Sixth Year of Publication Vol. 6 - 13 Thursday March 27 1952 Published in GIBSONS, B.C. Serving the Sunny Sechelt Penninsula

Union S S Presents 5 Acres to Sechelt

A 5-acre tract of land, constituting a city block, has been presented to the people of Sechelt by the Union Steamships Limited of Vancouver. The land, to be used for park and playground, will be known as Hackett Park.

The lot is located a block north and east of the school and the letter from the Union Steamships stipulates that the gift is subject to the community's putting in proper roads to the park and the clearing of the property for playground purposes.

Ernie Pearson, prime mover behind the request for the property, staied that he was sure the Board of Trade and other community organizations would welcome the gift with open arms and would start immediately on roads and clearing.

The park will be known as Hackett Park in honor of late R. S. Hackett who was resident manager at Sechelt up to June 1948 at which time he left to become postmaster at Sechelt. He passed away last Fall after a life of fruitful service to Sechelt and district.

The building of a community hall for the Sechelt-Selma district has been mooted by several organizations, especially the Selma Park Community Association, and Mr. Pearson told the Coast News this week that he felt the new park site would be ideal for the construction of the much needed building.

At the present time the only suitable hall in the Sechelt area is the Canadian Legion hall, and this is hardly large enough for school parties and large dances.

Halfmoon to Judge Gibsons Talent

The second anuual P-TA Talent Night will be held in the Gibsons Elementary School Hall at 8 p.m., May 9.

This concert will be the preliminary for the Gibsons district. Application forms can be obtained from Lang's Drug Store, or from the Gibsons Five and Ten Cent Store. Deadline for entry is May 1.

Adjudicators for the occasion will be Mrs. T. Roseboon, Mrs. H. Moffatt and W. Raven, all of Halfmoon Bay. Winners in the various classes will be eligible to compete in the Peninsula grand finals, which are to be held this year at Gibsons on the evening of June 6.

MAY QUEEN DANCE TO RAISE FUNDS

The Gibson May Queen committee is sponsoring a dance on April 12 in the School hall to raise funds for the forthcoming May Queen celebration and for the purchase of costumes for the children. The celebration, which will include a parade, sports, May Queen ceremony, and music by a visiting band, will be held on May 24. Members of the committee in charge are Mr. and Mrs. O. Gray, Mrs. Ed. Turner, Mrs. W. Stewart, Mrs. Tyson, Mrs. J. Marshall Mr. and Mrs. Reg Godfrey, Mrs. Doug Davies, J. Stewart, Les Peterson, Art Pilling, Mr. Watt and A. S. Trueman.

Andy Johnston Liberal Prexy

Captain A. Johnston was elected president of the Sechelt District Liberal Association at a regular meeting held recently in Sechelt. Mrs. A. E. French was named vice-president; W. McKissock, secretary-treasurer, and W. Youngson was named honorary president. Members elected to the executive were W. Allan, E. Gibson, H. Batchelor, R. Cumming and J. Sowerby.

Nominating convention to elect a candidate to represent the MacKenzie Riding will be held in Powell River on May 10, according to Capt. Johnston.

Pensioners Slow To Register

Delay in filling registration forms for Old Age Security benefits has cost 600 British Columbians one or more monthly payments, the regional office of the Old Age Security division said recently in urging all persons who will reach their seventieth birthday within the next six months and have at least 20 years' continuous residence in Canada, make application at an early date.

"The Old Age Security Act provides that the initial payment to eligible applicants be made in the month following the seventieth birthday. if it is received before that date. Otherwise, payments start on the first of the month following that in which the registration form is received," said W. R. Bone, regional director of Old Age Security. "Despite wide publicity our records show that 273 British Columbians lost their January payment through late filling while another 345 lost two months' pension. While proof of age is essential to a pensioner's eligibility, applicants who are endeavouring to secure documentary proof of their birthdate are urged to file in advance of their seventieth birthday. If proof of age is not secured until a later date a retroactive adjustment can be made in these cases."

CNIB Social at Lissiman Home

Local branch of the Canadian National Institute for the Blind recently held a social at the home of Mr. and Mrs. W. Lissiman. Program consisted of Bingo and other games, rounded out by hearty community singing. Prize winners were Mrs. R. Telford, Mrs. N. Sargeant, J. Carrall, and N. Sargeant.

Twenty guests were on hand to enjoy the entertainment of the evening.

Roberts Creek Improvements Mooted

Roberts Creek Improvement Association held its March meeting in the Legion Hall, Robert Cumming in the chair. Main discussion concerned the Roberts Creek Water Board It is hoped to expand this Board to include the area east of Roberts Creek in order to facilitate the installation of street lights and to add to the fire equipment already in use.

The next meeting to be held on Wednesday, April 9, in the Legion Hall, will be the annual meeting and election of officers.

TWO SECHELTERS SAVE SERIOUS FIRE

A fire, which may have been serious if undetected, was spotted by E. F. Cook, Union Steamships Limited engineer, in the General Store recently. He smelled smoke; looked out of the window and discovered an awning behind the store aflame. Ernie Pearson, resident manager, had the fire under control inside a minute when he used the fire extinguisher and shot the contents through the office window.

VILLAGE BUYS WILBY LOT

Village Council of Gibsons, Tuesday evening, authorized the village clerk to inform a Mr. Wilby of Powell River that they would buy a lot from him for the sum of $750 net. The purchase of the lot is necessary for the building of a 55,000 gal. water tank for the village water system.

Council moved to hold up the issuing of a permit for the construction of a new projection room for the Bal Block pending the receipt of a certificate of approval of the new projection room by the fire marshall.

