Peninsula Towns To Have Films

FOLLOWING is the itinerary for the showing of a number of films by the National Film Board representative in coast communities:

Irvines Landing, Sunday, March 9, at 2 p.m.

Halfmoon Bay, Sunday, March 9, at 8 p.m.

Sechelt, Monday, March 10, at 8 p.m., and in the schools Tuesday, March 11.

Roberts Creek, Tuesday, March 11, at 8 p.m., and in the schools, Wednesday, March 12.

Gibsons Landing, Monday, March 17. It is expected that the film illustrating how easy it is to be X-rayed will also be presented.

Canada's new Citizenship Act, which enables us to call ourselves "Canadian citizens" for the first time, has made most of us do some thinking about just what citizenship means. What responsibility have we for the way other countries regard Canada? Who is to blame if racial and religious prejudice are found here? How can the average Canadian contribute to his country's industrial development and farming prosperity?

The films on this program have been especially chosen to suggest a few answers to these questions. "Everyman's World," the featured film, explains the importance of each citizen playing an active part in choosing the statesmen who will represent Canada among the United Nations. "The House I Live In" drives home the need for everyone to take a courageous stand against all kinds of prejudice or discrimination if our nation is to be really united. "Power From Shipsaw" shows us citizens contributing to build Canada's industrial might. In "Old MacDonald Had a Farm" we see some of the methods by which farmers can maintain the high production standard which has won Canada the gratitude of millions whose own countries cannot produce enough food.

EVERYMAN'S WORLD

This film describes the great variety of skills, religions and national backgrounds found among Canada's twelve million people. How such different groups have achieved national unity is explained by the secretary of state, Paul Martin, who is shown addressing a number of new Canadians on Canadian traditions and ideals. Political rights and duties in this country are demonstrated in scenes of an average citizen taking part in election activities.

THE HOUSE I LIVE IN

Frank Sinatra, the popular American singer, made this film to teach youngsters that racial and religious prejudice is not only cruel but stupid. He reminds us that during the war people of all religions worked together successfully to defeat the Nazis, and stresses that we are only harming ourselves and our country if we refuse to cooperate with fellow-citizens who go to a different church.

POWER FROM SHIPSAW

The Saguenay River in Quebec is a rich source of power, but the skill and hard work of many Canadians were necessary to harness it for the use of industry. This film shows us the great dam and power station built at Shipsaw, and the famous aluminum plant for which the Saguenay provides electricity.

OLD MacDONALD HAD A FARM

Angus MacDonald, a farmer who is just about to give up his farm because he can't run it himself without help, is the star of this film. We see how he discovers a dozen or more ways to make better use of the mechanical power he already has in his tractor, and realizes that by reorganizing his work and pooling special equipment with his neighbors he can run his farm after all.

CANCER CLINIC CLOSES SEASON

SELMA PARK — The cancer clinic report for the close of the season was given by Mrs. G. Colson at the meeting last Wednesday, and showed that 7,500 pieces consisting of dressings, bandages, etc., had been sent to Vancouver, and that $377 had been raised. This money is being used for the purchasing of equipment for the Vancouver clinic.

Mrs. Colson thanked Mrs. Neal for organizing the group and for the use of her home every week, and also Miss Ann Millar for doing the secretarial work. It was hoped by all present that the meetings would be resumed again in the early fall.

"TAKE A DEEP BREATH"

(Fairchild Camera and Instrument Corp. Photo)

BY THE time you can say "Take a deep breath and hold it", an X-ray picture of the lung can be taken on this modern photo-fluoro-record camera. Chest X-ray examinations are advocated by tuberculosis associations, supported by the sale of Christmas Seals, to find unknown cases of tuberculosis. The travelling clinic is now on the Peninsula.

Trade Board Plans Important Meeting

GIBSONS LANDING—Suggestion that the word "Landing" be dropped from the formal title of Gibsons Landing met with general approval at the council meeting of the Board of Trade here last week. Further discussion is planned before taking the matter to the public and later to the authorities. It was pointed out that the short form is at present in almost universal use anyway.

At the board's general meeting on March 17 in the United Church Hall it is planned to bring the council up to full strength and attempt a general reorganization, the latter to be in co-operation with Sechelt, Halfmoon Bay and Pender Harbour members. It is expected that two boards of trade may develop from this effort, or at least a sub-council, in an attempt to properly service the scattered area, the nature of which has made close co-ordination very difficult between centres. For this reason a full turnout of members is urged at the meeting on March 17.

Free X-Rays for TB Offered in Peninsula

THE HOWE Sound early detection campaign, part of a province-wide continuous anti-tuberculosis drive, commenced this week at Britannia Beach and Woodfibre, and will continue for three weeks at main centres on the sound. Points to be included in the survey are Squamish, Sechelt, Gibsons Landing and Roberts Creek.

Until portable or "knock-down" X-ray equipment was received this year, mass X-raying was virtually impossible here, because of the great weight and bulk of the mobile units which have been used in B.C. for the past three years. This equipment was first used at University of B.C. during February when some 7,000 students and faculty members were examined. This model is the very latest in Canada, and uses 70 mm. roll film with a picture-taking rate of 100 persons an hour. Cost of the equipment was $14,000, borne entirely from funds raised in the annual Christmas Seal sale. Technicians with the unit are William Osborne and Bert Johnson.

