THE CRESTON REVIEW

VOL. XI. CRESTON, B. C., FRIDAY, MAY 23, 1919 No. 15

Canyon City

BIRTH—On May 18th, to Mr. and Mrs. L. Hussack, a son.

A party from Cardston, Alta., with Messrs. May and Ockey at the head, were here the latter part of the week, looking over the Yale property and, we understand, have taken an option on 160 acres of it. If the deal is closed they intend going heavily into dairying.

The caterpillar engine is again on the job—hauling logs from the neighborhood of the schoolhouse.

Report has it that both the Canyon City and Huscroft schools will be looking for new teachers this summer, neither Mrs. Hodnett or Miss Dow intending to return.

Canyon City is coming back into strawberries again. Huygens and Van-Ackeran have just planted out an acre of new clearing to them, and Con. Hall is getting a stretch of new clearing ready to set out to them also.

Tom Hickey was a passenger through eastbound on Sunday, to Nanton, Alta. He is now buying furs for a Calgary house, and was returning from a trip into Lardeau country.

Saffron Petreschuk has this week sold his ranch here to a Swede family from Alberta, who expect to take possession early next month. Saffron is intending to remove to the prairie to live.

Alice Siding

The water has risen so rapidly on the flats since Sunday that cattle owners are busy at present getting the stock up into the hills. There are about 300 head of them to move this year.

Mrs. M. B. Long left on Friday on a visit to friends at Colfax and other Washington state points, and expects to be away until almost July.

Jack Smith is busy fencing his place here. He has it all ploughed and in shape to plant out to orchard.

Quite a few of the young people from here were at Porthill on Saturday night for a dance in the Oddfellows Hall.

W. Barraclough has work well along on the commodious new residence he is erecting at his ranch here.

W. T. Simister is expecting his son, Pte. T. Simister, back from overseas service the latter part of the week. He arrived at Halifax a few days ago.

Spraying operations occupy people's attention these days. The show of blossoms on all kinds of fruit is tremendous, and if all matures certainly all hands will have surplus cash to buy tractors with.

W. A. Pease left on Thursday on a business trip to Spokane and other points in Washington.

Erickson

Geo. Hobden left on Monday for Halcyon, where he is taking the sulphur springs treatment for a touch of sciatica, which has been bothering him of late.

R. B. Staples left the fore part of the week for Vernon where he is attending a directors' meeting of the newly formed traffic association.

Still another telephone has been installed in the Erickson section—at the Jas. Adlard residence.

Spraying operations were general toward the end of the week. With the number of power sprayers in action and tractors on the cultivating job in several orchards the Erickson section can surely claim to be up to date.

F. V. Staples is hustling clearing operations on his 20-acre tract on the Canyon road, with a view to getting a couple of acres of it into strawberries to crop from next year.

The report afloat last week that Sam Scott, who went overseas with the forestry draft, had died in England, happily proves to be untrue, Mrs. Scott this week receiving word from her sister in the Old Country that Sam was very much alive and in quite good health. Mrs. Scott is making preparations, however, to visit England, and will leave at an early date.

This section has never seen anything to equal the showing of the fruit blossoms that is in evidence this year. Trees that were heavy bearers last year have more blossoms than ever, and if all the trees will carry is ever matured and harvested 1919 ought to see the Valley with a half-million dollar crop alright.

LETTERS TO THE EDITOR

Not a Mormon

TO THE PEOPLE OF CRESTON—

It seems strange that although we, as a family, have lived in and around Creston for over eight years, that some of the people here still believe that we belong to that church called Mormons, although we have spoken many times to the contrary.

I might say that we have never at any time had any connection with the Mormon church, which church has its headquarters in Salt Lake City, Utah, while the headquarters of the church to which we belong are at Lamoni, Iowa, and Independence, Missouri. The teachings of our church, from 1832 to the present, has been, in regard to the marriage coveuant, "There shall not any man among you have save it be one wife, and concubines he shall have none, for I the Lord delight in the chastity of women and whoredoms are an abomination before me."

We as a church have ever upheld and taught this doctrine. The standard books of our church teach one wife, and more so than any other church, and we are willing to stand behind these statements. We also teach the same doctrine as Christ taught in the church which He established when on earth. We believe if God has never changed thas His teachihgs will never change. We believe that the same gifts and blessings that God gave to the church in the days of Christ are for his church today.

We find in Cor. xii. 28 these words: "And God hath set some in the church first apostles, secondarily prophets, thirdly teachers, after that miracles, then gifts of healing, helps, governments, diversities of tongues." And in the fourth chapter of Ephesians, beginning at the eleventh verse, you will find the same thing again. Please go on and read and you will find what these officers were for. In the thirteenth verse you will find how long they were to stay, "Until we all come into the unity of the faith, and of the knowledge of the son of God unto a perfect man; unto the measure of the stature of the fulness of Christ." Surely it is right and just to take God at His word.

In John xii. 48, you will find these words, "He that rejecteth me, and receiveth not my words hath one that judgeth him; the words that I have spoken shall judge him in that day." Read the next two verses. Thanking you for space. ELDER R. BOADWAY

Victoria to Decide

C. R. Ward, the Kootenay director on the provincial land settlement board, was here again on Monday and Tuesday, when he had a final conference with Messrs Briggs and Rodgers of the Canyon City Lumber Co., Ltd., and came to terms as to the purchase of the company's 8000-acre tract at Canyon City, part of which the board proposes to utilize for soldier settlement if the deal goes through. Mr. Ward left on Tuesday for Victoria, where the matter will be gone into with the premier and minister of agriculture, and announcement one way or the other on the transaction may be looked for any day now. Mr. Ward is thoroughly satisfied that the buy at the price he has obtained on the tract is a safe investment, and is equally confident the authorities at Victoria will approve of the purchase.

Soldiers' Memorial

A Public Meeting to consider the report of the Citizens' Committee handling the canvass of the Valley on behalf of the above undertaking will be held in the MERCANTILE HALL on

Wed'y, May 28

at 8.30 p.m.

This will complete the labors of this committee, and the meeting will be called upon to select a new committee to proceed with all work in connection with the completion of the Memorial.

R. B. Staples, Chairman — C. G. Bennett, Secretary

Veterans Busy

Creston Branch of the G.W.V.A. had its May meeting in the board of trade rooms on Saturday night with twenty members in attendance. In the absence of Comrade Russel Leamy, who is at Nelson hospital undergoing taeatment, Comrade R. Sinclair-Smith has been named secretary pro tem. Plans were discussed for a monster celebration at Creston on Dominion Day, July 1st, and this will be taken up at the citizens meeting on Wednesday night. A special committee is now in harness getting out a programme of entertainments, the first of which will be a dance on Friday next, May 30th. Another special committee was named for the purpose of securing larger quarters for the regular meetings of the branch. The attendance at present is rather large for the present quarters, and with new members being constantly enrolled more room must be secured.

Local and Personal

A citizens meeting is called for Wednesday night in Mercantile Hall to hear the report of the committee appointed some time ago to handle the canvass of the Valley for funds to erect a soldiers' memorial. About $1500 was guaranteed and this meetino is to complete organization to get on with the erection of the monument.

The May meeting of Creston school board was unimportant. The secretary was instructed to write the education department for a permit for Miss Vida Gobbett, who is in charge of the primary room, and a bill for $2 from the REVIEW for advertising was ordered paid. All the members were in attendance, and Chairman Jackson presided.

Another war veteran got home last week in Pte. Clarence Embree, who is spending a few days here with his mother, Mrs. Repsomer. Smoky joined up with was known as the American Legion at Toronto, Ont., early in 1916, and had a couple of years service in France. While on active service he joined up with the benedicts, Mrs. Embree being a Toronto girl. Clarence left this week for Wardner, where he has secured a position, and will make his home.

A veteran who is receiving an exceptionally hearty welcome home is Pte. Percy W. Foote, who arrived at Creston on Tuesday. Pte. Foote, it will be recalled, went across with the first Canadian Contingent, in September, 1914, and it was just about a year later that he was taken prisoner, and has three and a half years in a German prison camp to his credit. For almost a year before the armstice was signed no word had come from him, and for a time the worst was feared. Despite very short and indifferent rations, and other uncertainties of life as a guest of Fritz, Pte. Foote is looking fine, and after a few days renewing old acquaintances he expects to go ranching again in the Valley.

NEWS OF KOOTENAYS

There isn't an empty house or shack of any description at Penticton.

At Trail permits for $2300 worth of new buildings and alterations were issued in April.

At present Trail smelter is refusing to treat ores originating at mines in she United States.

The Presbyterian congregation at Grand Forks has presented Pastor Wright with an auto.