Firemen Suggest Granthams Hook-up

A recent meeting of the Gibsons fire department suggested that residents of Granthams Landing purchase a 2-inch standpipe and valve to hook up to the water system in the Indian reserve. This, the meeting pointed out, would assist greatly in fighting fire in the immediate vicinity.

The meeting went on record as wishing to thank the public for support of their tea held last month. Their special thanks are tendered to Mrs. E. Drew, Mrs. J. Sowden, Mrs. W. McNab, and Miss E. Drummond for their assistance.

Lions Crippled Children's Fund

April 1 to 30 is the date set for Easter Seals for Crippled Children appeal, Fred G. Saunders, campaign chairman announced recently in Vancouver.

Mr. Saunders said, "This year we are asking the public to contribute $60,000 towards maintenance and operation of the following institutions:

Children's Hospital, Queen Alexandra Solarium, The Vancouver Preventorium, Celebral Palsy Association of B.C., St. Christophers School Society, Travelling Clinic.

"Handicapped kiddies from all over the province, rich or poor, with or without parents, may obtain treatment in these organizations."

Contributions should be mailed to Lion's Crippled Children's Fund of B.C., 407 West Hastings Street, Vancouver 3.

The campaign is sponsored by 26 Lions Clubs in B.C.

Waterworks Tenders Called This Week

Gibsons village council Tuesday night gave the green light to call for tenders for the installation of the village waterworks. They accepted the recommendation of a committee meeting held earlier this month, and moved to advertise immediately for tenders.

The recommendations of the special meeting suggested the use of Johns-Manville transite pipe in 6-inch and 4-inch sizes. This pipe, the report stated, would outlast wooden pipe and would cut down on repair costs in the future. Although an estimated added cost of $6,000 would have to be borne, Finance Chairman Bob Macnicol felt this would offer no serious financial complications.

A committee was appointed to lay down details of installation, and Clerk Bob Burns stated that he was working on a list of connections that would be necessary for the hook-up. Three firms wll be contacted for prices on the necessary connections, and tenders are advertised in this issue of the Coast News for installation.

George Marsden, on behalf of his neighbors, asked that water pipe connecting their area be connected with the end of a private line near the Hoare corner as they were very short of water during the summer months. Council sympathized and moved into high gear. As they had already stated that they would take over private lines, the Council on Tuesday moved to take over the private water system known as DL685 No. 2, and the private line known as the Boucher line, with "adjustment agreeable to both the present owners and the Council."

With that resolution in the minutes, council felt they could cut into the DL685 No. 2 line and increase the flow of water to the Marsden district.

Councillor Skellett stated that Mr. Marsden and neighbors could expect the increased flow "within three days."

Road Work in Bay Area

Correspondence from E. S. Jones, deputy minister of public works, was read at Village Council meeting Tuesday evening, concerning improvements to the Bay road. A survey by the district engineer pointed out that grading and graveling was needed at the Wardell corner and a culvert was advised for a small creek with a fill over top. Public works officials estimated the cost at $2,000, fifty percent of which would be borne by the village.

Village council felt the work was necessary this year and advised the provincial department to go ahead an include the work in this year's estimates.

Clearing on the Bay-Franklin road has now been completed and filling of low spots is to be undertaken immediately.

Village clerk has been advising logging trucks using Bay area roads that they will be called upon to repair any damage through the heavy loading, and asked their cooperation.

The third reading of the Traffic bylaw is to be held up pending approval of the bylaw by Highway Board and the RCMP.

Peterson Praises Playground Project

Planning was the theme of a talk by Les Peterson to the Kinsmen Club in Gibsons last Thursday. A Peninsula product, Les is a popular member of the teaching staff here and has taken courses at the university on his favorite subject. His talk Thursday showed that he knows what he's talking about.

He pointed out that, per capita, London and other British cities had more green space for the youngsters than did Vancouver. He estimated that Vancouver had more green space, per capita, for youngsters than did Gibsons. And he warned against building up new residential subdivisions without due concern for playground facilities. These small play parks should be within easy walking distance for each youngster.

Vancouver, he said, is now having to buy land for playgrounds that had been sold years ago.

Outlining the story behind the Kinsmen playground, he lauded the Kin for the interest they are taking in the welfare of the youngsters. The park is already a marked asset to the district in which it is located, and as new facilities are incorporated, its popularity will grow.

Earlier in the meeting, Kinsmen heard a progress report on the play park progress from Laurie Speck. Members will be doubling their efforts to get the playground into shape during the spring and early summer months.

Due to the fact that the club is busy with other important projects, it turned down a request that the Kin handle the TB seal campaign here next Christmas. Les Rimes was introduced as a new member.

Playgrounds

Although a home-town boy is never quite accepted a prophet by his neighbors, Les Peterson did, nevertheless, give the village something to think about when he addressed Kinsmen last Thursday. He advocated immediate planning for parks and playgrounds within easy reach of everyone in Gibsons.

Strangely, and without his knowing it, he repeated the theme used by Gus Sivertz, Vancouver Sun writer, when he addressed the board of trade three days earlier. Gus pointed out the importance of setting aside small tracts of land for children and for visitors.

A town can mushroom with new businesses and with new homes and find, when the sawing and hammering is done, that no land has been set aside for a park bench, fish pond, and swings. Already there is limited access to the beach, and unless some planning is done now, the youngsters of Gibsons will have to go to Vancouver's English Bay or some other distant beach for a swim — when we have miles of shoreline right around home.

