JOHN FISHER

Mr. Canada visits district on Saturday

Four years ago the Sunshine Coast Tourist Association started with John Haddock of Pender Harbour as first president and following him was Bill MacAfee. The present president is Danny Smith.

Within the space of that four years the motel business has increased from around $200,000 to $1,000,000, taking in the area from Gibsons to Powell River.

It is a privilege for the association to hear from Dr. Fisher who is Canada's No. 1 man of the tourist business. He is sponsored, in Gibsons, by the Sunshine Coast Kiwanis Club.

The motel operators in this area ase the front men for the traveller, the business man or the fisherman who comes into this area. He also provides the accommodation and the information to direct those people to the various ones. That is why on the Peninsula we should be proud of our motels as they are the most modern courts in B.C.

Three weeks ago the association had the privilege of interviewing and hearing Ernet Evans, commissioner for the B.C. Travel Bureau and it was at this meeting in Powell River that Mr. Evans gave the definition of what a tourist means to this area or in other areas. It is a person who spends his money in an area such as ours, where he doesn't earn it.

The association in the last three years, with the help of Black Ball Ferries, put out over 50,000 folders in 1953, 62,000 folders in 1955 and this year put out 75,000 folders. These folders will be distributed as far east as Winnipeg and as far south as California. The association has also received requests from Ontario and Quebec for Sunshine Coast folders. So you can see what the Sunshine Coast Tourist Association means to you.

John Fisher, often described as Canada's most travelled Canadian, is one of the smoothest, most dynamic salesmen at work in the world today. On top of that, he has a product in which he believes sincerely. But he operates in the toughest buyers' market imaginable. His life's work is selling Canada to Canada.

The ardent Canadianism that makes up so much of the Fisher personality is, for all its insistent enthusiasm, anything but unreasoning nationalism. His is the trained mind of the reporter, and his understanding of the stresses that pull at his country's nationhood, was heightened early in his career by his work with the Rowell-Sirois Commission, which re-examined Confederation and the rights of the provinces.

Dr. Fisher's weekly radio broadcasts have become just a small part of his work, as each year thousands of requests come in for the inimitable John Fisher touch in interpreting the Canadian scene to audiences ranging up to 10,000 across this country, the United States and Europe, where he has toured extensively.

Conversant in English and French, John Fisher has demonstrated his ability to interpret the Jean Baptiste to Johnny Canuck, with the same deep understanding and keen, dispassionate observation which characterizes his distinctive style and grasp of every phase of Canada on national and international levels.

Few men have seen as much of Canada's great partner as has John Fisher. Probably no Canadian is better acquainted with the United States than is he. For the past eight years he has spent two to three months of each year travelling throughout the entire United States and his outstanding talents have brought him wide recognition and added to the sobriquet "Mr. Canada," the title of unofficial goodwill ambassador. He has lectured to hundreds of audiences including some of the largest conventions held in the major American cities. To American audiences Fisher interprets Canada and has become a leading salesman for Canada.

Egmont to get $41,980 wharf

The Minister of public works in Ottawa has announced that Egmont is to get a wharf. A contract has been let to Greenlees Piledriving Co., Ltd., 500 Beatty St., Vancouver as the lowest tenderer for construction of a wharf to cost $41,980.30.

This announcement was forwarded to The Coast News by Hon. James Sinclair, minister of fisheries. The wharf will be constructed in Co-op Bay and it is quite probable that it will be completed this summer.

Paving, bridge tenders asked

Tenders have been called by the department of highways in Victoria for the bituminous surfacing the Sechelt-Pender Harbour highway 22 feet wide from mile 14.3 to Klein Junction, 9.6 miles.

Tenders have also been called for construction of Mission Creek bridge No. 2 near Wilson Creek

$7,000,000 for BCE expansion

Nearly $7,000,000 will be spent in Sechelt Peninsula by B.C. Electric this year on new electrical installations and line improvements.

Biggest single project for 1957 will be completed in October of the $6,500,000 expansion to Clowhom hydro-electric generating plant. This will increase plant output ten-fold from 4,000 h.p. to 40,000 h.p. Work started last summer. This year $5,700,000 will be spent on the project.

Two 2,000 kva substations will be completed by midsummer, to meet needs of the growing population and industry in the area. First to go into service will be the $126,000 Port Mellon Substation about May 15. It will take over loads at Port Mellon, Gibsons and Roberts Creek.

The $135,000 Pender Harbour Substation will ge into service about August 15.

Pender Harbour station will take over the distribution load in the Pender Harbour area that is now being served from Sechelt.

To provide distribution lines linking the new substations to the areas served, an additional $150.000 will be spent this year.

Next year a $136.000 permanent substation will be installed at Gibsons.

B.C. Electric staff at Sechelt are looking forward to moving early in June to larger quarters in the new Sechelt Stages building.

Plans are also being prepared for a new headquarters at Sechelt for company line crews serving the area from Port Mellon to Pender Harbour. The building will also house linemen's stores, with a pole yard adjacent.

The 40,000 h.p. Clowhom generating plant at the head of Salmon Inlet, 25 miles north east of Sechelt, will provide power insurance for the Sunshine Coast.

Tom Ingledow, B.C. Electric vice-president and executive engineer, said the enlarged station will be used as a standby and peak load source of power for customers served by the 101-mile Cheekye-Powell River transmission line which went into operation at 132,000 volts last October. A $500,000 substation will be constructed at Sechelt to provide facilities for feeding the electric power from Clowhom into the Powell River line.

Some 240 men are now engaged on the power project, with Emil Anderson Co. Ltd. as general contractor.

Waters from Clowhom Lakes will be impounded by a concrete dam 75 feet high and 1500 feet in length. A steel penstock, or pipe, 900 feet long and 14 feet in diameter will plunge the water 175 feet to spin the 40,000 h.p. turbine in the power house which will be built on the bank of Salmon Inlet, near the old 4,000 h.p. generating station.

Excavation work is now proceeding at the power house site, where a coffer dam was recently built and foundations for the penstock have been constructed.

V. Metcalfe urged for job

An effort to get Vic Metcalfe as parade marshall for the Dominion Day parade will be made by the committee set up by the Centennial committee for this venture. Mr. Metcalfe had resigned by letter at a previous meeting and the resignation was accepted with regret.

Tuesday night's meeting in the United Church basement of the parade committee expressed the opinion that as Mr. Metcalfe had done such a good job last year, an effort should be made to get him back into the committee.

William MacAfee, chairman, noted at the opening of the meeting that 90 postcards were sent out inviting leading citizens to take part in the meeting. Actual count at the time of the opening of the meeting was 17 present with an addition of one coming in later.

Committee men appointed were C.P. Ballentine, finance, George Hunter, catering, Don Head, decorating and Fred Crulce, publicity.

A meeting of this committee will be held May 29 at a place to be decided later.

