Board of Trade to change name

Sechelt Peninsula Board of Trade is now in process of changing its name to Sechelt Area Chamber of Commerce in line with a similar Pender Harbour board change and one coming up for Gibsons and Area Board of Trade.

This was announced at a board of trade meeting Wednesday night in the Sechelt Elementary school activity room. Judging from remarks passed at this meeting this change will be welcomed by Pender Harbour because it eliminates the idea Sechelt Board of Trade represents the entire Sechelt Peninsula Pender Harbour is also on the peninsula with its own chamber of commerce.

Events surrounding the attempt to have a Doukhobor prison camp for Sechelt area were reviewed and as a result the board voted wholehearted approval on the actions of the president, Cliff Cinnor. The motion covering approval was moved by Norman Watson and seconded by Magistrate Johnston. The episode concerning letters that were written was regarded as most unfortunate. One speaker maintained Mr. Payne had a right to his own opinion in this issue but "there was no need to shove it down our throats."

On the breakwater problem Mr. Watson reported that in correspondence on the Arthur James sand bar proposal to make a breakwater, Ottawa found the idea novel and interesting but too expensive.

Two new signs will be prepared and erected at both ends of the village, John Toynbee reported. The board also decided to send a letter to liquor commission officials to find out just how Sechelt stands as regards the opening of a liquor store in Sechelt. It is understood that Sechelt is third in line for such a store according to latest information.

Jim Parker suggested the proper authorities should be approached to have work done on the mouth of Tzonie creek at the end of Northwest Arm in Sechelt Inlet in order to save it as a spawning ground for salmon.

Completes Junior Leader Course — Trooper Ross Stewart of Gibsons, has successfully completed an eight-week junior non-commissioned officer course at Camp Wainwright, Alta. The course, which consisted of field first aid, national survival and tactics, instructional techniques general military subjects is designed to qualify soldiers for pro motion to senior ranks He is a member of Lord Strathcona's Horse (Royal Canadians) stationed at Calgary, Alta.

Ron Haig, Royal Canadian Legion zone commander for Elphinstone area, reports that Ron Eeles, director of the Legion-sponsored Junior Olympic Training Plan will be at Sechelt May 5. Mr. Eeles (kneeling) will conduct a coaching clinic for Legion volunteers who in turn will teach youngsters how to compete in track and field events. Championships will take place August 23, 24 and 25 at Empire Stadium.

Behind Mr. Eeles stands Burt Hunter, chairman of the JOTP. Burnaby High School student Andy Whitmore learns the art of putting the shot.

Airport opening program

The program for the opening of Gibsons-Sechelt Municipal Air port on Wednesday of next week reveals Lt.- Gov. G. R. Pearkes V.C. will arrive by RCAF plane at the airport at 12 o'clock noon.

From there the official party will motor to Gibsons where luncheon will be served at Danny's Dining Room. The party will return to the airport in time for the opening ceremonies at 3 p.m.

Following the ceremony there will be an RCAF parachute rescue demonstration with a simulated rescue by helicopter. There is the possibility of a water bomb ing demonstration by Skyways Ltd., of Sechelt to show what can be done in this manner on forest fires. It is quite likely there may be other attractions during the afternoon.

Arrangements have been made for car parking in the area and it is hoped that school children will have a chance of attending the opening ceremonies.

Following the opening and afternoon demonstrations the official party will return, if time permits, to Gibsons for afternoon tea.

Members of the airport committee in charge of the arrangements are Wes. B. Hodgson, chairman and A. E. Ritchey, council chairman for Gibsons with Capt. S. Dawe and William Swain, councillors representing Sechelt.

Girl Guides on hike

On Easter Monday Guides met at the tennis courts in Gibsons and with Mr. and Mrs. Allen, hiked through the woods to Gower Point, stopping enroute to talk to Mr. Charman. The botanists noted 18 different wild flowers in bloom, but those interested in hearing a blue grouse were unlucky as the bird was silent.

Two hardy members of the company had their first swim of the season while the others prepared lunch on the beach. Hamburgers cooked in foil, beans and potatoes were welcome fare after the walk, during which Sharon Dodd passed her Scouts Pace test to complete the requirements for her second class badge.

Mothers of Brownies attended an enrolment ceremony held by the Hopkins Landing Pack just before Easter. Principals at the ceremony were Linda and Virginia Campbell who were presented to Mrs. Labonte, district commissioner, by their Brown Owl, Mrs. Wheeler. Mrs. Labonte was accompanied by Mrs. LeWarne, a former Sechelt Brown Owl who has moved to the Gibsons district. Coffee, juice and an "Owl cake" were served to their guests by the Brownies.

The display of Guide and Brownie handicrafts in the Lang's Drug Store window in Gibsons will be there until the end of this week. Samples of the Guide's work were taken to the annual Guide convention in West Vancouver last week, and won high praise from Guiders all over the province. They felt the Guides here are fortunate not only in having talented leaders but also own where it is possible to do in having a clubhouse of their so much more than in a rented hall.

Stenner new H.I.D. trustee

With the retirement of N. Richard McKibbin as Sunshine Coast Hospital Improvement District trustee, a new face, that of Fred Stenner will represent Gibsons area. Mr. Jim Parker, the other retiring trustee, was re-elected.

The board of trustees now include A. E. Tidball, president; Frank West, secretary-treasurer; Ralph Johnson, Jim Parker, Milo Filgas, Mr. Stenner and J. McMillan.

Trustee meetings were held at various points during the latter part of April to report to ratepayers and to hold elections to replace two retiring trustees. The report to ratepayers expressed appreciation for the assistance given the trustees by government officials and all others concerned in the operation leading to fulfilment of the objective of building a new hospital for this area.

In their report the trustees stated they were convinced St. Mary's hospital is not only geographically in an unsuitable location and that its buildings and facilities after many years of good and faithful service have become obsolete and inadequate to provide hospital care in accordance with modern standards and requirements of a steadily increasing number of residents.

The trustee report states five meetings were held during the year, dealing with various matters concerning the district and the maintenance of close relationship with governmental agencies and officials of the hospital.

Nominations

A nomination convention in Capilano Community Hall, Saturday afternoon chose Vince Bracewell of Hopkins Landing to be Social Credit candidate for Coast-Capilano in the federal election.

Two nominees contested the nomination, Mr. Bracewell and J. J. Fullerton. The vote was a tie on the first ballot. On the second vote Mr. Bracewell was favored and won the nomination.

L. Smith of Vancouver Centre was chairman and Hon. K. Keiran, mines and resources minister, chief speaker. Others who spoke included the leader of the Social Credit party in Manitoba.

J. LeBourdais, federal co-ordinator of the New Democratic Party announces there are three candidates for the nomination for that party in Coast-Capilano.

They are Hugh Clifford, West Vancouver merchant and a previous CCF candidate for election; John W. Luers, a young IWA member of North Vancouver and Sullivan Bay, and John Stigings, Powell River, member of the Pulp and Sulphite union and school trustee in School District No. 47.

Meetings to hear the candidates have been arranged in North Vancouver and Powell River. The nominating convention well be held in North Vancouver Sunday, May 6 at 2 p.m.