Harold C. Huggins, educational director, Christmas Seal office, Vancouver, returning from an organizational trip, reported keen interest in the work at all points. He felt that the fine community effort which was forthcoming was a sure indication that the project would be 100 per cent successful. Mr. Huggins reminded the people that the most important section of any TB program today was the willing co-operation of the public. He particularly mentioned the work of the Canadian Legion at Gibsons Landing and the board of trade at Squamish, organizations which are sponsoring the survey at these points. He was also impressed with the reception that both labor and management gave the program at both Britannia Beach and Woodfibre. Health is something, he said, which there seems to be full agreement on between the unions and the companies.

The X-ray is offered entirely free of charge to all persons over 14. Every person X-rayed will receive a report of the examination within about two weeks. The program is under direction of the local medical health officers at all points, who are working in co-operation with the division of TB control, department of health and welfare.

Can Shop, Do Housework While Washing Clothes

TRULY a boon to busy housewives is the new "Beatty automatic," a smooth-looking, counter-height washing machine, approximately 36 inches high by 24 inches square, finished in white enamel and trimmed in satin-finish chrome.

The new Beatty Washer will soon be on display at Sunset Hardware, Gibsons Landing.

From 22 to 30 minutes is all the time required by this wonder machine to thoroughly wash, rinse and damp dry the ten pounds of clothes which is its capacity. Following the operation, the washer proceeds to clean itself and shut off automatically.

In washing, the sphere oscillates 144 times a minute, providing a fast, swishing motion of soapy water through the clothes lasting from one to nine minutes, depending on the type of fabric and amount of soil.

The turbulent washing action created by the large rubber agitator, which extends right across the bottom of the washing sphere, is accelerated by two large flexible rubber hands which reach down from the top.

Immediately after the washing is finished, Beatty's new "overflow-rinse-process" begins. The oscillating action of the washing sphere continues during the rinse cycle, keeping dirt and scum suspended in moving water and preventing them from settling back on clothes. Dirty water overflows out from the perforated top of the washing sphere while suds continue in action. Because washing action does not stop and because water is drained off the top and not downward, soil and soap are not redeposited on clothes.

Film Board to Make Movie In Peninsula Next Week

THE COAST News was today advised that the area between west Howe Sound and Pender Harbour has been honored by being chosen as the locale for a film depicting the early travels of National Film Board representatives through the district, when they travelled many difficult and weary miles establishing a circuit for the showing of educational films.

Starting March 9 at Pender Harbour, two National Film Board members from Ottawa, accompanied by a cameraman and full movie equipment, will start the filming of local shots. Some of these called for in the script include shots of audience discussion groups; the necessity of slow and difficult steamer, fishboat, and auto travel over the scattered area.

Because of its close co-oper- the past months of its existence, The Coast News is being honored with the apearance of publisher E. W. P. Pearson in a sequence depicting the study of material appearing in The Coast News.

When the film is completed it will receive a feature showing in the peninsula area, in addition to its circuit all over the Dominion.

BOWEN ISLAND

By PEARL PUNNETT

MR. AND Mrs. Harrison left Bowen Island this week on the first leg of their trip to England to visit relatives and friends. They will travel to Halifax to board the S.S. Aquitania which sails March 19.

* * *

Mr. Roy Collins went into Shaughnessy Hospital last week to have an operation on his hand. He accidentally cut the tendons in his thumb while working at Pemberton.

* * *

Mr. George Ward took over the position of manager of the Bowen Park store on March 1.

* * *

Congratulations to Mr. and Mrs. B. H. James on their 28th wedding anniversary, March 6.

* * *

Our student minister, Mr. Dave Frieson, who became too ill to return to Vancouver last Sunday, remained here under the care of Mrs. C. Dadds. He developed a case of measles. Mr. G. Ward kindly conducted the service on Sunday, March 2.

* * *

Visitors to Bowen Island for the week-end included: Mrs. E. Bouts, Miss Dree Stewart, Mrs. A. Bond and Bobby, Mr. Tom Smith, Alderman and Mrs. G. Miller, Mr. and Mrs. Hewitt and Mr. Hugh Cheeney.

BRITANNIA BEACH

By R. C. HAWKSHAW

THAT BIRD of "precious bundle" fame doesn't only fly around Britannia but also Arizona because he recently left a little daughter with Mr. and Mrs. A. C. Munro Jr. Bud and Mary Louise are naming her Sylvia Mae. FLASH! STOP PRESS!! Just received word that "that bird" was over Los Angeles. Yes! Mr. and Mrs. S. Sneed also have been presented with a baby daughter. So this all adds up to two new granddaughters for our own Mr. and Mrs. A. C. Munro Sr. Our congrats to the happy parents and I understand that Karen Dale Munro and Cathie Mae Sneed are very happy over having little baby sisters. Here at Britannia you will find the two happy grandparents. Also our congrats to them.

* * *

On Wednesday, February 26, the basketball team went over to Woodfibre to return the game that the Pulpers played here December 11, Woodfibre winning 51-36. So that is a game apiece. How about the rubber? Haven't the Pulpers' score sheet, but Britannia's is: G. Siggers 16, L. Maddess 6, Sanders 11, E. Patenaude 3, R. Stewart, R. Ferguson.

* * *

The Mine, Mill and Smelter Workers Union here at Britannia held a dance on Saturday evening, March 1. There was a grand attendance and everyone enjoyed themselves immensely. Good music by the Minaty Bay orchestra. Thanks to all those in charge of the arrangements; also to the ladies of the auxiliary who were responsible for the making of the delicious sandwiches. It was nice to see Margaret Patenaude at the dance on Saturday night. She had been up the past week visiting her parents. A few were down from the Townsite. We are always pleased to have these fellow Townsiters with us.