Nobody wants to see Gibsons become another Coney Island, but as long as the ferry is running, we've got to realize that day-picnickers are going to come around this way.

As Gus Sivertz said, one of the finest things we can do is to show them that we like to have them drop in to visit us.

But, at the present time, there is precious little for a Sunday visitor to do when he gets here — unless, of course, he has friends who'll take him in.

Power Commission

One project, now being undertaken, that will make a significant difference to this entire Peninsula, will be cutting in of power from the Clowholm dam this coming fall. It has been a big undertaking, but with foresight, and with faith in the Peninsula, the B.C. Power Commission has gone ahead.

Their power project at Campbell River has made a tremendous difference to the growth of Vancouver Island north of Nanaimo; their Clowholm project here will make a tremendous difference to the growth of this Peninsula.

The cut-off through the Welcome Beach subdivision is due to go ahead immediately and the tie-in, envisioned at the outset by S. A. Weston, chairman of the B.C. Power Commission, will now become a reality.

It is good news, indeed, for the Peninsula.

Reader's Right

Editor, The News,
Sir: —

Does the signature "Ex Animo," appending the letter in the Coast News on February 21 mean that the writer speaks "From his spirit (or soul) 'or is he' out of his mind?" We students of Latin would like to know the correct translation, both of this phrase and of the word "scaliwag."

Secondly, is it part of the "Readers Right" to be subjected to a scurrilous condemnation without knowing the name of the accuser?

Yours very truly,
Dick Reichelt
Paul Symchych

SECHELT
BY ARIES

A very successfol tea, convened by Mrs. C. C. Lucken for the WA to the Canadian Legion, Sechelt Branch, was held March 18. The hall was tastefully decorated for the occasion with green and shamrocks, with spring flowers on the tables. Raffles won: first, Mrs. W. Allen, winning a ham; second, Mrs. A. Crucil, winning a box of canned goods; third, Mrs. Boggust, winning a box of mixed vegetables. Helping to entertain were pupils of Mrs. Hazel Critchell, ATCL. They were Arleen McCleod, Sharon Keeley and Sharloynne Maywood. Also heard during the afternoon was Roger Lucken singing "Galway Bay," accompanied by Mrs. Turner.

W. Youngson was honored at the recent annual meeting of Sechelt Liberal Association when he was named honorary vice-president. Capt. Andrew Johnston was returned to the office of president by acclamation. Alice A. French was named first vice-president and W. Allen second vice. Executive committee elected consisted of R. Cummings, Roberts Creek; H. Brunel Gordon, Sechelt; Mr. Sowerby, Selma Park, and E. Gibson, Sechelt West.

Spending a few days in Sechelt were John McKenzie and Miss McFee, calling on old friends, the Chas Stubb's and the Bruce Crowston's.

Fred Mills has his brother Harry here now. Haven't met him yet, but understand he will work for Power Commission, and his family will be here shortly. That's what we like to see; too many people have been leaving lately.

The phone is pretty wonderful simetimes. Just heard of a three-way talk as clear as in the next room between Fred Mills of Sechelt, Harry Mills at Niagara Falls and their parents in Nova Scotia.

One of the handsomest gowns ever to be seen here, and hand made by Mrs. W. Youngson for her daughter, Betty, over 20 years ago with tiny tucks and Honitian lace, adorned little Alan Kenzie Hemstreet at his christening. Alan is the infant son of Mr. and Mrs. Maurice Hemstreet. His godparents are Lavina and Charles Pooteet, and John Clayton. The ceremony was performed by the Vicar, Rev. H. V. Oswald, at home.

Buttons were first put on men's coat sleeves by Frederick the Great to keep his soldiers from wiping their noses on their sleeves.

Grim Rustler

P-TA Talent Night Rules Outlined

The panel of judges for the preliminary P-TA Talent nights in each area has been named, according to E. G. Derby of Sechelt. The schedule shows that Gibsons judges will judge at Sechelt on April 25; Pender Harbour at Roberts Creek on May 2; Halfmoon Bay at Gibsons on May 9; Sechelt at Pender Harbour on May 16. and Roberts Creek at Halfmoon Bay on May 17.

Judging will be on a point system with 70 points for ability, 15 points for stage presence and 15 points for selection. A minimum of 70 points must be received in the preliminaries in order that a contestant can compete in the finals.

Ages and groups for judging is as follows: 6 years and under 7 to 10 years, 11 to 14 years, 15 to 18 years and adults. A duet will be judged in age group. Groups will be classed under instrumental, vocal, dramatic, and novelty. Contestants must have established residence on the Peninsula.

Quebec is the only walled city in North America.

It's a Girl!

It was her birthday and the young couple had planned a festive day — they were also celebrating their engagement.

At noon a florist's truck drove up to the home of the prospective bride and the deliveryman stepped out with a beautiful bouquet of roses. But the card accompanying the flowers was addressed to the mother. Thinking there must be some mistake, she opened the card and read: "I'm so glad it was a girl — Don." — Reader's Digest.

Gibsons Tel. 44

Halfmoon Bay

BY Mrs K. RAVEN

P-TA NEWS

The usual monthly meeting of the P-TA was held March 12 at the School, President Mrs. K. Raven in the chair.

We were sorry to take the resignation of our treasurer, Paul Skytte, who is leaving the Peninsula.

Secretary Mrs. Olive Smith agreed to take on treasurers duties until the end of the school year.

Our Barn Dance, though a success socially, was rather weak financially. However, a good time was had by all. Dance music for the occasion was donated by Mr. and Mrs. Len Limpensel, and extremely well played. I did not know we had such accomplished musicians in our midst. Their tempo was perfect. If you ever need a reliable orchestra at a reasonable fee, phone them sometime at Halfmoon Bay 7-Y. You will not be disappointed.

