Provincial Library

THE CRESTON REVIEW

VOL. XIV. CRESTON, B. C., FRIDAY, NOVEMBER 3, 1922 No. 39

Kitchener

Mr. and Mrs. Franscen were week-end visitors at Cranbrook.

Miss Irene Schmidt, former teacher here, now at Sirdar, was a week end guest of Mrs. Hunt.

Mr. and Mrs. Shear have arrived from the prairie, Mr. Shear having taking a contract of cutting and skidding logs for G. A. Hunt.

There is a great demand for houses here, at least a dozen families would like to get places to live in. They are prairie folk who are here for at least the winter.

Miss Hunter, principal of Kitchener school, has issued the following report of the pupils' standing in connection with the October examinations: Senior Fourth—Alice Molander, Luke Castonquay. Senior Third—Mildred Andeen, Clara Hunt. Junior Third—Beatrice Molander. First Reader—Richard Molander. Second Primer—Irene Cataclunn, Elton Schonnert. First Primer—Joseph Murray.

Sirdar

Noble Gammon, who has been fireman on the switch engine for the last six months, left last week for a two months' vacation, which will be spent at points in New Brunswick and Nova Scotia.

Mrs. Manahan and Mrs. Roy Proctor of Cranbrook are both here on a visit with their parents, Mr. and Mrs. Goodman.

Roadmaster Walker and master mechanic McFadden were both here on Tuesday on a visit of inspection.

Misses McLellan, Porter and Chadwick gave a very successful tea in the hall over the Whitesides store on Wednesday last, the affair being in aid of the 5000 nickel fund, there being a good turnout of townspeople.

The largest and best dance of the season was held in Whitesides' Hall on hallowe'en when some twenty four couple masked—most of them in very pretty costumes—attended. The judges had quite a serious time picking the costume winners but finally awarded the ladies' prize to Miss Chadwick, who was garbed as Night, while the ladies' comic went to Mrs. Geo. Manahan, clown. The gents' prize fell to Jack Cameron, whose garb was that of Good Night. Guests were present from Wynndel and Proctor, and certainly everyone had a fine time. The supper was of Sirdar's usual excellent quality, and it was at least 2 a.m. before the good night waltz was called. The hall was done in the customary hallowe'en decoration effect. The judges were Mrs. Jones and Mr Loasby, and their work seems to have given the highest satisfaction.

Sirdar must be anticipating a cold winter. Already two cars of fuel coal have arrived and has been readily sold to residents of town.

Messrs. North, Pascuzzo, Cherbo and Mannerino are winding up their season's apple shipping, and it would look as if the local crop would run to well over 2000 boxes.

Mayor Daly is not an apostle of the cold weather cult. Everyday he may be seen abroad with a fresh cut flower in his coat lapel—and is quite the Beau Brummel of Sirdar.

Fresh strawberries for desert on October 29th at Mrs. Jones', Kuskanook, does not sound like a cold winter, either.

Mrs. E. W. Ryckman of Creston was a visitor here for the dance on Tuesday night.

Sam Bysouth of Kuskanook went through on Wednesday on a trip to Creston. S. Pascuzzo also favored the metropolis with a businness call on Tuesday.

Lister

Col. and Mrs. Lister left Friday for Victoria, for the usual session of the B.C. legislature, in which the colonel is the representative for the Kaslo constituency.

J. M. Paul, who is working at the Continental mine, and "Tooley" McDonald, now at Kimberley, are visitors at the ranches here this week.

Jas. Jory and F. N. Thompson are busy at well deepening operations on the Thompson place. Some wells in the area are short of water following the unusually dry summer.

J. A. McGee is here from Spokane for a few days' stay in the area.

At the United Farmers meeting on Friday night assurance was read from the department that if sufficient pupils are available both a packing and pruning school will be held early in the year.

Deer hunters are advised that if they wish to secure a season's supply of venison in record time the Lister district is the one best spot to hunt in Deer are unusually thick and in some cases so tame that they will brouse around a field in which people are working. Lister people are already stocked with venison, and as the deer are doing some damage to orchards an invasion of outside hunters would be very much appreciated.

The school children's hallowe'en Concert on Tuesday night proved to be quite the equal of the best juvenile entertainment ever put on here, and with a supper and few hours' dancing as a windup certainly the affair was fully enjoyed by youngsters and grownups alike. Fred Power officiated as chairman and introduced a programme that included drills and dialogues by the children, as well as choruses in which the whole school took part. Recitations were given by Doris and Annie Yewbury, May Millington and Jessie Brain, while a double header of this sort was contributed by Willis Sinclair and Arthur Charleson. Variety was also lent proceedings by the putting on of the play, "All's well that ends Well." Several of the dancers were in costume, and in this connection special mention is due Mrs. Tompkins and D. B. Peterson. In fact the whole proceedings were highly picturesque as the school girls and boys were all trigged out in hallowe'en dress, while the time honored jack lanterns and pumpkins were also much in evidence. Full credit for the concert belongs to Misses Redpath and Hardisty, teachers, who showed rare ability in this line. The proceeds of about $15 will be utilized in connection with the Christmas entertainment and treat for the juveniles.

Public meeting of ratepayers Speers' Hall. Thursday, Nov. 9th, 8 p.m. Be on hand!

Notice to the Public

Exchange Billiard Parlor and Barber Shop

is still doing business at the same old stand

—We are here to stay.

—We have the only sanitary shop between Cranbrook and Nelson.

—The only shop that has equipment for Shampooing, Sterilizing and Sanitary Service.

—We solicit white trade trade only.

—All tools sterilized.

Arrangements for Nov. 11 Unveiling

Arrangements for the unveiling of the Valley's Soldiers' Memorial have been completed, and if things go through as per schedule the ceremony should certainly be highly creditable alike to the occasion and all who attend.

The exercises will commence at 2 p.m., Saturday, Nov. 11th, and it is hoped all places of business in town will close before that hour to give everyone a chance to be present, and to ensure that there will be no traffic annoyance permission has been secured to rope off Canyon Street for part of the afternoon, ropes being stretch across at a point in the neighborhood of Embree's garage, and the other about opposite Bevan's garage.

Stands are to be erected for the seating of the speakers and also a stand for the comfort of the relatives and next-of-kin of those whose names are shown on the stone.

The school children will parade from the schoolhouse at 1.30 p.m. prompt, and march to the head of Third Street, just north of the Imperial Bank. At this point the soldiers and Mounted Police will be waiting, and headed by the band the procession will march to the memorial stone. In front of the memorial will be a small hollow square, with the soldiers forming the west side, and the children at their rear. The space for the soldiers and children will be a roped enclosure, and outside these ropes is the space for the general public.

C. F. Hayes, president of the Board of Trade, has consented to preside on this occasion, and the programme as drafted is as follows:

God Save the King.
Prayer—Rev. J. A. James.
Chairman's Address.
Chorus—"O Canada."
Unveiling and Address—Rev. J. S. Mahood.
Chorus—"Maple Leaf."
Address—Col. C. H. Pollen.
Placing of Wreaths.
Hymn—"O God Our Help."
Last Post—Bugler Davie.

Everyone is expected to be present, and it is specially urged that all be on time, particularly the children, so that the whole ceremony may be carried thorough without any disturbance of any sort.

Wynndel

Miss Kitty Rosindale left last Friday for Vancouver, where she expects to remain for some time.

Monrad Wigen was a business visitor at Wynndel the early part of the week.

Arne Andestad was a week-end visitor here from Kitchener.

In spite of the fact that so many people are away from Duck Creek, those remaining had quite an enjoyable time at the United Farmers' dance on Saturday evening.

Miss Mary Harwood and Mr. Stanley Gregory, a couple of Wynndel's quite well-known young people were quietly married at the Presbyterian manse on Wednesday afternoon by Rev. J. A. James, and congratulations are extended them on their entry into Wynndel's ever-increasing ranks of married folks.

Mr. and Mrs. Packman and son returned to their home on Tuesday, but it is understood that they will be returning to Creston in a few days.

The sacrament of the Lord's Supper will be observed at the Presbyterian service here on Sunday.

Hallowe'en saw the residents of Duck Creek at the schoolhouse for a social evening. The children were all in costume, which were one and all good. The boys' first prize going to Manuel Irving and Gid. Bendetti, who appeared as the Gold Dust twins. Other prizes were awarded to Clarence Wilson, as an old woman. Ruth Joy, as a fairy and, as the judges agreed, the best dressed young lady in the hall; and Irwin Davies, as an old and very tired nigger man. Very highly recommended were Maggie and Jiggs, which characters were most effectively carried out by Miss Addie Rosindale and Howard Slingsby, to say nothing of Dinty Moore (Bessie Eakin) who accompanied them. Also highly recommended were the hallowe'en pumpkins, Miss Lillian Sadler and the good old honest garden pumpkin, Percy Cockle. The evening was spent by the young people in playing games, and about 11 o'clock a tasty lunch was served, and amid shouts yells and singing the crowd dispersed with every indication of having thoroughly enjoyed themselves.

Presbyterian Ladies' Aid

Thanksgiving Dinner

Speers' Hall

Friday, Nov. 3

6 to 8 p.m.

Supper - - 50c.

Everybody Invited.