School Bd. helps PTA

At the last meeting of the School Board, resignations of Miss Maureen Kennedy, Miss Muriel Sharpe Davis Bay and Mr. R.W. Clinie, Egmont, were accepted. Mrs. Gladys Armour, Nelson Island, requested a transfer.

Roberts Creek PTA was granted the use of the school grounds for a carnival on June 12. Tenders for painting the school have been called and Mr. Franklin has arranged a schedule whereby each school will be repainted every four or five years.

The board will provide transportation for pupils at Pender Harbour, Sechelt, Roberts Creek and Gibsons to attend the Port Mellon June 1 sports day.

Concrete foundations have been poured at Kleindale high school and Sechelt and Gibsons schools are on schedule. Davis Bay is awaiting government inspection.

SINLCAIR TEA

Mrs. Mosier, Halfmoon Bay, is holding a tea Monday afternoon, May 27, from 2:30 to 5 for the people of the area to meet Hon. and Mrs. James Sinclair. Mr. Sinclair is this district's member in federal parliament and is minister of fisheries in the cabinet.

E.T. Rayner new clerk

At the meeting of the Sechelt Board of Commissioners May 15, Edward T. Rayner was appointed Village Clerk for the corporation, effective June 1.

Mr. Rayner is now understudying the present clerk, Ralph Johnson, preparatory to taking over. Mr. Rayner, owner of Rockwood Lodge in Sechelt, since 1948, was delegated to attend the Annual Conference of the Municipal Officers Association in Victoria, May 27 to 29 inclusive.

Following considerable discussion of the Shops Regulation, a letter will be sent to the Sechelt Peninsula Board of Trade requesting they call an early meeting of operators of all stores, shops, garages and ervice stations in the village to obtain a definite expression as to which day of the week is preferred for half-day closing.

Accounts totalling $3,122.08 and $10.59 were approved for payment.

At a special meeting May 8, the Rate By-law passed third reading and was adopted. The "Percentage Additions to Taxes By-law" was also passed and adopted.

In payment of the Province of B.C. Local Government Grant, a cheik for $7.024 was deposited to the Corporation's General Account.

FLOWER SHOW

There will be a flower show May 28 in the United Church hall under auspices of Gibsons Garden Club. With bloom generally being so wealthy this year it is expected the display will be one of exceptional beauty.

P O decision is delayed

During his recent talk at Pender Harbour, Hon. James Sinclair, minister of fisheries and Liberal candidate for Coast-Capilano constituency declared the matter of the moving the post office from Irvine's Landing to Garden Bay was being deferred until after the election to avoid any gesture which might be interpreted as an election move.

Mr. Sinclair addressed a good meeting for the area because quite a number of people had travelled considerable distance to hear him.

CCF speaker states views

Hugh Clifford, CCF Coast-Capilano federal election candidate addressed a meeting in the school hall last Friday night with Tony Gargrave, MacKenzie constituency MLA suppprting him.

Mr. Clifford said he came to Canada 24 years ago as a seamen and decided to settle on the Pacific coast where he became a fisherman and later a merchant in North Vancouver. He is married and has three children and has belonged to the CCF movement ever since it started. He had taken part in various political campaigns he said and therefore was not a complete novice in electioneering.

Mr. Clifford was of the opinion that the economy of the country was the main issue in the campaign and the one angle in the economy he did not like was the deliberate income tax policy of special privilege. He cited the example of dividend collectors who were granted sufficient exemption to allow them to save enough money so the exemption actually saved them sufficient to pay their income tax. He compared that situation to that of the average worker who paid on his full income. He said the CCF was in favor of a capital gains tax. He argued the government had no money problem as there was sufficient money but it was in wrong hands, those of corporations.

He thought the fact the Liberal organization placed itself in the hands of a public relations organization was a compliment to the CCF.

On the uubject of river power development he thought such development should be made with public funds. He also suggested the government should set up a housing fund with a low interest rate. Old age pensions he regarded in the light of the government operating on a free enterprise basis by taking all they could get and giving out as little as possible.

Mr. Clarkson was chairman.

May Day well organized at Sechelt

(BY BETTE LUMSDEN)

The weather looked doubtful all morning, and the hard-working Sechelt May Day Committee thought their plans had been sabotaged for May Day celebrations Monday but as usual the Sunshine Coast struggled through heroically for the big event.

The day started with the arrival of North Vancouver Sea Cadets, the May Queens' guard of honor, and the Wrenettes. The sound of the band was a signal for the crowds to gather along the highway to wait for the parade. It was well worth the waiting as it turned out to be the longest, the funniest and the slowest parade held here for many years.

The road police did their job well and the Kinsmen can be proud of their handling of the parade, also the hilarious clowns, throwing goodies to the youngsters, and keeping the crowds laughing at their zany antics.

The retiring queen, Roberta Johnson crowned Sechelt's new May Queen, Judy Braun. The retiring Residential Queen Corinne Wilson crowned the Indian Queen, Irene Francis. Mr. Norminton of the B.C. Electric escorted Miss Braun, and Capt. S. Dawe attended Miss Johnson. The Residential Queen, Miss Francis was escorted by Freddie Louie.

Charlie Craigan, counsellor of the Indian Band in his address said the Indian people appreciate their part in the celebrations and were happy to welcome everyone to the Indian Park.

Lt. Poustie of the Navy Cadets asked Queen Francis to present the Sechelt Trophy to Drummer Roland Joe, for attendance at 81 parades, and absent from only one. In his short address Lt. Poustie said he and the boys had attended many celebrations through the years in small communities, and Sechelt was the only one where the community gave the Indians a foremost part in the celebration. He said he thought Sechelt was about the only village in B.C. where the two pulled in unison and did such a good job.

Chairman of the May Day Committee and parade marshall George Page made the shortest speech on record. He thanked his committee, the Indian sports committee everyone who had helped with the arrangements, and the heavens above for the clearing weather and said, "Let's get on with the show!"

Commission Chairman Chris Johnston offered appreciation of all the work that had been done to make the day a success, and congratulated the queens. A record was made in short speeches in Sechelt this May Day, for which everyone, including the few speakers, was grateful.

Teen Town Queen Ruth Lumsden was introduced with her attendant Miss Carol Brackley. Her other attendant, Miss Sylvia Gee, was unable to make the trip from Vancouver.

The Maypole Dancing of the little ones went off without a hitch, and the three square dance groups from the Reserve were a big success. Band selections interspersed most of the activities.

About 15 ladies from West Sechelt who volunteered their help at the eating concession were kept busy all day. The proceeds will be for the Sechelt Centennial Commission and May Day Committee.

The tremendous new flagpole was erected by the Indian Committee. It towers 75 feet high and can be seen from as far away as Wilson Creek. A beautiful archway was also built, and covered with greens at the entrance to the park.