An afternoon tea is planned for April 9 at 3 p.m. at the home of Mrs. Burrows.

It was decided that with the nicer weather we will hold our P-TA meetings in the afternoon. Little ones can play in the school yard. The date is April 2 at 3 p.m. School Teacher Mrs. Hanney will be hostess. Meeting adjourned, and hostess Mrs. Limpensel served coffee and refreshments.

PARTY FOR SKYTTE

A surprise party was held at the hall last Friday for Mr. and Mrs. Paul Skytte, who are leaving this district soon — after more than 10 years here.

Paul has been school board representative, P-TA treasurer, mainstay of the Badminton Club, and general booster in all our fund raising campaigns, and will be greatly missed.

Hazel, Paul's wife, is a native of Gibsons, her maternal grandmother being the original Miss Gibson.

As a token of regard, friends and relatives clubbed together and bought a silver tea service and tray as a remembrance gift. It was presented by Bill Kolterman. For once Paul had nothing to say, but managed a quiet thank you for himself and Hazel and said how sorry he was to leave us.

Mrs. Gus Schneider, Mrs. Miriam McDunnough, Mrs. Greta Jorgensen and Mrs. Margaret Genberg were the hostesses. Mr. and Mrs. Len Limpensel provided the music for dancing and were soundly applauded for their efforts. It was nice to see so many of the older people there and even the very young, who snuggled in coats or car rugs, snoozed on the benches and gave us a nostalgia "old home town" feeling.

Out of the Bay guests were Mr. and Mrs. Grey of Madeira Park, and Mr. and Mrs. E. McCartney, Mr. and Mrs. Tretheway, Mr. and Mrs. Chamberlin, Sr., of Gibsons. Everyone sang "For he's a jolly good fellow," "My best to you" and "Auld Lang Syne." And so ended a very pleasant evening.

Good luck to you, Paul and Hazel. Come and visit us often.

NOTES OF INTEREST

Thanks to the good offices of James Sinclair, MLA, a substancial and necessary increase was obtained for our rural mail route. Delivery of which is now assured for another year.

Glad to hear that Hector Nelson is home again after over a year in Tranquille.

Welcome back to Mr. and Mrs. Vic Genberg, once again making their home in the Bay.

Proud grandparents-in-waiting are Mr. and Mrs. Ted Roseboom. Daughter Pat, who is in Alberta with husband Lloyd Cameron, is expected home to stay at the end of the month with a baby daughter, born February 6.

Congratulations to Mr. and Mrs. Clarence Nygaard. They, too, have a new daughter, and call her Lorraine.

Birthday greetings to Miss Susan Laird, who celebrated her sixth birthday recently. Among the party guests were Sharon and Jannice Stewart, Lorraine Moffat and Donna Brackett.

Many of us will envy George Simpson, Sr., of Redroof, who is off at the end of the week to a family re-union in Glasgow, Scotland. Mr. Simpson is 75, the oldest of 11 brothers and sisters, who are all meeting again after a long time.

"Bon voyage and good luck to you, Mr. Simpson!"

Tree with no Resin

Western hemlock has no natural resin ducts. The only time is when some injury has been suffered and the tree has been able to cover this wound from specialized cells. These are known as traumatic resin cells and provide the only resinous material in the tree.

D. Cochrane Rites Held

Funeral service was conducted last week in Gibsons Memorial United Church for Donald Cochrane. Burial was in Seaview Cemetery.

Mr. Cochrane, known to thousands of readers of the B.C. Teacher as 'Uncle John,' was born on Long Island, N.Y., educated in Canada and graduated in 1900 from McGill University. He came to British Columbia in 1906 and followed the teaching profession.

In 1947 he retired to Gibsons, but was pursuaded to join the high school staff where he taught until his last illness in January.

He leaves his wife, two sons, James, in the air force at Summerland, P.E.I.; John of Ocean Falls; two daughters, Mrs. A. Mark, Los Angeles, and Mrs. A. C. Bailey, Vancouver.

PROVINCIAL MENTAL HEALTH SERVICES

SCHOOL OF PSYCHIATRIC NURSING

ANNOUNCES

A new two-year course in Psychiatric Nursing offering instruction to both men and women, in preparation for career in humanitarian service. Graduates of this course are eligible for licensing as psychiatric Nurses. There are opportunities for promotion to assistant Charge nurse and charge nurse in the Provincial Mental Health Services.

THE COURSE OFFERS

Subjects including psychiatry, psychiatric nursing, psychology, anatomy, psychiology and nursing techniques, etc.

Experience in all the major fields of psychiatric nursing will be provided by rotation through the Crease Clinic of Psychological Medicine and the Provincial Mental Hospital, Essondale; and The Woodlands School, New Westminster.

Opportunity to assist in an extensive mental health program.

ADMISSION REQUIREMENTS:	SALARY	WOMEN	MEN
Education — Grade 10 (higher grades given preference.)	1st 6 months	$107 per month	$143
Age 18 years (women)	2nd 6 months	$150 per month	$183
19 years (men)	second year	$164 per month	$214

Good physical and emotional health together with a sincere interest in people.

Two weeks vacation with pay.
Uniform provided.

Accommodation and Recreation

Residence accommodation and meals are provided at a very nominal cost. Recreational facilities are available at Pennington Hall, Essondale, and in the nearby cities of Vancouver and New Westminster.