Kaslo citizens will pay taxes this year at a rate of 36½ mills. A third of it is for school purposes.

Cranbrook Orange Lodge is being reorganized, and may attempt a 12th of July celebration this year.

At Silverton the miners are demanding pay at the rate of $1 per hour, and six hours to be a days work.

Boy scout effort is too tame for Penticton. The youths there want a cadet corps, and have 120 members fnr it.

Dr. Ney, Trail's medical health officer, is again able to practice his profession, after a two week' lay-up with mumps.

Greenwood public school was closed a couple of the weeks the fore part of the month on account of a third visit from the flu.

Despite the depression in mining the Trail smelter has handled but 16,000 tons less ore for the first four months of this year as compared with 1918.

Kaslo will construct about 3000 square feet of cement sidewalk this year. Now we have prohibition the walks will only require to be five feet wide.

It is reported that W. Powers has received a contract from the Great Northern for a million ties, and will cut them in the country around Greenwood.

Grand Forks asked $2500 for soldiers memorial monument and fountain, but the canvass for funds does not look hopeful for more than $1500 at the outside.

A woodtick in the shoulder of the seventeen-months' old daughter of P. Mattioda of Grand Forks, caused the death of the child before the doctor could be summoned.

Phoenix is having a third call from the flu' and as there is no medical man resident there they have to get along with twice a-week attention from Dr. Trauax of Grand Forks.

In order to kill the cut worms the lawn around the Greenwood postoffice is sprinkled with Paris Green. So far no wandering bovines have been foolish enough to pasture there.

Trail Methodists gathered in $2,446 last year in spite of the prolonged closure due to flu. They paid all current expenses, $300 of back debts, and cut the church debt down $500.

After paying all expenses the hospital ball Cranbrook will get the institution $1500. In this are a number of donations, a notable one being $240 from Drs. Green and McKinnon.

The Herald is trying to discourage the Penticton baseball team from playing Sunday games away from home. Their home town does not go in for Sunday sports—except golf.

There is quite an exodus of English Church clergy from Kootenays back to England at present. Rev. Hughes of Proctor and Rev. Montgomery of Edgewood both left last week.

Kitchener

George Ayott, who has spent the last couple of months at his home in Ceylon, Sask., returned last week, and is again working for the Sash & Door Company.

Mrs. H. A. McKowan of Cranbrook was a visitor here last Thursday and Friday, the guest of Mrs. G. A. Hunt.

Inspector Calvert paid Kitchener school a visit last Wednesday.

F. Belanger of Creston was a Kitchener caller between trains on Saturday. E. A. Vachon of the same town was a visitor here on Saturday and Sunday.

R. Spring returned to his home at Spokane on Sunday after spending the last two weeks at Kitchener.

H. Rymell left on Tuesday for Vancouver where he intends to remain until fall.

P. A. Paulson of Spokane is a business visitor here this week.

Dr. Henderson of Creston made an official visit to the school on Tuesday.

—Miss Vida Gobbett and Ted Mawson of Creston were Kitchener callers between trains on Sunday.

O. Geroux and H. Nicholson were business visitors at Fernie over the week-end.

Sirdar

Station agent Goodman is getting away this week for an extended holiday, which he will spend at Tacoma and coast points.

Yardmaster Loasby is another official who is leaving for quite a lengthy holiday, which he will spend at Anacortes, and other points in Washington.

Report has it that the government will this year start work on a concrete wharf at Proctor, and that it will be followed by the rebuilding of the Kootenay Landing wharf of the same material.

Jack Cameron is back on the job again, and in the absence of Mr. Loasby is in charge of the yard crew.

Mr. Nigg, a returned soldier, is expected to act as relief agent during Mr. Goodman's absence.

Creston callers are not numerous at present. Mr. Aspey was at the metropolis on Friday, and on Saturday Jim Pascuzzo returned from there with a saddle horse, the journey taking about four hours.

A son and heir arrived at the Dennes home on Wednesday morning, the yard engine and crew being requisitioned for the trip to Creston for Dr. Henderson.

The North greenhouse has sold out its entire stock of tomato and cabbage plants, and refused orders for almost double the quantity sold.

W.I. Whist

Twelve tables of players and quite a gallery of spectators were attendance at the Women's Institute concert and whist on Friday night at the Parish Hall, the gross intake from the affair running almost $30. The programme feature was almost entirely musical. Mrs. Ebbutt contributed a piano solo, and Misses Edna Holmes and Vivanne Moore a piano duett. J. K. Cherlton favored with a 'cello solo, as well as a 'cello obligato for the vocal number by R. B. Staples, Miss Jeanne Palmer providing the piano accompaniment for both selections. Mrs. J. W. Hamilton introduced a novel feature in the toy symphony, a sort of juvenile jazz band that made a decided hit. Mesdames Maxwell and Mrs. Thurston were seen in a one act skit, "The Census Taker," which was also a very popular number. The winners at cards were Mesdames Dornbush and Pettigrew, with Gerald Craigie and Frank Baker taking home the men's prizes.

The Great Northern has discontinued hauling ore from Phoenix to Grand Forks in favor of the C.P.R.

EDITORIAL

Charter of the World's Freedom

The peace treaty, including, as it does, the covenant of the League of Nations, which has been presented to Germany for signature, is without question one of the most important documents ever drafted in the history of this old world. It takes its place along with Magna Charta and the American Declaration of Independence as an instrument of the first magnitude in providing for and safeguarding the liberties of mankind. Magna Charta and the Declaration of Independence won for the English-speaking peoples of the world those rights and liberties which we prize so highly, and in defence of which we are ever ready to lay down our lives, and they had their effect on other nations. But the treaty of Versailles, 1919, is designed to guarantee the rights and liberties, not of one race or one nation, but of all races and all nations.

The penalties imposed on Germany are severe, but who will say they are not just and necessary? Insofar as Germany is deprived of territory in Europe, it is taken away from her, not in a spirit of revenge nor of aggrandizement on the part of the allies, but in order to right wrongs inflicted by Germany on others in the heyday of her autocratic military power. She loses her colonies because she demonstrated that she was not a nation to be trusted with power over subject peoples or native races.

The German people have shown [illegible] centuries time and [illegible] their hands power [illegible] classed, that they [illegible] and acted [illegible] that Might was [illegible] has been [illegible] their army [illegible] endanger [illegible] been [illegible] may make [illegible] respect, because, in the [illegible]

nances, industries, transportation systems, shipping, trade and commerce as parts of their military machine.

The huge sums of money which Germany must pay to the allies are not extorted from her as was the indemnity which Germany imposed on France in 1871. Germany then imposed a fine on France, but today the allies are but compelling Germany to make restitution and reparation for the wanton destruction she has caused in Belgium, France, Serbia and other countries and for the crimes committed against inoffensive non-combatants contrary to all the accepted usages of war.

The peace treaty, however, is much more than the infliction of just punishment on Germany for the horrors and sufferings she brought upon the world and the enforcement of guarantees against a repetition of the outrage. With its League of Nations covenant it is a declaration of principles for the guidance of all nations, large and small, in their dealings with one another. It does even more than that—it lays down principles which are to govern within the nations themselves in their dealings with their own people.

Well defined principles are laid down under which the more advanced nations are to be entrusted with mandatory powers over less advanced territories and less enlightened peoples. Where people are not yet capable of self-government, they are to be governed, not for the benefit and aggrandizement of the governing body, but for the advancement and in the welfare of the people themselves. So, too, is it clearly defined that in all nations the man who works with his hands, and puts his physical strength in his work, is no longer to be regarded as a mere commodity to be used for profit, but as a human being, a partner in the world's work.

No longer are the small and weak nations of the world to be forced to live in constant dread under the menace of a rattling sword in the hands of a stronger nation; no longer are peoples and races to be held subject to a foreign yoke; no longer will the ruthless Turk be allowed to put helpless Armenians to the fire and sword; no longer will it be necessary that millions of men be held in idleness in huge conscript armies while other millions are burdened with taxes to maintain them in idleness; no longer is the chief business of Europe to be war and preparation for war. The peace treaty declares that it is to be the international business of the world to create better living conditions for the masses, to provide safeguards for the health of mankind, to put down slavery in all its forms, to seek the destruction of the opium traffic and other vices—in a word to build up and benefit, not to tear down and blight.

The peace treaty and the League of Nations covenant are not perfect. It is a human document, and subject to all human weaknesses and frailities. But its intention is good, and the best minds in the world have been responsible for its drafting. It may fail in its whole object, but failure will not result from a lack of sincere effort to attain success. It is the charter of a world's freedom—a contract of release from the age-old crime of war. It remains for the masses of the peoples of the world, who are the real sufferers in all wars, to insist that it be lived up to and fully respected.

