Seventh Year of Publication - Vol. 7 — No. 44 Thursday, November 5, 1953 Published in GIBSONS, B.C. Serving the Sunny Sechelt Peninsula

FAO Helps to Improve Jamaica's Agriculture

Straddling the ditch to speed his job, this worker clears an irrigation canal at an agricultural experiment station in Jamaica. The station was set up at the suggestion of advisers from the U.N. Food and Agricultural Organization (FAO). At the station, formerly a wasteland, new techniques are being tested to expand and improve the country's rice production. In the background, an expert on an FAO team discusses joint projects with Jamaican officials.

Village Commission Approves Bus Stop Zones

At a regular meeting on the Gibsons Landing Board of Commissioners on Tuesday, approval was given to proposed Bus Loading Zone stops for the Sechelt Motor Transport.

One of these is just North of the School Board Office, and the other just North of the Bal Block.

This approval of course is subject to that of the Dept. of Public Works, and contingent upon the Sechelt Motor Transport placing its own markers and signs.

Approval also was given to the application for a further foreshore lease to the Dept. of Public Works (Federal) for the assembly wharf in the Bay.

The offer of Mr. B.W.M. Bone C.A. of Vancouver to perform the audit for $250.00 was accepted, as was his recommendation that this work be performed quarterly hereafter.

Permits were approved for W. Graham to build a garage extension to his present building, and for the Pentecostal Tabernacle to add to its building. That of Mr. Robinson was referred back for clarification of costs.

The water commissioner reported that the diversion ditch at the main water reservoir had been dug, and that the water in the reservoir had been changed.

Approval was given to a 'Progress payment' of $700.00 to Secord and Irgens, contractors for roadway clearance.

Notice was to be given requiring W. Nygren and F.C. Williams to move fences from the Trueman and Bay roads to permit roadwork to be done. These to be moved within three months.

A further grant of $300.00 was approved for ditch clearance and gravelling of roads, following Road commissioner's report.

Attention was drawn to the Court of Revision on the Voters' list, which will sit in the Municipal Hall on Nov. 16th at 10 a.m.

Pretty Wedding At Ryerson Church

Rev. Stevenson, of the Ryerson Church in Vancouver, performed the marriage rites for Miss Arlene Rae Hicks and Ronald James Godfrey, both of Gibsons, on Saturday, October 24.

The wedding, at 7:30 in the evening, was a very pretty affair. Arlene, daughter of Mr. and Mrs. James Hicks, had as her attendant, her aunt, Mrs. Dick Hosford, while the Best man, Stan Christianson, supported Ronald, son of Mr. and Mrs. Reg. Godfrey.

A charming reception followed, at the home of Mr. and Mrs. Lloyd Hunter, uncle and aunt of the Bride.

Mr. and Mrs. Ronald Godfrey are at present on their honeymoon, travelling to points on the Island and the coastal states.

Gibsons PTA Elects Delegates

On October 19th, the Gibsons Parent-Teachers elected three delegates for the Association. The Teacher representative was Mr. L. Morrison, and Mrs. N. Hough and Mrs. E. Turner the others.

It was decided to contribute twenty-five dollars to the Peninsula VON.

There was a brief discussion on the interpretation of the School Progress Cards, and on the reading habits of present day children.

The meeting decided to invite Elphinstone Highschool Teachers and the parents of students to the November meeting.

The Grade Five class won the attendance prize for the month of October.

Gargrave On Logging Tax

On Monday, Tony Gargrave MLA addressed a meeting at Port Mellon, chaired by Bob Gill, during which he gave a report of the recent session of the Legislature.

He felt that a part of his work was to get around the constituency, and give first hand information on Legislative activities.

Regarding the new taxes on logging, he illustrated how the small logger would be affected. Should he earn $35,000 net, he would pay taxes to the Province on all over $25,000, or $1000. This would amount to ten percent, $1000.00. On his Federal income tax, this may be claimed as an expense, which will reduce his payment there by about five hundred dollars, so that the total increase of tax overall will be about one and one half percent.

"I am concerned" he went on that the big companies should not be able to evade their responsibilities. The smaller logger has been contributing more than his share of forest revenue in recent years, through timber sales".

"The old election act has been thrown out, and we now return to the simple 'X' ballot. A victory for the ordinary citizen, making for smoother elections".

Mr. Gargrave will be speaking shortly at Gibsons.

Monica Dudley

Macbeth

The Lancaster Company, who are presenting Macbeth in the Elphinstone High School on Friday, November thirteenth are well known to B.C. audiences.

They are touring the Province, and Alberta, with this exciting and brilliantly edited production. The play is under the direction of Ian Thorne. The title role is taken by Doug Haskins, with Monica Dudley as Lady Macbeth, and Wallie Marsh, Ian Dobbie, Ian Thorne, Derek Redfern, Patricia Leith and David Conway as principal characters.

There will be two performances on Friday, a matinee for the Students, and an evening performance open to the public.

Standard Motors open

Standard Motors station at Sechelt, a modern cement block and glass structure, was opened for the convenience of the motoring public, on October 31st.

While the station still lacks a little of completion, the management decided in favor of the present move.

Designed by Reg Jackson, and built by his firm of Sechelt contractors, Ltd., it is a truly modern Station in concept and design, and should be a worthwhile addition to the community. The owners are to be congratulated.

Sechelt B O T Hears Guest Speakers

The Sechelt Board of Trade, with guests from the Gibsons Board and from the Radio Station at Nanaimo, held a meeting in Sechelt on Thursday, October 29th.

Matters under discussion were the Garbage Disposal area, and how to keep it free from indiscriminate 'dumping', Roadway Speed Limits, Parking in front of the Theater, and the cemetery at Wilson Creek. Various reports were heard from the Committees.

E. Pearson reported that as a result of the recent film showing, a net contribution of approximately $25.00 would be made available to the VON.

The Park area was reported on by him also. Work of clearing the big trees was to be started on November 8th. It is hoped to have this cleared by Spring of 1954.

The tree for the Totem pole is now on the area. Work of carving will be done by local Indians proficient in the art.

The committee on Civic affairs has made a recommendation that a white line be painted on the Highway, that speed limits be raised, that slow areas be shortened, and that safety-lane crossings be marked in the population centers.

In the matter of incorporation under the Water Rights branch, Jim Parker reported that plans are being drawn indicating the size of the area to be included in the scheme. That estimates should be available from the Fire Department and on the Street Lighting cost, in order to arrive at a mill rate to be assessed. All property owners must be contacted in order to secure definite approval of the scheme.

Re the road from Pender Harbour to Agamemnon Bay, the date of its completion, and what improvement if any was planned for existing roads, on the motion of A. Johnston, the Secretary was instructed to write to the Minister of Public Works for definite information on these topics.