The Spring classes will commence April 23rd, 1952, and those wishing to enroll should make application before April first.

Application forms and further information may be obtained from:

PIES TO PLEASE

A flaky, tender pie crust, a filling blended supremely — what can build your reputation as a good cook more quickly than the art of making a good pie?

With pastry-cooks, the method of mixing is often a point of controversy. Some prefer the conventional method of cutting the shortening into the dry ingredients and then adding sufficient cold water to form a dough. Others find the hot water method is more easily handled. In this method, the shortening is whipped with boiling water and dry ingredients added to this mixture.

Chilling pastry before baking gives a flakier crust. However, over-chilling should be avoided, and 20 minutes to half an hour in the refrigerator is sufficient.

Pastry should be handled as little as possible, both in mixing and rolling to insure tender, flaky pastry.

Here is a pastry recipe that cannot fail:

FLAKY PASTRY

2 cups sifted flour
2/3 cup shortening
1 teaspoon salt
4 tablespoons water

Sift flour into a bowl. Remove ¼ cup flour and mix with water to form a paste. Cut shortening into remaining flour and salt until pieces are the size of small peas. Add flour-water paste, mix and shape into a ball. Roll out on slightly floured board. This makes enough for a double-crust 9-inch pie.

HOT WATER PASTRY

¼ cup boiling water
½ cup shortening
1½ cups pastry flour
½ teaspoon salt

Add boiling water to shortening and beat with a fork until fluffy. Add flour, sifted with salt, all at once, and continue stirring until mixture forms a smooth ball that leaves the sides of the bowl clean.

PLAIN PASTRY

1½ cups pastry flour
½ cup shortening
½ teaspoon salt
Cold water

Sift together flour and salt. Cut in shortening. Add cold water very gradually, mixing until dough leaves sides of bowl clean. Chill before rolling if possible.

CALL FOR TENDERS

Tenders will be received by the undersigned up to six o'clock in the afternoon, April 14th, 1952, for the installation of approximately 19,000 feet of water main in sizes of two-inch to six-inch. Work of installation to include clearing of right-of-way as necessary, trenching, placing and connecting of pipe, and back-filling. More detailed specifications may be obtained by application to the undersigned. Tenders to be in sealed envelopes, marked "Tender."

Lowest or any tender not necessarily accepted.

ROBERT BURNS
Clerk.
Corporation of Gibsons Landing,
Gibsons, B.C.

CALL FOR TENDERS

Tenders will be received by the undersigned up to six o'clock in the afternoon, April 14th, 1952, for the construction of a re-inforced concrete water storage tank, of approximately 55,000 gallons capacity. Work of construction to include preparation of site and supplying and placing cover roof. More detailed specifications may be obtained by application to the undersigned. Tenders to be in sealed envelopes, marked "Tender."

Lowest or any tender not necessarily accepted.

ROBERT BURNS
Clerk.
Corporation of Gibsons Landing,
Gibsons, B.C.

RULES FOR MEMBERS

There are probably between 20 or 30 public spirited organizations on the Sechelt Peninsula, and we thought the following excerpts from a source without identity could be of value.

1. Miss as many meetings as possible; if you attend, come late.

2. Be sure to find fault with other members who are trying to promote the work of the organization.

3. Decline all offices, as it easier to criticize than to work.

4. Get sore if you are not put on a committee, and if appointed, do not take any interest, and do not work.

5. If asked your opinion, say you have none, but later, tell others what ought to be done.

6. Do as little as possible, and when others roll up their sleeves to help matters, howl, because of the "click" running things.

7. Don't bother about getting new members; let others do it.

8. Start a whispering campaign in order to discredit honest and sincere members, who are working hard to strenghten the organization.

9. Keep in arrears, don't pay dues, and watch the organization go to smash.

Allied Navy Force in Mediterranean

In the Mediterranean Sea where not many years ago British men of war turned their big guns on fleeing units of the Italian navy, ships of both countries now are taking part in Exercise Grand Slam—an operation designed to test the ability of Allied naval units to operate together and communicate with each other under actual battle conditions. This photo shows British and Italian warships at anchor together in the Flotilla's Command anchorage, Sliema Creek, Malta.

West Sechelt

BY MARGARET ALLAN

A baby shower was held at the home of Mrs. Alan Woods in honor of Roberta Lynn, baby daughter of Mr. and Mrs. W. Malikoff, nee Flo Nelson. Co-hostesses were Mrs. T. Robbillya and Mrs. B. Billingsley, while other guests were: Mrs. E. G. Chambers, Mrs. E. MacFarlane, Mrs. H. Nelson, Mrs. George Shaw, Mrs. N. Hanson, Mrs. Roy Marshall, Mrs. L. Gibbons and T. Pendergast.

Mr. and Mrs. John White are proud parents of a baby son, Sydney Neil.

Bill Lawson is building a house out west of Wakefield inn. Mrs. R. deWolfe is the new tenant's name of the Java-Java barbecue. They seem to be doing all right, too

It is nice to see all the improvements as we go around. Mrs. E. MacFarlane is having two rooms added to her house. She came here five years ago as a war bride. Now she has three children. hence the building activity.

I am reconciled to the fact that the picnic ground has to go. I would settle for a sausage factory or anything else instead of unemployment. Something is out of balance somewhere. People can't eat the scenery or the nice cars that run past them.

Mrs. A. E. Cook of Lasqueti Island is visiting her daughter, Mrs. J. White.

Mr. and Mrs. Louis MacDonald has gone to town to attend the christening of their grandson, the name Sandy MacDonald. Mr. and Mrs. Fred MacDonald are the parents.