Paris. — Sir Robert Borden, the Canadian premier ,is returning to Canada, according to Reuters, because the political situation there is said to require his presence. Sir George Foster probably will take Sir Robert's place as head of the Canadian delegation.

Child Had St. Vitus' Dance

And Was Losing Control of Arms and Legs Because of Exhausted Condition of Nerves—Doctor Said He Could Do Nothing But Complete Cure Was Effected

Cordova, Man. May 26. — To parents who are anxious or worried about the health of their growing children this letter must prove a message of good cheer. So many cures similar to this one have come to our attention that we are forced to consider Dr. Chase's Nerve Food the most effective treatment available for St. Vitus' Dance and all such conditions, which result from nervous exhaustion.

To children who are naturally nervous the strain of school life is often more than they can bear, and the results are seen in headaches, eye troubles, loss of appetite and indigestion. The use of Dr. Chase's Nerve Food at such times soon puts them on their feet and restores health and vigor.

Mrs. Wm. Matt, Cordova, Man., writes:

"My little girl, ten years old, was not very well, and I noticed some rather odd ways about her. She used to act very strangely at times. I asked the doctor what could be the matter, and he said she had St. Vitus' Dance; to keep her quiet and out of school. He said treatments weren't any use for her. She was affected in this way for a year. I thought something ought to be done, so in looking over Dr. Chase's Almanac I read several testimonials from people who had used Dr. Chase's Nerve Food. I sent for six boxes and started this treatment with my daughter. Before she had finished the first box I could see a great change in her, and by the time she had taken the six boxes she was completely cured. She is real well now, and going to school every day. —"Another daughter of mine has found Dr. Chase's Catarrh Powders very beneficial, and we always keep the Kidney-Liver Pills on hand as a household remedy for backache, etc."

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes for $2.75 at all dealers, or Edmanson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

Diplomacy is the art of making others believe that you really don't want something that you can't get.

Belgium's Present Army

Brussels. — Belgium's army at present numbers 210,000 men and 115-000 have been demobilized, the minister of war informed parliament. The minister said he would do his utmost to reduce the Belgian military forces to 100,000 men as soon as possible.

STRENGTH FOR THE DAY'S WORK

DEPENDS UPON GOOD BLOOD TO NOURISH THE BODY

Weak People Need a Tonic, One Which Acts Directly Upon the Blood and that Does Not Weaken the Body By Useless Purging.

There are thousands of people throughout Canada who are without ambition or strength to do their day's work, and who are always tired out, have but little appetite and a poor digestion. They cannot get a refreshing night's sleep and are subject to headaches, backaches and nervousness, because their blood is impure. To men and women in this condition Dr. Williams' Pink Pills give quick relief and permanent cure because of their direct action on the blood, which they build up to its normal strength. As the blood becomes rich and red it strengthens the muscles, tones up the nerves, makes the stomach capable of digesting food, and repairs the wastes caused by worry or work. In a word, the use of Dr. Williams' Pink Pills means restoration to perfect health.

BLOOD TURNED TO WATER

Miss Jessie McLean, Trenton, N.S., says:—"I was as weak as it was possible for any one to be, and yet be able to go about. My blood seemed to have turned almost to water. I was pale, the least exertion would leave me breathless, and when I went up stairs I would have to stop and rest on the way. I often had severe headaches, and at times my heart would palpitate alarmingly. A good friend urged me to try Dr. Williams' Pink Pills and I have reason to be grateful that I took the advice. Soon after beginning the use of the Pills I began to get stronger, and by the time I had taken seven boxes I felt that I was again enjoying good health. I think Dr. Williams' Pink Pills are a blessing to weak girls and I shall always warmly recommend them."

RHEUMATIC PAINS

The sufferer from rheumatism who experiments with outward applications is only wasting valuable time and good money in depending upon such treatment, the trouble still remains, and is all the time becoming more firmly rooted—harder to cure when the proper treatment is applied. Treat this disease through the blood and you will soon be rid of the pains and tortures. As a cure for rheumatism Dr. Williams' Pink Pills are unequalled. They act directly on the impure, weak blood; they purify and strengthen it, and so root out the cause of rheumatism. Mr. D. Lewis, postmaster at Escuminac, N.B., says: "I was attacked with rheumatism, which settled in my elbow, shoulder and knee joints, and at times caused me great suffering. The trouble was particularly severe last spring and I decided to try Dr. Williams' Pink Pills. After taking the Pills for some time the rheumatic pains and stiff- [illegible] disappeared and I have not had any return of the trouble."

A GOOD DIGESTION

Mrs. William Dale, Midland, Ont., says: "I suffered for a long time from a severe form of indigestion, and had doctored so much without benefit that I had all but given up [illegible] Everything I ate caused me intense pain and some days I did not touch a thing but a cup of cold water, and even that distressed me. As a result I was very much run down, and slept so poorly that I dreaded night coming on. I was continually taking medicine, but was actually growing worse instead of better. Having often read the cures made by Dr. Williams' Pink Pills, I finally decided to give them a trial. I have had great cause to bless this decision, for by the time I had used a couple of boxes there was no doubt the pills were helping me, and in less time than I had anticipated the pills had cured me and I was again enjoying not only good digestion, but better health in every way than before."

ALWAYS FEELS FIT

The wonderful success of Dr. Williams' Pink Pills is due to the fact that they go right to the root of the disease in the blood, and by making the vital fluid rich and red strengthen every organ and every nerve, thus driving out disease and pain, and making weak, despondent people bright, active and strong. Mr. W. T. Johnson, one of the best known and most highly esteemed men in Lunenburg County, N.S., says:—"I am a Provincial Land Surveyor, and am exposed the greater part of the year to very hard work travelling through the forests by day and camping out by night, and I find the only thing that will keep me up to the mark is Dr. Williams' Pink Pills. When I leave home for a trip in the woods I am as interested in having my supply of pills as provisions, and on such occasions I take them regularly. The result is I am always fit. I never take cold, and can digest all kinds of food such as we have to put up with hastily cooked in the woods. Having proved the value of Dr. Williams' Pink Pills as a tonic and health builder, I am never without them and I lose no opportunity in recommending them to weak people I meet."

SKIN TROUBLE CURED

Mrs. W. Ritchie, Parkbeg, Sask., says:—"Two years ago I was attacked with eczema on my hands. I tried almost everything that was advised, but as the trouble was growing worse I consulted a doctor and took his treatment for some time with no better results. By this time my hands were a mass of sores and I began to despair of finding a cure. A friend strongly advised me to try Dr. Williams' Pink Pills, and I decided to do so. After using two boxes I could see an improvement and I got a further supply. I used altogether eight boxes, by which time every trace of the eczema had disappeared and there has been not a single symptom of the trouble since that time. I gladly recommend Dr. Williams' Pink Pills for troubles of this kind."

Dr. Williams' Pink Pills should be kept in every home, and their occasional use will keep the blood pure and ward off illness. You can get these pills through any medicine dealer or by mail at 50c a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

SMOOTHEST REGULATOR FOR THE BOWELS IS HAMILTON'S PILLS

No Headache, Biliousness, Indigestion or Sour Stomach, Where They Are Used

A FINE CONSTIPATION CURE!

They Cleanse the Liver and Move The Bowels While You Sleep

Like a ship in the night, your constipated headache and digestive troubles will disappear after using Dr. Hamilton's Pills.

They cure the worst cases, act quietly at night while you sleep, and give you next morning the freshest, briskest, happiest feeling you have known in many a day.

Hamilton's Pills will cheer up the most despondent sufferer.

They will make tired out folks feel like kids at play.

They overcome backache, sideache, liverache and stomach, and kidney ills.

If they fail to do this, you can have your money refunded. Fair enough, eh?

Don't stay sick or ailing! use this grand family remedy at once. It will give you energy, spirits, ambition, appetite, good blood, better nerves—in short good health. You can get all this in a 25c box of Dr. Hamilton's Pills. Sold by all dealers in medicines.

If the average man could live his life over he would probably be a bigger fool than ever.

Minard's Liniment Used by Physicians.

The telephone girl has a speaking acquaintance with a great many people that she doesn't recognize.

Complete in itself, Mother Graves' Worm Exterminator does not require the assistance of any other medicine to make it effective. It does not fail to do its work.

A new serial story commences in this issue. Do not miss the first instalment.

Relieves Asthma at Once. If you could read the thousands of unsolicited letters received by the makers from grateful users you, too, would realize the remarkable curing powers of Dr. J. D. Kellogg's Asthma Remedy. All cases, incipient and chronic, are benefited by this great family remedy, and many of them are cured. Why suffer or experiment with worthless preparations when the genuine Kellogg's can be purchased everywhere.