Mr. Pearson then spoke of the work of extending publicity for the Sechelt Peninsula through the three Boards of Trade, and the Coast News, and the results to date of the liason committee work. Wm. Sutherland and Gordon Ballentine had done much in contacting the Radio Station CHUB, whose initial programs had already been heard. Mr. Rudd and Mr. Bellamy of that station were present to speak to the members.

continued on page 4

Hallowe'en at Hopkins

A very entertaining Halloween party was hld in the Community Hall at Hopkins Landing on Oct. 31st.

Children and adults poined in the fun of various games, ducking for apples and all the amusement of the evening. Adults came in costume, to the great delight of the children. One lady, unknown to the children, appeared dressed all in black, and threw out candy treats for all the children.

Everyone seemed to have enjoyed the affair, from the smallest child to the eldest guest.

School Board At Sechelt

Mrs. K. Whitaker was elected for her second year as representative to the School Board, and Mr. H.W. Ladds for the first time, at the Annual Meeting of the School Board and ratepayers in Sechelt heldWed. Oct. 28, in the Sechelt School.

Six of the School Board, the secretary-treasurer, two representatives, Mrs. L.S. Jackson and Mrs. K. Whitaker, the School Inspector, Mr. C.T. Rendall and 8 ratepayers attended the meeting.

Mr. E.S. Clayton was appointed chairman of the meeting. The minutes of the previous annual meeting were read. Mrs. K. Whitaker read the trustees annual report.

The meeting adopted a recommendation to be made to the School Board that the report be published in the local newspaper, so more residents would know what had been accomplished by their trustees. So few were in attendance, it was felt that the report was too good to only be known by a small number.

Window Washing Bee At Gibsons

Most of the Gibsons business places and some homes ,as well as cars, had a fine face-washing on the morning after Halloween. Merchants and others were out bright and early with their mops and brushes, undoing the work of the spirits of the night.

Apart from this, and mail boxes removed from their posts, a few palings pulled from fences and traffic signs pulled down, the spirits were for the most part kindly ones.

Those who undertook to let air out of tires went just one too far in throwing away the valve cores on some cars, particularly for one who had an early morning trip to make.

Way Mail Established

Way mail has been established between Halfmoon Bay and Hollyburn post offices.

Ordinary letter mail only, which is posted in individual post offices at Halfmoon Bay, Sechelt, Selma Park, Wilson Creek, Roberts Creek, and Gibsons, will not now go through the General Post Office at Vancouver. The mail for these points will be picked up by the driver of the mail van in a way mail pouch, and be delivered by him to these individual post offices without leavng the Peninsula. The Motor Vehicle Service which delivers mail to the area of Halfmoon Bay to Gibsons, was the means of speeding up delivery between these, and intermediate points. Residents will appreciate this innovation.

Remembrance Day

On Wednesday, November 11th at 11 a.m. people throughout the Empire will meet to honor our war dead and pay a tribute to those happy warriors who rest in one or other of the 1775 Canadian and British cemeteries overseas, or in one nearer home.

No one who has had the privilege of visiting Vimy, France and the Memorial there, or attending a November 11th service at the National Cenotaph in Ottawa, or the service at the Cenotaph in the heart of the Empire, Whitehall, London, Eng. during the grim days of War 11, can fail to take to heart the real significance of our Remembrance Day, which brings to mind the deeds and the sacrifices of those who gave up their lives in order that we might enjoy our present democratic way of living.

November 11th is a day to pay more than lip service to the dead. If those whom we honor on that day, could only speak, their request would be "that we honor their memory by taking adequate care of the living": Those who survived war, and their dependants.

The greatest credit must go to the men and women who served in Canada's armed forces, for the position that our country occupies today in world affairs - a treaty signing nation within the Empire. Financially, others gained much from our wars, and it is sad to think that so many years after the termination of hostilities, it is necessary to urge a so-called grateful country to give a better deal to survivors of our wars, and their dependants, who today, are living on allowances that do not provide a normal standard of sustenance.

To the dead on this Remembrance Day, we say "We will not fail you" and to the living "May the Peace of the Warriors at Rest abide in our hearts".

Children of war Dead Education Assistance Act

Legislation has just been passed by the Federal Government designed to provide assistance in training institutions for which matriculation is a prerequisite. This will apply to universities, normal schools, schools of nursing, and certain courses in provincial technical institutes for which high school graduation is a prerequisite. The criterion is secondary school graduation regardless of whether the proposed post secondary training is regarded as university or vocational. The following principal points are of cardinal importance:

1. Assistance as indicated hereunder may be given to sons and daughters of men whose death was attributable to service in World War I, World War II or in Korea, and who are in receipt of pension under Section 11-1B of the Pension Act.

2. An allowance of $25 per month may be paid during the period in which a student pursues a full time intramural post-secondary course. The total period for which an allowance may be paid shall not exceed four academic years, or 36 months, whichever is the less. Tuition and other fees may be paid in addition to the above allowance. Assistance is available only in Canada.

3. Payment of allowances and fees will cease when the student attains the age of 25 years. A student must commence his post secondary education within 15 montns after leaving high school, or within 15 months from July 1st, 1953, in the case of a student who completed his matriculation before this Act came into force.

4. The academic progress of the student must be satisfactory yeas by year. No allowances or fees will be paid to a student who having failed in one or more classes in any academic year, fails in more than one of the supplemental examinations next offered.

5. This Act will come into force on July 1st, 1953.

6. Further details and information may be secured by writing to the District Offices of the Department of Veterans Affairs in Vancouver for the mainland, or in Victoria for Vancouver Island.

Remembrance

Remember the years that have gone, and the men,
Even the sons, heart's blood of mothers, and then
Memories all. Wars and rumors of wars
Eating the flower of youth, as bores
Maggot and worm in the garden. Where
Bends a knee today, to ask in prayer?
Ending of sorrow, all emnity, strife,
Resurrection of Peace, full passion for life.

Eleanor Cattanach.

"MACBETH"

Sir:—

May I make an appeal to the general public to boost the "Macbeth" production with might and main? I could build up a strong case for the supporting of this play on the grounds of cultural advantage and raising of the general tone of local entertainment. But my reason for hoping that a large crowd attends the performance on the evening of November 13th is based strongly on the point of view that our pupils need this play for educational reasons.

Have you readers forgotten the difficulties you had with Shakespeare when you went to school? I am ready to bet that, without exception, you moaned and groaned and wondered what it was all about, and had to have most of it explained to you by the teacher. So do pupils today. Shakespeare is difficult reading for three reasons: first, the language is archaic and we do not recognize the idiom; second, Shakespeare was a man of such comprehension that we need years of varied experiences to be able to grasp the significance of many of his observations; but most of all, the difficulties are due to the fact that the plays were meant to be acted, not read.

When a play is staged, the director, the stage manager, the costumer, the property man, the actors, all study every possible means of making the scenes effective. Each actor studies the role which he is to portray, and, by presenting each speech in the way he believes will contribute most to total effect, tries to interpret his role to the audience. When people see the combined efforts of all these actors, the general interpretation of the director, the stage settings and scenic effects produced by stage manager and property man, the atmospheric effects of clever costuming, they are assimilating a pre-digested product. The reader of the play must perform all the processes of digestion for himself.