The war canoe, entered by the reserve as a float in the parade, was built by the Sechelt Tribe in 1930. It was dug out by the late Tony Hurst and finished in 1932. The Si-

Shop closing hours

Discussion regarding the afternoon on which shops will close centres around the merchants and their attitude. One section has petitioned the Village Commission for Wednesday half-day and another merchant has asked the commission to delay action until all have a chance to make up their minds.

For all merchants to make up their minds at the same time and in the same place is a phenomonon rarely witnessed. Experience right across the dominion will support this. However Sunshine Coast merchants can possibly provide an exception and get together and settle on one day—because, if they do not, the act is specific about what will happen.

Just so the general public will be informed on the situation, here is what is involved in the new shop regulations under the Municipal Act:

Shops must close all day Sunday and statutory holidays.

Shops must close no later than 6 p.m. Monday, Tuesday, Thursday and Saturday or on any four days specified in a bylaw.

Shops must close no later than 12 p.m. Wednesday or on such other one day each week specified in a bylaw passed by the Village Commission. his weekly half holiday does not apply during July and August if stated by bylaw.

Shops must close not later than 9 p.m. Fridays or other such one day a week specified by bylaw.

Some merchants will ask "What is a shop?" Well, the act outlines this by first stating that any premises where any wholesale or retail trade or business is carried on is a shop, including barbers, hairdressers and shoeshine emporiums.

Specifically stated as not included in the definition of shops are establishments "where the only trade or business carried on is that of selling tobacco and related products, newspapers, magazines, fresh fruits, fresh vegetables, cut flowers, florists' products, soft drinks, dairy products, bakery products, or any one or more of them, or that of an hotel, inn, public house, restaurant or refreshment house."

On the other hand the Village Commission with approval of the lieutenant-governor-in-council, may by bylaw, exempt the following shops from the half-holiday provision: Automobile service stations, service garages or garages, bakeries, drug stores or stands within a shop for the sale of fresh fruits, fresh vegetables, soft drinks, dairy products, bakery products, cut flowers, florists' products and confectionary.

Hawkers and peddlars will not be allowed to operate during the hours shops are closed, if stated by bylaw.

The new sections covering shop hours are reasonably clear But there is an agitation in various parts of the province to have the whole matter removed from the act. The reason stated is that it is a headache to municipal men generally. One argument is that the old principle of having shops closed at certain hours was to protect employees but the argument is that employees are covered by other regulations therefore such legislation is not necessary.

Elimination of fears and the disregarding of loose talk concerning the legislation would be of great help to all who want to consider the measure on its merits. As far as the average merchant is concerned the act is simple. It means that unless the merchants petition their municipal commissions for a specific day on which to close, the Wednesday afternoon closing becomes automatic. If they want Wednesday closing they just need to sit tight. No municipal legislation is needed.

The problem for some borderline shops will be whether they are allowed to stay open or close. This is another matter and one which will have to be decided by the municipal authorities who are guided by the wording of the act. This they cannot change. Interpretation is the problem for decision.

NOTICE

No sprinkling or irrigation of lawns or gardens with water from the Municipal system will be permitted during the month of June, July and August, 1957, except as may be authorized by Permit issued by the Municipal Clerk, and during the hours stated on such Permit. Any violations of these regulations will be prosecuted.

ROBERT BURNS, Clerk.

Polio Fund grants made

The B.C. Polio Fund, sponsored by the Kinsmen Clubs of the province, has made new grants totalling $25,800 toward the treatment and rehabilitation of sick and handicapped children throughout B.C.

The largest grant, $10.000 will provide a mobile clinic for youngsters who are born with hearing defects and are likely to lose their hearing entirely in the first few years of life.

The clinic will operate out of the Health Centre for Children at Vancouver General Hospital. It will find cases throughout the province and arrange for the patients to be admitted to the hospital.

Treatment of these children involves fitting of hearing aids for the purpose of teaching them to talk before their "residual" hearing is gone. Otherwise they would face a lifetime of being mute as well as deaf.

A second grant to the Centre, $5,000, will set up a poison registry for the use of all B.C. doctors.

The Centre will compile information as to the chemical contents of all poisonous products, particularly those used in the home, such as cleaning fluids. This information will be immediately available to doctors, to enable them to give quick and effective treatment to children who inadvertantly swallow poisonous material.

Two grants from the Polio Fund will provide psychiatric rehabilitation services for emotionally disturbed children at special schools to which cases are sent from all over the province.

St. Euphrasia's School in Vancouver receives $2,000 and the similar Seven Oaks project in Victoria, $5,000.

These schools are supported by the Community Chests in the two cities and provincial and city social service agencies but hitherto there has been no money for psychiatric services aimed at preparing the children for a return to society.

A grant of $3,800 has gone to the clinical investigation unit at St. Paul's Hospital in Vancouver to help in respiratory research.

Doctors are studying respiratory activity in both polio patients and other patients afflicted with polio-type paralysis. The money will buy equipment and provide the services of a part-time technician to operate it.

The Polio Fund's grants are made possible by the generosity of the people of B.C. in contributing to its annual province-wide drive for funds.

This year, in February, the Fund appealed for support not only for continued care of polio patients but also for a broad new program of helping B.C.'s estimated 27,000 handicapped children.

Conservation Week in B.C.

Of all the benefits which nature has bestowed on British Columbia, the greatest by far is our boundless forest, said Premier W.A.C. Bennett, announcing passage of an Order-in-Council proclaiming May 18-25 as Forest Conservation Week in B.C. "Almost every community throughout our 366,000 square miles is greatly dependent on the annual harvest of timber and half, or more of our annual income is derived from it. When our forest industries prosper, the entire province prospers," the premier said.

"For that reason," he continued, "it gives me great pleasure to endorse the efforts of the B.C. branch of the Canadian Forestry Association in their great work of informing our population of the importance of the forests and the necessity of conserving and constantly protecting them.

"For over 30 years this organizatin of public-spirited citizens, by their efforts and financial contributions, assisted by industry and government has been carrying the message of conservation of our forests, waters and wildlife to the public. It is a year-round campaign, but intensified at the outset of each new fire season. It deserves the whole-hearted support of us all.

"I would urge that you give their campaign every encouragement in the interest of 'Keeping B.C. Green'."

W C B report

The Workmen's Compensation board's annual report for 1956 shows that WCB paid out or set aside $21,207,594 to cover compensation awards last year. This was the highest amount paid in any one year since the act came into being in 1917.

Injured workmen received $8,221,964 in time loss compensation. $4,161,178 was paid out for medical care of injured men. The total cost of permanent disability awards amounted to $6,546,335 and $2,278,117 was awarded widows and dependents of workmen killed on the job.

The board's pension fund in the bank amounted to $76,375,041 to cover the cost of pensions awarded during the past years. This money has been set aside to guarantee payment of monthly pensions to widows, dependents, and permanently disabled workmen.

TO ALL LIFE INSURANCE POLICYHOLDERS:

IMPORTANT NOTICE

Retirement Savings Plans Eligible for INCOME TAX DEDUCTIONS

The Income Tax Act (Canada) was recently amended to permit individual taxpayers to deduct from their income, within certain limits, premiums paid for retirement savings plans in 1957 and later years.

