Pictured above is a 1,500-horse power diesel road engine of the type which will be tested early in April under actual traffic conditions by the Canadian Pacific Railway. The locomotive can be used singly or in connected units of two or three, developing full 4,500-horse power in the latter case. Future of the steam-powered "iron horse" in Canada may well depend up on results of these tests. The Canadian Pacific is already turning heavily to use of diesel locomotives for yard use throughout the system.

KLEINDALE
By MRS. O. DUBOIS

THE RED Cross bazaar at Kleindale school last Friday was a huge success, everyone contributed freely and everything was sold. We are hoping to have another bazaar before the school holiday the end of June.

* * *

Young Dickie Klein, seven-year-old son of Mr. and Mrs. Pete Klein, was burned quite badly on the hand when he fell into the burning embers of an old bonfire this week, but he is able to go to school again now.

* * *

Binnie Klein brought his logging equipment in from Vancouver this week and it is said he is starting a logging operation in the near vicinity. At present he is clearing some of his property on the highway in Kleindale.

* * *

A new and welcome resident of Kleindale is Bill Hawcroft and family. They moved in one day this week in their new home, located close to the Pender Harbour oyster beds.

* * *

Harold and Gordon Klein, sons of Mr. and Mrs. Norman Klein, were transferred from Kleindale school this week to Irvines Landing school. Their many little friends are sorry to see them have to leave.

* * *

Wilfred Harper has started a new logging operation near here on the highway close to Madeira Park.

* * *

Grandmother Klein is home again. She is staying with her daughter, Mrs. Jimmie Phillips, and family. Everyone is happy to see her getting well again.

* * *

Mr. Jervis Hird returned home yesterday from one of his frequent trips to Vancouver.

* * *

Mrs. Ray West and daughter Shirley, left for Egmont to visit relatives over the Easter holiday.

* * *

Mr. and Mrs. H. Harris and daughters Grace and Bonnie left for a few days' visit to Vancouver where they will spend a while with their eldest daughter, Velma Harris, who is going to school in Vancouver.

Questions Listed For B.C. 'Conquer Cancer' Program

THOUSANDS of British Columbians donated approximately $287,000 in 1946 to the first annual "Conquer Cancer" campaign; thousands of others are interested in the fact that definite steps are being taken to combat this dread disease and would be willing to assist it they felt certain that progress is being made.

During the last two weeks in April a drive will be made to raise $300,000 in British Columbia and already certain questions are being asked again and again. Here are some of the more commonly repeated questions:

Q.—What organizations are backing the "Conquer Cancer" campaign?

A.—The B.C. Cancer Foundation and the B.C. branch of the Canadian Cancer Society.

Q.—What are the normal functions of these organizations?

A.—The B.C. Cancer Foundation is concerned with the working of its treatment and diagnostic unit, the B.C. Cancer Clinic in Vancouver. The aims of the B.C. branch of the Canadian Cancer Society are primarily educational and organizational and teaching by lectures, motion pictures and other media lay awareness, of the early symptoms and necessity of prompt cancer treatment.

Q.—What happened to the money raised in 1946?

A.—It was allocated three ways.

Q.—What are those three ways?

A.—The B.C. Cancer Foundation received approximately $245,000. Of this amount over $30,000 was spent in new X-ray machines for the Cancer clinic and approximately $20,000 will be spent enlarging the Cancer clinic in 1947. The rest was put into a capital fund to be used for the building of a 50-bed Cancer hospital, costing $750,000 to erect and equip. The Cancer Society received about $41,500 which is devoted to lay education including the publishing of a monthly bulletin.

Q.—How is money to be spent that is raised this year?

A.—To increase capital building fund, to augment existing facilities and for educational work.

Q.—Where should I send my donations?

A.—If no local committee is set up in a community, address donations to "Conquer Cancer" Provincial Campaign Headquarters, 720 Howe Street, Vancouver, B.C.

BOWEN ISLAND

'World's Ills Stem From Ordinary Man'

THE FOLLOWING letter from a World War II veteran appeared in the New York Times recently and was clipped out and sent in to the Coast News by one of our readers, Miss Winnifred New.