J. Burton and family that used to live here, are leaving Wilson Creek for Terrace and a government job.

Steve MacDonald has bought the Cope estate at Wilson Creek. Steve, with three others, is going to operate a claim in Jervis Inlet.

I hear Mr. and Mrs. J. Dyers are moving, don't know where. T. Hughes is going to Jervis Inlet to a logging claim. Mrs. Hughes to town. Joe Keltus broke his leg in a logging accident.

It is all very well for them thar' city fellers' to tell us not to spoil our scenery with industry. They come up once a year for a vacation and expect the natives to be standing at the hitching post with our hair sticking through our hats. We have built a new high school to prepare children to earn their living, then what — they are scattered to the four winds. I think it is up to the local people to have the say, as for the pioneers having no vision. By the time they hacked down the big trees with a hand saw, and opened the roads by hand, too, it was time for the visionaries — where are they?

This single transferable vote has us women talking in circles. We have not the brains that the men think they have — we are liable to vote for Maragret Truman. She is the most popular girl of the hour.

And thanks to the WA of the Sechelt Legion for the nice ham I won at their tea — it was a lucky break for me.

Woodland Hints To Save Your Life

In view of the number of people who "take to the outdoors" in winter we offer a few safety rules along with the often repeated advice of "keep calm, sit down and plan your moves if you become lost.

More and more tragedies are being recorded every year as a result of people who have not observed the rules of good woodstravel safety.

1 Always carry two waterproof match boxes of the hard rubber kind that will float — one full of salt and one full of matches — and do not use them all the time, but keep in reserve in case of accident. This is a cheap life insurance.

2 Don't fail to take a good compass with a lock needle, and become familiar with it before you start. Don't wait until you are lost to do this.

3 Don't follow old wood roads; they generally wander around aimlessly and lead nowhere.

4 Signal of distress. Three shots: fire once, wait five seconds and fire again twice.

5 Remember it is warmer to sleep in a snowdrift than on the bare ground.

6 Two heavy woolen lumberman's shirts are more comfortable and warmer than a sweater or a coat.

7 If lost in unknown territory, find a stream and follow it down, it will generally bring you out near habitation.

Rough Water Ahead For Fishermen

Details of the British budget announced recently reveal that severe reductions in imports from dollar countries will be made this year. In view of the fact that the United Kingdom is the largest available market for B.C. canned salmon, the effect of this action may present serious marketing problems. We have no information as to prospects for a British salmon contract this year, but there seems little ground for optimism. This, combined with serious reductions in volume from other export markets and increasingly high operating costs will make 1952 a critical year for the fishing industry.

Hon. R. W. Mayhew spoke recently in the House of Commons in support of the Japanese Fisheries Treaty. As originally planned, it will be referred to the Standing Committee on Fisheries — where all points of view will be heard. A majority ratification of the Peace Treaty must precede ratification of the Fisheries Agreement.

Last years salmon spawning in general ranged from "adequate" to "excellent" with the average as "very satisfactory." There were two exceptions: sockeye on the Skeena damaged by the Babine slide, and Fraser River pinks which showed further deterioration.

Tourist Week May 25 to 31

Canada's Seventh Annual Tourist Service Week will take place this year during the week of May 25-31.

Sponsored since its inception by the Canadian Tourist Association, this annual campaign aims to:

a) Make clear to Canadians generally the importance of the tourist trade to this country's economic progress;

b) encourage continued systematic promotion everywhere of vacation travel in Canada;

c) promote continued improvement in Canada's tourist facilities and services, and in the treatment accorded visitors by the people they meet here.

In face of greatly increased competition for the travel dollar in other parts of the world, Canada cannot afford any backsliding in the tourist service standards on which the good-will of visiting tourists depends. Further improvement must be our goal in 1952. Activities to this end must largely be generated by tourist trade leaders in their own individual communities. Tourist Service Week provides an appropriate occasion for them to do so.

At the community level, where the local newspaper and radio station have such influence on public thinking and action, their help too is needed to focus attention on the many benefits which the community gains from the "Visitors Industry."

"FIRST WITH THE NEWS"

School News

by
MAUREEN ROSS

Students in Junior-Senior High School combined their efforts to raise money for the Student Council by means of providing entertainment during the Wednesday home-room period, and charging a small admission.

An all-girl cast presented a skit based on "The Shooting of Dan McDrew," Diana McColl gave a monologue of "Tillie at the Movies," Walter Sandberg played "Paderewski's Minuet," and Gilda Reitze and Sylvia d'Aoust sang "Anytime," A short shadow play har to be postponed because of lack of proper lighting. Eugene Blomgren acted as master of ceremonies.

The boys' basketball games between houses A and B resulted in scores of 7-6 for the junior A team, and 20-15 for the senior B team

Boxing and weight lifting are two new pastimes which are holding the interest of the boys. So far the boxing has produced a few of the ordinary minor casualties.

The members of house B had to postpone their school party, which was to be on Friday, March 14, until Friday, March 21, because of the basketball game with Squamish.

The boys and girls senior teams of Elphinstone Junior-Senior High School went to Squamish on Friday, March 14 to play basketball. It was a perfect day for the trip, and the teams from Gibsons returned home victorious, with a score of 26-25 for the boys, and a score of 21-7 for the girls.

Port Mellon

Little news, if any, ever comes of the activities of the students at Port Mellon, so we are now keeping tab on them.

