, argued that plaintiff had made out no case, and the suit was one of that litigious class which fortunately are now rare in the Mining Court.

The foreman of the Victoria Co. and a number of witnesses were examined to prove that the defendants had worked the ground with every precaution so as to interfere as little as possible with plaintiffs' claim, also that the tailings complained of had come partly from the Russell ground above, and had been partly shovelled by the Brown Co. below; that the headings had been placed as near the place pointed out by John McLean as possible; that the ground taken out was comparatively worthless, but had been piled so that plaintiffs could use it if they wished, and piled carefully where there were no rocks to be seen. It was admitted, however, that there was a little snow on the ground at the commencement of work, and also that some of the headings had been placed a little above the line designated by McLean.

After deliberation, the Jury returned a verdict for plaintiffs, damages $300.

THE MEETING AT VANWINKLE.—A meeting to nominate candidates for the Legislative Assembly was held at Vanwinkle on Saturday evening last. Mr John Wilson was called to the chair, and Mr Wm. Chariton acted as Secretary. Mr Isaac Lipsett nominated Mr C. Booth as a fit and proper person to represent the people of Cariboo in the Local Legislature. The nomination was seconded by Mr. Jacob Holmes. Mr Chas. Ettershank nominated, and Mr Henry Sheppard seconded, Capt. John Evans as a proper person for the same position. The nominations having been accepted, both gentlemen addressed the meeting.

MR DANIEL O'CONNELL, travelling correspondent of the Alta California, arrived on a visit to Cariboo by Gerow & Johnson's express yesterday.

COUNTY COURT.

(Before H. M. Ball, Esq., Gold Commissioner and County Court Judge.)

THURSDAY, Aug. 31.

W. DIXON vs. A. MCKAY—Suit for $8 50 for milk delivered in summer of 1869. Defendant paid $4 50 into Court, and claimed that he had sold plaintiff some tools for $4. Plaintiff denied having purchased the tools, and produced evidence to show that defendant had offered him the tools in settlement of his bill, and had afterwards offered them for $6. Plaintiff told him he would allow $4. Defendant refused this; but left the tools. Plaintiff told him he could have them any time he wanted them, and they were still subject to his order. Judgment for $4 and costs.

CAMERON & AMMS vs. G. MANUEL—Judgment summons. Defendant applied to have the case dismissed on ground of short notice, not having seen the summons till Sunday, 27th August. The Deputy Sheriff proved having served a copy of the summons at defendant's house on 26th; the summons had been taken out on 25th, but he could not find the defendant. The Court decided that the summons was incorrect: it should have been served personally five days previous to trial. A new summons must be issued.

MAGDALA Co. (by J. Thorne) vs. B. W. BINGLEY—Suit for $42 50, costs incurred in 1869 by Magdala Co. in a suit brought by defendant, and which was dismissed with costs. Defendant thought that no costs had been allowed, but the Mining Court books showed that there had been.

A NOVELTY IN PUMPING MACHINERY.

EDITOR SENTINEL:—Allow me through your columns to call the attention of the mining companies to a new system of pumps used all over the State of California, and which has met with the most complete success. The want of strong draining pumps has been too much a drawback in this community not to open the eyes of those interested in mining operations.

I translate from an Italian paper—l'Eco Della Patria: "Wilcox's Perfectioned Steam Pumps." By them the steam is obtained directly from the boiler without any intermediary pipes. They have obtained the four first prizes in the last five Exhibitions in the State of California, are in use on the Central and Occidental Pacific railroads, from Oakland to Ogden, and employed generally, all over the placers, in the shafts, tunnels and hydraulic claims. Their cost is only half that of other steam engines of corresponding power. They have a great economy of steam, as it is drawn and applied directly, instead of losing part of its power by the friction on the pipes. They can work at a depth of from 100 to 200 feet, and on a length of from 500 to 1000 feet. No smoke nor steam are felt in the shafts or tunnels, and muddy water can never prevent them from working. Their construction is so simple that any person of common intelligence can make them work. They are of all dimensions, throwing from 1000 to 100,000 gallons of water per hour. One pump capable of raising 1000 gallons of water a height of 50 feet each hour costs only $110. With all the accessories the other pumps are sold at prices comparatively moderate. One is working at the Presidio, San Francisco, which conducts daily 3000 gallons of water per hour a distance of 2500 feet with a perpendicular height of 100 feet.