Dear Sir.—My name is John Crown. I am a paraplegia at Halloran General Hospital. My physical wounds are very small in comparison to my spiritual wounds. I have come back from death to a world I no longer care for. I, who have been engaged in the great struggle to save the world from tyranny and having seen my comrades die for this cause, can find no peace in the world or in my country.

Having lived close to death for two years, the reasons why there is no peace seem infinitesimally flimsy. Russia wants the Dardanelles, Yugoslavia wants Trieste, the Moslems want India, labor wants more wages, capital wants more profit, Smith wants to pass the car in front of him, Junior wants more spending money. To these I say, is it necessary to kill and cripple human being for these petty gains?

Anyone who thinks a human body is so cheap that it can be traded for a tract of land, a piece of silver, or a few minutes of time, should be forced to listen to the moans of the dying for the rest of his life.

All the troubles of the world originate in the common man. The selfish and greedy ways of nations are just the ways of each individual multiplied a hundredfold when the morals of the common man drop, so do the morals of the nation and of the world.

As long as our individual morals remain at a low ebb, so will be the world. Until each of us stops "hogging the road" with his car, stops fighting over the seat in the bus, stops arguing over who is going to cut the grass, there will be no peace in the world. If man wishes peace again, he must return to the great commandment "Love thy neighbour as thyself for the love of God.

A VETERAN.

Garden Corner
By PERIWINKLE

OLD and well tried varieties will be relied on for the main flower display but try a few of the flower novelties described in the seedman's new catalog. Only do not let enthusiasm overload a garden with more plants than space can accommodate and time to look after them.

The time between the last bulb showing in May and the prodigality of bloom which sets July ablaze is a perplexing time for gardeners with a herbaceous border.

Numbers of plants at their best in June and a display of bright flowers can be massed to give color effects which are so desirable.

Anchusa, a really blue flower planted in a group are striking.

Aquilegias and June are synonymous. They thrive in a semi-shaded position, but also do well in the sun.

A flowery subject for the front of the border is betonica grandiflora. The plants are dwarf but bear large spikes of rosy-purple flowers that like full sunshine.

There is the iris generally consigned to the odd corners. Arrange for a group of modern mixed flag irises. Give them full sun and the reward will be a lovely show of various colors.

Delphiniums and lupins bloom at this time. The former for massing are unequalled and their stateliness is supreme. For exquisite color variations, obtain some of the gorgeous Russell lupins, so perfect in form and size and lasting so long.

Plant the odd giant pink foxtail lilies, pyrethrums in scarlet, pink and both single and double. Others are yellow geum, pinks, yellow alyssum, achilleas and campanulas, and the garden will be a blaze of color in June.

Rock gardens are at their best in the spring, most of the plants being perennials. Stir the soil around the plants and fertilize them. Reset any that may have heaved by the frost. Pockets in the rock garden can stand new, rich soil and fertilizer. New plants or divisions will flower this year.

Plan to have many of the free-flowering annuals set in the rock garden for summer display. Some of the best are lobelia, globe nasturtium, dwarf marigolds, alyssum, tom thumb zinnias, verbena and annual phlox. A choice of as many colors as the rainbow may be selected.

Miss Gwen McMaster with her mother and sister visited Bowen for the Easter week-end. Miss McMaster, reecntly discharged from the A.T.S., has just returned from Italy.

Squamish Host to Howe Sound at Drama Contests

By ELLEN HARLEY

SQUAMISH—A highlight of the past week was the third East Howe Sound School drama festival.

Held under the auspices of the school and community drama branch of the Department of Education, the plays were presented at the P.G.E. hall in Squamish.

The adjudicator was Miss Dorothy Davies. The committee in charge was Mr. J. P. Freeman Warr, Mrs. G. S. Clarke, Mr. J. Castle, Mrs. E. Naud, Mrs. W. Gedge, Mr. J. Mahood, Mr. E. Tutin, Mrs. D. D. Morrison, Mr. C. Smith, Mrs. J. A. Quick, Mrs. J. McRae, Mr. D. W. Black and Mr. M. P. Lutack.