* * *

Sorry to report that Gordon Dickie has been ill in bed with pneumonia and hope that he is back to work soon.

* * *

Al Clark had a birthday on February 27. Many of his friends were extending him their sympathy on Saturday evening and Sunday afternoon that another year had passed away.

* * *

Well! My good friend up yonder, when I wrote we had snow, I meant WE HAD SNOW, but I will have to admit that down here in this lovely, beautiful, scrumptious, gorgeous, glamorous, salubrious, simply wonderful climate of ours it doesn't last very long. We are not like you poor souls stuck with it and have to take it for months at a time. This explains to me why some Townsiters are now Beachites.

* * *

Saturday, March 15! Make a note of that date. One of the events of the year will take place—the annual spring frolic sponsored by the Mount Sheer branch of the Canadian Legion.

Drugs Restricted

UNREGULATED use of medicinal preparations can lead to conditions which may progress to a serious degree before sufferers are aware of their disabilities.

Accordingly, Canada prohibits the open sale of such preparations, which may be obtained at drug stores only on medical prescription.

Howe Sound United School News

By ELSIE KORHONE

ANOTHER week of school that has been quite out from the regular routine. As Roberts Creek students have not yet come down to school, Miss Pearson and Mr. Trueman have again been out there in their turn to help the students along. In the meantime the teacher remaining with the high school has had a double load. (Should give you a holiday.)

With this "good old" spring weather taking a look in we may get some results. (???) The grader was back on the roads trying to smooth it out, so see you next week, Roberts!!

The X-ray unit of the Tuberculosis Society has planned on another survey trip to Gibsons between March 11-13, at which time everyone is hoped to be X-rayed, especially the students here from school. Last week we were fortunate to have a speaker at the school whose topic was TB and the importance of X-rays. Films on TB were also shown later to the students.

The electricity is again playing tricks on us. The showing of films to the junior high school was cut short by the break in the electricity. Basketball and badminton as well at P.T. in the hall have been discontinued until the lights come on again.

ACTIVITY CARDS

A student's council meeting was held in the school last week. It was decided that the price of activity cards from now on would be fifty cents instead of the seventy-five. These may be purchased by consulting members of the council. A school party was also suggested for March 14, by the council. Ten dollars is to be given to House B for party plans. Mr. Elliott has promised the school record player to provide music.

Another new Red Cross organization has been drawn up in the school from Mr. Elliott's room. President is Les. Farewell; vice-president, Jackie Nestman; secretary, Bill Pye; treasurer, Fred Fraser. Previous to this Miss New's and Miss Stevenson's classes have already been doing Red Cross work.

Mr. King, our janitor for the past two years, left the school last Friday. Sorry to see you leave, but we wish you the best of good luck elsewhere, Mr. King. Mr. Wardil, who previous to coming here, did landscape work in the parks, is now taking over Mr. King's place. Welcome to H.S.U.S., Mr. Wardil.

Gower Point is really riding to school in style now that Mr. Chaster has put his new bus on the school route. Pretty nice, eh kids?

We were very sorry to see Bill Razzell leave the school last week to attend school in Vancouver. Bill had been a student here since last fall. The best of success and good luck to you, Bill!!!

SPORTS

With the good weather last week softball already got a good start at the school. The fields are yet a little muddy, but what's a little mud?

In basketball house competition has dropped down considerably with the poor attendance at school. The senior girls have managed to keep their end up. House A girls have sure pulled their socks up by winning every game for the past month.

The markings on the thermometers for the two houses show House A leading with a score of 60-54.

Basketball practices on Monday and Thursday nights have been going ahead as before, entirely in the hands of Les Peterson's coaching since Ritchie Norris left for Vancouver to take his P.T. training course.

Last Thursday night basketball films were shown to the players by Mr. Elliott. The film showed the analysis of plays by Nat Holman, coach of the New York University teams. Special attention was drawn to the man-to-man defense and offensive plays, as well as zone defense.

Teen Town had its usual party in the school hall last Friday night. Dancing and the odd game in between helped put the evening over quite well. At the said date last time Teen Town was unable to have its regular party as they were willing to give the hall up that night for the Valentine dance.

HALF MOON BAY

By MRS. R. MOSIER

VISITING Mr. and Mrs. L. Johnson is Mrs. Johnson's sister, Miss Ella Euteneier, of Nokomis, Sask., who arrived Sunday.

* * *

Mrs. L. Johnson and her two sons, Lyle and Lincoln, were in Vancouver last week for a brief holiday as the guests of Mr. and Mrs. Tony Janeson. They returned on Sunday with Mr. Johnson who had joined them for the week-end.

* * *

Also holidaying in Vancouver last week were Mr. and Mrs. George Herrington and their son Douglas, who were the guests of the former's sister and brother-in-law, Mr. and Mrs. A. Crego.

* * *

Baby Sheila Cassidy is in St. Mary's Hospital as a result of first and second degree burns obtained from hot grease on February 24.

* * *

Boarding the "Gulf Wing" Saturday morning for the week-end in Vancouver were the following: Mr. L. Johnson, Mr. L. Lewis, Mr. E. Parr Pearson, Mr. F. Kolterman, Mrs. C. Alexander and son Bill.

* * *

Mrs. Robbiard of Welcome Beach is spending a few days at Porpoise Bay with her son and his family, Mr. and Mrs. T. Robbiard.