Our pupils must write departmental examinations on both "Macbeth" and "Romeo and Juliet." What an opportunity this is for them! If "Macbeth" is supported now, the same players will return with "Romeo and Juliet" in the spring. Even our grade 6 and 7 pupils, though they forget all about this performance within a year, will recall it again when their turn comes to study these plays. As they read, scenes and interpretations will come back to them. For years to come, even one performance here, will enrich the lives of our students of literature.

Surely, parents, that idea alone is worth your utmost co-operation. Besides which, I think we will all enjoy the play.

Cloe Day,
Gibsons.

CEMETERY BOARD MEETING

Sir:—

May I amend report on cemetery Meeting as published in the Coast News of October 29th.

The Seaview Cemetery Board is now made up as follows as the result of the meeting— Chairman, R. Macnicol, Deputy, Mrs. D. Donaldson, Members, Mrs. E. N. Morris, Mr. Eric Thomson and Mr. D. Herrin, with Ex-officio members, Rev. H.U. Oswald and Rev. Mr. Bevan. Secretary is Mr. B. Coles.

The trustees do not administer the affairs of the cemetery, but hold the property on behalf of the Seaview Community Cemetery. However, there is nothing to prevent a trustee being elected a member of the "Board".

Mr. Wally Graham, as local undertaker, renders useful assistance to the "Board" in connection with cemetery affairs, and Mr. McEwen is employed from time to time, when services are required, doing the job in a very satisfactory manner.

In recent months the "Board" has been composed of Mrs. D. Donaldson and myself, with the two ex-officio members, and the Secretary, B. Coles, who receives a very modest honorarium.

The present "Board" will recommend upon cemetery administration at the annual meeting in January or February, and whether the trustee system will be continued or not, or an incorporated body set up under the "Societies" Act is a matter for future decision.

Seaview Community
Robt. Macnicol,
Chairman,
Cemetery Board,
Gibsons.

Red Cross Blood Donors

The Canadian Red Cross Society has announced that additional blood donors will be required to supply blood for the gamma globulin project of the Department of National Health.

The Minister of National Health has requested the Canadian Red Cross to undertake the collection of blood for the processing of gamma globulin. This is in addition to the Society's present commitment to supply whole blood for civilian hospitals and blood products for emergency stock-piling purposes.

The responsibility of the Canadian Red Cross is limited to the collection of blood. The processing will be undertaken by the Connaught Medical Research Laboratories, University of Toronto, with financial assistance from the Federal Government.

The total quantity of gamma globulin produced by the laboratories will be allocated and distributed by the Department of National Health, on the advice of an Advisory Committee, to provincial public health authorities and will not in any way be the responsibility of the Canadian Red Cross Society.

Gamma globulin is that part of human blood which contains protective antibodies against certain diseases and is believed to be effective in the prevention or lessening the severity of paralysis in poliomyelitis. It takes approximately one pint of blood to make an average dose of gamma globulin.

Gamma globulin is not a cure for polio nor is it a vaccine and one dose protects a child only for a period up to five weeks following injection.

Only a small quantity of gamma globulin was manufactured prior to the summer of 1953 even with the processing laboratories working at maximum capacity. It is hoped additional blood and increased processing facilities will assure sufficient quantities of gamma globulin to combat polio in Canada during the 1954 season.

Heron Aids

Let us examine the good habits of herons as determined by the analysis of the contents of their stomachs. The following study was performed by trained scientists in the employ of the U.S. Fish and Wildlife Service. On a trout stream, in western Montana, eight herons were shot while feeding. This stream, in addition to having an abundant supply of native trout, had recently been stocked with Loch Leven trout. In other words, a stream was selected for this study from which the results were most likely to be such as to condemn the heron for all time, at least in this particular area. Here is a list of what those eight herons had just eaten: 28 suckers (notorius spawn eaters); 15 frogs; 9 sculpins; 7 trout; 1 minnow; 1 mouse and several large water tigers and dragonfly nymphs, both of which groups of insects prey extensively on small fishes.

From the foregoing it was obvious to all local interested persons that by the destruction of so many trout predators, the herons on this stream were beneficial rather than destructive to the trout.

CBUT TV Equipment

VANCOUVER—Over 10 tons of television transmitter equipment for CBUT Vancouver arrived here the first week in October.

Installation is already underway at the transmitter building at the 2700-foot level on Mount Seymour. A.A. McKerrel of London, England, engineer for the British Marconi Wireless Telegraph Company which built the transmitter is supervising the installation.

The first consignment arrived by C.P.R. freight, on schedule, and weighed 30,000 pounds, crated. Last week the initial load of equipment was trucked up the mountain where Mr. McKerrel and several engineers of the Canadian Marconi Company were on hand to receive it.

Assembled and tested in England, the transmitter—a Duplex unit composed of one 3 Kw aural and one 5 Kw visual transmitter, was then disassembled and repacked for shipping.

CBUT (Channel 2) expects its on-the-air date to follow a period of "test" pattern transmission which should evenuate between mid-November and the first week of December. Television recordings and newsreels from Eastern Canada will be televised from temporary production facilities available at the transmitter building, where finishing touches to the exterior are currently being applied.

Birds Rob Fish Pond

A story is told of local home owners, Mr. and Mrs. Earles, of Gibsons who have made their grounds a place of beauty.

Among the things they have put much effort into, and which they have greatly enjoyed, is a lilly-pool, with gold fish swimming about. It seems that the gold fish grew to a noble size, and were really worth seeing.

This year, there were others who enjoyed the fish pond too, but not with an eye to beauty. At different times, the fish had been depleted in numbers, and the pond disturbed. A marauding Kingfisher was caught in the act and summarily dealt with. To prevent further depradations, the Earles placed a good stout net over the pond, leaned back to relax thei vigil.

This had scarcely been done, when one morning more fish were missing, and one was found gasping and injured in the flowers some distance from the pool. It was decided to keep watch, and find out just what manner of creature was stealing the fish.

After a night's vigil with firearms, and joined by friends who volunteered assistance, it seems the group of watchers had breakfast. On looking out afterwards, a great blue-grey shape was seen weighting down the net, and a big bird was seen to probe with his long beak between the meshes of it, evidently enjoying a bright golden breakfast himself.

That was just too much. A shot was fired, and the predatory heron met his fate. Now, the Earles hope, they will be able to re-populate the pool, and continue to enjoy it.

Sechelt

By ARIES

The National Film Board showing of Canadians' part in the Coronation, a technicolor film, with several others was enjoyed on Sunday evening in the Legion Hall. Mr. Max Tracey, School Principle, was projectionist. A collection was taken at the door for PTA Funds.

Mr. and Mrs. Harry Bus have taken over duties at the Legion Hall. They come from Egmont where they have lived for many years.

Mrs. Al. Thorold and her two children have moved up from Vancouver to live in Sechelt, at the Phillip's cottage Mrs. Thorold is the former Amy Archer.