Best all-round actress—Eleanor Dunbar, donated by Britannia Canadian Legion.

At the close of Miss Davies' comments and awards, Mr. W. D. Black of Britannia thanked the people of Squamish for their kind hospitality to the visiting players and directors. He also remarked on the work done by the committee in charge, particularly when the entire stage was temporarily erected for the performances. Much time and effort were spent by many of the citizens of Squamish. The Squamish and Howe Sound District Board of Trade sponsored the festival in Squamish and it was pleased to have a record attendance of almost 600 people both evenings.

Loans Made Easy By Gibsons Bank

THIS YEAR, "wet paint" signs are appearing in many Canadian doorways. All across the country home owners are brightening up their homes in fresh attractive colors, buying new modern furnishings, rebuilding and redecorating, and so improving their properties.

For many of these modern-minded house owners, the Bank of Montreal has been a welcome ally. A B. of M. low-cost personal loan makes possible the cash purchase of materials and essential household articles.

To those in a position to make repayment, the B. of M. is glad to lend money for any reasonable purpose. The low rate will surprise you—only 27 cents a month for a $100 loan, repayable in twelve monthly instalments. The amount borrowed can be more or less, of course, but the cost remains proportionately the same, and there are no other charges.

Drop in and see the Bank of Montreal at Gibsons where their Carrall and Hastings Streets Branch provides a local service on Tuesday and Friday of each week. If this is not convenient, call in at Carrall and Hastings branch the next time you are in Vancouver or drop them a line outlining your problem in brief.

Legion Notes

GIBSONS LANDING — The April 1 meeting of Branch 109 initiated seven new members, the largest number in many months.

H. B. Metcalfe and R. Telford were named by the meeting as delegates to the provincial convention to be held at Vernon in May.

Support was given to the attempt to get the National Film Board to have showings every four weeks instead of every five as at the present.

Plans for a summer carnival to be held here on July 1, 2 and 3 are now beyond the formative stage.

Satisfaction was expressed at the success of the T.B. X-Ray Clinic, sponsored by the Legion and supported whole-heartedly by local organizations.

New Boat Service For Jervis Inlet

PENDER HARBOUR—Captain J. A. MacDonnell, managing director of the newly-formed company, Marine Express Lines Limited, annouces a new fast boat service to Pender Harbour, Jervis Inlet area.

The personnel is made up of young war veterans mostly from the navy. Their boat, "Jervis Express," is a converted American-type Fairmile and ex-sub chaser, powered by 500 horsepower diesel engine, and is expected to make its first trip April 8. It will leave Vancouver at 10 a.m., arriving at Pender Harbour at 2 p.m.

Other points of call will be Egmont, Britain River, Deserted Bay, Vancouver Bay, Malibu Club. It is expected that a trip will be made two or three times a week.

Carrying capacity is 70 to 80 passengers, 20 to 25 tons general freight, refrigeration for five tons perishables, and a coffee bar for the convenience of passengers.

Mrs. Fox Dies At Son's Home

GIBSONS LANDING — Mrs. Annie Fox passed away at the home of her son, Jack Lowden, Sunday, March 30. Although she had been ill previously, Mrs. Fox had been feeling well recently, and had attended church on the day of her death.

Mrs. Fox is survived by two other sons, Herb Lowden and Albert Fox, and one daughter, Mrs. Lofter, of Moose Jaw, Sask.

GRANTHAMS BEAT GIBSONS FRIDAY

GIBSONS LANDING—Despite the fact that Woodfibre did not make an appearance here Friday night to play basketball, the localities had themselves a game anyway. Two sides were chosen on the spot, representing, as it happened, Granthams and Gibsons. The exact score became rather lost during the final quarters, but there was no doubt that Granthams had the edge, slightly.

One outcome of the game was the realization among the players that there are enough players knocking about the two communities to form competitive teams. A return match has been set for Easter Monday evening in Gibsons Hall.

You Can Help Brighten The Lives of Children!