* * *

Week-end visitor of Mr. and Mrs. Frank Watson was the latter's sister, Miss Margaret Thom of Vancouver.

* * *

Taking advantage of the "Gulf Wing's" return trip from Vancouver on Sunday were Miss Sally Swainson and Mr. L. Frost, both of Vancouver, visitors to Mr. J. Cooper of Redroofs.

* * *

Mrs. E. Lewis returned Sunday from a three-weeks' visit with Mr. and Mrs. K. Manning and baby Arlene in New Westminster.

* * *

Mr. Gordon Flavelle was here for a few days last week, returning to the city Saturday morning.

* * *

Boarding the "Gulf Wing" for Vancouver on Sunday were Mr. and Mrs. J. Southerland, and Mr. Charlie Trigg.

* * *

Mrs. Jack Burrows celebrated her birthday Monday when a few friends were invited for the tea hour. Attending were Miss Marian Edmunds, Mrs. F. Wall and daughter Pat, Mrs. F. Lyons, Mrs. B. Mills, Mrs. W. Scott, Mrs. P. Hudson.

SECRET COVE

By INNES WILLISON

FRIENDS of Mr. Oliver Honor will be pleased to know he is back home from North Vancouver Hospital where he has been a patient for several weeks.

* * *

Miss Lessley is a patient at St. Mary's Hospital, and has been for the past three weeks.

* * *

Mr. and Mrs. Thomas Ramsey have returned after a few days on business in Vancouver.

* * *

Miss Joan Binns of North Vancouver has been visiting for a few days with Mrs. E. Green.

* * *

The halibut fishing boat Kautia of Juneau, Alaska, stopped in overnight on its way to Seattle, Wash.

Food for Study

INTEREST in studies and a child's progress at school, may well depend in large measure upon the sufficiency of the lunch provided. This is the declaration of nutrition authorities, who urge parents to see that school lunches are adequate and sustaining.

A good lunch for a school-age child, according to the experts, should include at least milk, meat or meat alternate, whole wheat or Canada Approved bread, and a fruit or vegetable. Proper diet will give the child a better chance to compete with others on an equal footing, in classroom, as well as on playground.

International student service revealed that since 1937, $2,446,000 has been raised by university students for the relief of destitute students in 18 war-stricken countries of Europe and Asia.

Take the Test

ONE OF THE greatest tasks confronting the nation at the present time is the maintenance of national health. One of the most serious diseases, and at the same time one of the most readily curable when found in its early stages, is tuberculosis.

It is to the credit of many local organizations and committees, working in close co-operation with the official TB program, that every person throughout the main centres of Howe Sound, over the age of 14, may take precautionary measures against this insidious disease, by having a free chest X-ray examination within the next few weeks.

Until equipment using small films was developed, mass surveys were impractical and costly. Chest clinics had to be confined to known cases and those suspected of having TB. As a result not more than one in five persons suffering from tuberculosis was discovered until it had progressed to serious stages. Now this danger can be averted. Found in time, and properly treated at once, tuberculosis can be cured and the possibility of passing it on to others overcome.

More persons in the age group 15 to 45 die from TB than from all other infectious diseases combined. This is largely because an affected person may go on for some time not at all aware that the infection has been contracted or that disease is developing.

Any one of us can be attacked by this disease and at any time. The old belief that those over 30 are no longer susceptible is entirely without foundation. Helping in the task of destroying this enemy of man is a duty that belongs to us all. The surest way of doing this is by having an X-ray.

Bible Reading

GOD, WHO at sundry times and in divers manners spake in times past unto the fathers by the prophets, hath in these last days spoken unto us by His Son, whom He hath appointed heir of all things, by whom also He made the worlds; who being the brightness of His glory, and the express image of His person, and upholding all things by the word of His power, when He had by Himself purged our sins, sat down on the right hand of the Majesty on high.

And, Thou, Lord, in the beginning hast laid the foundation of the earth; and the heavens are the works of Thine hands: They shall perish; but thou remainest; and they all shall wax old as doth a garment; and as a vesture shalt Thou fold them up, and they shall be changed: but Thou art the same, and Thy years shall not fail.—HEBREWS 1:1-3, 10-12.

SECHELT
By W. J. MAYNE

A VERY enjoyable social was held in the Legion Hall during the week under auspices of the Sechelt P.-T.A. and the parents were asked to question the experts in a quiz bee. Mrs. Bryant, Mrs. H. Billingsley, Miss Marchant of the teaching profession formed the board of experts. The spelling competition was won by Bob Cooks of the B.C. Power Commission; geography, Les Young; and meaning of words, Mrs. Jay. Raffle winner of the groceries was Mr. Gus Crucil. The founders of the Sechelt P.-T.A. were offered congratulations by the president, Fred Archer. The original founders were Mrs. Ted Osborn, Mrs. French, Mrs. Jay and Mrs. Aylward. The refreshments were arranged by Mrs. Jay. The evening was closed with half hour of community singing with Bob Cooke at the piano.

* * *

This good weather is speeding the new telephone system. The men are working at top speed and the engineers Stan Patterson, Harry Baycroft and K. D. Patterson are loud in praise of the way things are going. The men are out Halfmoon Bay way and will soon be on the way to Pender Harbour. Quick and better service is on the way.