The senior students of the Port Mellon Elementary School which are students in grades five to eight, have organized several clubs to keep them busy. There is a badminton club, which they have every Thursday after school for an hour, and they have their own tournaments, too. After these Thursday sessions of badminton, films are shown with Mr. Cope running the projector. Another club of much interest is their square dance club which is held every Wednesday evening for the "kid" of 11 to 16 years. The members of this club executive are: president, Shirley Samuelson; vice-president, Kirsten Lien, and secretary, Verna. The fees for this club provide the sheet music and records. Mrs. G. Wiren accompanies the dancers at the piano.

At the present time the senior students have organized into two teams, grade 5 and 7 against 6 and 8, to compete in the raising of money for the Children's Hospital. So far 5's and 7's are ahead 80c — 50c.

It seems that the two most interesting subjects taught at Port Mellon are woodwork for the boys, and handwork for the girls. The boys have been making shelves, toys, plaques and ornaments, while the girls are concentrating on stuffed animals, skirts, potholders and aprons, and the senior girls are making dresses, which will be shown in a fashion parade at the Easter Concert. The girls' stuffed animals and the boys' toys are to be sent to the Childrens Hospital.

The highlight of Education Week was the visitors' day on Tuesday, March 4. The visitors, numbering about 20, were entertained with a debate on the subject, "Water is more destructive than fire." Other students volunteered to give short talks on other subjects, and samples of the students' work were set out on tables around the class.

Roberts Creek

Another elementary school that is not heard of very much is that at Roberts Creek.

The Creek school has been having inter-school socher games with the Sechelt Superior School, and although the scores are not known, the schools seem to enjoy their games. The students of the Creek school are very pleased to have their long-awaited goal posts, which Mr. Chaster put up.

The visitors' day was quite important for the students here, too. The visitors were ushered in by Wendy Yates and Sharon Danroth, and then they were entertained with singing from the students of grades 3, 4, 5 and 6. Refreshments were served by Bonnie Finnerty, Marilyn Coles, Joan Wallis and Donna Butler.

SMART BUILDING FOR SECHELT

New showrooms of the Peninsula Builders Supplies, now building in Sechelt near the Bank of Montreal, will be one of the smartest business buildings on the Peninsula. The structure, which measures 50 by 34, is expected to be completed by the end of May. Lawns will be planted outside the glass-walled front.

Later, a building will be constructed in the rear where frames and cabinets will be manufactured.

"Our new building is proof that we, as well as the many other merchants around here, have full faith in the growth of Sechelt and the Peninsula," E. J. Caldwell, the owner, told the Coast News.

Mrs. E. Nestman
IMMEDIATE SERVICE

This and That

BY MRS NESTMAN

Glad to see Mrs. Eva Pilling around again. Henry King still in hospital. This has been another hard winter for some of our senior citizens. Many have survived, but again we have lost a few of them.

IN MEMORIAM

Donald Cochrane, long a familiar figure in the area, and a very fine teacher.

Mr. Pateman from Granthams, buried in Vancouver.

Mrs. Beatrice Helen Mackenzie, widow of Dr. Mackenzie of Granthams.

Mrs. Katherine Smith, widow of Bert Smith, who passed away a year ago.

Mr. Weir from the Bay district.

Joseph A. Anctil of Gibsons, also buried in Vancouver.

May they Rest in Peace.

Granny McEwen would like to thank all the ladies who made her birthday such a happy affair. About 25 ladies dropped in on her for the afternoon open house. Still very active, and still taking keen interest in every event in the district "Granny," is indeed, having a very fine time in the Autumn years of her life. She is, indeed, a very fortunaate little lady. May she have many, many more.

Another little "Young Oldster," is Mrs. Susan Scott, about two months away from her 91st birthday. Mrs. D. M. McLaren of Roberts Creek tells me she is very active, bright and happy, taking part in the odd bridge game and is interested in everything around her. They came to Canada in 1872, have spent the past ten years at the Creek. Good neighbors, indeed, and we would like to wish Mrs. Scott a few more years of happiness, and good health to the end.

Babies are still in the picture around here. Mr. and Mrs. Leo Nestman, a daughter at home, and the VON nurse tells me, there are about nine in the near future for the Halfmoon Bay district. Must get the total for this area; it will surprise you.

By the way, if you are not on the voters list, now is your chance to get on, I have the list at the shop. Call in and see if you are on the list, if not, I'll put you on, by March 31 which is the deadline. Tell your neigbors, if I miss you, contact me please.

I read this somewhere: "People who say that you cannot fool nature, have never watched a beauty shop operator at work." Might be something in that.

Port Mellon Plant Has Face Lifted

Oldsters, who haven't been around Port Mellon for the past decade, would hardly recognize the pulp mill today. Many of the old wooden structures, erected when the plant first come into existence, are now being replaced by concrete. According to officials, the mill is being practically rebuilt.

The sawmill, to the north of the plant on the foreshore, is at present being demolished. Chips will replace logs as the feed. A lime kiln, to produce lime from basic limestone, is being built. Several new homes have been built.

The new plant has been planned for a compact efficient operation and indications are that the new Port Mellon will become one of the major producers of pulp in the province.

B.C. Bridge and Dredging Company is handling the construction work.

Asters Make Good Flower Border

This is the season when gardening enthusiasts peruse catalogues and order flower seeds. For this reason the experience with annuals at the Summerland Experimental Station may prove of interest. Nat May reports on the performance of a number of the newer varieties grown in beds and borders in 1951.

The Princess type asters, available in such colors as rose, white and dark blue, are admirable for use as cut flowers. The blooms have deep cushion centres surrounded by several rows of guard petals. The Kirkwell asters are also worthy of special note. These branch freely from the base, producing dwarf plants which are a mass of double flowers from August until severe frost.