Hospital opponents force delay of annual meeting

Plans of St. Mary's Hospital Society to hold its annual general meeting were thwarted Sunday by an unexpected turn of events. The society had scheduled the meeting for 2 p.m., April 29 and, because of the large membership, planned two meetings, one in Madeira Park Community Hall and the other in Elphinstone Secondary school in Gibsons.

Shortly before the meeting was to begin, Harvey Hubbs who was in the chair at Madeira Park, was given a memorandum from a group of Pender Harbour residents pointing out that insufficient notice of the meeting had been given. The memorandum noted that the constitution of St. Mary's Hospital Society called for 14 days notice of the annual general meeting but only 12 had been given. Meetings in both halls were cancelled immediately and will be re-scheduled.

When contacted, hospital officials indicated that they had learned belatedly that the notices had not been mailed in time but had felt that this technicality would not be considered serious by any member of the society.

* * *

This caused delay

Mr. Chairman:

The constitution and bylaws of St. Mary's Hospital Society clearly state that 14 days written notice of an annual general meeting must be given to all members.

As you know, notices for this meeting were mailed on Apri 17 — the meeting being on April 29 — it is obvious that the 14 days notice required by the by-laws have not been given.

In view of this, we hereby request that you declare this meeting dissolved — as any business conducted would necessarily be null and void.

The reason for taking this action is not to obstruct the proper objects of St. Mary's Hospital Society nor to irritate its officers It is our belief that several motions passed and items of business transacted at various Society meetings in the past two years have not been in accordance with the constitution and bylaws of the society and are of questionable validity, and we intend to prove this by legal means if necessary.

St. Mary's Hospital society was formed to establish, maintain and operate a hospital in Pender Harbour.

In some manner, this object has been forgotten and the trustees of the society have interpreted the purposes of the society as being to close St. Mary's Hospital and to build a new hospital at Sechelt to replace St. Mary's.

As the trustes had taken it upon themselves to forget the purpose of this society — the Pender Harbour Hospital Committee was formed by members of the society and residents of the Pender Harbour area and given a clear mandate to do all things necessary to keep St Mary's Hospital open.

Let us please make one thing clear — the Pender Harbour Hospital Committee and the people they represent are not opposed to the building of a new hospital at Sechelt. They are, however, opposed to the closing of St Mary's Hospital.

Unfortunately, the trustees of the society have not only taken no positive steps to keep St. Mary's open — but have done everything possible to promote and hasten the building of a new hospital, knowing full well that meant the closing of St. Mary's Hospital.

This has left residents of the Pender Harbour area no option but to do what they could to keep their hospital, which they built and maintained largely with funds raised privately without government aid, a hospital they rightly feel is needed in their community.

We have been accused of many things, of which selfishness and stupidity are perhaps the least . . . If it is selfish to want a hospital in our community, then we are probably selfish — and if it is stupid to fight to keep a hospital in our community, then we must be stupid.

This is all we have to say at this time, except to wish the people of the lower Peninsula every success in their efforts to get a new hospital, and to hope that they, in turn, will wish us success in our efforts to keep ours.

Pender Harbour Hospital Committee: A. A Lloyd, Peter Trappitt, W. Clarke, W. B. Scoular and K. Jermain.

Later government officials in Victoria revealed it was not uncommon for the mailing of notices of annual general meetings to be inadvertently delayed beyond the time permitted by constitution but that this was one of the rare cases where such significance had ever been attached to such a technicality.

It has been further pointed out by local officials that this particular incident has no bearing on the plans to hold the plebiscite on May 25. At that time landowners will be asked to approve the borrowing of $372,767 for the construction of a new 35-bed hospital to be built in vicinity of Sechelt.

This plebiscite is being conducted by the Hospital Improvement District trustees who have been asked by St. Mary's Hospital society to provide the necessary funds for construction.

Some opposition has been experienced from a group called the Pender Harbour Hospital committee, who in the memorandum concerning the lack of notice of the annual general meeting, stated that if necessary, legal action would be taken to prove certain items transacted at society meetings during the past two years were not valid.

Meanwhile plans for publicizing the coming plebiscite are continuing. The brochure describing the hospital and its estimated cost will be mailed to all landowners during the early part of May.

Public meetings are scheduled for the various communities and these dates are listed in an advertisement published on another page of this issue. Hospital officials urge all landowners to attend these meetings to learn what is at stake in the results of the May 25 plebiscite.

Need permit to set fire

The British Columbia Forest Service announces the opening of the 1962 Forest Fire Season. On May 1 the annual battle against forest fires switched into high gear. May 1 to October 31 is the period when the forests of the province are most prone to destruction by fire.

Officially the 1962 Forest Fire season started on Tues., May 1, and continues until the end of October unless shortened or lengthened by the provincial cabinet. During this period everyone must have a fire permit before they can light a fire of any sort in the outdoors. Fire permits are available, free of charge, from any B.C. Forest Service office or any establishment displaying a Campfire Permits Issued Here sign.

Campfires set in the proper facilities in provincial camp and picnic sites, or in supervised commercial campsites, are exempt from the permit requirement.

Last year B.C. experienced over a total of 1,227,000 acres of 3,102 forest fires which swept forest land. Fire-fighting costs for 1961 totalled almost four and one-half million dollars. In addition, over 13 million dollars worth of damage was caused to forested areas.

MEETING OF BOARDS

Members of the Associated Boards of Trade of the Lower Mainland will visit Sechelt Thurs Pender Harbour, Sechelt and Gibsons boards. Reason for the meet. May 10 to meet officials of the ing is to continue discussion on a Sunshine Coast district board setup. The meeting which starts at 5 p.m. will be held in the Coffee Shop.

Golden Wedding

Mr. and Mrs. Frank Claydon of Redroofs held open house Sat.. April 21 to mark their golden wedding anniversary. A large number of friends, neighbors and members of the summer colony entended their good wishes and congratulations to the bride and groom of 50 years ago.

Mr. and Mrs. Claydon were married in Winnipeg and came direct to Vancouver where they resided at Point Grey until Mr. Claydon's retirement some years ago. They have two sons, Ray of Kelowna and George of Vancouver, also four grandchildren, Sally and Phillip of Kelowna and Linda and Frank of Vancouver.

A family dinner party was held and a two tier wedding cake made by Mrs. George Claydon was cut. Canon Alan Greene, an old friend of the family proposed the toast to the bride to which the groom responded. Another guest present at the wedding as a baby, was Mrs. Grace Brankley of Vancouver. After dinner Mr. and Mrs. Claydon received guests until 10 p.m. Many beautiful gifts and flowers were received.

LETTERS to editor

Editor: Re the Hospital meeting that "wasn't" on April 29.

There is no question in my mind that the meeting was legally cancelled, as it did contravene the Hospital Society bylaws. It is too bad that someone "goofed" over the sending out of the notices in time for the meeting to be held but mistakes will happen.

What bothers me, is that Mr. Lloyd made a statement at the Madeira Park Hall that the chairman of the board knew when the notices were mailed that they were too late, and were against the by-laws of the society. This then implies that he (Mr. Lloyd) also knew of this fact, and yet did nothing, so far as I can see to draw it to the attention of the other directors, or make any move to cancel the date of the meeting through the press etc. This to my mind is inexcusable in any member of our society, but particularly so in the case of a director of that society.