The savings portion of either a **new** or an **existing** life insurance policy may be qualified as a retirement savings plan. Existing life insurance policies therefore need **not** be surrendered in order to take advantage of this tax relief.

The possible advantages of the deduction should **in each case** be considered in relation to the restrictions required by law to be included in a savings plan to make it eligible for the deduction, and in relation to the policyholder's own particular tax circumstances.

Policyholders interested in the new deduction should consult their life insurance underwriters or their companies.

Port Mellon

BY MRS. M. WEST

Mr. R. Finley is attending the Kinsmen convention at Kamloops this week.

Albert Campbell, chief steward on the "La Pampa" which docked at Port Mellon during the week renewed a wartime friendship with Mr. J. Thompson.

Among those attending the wedding of Miss Anne Davies and Mr. Dougal Rae in Vancouver were Mr. and Mrs. W. Brown, Mr. and Mrs. L. Hempsall, Mr. and Mrs. J. Macey, Mr. and Mrs. D. Macklam, Mr. and Mrs. S. Peterson, Mr. and Mrs. Pitman, Mr. E. Preiss, Mr. and Mrs. G. Proulx, Mr. and Mrs. E.C. Sherman, Mr. and Mrs. P. Strike and Mr. and Mrs. G. Taylor.

Weekend visitor with Mr. and Mrs. P. Madison was Mr. Madison's sister, Miss Janet Madison from Vancouver.

During the holiday weekend Jim Postlethwaite and his brothe Stephen, visited Mr. and Mrs. J. Thomson. Jim was formerly an engineer at Port Mellon.

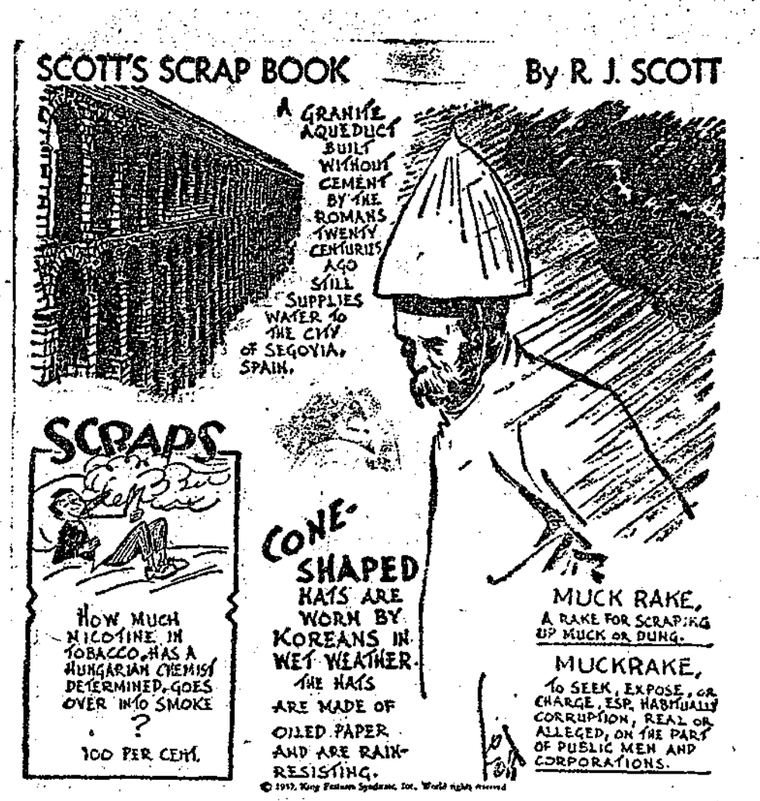
The tree planting ceremony planned for May 24th by the PTA was postponed until the fall, the early warm weather having brought the trees into flower and leaf sooner than was expected.

Mr. and Mrs. Oviatt and Mrs. Clark of Elphinstone PTA visited the Port Mellon PTA to express their concern for better representation from Port Mellon at the High School Parent-Teacher meetings.

Check firearms

During 1956 the general public was advised by press and radio that the laws of Canada required every person, with the exception of wholesale and retail dealers, to register all revolvers, pistols and fully automatic firearms in his possession

This did not include the ordinary type of rifle, shotgun or air gun. Although the response to this notification was satisfactory, many old certifcates have not yet been renewed and it is desired to impress on all such weapon owners who still hold certificates dated prior to Jan. 1, 1952 that they must immediately take necessary steps to have their firearms properly registered.



B.C. story put on film

A graphic story of the birth and growth of the province has been told on film for all B.C. school children.

A 64-frame film strip, "Then and Now," follows the progress of B.C. from formation of Forts Langley and Victoria through the gold rush to the present day.

Progress of industries and transportation from early-day operations to present modernism is outlined in the project of the provincial education department and the B.C. Centennial Committee.

"It will give an idea of what has happened in our first 100 years and what we are celebrating," said Willard Ireland, provincial archivist. He wrote the script and selected pictures for the strip from the Archives and from many supplied by different B.C. industries.

The princess line is ruling the spring scene, and not only when it comes to youthful fashions. Good corsetry, light, flexible, yet controlling, is prepared to give almost any figure type the right foundation for any line. This coat is cut on the princess line and has an away-from-the-neck collar that is wearable with or without the printed silk scarf. There is a low placed shoulder line and seaming on the bodice that terminates in gores on the skirt, Flapped pockets are placed slantwise.

Pender Harbour B of T told road situation good

A meeting of the Pender Harbour and District Board of Trade, for the first time in years heard its president announce the road situation was "generally good."

The board has fought unceasingly to bring improved roads to the area and was instrumental in bringing about the building of the Francis Peninsula road and other improvements after years of writing letters and sending delegations to Victoria calling attention of the government to their importance in the development of the Harbour area.

President John Playfair told the members that the blacktopping on the remaining portion of the highway between Middlepoint and Kleindale will go ahead this year and that widening and improving of the road from Kleindale Junction to Garden Bay was now in progress.

The Volunteer Fire Brigade and petition for a fire district is now in the hands of a committee which will make a survey of the amount of interest in the matter among the taxpayers of the district as the deciding factor. The increase in taxes necessary to finance such a brigade with the necessary equipment would be a small sum annually. Board members were asked to co-operate with the committee consisting of Bud Insley, Robert Dick and A. Carpenter.

Members heard of a satisfactory conclusion to the efforts of the board to bring about the most efficient type of float at Madeira Park. The existing floats will remain where they are and the new float will be constructed in accordance with the board's recommendations. This will be a substantial addition to present facilities as it is to be a 160 ft pontoon float, extending northward from the western end of the present float. The work is to be completed by September.

Before adjourning, members agreed to request the government go ahead as soon as possible with the survey of the Garden Bay - Irvine's Landing road which has been promised.