For practical purposes, antirrhinum can be considered an annual. The dwarf bedders — scarlet, pink, crimson and yellow — are excellent for use as edgings to borders and for ribbon planting.

The Pacific Beauty strain of calendula produces uniformly large flowers with comparatively long straight stems. It is available in cream, apricot, lemon and orange colors.

Ships weigh less when travelling east than when travelling west.

PNE Plans

New working exhibits of exceptional interest to young and old are being planned for the annual International Hobby Show held by the Pacific National Exhibition during the Fair which runs from August 20 to September 1 this year.

J. F. Brows, Jr., is chairman of the Hobby Show Committee which also stages the annual Salon of Pictorial Photography during the Show. Vice-chairman is A. R. Bernard. All directors of the PNE and committee members serve without remuneration. Committee members for 1952 include Gordon Anderson, S. P. Cromie, Harold Cousens, P. S. Farrar, C. W. Hunter, Charles Pallerine, E. J. Irwin, Mrs. T. J. Rolston, MLA, Dr. G. H. Young and Duncan Russell.

IS YOUR HOUSE GETTING THE CARES IT DESERVES?

Or are you Prevented from Making Needed Improvements by Shortage of Cash?

You've probably been giving some thought recently to the spring clean-up, and to the improvements you would like to make in your home. And then perhaps you've come up against the problem of shortage of ready money.

If that's the difficulty, you ought to drop into the Bank of Montreal at Gibsons and have a word with Tom Larson, the manager. He invites householders with home improvement plans to discuss the financing of them through a B of M personal loan. Such a loan costs only six per cent a year in interest. That comes, for example, to just 27 cents a month on $100, repaid in 12 monthly installments.

It will save you time, trouble and expense to pay all your repair bills by cash. Why not call on Mr. Larson tomorrow, and discuss your plan for home improvement with him?

Gower Gleanings

BY GYPSY TOWERS

The second official day of Spring and it finds all the inhabitants of the Banana Belt up to their ears in spring cleaning, painting, gardening and renovating. A very exciting move is contemplated by the Winston Mair's of Bonnie Brook Lodge. Mr. Mair has received the appointment as government scientist and personal consultant for the Defence Research Department at Fort Churchill. He and his family will be leaving for their new post on the boarders of the Arctic April 11. We rejoice in this distinctive recognition and wish them all the best. Bonnie Brook Lodge will be on the market, wonder who the next owners will be.

'Tis rumored that Mr. and Mrs. Percy Farnsworth are longing to have a taste of city life and the bright lights of civilization, but it's very much up in the air at present.

Mr. and Mrs. William Bow brightening the lives of the recuperating dance addicts with a most enjoyable Scotch Hop.

The hailstorm driving Mr. and Mrs. James Sinclair, Sr., back to the city. Inquiring why the back seat of his car was full of life belts, Mr. Sinclair stated they were to negotiate the puddles and pot holes in the Pratt Road!

Joe Chaster of Duncan visiting Gram Chaster, promoting the spring gardening and taking a lick at the woodpile. Mr. and Mrs. Stafford Mosher of North Vancouver visiting N. T. Hill, admiring the new paperhanging and paint job.

Mr. and Mrs. Sowden anticipating the pleasure of their new sun deck. Mr. and Mrs. Renshaw juggling a few windows around to catch more sun. Mr. Bond expected back home after a lengthy stay in hospital. Mrs. Bert Dadswell battling a lingering cold. An amazing lot of work done at the Vernon's new home. Ran pushing over trees and Eve sticking in seeds — hot beds, cold frames, rock gardens and lily pools — in 1956 will be worth seeing. The Harry Thorn's sprinting from the inside to the outside, producing results akin to Aladdin's Lamp. Captain Gillespie finding a few blisters after his session with the pick and shovel. Mrs. Park receiving a nasty bump while boarding the bus. Mrs. F. W. Dawson to resque with a helping hand. Hope no complications ensue. Mrs. Barter, Sr., waging a battle with the cold virus. Kay Fisher and Mrs. Gosling dashing in to West Vancouver to see the spring fashions.

And a hearty vote of thanks to all the foot-weary Red Cross canvassers and to the public who responded so graciously and generously.

INK SPOTS REMOVED

Ink spots on wool material require different treatment from those on washable fabrics, but they can be removed with careful handling, according to the Sheaffer Pen research laboratory.

First, rinse with cold water to remove as much ink as possible. If the spot is from washable ink, soak it in a cool solution of synthetic detergent and rinse again with clear water. Do not rub the spot, however, since wool fibres are temporarily weakened when wet and are subject to felting.

Ink spots from permanent type inks may be removed by applying dilute hydrogen peroxide on white or light colored fabrics. Best results will be obtained by placing the spotted material over a small bowl and dripping the liquid through the ink spot. Use an absorbent towel to squeeze excess water from the material and allow to dry without handling.

Beethoven wrote some of his greatest music after becoming deaf.

It's "Junie"

JUNE ALLYSON passes herself off as a child prodigy—concert pianist species—in her next M-G-M picture, "Too Young To Kiss" with Van Johnson playing opposite. (P.S. He finds she's old enough!)

Farmers to Hear A. H. Peppar

According to Margaret LeFeuvre, secretary of the Howe Sound Farmers' Institute, A. H. Peppar of the Advisory Board of the B.C. Farmers' Institue, will be guest speaker at the next meeting of the group on April 7 in the Parish Hall. It is likely that his talk will cover more than farm subjects as the secretary has been asked to notify the Board of Trade of his coming.