Several of our native sisters have left for St. Mungo's, near New Westminster to pack herning. The girls enjoy this as they visit with old friends and earn quite a bit of money.

Noticed Mr. Harold Swanson down from Vancouver Bay, to visit his wife and little daughters.

Mr. and Mrs. Stuart Killick entertained at a cocktail party preceding a dinner party held to celebrate Mr. Killick's birthday. There were twelve guests for dinner. The evening was spent in singing, games, and contests. The dining room at Opeongo Lodge was decorated with white and bronze chrysanthemums for the occasion. A wonderful time was enjoyed, too bad that Mr. Killick only has one birthday a year.

James Eccles, Brampton, Ont., first tractor plowing champion of the world, who won his crown at the world plowing match, Cobourg, Ont., October 8 and 9. He defeated plowmen from ten other countries and Robert Timbers of Stouffville, Ont., Ontario and Canadian champion. Timbers placed third in the world match. Eccles, winner of the world trophy, the Esso Golden Plow, and Timbers will also compete in the second world match in Europe next fall. They will travel as guests of Imperial Oil.

Selma News

by P.W.

Mr. F. Kydd, (known to his friends as Herbie) decided on Wednesday afternoon to take a hike to Mission Creek, via the trail which leads to it on the high ground back of Selma Park. He carefully marked his trail with paper, but when he returned missed the way and by dark found he was lost.

It was a fairly warm night, but there was a wet fog. About nine o'clock Mr. Jack Jonas and Mr. Les Chamberlain took off on his trail, but could not locate him. They returned immediately to their starting point, and then enlisted the aid of Corporal Cummins and Mr. Dan Currie.

Mr. Currie and Mr. Jonas went on foot up stream along the Creek, while the other two went by car along the logging roads, as did Magistrate A. Johnston.

At three in the morning, they all returned, to wait for daylight. Early that morning, Mr. Dan Currie and Mr. Tommy Robilliard as one team, and Mr. Frank Wheeler and Mr. Bernie Duval as a second one, went off to the ridge again to search.

Mr. Kydd, during the night, had lit a fire to keep warm, and with return of daylight, made his way down stream, where he heard a tractor, so made for it.

Pollock Brothers, who are logging near Wilson Creek Community Hall, were surprised to see him and informed him that a search party was looking for him. They drove him home about eleven o'clock Thursday morning. Mr. Kydd was wet and tired, but not much the worse for his experience.

Friday, he was still somewhat embarrassed over getting lost, and not interested in joining a hiking club. Both he and Mrs. Kydd are grateful to those who helped that night, and to those who have inquired as to their recovery from the anxiety of that night.

U.N. Helps Bolivia to Improve Mining

Latin America is on the march. Rivers are being harnessed for power; its rich resources in timber and agriculture are being developed as never before; a concerted attack is being made on disease, hunger and illiteracy. In this broad sweep towards economic and social progress the initiative of Governments is being aided by the cooperation of the United Nations. Here, U.N. expert Pierre Delaitre (left) and Emil Corwin of the U.N. information mission, arrive at bottom of San Jose mine shaft, 340 meters below surface. Mr. Delaitre is working with the Bolivians under U.N. technical assistance agreement.

Continued from page 1

BOARD OF TRADE—Continued

He also spoke, as the Education Committee, and spoke of the pleasure and benefit derived from the Public Speaking classes that had been held in Gibsons last year by Mr. W. Hodgson, and said there were already sixteen members of the Sechelt Board interested in taking the course.

Mr. Hodgson was introduced to the members, and spoke briefly and informatively on the benefits of being able to speak in public. He stressed the growing need for ability to express oneself, and the increasing opportunities available to most people to do so. He gave briefly the points covered in his short course, spoke of the difference between platform and radio speaking, as well as that between speakers and orators.

His course, he said, was not for the production of orators, but of the hundred speakers who studied the art, perhaps one real orator might be developed.

The members appreciated and applauded his able talk.

Mr. 'Chuck' Rudd of Nanaimo was then asked to speak about the program "Along the Sunshine Coast" which is presently being broadcast on Saturday evenings from CHUB.

Mr. Rudd spoke of the difficulty in which he felt himself placed, being asked to speak after Mr. Hodgson on the Art of Public Speaking, but despite this he entertained Members with remarks upon the troubles he and Mr. Bellamy had encountered in getting to Sechelt, with ferries, fog, time tables, and so forth.

He spoke of the fact that two people were busy for two days getting the program whipped into shape for presentation, of the co-operation he received from the Coast News in obtaining news items, and other material.

It was proposed, however, to move the program to a more convenient hour, and to make it, if possible, of an hours length. It had been decided to broadcast "Along the Sunshine Coast" on Sunday afternoons from five to six o'clock, in order that it might be received by more people than on Saturday evenings.

In addition to news items, he would like to receive some which would give to listeners elsewhere a glimpse of the historical background of the Peninsula, its geographical picture, and its personalities, as well as its news items.

He described the effort of making a tape recording of the sea coming in over the shingle near Sechelt, and of the fun that was had making the sea-gulls sing for the recording.

Gibsons Board of Trade guests were Wm. Sutherland, Gordon Ballentine, President Locke Knowles, Tom Larson, and Mrs. Wortman representing the Coast News.

Skipper Rescued From Swamped Boat

Fish Packer Swamps Off Camp Byng

The fish packer "Sea Harp" from Westview, bound for Vancouver, was driven up on shore west of Camp Byng, beyond Gower Point, late on Friday evening, October 30th.

Heavily laden, she took water over the stern during the storm, was blown ashore.

The "Sea Harp" in charge of Bill Haddon, fish buyer, had come down from Westview in company with the "Seven Seas", with whom she had lost immediate contact at Trail Island. On board was Joe Simon, who was going to Vancouver to visit his wife for the weekend.

Their plight was seen by the "Seven Seas". When the decks were awash, Joe Simon took the boats dinghy and made for shore, to get aid. Just as he made shore, the "Seven Seas" approached the bows of the "Sea Harp", and Haddon was able to clamber aboard her. Simon was unable to launch his dinghy again in the waves. He clambered over the rocks along the shore until he saw the lights of the Frank Montieth home.

Mr. and Mrs. Montieth took a lantern down to the shore and tried to signal to any passing craft, but were unable to obtain response, so took Simon to their home for the night. Joe took the early morning bus to Vancouver.

Late on Saturday afternoon, the "Nanaimo Chief" with salvage equipment, was able to raise the "Sea Harp". She was too badly damaged to pump out, so was taken to Vancouver in slings.

Reader's Right

VON CAR

Since making our special appeal to the many organizations for funds for the purchase of a new car for the VON, many questions have been asked as to Why and How the purchase was made. We feel that the public as a whole should know the following facts:

The new car was purchased on a Bank Loan of $1200.00 above the allowance for the old car, this sum to be repaid at $100.00 per month. To obtain this loan, twelve business men on the Peninsula backed this to the extent of $100.00 each. The failure of the VON to make the payments mean that these gentlemn stand to lose the money for which they signed.