May Day

(Continued from Page One)

Katherine is 51 feet long and has been at the Yellow Point Reservation in Chemainus Bay for five years. She has been used in the races at Victoria, Seattle and many others.

The novelty ball game between the Sechlt Firemen and the Kinsmen was, strangely enough, a tie. What with biased coaches and umpires, this was not surprising! A shake shingle was used as the baseball bat, and "Mr. Moto" of wrestling fame was mimicked all through the riotous game.

Before leaving on the Navy Bus, a simple and beautiful service was held at the cenotaph by the band and Wrenettes. A wreath was placed on the grave of the Unknown Soldier, and the flag lowered. Magistrate and Commissioner Andrew and Christine Johnston were present, Mr. and Mrs. Jack Redman and many others. Comm. Johnston thanked the officers and the Navy Band for the people of Sechelt.

Judges of the parade floats were Harold Wilson of Gibsons, Mrs. Wynne Stewart of Gibsons and Dr. and Mrs. McKee of Sechelt. The doctor's wife took over, when he was called on an emergency.

Float prizes were: Commercial: 1, Peninsula Motors, Wilson Creek; 2, United Fishermen, Gibsons.

Community: 1, Kinsmen's Kiddies; 2, Square Dance group, Sechelt.

Private: 1, Sechelt War Canoe, Reserve; 2, Peninsula Building Supplies, Sechelt.

Industries: 1, O & O Logging 2, Peninsula Logging.

Bicycle: 1, Barbara Lucy, and 2, Frankie Lucy.

Comical: 1, Carol Kennedy and 2, Ralph Butler.

Walking: 1, Fahrni dogs, and 2, Carol Holden, doctor. Comical: Myona Stroshein, Aunt Jemima, and 2, Kathleen Kennedy.

The day ended with a successful May Queen Ball, after a banquet at the Totem Room in the Village Coffee Shoppe, and the Teen Town dance at Wilson Creek. The May Day Committee relaxed for the evening at the home of Mr. and Mrs. George Page, and were honored with the presence of Magistrate and Commissioner Johnston, Father Nolan and Commissioner Dawe.

Winners of the May Day program draw were Harry Sawyer, Mrs. Ida Howe, James Paull, A. Campbell, G. Lemieux and Mrs. Scott Pollack.

The Hamper Draw — Number 15723, is unclaimed. If this number is not presented at Redman's Service Store in Sechelt within one week, the alternate number is 441. If still unclaimed during the next week, the chosen alternate number is 15674.

Results of the sports events will be published next week.

Parents and teachers to get together

Interest of the 300,000 membership of Home and School and Parent-Teacher Associations across Canada will be focussed on the annual meeting May 26 to June 1, at the University of British Columbia, Vancouver.

Mrs. J.D. Taylor, of Hamilton, Ont., president will be chairing the seven day parley. Interesting speakers and panels will be included at sessions open to the public on the evenings of May 28, 29 and 31. Business sessions are open to the public morning and afternoon of May 29, 30 and 31.

A large attendance, particularly from members of the British Columbia Federation is expected at all open sessions.

This year's theme is "The Canadian Family."

Noted specialist in child development and pre-school education will participate in the annual Parents' Institute at UBC May 29 - 31.

Mrs. Katherine Read, head of the department of Family Life at Oregon State College, will speak on "Discipline in Day-to-Day Living" at 10:10 a.m. Thursday, May 30, at Physice 202, UBC, and again at 8:10 p.m. the same day in Physics 200 on "Our Changing World — Today's Challenge to Parents."

Mrs. Read is the author of "The Nursery School," a book used as a text by UBC Extension Department in training preschool supervisors. She is vice-president of the National Associatin for Nursery Education in the U.S. and a member of their editorial board.

Parents' Institute is open to the public as well as to members and delegates of parent-teacher associations.

Parents' Institute also includes two public meetings sponsored by the Canadian Home and School and Parent-Teacher Federation which is holding its convention in Vancouver this year.

Mrs. Fingarson at Wilson Creek

Representatives from all parts of the Sechelt Peninsula attended the meeting in Wilson Creek Hall May 16 to meet Mrs. Fingarson of the Social Credit Party, who was introduced by Mr. Bert Price, MLA. Campaign manager Mr. Pat Goode also addresseed the floor in a short introductory speech.

Chairman was Mr. Cope, who called upon representatives of each community to thank the speakers.

Mrs. Fingarson spoke on the aims of the party. The meeting ended with refreshments and a question period.

Mrs. Fingarson has announced she will be speaking in Gibsons shortly. Coast News policy is to give each candidate one major story on their speeches and the Gibsons meeting has been selected for Mrs. Fingarson.

Committee to check cemetery

Pender Harbour Legion has formed a committee to organize a work party in the near future to slash down the overgrowth, which appears to be general over the whole local cemetary area. Bud Inglis heads the committee, with Ian Woodburn and Ron Northrup as members. The work party will also make a special point of decorating and dignifying all graves of veterans buried in Pender Harbour cemetary.

At last Friday's meeting, Don Cameron made an appeal for Legion help in connection with the May Day school sports and dance May 24. It was decided the secretary, Bob Cream should circularize all members seeking volunteers as judges, timers, track attendants, and to assist the school staff generally in the sports events.

Help is also required for decorating the Community Hall for the dance in the evening.

If you handle your organization's publicity please send it in promptly to assure early publication.

59 YEARS AGO

It was 59 years ago, May 25 that Mrs. A. Wilander landed in New York from her native Finland. Dropping into the Coast News office recently she said she remembered the event well as at the time the Spanish-American war was underway.

Let's aim straight at '58. Come on in and pitch. Sunshine Coast Fair Board.

PERSONAL CHEQUING ACCOUNT

simple • safe • convenient • inexpensive

(Available June 3)

What a Personal Chequing Account is

A *Personal Chequing Account* is a new BNS service that can save you money if you pay bills the convenient way—by cheque. To open an account you deposit money in advance—then write as many cheques as you need, up to the amount you have on deposit. Low cost!—the prepaid service charge is just 10¢ a cheque. *There are no other service charges when using these cheques.*

Shop, Order by Mail, or Pay Bills With a Personal Chequing Account

Pay for your major purchases by cheque, when you shop or order by mail. Then there's no need to carry or risk sending cash . . . and you save time and C.O.D. charges.

Pay Bills by Cheque. No waiting for change. When you pay bills by mail, your cancelled cheque is kept safe at the bank—always available—in case of need to serve as a receipt. By recording all deposits and withdrawals you can always tell at a glance just how your account stands.

How to Open a Personal Chequing Account

Simply go, phone or write your nearest BNS branch, state the amount you wish to deposit, and whether you need a book of 10 or 20 cheques. (The prepaid service charge of 10¢ a cheque can be charged to your account). *Personal Chequing Accounts* are easy to operate, for all deposits, withdrawals and current balances may be entered in the cheque book itself . . . providing an accurate record at all times. If not convenient to come personally, you can deposit by mail. JOINT ACCOUNTS WELCOMED.