* * *

The TB clinic will be at Sechelt Monday and Tuesday, March 17 and 18. The various committees are working on the plan to get every person over 14 years of age X-rayed. Ladies of the V.O.N., W.A., P.-T.A., Red Cross will be asked to co-operate by taking a few hours each day in the various stores and taking the names of those wanting this X-ray. Contact R. S. Hackett, J. Mayne, Fred Archer, Miss Miller, Alex Gray or E. P. Pearson, Halfmoon Bay for any information regarding times and dates and transportation facilities. Every person over 14 years of age should have this chest X-ray.

The Canoe Club of Richmond, England, has a tank-landing craft for its floating headquarters.

When a 4½-foot cobra appeared in the path of a girl high school student in Stellenbosch, South Africa, she screamed, put her foot on its neck and stayed there until a native with a spade came and decapitated the reptile.

Mrs. D. Lemieux Moves to Westview

SELMA PARK—Over 30 ladies gathered at the home of Mrs. H. Neal to bid farewell to Mrs. D. Lemieux, who is leaving Selma Park to reside at Westview, B.C. The afternoon was pleasantly spent in the playing of bingo and contests. Mrs. J. E. Lee contributed vocal solos and community singing was also enjoyed.

Tea was served by the hostess during which Mrs. G. Colson on behalf of those present, presented to Mrs. Lemieux a very smart lapel pin, and spoke of how she would be missed in the community. Mrs. Lemieux thanked the group and expressed her regrets at leaving.

The Presbyterian missions in New Zealand have given $4,000 to develop the farm for Maori boys at Te Whaiti where 13 boys now are being trained as farmers and carpenters.

Coast Mission Buys Hospital

ALERT BAY—Newly incorporated St. George's Hospital Society has taken a 50-year lease on the building and grounds owned by the Columbia Coast Mission, and has purchased outright all the hospital equipment.

An ambitious program of improving the hospital services is planned. Considerable equipment has been ordered.

The logging operators who sponsored formation of the society and raised money to take over the hospital from the Columbia Coast Mission have placed the hospital under management of citizens of Alert Bay and District. A local board of management has been named and hospital has become a community enterprise.

Contracts are being prepared and will be offered to loggers in the area.

Board of directors includes Russell Mills of Canadian Forest Products Ltd., Englewood, president; C. Warnes, representing the provincial department of health; A. W. Deland, Columbia Coast Mission; V. H. Hunter, Pioneer Timber Co., Port McNeil; and G. Kennedy, Pacific Mills, Beaver Cove. G. V. Leech was apointed secretary.

Seventy-five pounds of coal are required to make a lawn mower.

SECHELT V.O.L. TO MEET IN HALL

SECHELT—The February meeting of the Sechelt V.O.L. Auxiliary was held at the home of Mrs. F. D. Rise, Selma Park. Owing to bad weather and worse roads only eight members were able to be present. It was agreed that in future all meeting will be held in the Legion Hall, Sechelt, excepting the March 21 meeting, which will be a daffodil tea at the home of Mrs. Nickson.

It requires a huchao, or special permit from the ministry of communications, to import radio sets and accessories into China.

GIBSONS LANDING
By LES PETERSON

A FULL-TIME dressmaking service has been opened in the business section of this village. The proprietor, Mrs. B. Moir, has established her shop in a portion of the Gibsons Shoe Renew building, and is equipped to do dressmaking, sewing, alterations, darning and knitting.

Mr. and Mrs. Moir moved to Gibsons recently from Prince George, and are living at present with Mrs. Moir's parents, Mr. and Mrs. J. Hulme, formerly of Winnipeg.

* * *

Harry Chaster has acquired an ex-army station wagon for his Gower Point taxi and school bus. It will seat seven passengers, and has a baggage rack on top.

* * *

The fatal shooting of Charles Boyes was sad news to a family in this community. Mrs. Dorothy Steinbrunner, Charles' sister, received word of the tragedy by telegram. In slightly over one year Mrs. Boyes has been bereaved of four members of her family, both mother and father, her brother, and now her husband.

* * *

The village of Gibsons is to have a blacksmith. J. Drummond of Howe Sound Trading Company, is building the shop at the end of the driveway around the store, and Earle Bingley, of Granthams Landing, is to be the operator. Has anyone a small chestnut tree?

* * *

It is announced from authoritative sources that this community is to have a hotel in the near future. Fred Meyers, of Vancouver, has purchased the property between Graham's Hardware and Sea-Crest as the site, and plans to construct an eighteen-room building.

* * *

Anyone interested in passing some of their leisure moments at archery is invited to see Johnny Bunyan or Clyde Parnwell, of Gibsons. They have made themselves lemon-wood bows and cedar arrows with neat tips, and are willing to give information to anybody who wishes to undertake a similar project.

OFF RATION LIST

EFFECTIVE February 17, all maple products were removed from the list of rationed preserves, and, therefore, are now available without the use of coupons. However, industrial users will still be required to obtain permission in writing from the sugar administrator before acquiring or using any maple syrup or maple sugar in the manufacture of any food or other product.

Remaining on the ration list of preserves are the following, which may be obtained for one sugar-preserves coupon: Fountain fruit, 24 fluid ounces; cut comb honey, four pounds; extracted honey, four pounds; honey butter, two pounds; jam, jelly and marmalade, 24 fluid ounces; molasses, two quarts; blended table syrup, cane syrup and corn syrup, 30 fluid ounces.