Many people wonder why the Annual Campaign did not cover this cost. When the Annual Budget was drafted, no provision was made for this purchase, neither did the Bank Balance allow for it.

The monthly running expense of the VON service here is approximately $5000., or $6000. per year. We receive from the Governments the following.

The Department of Indian Affairs, $720.00, from the B.C. Government Grant, $350.00, totalling $1070.00 from these sources. This leaves a balance of $4930.00 to be raised from Nursing Fees, funds raised by the Headlands Auxiliary and the Halfmoon Bay Auxiliary. The DVA does pay for care provided to Veterans by the VON.

Salaries to be met are those of the Nurse herself, and a substitute nurse, who is on call during such times as the Nurse-in-Charge has any time off.

During July, there was an unusually large salary account. Due to the resignation of the Nurse then in charge, there was her month's salary, her 'holiday' salary with an overlap of a week while the new Nurse was located to the area. This left the funds at an all-time low.

Many people are misinformed about VON Maintenance, believing that the Government makes a large grant. This is not the case. Another vital fact is that the Government provides the full cost of medical attention, drugs and hospitalization for recipients of Old Age Pensions and Social Assistance on a contributory basis. The nursing rare of many such patients is provided by the visiting nurse here in the Sechelt area. This is in lieu of any Hospital here. BUT the Government does not pay for any of this Nursing Service thus given. More and more of these calls are being taken care of each month, as is shown by the Nurse's Report, to Sept. 15th:

1,289 visits made, with fees collected: $530.25. Breakdown is: General nursing care, 799 visits. Health instruction, 407 visits. Other visits, 83, and confinement cases, 5.

Thus, the receipts from collections of fees and from the Governments amounts to $1600.25. The amounts received from the DVA are small, and vary in amounts according to the services rendered.

We submit the disbursements for 1952, in order to present the other side of the picture: Salaries: VON, $3207.25, Substitute, $349.00. Branch Contribution to Nurse's Annuity, $63.90.

Car: Gas and Oil, $228.97; Repairs, tires, $79.89; License, $20.00; Insurance, $60.17; Garage Rent: $24.00 Total $413.01

Medical Supplies, $16.64; Postage and excise tax, $24.35; Telephone and telegraph, $46.89, Laundry, $31.48; Advertisig and publicity, $23.64; Insurance against malpractice, $6.19: National Office Charge, $50.00: Workman's Compensation, $55.12. Total $254.21. Total disbursments, 1952: $4223.47.

In 1953, the car expenses ran to $609.53, of which Repairs in April and May alone ran to $228.00, and Insurance had increased to $117.53!

The purchase of a new car was believed to be a necessity, both economically and otherwise. At one point, due to faulty brake condition, the nurse escaped injury only by heading into a tree to avoid going over a steep embankment.

This explanation is given in the hope that you may understand what the normal upkeep of the VON Service amounts to, how little aid we receive from Government Grants, or from local fees. You will appreciate the necessity for extra collections when you see that the purchase of the new car was a prudent investment, one which we felt had to be made, and yet for which our normal funds made no allowance whatever.

Mrs. Nora Haley, President,
Elphinstone Branch, VON.

Remembrance Day

Remembrance Day Service & Observance will be held on Wed. Nov. 11th at the Legion Hall, Gibsons. The members of the Canadian Legion & the Legion Auxilliary will assemble at the School Hall at 10:45 a.m., parading from there to the Legion Hall. Here he Last Post will be sounded, and 2 minutes silence observed.

The Service, in which the ministers of the different denominations will take part, will commence at 11.00 a.m.,

The public are cordially invited to join in commemorating the victories in two world Wars and in pledging loyalty and devotion to Canada and to the Constitutions of our great Commonwealth.

POPPY DAY

Poppy Day will be Sat. Nov. 7th. It is expected that everyone will wear a poppy on that day, and also where possible, display wreathes in places of business, public buildings, and in homes.

The Poppy has come to typify all who made the supreme sacrifice in two world Wars. Funds raised by sale of poppies are applied in emergency cases to assist veterans and their families.

The funds are administered by the Canadian Legion Service, and by our local Legion Branch. The need is always there, and sometimes it is very urgent.

All are asked to contribute generously when buying poppies.

SELMA PARK NEWS

Miss Elizabeth Godwin VON nurse, who was ill during the week, went home with her parents on Sunday to Burnaby for two week's sick leave. In the meantime, Miss Mabel Cooper, "Moorings", Wilson Creek, has taken over until Miss Godwin returns to duty.

Forthcoming PTA Meeting at Sechelt.

An important item on the ageda at the forthcoming meeting of Sechelt PTA November 12th in the school will be a discussion by parents and teachers of Elphinstoe Junior - Senior High School. The topic will be 'Promotional Policy' which is at the bottom of the present public discussions on achievement of high school graduates.

NORTH VAN TEACHERS HOST TO CONVENTION

Over 400 teachers of the North Shore Geographical Area - North and West Vancouver, Howe Sound, Sechelt, Alert Bay, Quatsino - will meet on November 5,6,7 in the Sutherland Junior High School, Sutherland at 19th street, North Van. This is expected to be the greatest convention in the organization's history.

Local Hunters

SEE DEER ON GAMBIER

A little party of big bold hunters embarked recently for Gambier, where, it's heard, horns grow on deer, and deer grow thickly.

The four doughty souls arrived at the Island a little before breakfast, shortly after half past four. Dividing into two parties, they split up and went on opposite sides of a fairish hill to seek their quarry.

Of one pair, Mike sought a point of vantage, while Jack perched in a small tree. Just before daylight, he spotted a fawn and its mother. They wandered slowly down the path. Not being in possession of horns, they were safe.

As day was actually breaking, Mike and Jack moved to a tiny clearing to have their breakfasts. They found a handy log on which to rest their rifles, and took their sandwiches to another about eight feet away. Munching on their morning meal, they glanced about them. In just a few minutes, a sound caused them to glance to one side, and there stood the embodiment of the Hunters' Dream. A Buck, proudly bearing antlers, with his doe and fawn were within spitting distance. Ha!

But wait—the rifles were eight feet away! The men sat, the deer stood, and they looked at each other in a friendly manner. Finally Mike, whose rifle was closer, reached for his rifle. Naturally, the deer accepted this invitation to be somewhere else, and soon. Mike had time to take one parting shot, merely as an expression of his feelings.

When these two sorrowing sons of Nicodemus were rejoined by George and Tom, who hadn't seen an antler, or a deer, all morning, they commiserated with each other and sadly left the Island.

It is understood that Mike and Jack are collaborating on a new "Hunters' Guide."

HE OPENED NEW BANK ACCOUNT AT EVERY ONE NIGHT STAND

A famous comedian, now dead, lived in perpetual fear of being stranded in a strange town without funds. So he opened a bank account in every place he played. Any experienced traveller will sympathize with this man's distaste for running out of money away from home. But there is a much better way of avoiding such a situation than his method!