The BANK of NOVA SCOTIA

for 125 years a partner in helping Canada grow

Our staff at your nearest branch will be glad to explain how a Personal Chequing Account will help you.

Baseball

The 1957 Softball season was ushered in on Sunday last, on two fronts with a total of 32 runs scored in two games. I am looking up my provincial record book to see if only the half of that total can be equalled.

First of all, over two-thirds of that number was scored at Port Mellon, where the Sechelt crew arrived before game time and were practising in a downpour. Half an hour after the scheduled time for starting the Port Mellon team made its appearance, and after a few more delays, the game was underway exactly one hour late. Result, time was called by the Umpire Wilson on account of darkness, after completion of inning eight.

It was in the eighth that the Moscrip men were making a bid for the lead. They collected four runs in a big rally, which brought the score 10-12 in favour of the Mellonites. Another inning could have produced the same result. The only satisfaction the managers have is that it was a workout and they can do some re-shuffling.

And now back in the dry belt Wilson Creek played host to the visiting Firemen from Gibsons. This is another sad story. Perhaps May 19 will be a haunting memory for the Fire laddies for many weeks. Batting first, they loaded the bases, and believe it or not, they didn't even look like scoring a run for the rest of the game. Nor did they, for when the smoke was cleared the home team had salted away its first victory of the season. It is these first games that count at the end of the year. But it is not the end of the trail for the Gibsons team. Don't take them too lightly from now on. That might be just what the doctor ordered, a 10-0 defeat.

Here again the start of the game was delayed almost an hour. Why? If your paying guests are to be encouraged to watch the games you play, they deserve better treatment. If you want to start an hour later, let the fans know. Otherwise you will have a repetition of last year and you must not blame it on the fire season, or rain. H.R.

B.C. Electric's $6,500,000, ten-fold expansion of Clowhom hydro-electric generating station, 25 water miles northeast of Sechelt, will be ready for service in October. Dam under construction above, 1500 feet long and 75 feet high, will increase head of Clowhom Lakes to permit generation of 40,000 h.p. compared to only 4,000 h.p. harnessed by original Clowhom plant. Water from the two Clowhom lakes, backed up by the dam, will plunge 175 feet through a 14-foot diameter penstock to spin the turbine in the powerhouse on the bank of Salmon Inlet.

14-foot penstock will be anchored to this rockface immediately above the site of the new Clowhom generating station.

Weddings

RAE — DAVIES

A marriage of interest in Port Mellon was solemnized at Kerrisdale Presbyterian Church on Firday. Rev. H. Lennox officiated at the candlelight ceremony uniting Anne, daughter of Mr. and Mrs. C.B. Davies of Port Mellon and Dougal Spence, son of Mr. and Mrs. D.H. Rae of Vancouver.

Given in marriage by her father, the bride wore a floor length gown with short train of ecru faille and both her gown and chapel length veil were trimmed with heirloom lace. She carried a bouquet of cream Johanna Hill roses.

Her attendants, Miss Loraine Rigg of New York, maid of honor and Miss Janice Rae, the groom's sister, bridesmaid, wore identical waltz length dresses of powder blue swiss poplin trimmed with velvet sashes. Their bouquets were of cream gladioli and delphiniums.

Hugh Rae, brother of the groom was best man. The ushers were Peter Girling and Terrence Yates of Vancouver and Robert Bradfield, of Toronto, a cousin of the bride.

The reception was held at the Capilano Golf and Country Club where the toast to the bride was proposed by J.R. Bradfield. Family guests from out of town included the bride's aunts and uncle, Mr. and Mrs. J.R. Bradfield from Toronto and Mrs. B.F. Avery from Espanola, Ont.; Mrs. H.F. McCaslin of Spokane, Wash., the groom's grandmother.

For the honeymoon in the Okanagan and on Vancouver Island prior to residence in Port Alberni the bride wore a navy two piece dress and coat with white accessories.

TURNER — SWANSON

The first wedding to be solemnized in Port Mellon Community Church uniting prominent Port Mellon and Gibsons families was held at 7 p.m. Saturday when Verna Noreen Swanson became the bride of Hedley George Turner, jr.

The crowded church was beautifully decorated with pink and white spring flowers, the pews marked with pink ribbon bows and small bouquets of pink and white rhododendrons and lily of the valley.

Rev. D. Donaldson performed the double ring ceremony for the daughter of Mr. and Mrs. S.F. Swanson of Port Mellon and son of Mr. and Mrs. H.G. Turner of Gibsons.

Given in marriage by her father, the bride wore a ballerina length gown of white satin brocade. The fitted bodice was made with a scoop neckline with net and pearl insert, long sleves and the full skirt billowed out over a crinoline. Her three-quarter length veil of illusion net was held by a tiny cap of matching satin brocade. She carried a bouquet of deep red roses and stephanotis.

Miss Norma Turner, the groom's sister, was maid of honor and Miss Janet Swanson was her sister's bridesmaid. They wore matching dresses of blue lace and taffeta designed on princess lines with three-quarter length sleeves and full skirts with small caps of blue net trimmed with sequins. They carried small bouquets of deep pink carnations.

Gordon McDougal of Gibsons was best man, Len Pilling of Gibsons, usher and Mr. Haley of Gibsons, organist. While the bridal party were signing the register in the vestry the choir accompanied by Mrs. G. Wiren sang the hymn "O Perfect Love, All Human Thought Transcending," Mrs. B. Campbell and Mrs. W. Swartz, soloists.

Among 200 guests at the reception in the Community Hall were Mr. and Mrs. Clarke Buker with their daughters, Judy and Betty from Dewney, B.C., Mr. and Mrs. Erikson and Mr. and Mrs. W. Swanson from Mission City, Mrs. Hugh Clark and daughter Deanna and Mr. R. Stinson from Ashcroft B.C., Mr. W. Swanson from New Westminster and Mr. and Mrs. W. Ross and Mr. and Mrs. W. Mills of Vancouver. Leaving to motor south for their honeymoon the bride wore a beige dress and coat with navy accessories.

NEW BANK SHARES

Shareholders of the Bank of Montreal are being offered rights to subcribe to an additional 900,000 share of capital stock at $30 per share in Canadian currency, on the basis of one new share for each five shares held. Announcement of the offer was made by Gordon R. Ball, B of M president, who said the contemplated enlargement of the capital stock was desireable because of the continued growth of the bank's business.

FACE THE BIG ISSUES

Hold on to what we have and cherish!

We live today in a world of explosive contradictions. While Canadians enjoy soaring prosperity, millions elsewhere are hungry. While we strive for peace, the threat of war is ever present. The age of abundance for all mankind now is possible; so is world-wide atomic destruction.