This has put the hospital society to needless expense in the acquiring of halls, closed telephone circuit to Gibsons, mailing, etc. ,quite apart from the inconvenience to the society members. In other words, it could have been avoided if the proper action had been taken, and it is extremely regrettable that none was taken. Ray Fleming

Good collections

Gibsons Red Cross campaign now regarded as closed collected this year $664.90 compared to $644 last year, according to Ted Henniker, Bank of Montreal manager and treasurer for the Red Cross Gibsons - Port Mellon branch. The contribution from Canadian Forest Products Employees charity fund this year to the Red Cross was $175.

Roberts Creek chairman Mrs. E. M. Cope reports collection of $250 for the Red Cross and thanks all those who donated towards the March canvass. Canvassers were Mesdames Harold, Thyer, Bengough, Eldred, Southwell, Crawford, Graham and Hughes.

Thank you Mr. Lloyd!

Opponents of the proposed new hospital who live in Pender Harbour area are doing their best to rouse the people to vote for construction of a new hospital at Sechelt. This could be termed an Irishism but the facts are their latest move has roused more people definitely against them than ever before.

Seizing on a delay in the mailing of the annual report and announcement of the annual meeting as a reason for upsetting the apple cart, Pender Harbour opponents are however, legally correct. The constitution of the society states the annual report must be in the hands of members 14 days before the annual meeting. As events turned out the report when mailed allowed a 12 day period only, instead of 14.

As a result of bringing forward this violation of the constitution at the Pender Harbour meeting, both the Pender Harbour and Gibsons meetings were called off to avoid any clash with wording of the society constitution.

There were about 65 people at the Pender Harbour meeting and more than 100 at the Gibsons meeting. When 25 supporters of the protest marched out of the Pender Harbour meeting there were still some 40 persons left in the hall.

At the Pender Harbour meeting tempers became frayed before the walkout and some remarks were passed between opponents which reveals the heat there is in this situation.

In view of what happened at the Pender Harbour meeting Sunday one of the ironic touches in the notice of the annual meeting reads as follows: There are no extraordinary resolutions to present at this meeting.

Big business in B.C.

In the 1961 survey of fishing and hunting in the United States, undertaken by the Bureau of Census, U.S. Department of Commerce, it was shown that the demand for outdoor recreation, such as camping, boating, hunting and fishing, far outstripped the demands for other specific consumer goods and services. This demand can also be readily recognized in B.C. and is reflected in some interesting statistics that show: while population increase in the province over the last two years averaged about 1.5 percent annually, angler license sales increased by approximately 4 percent and hunting license sales by 7 percent.

In other words, residents and non-residents alike are turning in greater numbers to the contemplative pastime of fishing and hunting (for much needed relaxation) at a rate that is several times that of the population growth. Of equal interest is the fact that in the decade between 1950 and 1960 the number of non-resident anglers increased from 22,000 to 44,000. Non-resident hunters, too, swarmed into B.C. in increasing numbers, registering a 48 percent gain in the same period from 2600 in 1950 to 3700 in 1960.

People who fly into a rage always make a bad landing.

Monosyllabism

By Les Peterson

The sun comes up and all the world is full
Of all the sounds that each voice has to say,
As each new thing tries out its song and wing
With notes its sleep has formed to greet the day.

The sun burns low and melts in flames of gold,
And dark blue shades draw down to close the light,
While soft low notes grow mute in soft small throats
That give the land and sea and sky to night.

KNOW YOUR Canada

Prepared by the Research Staff of ENCYCLOPEDIA CANADIANA

For what art was Gladys Mary Smith famous?

Acting. Born in Toronto in 1893 and educated in Toronto schools, she made her debut in 1898 with the Valentine Stock Co. of Toronto in The Silver King. As early as 1902 she was playing the star part of the child in The Fatal Wedding; later toured in East Lynne and played Eva in Uncle Tom's Cabin. She became a leading lady of the legitimate stage in New York and then turned to films to play the lead in such well remembered pictures as Rebecca of Sunybrook Farm, Daddy Long-Legs, Pollyanna and Little Lord Fauntleroy — sentimental but phenomenally popular films that earned for their youthful star the title of America's Sweetheart. Later in her career she produced and acted in The Taming of the Shrew with Douglas Fairbanks. Mary Gladys Smith of Toronto became very famous . . . as Mary Pickford, star of stage and screen.

How many years were needed to complete the Quebec bridge?

Seventeen. Construction of the Quebec bridge, over the St. Lawrence six miles above Quebec City was started in 1900. It was designed as the world's largest cantilever bridge. Near completion in 1907, one of its cantilever spans collapsed and carried 75 workmen to their death in the river and wreckage below. Construction was resumed and both cantilever spans had been completed when the centre span, as it was hoisted into position in 1916, fell into the river, taking the lives of 13 workmen. The bridge was finally completed in 1917.

What was the Red River Cart?

The Red River Cart was very important in the settling of the west. It was used in the buffalo hunt of the Red River Metis and served to freight goods between Fort Garry and St. Paul and between Fort Garry and Edmonton. Made of prairie hardwoods, it was light and strong and easily used as a raft. Two wheels, five to six feet in height, deeply dished for stability, carried a platform surrounded with a light railing. Loads of 500 to 1000 lbs. were normal, pulled by a single ox or pony, placed between shafts fastened to the axle.

Is "old-time" prospecting a thing of the past?

The "old-time" prospector in Canada, an adventurer who was willing to undergo hardship for the opportunity to live an independent and roving life and for the chance of striking it rich, has largely been replaced by the trained geologist, equipped with modern electronic devices, outboard motors and float-equipped aircraft. The new prospector must be able to understand maps and reports, conduct systematic investigations, take proper samples, keep notes and prepare reports as he searches beyond the obvious. Prospecting in Canada in the 20th Century has become a skilled trade.

Gems of Thought

Giving does not improverish us in the service of our Maker, neither does withholding enrich us.—Mary Baker Eddy.

Money is like an arm or a leg—use it or lose it.
—Henry Ford.

Give what you have. To some one it may be better than you dare to think.
—Longfellow.

Avarice and happiness never saw each other, how then should they become acquainted?—Benjamin Franklin.

When a friend asks, there is no tomorrow.—George Herbert

One must be poor to know the luxury of giving.

CARE IN DRESSING AND BATHING BABY

Have you ever heard a toast to babies? There was one given at a banquet at the Palmer House, Chicago on November 14, 1879. In the reply Mark Train pointed out that we haven't all had the good fortune to be ladies, or generals, or poets, or statesmen, "But when the toast works down to the babies we stand on common ground

It is a mother's responsibility to see to it that her infant son or daughter is accident free and healthy. Every member in the family should take pride in making this toast come true "Here's to a safe and healthy baby!"

The mother's greatest enemy in following a safety routine is often her own fatigue. In many homes she must get some sleep in the daytime when the baby sleeps. Extra housekeeping jobs which are not absolutely essential must be cut out during this exacting time.

