WATER BYLAW QUEST SLOWLY GETTING WARM

GIBSONS. The pot of recriminations seems to be simmering again between the village and the Department of Municipal Affairs.

Latest stirring comes from Victoria by means of a letter to the Village pointing out that the recent water bylaw should be resubmitted to the people as "It seems to me (Hon. R. C. MacDonald) that there is much more involved than an error in timing."

Village Council will request further clarification on this "ambiguous crack".

The letter goes on to point out there was 'Non compliance with the requirements of the Health Act.' which the Minister was willing to 'overlook

Non compliance with the Village Municipalities Act in two instances was the reason given for disallowing thebylaw. The Department claims the two errors were made in the prerequisites to submission of the bylaw.

The village will point out, with dates and evidence, that all regulations were adhered to.

The Department takes the view it can overlook non compliance with the Health Act, but could hardly do so in respect to the Municipalites Act.

This leads to several obvious questions, 'in the words of one Commissioner. 'The Minister will condone breaking one act. which we admit, but will halt the bylaw on these which do not exist and simply imaginary technicalities.' The Minister points out that his deputy, B. C. Bracewell, had made everything clear to the Commissioners prior to the submission.

Commissioners feel the Minister is stretching a point with this statement as the ambiguity of letters from the Deputy Minister had previously been remarked upon.

It was pointed out at the Commission meeting,and will be pointed out to the Department of Municipalities, that the bylaw was advertised and posted Aug 7, third reading given on August 16 and polling done on August 23.

The Minister's letter also,

This Is First Paper Ever To Be Printed On This Peninsula

This is the first issue of the Coast News to be printed in its entirety on the Sechelt Peninsula.

Started five years ago by Al Alsgard, publisher of the Powell River News and E. Parr-Pearson, manager of Union Estates, Sechelt, the Coast News has previously been printed at Alsgard's plant in Westview.

During the four years of its life the paper has been at the mercy of many characters, the least of which was certainly not the seas, but could easily be the present owners.

Every week in the past, the News has been conveyed, more or less on time by various steamships companies which ply the coastal water. This often times resulted in many wondrous happenings such as two issues in one day or Pender Harbour papers ariving two week late at Gibsons having been dumped off by some kindly soul from a fish packer or, as happened last Christmas, by the pilot of a plane from the North.

This plant, which is now in operation, complete with all the idiosyncracies attached to every plant when starting out, is the main step in the dream of the two men who started the paper.

We are proud of this achievement. This issue has probably more 'holes' in it than it will eventually have, but it is a concrete proof that the area laying between Port Mellon and Pender Harbour is on the march. Every progressive district has its own voice, first step in retrogression of any ditrict is the demise of its paper; first step from adolescence to maturity by the same token is the birth of a newspaper.

The area of land popularly known as the Sechelt Peninsula has grown up and it will continue to grow -- we will keep step.

Our Mistake

GIBSONS. There seems to have been two errors in the Coast News last issue. One was an incorrect statement thato Egmont was the only district that had the manners to thank School Board Trustees for the year's unselfish work. Robert Cook takes issue that improvements Association President E Wood, profusely thanked trustees at the annual meeting in Sechelt. We are glad to make this correction. We do try to give correct information but having to rely on various authorities! we find ourselves sometimes on a limb.

The other correction is that Jack Adkins was acting secretary of the Gambier Island school board meeting and not C. A. Lett. We have tried but fail to find a reason for this one. probably we will just have to take the blame from both Mr Adkins and Mr Lett.

Mrs. J. Tyson was showing pictures of a fine looking daughter and a 40 pound fish the girl had caught up north. Mrs Tyson is the lady with the quick wit who does the Women's Institute reporting. ..... She is very proud of her .... daughter, and judging by the picture, she has every right to be.

It was a fair looking fish at that

One of the distinguished visitors in our teritory recently was Father O'Ryan, assistant general of the Oblates, no less. It turned out that he came from the same town back in Ould Ireland, as did popular Father E. O'Dwyer, That must have been quiteanIrish rogue meeting.

It seems that Father O'Ryan has one of those rambling jobs he travels all over the world visiting the various branches of the order. He makes the complete trip about once every six years.