The safest plan is to buy Travellers Cheques at the Bank of Montreal before you leave town. Inexpensive in price, they can be cashed only by the person who purchased them. That's because he signs each cheque as he buys it, and, for comparison, signs again in the presence of the person who cashes it for him.

Any bank in Canada and many stores and hotels will accept B of M Travellers Cheques. Special cheques are sold for the use of persons travelling abroad.

Staff members of the Gibsons and Sechelt B of M will welcome your enquiries about this low-cost, high-safety service, says Tom Larson, local manager. Drop in before leaving on your next trip and build up your peace of mind by putting your funds into Travellers Cheques for only a few cents.

Advt.

Bowling League News

The past week of play saw three five pin leagues in which three of the players chalked up stars were: N. McKay 278; J. Mainil 256; D. Hudson 286: Commercial League E. J. Caldwell 287; R. Cumming 275: P. C. Waddell 260. Sports Club "Pete" Tschaikowsky 260; P. McKenzie 275; L. Crucil 278. Port Mellon Mixed had two stars, Roy Dick 263 and D. Plourde 252. Ladies League, Lila Eldred 278. Ten Pin League, Dick Gray 204.

Eve Moscrip twice rolled the high three in last week's play, 604 in the Ladies League and 579 in the Ball and Chain League.

Wildcats 2528 and 20 points.

Gibsons Mixed League:

Stars to J. Davies 270, Jean Wilson 274, M. Fladager 250. J. Davies 600, Jean Wilson 274. M. Fladager 673 - 250. Whizzbangs 2764. Co-Op 21.

Port Mellon Briefs

By MRS. SWAN

Auxiliary Formed

A Women's Auxiliary has been organized at Port Mellon, with the help of Mrs. Bevan, from Gibsons, wife of the United Church Minister, the Rev. Bevan.

Mrs. R. Westgate was elected President; Mrs. B. Strayhorn, 1st vice-president; Mrs. J. Macey, 2nd vice-president; Mrs. D. Macklam, secretary; and Mrs. C. Dentford, treasurer. Mrs. J. Latham is convenor.

Plans for a Christmas Tea and Home-cooking Sale were discussed, with a date to be announced later.

Community Club Whist Drives

On the first Friday of each month, a Whist Drive will be held by the Community Club. These will be at 7:30 p.m., in the cafeteria, and there will be good prizes and refreshments served. all for the nominal fee of fifty cents. Invitations are issued to all the people from Gibsons, Granthams and Hopkins Landing to attend.

Fall Bazaar

The Women's Service Club will hold their Fall Bazaar November 28th at eight in the evening in the Cafeteria. There will be aprons, children's knitted wear, novelties, candies and homecooking for sale.

Personal Notes

Beverley Anne was the name given to the Del Pitman's little daughter, when she was christened in the St. Stephen's Church, North Vancouver. The Rev. Denny performed the ceremony. A tea was held afterwards at the home of the little girl's maternal grandmother, Mrs. A. S. Doyles.

Congratulations to the Bill Booths on the arrival of a son, at the Vancouver General, on October 21st.

It's a boy, for the Bill Swartz family, too. All doing nicely.

Mrs. J. Enemark and Max have returned from a three month's trip to the U.S.A.

Kay Louden of Hillside celebrated her ninth birthday with a party on Wednesday last. All little pals enjoyed the day.

Police Court News

In MAGISTRATE JOHNSTON'S COURT

Driving While License Suspended Costs Money

In Magistrate Johnston's Court on Oct. 28th, Robert William Dennis Smith of Gibsons was found guilty of driving a car while his license was suspended. He was fined $50.00 and costs. Because of having been in trouble several times in the past due to drinking habits, he was placed on the interdicted list.

Laurence David McGean paid fines totalling $50.00 and costs, was ordered interdicted, and bound over to keep the peace for one year. All this arose from charges laid following fights and drunkenness at Port Mellon.

As a result of the same incident, Roy Charles Evans of Gibsons was also placed on the interdicted list.

John Charles Rolston of Sechelt, for creating a disturbance in a public place, and for being found in licensed premises while still under interdiction, was fined $50.00 and costs, or in default, 30 days imprisonment at hard labour. Rolston elected to serve the thirty days.

GIBSONS GROPES IN FOG

For the first time as long as local residents can remember, fog invaded this usually sunny community.

Commencing so lightly Tuesday last that residents stood in the streets to watch the trailing mist steal in off Howe Sound from the Gap and over Keats Island, by early Wednesday morning vehicles crept about with headlights faintly visible in the grey murk.

The sound of fog-horns and the wail of whistles and hooters on various seagoing craft were heard from the Straits and the Sound through the night.

Except for the traffic slowdown, however, here have been no serious consequences or inconveniences as a result of this uncommon visitation.

Date Pad

Nov. 6 — Gibsons St. Bartholomews WA fall bazaar.

Pender Harbour

By SARAL

HOSPITAL BAZAAR

The Community Club on Saturday, October 24th was the spot for the Ladies' Auxiliary of St. Mary's Hospital Bazaar. Perfect weather no donbt contributed to the success of the affair.

President Mrs. L. Hambly welcomed the assembly and introduced Rev. A. Greene, who formally opened the bazaar. There was a very creditable amount of work presented, and all the stalls were well patronized. There were needlework, aprons, home cooking, flowers, a fish-pond, and a waiting list for the tea tables.

Raffle winners were Mrs. La Mar, Gibsons, Don Cameron, and Mrs. Pockrant. The floor draw went to Mrs. G. Lyons and Mrs. H. Leith.

BADMINTON DANCE

Plans are all completed for the annual masquerade dance by the Badminton Club on Friday, Oct. 30th. The Legion are planning their Armistice service, and a show at night in the community hall at Madeira. There will not be a dance this year.

PERSONALITIES

Mrs. Len Hambly is off to Vancouver to be with Len in Shaughnessy when he has surgery. Mr. J. Connell is also a patient there. Best wishes for a quick recovery to both.

Mrs. J. Baker is spending a few days in Vancover, and Mr. and Mrs. R. Kollamainen have returned from attending a wedding there.

Gibsons News

Dick Fitchett is back again after a sojourn in hospital. He will have to take things lightly for a little while, he tells us.

Mr. and Mrs. A. Newman home again after a wandering journey through Prince George, Vanderhoof, to Ft. St. James. Mr. Newman was visiting a daughter at Stuart Lake, where land may be bought, he says, for three dollars an acre.

That country, he says, has changed greatly in the past few years. Nevertheless, it's nice to come back to the Coast for the Winter months.

The young Neil McLeans will continue to live with the Donald McLeans. Mrs. McLean senior says "it's a big house and there's lots of room for us all."

Mrs. Rocky Grey taking a turn at wheeling the new grandchild out in the sunshine.

Dr. Harley Anderson finds that he must take an enforced rest, starting within the next few days. He has been working at a sustained pitch too long this season, and the added work of the political campaigns this year imposed a great burden upon him. So, it's a rest for the good doctor.