It is in the ordinary events in a child's daily routine that many mishaps occur. Thus definite precautions must be followed especially when dressing and bathing baby

Baby wakes up and demands attention. In carrying a small baby to a dressing table, mother should be careful to give the tiny form plenty of support for his back and head. Hurry causes many people to trip or stumble and a mother must not have a fall with her baby — or let her baby fall!

The table where baby is changed should be of a convenient height. A mother cannot leave an active baby alone for a second for fear he might roll off the table on to the floor. Baby powder with stearate of zinc should be avoided because a fatal form of pneumonia develops in an infant who swallows this powder.

Safety pins must be kept closed and out of reach. Baby should never see mother putting pins in her mouth. Be sure that there are no buttons which baby can remove from his clothes and swallow.

The temperature of baby's bath water must always be tested. Many mothers use their elbow to see if it is lukewarm. Too hot water will frighten and burn baby's tender skin and too cold water will not be to his liking either. A mother must have all the bath things she needs assembled before she starts to bathe baby.

When he is wet and active he is exceedingly slippery. Make sure of a firm hold before lifting baby out. A towel placed in the water on the bottom of the tub helps to prevent baby having a fright by slipping under the water from a sudden movement.

Bath time should be a happy as well as safe time. If mother enjoys it, and in a leisurely way talks to her baby while she makes him clean, baby will have fun too. Simple floating toys which baby can play with add to his pleasure. But never be tempted to leave an older baby alone in a bath while the door or phone are answered. This is too risky!

Wear light-colored clothing and carry a flashlight when walking on dark roads and highways at night. Even carrying a handkerchief helps motorists to see you.

The Turning Point:

UNEMPLOYMENT: A National Disgrace

By
Jack Davis
(Liberal Candidate)
for Coast-Capilano Riding

Earlier this week, when Mike Pearson visited us here in B.C., he called attention to one of the basic issues in this election campaign—the dramatic rise in unemployment in the years since the Conservatives took office in Ottawa.

We in this province know this only too well. One out of every eight workers are out on the streets looking for jobs. There's hardly a family in B.C. that hasn't been touched in some way by this dreadful cancer. Remember . . . . Mr. Diefenbaker promised that no one would suffer from unemployment if he was elected Prime Minister.

We all feel in our hearts for those people who can't find work. But we must remember, too, that unemployment isn't just the concern of the unemployed. We all suffer. We suffer the loss of this man's contribution to our national welfare. Every day a willing worker unnecessarily loses his job, we all take home a little less money to our families. Unemployment is wastage of Canada's resources. This is something which we need not and must not tolerate.

In next week's column I'll tell you how the Liberal team can lick the unemployment problem.

Chinese tea attracts throng

The Anglican Parish Hall in Gibsons was transformed into a Chinese tea garden, Thurs., April 26 for the Rebekah tea which Mrs. A. E. Ritchey, noble grand, opened.

A miniature garden of primroses, forget-me-nots and other spring flowers surrounded a pleasant little pool shaded by a realistic Chinese tree. The walls were hung with copper pictures with an oriental motif and Chinese lanterns overhead cast their light on a bamboo screen and murals painted by Mrs. Mary Strom.

Bamboo and cherry blossoms were used to advantage and a long table topped by a richly embroidered Chinese cloth bore many beautiful ornaments.

Guests were served by four colorfully attired Chinese maidens at long tables which carried cut the oriental motif with bamboo mats and low containers of flowers and candy. The home cooking. including fresh shrimp and shrimp salad, disappeared quickly. Many practical gifts were purchased under advisement of the old sage Confucius.

Servitors were the Misses Penny Strom, Clair Mulligan, Sharon Harrop and Sandra Corlett assisted by Mrs. Ada Osborne and Mrs. Eva Peterson. The convenor, Mrs. Mary Strom, spared neither time nor effort to make the tea a success.

Rebekahs are planning a fall bazaar as well as other fund-raising events, proceeds of which will support many community projects, including the new hospital, so badly needed.

2-cent envelope

A new type of two-cent stamped envelope as a low-cost aid to businessmen is to be made available in post offices across the country it was announced by the postmaster general, the Hon. William Hamilton.

In previous years a two-cent envelope which opened in the conventional manner, that is, across the top, was sold by the Post Office. This envelope presented a problem to large mailers as it was necessary to turn in the flap after placing the contents inside when it was employed as a cover for printed matter. The new envelopes can be sealed in the same way as any other envelope but in so doing, it leaves one end with an open flap which can easily be opened for postal inspection.

This provides a much safer means of mailing circulars than was provided by the older type envelopes. The contents are better protected in transit as there is less chance of their slipping out.

ROD AND GUN SPEAKER

At the 1962 convention of the B.C. Federation of Fish and Game Clubs in Kamloops, May 3-5, Hon. Earle C. Westwood will make the opening address to the representatives of more than 150 fish and game organizations, and Hon. Walter Dinsdale, minister of northern affairs and natural resources, will speak to a luncheon which will be the closing event. Keynote speaker at the annual banquet in Elks Hall, Kamloops, on May 4, will be B.C. Game Director Frank R. Butler, who retires this year. He will speak on Milestones in Fish and Wildlife Administration in B.C.

CHILD SAFETY DAY

British Columbia's Safety Council is sponsoring Child Safety Day, Sunday, to focus attention on the tragic accident toll suffered by children. In 1961 168 children under the age of ten died in accidents.

Long distance rates reduced

Station-to-station long distance telephone rates on calls between British Columbia and points in Canada east of Alberta will be reduced beginning May 6, according to an announcement by B.C. Telephone Company.

Long-haul trans-Canada rates have been steadily reduced over the past 25 years, telephone officials said. For example, in 1937 a daytime station-to-station call from Vancouver to Montreal cost $7. In 1951 the same call cost only $4.80, and the latest reduction will bring this down to $3.15 — less than half the 1937 rate.

Generally, the latest reductions and up to 10 cents on station-to range as high as 35 cents on three minute station-to-station day calls station night calls to points in Saskatchewan, Manitoba, eastern Canada and the Maritimes.

For example, the station-to-station day rate on three-minute calls from the Vancouver area to Regina will drop from $2.35 to $2.10, and the night rate will go down from $1.75 to $1.65. The day station rate to Winnipeg will be reduced from $2.75 to $2.50 and the night rate from $2.05 to $2.

Similar rates from Vancouver to Toronto will go down from $3.35 to $3 and from $2.50 to $2.40 respectively. The day station rate to Halifax will drop from $3.70 to $3,35 and the night rate from $2.80 to $2.70.

Station-to-station rates on calls from other places in B.C. to points east of Alberta will be reduced according to a similar pattern.

Printed Pattern

Amply cut from shoulders to waist — buttoned at back for best fit. Make one, two, three versions of this helper.

Printed Pattern 9098: Women's Sizes Small (36-38); Medium (40, 42); Large (44, 46); Extra Large (48, 50). Small size takes 2 yards 35-inch.

Send **FIFTY CENTS** (50c) in coins (stamps cannot be accepted) for this pattern. Please print plainly **SIZE, NAME, ADDRESS, STYLE NUMBER.**

Send your order to MARIAN MARTIN care of the Coast News, Pattern Dept., 60 Front St. West, Toronto, Ont.