That is one way of seeing the world but we suggest the average young fellow would do better by joining the navy. It was only a thought, that's all.

Come to think of it, we are not advising anyone to join anything. This can really get involved and we have no dislike for the Army or the Oblate Fathers or anyone— at the moment.

Norman Hough, the genial Elkman was around the other day telling us all about a certain person who went to sleep at the school board meeting. It turned out the party was not a member of the board.

Al Wyatt looked asif he meant business. I saw him armed to the teeth with a No. 5 scoop shovel.

I hear the ladies down in a certain cafe have a new name for a very fine fellow. Sugar John they call him. Seems to me he sells real estate and stuff. I had to chuckle when I heard the name. And I'm sure the fellow in person will also manage to raise a laugh from the same source. Drop in to his wife's store around three in the afternoon. The English biscuits are good as is the tea.

Eric Thompson is an avid reader of this paper. He tells me it is not so much for the line reading as the information he gets about various people he is interested in as he goes about his duties on behalf of insurance and bonding. Eric is the strong looking companies and what have days gone by in the Highroad as they used to do in a long man that plays his pipes up and down the Hopkins lands of Scotland.

Jim Marsh phoned down from Pender the other day. It seems they had a slight sprinkling of snow in the old banana belt.

We will bet that more property is registered in the names of wives than in the husband's aroung this area. There must be a reason for this but, I cannot think why.

December 14 Village Voting

Gibsons— Election day will be December 14 from 9 A. M. until 7 p.m. in the Municipal office.

Gibsons, once the smallest village in B. C. now has 290 acres, with rights and ownership of 212 more - water acreage.

There are 521 voters on the list according to figures released at the Village Council meeting.

Union Quits All Peninsula

GIBSONS. This area should be supplying its own water service to Vancouver according to the Federal Government.

James Sinclair, M. P. in a letter to the Board of Trade reported the Government never had subsidizzed either Gulf Lines or Union Steamships for service in the West Howe Sound area. He intimated that probably the only solution to the transport problem here would be installation of a car ferry.

Necessary improvements will be made to Gibsons wharf if and when the ferries start. Union Steamships, this weekend will withdraw its last

Pender Harbour Remembrance Day Service, held in the Community Hall, Madiera Park was both colorful and impressive.

Services branches were represented by members in full uniform led by Captain J. L. Jermain, R.C.N. (Ret) Services were conducted by Canon Butcher.

Mrs. C. Brown, was standard bearer for the Women's Legion, in uniform, while Ken Williams did the same duty for Branch 112. Sergeant at Arms was Sam Anderson and the ceremonies were opened by Legion Branch President E. Cotton.

Signalman Lloyd Davis lowered the flag at Last Post.

Color Guard included Mrs. L. Hambly, W.R.E.N., Allan Stewart and Lloyd Davis.

Many wore an impressive array of medals and ribbons. Much credit is due to Jim Marsh for the "Fine job of arranging and engineering.

Mrs. Pat Julies, a native lady, rowed more than one and a half miles in the open water in order to attend the services which also commemorated her son's death in the last war.

"I have raised this matter with the Department of Trade and Commerce and it is now being studied. I have also discussed it with the man who will be the Census Commissioner in the Coast-Capilano riding and he has promised to provide accurate figures for the Sechelt Peninsula, in any case."

We contend Gibsons shoad be a post office of a rating which will allow it to handle mail for the whole Peninsula. It is absurd that a letter mailed in Gibsons for Granthams has to go to Vancouver first aid then back to it's destination, when Granhams is only three miles down a well travelled highway.

We beieve the changeover in the post office system is imminent but perhaps a real picture of the number of persons living on the Peninsula may have a speeding effect.

It may even help to convince Mr. Kennedy that we are sufficient in numbers to buy our own liquor here. It matters little to the Coast News if the liquor store is in Sechelt Halfmoon Bay, Roberts Creek or Gibsons. What we object to is the silly run around we are now getting from the men we hire.

We are perhaps, deserving of this treatment when we have not enough gumption to go about this acquiring of a liquor store in the proper heads up manner of respecting citizens.