Don't tell all you know, keep a little for seed.

Keep Minard's Liniment in the house

Filing a will sometimes rasps the feelings of the heirs.

Almost a Miracle, But Very Simple

Was the Cure of John New by Dodd's Kidney Pills

His Troubles All Came from Sick Kidneys and He Treated Them With the Old Reliable Canadian Remedy, Dodd's Kidney Pills.

Hillside, Battleford, Sask, May 19. (Special).—With a speed that was almost miraculous, Mr. John New, a well-known farmer here, has been cured of the kidney trouble from which he suffered for several years.

"Dodd's Kidney Pills cured me," he says. "I wish to give them all the thanks."

Speaking further of his troubles and their sudden cure, Mr. New says: "I think I inherited by kidney disease from my parents, and I suffered off and on for several years. I had stiffness in the joints, cramps in the muscles, backache, and neuralgia.

"I perspired freely on the slightest exertion and my perspiration had an unpleasant odor. I was irritable, often dizzy and was depressed and low spirited. My skin was dry and had a harsh feel and I was often nervous.

"I took just one box of Dodd's Kidney Pills. They cured me."

If your troubles come from the kidneys you will have some of the symptoms that Dodd's Kidney Pills cured in Mr. New's case. Ask your neighbors about Dodd's Kidney Pills.

The man who aims to roll up a fortune must first learn to roll up his sleeves.—Aylmer Express.

HARD, SOFT, OR BLEEDING ?

No matter what kind or where located, any corn is promptly cured by Putnam's Corn Extractor; being purely vegetable it causes no pain. Guarantee with every bottle of "Putnam's," use no other, 25c. at all dealers.

Huns Want Cheaper Food

Will Conditionally Abandon Demands for Higher Wages

Berlin. — Almost unnoticed amid the excitement incident to the receipt of the peace terms, and probably influenced by them, a movement, in which the workers are receding from their earlier demands for higher wages and are striving to induce the government to reduce prices, is gradually gaining ground.

The latest organization to adopt this policy is the German railwaymen's association, whose representatives at a conference with Minister Schmidt, agreed to abandon demands for higher wages, if the government would reduce food prices.

Miller's Worm Powders never fail. They immediately attack the worms and expel them from the system. They are complete in themselves, not only as a worm destroyer, but as a highly beneficial medicine for children, correcting weak digestion and restoring the debilitated system to healthfulness, without which the growth of the child will be retarded and its constitution weakened.

One woman always pays more attention to what another woman has on than to what she says.

Spare the rod and miss half the pleasure of fishing.

Why Can't I Get To Sleep?

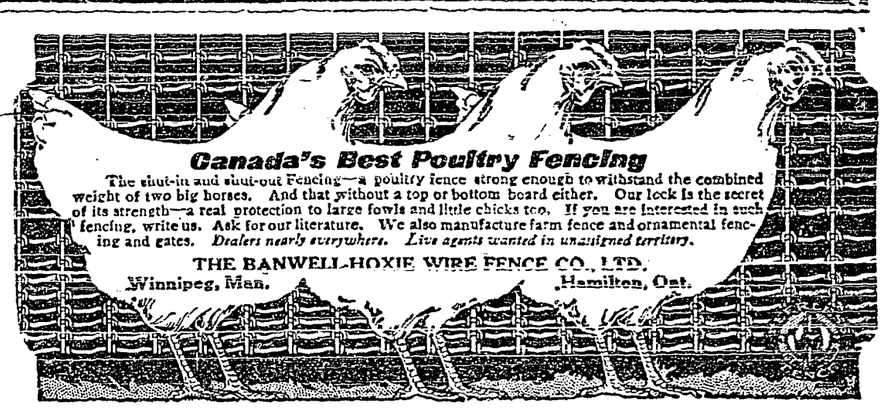
Thousands of people all over the country ask this question, but still continue to toss night after night on a sleepless bed, and it is impossible for them to get a full night's refreshing sleep.

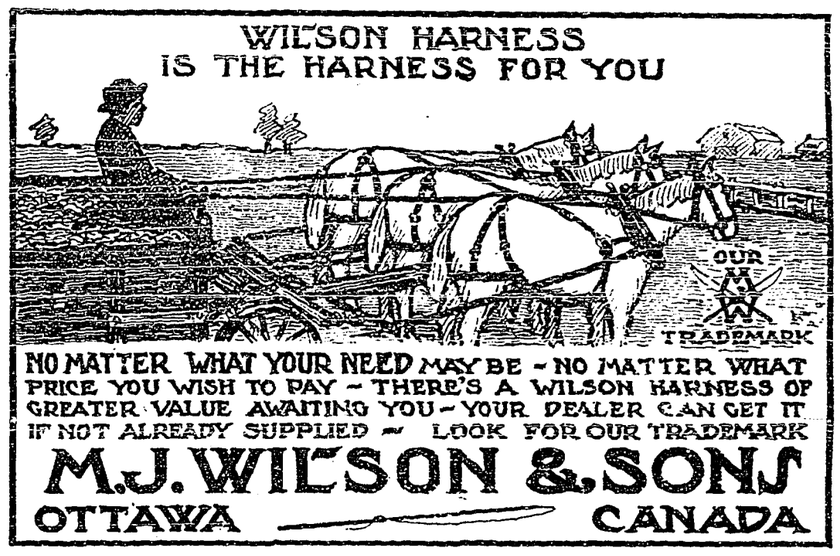
Some constitutional disturbance, worry or disease has so debilitated and irritated the nervous system that it cannot be quietened except by the pernicious use of opiates or narcotics. Or again, you have heart palpitation, and sensation of sinking, a feeling you are going to die, or perhaps you wake up in your sleep feeling as though you were about to choke or smother, and the only way you can get relief is to sit up in bed.

To all who suffer in this way, Milburn's Heart and Nerve Pills offer an inestimable boon. They bring back the much-needed night's rest by improving the tone of the nerves, strengthen the heart, enriching the blood and making the whole organization act in harmony—then you sleep as peaceful as a child.

Mrs. Jas. Latimer, 39 Leinster St., St. John, N.B., writes:—"At night I could not sleep. I had to sit up in bed, my heart beat so fast, and when I walked up stairs I would get all out of breath. A friend recommended Milburn's Heart and Nerve Pills and after using two boxes, I can sleep all night and am not out of breath after walking."

Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.





Allies Sink Bolsheviki Gunboat

Archangel. — One Bolshevik gunboat is reported to have been sunk on the Dvina river during an engagement between the British river flotilla and land batteries and the enemy fleet. The allied flotilla, aided by airplanes, also conducted a brisk bombardment along the Vaga river.

THE BEST MEDICINE FOR LTITLE ONES

Thousands of mothers state positively that Baby's Own Tablets are the best medicine they know of for little ones. Their experience has taught them that the Tablets always do just what is claimed for them and that they can be given with perfect safety to children of all ages. Concerning them Mrs. Joseph Therrien, St. Gabriel de Brandon, Que., writes: "Baby's Own Tablets are the best medicine I know of for little ones. I thought I would lose my baby before trying the Tablets, but they soon made him healthy and happy and now I would not be without them." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. William's Medicine Co., Brockville, Ont.

Leave for Russia

London. — The first contingent of the volunteer army raised to relieve the men who are fighting in north Russia left Newcastle recently for Archangel. Fifteen hundred men, including a machine gun company, were entrained. Two other contingents will leave for north Russia during the week.

Floods in Sweden

Damage Estimated at More Than 30,000,000 Kronen

Stockholm. — North Sweden is experiencing the worst floods in many years, due to abnormal rain and snowfall. The damage is estimated at more than 30,000,000 kronen. There have been avalanches and landslides in the Tromsoe district.

The farms were swept into the sea, twelve persons meeting death. Two cities, Solleftea and Hernosand, are isolated. The railway banks have been washed away and the bridges destroyed.

The town of Sundsvaal also has been badly damaged. Two bridges in the town were carried away and more than one hundred houses along the water front are submerged. Entire villages are isolated. Horses and cattle disappeared in the first furious current.

Have you read the opening chapter of our new serial appearing in this issue?

Fly from Vancouver to Victoria

Vancouver. — The first flight between Vancouver and Victoria was accomplished recently by Captain Alfred Pickey, pilot, and Captain [illegible] Ault, of the aerial league of Canada. The flight was made in a Canadian J. N. Four Curtiss airplane and the time, including a stop-over on the Island city, was three hours and 41 minutes.

Don't wear high heeled [illegible] Less you are partial to pigeon toes.

Report Is Denied

Wash The Kidneys!