Canyon City

Guy Browell expects to be leaving somtime next week for Kitchener, where he will have charge of a motor truck for the Paulson Mason Company.

John Butler will winter in Yahk, where he has a job in the logging camp Mr. Weatherhead is operating for the C.P.R. at that point

Mrs. Barnhardt and family of Yahk were week-end visitors with her parents, Mr. and Mrs. Knott, arriving in time for the chicken supper on Friday.

Mr. Wetherhead found the chicken supper excellent excuse to come home from Yahk for the week-end, spend a few days extra getting the place in shape for winter.

The Union packing shed is still operating at the siding, and will probably be open for another week or ten days.

The United Farmers are having a dance in the schoolhouse on Friday evening, Nov. 10th, the proceeds from which will go to the piano fund.

Members are reminded of the November meeting of the United Farmers on Saturday night, at which considerable important business will be to the fore.

The Ladies' Aid members are greatly pleased with the success of their chicken supper and entertainment at the school on Friday night, at which the intake was in the neighborhood of $75—which goes toward the church building fund. The spread of good things to eat was all that could be desired and the serving of the fare was equally satisfactory. After the supper, which was put on in the basement, adjournment was taken to the old school room, where a concert programme of merit was presented Rev. G. Knox occupying the chair. The numbers included recitations, dialogues and musical features, as well as pretty hallowe'en drill by sixteen girls. The recitations were contributed by Minnie Strong, Sylvester Messenger and Messrs. Kolthammer and H. Young. The dialogue, "Very Bashful," made a delightful change in the numbers, along with the "Cheery Song" by the men's quartette. Misses Muriel and Frances Knott pleased with their duett, "Drink to Me Only," while the entertainment opened auspiciously with a piano solo by Mrs. Pochin, and closed in the same happy fashion with a selection by the Swedish orchestra. The vocal selections by Mrs. Kolthammer and Messrs. Bateman and Young. Miss Frances Knott and Mr. Kolthammer very ably presided as accompanists.

West Creston

Jack Stevens, who has been here with his brother, Joe, making extensive improvements in the ranch, has returned to Tacoma, where he will spend the winter.

O. P. Bliss is in charge of hay baling operations at the Reclamation Farm, where he has a contract for putting up 100 tons. Mr. Bliss purchased a couple of five-acre tracts at the Government land sale last week, and will become a permanent resident on the Goat River bottom area.

The apple crop in this section is now all picked, and most of it shipped. Orchardists report considerable damage to apples this fall due to the excessive appetites of squirrels.

Angus Currie and Joe Stevens were at work last week making some needed improvements on the road in the neighborhood of twin bridges.

Mr. Bush of Creston was the last of the flats haymukers this year. He completed his cut on the Reclamation Farm the middle of last week. Both on the farm and flats more and better hay has been put up this year than ever before.

Every day almost parties from town are over here trying out the bass fishing, and now the colder weather has set in the flavor of the fish shows a decided improvement. Ducks are not as numerous as usual as yet, but it has been a good year for grouse.

At the Government auction of lands on Monday of last week John Moores acquired another five acres in Block 203 of Lot 9558, and W. Burling, a newcomer, acquired Blocks 214 and 215 in the same lot, this property being close to the Hurry place, and containing a considerable area of good land.

Erickson

All interested are reminded that the United Farmers are resuming their meetings on Tuesday night next, Nov. 7th, at the schoolhouse, at 8 o'clock.

Mrs. J. S. Peck and children have returned to Edmonton, Alta., after a month's visit here with her parents, Mr. and Mrs. G. Cartwright.

Miss Ruth Klingensmith was a visitor with Cranbrook friends a couple of days last week.

Mr. and Mrs. Kabitoff, our two best known summer Doukhobor visitors, have returned to Brilliant.

Erickson's straight carload apple shipments for the year had reached the total of 117 up till Tuesday night, and shipping still continues.

W. G. Littlejohn came within two days of making Erickson a November tomato shipper. He had five crates of the ripe variety out on Monday, and these will likely be the last this year.

Mrs. Fenton Smith is a visitor with Bellvue, Alta., friends at present.

Mrs. M. McCarthy left the latter part of the week for a visit with Vancouver and New Westminster friends.

Mr. Bothomley, who has been a visitor at Three Hills, Alta., is a visitor with his daughter, Mrs. Geo. Hobden, this week, en route to California. He is accompanied this far by another married daughter, Mrs. Evrns, of Three Hills.

D. H. Linn, who recently purchase six acres of the former Spence ranch, is getting things in shape for the erection of a residence on the land he acquired.

Miss Free, who has been visiting with Mrs. E. Cartwright, left at the end of the week for Portland, Ore.

While deer hunting in the Kitchener section on Thursday morning Walter Long had quite a close call from a serious shooting accident. So far as we can learn another hunter in the same section mistook Long for a deer but the shot happily did nothing worse than rather deeply graze him under the left arm. He was taken into Kitchener and Dr. Henderson summoned from Creston to attend him and he was taken home on the afternoon train.

Bar B Ranch,
October 2nd, 19—.

Exhibitions and fairs are extraordinarily popular in Western Canada. Is it, as Mr. O'Hara said, because Canadians must have something to celebrate? The Carbon City Annual Exhibition was held on Thursday and Friday of last week, and we all went in from the Bar B for the two days. To judge by the crowds which thronged the fair grounds, the neighbouring ranches must have been depopulated. I am sure that everyone for miles around was in town. Men, women and children, white, Indians and Chinese, all dressed in their best, and all good-naturedly oblivious to the discomforts due to lack of accommodation, passed and repassed each other, and gave the Carbon City quite a metropolitan air.

A seventeenth-rate theatrical troupe was in town, as also was an eighteenth-rate circus. The artistes connected with these two organizations stayed at our hotel. In fact, the Great American Giantess and the Snake Charmer had the bedroom just across the hall from me, while the Armless Lady was next door! They were very modest and unassuming in manner, and when the Giantess came to my door to ask for the loan of a needle and thread, one would never have suspected that she was "a personage of international celebrity."

The members of the theatrical company were more exclusive, and I was not so fortunate as to make the acquaintance of any of them. However, Mr. Livingstone and I went to see them in "A Knight of the Prairie," on Thursday evening. The play was the usual western melodrama—with a heroine who made me think of Jerry Brown's mother and her fears, and a hero who looked no more like a cowboy than he looked like the Lord Chief Justice—and the scenery had evidently been mixed in transit. In the last act, where the bold bad cattle-thief is confronted with the proofs of his guilt and the heroine confesses that she has misjudged the hero, "though her heart was ever his," the actors showed up beautifully against a Forest of Arden background with an ivy-covered church in the middle distance. I must not forget to mention the English lord, who is an indispensable feature of "dramas of western life"—surely such an Englishman as never was on land or sea! He wore hunting-clothes of the most pronounced type and carried a monocle, and his conversation consisted chiefly of such phrases as, "I say, deah boy," and "Dontcher know," spoken with an atrocious pseudo-Cockney accent. He was exceedingly popular with the audience, who shouted with laughter whenever he raised his monocle to his eye. There was no orchestra, but between the acts an imitation Paderewski played popular songs on an old piano, half of whose notes—the piano's, I mean—did not sound at all, and the other half were out of tune. But the audience very kindly joined in the choruses, so no one missed the orchestra. Taking it altogether, the performance was vastly more amusing than any musical comedy I have ever seen, and I enjoyed the evening immensely.

I enjoyed the Exhibition too. We spent Thursday morning viewing the exhibits, and I found much to admire—prize pigs, patchwork quilts, Indian beadwork, china painting, and amateur photography, to mention only a few of the sections.

But even prize pigs lose their charm eventually, and I was glad when it was time for the afternoon programme of sports. We had good seats in the grandstand. By the way, the uncovered part of the grandstand is known as "The Bleachers"—isn't that a delightful piece of irony?

For once posters told the truth, for without a doubt "the Grand Event of the Fair" was the Indian Parade with which the programme commenced. This parade consisted of about fifty "braves," who, clad in their war-paint—and very little else in some cases—rode on horseback twice around the race-track. Quite a number of the horses were piebald, and these had their white spots decorated with geometrical designs painted in the gaudiest of colours. The men also were painted, several of them wore eagle-feather war-bonnets, nearly all had beautiful beaded leggings and moccasins, and one old man created a sensation in a soldier's red coat and a dilapidated chimney-pot hat. They were a fearsome sight, and if they had given just one war-whoop I am sure I should have crawled under a seat. No need to complain that these did not look like real Indians! With the braves, but at a respectful distance to the rear, came their natural corollary—the "fair." There were not as many women as men, perhaps not more than a dozen in all, but they too were in all their finery. Three or four of the women had one or two children on the horse with them, and when you remember that the Indian's horses are very small ponies, you can imagine the top-heavy appearance of the patient steed.

Quite the funniest thing I ever saw was the squaw race. There were six entries, and the signal to start was given eleven times. The long-suffering judges at last gave up trying to have the horses start together, and it was lucky that they did so, otherwise we might have been waiting yet for the race to begin. As it was, one pony balked, one wheeled and galloped around the track in the wrong direction, and finally a little girl, of not more than seven or eight years old, brought her one-eyed charger to the tape in triumph, thirty yards ahead of the others. She took the thundering applause very calmly; to all appearances she might have been a jockey all her life.