Perhaps the census findings will give us a little more strength — it is certainly a right move in the right direction.

Thank you, James Sinclair.

FRESN FROM THE OVEN FOR XMAS

The delightful arom of hot bread, fresh from the oven is something that cannot be surpassed. What a satisfaction you get when you pass a plate of your own home-made yeast rolls or bread!

Fragrant, fruity Christmas breads and rolls are a bit of that wonderful part of Christmas that happens in the kitchen. The following recipes will give you a good start on something different in breads to serve your famiy this Holiday season.

Refrigerator Sweet Dough

This is a basic sweet dough recipe that can be used to make a variety of wonderful hot breads to go with any meal —breakfast, lunch, dinner or supper, as well as with between meal bites that will delight your family and friends.

2 cups warm water
2 teaspoons salt
Half cup sugar
2 pkts dehydrated yeast
4 tablespoons shortening
2 eggs
8 cups sifted flour

Sift flour and measure. Set in a large mixing bowl and make a well in centre of the flour. Add 1 teaspoon sugar to half a cup of lukewarm water, stir until the sugar is dissolved and sprinkle yeast over water. Let stand ten minutes. Add salt and sugar to remaining lukewarm water. Mix and add soft shortening. Beat eggs well and add to liquid, then add dissolved yeast mixture.

Pour combined liquids into well in flour and stir with a large spoon until liquid disappears. With one hand mix dough with a rotary motion gradually forming dough into a large smooth ball. Continue for 5 minutes. Place dough in a greased bowl and cover with several thicknesses of waxed paper. Store in refrigerator until ready to use.

Dough can be kept for one week and can be used any time during the week.

Coffee Cakes

This is a delightful concoction made from part of the basic refrigeraior sweet dough recips.

3 tablespoons melted butter
6 tablespoons sugar
1 teaspoon cinnamon
3 tablespoons chopped nuts
3 tablespoons whole seeded raisins
5 maraschino cherries, sliced
quarter recipe refrigerator dough

Melt butter and use some of it to grease tube pan. Roll dough with palms of hands to make a cylinder 20 inches long. Cut dough in pieces 1 inch in length. Combine sugar and cinnamon. Dip each ball of dough into the butter, then in cinnamon-sugar mixture. Arrange coated balls in tube pan and sprinkle nuts, raisins and sliced cherries in crevices on outside and between balls. Cover and let rise at 80 to 85 degrees for 2 hours. Bake at 375 degrees for 35 minutes. serve warm.

Cinnamon Buns

These are always a favorite —They can be made with the basic refrigerator dough. Serve them hot with butter as a special tea-time treat for he family.

2 cups sugar
1 tablespoon cinnamon
three-quarters cup raisins
half recipe refrigerator, dough.

Divide dough into 3 equal pieces, and roll each piece into an oblong one quarter inch thick, 6x12 inches in size.

Sprinkle one-third mixture of sugar and cinnamon and raisins on each oblong and roll each piece lengthwise like a jelly roll. Cut with sharp knife into slices about 1 inch thick and place cut side up about 1 inch apart in well-greased baking pans. Cover with clean towel and allow to rise until double in bulk, about 1 hour. Bake in hot oven 425 degrees for about 20 minutes.

Christmas Fruit Loaf

This is a taste tempting loaf that will disappear without any coaxing. Your Christmas store of goodies is not complete without a delicious fruit bread.

2 cups scalded milk
1 tablespoon sugar

quarter teaspoon nutmeg
2 eggs, beaten
three-quarters cup flour
three-quarters cup chopped candied peel
half cup citron peel
half cup candied cherries
three-quarters cup blanched almonds
one and a half cups seedless raisins

Combine milk, 1 tablespoon sugar and salt; cool tolukewarm. Add yeast that has been disolved in quarter cup lukewarm water with half teaspoon sugar. Add flour (3 cups) and beat thoroughly. Let rise until light and bubbly. Cream shortening and sugar, add lemon rind, vanilla, nutmeg and eggs. Stir into sponge mixture.