Extra! Extra! Extra Big Spring-Summer Pattern Catalog —over 106 styles for all sizes, occasions. Send 35c.

THE GOVERNMENT OF
THE PROVINCE OF BRITISH COLUMBIA

PLEBISCITE

Sunshine Coast Hospital Improvement District No. 31

RETURNING OFFICER'S PROCLAMATION

To Wit:

PUBLIC NOTICE IS HEREBY GIVEN to the voters in the above-named hospital improvement district that I have been directed by the Chief Electoral Officer, as authorized by Order in Council No. 1072 approved April 26th, 1962, to cause the following question—namely,

FIRST TAX BY-LAW FOR CAPITAL EXPENDITURE — SUNSHINE COAST HOSPITAL IMPROVEMENT DISTRICT No. 31

"Are you in favor of the Trustees selling debentures in an amount necessary to net a sum not exceeding $372,767, repayable over a period of twenty years, for the purpose of improving hospital facilities in the district, including the construction of a new hospital near the Village of Sechelt?"

to be submitted to the said voters in the aforesaid district, and further that a poll shall be opened a 8 o'clock in the forenoon and shall be closed at 8 o'clock in the afternoon on the 25th day of May, 1962, for taking and receiving the votes of the aforesaid voters in the above-named hospital improvement district, at the polling-places listed below

Persons Entitled to Vote.—Every person who is

(1) a Canadian citizen;

(2) 21 years of age or older;

(3) the owner, as defined in the **Water Act**, of land situate in the above-named hospital improvement district, or the authorized agent of any board or corporation that is the owner of such land, or the legal representative of any owner of such land who has died, become insolvent or insane;

(4) qualified to be registered as a voter under the **Provincial Elections Act.**

("Owner" means the person entitled to possession of any land, mine, or undertaking, and includes any any person who has a substantial interest therein.)

A voters list will be provided at each poll, showing the names of persons entitled to vote in the plebiscite. A voter may vote at any polling-place in the improvement district, **but may vote at only one polling-place. Each voter may vote only once,** regardless of how many times his name may appear on the voters list, but an agent or representative may vote also on his own behalf as an owner, if qualified; provided that before an agent or representative is permitted to vote as such, he shall be required to make an affidavit in the prescribed form; and further provided that where a person is qualified to vote, and his name is not on the voters list, he shall be permitted to vote after making an affidavit in the prescribed form.

Owners uncertain as to whether their property is situated within the boundaries of the hospital improvement district should consult the Returning Officer.

Given under my hand this 28th day of April, AD. 1962.

W. COFFEY, Returning Officer,
Sechelt, B.C.

Sechelt news items

BY MRS. A.A. FRENCH

A whist drive in aid of the I.O.O.F. building fund was held at the home of Mr. and Mrs. T. Ivan Smith with prizes going to Mr. A. L. Parsons, Mr. Roy Erickson, Mrs. Kate Henderson and Mrs. J. McCrea. Mrs. L. Walker won the door prize and Mrs. Tommy Sinclair the raffle, a lovely satin cushion. These monthly whist drives are proving very popular.

Delegates to the PTA convention in Delbrook school, North Vancouver, from Sechelt PTA, were Mrs. D. Stockwell, Mrs. T. Lamb, Mrs. T. Robilliard, Mrs. G. Kraft, Mrs. W. L. Billingsley, Mrs. A. A. French, Mrs. N. Hansen, Mrs. S. Patrick, Mrs. B. Sim, Mrs. C. Pooteet and Mrs. J. Plumridge. It was a busy and interesting session. Deputy Minister of Education Dr. J. F. K. English covered many points in his speech, one in regard to segregation of Grades 7 and 10. Another speaker was Douglas Walkington, PTA chief. Mrs. G. A. Binns of North Vancouver was elected president of the B.C. Federation. The convention wound up with a banquet at the Balmoral High School.

Mrs. Lloyd Turner is home from hospital. Staying with her for a short time is her daughter Mrs. Joan Wood of New Westminster and children Sharon, Brian and Debbie.

Roberts Creek items

(By Mrs. M. NEWMAN)

Home from Pender Harbour and Vancouver hospitals are two well known old timers, Dick Reeves and S. W. A. Jefferson.

Mr. and Mrs. Bill Woodley are at their summer home and have as guests the Tom Woodleys and friends from Seattle.

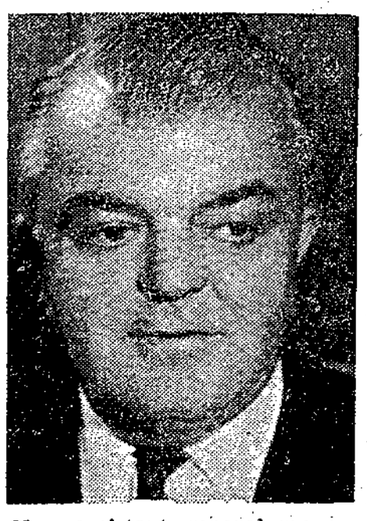
Mr. and Mrs. Wilf Turkington and family are among those who have opened their summer homes along the beach.

Mr. John Galliford has returned from a week on Vancouver Island where he visited his brothers Dave and Charles and their families.

Miss J. Minnie celebrated her 90th birthday last weekend. Members of her family came from Vancouver to visit her and Miss J. Emory at their summer home here.

Miss Emma Edmonds is convalescing in St. Paul's Hospital and expects to be home this week end.

Some visitors who have been up for the vacation or part of it were Mr. and Mrs. R. Eades. Teddy and Kathy; Ralph Galliford, Sheila Smith, Mr. and Mrs. Ben Fellowes, Harvey and Meg; Mr. and Mrs. Gene Wright, Biddy and Jenine; Mr. and Mrs. R. Richardson, Hazel and Randy; Mr. and Mrs. Ben Kendall, Clarke Jimmy, Debbie and Jennifer and the Misses Benzie Hardy, Shelagh Morrisey and Moira McKay.



New assistant general manager of the Pacific National Exhibition is Dave Dauphinee, 25-year long employee of the P.N.E. The appointment was made by P.N.E. President Thomas R. Fyfe, following a recommendation from General Manager A. P. Morrow.

Alva N. Stapleton

Alva Norman Stapleton was born near St. Mary's, Ont., in Nissouri Township, son of Mr. and Mrs. William Stapleton, pioner farmer of that district. In 1919 he left the home town where he had successfully operated the delivery business of that town. for the prairie and spent over 25 years as grain buyer with the Western Canada Flour Mills in one of their elevators at Katrime Manitoba.

In 1950 he and his wife left Manitoba and bought a grocery store on Vancouver Island in Parksville which they operated until 1953, then sold and came to the Sechelt Peninsula and purchased the now Seaview Market which was then owned by Mr. and Mrs. Bloth. This they operated until 1958 when Mr. Stapleton's ill health forced them to sell to the present owners, Mr. and Mrs. Tidball.

Since then they have resided on the Johnson property on Smith Road where they enjoyed a quiet and restful time until he was taken to the hospital Sunday, April 15. He passed away the following Sunday. He has been a member of the St. James Lodge, A.F. & A.M., St. Mary's, Ont., since 1917.