One of the "spectacular" events failed to materialize. A handsome prize had been offered to the man who should succeed in riding an "outlaw" for a specified distance. An "outlaw" is a horse which cannot be broken, which has all the tricks known and a few not yet discovered, and which can only be ridden at peril of life or limb, so I looked forward to an exciting half-hour. Mr. Livingstone, who is said to be one of the best horsemen in the country, had enfered for the competition. But this outlaw had one trick that had never been seen before, even by the oldest inhabitant. When he was led out into the ring, he positively refused to rear, kick, bite, or run away. Tin whistles and torn paper merely bored him. With a melancholy air and drooping head he planted his four feet firmly on the ground and kept them there, instead of standing on his head after the manner of the picture-postcard broncho. Even the shouts of laughter and the cries of "What's the matter with Livingstone? He's all right!" failed to arouse him, and with a very foolish expression Mr. Livingstone mounted and rode the required distance. But he refused to claim the prize; and it was announced that the contest would be repeated on Friday. If ever a horse laughed up his sleeve, I am sure that one did. Why, I could have ridden him! I did not see the contest on Friday—Mrs. Bingham took me with her to make some calls—and I am very glad that I did not. The first and only man who tried to mount this very horse was thrown, trampled badly, and had his arm broken.

In accordance with my resolve to show the good with the bad in my Canadian diary, I must admit that there were things at the fair which I did not like. How civilized people can look with approval on the steer-roping contest is a mystery to me. On the ranches it is doubtless needful to pit a man on horseback against an infuriated steer; but when it is done for amusement, I draw the line. It was exciting, I must confess, and both men and horses seemed to enjoy the sport, even if the cattle did not. But when one maddened steer charged furiously and gored a gallant little horse, I came to my senses with a shock of shame. "Gee, that's nothing!" exclaimed a woman behind me; "there were three steers and two horses killed last time. These Alberta cowboys aren't on to their job—back home I've seen a worse steer than that roped and tied in thirty seconds, and nobody hurt." Plunging blindly, the horse put a few yards between itself and the steer, then crumpled into a heap, taking the rider down with it. Before I could tear my eyes away from the sickening scene, the man jumped to his feet and two revolver-shots rang out in the stillness—the first one sent the horse to the Happy Hunting-grounds, and the other was just in time to stop the steer in its second wild charge. The grandstand shook with applause—who could help applauding a man that had the cool courage to put his horse out of agony before thinking of his own danger? And that man was Lawrence Paget! Is it any wonder that England rules the world when even her "degenerates" can act in such a way?

But to return to the pleasant things. After the steer-roping came the ladies' relay race, in which each contestant—there were five—rode four horses: that is, after riding the first horse around the quarter-mile track, she dismounted, mounted a fresh horse, and went on, doing this until she had gone four times around, with a different horse each time. I did not forget to point out to Mr. Livingstone that the race was won by a girl who used a side-saddle, while the other four contestants rode astride. He says that I must enter next year; I should love to if I think by that time that I can ride well enough. In a little place such as Carbon City everyone takes part in the Exhibition who wishes to do so, and where everyone knows everyone else there is no unpleasant publicity.

On the whole, I spent two very enjoyable days, and I feel that I have seen still another phrase of Western life. Mr. Livingstone and I had a long conversation about the things which shocked me. He seemed to understand my amazement that such barbarities should be approved by apparently nice people, and he admitted that he always voted against the steer-roping contest. "But riding a bucking horse or an outlaw is different," he hastened to add. "A horse is always more or less 'white,' and if he is going to kill you he'll do it like a gentleman." He laughed at me when I coaxed him not to enter the contest on Friday, but finally he let me have my way. And now, in view of the accident which occurred, in which he might so easily have been the man hurt, he says that I am a witch.

Mr. Livingstone has never yet mentioned our meeting at Elba, even though he has spoken several times of having received letters from his mother or sisters. I suppose this is the far-famed Scotch "dourness"—or maybe he is trying to see how long a woman can keep a secret.

Fishes Avoid White Nets

Because fish are "wise" enough to steer clear of white nets, fishermen of Dalmatia color their nets with brown and bright green dyes.

Selling War Supplies

Motor Vehicles Bought Cheaply and Resold at High Figure

A new story of our methods of disposing of surplus army property comes from Ludd, in Palestine, where the motor vehicle and appliances belonging to the Egyptian Expeditionary Force were "dumped" ready for sale. Apparently there were few buyers in this out-of-the-way part of the world, and the sale did not receive much publicity in Cairo and Port Said.

According to a correspondent, the consequence was that the cars were sold for £20 apiece on the average and then taken into Cairo, where they were eagerly bought up at prices runing into three and four figures.—London Weekly Dispatch.

TELLS HOW CATARRH IS DESTROYED QUICKLY

Catarrh sufferers, meaning those with colds, sore throat, bronchial trouble, etc., can all be fixed up right at home by inhaling "Catarrhozone." In using Catarrhozone you don't take medicine into the stomach—you just breathe a healing piney vapor direct to the lungs and air passages. The purest balsams and the greatest antiseptics are thus sent to every spot where catarrhal trouble exists—germs are killed, foul secretions are destroyed, nature is given a chance and the disease ends quickly. Colds and throat troubles can't last if the pure healing vapor of Catarrhozone is breathed—sneezing and coughing cease at once, because irritation is removed. Bronchitis, irritation and weakness in the throat soon disappear. Use Catarrhozone whether young or old. Two months treatment $1.00, small size 50c, dealers everywhere or The Catarrhozone Co., Montreal.

There are people who never seem to get a chance to do anything except the things they can't do.

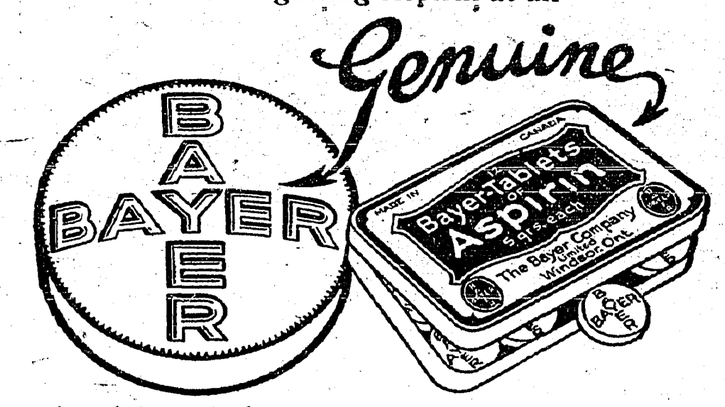
Radio May Be Used To Transmit Power

New Development Next Important Step Says Marconi

Transmission of power from Niagara Falls to New York by radio is a possibility of the future in the opinion of Dr. E. F. W. Alexanderson, chief engineer of the Radio Corporion. This prediction by the noted engineer followed the success of a 16-hour test of electron tubes in place of large alternators in transmitting wireless messages across the Atlantic Ocean. Possibility of power transmission by the use of electron tubes has stimulated the imagination of scientists, who for some time have believed that wireless transmission of power might come to pass. The almost infinite possibility of the tubes attracted the attention of Marconi when he was at New York, and their development, he said, was the next most important step in wireless.

ASPIRIN

UNLESS you see the name "Bayer" on tablets, you are not getting Aspirin at all



Accept only an "unbroken package" of "Bayer Tablets of Aspirin," which contains directions and dose worked out by physicians during 22 years and proved safe by millions for

Colds, Headache, Rheumatism, Toothache, Neuralgia, Neuritis, Earache, Lumbago, Pain, Pain

Handy "Bayer" boxes of 12 tablets—Also bottles of 24 and 100—Druggists.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Got No Sleep

But now the neuritis has gone, the pains have ceased, the nervous system is restored and the writer of this letter pays a grateful tribute to the medicine which made him well.

Mr. John Woodward, P.T.O., Lucan, Ont., writes:

"It gives me much pleasure to recommend Dr. Chase's medicines, especially the Nerve Food. I was a sufferer from neuritis for several years, and tried all kinds of remedies, yet never seemed to get any better. At last my nerves and whole system seemed to give way through not being able to get any rest or sleep at nights for pain, which mostly used to take me in all parts of the limbs and feet. My nerves would twitch till my whole body would seem to jerk right up as I lay in bed. Almost at the point of despair, I decided I would get Dr. Chase's Nerve Food, which I did and after taking twenty boxes I believe myself almost normal again. I also keep a box of Dr. Chase's Kidney-Liver Pills on hand, and for the past year I seem to enjoy my usual health."

Dr. Chase's Nerve Food, 50c a box, all dealers, or Edmanson, Bates & Co., Limited, Toronto.

You can have your "good propositions," "wonderful opportunities," Turkish and mixed blends," and all the rest

Calgary Citizen Gains Twenty-One Pounds

Alex. Hayman, a World War Veteran and well-known resident of 627 Fifth Ave., West, Calgary, Alberta, is still another who has found Tanlac a safe and sure road back to health, strength and working efficiency.