Add remaining ingredients and mix to make a smooth, soft dough. Let rise ten minutes. Knead on lightly floured board until soft and elastic. Place in greased bowl, cover with damp cloth and let rise until double in bulk. Punch down and shape into 2 loaves. Place on greased cookie pan and bake at 350 degrees for 1 hour. MOOSE HEAD IS DANCE TARGET

Pender Harbour. This community,s Legion Branch need hardly take a back seat from the Pat Burns Company, which used to boast of using all of the pig exepting the squeal. Moose Hunters, J. Cameron Wilf and Pat Klein returned from a trip in the Chilcotin district, complete with moose head trophy.

The head was put up for auction and sold during the dance held November 10. Residents figure it was a nice trophy but a poor dancing partner.

GAMBIER HARBOUR

BY GLENWOOD

I have been requested by several residents to publicize their appreciation of the work done by Francis Drage on behalf on the school area

He was unanimously returned for another year at the recent meeting, despite the rumours flying that there would be others interested in trying to gain the position.

First four children to attend school via the sea waves are Susie Atchinson, Jimmy Boyd Jaqualine Atchinson and Sylvia Bourne.

A CLASSIFIED AD IN THE COAST NEWS WILL BRING RESULTS

Union Quits, cont.

water passenger link with the Sechelt Peninsula.

There will no longer be stops made by their northern passenger transport to either Sechelt or Pender Harbour,, according to a company spokesman

This ends nearly 60 years of coastal service with calls on the Peninsula. This area has long depended on the Union for its very life blood but in recent years new means of transport have appeared, notably the many freight lines and the daily trips made by the Machigonne.

Mr Sinclair's forecast of a car ferry is in line with negotiations now going on with a view to operating such a service from Horseshoe Bay to this district. An outline of the car ferry deal appeared in a former Coast News.

Water Bylaw, cont.

remarked the bylaw would have to be outlawed following his alleged discrepancies, as 'should any taxpayer question the legality of the bonds within a year, insufficient time for advertising the bylaw would render said debentures illegal.'

Commissioners point out that Section 32 'd' of the Municipalities Act takes care of this. It is the Commissioners belief the Minister is wrong in this contention also.

As you are no doubt aware,' the 'Department's letter continues, "there is sufficient time left for advertising and resubmission of this matter to the property owners."

Commissioners will wait and see the answer to their letters and the representations of B. L. MacIntyre, M.L.A.

"$818,107,524.13 that's a lot of money!"

The figure of $818,107,524.13 represents the total assets of The Bank of Nova Scotia as at October 31st, 1950.

This large sum exists because tens of thousands of Canadians continue to deposit their money in The Bank of Nova Scotia.

It is an accumulation of active money made possible by the savings of men and women—and of children, too.

What did this active money do? Part of it—$81,858,536.22 to be exact—was held by the Bank in the form of cash, for the Bank's day to day operations.

Another part of it was loaned to the Dominion and other governments of Canada, the provinces and counties, cities and towns. This money helped to build schools, roads, bridges, waterworks, parks, public buildings and to provide a variety of community services. A total of $249,620,156.88 was on loan in various forms to these public bodies.

But the biggest part was put to work by thousands upon thousands of individuals and companies. These people, alone and in groups, borrowed John Smith's, Mrs. Brown's and Dr. Jones' money to buy machines, materials, stores, and buildings or to provide working capital, so that they could make and sell in increasing abundance all the varied things that all of us want and use in our daily lives.

Farmers, for instance, were able to improve their livestock, to build new barns or acquire new equipment because they were able to borrow part of the money entrusted to the Bank.

Individuals with sound business ideas were able to turn these ideas into useful enterprises.

Companies were able to grow and make more and better jobs.

That part of the Bank's assets being used for all these varied loans, both in Canada and abroad, totalled $366,714,962.74.

Yes, $818,107,524.13 is a lot of money. But, through the services of The Bank of Nova Scotia, Canadians across the land, by putting this money to work for themselves, were able to serve the best interests of every Canadian.

IMMEDIATE SERVICE

Continuity of Electric Service

Interuptions to electrical service are very annoying to the users and the British Columbia Power Commission appreciates this fact and makes every effort to reduce such interuptions to an absolute minimum.