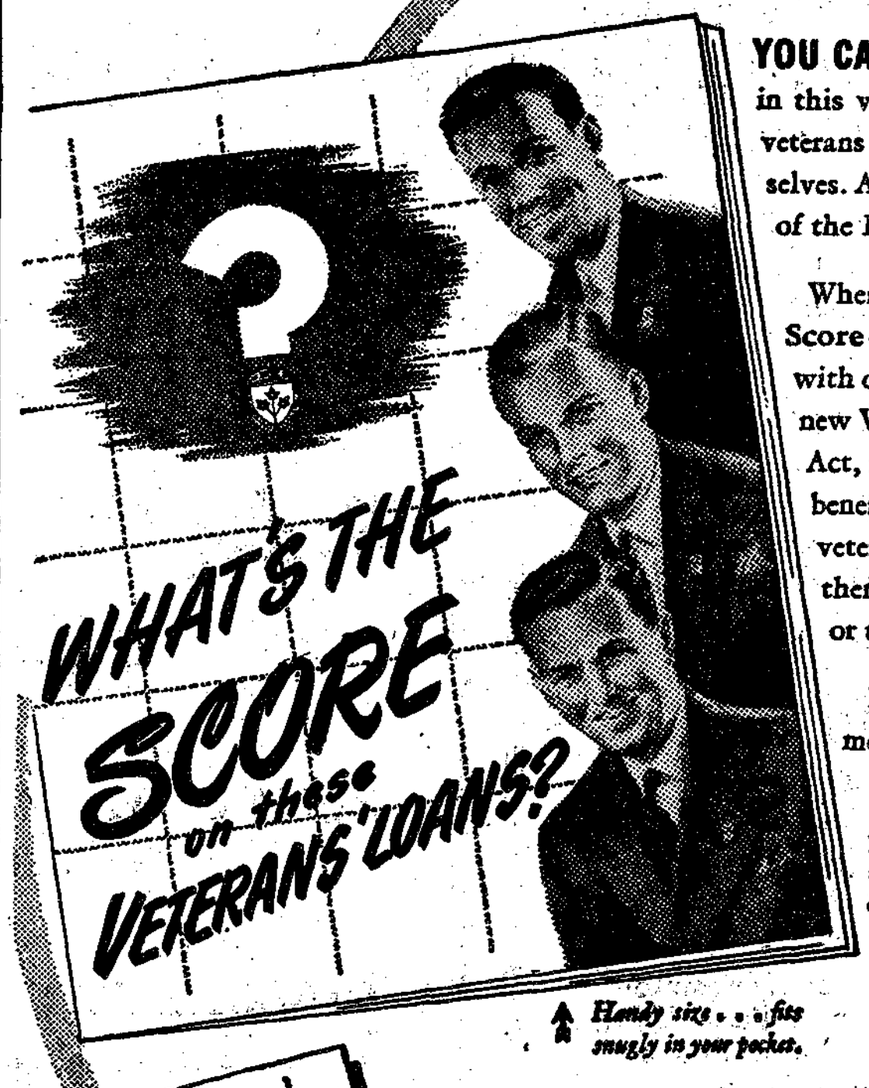
Can I get started in **A BUSINESS OF MY OWN?**



Handy size . . . fits snugly in your pocket.

YOU CAN FIND THE ANSWER to that one in this very booklet. We have published it for veterans who have the urge to start up for themselves. A copy is yours for the asking at any branch of the Bank of Montreal.

When you call for your copy of **"What's the Score on these Veterans' Loans?"**, have a word with our manager. He knows the details of the new Veterans' Business and Professional Loans Act, recently passed by Parliament for your benefit, and he is anxious to help go-ahead veterans who want to start in business for themselves, to improve their present set-up, or to go into partnership with a friend.

If your proposition is sound, there's money for you at the B of M.

Remember, when you ask for a loan at the B of M, you do not ask a favour.

Another FREE booklet for Veterans . . . "Getting Off On The Right Foot" is a booklet we published shortly after VJ-Day to help ex-servicemen in their rehabilitation problems. Thousands of veterans have been glad they read it. If you would like a copy, ask for one when you get "What's the Score on these Veterans' Loans?"

ROBERTS CREEK
By MRS. G. MacKENZIE

MRS. GWEN Ripley, R.N., spent the week-end here visiting her daughter, Miss Kitty Ripley, at the home of Mrs. J. T. Newman.

* * *

Mrs. Gaines is settled in one of the Reeves cottages. Previous to moving she lived at Stephens Beach.

* * *

Mr. and Mrs. Leonard Olsen have recently purchased the H. Green property on the upper road and will be moving to their new home immediately.

* * *

Mr. and Mrs. Green are going to England for an extended visit with a daughter, son and twin grandsons who reside there.

* * *

Mrs. J. Edlund spent a couple of days in Vancouver recently.

* * *

I note from the January issue of the Missionary Monthly that Mr. Hubert Evans, formerly of Roberts Creek, is caring for the medical work at Kitamaat because the mission has not been able to obtain the services of a nurse up to date.

Mr. Evans spent his holidays last summer working with the doctor at Rivers Inlet in order to better equip himself for this work he has taken as his charge.

* * *

The P.T.A. have sponsored the library which is to be at the home of Mrs. V. Rookes. The books have arrived and there is a very good selection for both teen-agers and older folk.

* * *

The monthly meeting of the Roberts Creek P.T.A. will be held on Monday, March 10, at 8 p.m., in the Kewpie Camp. Mr. Truman, the high school principal, will speak on "High School Curriculum" and "Vocational Guidance." These are subjects that are of vital interest to all parents and a large attendance is expected. Fathers of pre-high school children are especially invited to be present.