"I am not only feeling better than I have in years," says Mr. Hayman, "but I have actually gained twenty-one pounds and you may know by that what I think of Tanlac. My stomach and kidneys had been badly out of order for nearly four years and my appetite had deserted me entirely. Everything I would eat caused indigestion and as a result I lost twenty-five pounds in weight. I lost energy and strength until I just felt that each day would be the last I could stay on the job. At times my back was so lame and stiff that I could hardly raise myself up out of bed. The power of endurance had left me and I just seemed to be 'dead on my feet' so to speak.

"But it only took Tanlac a few weeks to set me right and I am now feeling fine. I thoroughly enjoy my three square meals a day, for I have a wonderful appetite and everything agrees with me perfectly. To be in such good health after feeling miserable so long is certainly something to be thankful for and I cannot praise Tanlac too highly."

Tanlac is sold by all good druggists.

Radium Production Shown

Radium worth $20,000,000, but weighing only six ounces, has been produced in the last twenty-six years.

PAINS IN BACK AND SIDES

Relieved by Lydia E. Pinkham's Vegetable Compound

Lindsay, Ontario.—"I used to have very bad pains in my back and sides and often was not fit to do my work. I tried many medicines before I began to take yours. I saw Lydia E. Pinkham's Vegetable Compound advertised in the 'Toronto Globe' and now that it has helped me I recommend it to all of my neighbors. I keep it in the house all the time and take it once in a while no matter how well I feel, for one ounce of prevention is worth a pound of cure."—ELIZABETH CAMPBELL, 13 St. Paul St., Lindsay, Ontario.

To do any kind of work—and you know there is much to be done—is next to impossible if you are suffering from some form of female trouble. It may cause your back to ache or a pain in your side; it may make you nervous and irritable. You may be able to keep up and around, but you do not feel good.

Lydia E. Pinkham's Vegetable Compound is a medicine for women. It is especially adapted to relieve the cause of these troubles, and restore them to normal health.

Dr. Barnardo's Homes

26,889 Boys and Girls Have Been Sent to Canada

The fifty-sixth annual report of Dr. Barnardo's Homes records important addition to the "machinery of rescue" during 1921. These include the William Baker Technical School, Goldings, near Hertford, a new convalescent home for cases of surgical tuberculosis at Folkestone, a new base at Toronto for immigration work in Canada, and three new houses at the boys' garden city at Woodford Bridge.

The emigration of year is described as having been of mutual interest. "Canada has received 506 of our best boys and girls, bringing up the total of those whom we have sent to the Dominion to 26,880. But Australia has stepped into line as a competitor with Canada. An influential committee has been formed in Sydney. A new home has been purchased and presented to the Barnardo Institutions as an emigration centre, and our first official party sailed for Sydney in August. It was a small party of only forty-seven boys, but they were boys of the finest type. They have won golden opinions in the fifth continent, and every province is calling out for more of the same class. It is plain that in Australia the future of guaranteed emigrants such as our boys are is assured from a worldly point of view. Further parties will doubtless follow in the wake of the first. From 1886 to the end of 1921, 92,830 boys and girls entered the homes.

A Community Cow

Church in North Carolina Has Success With New Venture

Buying a cow and renting it at $1 a week to families in the congregation is how the Church by the Side of the Road in Greensboro, N.C., is attempting to provide fresh milk for those who are unable to keep cows of their own. It is a new venture in church economics, but is apparently working out satisfactorily for both church and congregation. The income from the one cow is to be applied, we are told, to the purchase of more cows. Eventually, and if the plan is continued, the Church by the Side of the Road will have a community herd.—Literary Digest.

Women and the Ministry

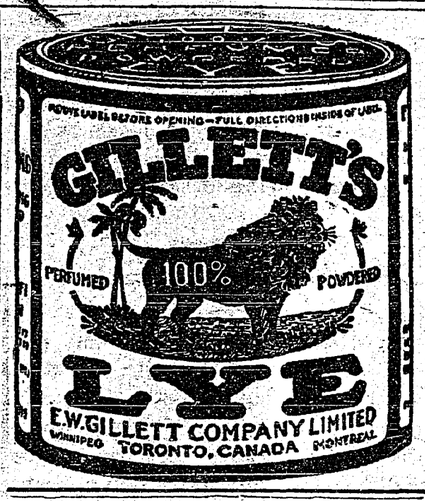
The discipline committee of the Methodist Church has reported against admitting women to the ministry, and, accordingly, is several years behind the legal and medical professions. Women will have to content themselves in future, as one bright Methodist woman writer has said, "in the humble task of paying off the church mortgages."—Calgary Albertan.

Minard's Liniment used by Physicians

A Diplomatic Doctor

Young Physician.—Is there any advice you can give me?

Elder Medic.—Yes; before prescribing find out your patient's business. My first patient was the golf champion of the town and I advised him to take up this game for recreation.—Judge.



Aeroplanes In Saskatchewan

Saskatchewan claims that her air pilots last year carried far more passengers and flew many more miles than those of any other province. During the year Saskatchewan fliers carried 3,622 passengers, 2,000 more than Manitoba the next highest, and 2,500 more than British Columbia. They flew 95,142 pilot miles as against 64,000 in Alberta, the next highest. An agitation is under way for the establishment in the province of a Government air station because of this record.

PANGS OF NEURALGIA

This Painful Trouble is Due to Poverty of the Blood

Neuralgia is one of the most painful maladies that afflicts humanity. The trouble is usually seated in the face or head, following the course of some nerve, but it attacks other parts of the body as well. It is characterized by acute pains, sometimes steady, at others spasmodic and darting. But whatever course it takes the pain is agonizing and almost unbearable. Medical authorities agree that neuralgia is due to poverty of the blood—that the nerves are actually being starved. It is further agreed that if the blood is purified and enriched the trouble will disappear. It is for this reason that Dr. Williams' Pink Pills have been so successful in treating neuralgia. They enrich the blood which feeds the staved, aching nerves and thus bring relief to the sufferer, whose general health is also improved. Proof of the value of these pills in cases of this kind is given by Mrs. M. Brown, R.R. No. 1, Warsaw, Ont., who says: "I have taken Dr. Williams' Pink Pills and can recommend them as being the best medicine I know of for neuralgia. Two years ago I had an attack of this trouble in the neck and shoulder. The repeated attacks of the pain were of such frightful intensity that my life was almost unbearable. I consulted two doctors and took their medicine, but without relief. I had taken Dr. Williams' Pink Pills years ago, when they helped me wonderfully, and I decided to try them again. Before I had taken more than a half dozen boxes the pain had disappeared, and I have since enjoyed the best of health, thanks to Dr. Williams' Pink Pills."

You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

The Foreign Trade

"I'm from Chicago, I manufacture Persian rugs."

"I'm from Chicago myself."

"What do you manufacture?"

"Turkish cigarettes."—Kansas City Journal.

A Privileged Character

Motorist Not Obliged to Possess Skill And Judgment

An automobile has no rails, no block signals, no time schedule to regulate speed. Except in the neighborhood of towns there is, for the most part, no authority that the driver fears. Yet a momentarily unsteady hand or careless eye may result in the death not only of the driver, but of the most careful wayfarer he encounters. The motorists, in brief, should possess many times the skill, judgment and stability of character required by the locomotive engineer; yet we permit anyone who can mount the driver's seat to inflict his incapacity upon the public.—New York Times.

IF STOMACH IS TROUBLING YOU

Instantly! End Indigestion or Stomach Misery with "Pape's Diapepsin"

As soon as you eat a tablet or two of "Pape's Diapepsin" your indigestion is gone! Heavy pain, heartburn, flatulence, gases, palpitation, or any misery from a sour, acid stomach ends. Correct your stomach and digestion for a few cents. Each package guaranteed by druggist.

Grain From Vancouver to Europe

The first Canadian grain booking made from Vancouver to Europe in 1921 was on October 28th. This year already 56,000 tons have been booked from the Pacific coast port to points in Europe.

Women and Asthma. Women are numbered among the sufferers from asthma by the countless thousands. In every climate they will be found, helpless in the grip of this relentless disease unless they have availed themselves of the proper remedy. Dr. J. D. Kellogg's Asthma Remedy has brought new hope and life to many such. Testimonials, sent entirely without solicitation, show the enormous benefit it has wrought among women everywhere.

To Make Stale Bread New

Do not throw away a stale loaf. By the following simple method it can be made quite appetising.

Take a clean cloth and soak it thoroughly in cold water.

Wipe the loaf with the damp cloth all over until the surface is well moistened

Make the oven properly hot, and place the wet loaf inside. In about ten minutes the loaf will be quite crisp and, some people consider, better than when it was new.

When the outside of the loaf is crisp to the touch, it is time to take it out of the oven.

Keep Minard's Liniment in the house

Considering the annoyances of life, a patient man or woman is entitled to a great deal of credit.

If Millers Worm Powders needed the support of testimonials they could be got from mothers who know the great virtue of this excellent medicine. But the powders will speak for themselves and in such a way that there can be no question of them. They act speedily and thoroughly, and the child to whom they are administered will show improvement from the first dose.

Aim Not Perfect

Waiter (to irate customer).—We aim to please.

Customer.—Then I'd advise a little target practice.—Washington and Lee Mink.

An Oil without Alcohol.—Some oils and many medicines have alcohol as a prominent ingredient. A judicious mingling of six essential oils compose Dr. Thomas' Eclectric Oil, and there is no alcohol in it, so that its effects are lasting.