After Bad Colds or Influenza Look to Kidneys and Bladder!

Owing to bad colds, over-eating or intemperance, or to the after effects of influenza—uric acid and toxins (poisons) are stored up in the body and cause backache, lumbago, rheumatic pains and stiff joints.

It is most essential that treatment be directed towards prompt casting out of the poisons from the body which cause these pains and aches. This means that the excretory organs—(the bowels, skin and kidneys)—should be excited to their best efforts. Every one should clean house—internally—and thus protect one's self from many germ diseases, by taking castor oil or a pleasant laxative such as Dr. Pierce's Pleasant Pellets, which are made of May-apple, aloes and jalap. Take these every other day. This will excite efficient bowel action. If you suffer from backache, irritation of the bladder and the kidneys, shown by the frequent calls to get out of bed at night, roseate sediment in the water, brick dust deposit, perhaps headache in the morning, you should obtain at the drug store "Anuric" (anti-uric acid), first put up by Dr. Pierce.

To build up the strength and improve the blood, take an iron tonic such as "Ironic," manufactured by Dr. Pierce, to be had in tablets at drug stores, or some good herbal tonic such as Dr. Pierce's Golden Medical Discovery, made from wild roots and barks without alcohol and put up in tablets or liquid.

Land Values

In the deal between the Canyon City Lumber Co., Ltd., and the Land Settlement Board for the purchase of some 8000 acres belonging to the former, but one thing now stands in the way of a successful culimination of the negotiations.

The board chairman and director, as well as employees of the agricultural departments at Victoria, have investigated the area thoroughly and have recommended it favorably, provided the whole tract can be had at the right price.

In determining a fair market value for the area so many factors enter into such a calculation—and these factors vary in different parts of the province—that it would be interesting to know just how the Land Settlement Board arrives at any conclusion in this connection.

For the soldier who will be placed on part of this land the government proposes to clear up five acres or more on say twenty-five tracts; it rebates the soldier $500 and then sells him his 40-acre block at the cost of the 40 acres plus the clearing expense.

With the clearing accomplished the soldier-agriculturist is in line for cash loans up to $5000 for development and another of $2500 for buildings. These loans are at 5 per cent., and 25 years is allowed to pay for everything.

Briefly stated there is the proposition and the terms thereof on which the soldier-agriculturist tackles ranching in the Creston Valley. To the ordinary homeseeker, who will also be urged to go on these lands by the board, very attractive terms will also be offered though, naturally, not so generous.

While the departmental exports may be able to figure out to the last box or crate just what a given area will yield, and such calculations have some merit, a better way to gauge the soundness of land values is to put a stated proposition like this up to people who have developed property in the Valley. If they are of one accord that a price of $40 per acre, with development on the terms enumerated, is a bargain the government will make no mistake in heeding this popular expression of opinion. When men who have been through the mill and have had the real on-the-land experience—such a buy as a bargain the government will make no mistake in giving their opinion greater heed than the valuations of those who do their appraising by the statistical route.

Authenticated figures have been submitted showing just what Valley lands, developed under pioneer conditions for the most part, are producing when handled by men with no more land experience to start with than will be possessed by the prospective newcomers, and certainly with less authentic advice as to what to grow and where and how to grow it. If these have made good under adverse conditions and on land that cost considerably more than $40 an acre view should the newcomer entering the industry under the most auspicious circumstances fail?

[illegible] have been made in [illegible] lands here, [illegible] ideal location as to market, more especially past performances as to [illegible] normal. [illegible] newcomer had to get [illegible] knowledge [illegible] experience and the [illegible] that obtained for [illegible] even the past five years would indicate that experience was a hard taskmaster.

If those who have the final say in this deal will take into careful consideration improved marketing facilities in every detail, with the knowledge they have of the productive capacity of Valley lands and the excellent quality of the product, plus all the other natural advantages and all wise Providence has endowed this section with, and to this add the ability of the newcomer to turn off a crop of some sort from not less than five acres the second year he is on the place—well, as more than one rancher has remarked, if the Canyon City area under those conditions is not worth $40 an acre then the whole government outfit should be jailed if it attempts to bring settlers into any part of the province even if it were giving its lands away.

Political Activity

With advice that Premier Borden is due back in Canada before the end of May, after about six months overseas helping shape up some of the details of the peace treaty; announcement that there will be a Dominion Liberal convention at Ottawa early in August to try and unite the two factions of the party as well as to formulate a platform on which to go before the electors at the impending federal contest; and the knowledge that such a contest is inevitable within a few months after the formal signing of the peace treaty, as per the arrangements when the preaent Union government was formed, has started the political pot boiling merrily, and taking things by and large the situation is decidedly interesting.

When Union government was effected in the early fall of 1917 the opinian was that with the close of the war Canada would revert back to the two old parties, and the old-time party campaigning prevail in the after-war Dominion contest. Just now there is no telling just how many parties will be putting candidates in the field, but with prospect of some half dozen—much depending on how extensive the tariff revisions will be at this session, and in what direction.

Unless there is a considerable revision downward as affecting the agricultural industry there is sure to be a farmers party, and at this distance it appears certain that neither the Liberals or Unionists are prepared to go as far in this direction as the agricultural interests demand. There is every liklihood of the war veterans putting up candidates, and in no inconsiderable number. There will be Liberal candidates and Unionist candidates, and if the tariff policy is inclined to be extreme toward ultimate free trade there is enough of the old Tory element that never warmed up to Unionism to revive Conservatism which with backing it may reasonably be expected to get from "the interests" would make itself felt in the industrial sections of the Dominion.

Much depends upon the budget, which will be delivered at Ottawa any day now, and on the Liberal conclave in August, with all the outward and visible signs at present in evidence indicating that at the next contest the Canadian electorate will have both quality and quantity in which to choose from when marking their ballots.

In the Cabinet

Locally a little spice has been added to the political roly poly by a brief, black face type paragraph in the Nelson Daily News to the effect that R. F. Green, M.P., is mentioned as a possible successor to Hon. Marcus Burrell, who is reported as anxious to retire—as minister of mines.

Rumors to like effect have been heard before, but the prominence the News gave the information, coupled with the fact that Mr. Green controls the News, is taken here to mean that there may be something to it, and that the modest featuring of the information was authoritatively inspired.

If in the allocating of portfolios regard is to be had to the placing of them where they belong, undoubtedly the mines department should be in charge of a B.C. man; and, following this same line of argument to a logical conclusion, assuredly that man should be from Kootenays, where the greater bulk of the Dominion,s mineral production originates.

And looking the B. C. members at Ottawa over casusully it would seem as if Mr. Green had all the essential qualifications of a mines minister in at least equal proportions with the other representatives from this province.

But while administrative capacity is requisite, another very important qualification is as to the prospective minister's ability to get elected himself, and be of material assistance in getting and electing government supporters in other constituencies in the province of which he is in the cabinet representative.

In the matter of carrying his own constituency there are no past records to judge Mr. Green by. He certainly swept everything before him in West Kootenay in 1917, even to the extent of enriching the federal treasury to the extent of the election deposits of Messrs. Maxwell and Austin—but that contest was hardly a fair show of public feeling toward him. He was win-the-war candidate and West Kootenay could not afford to see him lese under the circumstances.

But with the war over, and all the women having a vote no Unionist candidate would be unwise enough to imagine his 1919 strength to be on a par with the pre-war balloting, and Mr. Green is no amateur at politics—which latter credential would stand him in good stead if the Unionist premier is called upon to look his B.C. supporters over for a cabinet minister.

Undoubtedly the Unionist cabinet is to be reorganized, and if the very best men for the diffetent portfolios are selected no one will be surprised if Mr. Burrell disappears in the shakeup—and the Dominion might go further and fare worse than R. F. Green, M.P., minister of mines. And with cabinet honors attached to sustain him in a flght, led by a strong Unionist premier the betting should be safe at 50-50 on R. F.'s return.

Lend a Hand

It is possible for Canadians to take, without turning a hair, the $50,000,000 of War Savings Stamps issued a few months ago. All that is required is that they should realize how easily it could be done.

During the present year they will draw, at least, $75,000,000 in interest on Dominion War Bonds. All they to do is to put 65 per cent. of this into War Savings and Thrift Stamps and the $50,000,000 issue will be taken up.

If the 65 per cent. of the interest on the money that Canadians have put into these bonds were thus re-invested the bondholders and the country would benefit greatly. The people drawing the interest would hardly miss it, whereas the Government would get $50,000,000 of needed money for reconstruction work, while the new investment would pay the Stampholders well.

The government employees at Nelson [illegible] the authorities at Victoria for a 25 per cent. raise in pay.