These are the big issues. Today, as never before, Canada's freedom and prosperity and the future of our children—all the things we love and want most—depend on events in the world around us.

It's essential to elect a government which promotes prosperity at home and peace abroad. History shows we can't have one without the other.

Only the Liberal Party can do this. It's the only party with statesmen experienced and respected in world affairs. The Liberal record proves it can promote prosperity at home and peace abroad. It's Canada's only truly national party, seeking constantly to re-affirm national unity, the 90 year old goal of Confederation.

Contract let for wiring job

Contract for wiring St. Mary's Hospital has been let to T.A. Wald Electric, of Port Coquitlam it is announced by A.A. Lloyd, chairman of the board of trustees, St. Mary's Hospital.

The successful tender was for $1,897. Other bids were: Parker & Sim, Sechelt, $2,749; D. Gregerson, Pender Harbour, $3,620; Westview Electric, $4,297.28.

Work commences this week and should be completed by June 15. Acceptance of the bid for rewiring will allow sufficient funds to do the necessary redecorating after wiring, replace obsolete or worn motors, and utilize greater availability of power to better purposes.

There still remain two poles to be set up on the hospital property, but as the poles have been earmarked and the holes already blasted, the project should have clear sailing.

First reports from three more canvassers for the St. Mary's Hospital Society campaign added another $163.25 to the amount collected to date Mrs. Oliver Dubois and Mrs. G. Gordon working as a team in the Kleindale area brought in $85.25.

Contributors were H. Harris, Oliver Dubois, Peter Klein, Gerry Gordon, Charley Herd, Donald Harris, Mrs. F. Campbell, Mrs. J. Klein, Bill Klein Sr., Roy Dusenbury, Terry Dubois, Mrs. L. Wray, R.L. Herd.

A partial report from the Garden Bay area turned in by Mrs. D. Leavens added $78. Contributors were, Pender Harbour Bowling League, I. Milvain, Glen Seney, Dr. A. Swan, Mrs. Goodall, Mrs. Sandiford, Albert Martin, Harold Sandford, and W. Sundquist.

Wilson Creek

BY MRS. D. ERICKSON

Miss Florence Lowery ,R.N. called on Mrs. C. Bookman who had been a patient several weeks in St. Vincent's hospital.

Barbara Davis, a summer visitor here for years, recently had an exciting trip to Hollywood as a contest winner. Mrs. W. Campbell, her grandmother, accompanied her.

Murial and Bob Campbell with Charlie Bookman were lucky with limit catches of cut-throat trout up to two and a half pounds at Ruby Lake recently.

Mr. and Mrs. Leo Nestman are moving to their property at Selma Park.

Mr. and Mrs. Dick Brackley have moved to Granthams as he is now working at Port Mellon.

CHURCH PARADE

The order of DeMolay had another very successful church parade at the United Church, Gibsons, Sunday May 19th.

It was gratifying to see the boys in parade well supported by the advisory dads and a goodly number of DeMolay mothers circle, including Sechelt and Roberts Creek members.

It was a splendid service, with a wonderful sermon by Rev. D. Donaldson.

Odd Fellow's Service

Members of the Odd Fellows fraternal organization in Gibsons will attend Sunday morning's service in Gibsons Memorial United church. Rev. D. Donaldson the minister has arranged a service which will be of interest to Odd Fellows and the rest of the congregation.

BOAT ON ROCKS

A fish boat found on rocks at Gower Point was towed into Gibsons and now rests on the mud flat in the bay. It was discovered by Bob Hunter who managed to get it off and towed in to the mud flat. The owner is reported to be Jim Howie who is at present in Vancouver. Nothing is known of the damage to the craft yet.

S M T

Due to changes in times and point of departure of Black Ball Ferries Ltd., a new time schedule effective June 20 is being filed with the Public Utilities Commissin of British Columbia.