The Better Plan

"Don't you think she should have her voice cultivated?"

"Yes, plowed under."

As a vermifuge an effective preparation is Mother Graves' Worm Exterminator, and it can be given to the most delicate child without fear of injury to the constitution.

Pekin's streets, unlike those of most Chinese cities, are wide and straight.

Ask for Minard's and take no other

OIL LIGHT BEATS ELECTRIC OR GAS

BURNS 94% AIR

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U.S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent. air and 6 per cent. common kerosene (coal-oil).

The inventor, T. V. Johnson, 579 McDermot Ave., Winnipeg, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make $250 to $500 per month.

Manitoba Market Gardens

What it is hoped will result in great encouragement to the market garden industry in Manitoba is the organization and registration of the Manitoba Vegetable Growers' Association with a capital of $100,000. The company will store and ship locally grown garden products offsetting the large wastage which occurs each year and the many sales at quite unremunerative prices.

CRESTON, B.C., FRIDAY, NOV. 8

Memorial Unveiling

In connection with the soldiers' memorial unveiling exercisies on Saturday, November 11th, the fact is emphasized that the granite pillar to be dedicated on this occasion is a Valley testimonial to those who fought and fell, and that at its unveiling every point in the Valley should be very fully represented.

This is particularly desired in connection with the school children who will figure in the musical exercises of the day, and for whom space is being reserved by the committee in charge.

While the occasion is one that merits the attention of young and old alike it is particularly desired that the children—and all of them—should gather on this occasion in the hope that the full significance of the occasion and the events and aspirations that produced the memorial may be forcefully impressed upon the young mind.

During unveiling proceedings opportunity will be given for the placing of wreaths at the base of the memorial. This feature will not be confined to organizations, but it is hoped that all individual citizens who are so inclined will make use of the opportunity for the always pleasing and fitting floral decoration of the pillar.

For the unveiling the committee have been particularly fortunate in securing Rev. J. S. Mahood to deliver the dedicatory address. He officiated in similar capacity in 1917 when the wooden pillar at the Bank of Commerce corner was unveiled, favoring with a most timely and fitting talk; that he will rise to the bigger occasion on Armistice Day may be taken for granted.

Also, being quite practical it can equally safely be said that should climatic conditions be none too favorable the occasion throughout will be tempered as to duration to the comfort of those who attend.

Quite complete details concerning the unveiling will be found elsewhere in this issue, and to avoid any disruption of the general arrangement for the affair it is hoped all interested will govern themselves as outlined by the published arrangements.

Everybody be on time, and the school children from outside districts a little early so there will be absolutely no confusion once proceedings get under way.

Is there any Meat in the House?

This is the first question that presents itself to the housewife if an unexpected visitor drops in for a meal. But why worry?

Shamrock Brand
Hams and Bacon

Wilds' Creek Road

While at Kitchener, possibly, there may be some criticism of the decision to proceed with the road diversion at Wynndel before making the needed improvements on the highway just beyond Goat River Crossing, particularly, it must be conceded that Engineer Ramsay has decided wisely in giving the Wilds Creek diversion the preference if climatic conditions alone are taken into account.

From present appearances the Valley is liable to have one of its oldtime winters and should this happen to be the case roadmaking at Wynndel can be proceeded with under almost ideal conditions—something that is not likely to be possible in the Kitchener area with its heavier snowfall and more rigorous weather.

Too, at Wynndel there should be considerable local labor available, as well as teams, and following on a none too prosperous season on the ranches the few thousand dollars that will be spent on payroll will be most acceptable all round, while for purely local traffic purposes Wynndel's new highway will serve a greater number of actual residents that would the work done further east.

The estimates for next year wil include sufficient to take care of both the Arrow Creek and Kitchener improvements, and with the grant coming forward this late in the season for Wilds Creek detour surely the best may be looked for next spring for an early start on work that should put the transcontinental nighway in such shape as will eliminate the frequent complaints of the poor roads from Yahk to Kuskanook.

The Land Sale

Eminently satisfactory in every detail is quite the unanimous verdict on the auction sale of government lands held here the latter part of October.

While it is true that the prices obtained were not anywhere near as high as those obtaining at the previous auction in 1908, nor were there as many parcels disposed of, what is of transcending importance is that the speculative element was entirely eliminated at this sale; that wanted land was available at a moderate price, and that almost without exception the buyer who could use the various tracts offered to best advantage was invariably the man who secured them—and generally at no advance on the upset price.

Everyone also is commending the lands department for the splendid treatment accorded the returned men who had squatted on some of the tracts offered for sale. In addition to providing that any purchaser should pay spot cash for the improvements that had been made, the Review has it on the best of authority that the minister of lands clipped $25 an acre at least off the original upset price fixed by appraiser Smith, who valued the lands offered for sale early this summer.

Mr. Smith's conduct of the sale, too, was all that the bidders could desire. In describing the condition of the various tracts he was invariably scrupulously careful to show them up in their true light, and this was particularly noticeable in his handling of those liable to overflow. There was no desire on his part to extract the big price; as soon as the upset figure was bid no time was lost in declaring the tract sold.

Buyers, too, were in a very friendly spirit, there being an entire absence almost of the sometime bidding against one another to make the fellow pay for any particular area he might desire.

By confining the advertising of the sale strictly to this locality the government surely lived up to its declared policy of land for the actual settler, permanently disposed of lands that will bring in $20,000 of revenue, and added at least that amount of assessable lands for both school and provincial taxation purposes.

Demands Old Remedies

The other day five boys out of good homes were brought up before the Toronto police court charged with housebreaking and wilful destruction of property. The oldest of the boys was ten years, the others ranged downwards to a child of six. They had made a forcible entrance into a house where a family was on holiday, and had deliberately smashed up everything within their reach—furniture, pictures, china, and whatever else was breakable, and after smearing the walls with jam, they had turned on a water-hose drenching everything from attic to cellar, and so damaging the property that part of it will require to be rebuilt.

In discussing the affair the Toronto Saturday Night asks the question, "What's the matter with our youth?" and expresses the view that what is the matter is too much "movies," too much "comic cuts" and too little of the disciplinary measures that used to be relied on to curb the aboriginal savage instincts of the human male.

Assuming that Saturday Night's remedy would be efficacious as affecting the youngsters Mayor Little (of Anglican upbringing) suggests that a much needed reformation might be worked on the adults if the clergy would revert back to the oldtime preaching of hellfire and damnation to induce folks to renounce the devil and all his works, the pomps and vanities of this wicked world and all the sinful lusts of the flesh, and to keep God's holy will and commandments and walk in the same the rest of their lives.

CRESTON MERCANTILE COMPANY LIMITED

Synopsis of Land Act Amendments

Minimum price of first-class land reduced to $5 an acre; second-class to $2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of $10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of $300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of $10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from for one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS.

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfilment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING.

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

Courage of Marge O'Doone

It begins on a transcontinental train snowbound on the edge of the Arctic, a scene that already summons a thrill. David Raine, a young man who has "lost himself," is running away from the misery and tragedy of a shattered romance.

Then comes thrill on thrill, adventure topping on adventure in that vast white arena of the frozen north that breaks the hearts and sinews of men. It is a smashing story of surprise and suspense, of primitive men, beautiful, courageous women, fierce huskies and malemutes, a thrilling fight between grizzly bears, a grueling battle between men for the possession of a woman, the flight with the girl, the last stand—and then a thundering climax beyond all anticipation.

A masterpiece of dramatic writing that has been turned into a masterpiece motion picture.

This is "The Courage of Marge O'Doone," the powerful story by James Oliver Curwood, which Vitagraph has made into a wonderful picture; a gem of the first water. It will be shown on Nov. 4th at the Grand Theatre.

Christmas in England

A visit to the Old Country is something that a great number of people are giving thought to at this season of the year, and many have already made plans to reach their friends in time for the Christmas and New Year Season.

Canadian Pacific Steamships are deservedly popular for this trip and to give extra special accommodation for those who are going overseas this season, the Canadian Pacific Railway has arranged for a special train to connect with the S.S. "Montcalm" sailing St. John, Tuesday, December 12th. Through tourist sleepers will be operated from Edmonton at 10 p.m. Thursday, December 7th and from Calgary at 1.35 a.m. Friday December 8th, making connection with this special train leaving Winnipeg 9.20 a.m. December 9th.

Special tourist sleepers from Calgary, Edmonton, via regular trains will also be operated in connection with the sailings from St. John of the S.S. "Montrose" on December 1st. S.S. "Victorion" December 7th. S.S. "Melita" December 9th. S.S. "Metagama" December 15th.

All these tourist sleepers run right to the ship's side no changes, no inconvenience. They are the gang plank to the steamer.

Loyal Orange Lodge, No. 2095

Meets THIRD THURSDAY of each month at Mercantile Hall. Visiting brethren cordially invited.

H. R. TOWNSEND,
Provincial Collector.

Dated at Nelson, B. C. this 7th day of October, 1922.

As fresh and sweet as the morning breezes from the mountains and the plains.

RED ROSE TEA "is good tea" 16

Bovril makes you feel splendid

A Bright Outlook

National pride and confidence in Canada should be cultivated by every Canadian citizen whether native-born or Canadian by adoption. There is every reason why Canadians should be proud of and have confidence in their country, and those reasons are never more evident than during the period which has elapsed since the war, and as time passes they are becoming clearer and stronger.