At Fort Fraser they coax the government to build sidewalks by offering to [illegible] the powers that be will supply the lumber and nails.

Half a million dollars as the export value of Creston's 1919 fruit crop will mean prosperity to every rancher in the Valley, and will have more boosting value than fourteen carloads of talk.

Crop indications at the present time make this a possibility. It is up to everyone to make the present promise mature into a harvest of No. 1 fruit. Every neglected tree is a blow to the Valley's prosperity and future. Lay your plans naw to spray, thin and cultivate. Be a booster for the Creston half million dollar crop.

The Union has been preparing for three years to handle the problem of marketing 200 cars of mixed fruit. Some job, but no bigger than our present marketing plans. Concentrate on production; we can take care of marketing worries just a little better and cheaper than can be done in any other way.

Salient Points of B.C. Grazing Act

Below will be found all the important features of the new provincial Grazing Act which came into force the early part of the month. Our information is that some resident of the Valley will be named to issue these permits and generally supervise the enforcement of the regulations, but as the area over which he will have jurisdiction is Kootenay flats, and as these are now due for their usual flood, the naming of this official, and promulgation of the regulations that will govern grazing on the flats, may be looked for in ample time. Here are the pertinent features of the regulations:

Regulation 3. Whenever a majority of the owners of any class of live stock using a distsict or portion thereof shall organize themselves into a live stock association approved by the minister for the purpose of protecting and improving the range and live stock, a committee selected by the association shall be recognized by the department as an advisory board for the association for purposes of consultation with the officers of the department in reference to any matters pertaining to the management of grazing on the Crown range within the district or portion of a district for which the association is recognized.

Regalation 4. Each grazing district or sub district will be administered in accordance with special rules designed to meet the needs of the stock and range to which they are applicable. Wherever iu the judgment of the live stock association the establishment of certain special rules is advisable for the protection of the range and stock grazing thereon, and such rules are approved by the department and are not in conflict with existing provincial livestock laws, the department will establish these special rules for the Crown lands involved. When such rules become effectiye all persons using the range to which they apply will be required to comply with them.

Regulation 5. Whereyer any recognized live stock association constructs any needed range improvements approved by the department, permittees using said range will be required to pay their pro rata share of the cost of said improvements in all cases where they are benefitted by them. The pro rata share will be based upon the number of etock each permittee turns out upon the range benefitted by the improvement, and will be subject to annual readjustment upon change taking place in the number and kind of stock grazed by permittee.

Regulation 6. Each corporation, copartnership, and individual entitled to the use of the Crown lands for grazing purposes will protect such use by applying for and securing each year a permit to graze the number of stock he desires to graze. The department will receive applications and issue permits for the grazing use of Crown lands on forms furnished for such purposes. 60 days' public notice will be given each year of the date on or before which all applications for grazing permits must be filed with the department.

Regulation 7. In the issuance of grazing permits first consideration will be giyen to the resident stock owner whose improved ranch property or leasehold is or has been dependent upon the use of Crown range in the grazing district within which he is located, as well as the bona fide settlers entitled to the privilege of free or partially free grazing permits for not to exceed ten milch cows and work animals, or, in lieu thereof, 20 head of sheep. The needs of such permittees to be determined after conference with the advisory board recognized for each locality involved.

Regulation 8. A reasonable fee will be charged for grazing all kinds of live stock on the Crown range within established grazing districts. All grazing fees are payable in advance of the beginning of the grazing season unless otherwise authorized by the minister. This charge will be on a per head basis, and each allottment will embrace sufficient range to support the number of stock covered by the permit for the period for which it is issued. The initial rate will be 5c. per head of cattle per month, with a minimum charge of 25c., and a maximum charge of 50c. per head per season. Horses will be 25 per cent. more than cattle, and the rate for sheep and goats one-quarter of those for cattle.

Regulation 9. The following acts are hereby defined as acts of trespass:

Allowing stock not exempt from trespass to drift or graze on any Crown range without permit.

Grazing or driving stock not exempt from permit on any Crown range without permit.

Violation of or failure to obseroe any term or condition of a grazing permit of any kind.

Refusal to remove stock from any Crown range upon instructions from an authorized officer.

Every person who commits any act of trespass as defined in these regulations shall be guilty of an offence, and liable, on summary conviction, to a penalty not exceeding $50, and each day's continuance of the act of trespass shall constitute a new and distinct offence.

Every Lady May Join Auxiliary

Owing to the misunderstanding as to exactly who is eligible for membership in the Women's Auxiliary that it is desired to form in connection with the Great War Veterrns' Association, as well as indefinite knowledge as to the aims and objects of the auxiliary, the following letter, which is a copy of one sent to the Women's Institute, will be read with interest. It reads:

With regard to the organization of a Woman's Auxiliary to the local branch of the G.W.V.A. I believe some misapprehension exists as to just what the aims and objects of such an organization would be, and who are eligible to become members of such an organization.

To deal with the latter first. We consider that all good citizens of this district should be eligible for membership, regardless of their relationship to the soldier forces, in much the same manner as their membership was accepted in the Red Cross, subject to such rules as it may be deemed fit to impose.

With regard to the second, or rather the primary matter, we can best settle that point by stating what the aims and objects of the G.W.V.A. consist of, and these are what an auxiliary would assist in carrying out.

Our aims and objects are: 1. To perpetuate the close and friendly ties of mutual service in the great war, the recollections and associations of that experience, and to maintain proper standards of dignity and honor between all returned soldiers.

2. To preserve the memory and records of those who suffered and died for the nation. To see to the erection of monuments to their valor, the provision of suitable burial places, and the establishment of annual memorial day.

3. To ensure that proper provision is made for the sick, wounded and needy among those who have served, including reasonable pensions, employment for such as are capable, soldiers' homes, medical care and suitable provision for dependent families of enlisted men.

4. To constantly inculcate loyalty to Canada and the empire, and unstinted service in their interest.

5. To guard carefully the good name interests and the standing of our comrades still overseas, and to which they should be entitled upon their return.

6. To impress upon its members that they are to continue in their service to Canada as citizens, the same spirit of sacrifice and loyalty that they have shown to Canada and the empire as soldiers, and to remain as members of the association non-sectarian and non-partizan.

7. To raise funds for all purposes of the association by fees from members, by obtaining public and private grants by various grants and by various forms of amusement, entertainment and instruction, and otherwise as the association may determine.

8. To promote recruiting and enlistment and to assist forces on active service by operating hospitals, convalescent homes, canteens and other like institutions either within or without Canada.

9. To do all such other lawful acts and things relative or incidental to the said objects as may be found necessary or expedient.

The above generally outlines what we are out to accomplish, and incidentally by our conduct and loyalty to act an example to all others.

We are distinctly a non political body, and each member of our organization reserves to himself the right to support that person who will, in his opinion, do the most for the general welfare of the community.

No member of our organization, or of the one we are endeavoring to interest you in, is bound to give his or her support to anything, or any person not operating in the best interests of all; but we are bound to give every support to the laws of our country, and to that person—soldier, civilian, male or female—who will accomplish the best and most for our Canadian humanity.

As it is specially desired to get the auxiliary at work will the ladies who are desirous of joining the organization please hand in their names to Mrs. St. Jean at the earliest possible moment.

The News says from five to ten Italians have been leaving Trail monthly since peace was declared, returning to Italy.

It will cost $1500 to outfit the G.W.V.A. band at Nelson with instruments —$1000 for the goods and about $500 duty on them.

One Nelson real estate firm claims to have sold $30,000 worth of ranch property in that neighborhood already this month.

Greenwood citizens are still optimistic that operations will soon be resumed at the smelter there which was shut down about eight months ago.

A SYNOPSIS OF LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions, with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of $10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued provided applicant makes improvements to extent of $300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of $10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes, areas exceeding 640 acres may be leased by one person or company.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

TOWNSITE PROPERTY ALLOTMENT ACT.

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchaser from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.

For information apply to any Provincial Government Agent or to

EDITORIAL

Charter of the World's Freedom

The peace treaty, including, as it does, the covenant of the League of Nations, which has been presented to Germany for signature, is without question one of the most important documents ever drafted in the history of this old world. It takes its place along with Magna Charta and the American Declaration of Independence as an instrument of the first magnitude in providing for and safeguarding the liberties of mankind. Magna Charta and the Declaration of Independence won for the English-speaking peoples of the world those rights and liberties which we prize so highly, and in defence of which we are ever ready to lay down our lives, and they had their effect on other nations. But the treaty of Versailles, 1919, is designed to guarantee the rights and liberties, not of one race or one nation, but of all races and all nations

The penalties imposed on Germany are severe, but who will say they are not just and necessary? Insofar as Germany is deprived of territory in Europe, it is taken away from her, not in a spirit of revenge nor of aggrandizement on the part of the allies, but in order to right wrongs inflicted by Germany on others in the heyday of her autocratic military power. Silesia has to be ceded because she [illegible] was not a [illegible] with power [illegible] subjective races. [illegible] time and [illegible] power [illegible] Middle [illegible] army [illegible] peoples [illegible]

nances, industries, transportation systems, shipping, trade and commerce as parts of their military machine.