CRIPPLED children undergoing treatment at the Queen Alexandra Solarium, Mill Bay, V.I., will benefit this month from the "April Shower of Dimes" being conducted by the Solarium Junior League of Victoria and its Chapter, the Thetis Club, of Vancouver.

The "April Shower of Dimes" has become a direct appeal to the public of British Columbia since its institution eight years ago. All donations, no matter how small, are gratefully accepted, as the increase in operating cost of this hospital must be met if the high standard of service to these little ones is to be carried on.

The Solarium is open to all crippled children of this Province, regardless of creed, color, or the ability of their parents to pay for hospitalization.

Those who would like to make the "April Shower of Dimes" a blessed downpour, should send donations to the Solarium Office at Victoria, B.C.

GIBSONS LANDING
By LES PETERSON

HIGHLIGHT of the municipal council meeting here was a discussion of the proposal by certain sports fishermen to close waters east of Salmon Rock to commercial fishing. The council decided to support the protest of the local commercial fishermen regarding this possible ban, in view of the fact that it would force fishermen now resident here to leave the community and find homes somewhere else.

"The Ranger," official publication of the Pacific Coast Militia Rangers, changes at the beginning of this year from a training booklet to a regular magazine. All Rangers receive a subscription to this publication. The January issue has an interesting recapitulation of the organization and work of the P.C.M.R. during the war years. Although now officially "stood-down" as a wartime unit, the Ranger organization continues to exist, with many companies carrying on on a peacetime basis.

Pile driver and pilings have arrived for the new wharf. Now all that is required is men, and maybe we'll have a new one yet. The wharf at Gibsons has been missed since its closure in ways that have not pertained to the docking of boats only. For it has been the common of Gibsons, the focal point to which, in due course of time, almost everybody drifts, to meet and gather and disperse again from day to day. People now come as far as the closed-off ramp, to gaze down its unrailinged length. They may fool you or me that they are merely watching the tearing down of an old structure and the erection of a new one, but what they are really doing is hanging on loose ends, missing the place that was as much a meeting point as are the cafes, the post office, or the living room of their homes.

Ferry Service For Vancouver Road Probed

THE much-mooted road to Vancouver is due for another airing, as revealed by a letter received yesterday by Frank Clarke, secretary of the Westview Ratepayers' Association. C. J. Ballentine, secretary of the Sea Bus Lines, which operates on Howe Sound, has offered to come to Powell River to discuss the proposition with interested persons.

Date of the round-table conference has yet to be set, but the interest of the bus company marks another step forward in the ancient battle for a land link between Powell River and Vancouver.

Mr. Ballentine's letter states in part, "As holders of the public utilities commission franchise between Gibsons Landing, Horseshoe Bay and Fisherman's Cove, we are anxious to start a car ferry in connection with the proposed road to Vancouver."

Northern terminal for such a ferry service would be Thunder Bay, explained ratepayers' secretary Frank Clarke. The Westview organization has carried on an active investigation of recent months into the possibility of constructing the coast road. Powell River Board of Trade began pressing for the project nearly 15 years ago.

Alaska's official flower is the forget-me-not.

BRITANNIA BEACH

CRICHTON HAWKSHAW

ON TUESDAY, April 1st, the Ladies' Auxiliary of the Union held their regular meeting which was a short one as they had several guests and the novel idea of finishing the evening with bingo. All the members brought along a prize (everything from soup to nuts, I understand). Then when those there bingoed they won a prize. All had an enjoyable time and finished the evening with scrumptious eats.

On Wednesday and Thursday, April 2 and 3, the East Howe Sound High School festival was held at Squamish. The U.S.S. "Lady Rose" took 41 to Squamish on Wednesday and 89 on Thursday. We stopped at Woodfibre for a gang both nights as well. At Squamish there were various modes of transportation to take us to the P.G.E. hall where the festival was held, everything from the P.G.E. "Sparkie" to buses and taxis. No doubt the festival results are published elsewhere, but do wish to say that those at Britannia can be proud of the showing of the teen-agers of the high school here.