Gower Gleanings

by Gypsy Towers

Mrs. A B.B. Hill entertaining the ladies of the Anglican W.A. and neighbors later coming in to play Canasta and finish up the refreshments. Both sessions being much enjoyed.

The best news of the week is the return of the Beaton's. Son Kenneth bringing his Mother and Dad from the Hospital and seeing them comfortably settled at Graigowan and returning to the City to celebrate Hallowe'en and his birthday. Mr James Beaton standing the journey very well and looking remarkably fit after his long siege in the hospital but with very definite instructions to take things very easy.

Mr. Charles Bedford accompanying the William Bow's to Vancouver to take further treatment at Shaughnessy.

Mr. and Mrs. Percy Farnsworth visiting Bonnie Brook and daughter Leonus and the Ayles family. Both looking one hundred per cent.

The Hodson cousins, Phyllis and Catherine taking the last fling at their cottage for the season.

Gower Point getting a lot of publicity as the scene of a shipwreck when the honor rightfully belonged to Roberts Creek.

Ken Swallow and his family moving to Gower, having taken over his Dad's property on the waterfront.

The Bay a blaze of color with the maple trees in their autumn dress—all is beauty but our sad little mud puddly road.

Local CNIB Drive

DEPENDS ON MAIL

We have been asked to tell the Public that there is already some response to the appeal for funds for the Canadian National Institute for the Blind. Letters which were sent out through the mails two weeks ago are beginning to trickle back in a small but welcome stream.

In the case of city appeals for for funds, it is possible to have 'Tag Days', and through this means, to reach an enormous number of people in a single day. It is not possible to do this in area such as ours, so the CNIB letters are mailed to you instead.

We know that you do not all come to the villages on the same days, and we know, too, that many of you may be out fishing, logging, or working at some other employment. For that reason, we took our way of holding a tag day to your homes by means of a letter. We hope that you will see fit to mail or bring your contributions in as early as possible this year, so that we may know as soon as may be how our campaign has succeeded.

Each dollar that comes in means help for some one, and if it comes in early, it will mean more, since the actual amount of the clerical work is reduced, the actual labour of handling is less, so that more remains for the original purpose.

DIAL 980

Halfmoon Beams

By MRS. CORMACK

Last rites were held in Vancouver last week for a well-known resident of Redrooffs, Mr. Larry Frost, who passed away suddenly in Vancouver October 25th. Mr. Frost, a veteran of World War 1, was at one time a partner with J. Cooper in the Redrooffs Resort. He is survived by his wife to whom the whole community extends its deepest sympathy. Terry Frost, of Sechelt Peninsula Theatres, is a nephew.

A number of ratepayers of the district gathered in the school on the evening of October 29th to hear the Annual report of the Board of School Trustees and transact school business. At the conclusion of the meeting, refreshments were served by the PTA.

Mr. and Mrs. B.L. Pearce of Vancouver spent last weekend at their summer home at Welcome Beach.

Half Moon Bay PTA held their October meeting in the school last week with president Mrs. Q. Burrows in the chair. They have arranged a Social Evening for November 20th in Redrooffs Hall, at which cards, Bingo and refreshments will be enjoyed. Proceeds will be for the childrens' Christmas Tree.

We learn that Mr. Russell Brooks Senior of Half Moon Bay is ill. We hope he will improve very soon.

Seacrest will be the new home of Mr. and Mrs. Bill Hogg, Jr. of Vancouver.

Miss Judy Nygard of Half Moon Bay has been visitng Mrs. B. Barley of Seacrest, while her parents, the T. Nygards were moving to their new home in the Bay formerly owned by Paul Skyte.

Miss Christine Hansen had a very successful Hallowe'en party for her pupils in the school last Friday. Assisting her were PTA members Mrs. J. Burrows and Mrs. E. Pemble.

The Gus Schneiders have moved into the house recently vacated by Mr. and Mrs. T. Nygard.

While we all appreciate the fact that the long-awaited Welcome Beach cut-off has been pushed through, we are anxiously looking forward to the next step, the light poles, which will bring much needed electricity to the area from Half Moon Bay to Pender Harbour. This would then indeed be the "Sunshine Coast" by night as well as by day.

Have you listened to the very interesting weekly radio programme of music and news, "The Sunshine Coast" over station CHUB, Nanaimo? It is sponsored by the Boards of Trade of the Sechelt Peninsula and does an excellent job of publicizing this wonderful part of the Pacific Coast. The NEW TIME is Sunday afternoons from 5 to 6.

Mr. and Mrs. J. Burrows of Half Moon Bay are delighted with the news of the arrival of a granddaughter, Gwendoline Mary, born October 5th in Campbell River to their daughter Mary, (Mrs. Frank Kingston.)

Labor Party Gives Up On State Ownership

By TOM OCHILTREE
By Associated Press

MARGATE, England — The Labor Party has abandoned its traditional Socialist belief that state ownership of all industry would bring on a workers' paradise.

Instead, the dissension-ridden party has decided at a conference here to work for a welfare state.

Everyone agreed on such things as larger old age pensions and sick benefits and better tax-supported schools. But the manual workers' delegates killed leftist proposals for wholesale nationalization of industry and of land.

If the attitude of the trade union leaders is an accurate reflection of rank-and-file sentiment, great numbers of workers have lost their belief in state ownership in the years since World War Two.

Leftist Aneurin Bevan thundered that the cautious attitude of the unions constituted "treason to the spirit of socialism."

But the big union leaders and the humble members of the union delegations had an answer for that. A bent little coal miner named Harry Ellison told the left-wingers:

"A boss is a boss, no matter whether he gets the job from the state or private owners. Sometimes the bosses of private industry are more reasonable to deal with."

A postal worker said: "It's no use thinking everything is perfect in the garden once the state takes over. That just isn't so."

Britain tried Socialist state ownership—and the labor movement has turned thumbs down on nationalization of more industries.

Organized labor at the polls in Canada has rejected Socialism again and again. On the basis of British decision today, Canadian labor was right.

BRITISH COLUMBIA FEDERATION OF TRADE & INDUSTRY

IT'S SILLY - -

What's silly - - - ?

That so many people only think of having their kid's picture made at Christmas time. Aren't their kids worth it any other time?

Of course the kids are worth it.

Well - - - ?

Yes, but photographs make Christmas gifts that every friend and relative will cherish, save shopping problems, and probably cost less than you expect.

AND THAT ISN'T SILLY, SO -

- Phone or write for an appointment, or just to enquire.

Speeding Balm for Sick Eyes

Filling tubes with antibiotic eye ointment, these three Arab refugees in Beirut, Lebanon, are speeding help to their fellow refugees who suffer from trachoma, a common eye disease in the Middle East. The ointment is being packed at a warehouse operated by the United Nations Relief and Works Agency for Palestine Refugees (UNRWA), which is cooperating with the World Health Organization in an anti-trachoma campaign in refugee camps. The WHO-UNRWA campaign is reported to be achieving a cured rate of eighty percent.