He leaves his wife, the former Agnes Jean Gorman formerly of St. Mary's and three brothers, Arch, Stratford, Ont., Melville, Detroit, Mich.; Gerald, Battle Creek, Mich.; one sister, Mrs. Frank Markey, Battle Creek, Mich., also several neices and nephews, one of whom attended his funeral from Winnipeg, Mrs. F. Seadon. The remains were laid to rest in Nanaimo Cemetery Wednesday with Dr. Peter Kelly conducting the funeral service in the Chapel of Flowers in Nanaimo.

Halfmoon Bay

By PAT WELSH

Mr. and Mrs. Red Robinson of Middle Point had as their guests Mrs. Robinson's three sisters, Mrs. Clara Hayes, Mrs. Flora Scales and Mrs. Edith Dumont over Easter weekend.

Mrs. Ron Robinson and children are in Vancouver bidding farewell and bon voyage to Mrs. Robinson's mother who is leaving shortly to visit Finland

Joan Brooks and Beverly Ness of Halfmoon Bay spent the Easter vacation with friends in Vancouver.

Mr. L. Simons of Burlington, Wash., spent several days as the guest of Pete Meuse recently.

The little Church in the Wildwood might well be applied to the tiny new church erected on a wooded knoll overlooking the sea on the Alan Greene property at Redroofs.

On Easter Sunday a Sunrise service was held, the church wa filled to overflowing with worshippers to hear again the story of the Resurrection by the Rev. Canon A. Greene. Not yet completed, this little gem of architecture was designed by Ron Thom of the architects firm of Thompson, Berwick and Pratt, Vancouver. Modern in design with its sweeping roof it will seat around 34 people.

On completion a dedication service will be held. This little sanctuary is well worth visiting and will fill a long needed want in this area.

Mr. and Mrs. E. White are at home after spending Easter in North Vancouver with members of their family.

Mrs. Frank Claydon entertained at tea on April 25 honoring Mrs. W. Aberhart who is leaving to visit her daughter Mrs. C. McNutt in Calgary and Mrs. P. Welsh. The guests enjoyed the many beautiful gifts and flowers that had been presented to Mr. and Mrs. Claydon on the occasion of their 50th wedding anniversary recently. Mrs. Clarke Teeple poured and with the refreshments was some of the wedding cake. Others present were Mrs. J. Cooper, Mrs. J. Meikle, Mrs. M. Morgan, Mrs. G. B. Simpson and unable to attend, Mrs. L. Bath.

ANGLICAN SPRING TEA

Members of St. Aidan's Anglican church W.A. are looking forward to greeting friends at their spring tea and sale of home cooking which will be opened by Mrs. H. U. Oswald at 2 p.m. Friday, May 4. Proceeds go towards the theological college in Vancouver.

CARD OF THANKS

I take this opportunity of thanking friends and neighbors for their cards and flowers sent during my illness in St. Mary's hospital. My thanks also to the doctors and nurses for their kind attention. Alice Latham.

Lee and Ernie Sergant wish to thank all their friends in Gibsons for all the cards sent and enquiries made since Lee was taken ill, especially her sisters of the Rebekah Lodge No. 76, Gibsons, the Women's Institute and Mrs. C. Parnwell, who had so many enquiries asked her on the phone, etc.

I wish to thank all my dear friends on the peninsula for their lovely cards, notes of cheer, flowers and gifts I received while a patient at St. Paul's hospital; also many thanks to the friends who were so kind to my husband. It is all deeply apreciated.
Mrs. Lloyd Turner

IN MEMORIAM

$88,023 operation

Roberts Creek Credit Union monthly meeting was held at the Sechelt offce, April 18 and Jack Burrows of Halfmoon Bay was elected president with William Scott of Gibsons as vice-president.

Applications for loans were in excess of $6,000. A number of new members were admitted including seven year old Barry Franski.

During the meeting a director recalled how the credit union began with $5 and $10 donations which financed a model T truck for a member and set him up in business.

The credit union now is an $88,023 operation with loans now totalling $58,298 with land, building and office furniture valued at more than $10,000. The financal statement shows a reserve of $3,220 and an undivided surplus and profit of $6,095.

Jobies convene

About 13 members of Job's Daughters, No. 28, with their guardian and guardian secretary, attended the Grand Session, April 27, 28 and 29 at Marpole Community Centre.

The girls were billeted with Jobies from Vancouver Bethels. The 600 members from all points in the province were entertained at a workshop, a luncheon, a skit cimpetition and the installaton of grand officers.

Bethels from Oregon and Washington were well represented. The International Order of Job's Daughters now consists of about 1,500 bethels in the world today.

PAST QUEENS HONORED

Bethel No. 28 Jobies honored their past queens on April 24. Taking over the top positions for the night were Pat Luoma as honored queen, Sharon Lavigne as senior princess, Kathy Toynbee as junior princess, Anne Lang as musician and Leanna Whitaker as recorder.

Job's Daughters will hold a tea May 26 at the Parish Hall in Gibsons. There will be home cooking, sewing and other booths. Baby sitting will be provided and tea will be served from 2 to 4 p.m.

Steelhead card

The 1962 sport fishing licenses which incorporate a steelhead punch card, will be ready for distribution by mid-April, the Hon Earle C. Westwood, minister of recreation and conservation announces. The neatly designed license on the back of which is space to record details on the date and location of the steelhead catch, is extremely compact in spite of the fact it has space for data on 40 fish.

Fishermen are asked to record the date and name of the stream from which each fish was taken. The data will be compiled at the end of the fiscal year and will provide a valuable aid to the study of steelhead stocks.

NEW C. F. A. PRESIDENT

E. J. Palmer, prominent B.C. lumber operator, was re-elected president of the Canadian Forestry Association of B.C. at the recent annual meeting. Vice-presidents are W. McMahan, A. Moss, J. Sheasgreen and E. G. Shorter. Added to the list of provincial directors were: B. M. Hoffmeister, R. W. Wellwood, R. Dixon and A. E. Penney.

THIS WEEK'S RECIPE

. . . Looking for new breakfast ideas? Try some of these: A plain ham sandwich dipped in egg and milk mixture and sauteed, like French toast, to a crisp, golden brown. Or a raw egg beaten into a glass of orange juice, and served with a toasted buttered roll and a glass of milk. Or apple pie with cheese and hot cocoa (may sound fantastic, but just try it on your teenagerss some time!)

Egg - Vegetable Sandwiches: made by combining 2 chopped, hard-cooked eggs with 3 tablespoons each of grated carrot, chopped celery and mayonnaise. Spread liberally on rye bread.

Tuna - Egg - Cheese Sandwiches: made by combining one chopped hard-cooked egg, ½ cup flaked tuna (or salmon), ½ cup grated cheese, one tablespoon each of chopped green pepper, chopped onion and chopped stuffed olives, and 3 tablespoons salad dressing. Spread between fresh buttered slices of whole wheat bread.