Few countries, if indeed any, quite so successfully navigated the first two or three years after the Armistice. Canada had its financial worries, its industrial depression, its strikes, but these were in every respect less severe than in other countries. In fact, but for several years of repeated crop failures over considerable areas of the prairie provinces, which intensified the financial problem and because of reduced buying power operated to increase unemploymnt and thereby encouraged a feeling of unrest, it is doubtful if Canada's industrial depression and labor unrest would have been very noticeable. The Dominion, however, passed through the first and most difficult years of the after-the-war reconstruction period with ease, when compared with other countries.

Conditions in Canada are now steadily improving, and our position both nationally and individually is full of promise. Striking proof of the growing confidence of Canadians in their own Dominion was shown in connection with the recent Conversion Loan of the Federal Government when present holders of maturing Victory Bonds took advantage of the offer to exchange the same for a new issue so generally that practically the full amount was thus provided for and the Minister of Finance will not be obliged to rely upon foreign capital. Canadians have thus demonstrated that, not only were they willing to purchase their country's securities to win the war, but they are just as willing to buy such securities in time of peace.

Of all national currencies which went to a heavy discount in the United States during and immediately following the war, the Canadian dollar was the first to recover and get back to par.

The trade of Canada is steadily expanding, and doing so in the most healthy fashion. That is to say, the marked increase in the total trade of the Dominion being noted from time to time consists almost entirely of an increase in export trade. Imports are remaining stationary or slightly decreasing, thus showing that the Dominion is becoming more and more self contained and reliant, while its credit rises throughout the world. More and more Canada is attracting capital and drawing gold from other lands, while at the same time we are obliged to send less money out of the country to meet international obligations.

A wonderful impetus to this movement will undoubtedly result from this year's bumper crop in the West—the largest, it is now said, in the history of the Prairies, and even greater in volume than the record breaking crop of 1915.

The deficit in the operation of the National Railways is steadily decreasing, and while it may take some years yet to place that great system in a position where it will be able to pay all its fixed charges, the day is approaching when it will more than earn its operating expenses and leave a small surplus to apply on capital charges. There is a growing feeling of optimism regarding the road's future.

Building operations throughout the Dominion this year have reached a total only comparable with some of the best pre-war years, and in all lines of industrial activity there is a marked increase in business and a consequent lessening of unemployment. In fact, the report from some of the Western labor bureaus is now to the effect that there are more jobs offring than there are applicants for them.

Debt liquidation is proceeding apace and a stronger, healthier financial situation steadily developing. There is nothing in the nature of a boom in evidence, and certainly no one having the best interests of the Dominion at heart desires to see anything of that nature develop. There is, however, a sane, substantial betterment taking place, and all indications point to a continuance of this throughout the coming year.

Apart from its debt paying possibilities, the chief value of the 1922 Western crop is in the restoration of confidence among thousands of people who, it must frankly be admitted, were becoming somewhat discouraged. While the bountiful yields this year are an exception to the rule, they have also demonstrated that the very lean years recently experienced are also an exception. More normal times are ahead, and with renewed confidence the Canadian people can will, their usual average ability and energy build a prosperous future for themselves and their country.

Selling Royal British Yacht

Purchaser Must Not Be of Ex-Enemy Nationality

The royal yacht, Alexandra, the favorite boat of King Edward VII, costs the British Government $125,000 a year to maintain. Hence she is soon to be offered for sale. King George has another yacht, the Victoria and Albert, which will be retained.

Virtually all the luxurious fittings on board the Alexandra will be included in the sale, which is to be without restriction except that the purchaser be not of ex-enemy nationality.

The Oil of Power.—It is not claimed for Dr. Thomas' Eclectric Oil that it will remedy every ill, but its uses are so various that it may be looked upon as a general pain killer. It has achieved that greatness for itself and its excellence is known to all who have tested its virtues and learned by experience.

Turkish Settlement Pleases Moslems

It is understood that telegrams received in official quarters in London, indicate that an excellent effect has been produced on Moslem feeling among the Mohammedans in India, Persia and Afghanistan, as a result of the Near Eastern agreement.

WORLD HAPPENINGS BRIEFLY TOLD

The Orient liner Ophir, 7,000 tons, in which the King, then Prince of Wales, made his Empire tour in 1901, has been towed from the Clyde to be broken up at Troon, Ayrshire.

The Department of Trade and Commerce is planning to open an exhibition and sales room in Shanghai, China, in the interests of Canadian manufacturers and exporters.

The police have discovered in caverns inside the estate of the Duke of Aroldi, Palermo, Sicily, a gang of forgers who had printed more than a million bank notes, including U.S. dollars.

For driving to the common danger and not having an effective silencer on his motor-car, Victor Robert Dill, a visitor from London to the Isle of Wight, was fined £20 and his license suspended for six months.

Republicans seized a steamer off Westport, in the County of Mayo, Ireland, and forced the crew to take the vessel to Newport, of the same county, a point held by the Republicans. There they unloaded 400 tons of flour and then allowed the ship to proceed to Liverpool.

Cheques of £20 each were presented at Bow Street Police Court recently to Police Constables Marsh, Savers (who was on crutches owing to a bullet wound), Bush and Duff, who arrested the two men who murdered Field-Marshal Sir Henry Wilson outside his home last summer.

Manslaughter In 2nd Degree

Using a razor—bad stuff—but many people do it for their corns. The only remedy that is painless and sure is Putnam's Corn Extractor, which does remove warts and corns, cleans them right off. Refuse a substitute for "Putnam's," 25c everywhere.

A grouch is just liver complaint made vocal.

WORDS OF PRAISE FOR BABY'S OWN TABLETS

No medicine receives such great praise from thankful mothers as do Baby's Own Tablets. Once a mother has used them for her little ones she will use nothing else. The Tablets are a mild but thorough laxative. They regulate the bowels and stomach; drive out constipation and indigestion; relieve colds and simple fevers; promote healthful sleep and make teething easy. Concerning them Mrs. Omer LeBleu, Maddington Falls, Que., writes:—"I am well satisfied with Baby's Own Tablets and will always use them for my little ones." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Japanese Eat Octopuses

The octopus is highly valued in Japan as an article of food.

SMOKE OLD CHUM
The Tobacco of Quality
½ LB. TINS and in packages

Estimates Canadian Wheat Yield

Canada's official estimate of wheat production for 1922, issued by the Dominion Bureau of Statistics and based on conditions at the end of August, was 388,773,000 bushels, as against 300,858,100 bushels last year. Subsequent estimates, it is believed, will tend to increase these figure considerably, as conditions in the wheat growing areas subsequent to Sept. 1 were very favorable to heavier yields.

Dye Old Skirt Coat, Dress In —Diamond Dyes

Each package of "Diamond Dyes" contains directions so simple any woman can dye or tint her worn, shabby dresses, skirts, waists, coats, stockings, sweaters, coverings, draperies, hangings, everything, even if she has never dyed before. Buy "Diamond Dyes"—no other kind—then perfect home dyeing is sure because Diamond Dyes are guaranteed not to spot, fade, streak, or run. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton or mixed goods.

He Would Answer

Farmer.—Are you going to be here long, sir?

Painter (who is sketching in the farmer's field).—Why do you ask?

Farmer.—Because, if you are, I won't trouble to set up my scarecrow today.—London Opinion.

Advice

Salesman.—Pardon me, sir, I have an attachment for your typewriter.

Manager.—Well, don't bother her during working hours.—Notre Dame Juggler.

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and assisting Nature in restoring normal conditions.

All Druggists. Circulars free.
F. J. Cheney & Co., Toledo, Ohio.

German engineers have estimated that the rivers and lakes of Southern Bavaria could be made to produce 200,000 hydro-electric horsepower.

No one need endure the agony of corns with Holloway's Corn Remover at hand to remove them.

It is easy enough to make a noise in this world; getting an encore is the hard part.

For Fascinating Eyes make the use of Murine a daily habit. This refreshing eye lotion soon makes eyes clear, radiant, beautiful! Harmless. Enjoyable. Sold by all druggists.
MURINE FOR YOUR EYES

Are you enjoying a harvest of health?

IN THE plump kernels of wheat and barley Nature plants the seeds of human energy, which man himself must utilize in order to enjoy a harvest of health.

These nutritious grains are carefully selected and scientifically converted into crisp, delicious Grape-Nuts, which provides the nutritive and mineral elements that Nature intended for the use of man.

The 20-hour baking process partially pre-digests the starch and makes Grape-Nuts a rich and delicious food which digests easily and assimilates quickly.

Try a dish of crisp and crunchy Grape-Nuts with good rich milk for breakfast or lunch. Grape-Nuts also makes delicious pudding for your dinner. It is wonderfully sustaining and satisfying these brisk November days.

Grape-Nuts FOR HEALTH "There's a Reason"

Made by Canadian Postum Cereal Co., Ltd., 45 Front St., E., Toronto. Factory: Windsor, Ont.

Claims Action Of The Government Was Beneficial To Millers

Toronto.—The Federal Government would not be justified in obtaining the complete satisfaction of one group at the price of causing unrest and discontent in the western provinces, declared Hon. Thamos A. Law, Federal minister without portfolio, in addressing the Dominion Millers' Association, at their annual banquet. He was defending the Government's action in endorsing the Wheat Board last summer—a measure opposed by the millers as a whole.