The huge sums of money which Germany must pay to the allies are not extorted from her as was the indemnity which Germany imposed on France in 1871. Germany then imposed a fine on France, but today the allies are but compelling Germany to make restitution and reparation for the wanton destruction she has caused in Belgium, France, Serbia and other countries and for the crimes committed against inoffensive non-combatants contrary to all the accepted usages of war.

The peace treaty, however, is much more than the infliction of just punishment on Germany for the horrors and sufferings she brought upon the world and the enforcement of guarantees against a repetition of the outrage. With its League of Nations covenant it is a declaration of principles for the guidance of all nations, large and small, in their dealings with one another. It does even more than that—it lays down principles which are to govern within the nations themselves in their dealings with their own people.

Well defined principles are laid down under which the more advanced nations are to be entrusted with mandatory powers over less advanced territories and less enlightened peoples. Where people are not yet capable of self-government, they are to be governed, not for the benefit and aggrandizement of the governing body, but for the advancement and in the welfare of the people themselves. So, too, is it clearly defined that in all nations the man who works with his hands, and puts his physical strength in his work, is no longer to be regarded as a mere commodity to be used for profit, but as a human being, a partner in the world's work.

No longer are the small and weak nations of the world to be forced to live in constant dread under the menace of a rattling sword in the hands of a stronger nation; no longer are peoples and races to be held subject to a foreign yoke; no longer will the ruthless Turk be allowed to put helpless Armenians to the fire and sword; no longer will it be necessary that millions of men be held in idleness in huge conscript armies while other millions are burdened with taxes to maintain them in idleness; no longer is the chief business of Europe to be war and preparation for war. The peace treaty declares that it is to be the international business of the world to create better living conditions for the masses, to provide safeguards for the health of mankind, to put down slavery in all its forms, to seek the destruction of the opium traffic and other vices—in a word to build up and benefit, not to tear down and blight.

The peace treaty and the League of Nations covenant are not perfect. It is a human document, and subject to all human weaknesses and frailities. But its intention is good, and the best minds in the world have been responsible for its drafting. It may fail in its whole object, but failure will not result from a lack of sincere effort to attain success. It is the charter of a world's freedom—a contract of release from the age-old crime of war. It remains for the masses of the peoples of the world, who are the real sufferers in all wars, to insist that it be lived up to and fully respected.

Paris. — Sir Robert Borden, the Canadian premier ,is returning to Canada, according to Reuters, because the political situation there is said to require his presence. Sir George Foster probably will take Sir Robert's place as head of the Canadian delegation.

Child Had St. Vitus' Dance

And Was Losing Control of Arms and Legs Because of Exhausted Condition of Nerves—Doctor Said He Could Do Nothing But Complete Cure Was Effected

Cordova, Man. May 26. — To parents who are anxious or worried about the health of their growing children this letter must prove a message of good cheer. So many cures similar to this one have come to our attention that we are forced to consider Dr. Chase's Nerve Food the most effective treatment available for St. Vitus' Dance and all such conditions, which result from nervous exhaustion.

To children who are naturally nervous the strain of school life is often more than they can bear, and the results are seen in headaches, eye troubles, loss of appetite and indigestion. The use of Dr. Chase's Nerve Food at such times soon puts them on their feet and restores health and vigor.

Mrs. Wm. Matt, Cordova, Man., writes:

"My little girl, ten years old, was not very well, and I noticed some rather odd ways about her. She used to act very strangely at times. I asked the doctor what could be the matter, and he said she had St. Vitus' Dance; to keep her quiet and out of school. He said treatments weren't any use for her. She was affected in this way for a year. I thought something ought to be done, so in looking over Dr. Chase's Almanac I read several testimonials from people who had used Dr. Chase's Nerve Food. I sent for six boxes and started this treatment with my daughter. Before she had finished the first box I could see a great change in her, and by the time she had taken the six boxes she was completely cured. She is real well now, and going to school every day.

"Another daughter of mine has found Dr. Chase's Catarrh Powders very beneficial, and we always keep the Kidney-Liver Pills on hand as a household remedy for backache, etc."

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes for $2.75 at all dealers, or Edmanson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

Diplomacy is the art of making others believe that you really don't want something that you can't get.

Four Killed in Quake

Las Palmas, Canary Islands.—Four people were killed in the earthquake which shook the island of Fuertaventura several days ago. The bulk of the population of the island has fled.

A Boon for the Bilious.—The liver is a very sensative organ and easily deranged. When this occurs there is undue secretion of bile and the acrid liquid flows into the stomach and sours it. It is a most distressing ailment, and many are prone to it. In this condition a man finds the best remedy in Parmelee's Vegetable Pills, which are warranted to speedily correct the disorder. There is no better medicine in the entire list of pill preparations.

The frankness with which a seventeen-year old girl refers to herself as an old maid is certainly amusing.

Belgium's Present Army

Brussels. — Belgium's army at present numbers 210,000 men and 115-000 have been demobilized, the minister of war informed parliament. The minister said he would do his utmost to reduce the Belgian military forces to 100,000 men as soon as possible.

STRENGTH FOR THE DAY'S WORK

DEPENDS UPON GOOD BLOOD TO NOURISH THE BODY

Weak People Need a Tonic, One Which Acts Directly Upon the Blood and that Does Not Weaken the Body By Useless Purging.

There are thousands of people throughout Canada who are without ambition or strength to do their day's work, and who are always tired out, have but little appetite and a poor digestion. They cannot get a refreshing night's sleep and are subject to headaches, backaches and nervousness, because their blood is impure. To men and women in this condition Dr. Williams' Pink Pills give quick relief and permanent cure because of their direct action on the blood, which they build up to its normal strength. As the blood becomes rich and red it strengthens the muscles, tones up the nerves, makes the stomach capable of digesting food, and repairs the wastes caused by worry or work. In a word, the use of Dr. Williams' Pink Pills means restoration to perfect health.

BLOOD TURNED TO WATER

Miss Jessie McLean, Trenton, N.S., says:—"I was as weak as it was possible for any one to be, and yet be able to go about. My blood seemed to have turned almost to water. I was pale, the least exertion would leave me breathless, and when I went up stairs I would have to stop and rest on the way. I often had severe headaches, and at times my heart would palpitate alarmingly. A good friend urged me to try Dr. Williams' Pink Pills and I have reason to be grateful that I took the advice. Soon after beginning the use of the Pills I began to get stronger, and by the time I had taken seven boxes I felt that I was again enjoying good health. I think Dr. Williams' Pink Pills are a blessing to weak girls and I shall always warmly recommend them."

RHEUMATIC PAINS

The sufferer from rheumatism who experiments with outward applications is only wasting valuable time and good money in depending upon such treatment, the trouble still remains, and is all the time becoming more firmly rooted—harder to cure when the proper treatment is applied. Treat this disease through the blood and you will soon be rid of the pains and tortures. As a cure for rheumatism Dr. Williams' Pink Pills are unequalled. They act directly on the impure, weak blood; they purify and strengthen it, and so root out the cause of rheumatism. Mr. D. Lewis, postmaster at Escuminac, N.B., says: "I was attacked with rheumatism, which settled in my elbow, shoulder and knee joints, and at times caused me great suffering. The trouble was particularly severe last spring and I decided to try Dr. Williams' Pink Pills. After using the [illegible] time the rheumatic pains and stiffness in the joints disappeared and I have not had any return of the trouble."

A GOOD DIGESTION

Mrs. William Dale, Midland, Ont., says: "I suffered for a long time from a severe form of indigestion and had doctored [illegible] without benefit that I had all but given up hope [illegible] ate caused me intense pain and some days I did not touch a thing but a cup of cold water, and even that distressed me. As a result I was very much run down, and slept so poorly that I dreaded night coming on. I was continually taking medicine, but was actually growing worse instead of better. Having often read the cures made by Dr. Williams' Pink Pills, I finally decided to give them a trial. I have had great cause to bless this decision, for by the time I had used a couple of boxes there was no doubt the pills were helping me, and in less time than I had anticipated the pills had cured me and I was again enjoying not only good digestion, but better health in every way than before."