As the Sechelt Peninsula develops, clearing operations are necessary. These, when carried out skilfully, need not result in trees falling across power lines. In the past few months unskilled or careless operators have caused considerabe annoyance to power users by interrupting service through felling trees through the lines. In many instances., these operators do not realize the physical hazard which exists, and in several instances it is miraculous that no one has been hurt.

An energized conductor which has been brought down is extremely dangerous; it endangers not only the operator who felled the tree which brought it down, it also endangers anyone who comes near it until such time as it is repaired.

In the interests of the Sechelt Peninsula customers the Commission must recover from the person who causd the damage all the costs which arise from the accident. Nothing the Commission can do, however, can reduce the inconvenience nor guarantee that the careless operator or casual passer-by will notbe killed.

To protect yourself and others from serious physical harm and to protect your neighbour's electric service, please exercise the greatest care when clearing near power lines.

half cup scalded milk
quarter cup shortening
quarter cup brown sugar
one and a half teaspoons salt
two and a half to three cups sifted flour
1 egg
half cup lukewarm water
1 pkt dehydrated yeast
three quarters cup rolled oats
quarter cup chopped nuts
quarter cup chopped dates
quarter cup chopped candied fruits

Pour scalded milk over shortening, sugar and salt. Add 1 teaspoon sugar to half cup lukewarm water and sprinkle yeast over top. Let stand ten minutes, then stir. Add one cup flour to milk mixture, add egg and dissolved yeast. Beat 2 minutes. Add remaining ingredients and enough flour to make a soft dough. Knead lightly on floured board until satiny. Form into balls and place in a bowl, brush with shortening and let rise until cover and let rest 10 minutes. Roll dough to form rectangle quarter inch thick. Brush with melted shortening and sprinkle with half cop brown sugar and 1 tablespoon cinnamon, mixed. Roll like jelly roll and shape into ring, turning edges to form a bow. With scissors make cuts 1 inch apart from the outer edge of the dough two-thirds of the way to the centre. Cover and let rise until double in bulk. Bake at 375 degrees for 25 to 30 minutes. Frost with butter icing when cool, and decorate with candied cherries.

Orange Bow-Knots

1 cup milk, scalded
half cup shortening
one-third cup sugar
1 teaspoon salt
1 pkge granulated yeast
quarter cup lukewarm water
2 well beaten eggs
quarter cup orange juice
2 tablespoons grated orange rind
5 cups flour

Combine milk, shortening, sugar, salt; cool to lukewarm. Dissolve yeast in quarter cup lukewarm water with half teaspoon sugar. Let stand 10 minutes. Add eggs, orange juice and orange peel to milk mixture, add dissolved yeast and beat thoroughly. Add flour and mix to soft dough. Cover and let stand 10 minutes. Knead on lightly floured board and place in greased bowl, cover with damp cloth. Let rise until double in bulk. Roll half inch thick, cut in strips 10 inches long. Roll each strip lightly with palms of hands to smooth and shape. Tie each in a knot. Arange on greased baking sheet, cover and let rise double. Bake at 400 degrees 15 minutes.

Orange Glaze

IMPORTANT ANNOUNCEMENT

Here's the reason:

The records of registrants previously held in district offices have been centralized in Victoria.

A new system of billing for 1951 premiums . . . Cyclical Billing . . . has been introduced.

Any Cyclical Billing operation must be started off by staggering the dates for the first payable bill.

Registrants have been divided into six groups or cycles. Each individual group has been billed for an odd amount to coincide with the staggered date. Cycle "A"—2 months; Cycle "B"—2½ months; Cycle "C"—3 months; Cycle "D"—3½ months; Cycle "E"—4 months; Cycle "F"—4½ months.

In addition you will be billed for any outstanding arrears.

Subsequent billing will be for three month periods . . see the chart below.

Advantages

1. Regular-quarterly billing assists you in budgeting payments.
2. Future billings for Hospital Insurance premiums will be mailed to you every three months.
3. Delays previously caused by peak periods will be eliminated.

Please pay exact amount shown on your bill.