HON. H. L. LANGEVIN, C.B.—Hon. H. L. Langevin Minister of Public Works in the Dominion Cabinet, arrived in Barkerville yesterday, accompanied by his Secretary, Mr Deslorier, and Mr Archientre, a literary gentleman who is visiting the province for information. Rooms were provided by the people of Barkerville for the hon. gentleman's accommodation at the Wake-up-Jake. While at Vanwinkle the party visited the Spruce and South Wales claims; and yesterday afternoon they were conducted to the Ballarat and Forest Rose claims, and through the courtesy of Messrs. Lesh and Briggs they were escorted through the extensive workings of the latter claim, which astonished them exceedingly, and afforded a favorable specimen of Cariboo mining enterprise. They also had the satisfaction of witnessing for the first time a "wash up" in this claim of over 100 ounces. In the evening Mr Langevin attended the performance by the Amateurs at the Theatre Royal.

SUPPOSED INCENDIARISM—A house belonging to Julia Picot, at the upper end of Stanley, Lightning creek, was burnt mysteriously on the night of the 25th August. The proprietress had been there the same day and had removed her furniture to William creek, and there can be little doubt but that the fire was the act of an incendiary.

A PUBLIC ADDRESS from the inhabitants of Cariboo will be presented to Hon. H. L. Langevin this evening at the Theatre Royal, Barkerville.

EMIGRATION DEMONSTRATION IN HYDE PARK. A committee of gentlemen interested in emigration have prepared an Emigration Bill, which they intend to get introduced into Parliament, in the hope that, if unopposed by the Government, it may pass into law during the present session. The preamble of the Bill states that it is desirable to send the unemployed labor of the United Kingdom to the uncultivated but fertile lands in Canada. The leading clauses enact that the uncommissioned ships in her Majesty's Navy be formed into a Government emigration line; that all emigrants be conveyed free by railway to the port of embarcation; that every family or two single persons emigrating should receive free 60 acres of land, with rations of flour, and £30 in money, to maintain them until they obtain their first crop; that rentcharge bonds of £30 each be issued, to be repaid in money or kind by the holders of sections at the expiration of three years, or redeemed; that interest on the bonds, at the rate of 3 per cent. for three years, be guaranteed by the Government, 1 per cent. being paid by the Government, 1 per cent. from the poor rate, and 1 per cent. from the unclaimed dividend money in Chancery, &c. A "mass meeting" of the people is called for next Sunday in Hyde Park, at which it is intended to submit petitions in support of the above Bill to be presented both to her Majesty and Parliament.—[London Times.

A REPUBLICAN MANIFESTO.—A new democratic journal, the Peuple Souverain, has just been started at Toulouse. In the first number appears an appeal to the "sovereign people" to exert its power and to enforce its rights. It recommends "patience in order to allow your governors to attempt progressively all possible ameliorations, tenderness to forgive their faults so long as the existence of the Republic be not threatened, and finally a supreme energy to seize again upon power whenever any monarchical pretender shall dare to lift a hand against it. Ah, in that case, however great our horror of bloody conflicts, in the interest of peace for future generations, we would say, 'War, war to those who would assassinate the Republic;' for, O Sovereign people! if you have the vote and your tools you have also your muskets; and if it should be the destiny of our generation to have again to use them against foreigners or pretenders, well, let the blood of this generation again be shed rather than allow the Republic to die."

THE HEATHEN CHINEE.—Learning there was a Chinese school in progress there, I stepped in to take an observation. About a dozen of the best looking young Chinamen of the town were seated in the pews with a white girl teacher, aged from twelve to sixteen, sitting in very affectionate proximity upon either side of each of the olive-skinned and almond-eyed backs; the twelve favored scholars and twenty-four charming teachers all being under the superintendence of a Yankee matron. Some unreconstructed individuals (doubtless Ku Klux sympathisers) had the audacity to object to this mode of educating and converting the heathen, and said it ought to be stopped; but these already spoilt Oriental new pets, hearing of it, declared they would not attend unless the girls continued to teach them, so the school goes on as usual. To show the advancement these fastidious and hopeful neophytes are making in religion and instruction, I insert a short catechistical passage between one of them and a pious sister: "John, you shabbe Jesus," inquired she.—"Yes, me shabbe like hell, God damn."—"That Chinaman (pointing to another) no shabbe Jesus--he damn fool.'—[San Francisco paper.