ALWAYS FEELS FIT

The wonderful success of Dr. Williams' Pink Pills is due to the fact that they go right to the root of the disease in the blood, and by making the vital fluid rich and red strengthen every organ and every nerve, thus driving out disease and pain, and making weak, despondent people bright, active and strong. Mr. W. T. Johnson, one of the best known and most highly esteemed men in Lunenburg County, N.S., says:—"I am a Provincial Land Surveyor, and am exposed the greater part of the year to very hard work travelling through the forests by day and camping out by night, and I find the only thing that will keep me up to the mark is Dr. Williams' Pink Pills. When I leave home for a trip in the woods I am as interested in having my supply of pills as provisions, and on such occasions I take them regularly. The result is I am always fit. I never take cold, and can digest all kinds of food such as we have to put up with hastily cooked in the woods. Having proved the value of Dr. Williams' Pink Pills as a tonic and health builder, I am never without them and I lose no opportunity in recommending them to weak people I meet."

SKIN TROUBLE CURED

Mrs. W. Ritchie, Parkbeg, Sask., says: "Two years ago I was attacked with eczema on my hands. I tried almost everything that was advised but as the trouble was growing worse I consulted a doctor and took his treatment for some time with no better results. By this time my hands were a mass of sores and I began to despair of finding a cure. A friend strongly advised me to try Dr. Williams' Pink Pills, and I decided to do so. After using two boxes I could see an improvement and I got a further supply. I used altogether eight boxes, by which time every trace of the eczema had disappeared and there has been not a single symptom of the trouble since that time. I gladly recommend Dr. Williams' Pink Pills for troubles of this kind."

Dr. Williams' Pink Pills should be kept in every home, and their occasional use will keep the blood pure and ward off illness. You can get these pills through any medicine dealer or by mail at 50 a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Almost a Miracle, But Very Simple

Was the Cure of John New by Dodd's Kidney Pills

His Troubles All Came from Sick Kidneys and He Treated Them With the Old Reliable Canadian Remedy, Dodd's Kidney Pills.

Hillside, Battleford, Sask, May 19. (Special).—With a speed that was almost miraculous, Mr. John New, a well-known farmer here, has been cured of the kidney trouble from which he suffered for several years.

"Dodd's Kidney Pills cured me," he says. "I wish to give them all the thanks."

Speaking further of his troubles and their sudden cure, Mr. New says: "I think I inherited by kidney disease from my parents, and I suffered off and on for several years. I had stiffness in the joints, cramps in the muscles, backache, and neuralgia.

"I perspired freely on the slightest exertion and my perspiration had an unpleasant odor. I was irritable, often dizzy and was depressed and low spirited. My skin was dry and had a harsh feel and I was often nervous.

"I took just one box of Dodd's Kidney Pills. They cured me."

If your troubles come from the kidneys you will have some of the symptoms that Dodd's Kidney Pills cured in Mr. New's case. Ask your neighbors about Dodd's Kidney Pills.

The man who aims to roll up a fortune must first learn to roll up his sleeves.—Aylmer Express.

Huns Want Cheaper Food

Will Conditionally Abandon Demands for Higher Wages

Berlin. — Almost unnoticed amid the excitement incident to the receipt of the peace terms, and probably influenced by them, a movement, in which the workers are receding from their earlier demands for higher wages and are striving to induce the government to reduce prices, is gradually gaining ground.

The latest organization to adopt this policy is the German railwaymen's association, whose representatives at a conference with Minister Schmidt, agreed to abandon demands for higher wages, if the government would reduce food prices.

Miller's Worm Powders never fail. They immediately attack the worms and expel them from the system. They are complete in themselves, not only as a worm destroyer, but as a highly beneficial medicine for children, correcting weak digestion and restoring the debilitated system to healthfulness, without which the growth of the child will be retarded and its constitution weakened.

One woman always pays more attention to what another woman has on than to what she says.

Spare the rod and miss half the pleasure of fishing.

Why Can't I Get To Sleep?

Thousands of people all over the country ask this question, but still continue to toss night after night on a sleepless bed, and it is impossible for them to get a full night's refreshing sleep.

Some constitutional disturbance, worry or disease has so debilitated and irritated the nervous system that it cannot be quietened except by the pernicious use of opiates or narcotics. Or again, you have heart palpitation, and sensation of sinking, a feeling you are going to die, or perhaps you wake up in your sleep feeling as though you were about to choke or smother, and the only way you can get relief is to sit up in bed.

To all who suffer in this way, Milburn's Heart and Nerve Pills offer an inestimable boon. They bring back the much-needed night's rest by improving the tone of the nerves, strengthen the heart, enriching the blood and making the whole organization act in harmony—then you sleep as peaceful as a child.

Mrs. Jas. Latimer, 39 Leinster St., St. John, N.B., writes:—"At night I could not sleep. I had to sit up in bed, my heart beat so fast, and when I walked up stairs I would get all out of breath. A friend recommended Milburn's Heart and Nerve Pills and after using two boxes, I can sleep all night and am not out of breath after walking."

Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Allies Sink Bolsheviki Gunboat

Archangel. — One Bolshevik gunboat is reported to have been sunk on the Dvina river during an engagement between the British river flotilla and land batteries and the enemy fleet. The allied flotilla, aided by airplanes, also conducted a brisk bombardment along the Vaga river.

THE BEST MEDICINE FOR LTITLE ONES

Thousands of mothers state positively that Baby's Own Tablets are the best medicine they know of for little ones. Their experience has taught them that the Tablets always do just what is claimed for them and that they can be given with perfect safety to children of all ages. Concerning them Mrs. Joseph Therrien, St. Gabriel de Brandon, Que., writes: "Baby's Own Tablets are the best medicine I know of for little ones. I thought I would lose my baby before trying the Tablets, but they soon made him healthy and happy and now I would not be without them." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. William's Medicine Co., Brockville, Ont.

Leave for Russia

London. — The first contingent of the volunteer army raised to relieve the men who are fighting in north Russia left Newcastle recently for Archangel. Fifteen hundred men, including a machine gun company, were entrained. Two other contingents will leave for north Russia during the week.

Floods in Sweden

Damage Estimated at More Than 30,000,000 Kronen

Stockholm. — North Sweden is experiencing the worst floods in many years, due to abnormal rain and snowfall. The damage is estimated at more than 30,000,000 kronen. There have been avalanches and landslides in the Tromsoe district.

The farms were swept into the sea, twelve persons meeting death. Two cities, Solleftea and Hernosand, are isolated. The railway banks have been washed away and the bridges destroyed.

The town of Sundsvaal also has been badly damaged. Two bridges in the town were carried away and more than one hundred houses along the water front are submerged. Entire villages are isolated. Horses and cattle disappeared in the first furious current.

Wash The Kidneys!

After Bad Colds or Influenza Look to Kidneys and Bladder!

Owing to bad colds, over-eating or intemperance, or to the after effects of influenza—uric acid and toxins (poisons) are stored up in the body and cause backache, lumbago, rheumatic pains and stiff joints.

It is most essential that treatment be directed towards prompt casting out of the poisons from the body which cause these pains and aches. This means that the excretory organs—(the bowels, skin and kidneys)—should be excited to their best efforts. Every one should clean house—internally—and thus protect one's self from many germ diseases, by taking castor oil or a pleasant laxative such as Dr. Pierce's Pleasant Pellets, which are made of May-apple, aloes and jalap. Take these every other day. This will excite efficient bowel action. If you suffer from backache, irritation of the bladder and the kidneys, shown by the frequent calls to get out of bed at night, considerable sediment in the water, brick-dust deposit, perhaps headache in the morning, you should obtain at the drug store Anuric (anti-uric acid), first put up by Dr. Pierce.

To build up the strength and improve the blood, take an iron tonic such as "Irontic," manufactured by Dr. Pierce, to be had in tablets at drug stores, or some good herbal tonic such as Dr. Pierce's Golden Medical Discovery, made from wild roots and barks without alcohol, and put up in tablets or liquid.

Coffee

For most people breakfast is not right without a cup of coffee.

And with coffee, possibly more than any other beverage, it must be good or a more or less spoiled meal is the inevitable result.

Soluble Barrington Hall Coffee

is the best insurance against disappointment—any way you consider the coffee question.

It is made in an instant in the cup, as clear as wine, and of the strength desired by each person to be served.

No muddy grounds. No "left over" to be wasted, and no coffee pot to clean.

Simply place a half teaspoonful, more or less according to strength desired, in the cup, and add hot water.

We have just placed a line of the Soluble Barrington Hall goods in stock. It is in a package containing sufficient for 35 cups.

Gold Seal Blend

pure, rich and fragrant, and will give a delicious cup of coffee. In the old-line package goods Gold Seal is excelled by none.

Bulk Coffee