Speedy Salmon Chowder

1 can (15½ ounces) salmon
2 cans (10 ounces each) frozen condensed cream of potato soup
3 soup cans liquid (salmon liquid plus milk)
½ teaspoon grated lemon rind

Drain salmon, reserving liquid. Break salmon into bite-size chunks. Crush soft bone with a fork and add it to liquid. In a deep saucepan combine frozen soup with blended salmon liquid and milk. Heat gently, stirring often, until mixture begins to simmer. Add salmon and grated lemon rind. Re heat but do not let boil. Makes 6 servings.

Canadian coffee tops

Canada, which was for years criticized for the poor standard of coffee served in its public eating places, is now on its way to establishing a better record than the United States.

Latest figures released by E. G. Laughery, president of the Coffee Brewing Institute, an organization devoted to the making and serving of good coffee everywhere, show that during the past 12 months Canadian hotels and restaurants improved their coffee service at a rate double that of their counterparts in the U.S.

Throughout the year, the institute awards "golden cups" to those public feeders in the U.S. and Canada where the brew measures up to the institute's high standards. Last year over 500 golden cup awards were made, 102 of them in Canada. Eight provinces and 34 states shared the honors. Danny Smith of Danny's Motel and Dining Room is one holder of this honor.

On a population basis, Canada would be breaking even if it took 10 percent of the trophies. It received more than 20 percent, and only two provinces were unrepresented compared to 16 states. In addition to serving Canadian consumers, the golden cup awards are helping to provide a better welcome for U.S. tourists coming to Canada.

Fish for tuna

Long range fishing for tuna by British Columbia vessels will become a reality this year when four large purse seiners will put to sea far west and south of British Columbia waters.

Agreements have been signed between the federal department of fisheries and the owners of four vessels. Under the agreements, the federal department of fisheries will install suitably insulated holds, equipment and machinery to provide brine spray freezing facilities especially designed for the B.C. vessels.

The vessels are to fish in season for tuna on a commercial basis for three consecutive years. Maintenance and repairs of equipment will be shared by the department and the owners; the owners will pay all operating costs, and will provide accommodation if required for scientific investigators during cruises. At the end of the agreement, the owners will be given the opportunity of purchasing the freezing equipment at its depreciated value and less the cost of installation.

The freezing systems to be installed are of special design, the result of a joint project by the Fisheries Research Board and the Industrial Development Service of the federal department of fisheries. The Canadian installations have distinct advantages for British Columbia purse seiners.

More prizes for gardens

Eighteen members attended Gibsons Garden Club meeting April 25 at the home of Mr. and Mrs. W. Duncan. Six new names were added to the membership, Mrs. W. Fulkerson, Mrs. J. H Warwick, Mrs. Chamberlin, Mrs. L. Norman and Mr. and Mrs. H. Mullett.

To increase interest in gardens this year it had been arranged that three cash prizes will be given. Previously there was one $10 prize. Now there will be two others, $6 for second and $4 for third best. The first prize is donated by Mr. A. Craven, the president and the other two will come out of club funds.

Member gardens will be judged on the point system, taking in landscaping, maintenance and general appearance, quality, rarity of plants and the artistry of color combinations.

Judging will take place in June and decisions will be ready for the July meeting. Those desiring to enter the garden competition should do so at the May meeting at the home of Mr. and Mrs. S. W. Burt, Lot 22, Indian Reserve, on Wed., May 23, 2 p.m. New members can also join at this meeting.

Miniature gladioli bulbs purchased by Mrs. J. Corlett were distributed and a bonus package when raffled was won by Mrs. Fulkerson. Refreshments by the hostess rounded out a pleasant evening.

TO SEEK MINERALS

The most intensive exploration of mineral resources owned by the Esquimalt & Nanaimo Railway on Vancouver Island will be undertaken over the next few years by the railway and several mining companies. The E & N Railway was granted a land grant in 1887 which was purchased by the Canadian Pacific Railway in 1905.

Three quarters in

The 1962 Red Cross campaign has now reached $497,517, or 73.73 percent of the B.C. $674,569 quota. Provincial Chairman Fred H. Dietrich states that he is pleased with results to date, which compare favorably with 1961, when $486,441 had been donated over the same period of campaigning time.

Some branches are holding their campaigns a little later in the year, which means the Red Cross shall still be receiving donations possibly until the end of the year.

Chairman James N. Bell said Vancouver branch now has a total of $236,000, or 70.45 percent of its $335,000 quota.

Both provincial and Vancouver chairmen express their confidence that B.C. division of the Canadian Red Cross will do better than in 1961 when $625,000, or 89.6 percent of its target was reached.

600 attend Guide event

The blue uniform of Girl Guides held prominence at the Bayshore Inn in Vancouver Saturday evening as over 600 delegates from all over the province of British Columbia made their way into the banquet room for the climax of a three-day annual convention which offered much for these eager women who accept the challenge of teaching our youth the ideals and principles laid down by the founder of the Boy Scout and Girl Guide movements, Lord Baden Powell.

The Sunshine Coast division of which Elphinstone District is a part, proudly presented a Powell River Guide, Miss Susan Knibbs, to receive the Gold Cord at Victoria at a presentation ceremony by Lieutenant-Governor Pearkes.

Among those receiving awards of merit at the banquet was Mrs. A. W. Wiliams of Sechelt for her contribution to Guiding. Mrs. Williams, who is division commissioner, started her Guiding career in 1948 as a local association member. Shortly after this she became a Tawny Owl and within a few months took charge of a Brownie Pack and continued as their Brown Owl for eight years. Then thinking a rest might be in order, soon found herself as an assistant to the Captain of the Sechelt Guide Co.

In 1957 Mrs. Williams was appointed district commissioner for Hunechin district, a position she held until her appointment last year as division commissoner. During this time she has also been called upon to act as a Guide or Brownie leader while no one else was available. In addition to her intense interest in Guiding, Mrs. Williams has maintained an active part in the life of her church and other community projects.