* * *

Mrs. W. B. Foley spent a few day in Vancouver last week.

* * *

A double serving party was held as bon voyage for Mrs. H. Green and birthday party for Mrs. Anton Danell. Among the guests were Mrs. E. Sandberg, Mrs. E. Carlson, Mrs. L. Olsen, Mrs. Cynthia Olsen and Mrs. Olga Olsen.

* * *

Overheard recently: Two little girls were discussing the merits of a little boy. One girl was sticking up for the lad, so the other said, "Oh, so you're in love with him! Well, I'll spread that around. That kind of stuff spreads easy."

SELMA PARK
By MRS. H. J. LEE

MRS. M. Livesey accompanied by her daughter, Miss Betty Livesey, flew to Victoria last week to attend the christening of her grandson. The baby, who is the only son of Mr. and Mrs. W. J. Livesey of the capital city, received the names of Robert Richard.

* * *

Mr. and Mrs. F. Oliver had as visitors from Edmonton, Alta., Mr. Jack Knott, Mr. Fred Dale and Mr. Y. You.

* * *

Mrs. Ross Anderson held a successful "Wearever Brush party" recently at her home.

* * *

Mrs. H. Burke has a new pet in the form of a tame squirrel which greets her every morning, looking for nuts or other tidbits when she steps into the garden.

A nautical mile is equivalent to 6,080 feet, or nearly one-sixth more than a land or statute mile.

PORT MELLON
By GRACE WIREN

MRS. HOWARD Henry returned from Vancouver March 1 with her infant son, Danny Earl, who has been an incubator baby since his birth two month ago.

* * *

Mr. and Mrs. Frank Zantolas, who were married at Quesnel recently, are now living at Port Mellon.

* * *

The engagement was announced recently of Miss Jean Rhodes, daughter of Mr. and Mrs. Murray Rhodes, to David Wood, son of Mr. and Mrs. Chris Wood, all of Port Mellon. The occasion was celebrated by a party in Vancouver when guests included Misses Helen Gunther, Peggy Wiren, Lenore Nelson, and Babs Wiren, and Bill McGhie, Bill de Boech and Merle Nelson.

* * *

A successful Valentine Dance was held by the Legion on February 15.

* * *

Each Saturday night from 10 to 12, old-time dancing is held in the Community Hall. This is in preparation for the big Klondike Night, to be sponsored by the Legion on March 15.

* * *

Mr. W. J. O'Neill of Hillside was the winner of the radio-gramophone which was raffled in aid of Legion funds.

* * *

The first soccer practice was held March 1, and on Sunday will be the first softball game of the season: Pipefitters vs. Sawmill.

* * *

Miss Anne Bryant, who has been a patient in Shaughnessy Hospital, was welcomed back last week-end and we were also glad to see Mrs. Helen Porter resume her duties in the store.

GRANTHAMS LANDING
By JIM RENNIE

MRS. EAGLESHAM, who was the guest of Mrs. Dave Bates over the week-end, will leave shortly for her Old Country home at Girvan, Scotland, on an extended visit.

* * *

The Misses Laverock, who are old-time visitors to Granthams, have secured a lot adjoining the McAlpine property and intend to erect a prefabricated house at an early date.

* * *

Mrs. Dexter of Vancouver and her daughter, Mrs. C. Atkinson of New Westminster were visitors at Granthams over the week-end.

* * *

Mr. Earl Bingley is opening a repair shop at Gibsons Landing and will include welding, tool sharpening and blacksmith work. We wish Earl all the success in the world.

* * *

On Thursday, February 27, the ladies of Harmony group of the W.A. were entertained to tea by the ladies of Gibson group of the W.A.

A nice musical program was arranged and solos were sung by Mrs. Kennett, with musical selections by Mrs. H. Breaden.

* * *

The Harmony group of the W.A. held their monthly meeting at the guest house on Monday, March 3. Business consisted of arrangements for the "Musicale" to be held at the Guest House on Saturday, March 29, at 8.30 p.m., and also the garden party at the home of the Misses Doherty some time in August.

MADEIRA PARK

BOYLE BROS. Drilling Co. are busy drilling wells in Pender Harbour. They drilled two so far at Madeira Park, one for Mr. A. Sim, getting a good flow of water at 35 feet, and one for Mr. Wm. Spurrill, striking a strong flow at 30 feet. Mr. S. Seely picked the spot for both wells.

* * *

Mr. Harry Reuter has arrived from Vancouver with his equipment to start a shoe repair shop in Madeira Park.

* * *

Mr. and Mrs. Wm. Marrs of Spences Bridge spent a few days at the home of Mr. Spurrill. Mr. and Mrs. Marrs have decided to build a home on their property at Madeira.

* * *

A new Lincoln "Shield-Arc" welder arrived for Wm. Spurrill Machine Shop. He is very pleased with it.

* * *

Mr. Russ Shairp of New Westminster spent a short visit this week at his parents' home, Mr. and Mrs. J. H. Shairp.

The "T" in "Fit"

JUST AS "timing" and "teamwork" put the "T" in "Victory" for the Allies in the war, they contribute to the health of Canadians, and put the "T" in "Fitness" in peace or war.

National health officers point out that perfect teamwork is exemplified in the co-ordination of bodily functions. Regularity in eating, working and sleeping —the "timing" of daily living— enables all the processes of the body to fulfil their respective roles, with the precision and ease essential to fullest physical well-being.