SCHOOL NEWS

SENIOR BOYS' SPORTS
By William Nicholls

After many weeks of "off" and "on" labour, a handful of soccer enthusiasts have finally succeeded in erecting a pair of soccer goals, (or a reasonable facsimile of same). This may inject new life into soccer which, so far, hasn't aroused the least bit of interest.

Speaking of soccer, a team made up mostly of high school players, journeyed to Sechelt last Sunday and played the Indian Residental School. We were soundly trounced 4-1 by the hustling Braves. Centre-forward, Mike Poole saved Gibson's from a shut-out when he scored on a hard, close-in shot near the end of the game. The exhibition series between the two teams will probably continue this Sunday and all following Sundays, weather permitting.

The senior boys' basketball team is looking good in practice sessions and the squad is anxiously awaiting their first game which should be in two or three weeks...

PORT MELLON NEWS
By Div. II

On Friday afternoon, Donna Harris, and Patsy Blake, will have a Hallowe'en party arranged for Div. I and II.

The Gibsons' Kinsmen Club is sponsoring a masquerade for us on Saturday night, and prizes are offered for the best costumes. There will also be prizes for the ones who sell the most "Shell-out" tickets.

Our school grounds are going to be landscaped now and next Spring they will plant clover.

The "Hobby Club's" committee consists of Gornett Edmonds and Wayne Greggain,—Cleaning up. Norm Wolansby and Wayne Swanson—Tools; Martin Syersen and Jim Carlson—Doors and Windows.

A decided day of the second Wednesday in each month, has been set as the meeting date for our PTA.

BIOGRAPHIES

(This is the first in a series of biographies of the teachers of Elphinstone Jr.-Sr. High.)

As only proper can be, we'll start with Mr. Trueman, our principal.

Allan Stanley Trueman, was born in Chatham, Kent, England, and came to Winnipeg, Man. Mr. Trueman took all his schooling in Manitoba, and received his B.A. from the University of Manitoba.

After teaching for a year at Leark River, he went back to Winnipeg Normal School.

Back to teaching, he took on grades one to nine at Greenwich School, near Lyndall, Man. His last teaching job in Manitoba, was a principal of Kenton School.

Then an urge of travel brought him to B.C., where he attended U.B.C. and received his M.A. His next job was his present. He married here and continued a Business Education at U.B.C. by summer work.

This brings us up-to-date with our present principal Mr. Trueman, who teaches Math 20, Socials 30, and Bookkeeping, which is Commercial 34, in our school.

SPECIAL

All the students are being briefed on "Macbeth" for the coming play by the Lancaster players.

All the parents, and eligible attenders should make an effort to attend, as this is an important feature in all students' lives, for no one can get through grade twelve without having completed it.

MIXER

The Council sponsored the first in a series of club-sponsored mixers. The mixer was well attended, with no charge. Pop and popcorn were sold, with a profit of $7.00. The proceeds of these mixers and skits will go toward a printing press, so the school can print its own Annual.

This is a biography of one of our Senior Students, Karen Stockwell. Karen is a well-liked student and is secretary of the Students' Council.

One of her most favoured sports is basketball. On the Senior team Karen plays centre. This may be Karen's most favoured sports but you can always find her playing volleyball, soccer, and softball.

INJURIES GALORE
By George Slinn

This week there was a new record set, some people aren't so glad about this, namely myself, but there are three people injured enough to have crutches or stay at home in pain.

A lucky first of this merry list is myself. I, as you probably know, was trying to outguess a horse when I went flying over her head and broke my ankle some two months ago. So join me in my plight. Avril Lucken, was kind enough to loosen up the joint in her ankle so as to make me feel at home. Yes, yesterday she came hopping down the hall with a most decorative cast.

The other to become indisposed of was Mary Kerr. Yesterday Mary injured her hip quite badly while playing soccer in P.E. class. She collided with Marilyn Turner out in the field and the consequences being experienced now, are painful.

I sincerely hope these girls get better soon and I'm sure the rest of the school does too; oh, oh, Wally Graham just drove onto the highway from a trip to the school. We must be getting pretty bad up here, but maybe (I sure hope so) Mr. Graham was engaging in some plumbing?

SOCCER 'SOCK' NOT SERIOUS

At the Elphinstone High School on Tuesday, a collision among girls on the playing field provided a momentary sensation when Mary Kerr, 15, and Marilyn Turner bumped each other smartly, during a "soccer" session.

Temporarily stunned, perhaps, and frightened of serious hurt, Mary was taken by stretcher to Dr. Inglis.

Upon examination, however, she was found to be suffering from rather painful abrasions to her knee, and was mildly hysterical.

Mrs. Maude Turner, with whom Mary Kerr is living, reported her resting comfortably on Wednesday morning.

ELEMENTARY SCHOOL NEWS
By Warren McKibbin

The staff wishes to thank the parents and adults of Gibsons and Roberts Creek for supporting the Kinsmen Hallowe'en ticket drive. Most of the 215 students in the school were selling them. These tickets are to be collected by the children on Hallowe'en afternoon and evening to be taken to the Kinsmen Junior Party held in the School Hall from 7-9 p.m.

A dance will be held after the Concert to be held on December 17, will begin soon.

BACK STAGE
By Warren McKibbin

The Grade Twelves under Mrs. Day's direction put on two skits last Friday, at noon. There was "The Princess Nonsuch" starring Mike Poole and Alice Bikadi, and "Barnacle Bill" starring Betty-Jane Wood as "Barnacle Bill" and Mike Poole as "The Sweet Little Maiden."

It is hoped that the other Divisions in the school will follow with further entertainment.

COUNCIL VIEWS
By Warren McKibbin

Sample activity cards were shown to the Council. The photographer will come in November.

Plans were discussed for a Junior and a Senior Sadie Hawkins Dance to be held around the middle of November.

Last Rites

Services were held for Mr. Dan McLaren of Roberts Creek on October 31st at the United Church, Rev. H. Bevan officiating. Mr. McLaren passed away at his home here on the 28th after a long illness which he bore with gentle fortitude.

Born in Hamilton, Ontario, he started work as a messenger boy for the CPR. Later becoming a telegraph operator. He came to Vancouver in 1911 and was married to the former Jean Scott.

When he retired from the C PR 12 years ago, Mr. and Mrs. McLaren came to reside at the Creek.

Besides his devoted wife, he is survived by one son, Scott, and three granddaughters, of Prince Rupert.

GERRY JERVIS IN UNHAPPY ACCIDENT

At Roberts Creek on Tues., Gerry Jervis, in stepping from her car at a neighbours garage, stepped between two boards and broke her ankle.

At last report, she is resting comfortably at home, Dr. Inglis having attended her and applied a cast.

A "THANK YOU" MESSAGE.

To all the Gibsons and District business people, and indeed to all the residents as well, who have so generously supported us in our work for the V O N this past year, we wish to express our real and sincere thanks.. Without your help, we could not have supported this great service.