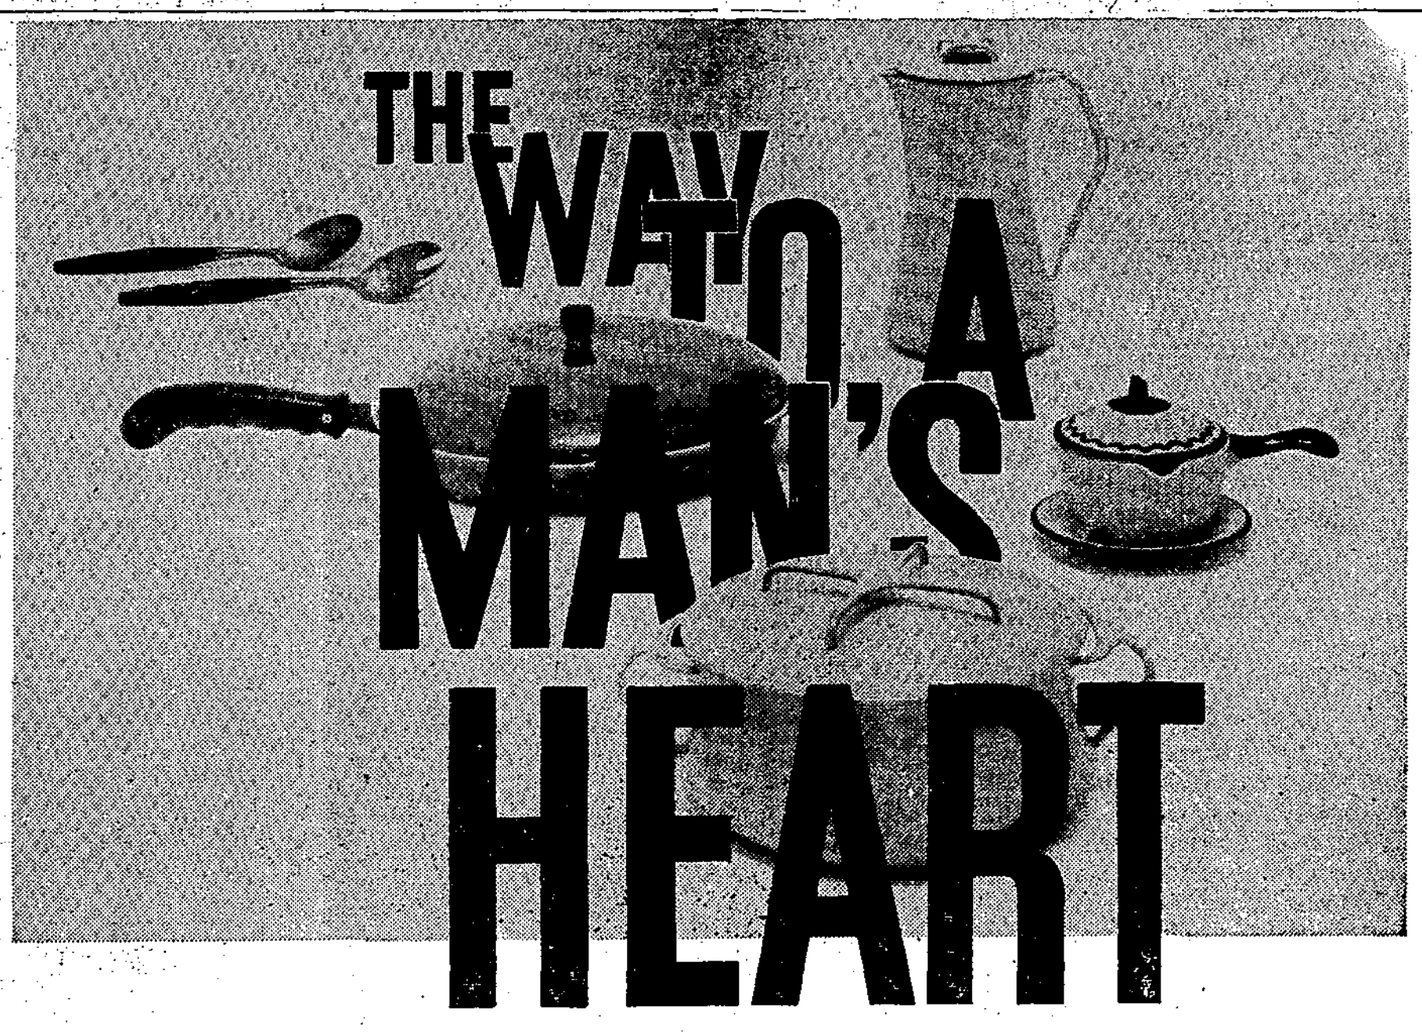
CORRECT POSTURE WEEK

Because posture plays such an important part in physical fitness and general well-being the subject is being stressed to the youth of the nation during Correct Posture Week, May 1-7, by the Canadian Chiropractic association declared D. C. Sutherland D.C., executive secretary. He reported that the 1,200 members of the profession across the nation are devoting time to this public service project.



Crisp sizzling bacon. Soft, tender fried eggs. Light golden pancakes. And the fluffiest omelettes. This is cooking to delight any man – or woman or child!

This is electric cooking. Perfect cooking for one simple reason: complete temperature control. Take surface cooking for example. Each electric element has a dial. And each dial gives you a choice of five, seven, even infinite heat settings – from gentle simmer to sizzling sear. This wide choice of heats, and the precise way the range responds, give you perfect cooking results every time. A special feature of the modern electric range is the thermostatically controlled element. You set the dial for the *exact* temperature you want and the element adjusts automatically to maintain that temperature – hour after hour!

Your appliance dealer can show you these features and many more – meat thermometers, rotisseries, timed surface elements, automatic clock controls – all automatic and all designed to take the guesswork out of cooking.

SOCCER

On April 18 Gibsons and District Soccer club held its holiday raffle draw at the Kinsmen Club house with Charles Mandelkau, president of the board of trade, drawing the lucky numbers.

The prizes went to Fred Corley of Gibsons, Roy Rains of North Burnaby and Mrs. A. Peterson of Hopkins Landing.

Easter Monday even with adverse weather the junior A and B teams made their first public appearance in the new club strip and spectators were impressed with their display. The club is planning a junior game with Woodfibre and a return game in Gibsons.

With longer evening daylight notices concerning practice times will be posted shortly. New members for junior and senior teams are welcome at club meetings and practices. Further information can be obtained by phoning 886-9398 or TU 4-5344.

BASEBALL

BABE RUTH LEAGUE

Gibsons defeated Sechelt 5-4 in a close contest.

Pender Harbour and Gibsons tied 3-3 in an exhibition game.

Umpires Randy, Richard and Pete handled the games quite well and look like good umpires in the making.

If anyone has a Gibsons Babe Ruth uniform in any closet or trunk, two are missing and R. Taylor at 886-7715 would like to have them for this year's team.

SOFTBALL

Port Mellon Softball club has been granted admission into the North Vancouver Softball League The four team league includes Lynn Valley, Evans Coleman Evans, Squamish and Port Mellon. League play opens at Norgate Park in North Vancouver on May 13.

Police Court

Thomas Gordon Critchley and Dorothy Critchley both of Selma Park who appeared before Magistrate Andrew Johnston charged with the theft of a television set, were found guilty and sentenced to six months each at Oakalla Prison Farm.

Emery Godin of Roberts Creek driving. He was fined $150 and was found guilty of impaired his drivers license was suspended for two years.

The magistrate fined Peter Wiltoxicated on an Indian Reserve. liams of Sechelt $10 for being in-

Mervyn Hugene Conger of Vancouver was fined $25 for being found drunk in Sechelt.

Gerald Roy Nichol of North Surrey charged with stealing metal junk was acquitted of the charge when the court entertained a reasonable doubt as to Nichols' intent to steal.

Daniel Robinson of Gibsons charged with assault arising out of a family fracas was bound over to keep the peace for six months on entering into a recognizance.

Claude A. Rogers of Vancouver was fined $10 for fishing in Halfmoon Bay Lake without an angler's license.

Calvin Henderson of Surrey was fined $100 for failing to stop at the scene of an accident in which the car he was driving collided with a parked vehicle. Henderson also had his license suspended for three months.

Henry Bryce George of Haney was fined $30 for driving a car while his drivers license was suspended.

Edward Alan Mernett of Port Mellon was fined $20 for driving across a solid double line.

A total of $100 in fines was paid by four persons convicted of exceeding the speed limit.