Roberts Creek Promised Better Dock Facilities

ROBERTS CREEK—The regular meeting of the Roberts Creek Improvement Association was held at the Kewpie Kamp, Monday, February 17, with the president, Mr. Waller, in the chair.

An eminently gratifying result of the executive committee's negotiations is the assurance from the government that docking facilities of a more permanent nature and wider uses will be constructed.

The groundwork has been laid for a branch of the Canadian Legion, sponsored by the association. Arrangements for an organization meeting are progressing.

Mrs. Eades addressed the meeting for the committee assisting the chest X-ray clinic. She urged the full support of the association in this work, so important to the conservation of health. Mr. Shaw is in charge of publicity, and Mrs. Shaw explained that information about the clinic would be available at the store.

Students in Lucknow, India, won a 48 per cent reduction in their movie theatre ticket prices after picketing theatres.

Personal Loans For Builders

MANY PEOPLE who have put off improvements and repair work on their homes through the war are now undertaking the work, rebuilding, redecorating, buying new furnishings, new appliances and generally improving their properties.

In many cases, the Bank of Montreal is giving ready assistance with low-cost personal loans, making possible the immediate cash purchase of materials and essential household articles.

To anyone with a regular income, who is in a position to repay, the Bank of Montreal is glad to lend money for all useful purposes. The rate is surprisingly low . . . 27 cents a month for a $100 loan, repayable in 12 monthly instalments. You may borrow smaller or larger sums for shorter or longer periods; the cost, equal to six per cent per annum, is proportionately the same. There are no handling charges, no deductions, no extras.

If you can provide security, the rate of interest is less, e.g.: if you have Dominion of Canada Bonds the rate on the loan is 3½ per cent on any unpaid balance; similarly if you have life insurance you pay 4½ per cent on a loan up to the cash surrender value of the policy. Payments on such loans can be made to suit your convenience.

The Bank of Montreal, Carrall and Hastings Streets, Vancouver, operates a sub-agency at Gibsons Landing every Tuesday and Friday and the manager, Mr. J. R. Pudney, or his assistant, Mr. J. E. P. Henniker, both of whom endeavour to visit Gibsons at least once a week, or Mr. D. B. Macrae, will be glad to talk over your problems and plans.

One death in every six in Singapore, Malaya, is now due to tuberculosis.

'Gulf Wing' Will Take Last Minute Mail for Coast News

CORRESPONDENTS and advertisers wishing to catch The Coast News with last-minute copy should give it to the purser on M.V. Gulf Wing on its southbound trip each Tuesday. It will reach our office in time for publication in the issue of that week.

Through the co-operation of Gulf Lines this extra Coast News service is made possible. Last-minute mail sent to Halfmoon Bay would ordinarily not reach the printers in time for that week, but through the Gulf Lines the Tuesday night mailings are picked up in Vancouver in time to take the northbound boat to Westview.

W.A. ENTERTAINS GRANTHAM LADIES

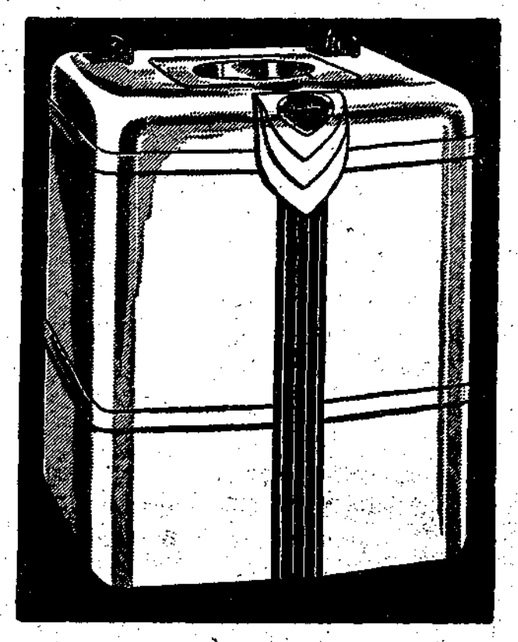
GIBSONS LANDING—A very pleasant afternoon was spent in the United Church Hall, Thursday, when the Gibsons group of the Women's Association entertained the members of the Granthams group, and the ladies of the church. Mrs. J. Horn, leader of the group, received the guests.

Presiding at the tea table, which was centred with a basket of daffodils, were Mesdames Parkinson, Farrow, Marsden and Bushfield. Serviteurs were Mesdames A. Thomson, T. Ross, W. Deans and E. Kennett. A program consisting of piano solos by Mrs. E. Breadon, vocal solos by Mrs. E. Kennett and readings by Mrs. G. A. Marsden was enjoyed by all.

A pleasant feature of the afternoon was the presentation to Mrs. M. Kidd in token of many years of faithful service to the church and W.A. a bouquet of blue iris. Mrs. Marsden, as president of the W.A., in a few well-chosen words presented the flowers. About 40 ladies were present.

ON DISPLAY SOON!

THE NEW Beatty WASHER



IT'S NEWS . . .

Because It's Revolutionary!

The Beatty Automatic Washer is not just another automatic washer . . . it's an automatic that washes cleaner, using a hydraulic method of pressure cleansing embodying the flotation principle or topflow dirt and scum removal, plus double washing action. This remarkable washer is a real beauty . . . it will give you new freedom . . . you can shop, do housework while clothes are washed. And they come out cleaner than if you had done them the old way.

Watch for this new Beatty washer . . . to be displayed soon at Sunset Hardware. You'll want one.