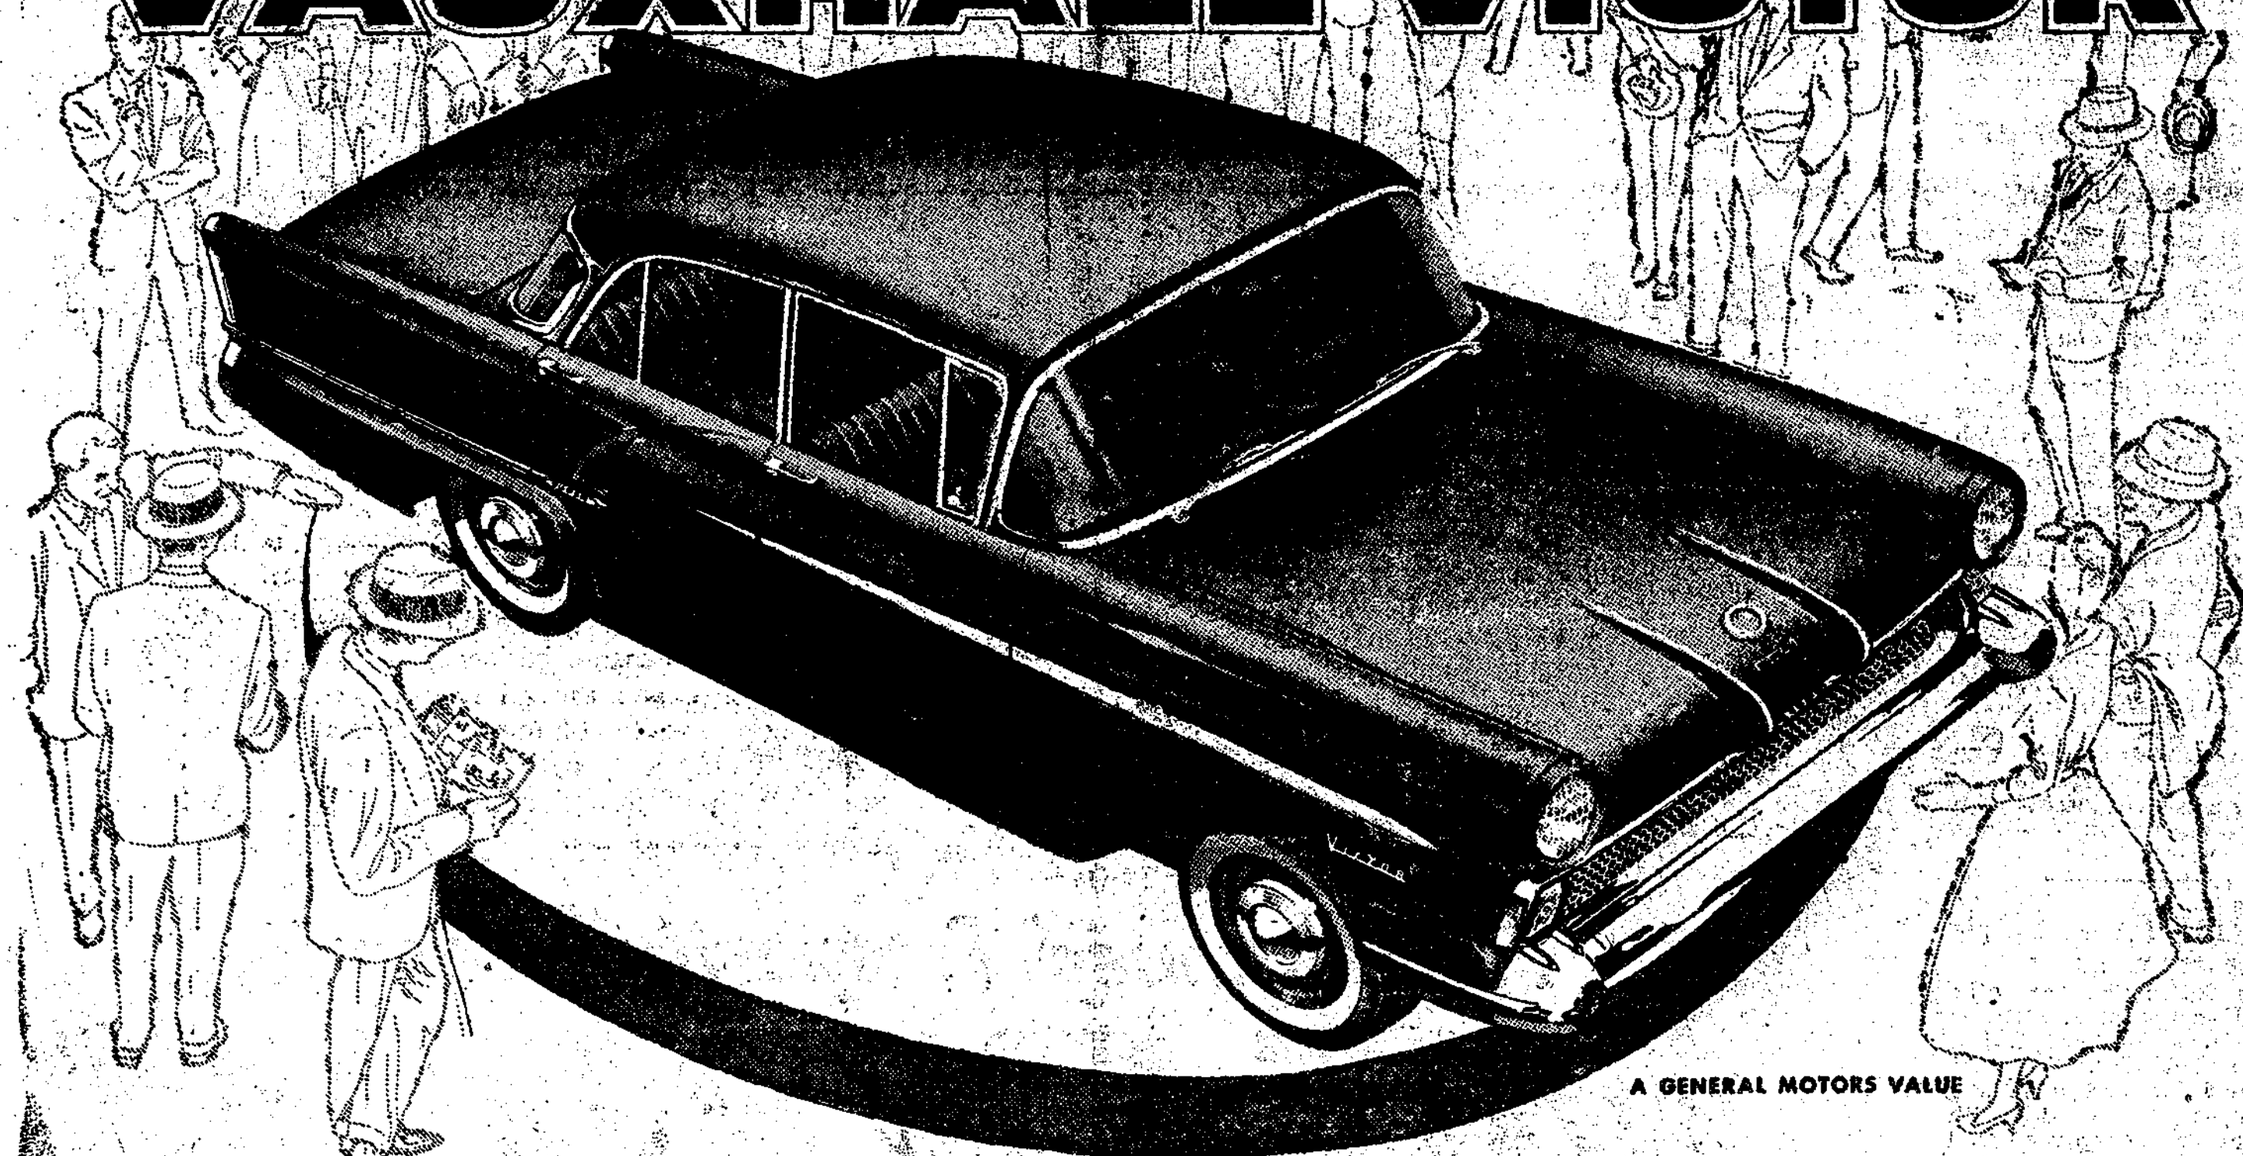
Copies of the proposed time schedules will be on file at the main office of the company at Sechelt, the terminal depots of Vancouver, Powell River, and the Wharf office at Gibsons.

This application is subject to the consent of the Public Utilities Commission and any objections to same may be filed with the Superintendent of Motor Carriers, Public Utilities Commission, Vancouver, B.C. on or before June 10, 1957.

Vauxhall has done it again!

An entirely new concept in British car beauty and styling

VAUXHALL VICTOR



A GENERAL MOTORS VALUE

So completely new... so excitingly different!

Never before has British car styling so faithfully echoed Canadian tastes. Never before has there been a British car — even Vauxhall — so *excitingly* styled . . . so amazingly compact . . . so *thrillingly* the car *you* want to own. And wait till you see how *little* it costs! See the Victor and Victor "Super" — *today!*

All new 4-cylinder economy

The Vauxhall Victor's famous "square" design engine is a triumph of operating economy — equipped with a brand-new Mileage-Miser carburetor. You save gas in every mile you travel . . . in town or country.

Lively new fast-stepping performance

Here's the car that skips nimbly up hills—holds tight and steady on curves — with a bright, eager pick-up that sets your spirits soaring.

Bright new panoramic vision

New wraparound windows, front *and* rear — with plenty of glass area in the side panes — means better vision, greater safety, every mile you drive.

Gay, new nature-bright colors

Imagine the glowing beauty of colors like Gipsy Red or Laurel Green . . . fresh as springtime itself. Altogether — your choice of 8 sprightly color-stylings in the Victor 'Super' . . . 5 in the Victor.