The action of the Government was really beneficial to the millers, for it was decidedly to the advantage of the members of Canada's greatest industry that the large group of men producing their raw materials should be contented and confident, he said. The good faith of the Government in its desire to guarantee the millers protection also was evidenced by the fact that to the minister of trade and commerce, himself a miller, was entrusted this legislation, and by the further fact that the flour and milling interests were exempted from certain clauses which might have been judicial.

Preparing For Postal Conference

Canada and United States Will Discuss Many Subjects

Ottawa.—Subjects for the forthcoming postal conference between Canada and the United States will probably include: Limit of weight of merchandise between Canada and the United States; rate on merchandise passing by post between the two countries; insurance of parcels; special delivery service; co-operation between railway post offices in Canada and the United States; money order services; customs declarations; rates on prints, sample, and commercial papers; address of sender on parcel mail between the two countries; exchange of mails between Windsor and Detroit, with perhaps a joint arrangement for conveyance of mails both ways; transit of United States mails through Canada; reciprocal exchange of postal equipment between Canada and the United States, and direct correspondence between postmasters in Canada and the United States.

Cancer Cure Claim

Montreal.—Gordon Benson, a local analytical chemist, claims he has discovered a cure for cancer. His methods are now under observation at one of the leading hospitals.

What Men Admire Most in Women is Perfect Health —the Sign of Strength

Barrie, Ont.—"I was suffering from a rundown system some time ago, was unfit to perform my daily duties, and was advised to try Dr. Pierce's Favorite Prescription. I tried it, took two bottles, and was restored to my natural strength. I cannot praise Dr. Pierce's medicine too highly and will be willing to write to any one sending a stamped envelope."—Mrs. A. H. Bishop, R. R. No. 1.

Mothers, Advice for You!

London, Ont.—"I wish I could tell all the women in the world who suffer with woman's trouble, what a wonderful medicine Dr. Pierce's Favorite Prescription is. My earliest experience with it was during my first expectancy. I became dropsical and my people were quite alarmed about my condition. The doctor's medicine did not seem to reach my trouble at all so my husband urged me to try Dr. Pierce's Favorite Prescription, and to please him I did. Before I had finished the second bottle the distress and dropsy left me and I felt in absolutely perfect health. I had no further trouble from that time on. I afterwards took Favorite Prescription whenever in a nervous rundown condition and it always strengthened and built me up."—Mrs. Lily Stoddart, 438 Ontario St.

At all drug stores, or send 10c to Dr. Pierce's Laboratory, in Bridgeburg, Ont., for trial pkg. tablets.

MANY CHILDREN SICK, HOW TO TREAT THEM

The kiddies will get their feet wet, catch cold, get croup and give their mothers lots of trouble. With the first cough or sneeze, rub the little one's chest with Nerviline, rub it on plentifully, it can't harm. Then make a gargle with Nerviline and water, and have the child gargle for five minutes. Just at bed time, give the child ten drops of Nerviline in hot sweetened water. The result is fine, and next morning child is better. Nerviline is a great protection in the home. Large 35c bottles at all dealers.

Farmers to Discuss Group Insurance

Winnipeg.—The annual district conventions of the United Farmers of Maritoba will discuss group life insurance for farmers, according to an announcement made here by W. R. Wood, Secretary. The proposals of the provincial board will be sent out to all locals in the course of the next two weeks, but are not yet fully developed.

MOTHER!

Open Child's Bowels with "California Fig Syrup"

Even the sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, give a teaspoonful to cleanse the liver and bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste out of the bowels, and you have a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

GREEK REFUGEES IN PANIC

FEARFUL LEST TURKS WILL ARRIVE BEFORE THEY CAN LEAVE THRACE

Rodosto, Thrace.—This town has become a jumping-off place in the Greek evacuation of Eastern Thrace. Twenty-eight thousand panic-stricken refugees are gathered here, all dominated by the same fear of the Turk that swayed the refugee crowds in Smyrna three weeks ago.

Everybody believes the Turks are almost at the door and nothing can reassure them. The general belief is that the Kemalists will arrive simultaneously with the British troops of occupation and every refugee expects to put a long stretch of water between himself and Rodosto before that event.

The whole town and all its extra populace have abandoned any pretence of performing normal duties and have gathered along the beaches awaiting nervously for the ships which do not come.

A body of peasants with about 1,000 farm wagons left recently for a railway station 20 miles to the north on a rumor that the trains would await them there, but the long procession, bedraggled by the rain returned, having been turned back by the military, who told them they must be avacuated by the sea.

All the shops, even the bakeries, are closed and their owners are with the crowds around the narrow plank quays. The Government has discontinued its bread ration. Mayor Magarites and most of the other civil officials left recently.

WESTERN EDITORS

"Cascarets" 10c

For Sluggish Liver or Constipated Bowels

Clean your bowels! Feel fine! When you feel sick, dizzy, upset, when your head is dull or aching, or your stomach is sour or gassy, just take one or two Cascarets to relieve constipation. No griping—nicest laxative-cathartic on earth for grown-ups and children. 10c a box. Taste like candy.

Jail Breakers Captured

House Surrounded and Men Taken Without Trouble

Los Angeles.—Herbert Wilson, former evangelist, mail bandit and convicted murderer, and Guido Spignola, convicted robber, who broke jail, were recaptured after 24 hours' liberty.

They were taken without a struggle in a home of a former convict.

The men were taken in a house not far from where the automobile which they had stolen was abandoned.

DIARRHOEA IS DANGEROUS To Teething Babies DURING HOT WEATHER

Hot weather is a dangerous time for the babies when cutting their teeth, and all mothers should watch very closely for any sign of diarrhoea, dysentry, cholera infantum or any other bowel trouble.

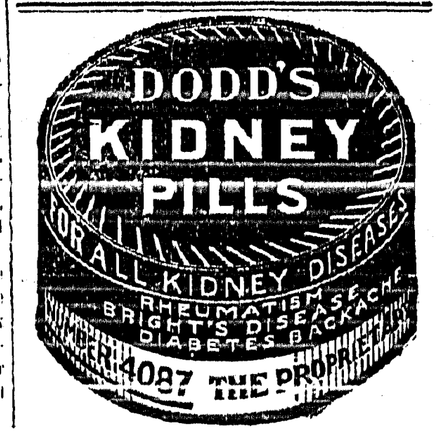
There is no remedy so safe and effectual for diarrhoea as Dr. Fowler's Extract of Wild Strawberry, and all mothers who have used it speak of it with the greatest of confidence.

Mrs. James E. Green, Vermilion, Alta., writes under date of Aug. 18th, 1921, as follows:—"A week ago my baby boy, just one year and four months old, started cutting two stomach teeth, and was so sick he couldn't eat or sleep, and had the diarrhoea most terribly bad; his rectum was raw and bleeding, but after giving him Dr. Fowler's Extract of Wild Strawberry regularly for three days he was as well as any boy could be. I wouldn't be without your grand remedy for untold gold."

"Dr. Fowler's" is for sale at all dealers; price, 50c a bottle; put up by The T. Milburn Co., Limited, Toronto, Ont.

Jailed For Speeding

Fresno, Cal.—Ralph de Palma, automobile race pilot, was sentenced to ten days in jail and fined $100 by a justice in Chowchilla, Maderia County, when de Palma pleaded guilty to a charge of speeding. Officers declared de Palma was travelling at 70 miles an hour.



Will Assist Farmers In Drought Areas To Secure Other Locations

Edmonton, Alta.—Hon. Charles Stewart, Minister of the Interior, called on Premier Greenfield in connection with a proposal for granting extra homesteads to those farmers who have been unable, on account of continued drought conditions, or other reasons for which they are not themselves responsible, to make good.

Legislation to this effect will be brought before the Dominion House at the next session, states Mr. Stewart, and in case it is decided to grant the extra homesteads, the provincial authorities will be given the responsibility of stating who should be given the opportunity of moving. This would mean that on the recommendation of the Provincial Government, farmers would be given an opportunity to leave their present homesteads in the south and file on others in the north. There has been a definite effort on the part of the provincial authorities, with the assistance of the Dominion and railway officials, to assist these farmers in the drought area to get on lands in the north, where they can make a living. As it is, they have lost all interest in their farms, owe machinery and loan companies, and in many cases are moving off and leaving the country. It is felt by the Dominion Government that this exodus could be stopped by giving further option to file on homesteads, and thus keep in the country good farmers and men accustomed to conditions. There are a great many farmers of the south who are anxious to move and start again in a better locality, or at least, where weather conditions are not so uncertain.