Eleanor Jean Dunbar and Don Heron won the gold medals donated by the Mount Sheer branch of the Canadian Legion for the best and most outstanding actress and actor. Eleanor Jean also won the cups for second comedy and second drama and Don Heron for the first comedy. Merle Udeen and Allan Renko won the first supporting awards. Ramon Bennett won the best novice and Bill Lewis had special mention. Out of 16 actor awards, eight came to Britannia.

Wes Black of the Townsite who was one of the instigators of the festival (this is the third year), can be congratulated on the fine showing of all. Wes directed all the Britannia plays. Congrats to those at Squamish for the hard work in making the festival possible and the success it was.

* * *

Good Friday at Britannia was not a holiday as the contract between company and union agrees to make the nearest Saturday to May 24 a holiday, for the Copper Queen celebration. This year it will be when the 22nd queen is crowned.

* * *

Many visitors came up for the Easter weekend and a few of those are Mr. and Mrs. Ralph Davis of Victoria, staying with Bob Russell, (Mrs. Davis is Bob's daughter Pearl); Margaret Patenaude who stayed with her parents; Mrs. J. Cleveland and her daughter, Phyllis, staying at Ollie Beatty's; Barney Blundell and his bride with his brother and sister-in-law, the Rod Blundell's; Eldean Lothian, youngest sister of Ellen Johnson with her and Dick; Mr. and Mrs. G. Crossley and wee daughter Barbara with "yours truly".

Mr. and Mrs. R. Dunster came up. Reg is a new Beachite and in the store office. They stayed with Wes and Nettie Hamilton. Frank Rainbow of Duncan was with the N. McLeod's Jr. Dick and Ellen Johnson are moving, going where the Ronnigens lived. The latter have left for the island. With this move we welcome Bill Okell and his wife to the Minaty Bay suburb, to live where Dick and Ellen were.

Mr. and Mrs. C. P. Browning returned from their trip to Boston, where they attended their son Jackson's wedding. Also returning from a grand holiday in California were Mrs. Erickson and Miss Edith Haggstrom.

* * *

Now the event of the week at Britannia was the Easter frolic held by the foundrymen, on Saturday evening April 5. Even though it was a long weekend there was a good crowd and the excess "dough-ray-me" went towards prizes. The gym was decorated in the traditional Easter effect and a display with the man who knows all, sees all, and still thinks that rabbits lay Easter eggs, pouring the white-hot molten metal in the time-honored foundry method. It was a grand frolic and a great success, even George Seaton was there, so that goes to prove it. Our grateful thanks to the furnacemen, moulders, sand mixers, cranemen, helpers etc., and their wives for the grand evening and supper. The display was a creation of our friend Gordon Mounsey and something to see. Cherio for this week.

Gibsons Landing School News

By ELSIE KORHONE

IT'S GOOD to see at last the whole school in attendance again. This terrific spring weather that we're having seems to be bringing out all the kids. Another thing it has brought along a lot of colds for many of the kids. But are we going to let a cold stay and bother us?

The students from Miss Stevenson's and Miss New's rooms have been busy doing their good deed for the crippled children. Both classes have made quite a number of Easter cards. These will be sent to the Crippled Children's Hospital at Vancouver to bring a little cheer.

We are all glad to see Teddy Fearne back at home again and all well. Teddy has just undergone quite a serious operation. All your little friends are looking forward to see you at school again, Teddy.

We all want to make two more new students welcome at Gibsons Landing School, Fred and Bill Heck. The Heck family moved to Gibsons from Vancouver and we are glad to see the boys come to our school. Good luck to you both here.

SPORTS

The sports scene seems to have made the final change. Now basketball is played only on Monday nights. For the past week the Recreation Club has been waiting for the Woodfibre team to come and have a game against the boys' team here. As yet they have not made an appearance. Last Friday night before the Teen-Town dance the boys had a warm-up game while waiting for Woodfibre.

School softball teams were organized last week. Three boys' teams and two girls' teams were picked out from Grades seven to twelve. Games are held every noon hour, thanks to Mr. Elliott's and Mr. Trueman's umpiring. The boys play Mondays, Wednesdays and Fridays, and the girls the other two days of the week.

WHAT'S BUZZIN'?

Wonder why Mr. Trueman wasn't wearing his famous flashy tie on Friday? Could it be because he was heading for town? (Wouldn't like to have Gibsons shock Vancouver.)

On Friday night Teen Town held its usual dance. Variety was added by making it a hard-time party. Looks like we'll have to start a fund called "Aid to the Poor."

A snappy little bit of rug-cutting was witnessed by the Teen Towners when Maldwyn T. and Elaine Z. jitterbugged (so-called) off with first prize. Quite a swing you got there, Mauldy!

The week before Easter holidays certainly proved to be a busy one. The teachers (or just plain work) kept us stepping lively all along especially with exams coming up.

To start the week off we missed Miss Pearson at school. However, we were glad to see you back on Tuesday, Miss Pearson. Thanks to Mrs. Knight's substituting we managed the day.

On March 30th the high school was honored to have two speakers. Mr. C. Telford, assistant forester from the division of forest economics in Victoria and his wife, Mrs. Telford. Mr. Telford spoke to the boys on forest economics. Doing this particular kind of work himself, Mr. Telford was able to give to the boys some interesting factors on forestry work.

Mrs. Telford spoke to the girls on dietetics. Mrs. Telford is a graduate in home economics from the University of Saskatchewan. She spoke to us on the job openings for a dietician as well as the duties of the dietician. A few years back a dietician was unheard of but today, with a greater knowledge of health and the need for dieticians, more of them are in demand all the time.

HERE AND THERE

It's good to hear our regular school bell ringing again now that the electricity has been hooked up more regularly.

The school hall has again been opened at noon hours for those that don't play softball. Rules in regards to using the hall have been set up. Hope all you kids will try and follow them.

We have high hopes of seeing some improvements made on our main softball field. Such rumors have been flying around so here's hoping.

What's your fee, Shirley and Eleanor, for those who want to enroll in your school of vocal training. Or should we say, how much do you want to let us stay clear from ear-shot. We understand that you intend to go into a co-operation with Murray's Chinese School of Music.

Poet's Corner

OLD MAN OF THE MOUNTAIN

Old Man of the Mountain,
With your wan face upturned,
What, through the countless ages,
Have your sad eyes learned?

What have the tempests told you,
When Winter's rage sports free?
What inveterate secrets
Could you divulge to me?

Your nose is a round pinnacle;
A precipice forms your brow;
Sunlight tints your snow-lined cheek
As I watch you, now.

Old Man of the Mountain,
What pleasures have you yearned,
Fixed, in your lonely vigil,
With your flushed face upturned?

QUELQU'UN.

The smallest nest in the world is that of India's Crested Swift. The nest is made of tiny bits of Bark stuck together with saliva from the bird's beak and invariable there is a single egg in the nest.

Meteorites are usually so before they reach the ground.

"British Columbia Prosperity Depends on Foreign Trade"
FIFTH NATIONAL
FOREIGN TRADE CONFERENCE
of
THE CANADIAN CHAMBER OF COMMERCE
In Collaboration with
THE VANCOUVER BOARD OF TRADE
HOTEL VANCOUVER • VANCOUVER, B. C.
MAY 21st, 22nd and 23rd

The products of British Columbia's forests, farms, sea and mines must find overseas markets if the prosperity of this province and the standard of living we now enjoy is to be maintained.

Members of Boards of Trade, industrialists, governmental officials and others in British Columbia will welcome the opportunity of attending the first national conference of Foreign Trade to be held in Western Canada.

The three-day conference will provide an opportunity to hear national and international leaders discuss the following subjects:

1. Must Canada continue to finance her customers to retain her export position?
2. Will the United States choose the international trade organization, the reciprocal trade agreement policy or isolationist tariffs?
3. Will Imperial preference or the international trade organization contribute most to British Columbia's prosperity?
4. What prospects does the Pacific area hold for British Columbia's expanded industries?

Plan to register now for this important conference. Write today for full particulars, to the