NEW HOG GRADING RULES

ANNOUNCEMENT IS MADE BY HON. W. R. MOTHERWELL

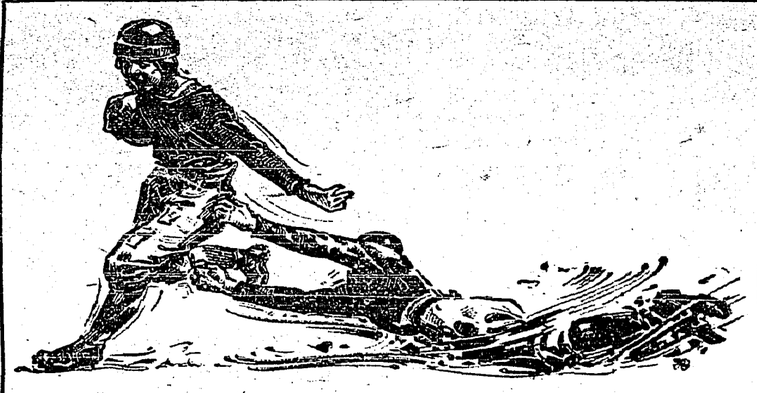
Ottawa.—Hon. W. R. Motherwell, Minister of Agriculture, announces that the hog raising regulations will be made effective on October 30. The regulations under which the official grading of hogs will be undertaken have been approved as submitted, after final agreement by all interests represented by the Joint Swine Committee. In the interval between now and the date when the new rgulations beome effective, the new hog grading staff is being given a thorough course of instruction at the Toronto stockyards, so that the official grading regulations as established will be uniformally applied at all stockyards and abattoirs in Canada.

Starts blood circulating

Sloan's draws new fresh blood to the aching part—scatters congestion and thus relieves the pain. Stop suffering, apply Sloan's!

Sloan's soothes strained muscles. Relieves aching backs. Stops neuralgia, checks colds in chest. Good wherever congestion causes pain. Keep it handy. *Made in Canada*

Sloan's Liniment-kills pain!



Help You Run the Ball

Next Bevan's Garage

Members of Creston G.W.V.A. are arranging to handle the usual sale of poppies a few days prior to Armistice Day.

The November meeting of the Presbyterian Ladies' Aid will be held at the home of Mrs. Watcher, at 3 p.m., Wednesday, Nov 8th.

Presbyterian Ladies' Aid are having their usual Thanksgiving supper in Speers' Hall this evening, from 6 to 8 o'clock. Tickets are 50c.

FOR SALE—Grade milch cow and heifer calf, $60. Also 18 Plymouth Rock hens, good strain, $1 each. J. S. Hamilton, Creston.

The scarcity of strictly fresh eggs still continues, add in consequence the price of this class of hen fruit has advanced to 50 cents a dozen.

Mr. Clark of Haney is expected to be Creston's new C.P.R. station agent, and should be along any day now to take over his new position.

COWS FOR SALE—Young cows, two and three years old, all have just freshened, will be sold with or without calves, $50 and up. Mrs. J. B. Rudd Wynndel.

Pete Marantette, who has been operating the barber shop in the Hatfield stand for the past year, has gone to Kitchener, where he has opened up in the same line.

WINTER VEGETABLES—Carrots, $2 sack; Turnips, $1.50 sack; Cabbage, $3 per 100 lbs.; Parsnips, $3 per 100 lbs.; Celery, 5c. Phone or call. F. B. Pearce, Creston.

Monday is Thanksgiving Day and all stores in town will be closed, while the general delivery wicket at the postoffice will be open only from 5 to 6 in the afternoon.

Miss Selma Anderson, who has just completed a commercial course at Nelson bsiuness college, joined the staff of Creston Mercantile this week, succeeding Miss Ethel Huscroft.

The snowfall of the morning previous made the getting about a bit disagreeable on Tuesday night, and in consequence hallowe'en passed off rather quieter than usual.

A. L Cameron, who is undergoing medical ereatment at Cranbrook was home for the week-end, returning on Monday, his general health showing considerable improvement.

BARBER SHOP—I have taken over the barber shop in the Auditorium hall. Up to the minute hair cutting, pomps a specialty. Let the kiddies come. Dick Randall, barber.

A public meeting of all ratepayers is called for Thursday night Nov. 10th, at 8 o'clock in Speers' Hall, at which taxation matters will be the feature of the discussions. The meeting is under the auspices of the Ratepayers Association.

A party of C.P.R. officials went through on Thursday last travelling in a Ford car that was equipped to run on the steel rails, and on the straight stretches of tract would easily negotiate 20 miles an hour.

Dick Randall of Blairmore has this week taken over the Auditorium barber shop, and is expecting Mrs. Randall to join him here this week. For the present they will occupy the apartments over Mawson Bros. store.

The first snow of the season arrived on Tuesday morning. It was of the wet variety, and had all disappeared long before noon. Considerable more moisture is required to put the orchards into winter quarters in ideal shape.

C. B. Garland is now occupying his new residence which he this season erected on the land acquired by him in the Edmondson subdivision some months ago. The house is an attractive six-room structure, with an ideal location.

J. D. Moore of Kaslo, the provincial road superintendent, was here on Tuesday. Work is in full swing on the road diversion at Wilds Creek, Wynndel, and the contractors are hoping to have the whole job complete by the end of December.

Word reached here this week that former C.P.R. agent, A. R. Swanson, is now working as despatcher at Ruby Creek, about 75 miles east of Vancouver on the main line, with a train connection that enables him to get home and back again very comfortably.

The Women's Institute are giving their usual Armistice celebration whist and dance in the Parish Hall on Friday, Nov. 10th, with cards to start at 8 p.m. prompt The admission is 75 cents, but members bringing refreshments will be admitted for 50c.

Ticket 1237, held by one of our Austrian citizens, was the lucky pasteboard on the Singer sewing machine raffled by the fall fair directors, and which was drawn for on Saturday night at Norris' bakery. The raffle will net the fall fair treasury about $125.

Anton E. Lovestrom and Miss Leona D. Pendry were married by Rev. J. A. James at the Presbyterian manse on Wednesday afternoon, and will for the present make their home in Creston. The bride is the daughter of Mr. and Mrs. J. W. Pendry of West Creston.

J. W. Smith, the lands department appraiser, who had charge of the government auction of lands last week, left for the coast on Friday. Between the areas sold by auction and by private sale up to the time Mr. Smith left, the proceeds of the sale totalled almost $20,000.

A rock road is this week being put down from Canyon street to the new Union warehouse, the Union furnishing the raw material for construction, with the government suppiying the finishing materials and supplying the truck for hauling and the steam roller, with foreman Davies supervising the job.

The silver tea, sale of sewing and fortune telling features of the Junior Guild of Christ Church tea in the Parish Hall on Saturday afternoon accounted for a total intake of $23. This will be used for the purchase of materials to make into articles to be sold at a bazaar sometime before Christmas.

Unpropitious weather kept down the attendance at the Ladies' Guild dance at the Bluebird tea room on hallowe'en. The floor was in fine shape and splendid music was provided Miss Phyllis Small, piano, and Alex. Lidgate, drums, while the Guild served their usual excellent line of refreshments during the evening.

R. B. Staples contributed 25 boxes of Snow and Delicious apples to a lot of 250 boxes that were sold in tag day fashion by the Rotary Club at Calgary on Saturday, to raise funds to purchase Christmas cheer for the needy families in that city this yuletide. Various points in the Okanagan supplied the balance of the fruit.

The public school children are being rehearsed in the musical numbers to be rendered at the memorial unveiling on Saturday, Nov. 11th, and the singing of all the numbers promises to be one of the features of the occasion. Scholars from outside schools are being invited to attend and if the weather is right there should be at least 300 children taking part in the day's exercises.

At the meeting of the fall fair directors last Tuesday night the protest in connection with the judge's decision in awarding the cup for the vegetable collection was disposed of by the award being sustained. The directors are also forwarding F. B. Turner a letter conveying the board's thanks for services so well and cheerfully rendered in connection with this year's exhibition.

At a well-attended meeting of those interested in indoor sports on Tuesday night the Creston Basketball Club was organized, with the following officers: President, Father Bessette; secretary-treasurer, A. Spencer; executive, Messrs. W. Long, Argue and Siddons. The club starts with a membership of fifteen, and permission has been secured to use the main building on the fair grounds in which to play. Baskets, balls and other equipment has been ordered and play will start on its arrival as the building is now being put in shape for the season.

Provincial police McLaren made a quick job of getting the evidence and securing a conviction on J. Langlois having liquor in his possesion in contravention of the Liquor Act. Mr. Langlois conducts a soft drink store at Kitchener and on Monday he was favored with an official visit the officer discovering six dozen bottles of beer four bottles of rye whiskey and two bottles of gin. On Monday eveving Magistrate Mallandaine imposed a fine of $100 and costs, cancelled Langlois' buying permit and confiscated the entire stock of wet goods.

Although no direct word has been received at the Fruit Growers Union office, despatches appearing in the daily press would indicate that Creston has not carried off many of the honors at the Imperial fruit show at London, England, this week. Telegraphic advices to the papers indicate that a Quebec grower took both first and second in the dessert apple class in the British Empire section, as well as second on culinary apples, while in the Overseas section Ontario is claiming every one of the fifteen firsts awarded, as well as nine seconds and one third.

Messrs. Adlard and Littlejohn of the Arrow Creek irrigation project had an interview with Mr. Cleveland, comptroller of water rights, who passed through here westbound about the middle of October—meeting him at Cranbrook and discussing the matter all the way to Creston. As a result the department now has a much better understanding of the necessity of the project being proceeded with, and this week the interview is followed up by a strong letter to the minister of lands urging that at least consent be given for the engaging of an independent engineer to make a final report on the exact cost of the undertaking.
